

Northeastern University

Undergraduate Catalog 2019-2020

Full-Time Day Programs

Table of Contents

Undergraduate	11	Student Right-to-Know Act	40
Admission	12	Leaves of Absence and University Withdrawal	40
Admission Policy and Entrance Requirements	12	University Academics	42
University Honors Program	15	NUpath	42
Specialized Entry Programs	15	Requirements	42
Merit Scholarships	16	Learning Goals	43
Information for Entering Students	18	Writing-Intensive Courses	45
Student Orientation	18	Additional Requirements for BA Students	45
Orientation for International Students	18	University-Wide Requirements	46
Information for International Students	18	Living and Learning Communities	46
Parent/Family Programs	19	Experiential Learning	46
Residential Life	19	Cooperative Education	46
Health Requirements—University Health and Counseling Services (UHCS)	20	Research and Creative Activity	47
English-Language Testing	20	Service-Learning	47
Accommodations for Students with Disabilities	20	Global Experience	48
We Care	20	World Languages Center	49
Information Technology Services	20	University Honors Program	49
Public Safety	21	Northeastern Explore Program	49
College Expenses	23	Premedical and Other Preprofessional Health Career Preparation	50
Financial Aid	23	Prelaw Preparation	50
Bill Payment	23	Education	50
Financing Options	25	Teaching, MAT PlusOne Program	51
Tuition, Room, Board, and Fees Per Semester	25	Army, Air Force, and Navy Reserve Officers' Training Corps (ROTC) Programs	51
Academic Policies and Procedures	29	General Studies Program	52
Academic Integrity Policy	29	About Sample Curricula	52
Accommodations for Students with Disabilities	29	Undergraduate Degrees	53
Attendance Requirements	29	Undergraduate Internships	53
Student Evaluation of Courses (TRACE)	30	College of Arts, Media and Design	54
Registration and Taking Courses	30	School of Architecture	54
Student Records, Transcripts, and Related Policies	32	Architecture, BS	55
Final Examinations and Related Policies on Other Exams and Final Term Papers/Projects	35	Architectural Studies, BS	57
Course Credit Guidelines	35	Landscape Architecture, BLA	59
Academic Honors	35	Architecture and English, BS	60
Academic Progression Standards	36	Architecture and Graphic and Information Design, BS	62
Graduation Requirements	37	Civil Engineering and Architectural Studies, BSCE	64
Degrees, Majors, and Minors	37	Environmental Engineering and Landscape Architecture, BSEnvE	66
Personal Information	39	Environmental Science and Landscape Architecture, BS	69
Family Educational Rights and Privacy Act (FERPA)	39	Architectural and Urban History, Minor	71

Architectural Science and Systems, Minor	71	Communication Studies and Sociology, BA	131
Urban Landscape Studies, Minor	71	Communication Studies and Theatre, BA	134
Art + Design	72	Computer Science and Communication Studies, BS	136
Art, BA	73	English and Communication Studies, BA	138
Design, BFA	76	Human Services and Communication Studies, BA	140
Game Design, BFA	79	Linguistics and Communication Studies, BA	142
Media Arts, BFA	80	Media Arts and Communication Studies, BA	110
Studio Art, BFA	85	Media and Screen Studies and English, BA	146
Architecture and Graphic and Information Design, BS	62	Media and Screen Studies and History, BA	148
Business Administration and Design, BS	87	Media and Screen Studies and Journalism, BA	150
Computer Science and Design, BS	89	Media and Screen Studies and Media Arts, BA	108
Computer Science and Game Development, BS	92	Media and Screen Studies and Philosophy, BA	154
Computer Science and Media Arts, BS	94	Media and Screen Studies and Political Science, BA	155
Communication Studies and Graphic and Information Design, BA	96	Media and Screen Studies and Sociology, BA	157
English and Graphic and Information Design, BA	99	Media and Screen Studies and Theatre, BA	159
Game Art and Animation, BFA	101	Media and Screen Studies and Theatre, BS	161
Game Design and Music with concentration in Music Technology, BS	103	Music and Communication Studies with Concentration in Music Industry, BS	162
Graphic and Information Design and Mathematics, BS	104	Political Science and Communication Studies, BA	165
Journalism and Interaction Design, BS	106	Political Science and Communication Studies, BS	167
Media and Screen Studies and Media Arts, BA	108	Argumentation and Law, Minor	169
Media Arts and Communication Studies, BA	110	Cinema Studies, Minor	169
Theatre and Interaction Design, BA	112	Communication Studies, Minor	170
Theatre and Interaction Design, BS	113	Digital Communications, Minor	170
Animation, Minor	114	Film Production, Minor	170
Art, Minor	115	Human Communication, Minor	171
Art History, Minor	116	Media Screen Studies, Minor	171
Experience Design, Minor	116	Media Production, Minor	171
Game Art, Minor	116	Oratory and Public Speaking, Minor	172
Game Design, Minor	117	Political Communication, Minor	172
Graphic and Information Design, Minor	117	Professional Presentation, Minor	172
Interaction Design, Minor	118	Rhetoric, Minor	173
Photography, Minor	118	Social Activism, Minor	173
Photojournalism, Minor	119	Sports, Media, Communication, Minor	174
Video Arts, Minor	119	School of Journalism	174
Communication Studies	120	Journalism, BA	174
Communication Studies, BA	121	Journalism and English, BA	176
Media and Screen Studies, BA	123	Journalism and Political Science, BA	178
Business Administration and Communication Studies, BS	125	Media and Screen Studies and Journalism, BA	150
Communication Studies and Graphic and Information Design, BA	96	Computer Science and Journalism, BS	182
Communication Studies and Media and Screen Studies, BA	129	Criminal Justice and Journalism, BS	184
		Data Science and Journalism, BS	186
		Journalism and Interaction Design, BS	106

Journalism Practice, Minor	190	Professional Presentation, Minor	172
Journalism Studies, Minor	191	Theatrical Design, Minor	238
Photojournalism, Minor	119	Theatre, Performance, and Social Change, Minor	239
Sports, Media, Communication, Minor	174	D'Amore-McKim School of Business	240
Music	191	Bachelor of Science in Business Administration, BSBA	241
Music, BA	193	Bachelor of Science in International Business, BSIB	243
Music with Concentration in Music Industry, BS	195	Business Administration Combined Majors	244
Music with Concentration in Music Technology, BS	198	Business Administration and Communication Studies, BS	125
Computer Science and Music with Concentration in Music Technology, BS	201	Business Administration and Design, BS	87
Electrical Engineering and Music with concentration in Music Technology, BSEE	203	Business Administration and Psychology, BS	248
Game Design and Music with concentration in Music Technology, BS	103	Computer Science and Business Administration, BS	251
Music and Communication Studies with Concentration in Music Industry, BS	162	Cybersecurity and Business Administration, BS	255
Physics and Music with Concentration in Music Technology, BS	209	Data Science and Business Administration, BS	259
Ethnomusicology, Minor	211	Economics and Business Administration, BS	262
Music, Minor	212	Health Science and Business Administration, BS	265
Music Composition, Minor	212	Mathematics and Business Administration, BS	268
Music Industry, Minor	213	Political Science and Business Administration, BS	271
Music Performance, Minor	213	Concentrations	275
Music Recording, Minor	214	Accounting	275
Music Technology, Minor	214	Business/Interdisciplinary	275
Musical Theatre, Minor	215	Entrepreneurship and Innovation	276
Performing Arts Administration, Minor	215	Finance	276
Songwriting, Minor	216	Healthcare Management and Consulting	277
Theatre	216	International Business	278
Theatre, BA	217	Management	278
Theatre, BS	220	Management Information Systems	278
American Sign Language and Theatre, BS	223	Marketing	279
Communication Studies and Theatre, BA	134	Marketing Analytics	280
Cultural Anthropology and Theatre, BA	226	Supply Chain Management	280
English and Theatre, BA	227	Minors	280
Media and Screen Studies and Theatre, BA	159	Business Administration, Minor	280
Media and Screen Studies and Theatre, BS	161	Business Analytics, Minor	281
Theatre and Interaction Design, BA	112	Consulting, Minor	281
Theatre and Interaction Design, BS	113	Emerging Markets, Minor	282
Theatre, Minor	235	Entrepreneurship, Minor	282
Global Fashion Studies, Minor	236	Global Social Entrepreneurship, Minor	283
Musical Theatre, Minor	215	Leadership and Human Capital, Minor	284
Playwriting, Minor	237	Marketing Analytics, Minor	284
Performing Arts Administration, Minor	215	Marketing, Minor	284
		Strategy, Minor	285
		Sustainable Business Practices, Minor	285
		Accelerated Bachelor/Graduate Degree Programs	285
		Khoury College of Computer Sciences	287

Computer Science	287	Data Science and Mathematics, BS	386
Computer Science, BSCS	288	Data Science and Psychology, BS	388
Computer Science, BACS	291	Accelerated Bachelor/Graduate Degree Programs	390
Computer Science, Minor	294	College of Engineering	391
Cybersecurity	296	Interdisciplinary Minors	392
Cybersecurity, BS	296	Entrepreneurial Engineering, Minor	392
Data Science	298	Materials Science and Engineering, Minor	393
Data Science, BS	299	Sustainable Energy Systems, Minor	393
Data Science, Minor	301	Bioengineering	394
Khoury Combined Majors	302	Bioengineering, BSBioE	395
Computer Engineering and Computer Science, BSCompE	302	Chemical Engineering	399
Computer Science and Biology, BS	306	Chemical Engineering, BSCHE	400
Computer Science and Business Administration, BS	251	Chemical Engineering and Biochemistry, BSCHE	403
Computer Science and Cognitive Psychology, BS	313	Chemical Engineering and Physics, BSCHE	405
Computer Science and Communication Studies, BS	136	Biochemical Engineering, Minor	407
Computer Science and Criminal Justice, BS	319	Civil and Environmental Engineering	408
Computer Science and Design, BS	89	Civil Engineering, BSCE	409
Computer Science and Economics, BS	324	Civil Engineering and Architectural Studies, BSCE	64
Computer Science and English, BS	327	Environmental Engineering, BSEnVE	416
Computer Science and Environmental Science, BS	330	Environmental Engineering and Health Science, BSEnVE	419
Computer Science and Game Development, BS	92	Environmental Engineering and Landscape Architecture, BSEnVE	66
Computer Science and History, BS	335	Architectural Engineering, Minor	424
Computer Science and Journalism, BS	182	Civil Engineering, Minor	425
Computer Science and Linguistics, BS	339	Environmental Chemistry, Minor	425
Computer Science and Mathematics, BS	342	Electrical and Computer Engineering	426
Computer Science and Media Arts, BS	94	Computer Engineering, BSCompE	427
Computer Science and Music with Concentration in Music Technology, BS	201	Computer Engineering and Physics, BSCompE	431
Computer Science and Philosophy, BS	349	Computer Engineering and Computer Science, BSCompE	302
Computer Science and Physics, BS	352	Electrical Engineering, BSEE	436
Computer Science and Political Science, BS	355	Electrical Engineering and Physics, BSEE	440
Computer Science and Sociology, BS	357	Electrical Engineering and Music with concentration in Music Technology, BSEE	203
Cybersecurity and Business Administration, BS	255	Electrical and Computer Engineering, BSEE or BSCompE	444
Cybersecurity and Criminal Justice, BS	363	Biomedical Engineering, Minor	447
Cybersecurity and Economics, BS	365	Computer Engineering, Minor	448
Data Science and Biochemistry, BS	367	Computational Data Analytics, Minor	448
Data Science and Biology, BS	370	Electrical Engineering, Minor	449
Data Science and Behavioral Neuroscience, BS	372	Robotics, Minor	449
Data Science and Business Administration, BS	259	Mechanical and Industrial Engineering	450
Data Science and Ecology and Evolutionary Biology, BS	376	Industrial Engineering, BSIE	451
Data Science and Environmental Science, BS	379	Mechanical Engineering, BSME	454
Data Science and Health Science, BS	382	Mechanical Engineering and Physics, BSME	458
Data Science and Journalism, BS	186		

Biomechanical Engineering, Minor	460	Nursing (BSN), Accelerated Program for Second-Degree Students	507
Healthcare System Operations, Minor	461	School of Pharmacy	510
Industrial Engineering, Minor	461	Pharmaceutical Sciences, BS	510
Mechanical Engineering, Minor	461	Pharmacy Studies, BS	513
Robotics, Minor	449	Pharmacy, PharmD	515
Accelerated Bachelor/Graduate Degree Programs	462	Accelerated Bachelor/Graduate Degree Programs	520
Bouvé College of Health Sciences	464	College of Science	522
Interdisciplinary	465	Behavioral Neuroscience	523
Exercise Science, Minor	465	Behavioral Neuroscience, BS	523
Global Health, Minor	465	Behavioral Neuroscience and Philosophy, BS	526
Health, Humanities, and Society, Minor	466	Data Science and Behavioral Neuroscience, BS	372
Health Psychology, Minor	467	Behavioral Neuroscience, Minor	531
Health Research Methods, Minor	467	Biochemistry	531
Healthcare System Operations, Minor	461	Biochemistry, BS	532
Nutrition, Minor	468	Data Science and Biochemistry, BS	367
Data Science and Health Science, BS	382	Chemical Engineering and Biochemistry, BSCHE	403
Environmental Engineering and Public Health, BS	471	Biochemistry, Minor	540
Health Science and Business Administration, BS	265	Biology	540
Health Science and Sociology, BS	474	Biology, BS	541
Applied Psychology	476	Cell and Molecular Biology, BS	545
Health Psychology, Minor	467	Biology and English, BS	548
Communication Sciences and Disorders	477	Biology and Mathematics, BS	551
Speech-Language Pathology and Audiology, BS	478	Biology and Political Science, BS	552
Communications Sciences and Disorders, Minor	479	Computer Science and Biology, BS	306

Undergraduate

Full-Time Day Programs

- Admission Policy and Entrance Requirements (p. 12)
- University Honors Program (p. 15)
- Specialized Entry Programs (p. 15)
- Merit Scholarships (p. 16)

Admission Policy and Entrance Requirements

Admission to Northeastern is highly selective and holistic. The complexity of the admission process is not one that can be defined through a formula. At Northeastern, we evaluate all applicants holistically in order to identify candidates who will bring a diverse set of experiences, perspectives, and interests to our community. Approximately 2,800 first-year students and 400 transfer students enroll each September. In addition, more than 1,100 new students will enroll in January through participation in The N.U.*in* Program. The N.U.*in* Program is an innovative first-year global experience during which admitted students begin their college studies at one of our partner institutions overseas while earning transfer credits in the fall semester¹ and transitioning to the Boston campus in the spring semester. See additional information about The N.U.*in* Program.

In building a diverse and talented incoming class, the Admissions Committee seeks to enroll students who have been academically successful and who have been actively involved in their school and community.

When considering applicants for first-year admission, the committee considers whether the applicant's high school transcript reflects the various academic opportunities offered such as honors, advanced placement, international baccalaureate, or college-level courses. Typically, students admitted to Northeastern have been extremely successful with a challenging course load.

When reviewing transfer students, the committee considers the candidate's college and high school transcripts, letters of recommendation, resumé, essay, academic preparation for major of choice, and contributions to the community. In certain cases, standardized test scores are required. Transfer applicants are encouraged to submit all supporting materials by the application deadline.

Northeastern accepts both the Common Application and the Coalition Application. Students may apply online via the Common Application or the Coalition Application. Northeastern does not have a preference for which application is submitted. Both the Common Application and the Coalition Application will be reviewed equally.

The committee will begin to evaluate an applicant's candidacy for admission when all application credentials have been received. Students are informed of their application information through the Application Status Check. Students are highly encouraged to verify that identification information (name, date of birth, and NU ID) is on every item submitted to ensure timely and accurate processing.

¹ Throughout this catalog, the word semester refers both to full semesters and to half semesters, except in cases where there is a cost or timeline difference. In such cases, the terms "full semester" and "half semester" are used.

Deadlines and Decisions

Northeastern offers the following application programs.

Freshman Applicants:

- Early Decision I (binding enrollment for fall admission)
- Early Action (nonbinding)
- Early Decision II (binding enrollment for fall admission)
- Regular Decision (nonbinding)

Transfer Applicants*:

- Application for fall start (apply in spring)
- Application for spring start (apply in fall)

*All transfer application options are dependent on space availability.

Required Materials

The committee will evaluate an applicant's candidacy for admission when all application credentials have been received. Students are informed of their application information through the Application Status Check. Students are highly encouraged to verify that identification information (name, date of birth, and NU ID) is on every item submitted to ensure timely and accurate processing.

FRESHMAN APPLICANTS

Freshman Applicants

More than 62,000 students apply for a space in the freshman class. The committee is responsible for admitting applicants believed to be contributors to Northeastern's diverse and vibrant academic and social community. In particular, the committee is interested in applicants who have challenged themselves academically; are highly motivated; have a strong work ethic; and who have demonstrated qualities of leadership, creativity, diversity, engagement, global perspective, adaptability, and resiliency. Our students exhibit a commitment to involvement and to being a positive influence in their community and in the world. We encourage applicants to spend time to thoughtfully prepare their application in order to make sure their strengths and qualities resonate with the Admissions Committee.

Freshman applicants must submit the following:

- Completed Common Application or Coalition Application.
- Application fee of \$75.
- Secondary school counselor and teacher recommendations.
- Secondary school transcripts with final junior-year grades. First-semester or first-trimester grades should be submitted when they are available; first-quarter grades are not required.
- Early Decision Agreement for students applying under the binding Early Decision I or II application options.
- Official SAT or ACT results. Northeastern's CEEB college code is 3667/ACT college code is 1880. Test scores must be sent to Northeastern directly from the testing agency.

- Portfolios are required for Studio Art and are highly encouraged for majors within the College of Arts, Media and Design. Beginning in spring 2018, a portfolio is no longer required for music technology applicants. Northeastern uses SlideRoom for online portfolio submissions. See additional information (p. 15).
- General Equivalency Diploma (GED) recipients should provide their official GED score reports and their most complete high school transcript.
- Home-schooled applicants should submit an academic portfolio/transcript consistent with their state guidelines. This should include grades for each course. They must also provide proof that they will have met by the end of May of the year of graduation all requirements for an official high school diploma and submit a GED, or a certificate of completion from their local school district or state board of education, by the end of July of the year of matriculation. In addition to all other first-year requirements, home-schooled students must submit Northeastern's home-school supplement, which requires students to detail the rigor of their course work.
- Early high school graduates: Northeastern will review applications from students who will complete high school in three years or less. Before enrolling at the university, all applicants for early admission must have completed all units required for high school graduation or must have earned the GED. In addition to the required materials for freshman applicants, early high school graduate applicants must provide statements of support from the school principal or guidance counselor and the student's parents. The endorsements should speak directly to the applicant's academic readiness and emotional maturity for college. Early high school graduates will only be considered at Regular Decision or Early Decision II so first-semester/trimester grades from the current academic year can be considered.
- Nontraditional grading policies: Students who attend schools where narrative evaluations are used instead of traditional letter grades are required to submit the narratives to complete their applications.
- English proficiency: Northeastern seeks to enroll the most talented and academically qualified students. All Northeastern courses are instructed in English, and therefore attention is paid in application review to preparedness for success in an English-language environment. There may be additional requirements for applicants whose first language is not English. Please see the admissions website (<https://www.northeastern.edu/admissions/application-information/>) for the most up-to-date information.
- For applicants applying from secondary schools located outside the United States, SAT or ACT scores are not required and will not be considered for admission if submitted. Applicants are encouraged to submit results from nationally accredited exams that signify completion of secondary education and are required for entry into universities in their home country. Applicants who attend a high school in the United States are required to submit their official SAT or ACT results.
- Academic evaluation from an academic advisor, professor, or employer.
- Final high school transcript or GED.
- SAT/ACT scores for students who have completed fewer than 24 college credits (after high school graduation) at the time of the application deadline. *This is not required for students who have been out of high school for more than five years. Standardized test scores are not required for students who did not complete high school in the United States.*
- Joint Service Transcript (if you are a veteran).
- English proficiency: Northeastern seeks to enroll the most talented and academically qualified students. All Northeastern courses are instructed in English, and therefore attention is paid in application review to preparedness for success in an English-language environment. There may be additional requirements for applicants whose first language is not English. Please see the admissions website (<https://www.northeastern.edu/admissions/application-information/>) for the most up-to-date information.
- Portfolios are required for Studio Art and are highly encouraged for majors within the College of Arts, Media and Design. Northeastern uses SlideRoom (<http://www.northeastern.edu/admissions/application-information/>) for online portfolio submissions. See additional information (p. 15).

TRANSFER CREDIT

Students may transfer up to 60 semester hours of credit from a two-year college, or up to 80 semester hours from a four-year college, or a combination of the two types of colleges. If you have been admitted to the D'Amore-McKim School of Business and your college or university is not AACSB-accredited, the maximum number of credits that you can transfer to Northeastern is 60. See also "Residency Requirement (p. 37)."

College courses completed with a grade of C or better are considered for transfer credit by faculty evaluators. Liberal arts course work taken more than 10 years ago and math and science course work completed more than 5 years ago cannot be considered.

All transfer-credit documents should be received prior to matriculation and *must* be received within one semester of matriculation. These documents include, but are not limited to, Advanced Placement, International Baccalaureate, and National Education exam scores and official transcripts from colleges and universities. These documents should be submitted whether or not you wish to receive transfer credit from this work. Transfer credit *will not* be granted for work completed prior to matriculation if the official credential is received after the completion of the first semester. College course work completed at an international institution must be translated into English and evaluated by a recognized credential agency.

ADVANCED STANDING FOR FRESHMEN

Results from your Advanced Placement (AP) exams, International Baccalaureate (IB) exams, and other international matriculation examinations (listed below) may enable you to receive advanced credits. You may also receive transfer credit if you successfully completed accredited college-level courses which were taken while you were in high school, before you enrolled at Northeastern. You may apply up to 32 semester hours of advanced credit towards your undergraduate degree. For consideration, you must submit official transcripts or test results before matriculation, and must submit official score reports for credit.

Northeastern currently awards advanced credit for the following examinations:

TRANSFER APPLICANTS

Each year we receive more than 4,000 applications for transfer admission. Our most competitive candidates for transfer admission typically have a grade-point average of 3.500 or higher.

Transfer applicants must submit the following:

- Completed Common Application or Coalition Application.
- Application fee of \$75.
- Official college transcript(s) for all institutions you have attended.
- College Report to be completed by the registrar's office or dean of your current/previous school.

- Advanced Placement (AP)
- International Baccalaureate (IB)
- Advanced Levels (A-Levels)
- French Baccalauréat
- German Abitur
- Swiss Maturity
- Caribbean Advanced Proficiency Examinations (CAPE)

Advanced Placement (AP) Examinations

- Credit is generally awarded for scores of 4 and 5.
- Visit the Transfer Equivalency Database (<https://nam05.safelinks.protection.outlook.com?url=https%3A%2F%2Fugadmissions.northeastern.edu%2Ftransfercredit%2FTransferCreditevaluatedstudent2.asp&data=02%7C01%7Ce.remillard%40northeastern.edu%7Ccf662e463c54d97933f08d6eab14fa6%7Ca8eec281aaa34daeac9b9a398b9215e7%7C0%7C0%7C636954444616726185&data=XEjwCQsHasY6M%3D&reserved=0/>) for an up-to-date listing.

International Baccalaureate (IB) Examinations

- Credit is generally awarded for scores of 5, 6, or 7 on Higher Level (HL) exams.
- No credit is awarded for Standard Level (SL) exams.
- Visit the Transfer Equivalency Database (<https://nam05.safelinks.protection.outlook.com?url=https%3A%2F%2Fugadmissions.northeastern.edu%2Ftransfercredit%2FTransferCreditevaluatedstudent2.asp&data=02%7C01%7Ce.remillard%40northeastern.edu%7Ccf662e463c54d97933f08d6eab14fa6%7Ca8eec281aaa34daeac9b9a398b9215e7%7C0%7C0%7C636954444616726185&data=XEjwCQsHasY6M%3D&reserved=0/>) for an up-to-date listing.

Advanced Level (A-Level) Examinations

- Credit is generally awarded for grades C or better on General Certificate of Education (GCE) Advanced Level (A-Level) examinations.
- No credit is awarded for Advanced Subsidiary (AS) Level exams, Ordinary Level (O-Level) exams, or (I)GCSE exams.
- For Singapore-Cambridge GCE Advanced Level exams, credit is awarded for H2 exams. No credit is awarded for H1 exams. H3 credit is subject to review, and only awarded if the student is not receiving credit from the H2 exam in the same subject.
- Northeastern will only award credit for exams which were administered by AQA, Cambridge Assessment (including OCR), CCEA, Pearson Edexcel, WJEC, or any subsidiaries.

International Matriculation Examinations

- For the Baccalauréat Général, credit is generally awarded for final written exams, in subjects taken with a coefficient of 4 or more, for scores of 10 or higher (out of 20). No credit is awarded for oral exams.
- For the Zeugnis der Allgemeinen Hochschulreife, credit is awarded for final exams (Abiturprüfung) which are written (schriftlich). No credit is awarded for oral (mündlich) exams.
- For the Maturitätsausweis – either the Swiss Federal Maturity Certificate or federally-recognized cantonal maturity certificates – credit is only awarded for the main subject (Schwerpunktfach) or complimentary subject (Ergänzungsfach), for scores of 4 or higher (out of 6).
- For the Caribbean Advanced Proficiency Examinations, credit is only awarded for 2-unit subjects, for grades 3 or below (out of 7, with 1 being the best). No credit is awarded for 1-unit courses.

Additional Information for International Applicants

International student applications are reviewed considering their performance in their particular academic environments. SAT or ACT scores are not required for applicants who will graduate from schools located outside the United States. International citizen applicants who attend a high school in the United States are required to submit test scores. U.S. Department of Defense school students are required to submit SAT or ACT scores.

In order to maintain lawful student status in the United States, international students must be mindful of the rules and regulations that govern their nonimmigrant visa classification. Numerous U.S. federal mandates and regulations, including the Student and Exchange Visitor Information System (SEVIS), make it especially important for students in the “F” (student) and “J” (exchange visitor) categories to consult regularly with an international student advisor at the Office of Global Services (OGS) (<http://www.northeastern.edu/ogs/>) before taking any action that might affect their immigration status and educational endeavors in the United States.

International students in F-1 and J-1 status must register as full-time students (minimum of 12 credits) and on time (within the appropriate registration period) each term during the regular academic year. In addition, international students must not begin, extend, or resume any type of employment without first obtaining proper employment authorization or verification from the OGS. Any exceptions to full-time registration requirements must be preapproved by the OGS in accordance with specified federal regulations.

In order for prospective F-1 and J-1 students to start their undergraduate program here, they must obtain the certificate of eligibility from OGS. For F-1 students, this document is called Form I-20, and for J-1 students, this document is called Form DS-2019. The international student will need to complete the e-form on the myOGS system and work with the undergraduate admissions office to meet all requirements needed for successful submission of the request for I-20 or DS-2019. Once the request is approved by the undergraduate admissions office, the OGS will get a request for the student’s I-20 and will need 10 business days to generate the student’s certificate of eligibility. Students then are able to apply for their F-1 or J-1 visa stamp at a U.S. consulate overseas and, if the visa is granted, enter the United States no earlier than 30 days prior to the start date of their academic program to begin their studies here.

An international student may attend Northeastern in a nonimmigrant status other than F-1 or J-1 only if U.S. Immigration regulations allow for study in the United States under that specific nonimmigrant visa classification. Some international students must apply and be approved for a change of status (e.g., from F-2 to F-1) before beginning their program at Northeastern. For information on nonimmigrant visa statuses other than F-1 and J-1 (including eligibility to work in the United States or participate in co-op and other forms of experiential learning required by your academic program), contact the OGS at ogs@northeastern.edu. Not all visa categories allow for internships, co-ops, international travel associated with an academic program, and/or other experiential learning opportunities. Note that some academic programs at Northeastern have experiential learning requirements (e.g., co-op or study abroad). Nonimmigrant visa statuses other than F-1/J-1 may not allow for those requirements to take place and, as such, may impede the successful completion of your program of study.

REQUIREMENTS FOR APPLICANTS WHOSE PRIMARY LANGUAGE IS NOT ENGLISH

All non-native English-speaking applicants, regardless of citizenship, must submit official results from one of the following proficiency tests: the Test of English as a Foreign Language (TOEFL), the International

English Language Testing System (IELTS), the Pearson Test of English Academic (PTE Academic), or the C1 Advanced or C2 Proficiency (Cambridge English: Advanced or Proficiency). Applicants who will complete four or more years in an academically rigorous high school or university where academic or native English was the primary instructional language may contact the Office of Undergraduate Admissions in order to request a waiver. English-language learners or students enrolled in ESL courses in the four years preceding their application are strongly recommended to submit IELTS. Based on IELTS, some undergraduate applicants with substantial English proficiency but insufficient proficiency for undertaking a full-time, degree-seeking academic program may instead be referred to NU Immerse, our structured English immersion program.

COLLEGE, MAJOR, AND LENGTH OF PROGRAM SELECTION

Applicants to Northeastern University apply to one of our seven undergraduate colleges or to the Explore Program for undeclared students.

We encourage students to select a major that reflects their current academic interests and aspirations; however, the Explore Program for undeclared students provides opportunities to explore our various disciplines and programs. Northeastern offers advisory programs for students interested in preprofessional programs, including medical, dental, law, and veterinary graduate school. Transfer students may not apply to the Explore Program for undeclared students.

Northeastern University offers a broad and deep curriculum that is flexible, and the academic calendar allows students to maximize experiential learning opportunities, including research, study abroad, and our signature co-op program. Students become architects of their own paths, charting their unique course that determines their time to degree. Students can build a program that is four years or five years and gain up to 18 months of full-time experiential learning. Freshmen can participate in NUterm in Summer I of their freshman year, taking advantage of exciting and unique course offerings or regular classes during the May/June semester. By participating in NUterm, students take advantage of Northeastern's signature flexibility, beginning their sophomore year with an additional half term completed. Many colleges offer PlusOne programs, which link undergraduate work with graduate studies. See the detailed curricula in this catalog for more information.

Admission Requirements for the College of Arts, Media and Design

GUIDELINES FOR PORTFOLIO SUBMISSION

All portfolios should be submitted electronically via SlideRoom. Hard-copy portfolios will not be accepted and cannot be reviewed.

STUDIO ART

Applicants for the studio art major, a joint program of Northeastern University and the School of the Museum of Fine Arts, Boston, are required to submit a portfolio through SlideRoom. This portfolio requires a minimum of 15 individual images of original artwork. The portfolio may include work in a variety of media; no particular subject matter or style is required. Rather, students should select work that best shows their personal style, creativity, and commitment to innovation. Check the Department of Art + Design website (<http://www.northeastern.edu/camd/artdesign/>) for more information.

MUSIC COMPOSITION AND TECHNOLOGY

Beginning in spring 2018, portfolios are no longer required for students applying to music composition and technology.

MUSIC PERFORMANCE

Once enrolled, students in any music concentration may also audition to pursue a minor in musical performance. This program is highly competitive and therefore requires evaluation by the Department of Music. Auditions are typically scheduled during a student's first semester at Northeastern. For specific questions regarding the program or audition requirements, please reference the CAMD website (https://camd.northeastern.edu/music/academic-programs/minor-in-music-performance/#_ga=26162929219060109681522070914-16965839841517851807).

University Honors Program

The University Honors Program values integrated, student-directed, and experiential learning that is personalized to meet students' unique interests and goals. Our community of intellectually engaged students, advisors, and faculty are committed to making a difference at home and in the world. Students benefit from unique and enriched educational options that include stimulating courses and opportunities for global exploration, research and creative endeavors, service-learning, mentoring, and more. Honors students are guided and supported as they chart their unique educational plans through personalized advising and through their participation in a set of networked communities that include Honors Living Learning Communities.

All applicants seeking freshman entry at Northeastern University (for fall semester entry) are considered for admission into the University Honors Program and are notified of their selection in their letter of admission. There is no separate application. Continuing students in their first, second, or third semesters who wish to be considered for the University Honors Program may consult the program's website for instructions on how to apply: www.northeastern.edu/honors. (<https://www.northeastern.edu/honors/>)

Specialized Entry Programs

Northeastern University offers admission and enrollment programs and opportunities that advance the university's mission and help meet students' needs. Students who apply for admission to Northeastern may be automatically offered direct entry into some of these programs or, in some cases, may be referred to other specialized entry programs. These selections are based on a holistic review of students' application. Northeastern continually assesses our specialized entry programs and opportunities, and additional programs and opportunities may become available while existing programs and opportunities may be modified. For a complete list of our specialized programs and opportunities, visit the specialized entry programs web (<https://www.northeastern.edu/admissions/academics/specialized-entry/>)site (<https://www.northeastern.edu/admissions/academics/specialized-entry/>).

The N.U.*in* Program

Northeastern enrolls selected new students in the spring semester through The N.U.*in* Program. During the fall semester N.U.*in* participants study abroad at a partner institution earning transfer credit and enroll in classes as part of the Northeastern community in Boston in the spring. These transfer credits earned are guaranteed to be valid at Northeastern but might not be accepted by other institutions. For the most up to date information regarding The N.U.*in* Program, please refer to the program website.

General Studies Program

General Studies is a first-year program designed to help students build skills for academic success in their freshman year and beyond. General Studies students spend their freshman year immersed in a combination of first-year requirements, NUpath courses, and introductory courses for their intended major. See additional information (p. 52).

Foundation Year

This first-year college program is designed for recent high school graduates and General Equivalency Diploma (GED) completers from the city of Boston who would benefit from a more structured and supportive first year in order to be successful in the rest of their college career. Foundation Year offers students rigorous academic and career preparation as well as wraparound support services that include advising, tutoring, mentoring, social networking, and work-ready skill development.

Torch Scholars Program

The Torch Scholars Program is a comprehensive support program for first-generation college students who have already succeeded against the odds but who have not yet reached their full academic potential. After a holistic review and thorough interview process, selected Torch Scholars are granted admission to the university and awarded a full-tuition, fees, and room-and-board scholarship for our Summer Immersion Program and eight subsequent semesters of undergraduate study.

NU Bound

NU *Bound* is a first-year college program for non-U.S. citizens that provides rigorous academics and acculturation support to ensure a smooth transition to Northeastern in the student's second year. Please note, NU *Bound* provides a conditional offer of admission to Northeastern upon successful completion of the program.

NU Immerse

NU *Immerse* is a transitional experience for students who require English-language preparation and are looking to earn credit while gaining an introduction to the American education system and college culture. Students will enroll in the College of Professional Studies during the first year. Students will improve language and academic skills through a specially designed two-semester curriculum. NU *Immerse* offers conditional admission to undergraduate degree programs upon successful completion of the program.

ContiNUe

ContiNUe is a yearlong academic program for first-year students, many of whom are continuing their family legacy at Northeastern. With a focus on preparing our students to be leaders, ContiNUe teaches students transferable skills such as problem solving, decision making, and the game-changer mindset. ContiNUe students complete two semesters of first-year courses through the College of Professional Studies. Students may then participate in NUterm before beginning their second full year. ContiNUe provides a conditional offer of admission to Northeastern upon successful completion of the program.

Merit Scholarships

Northeastern provides highly selective scholarship programs aimed at rewarding and recognizing outstanding academic achievement. All applicants who apply on time are considered for these scholarships and no additional applications are necessary. Please note that scholarship consideration is separate from the financial aid application process.

International students are eligible for merit scholarship consideration, but Northeastern University does not offer need-based assistance to international students.

National Merit Finalist and National Hispanic Scholar Scholarships

Award: A scholarship for admitted freshman applicants who are designated National Merit Finalists or National Hispanic Recognition Program Scholars. Students who are National Hispanic Recognition Program Scholars must submit documentation to Northeastern to be eligible for the scholarship. National Merit Finalists must rank Northeastern as their school of choice to be eligible for the scholarship. Recipients who maintain normal progress toward a degree, with the minimum 3.000 grade-point average, may renew the award for the full eight-semester program.

Eligibility: Admitted freshman applicants who are U.S. citizens or documented permanent residents and have been designated National Merit Finalists by the National Merit Scholarship Corporation (NMSC) and students identified as National Hispanic Recognition Program Scholars.

Merit Scholarships

Awards: Students who are in the top 10 to 15 percent of our applicant pool are most competitive for merit scholarships, including Dean's, Connections, and International Scholarships. Recipients who maintain normal progress toward a degree, with a minimum grade-point average of 3.000, may renew these awards.

Northeastern Honors Program

Each year, the admissions office selects a group of students to join the University Honors Program at Northeastern University. Those invited into the Honors Program are among our most highly accomplished admitted students. There is no separate application process for the Honors Program, and students are considered at all decision deadlines. Decisions are rendered based on the undergraduate admissions application submitted to the university. The invitation to join the University Honors Program is included in the official admission letter. Additional details regarding scholarships and grants for Honors Program students may be found online (<http://www.northeastern.edu/honors/community/honors-program-scholarships/>).

Phi Theta Kappa Scholarships (Transfer Students Only)

Award: A grant recognizing high levels of academic achievement in the beginning years of college. Recipients who maintain normal progress toward a degree, with a minimum grade-point average of 3.000, may renew the award.

Eligibility: Applicants for fall transfer admission who have earned a 3.500 grade-point average in 32 semester hours or equivalent quarter hours or units of college-level course work. For eligibility, you must be a U.S. citizen or a permanent resident enrolling directly from a two-year institution of higher education.

Ujima Global Leaders Program

The Ujima Global Leaders Program is a scholarship program focused on developing leaders for tomorrow's diverse and complex world. Ujima Global Leaders from all academic disciplines will work collaboratively to develop intercultural competence and awareness by engaging with communities on campus, throughout Boston and the world. Working with staff and faculty, Ujima Global Leaders may choose to make an impact based on their interests and goals via community service involvement, experiential opportunities, and research and global experiences. Committed to excellence, academic achievement,

service, and diversity, Ujima Global Leaders will be prepared to meet the challenges of tomorrow. The Ujima Global Leaders Program seeks to enroll academically talented first-year students with demonstrated leadership skills, community involvement, and/or an interest in issues related to serving underrepresented and underserved populations. Recipients receive a scholarship called the Ujima Global Leadership Award, and those with demonstrated financial need will have their full need met. Ujima Global Leaders are expected to participate in Northeastern's Civic Engagement Program and complete 50 hours of community service each year.

Contact the Office of Undergraduate Admissions if you have any questions about the application process. For more information, consult the admissions website (<https://www.northeastern.edu/admissions/>).

Information for Entering Students

- Student Orientation (p. 18)
- Orientation for International Students (p. 18)
- Information for International Students (p. 18)
- Parent/Family Programs (p. 19)
- Residential Life (p. 19)
- Health Requirements—University Health and Counseling Services (UHCS) (p. 20)
- English-Language Testing (p. 20)
- Accommodations for Students with Disabilities (p. 20)
- We Care (p. 20)
- Information Technology Services (p. 20)
- Public Safety (p. 21)

Student Orientation

It is **mandatory** for all incoming first-year and transfer undergraduate students to participate in **student orientation** hosted by the Office of Student Orientation and Parent/Family Programs.

Students beginning in the fall will attend sessions during the months of June and July. Students starting in the spring will attend a session in January prior to the start of the semester. Once a student officially commits to the university by paying the enrollment fee, they will have the ability to register for student orientation through the myNortheastern (<https://my.northeastern.edu/>) admitted student portal.

At orientation, students will get acclimated to campus and Boston, prepare for the start of the academic year, and experience what makes Northeastern unique. Students will also register for classes, get their student ID card, and partake in a variety of activities to meet fellow classmates.

The undergraduate student fee supports student orientation costs, including the opportunity to have *two complimentary guests* participate in the **Parent/Family Orientation**. This is a tuition-based fee; more information may be found on the Student Financial Services (<https://studentfinance.northeastern.edu/>) website.

Undergraduate **international students** are required to attend the student orientation session immediately preceding the start of the academic semester. The Office of Global Services (OGS) (<https://www.northeastern.edu/ogs/>) will host a specialized presentation that will be incorporated into the student orientation program; separate registration is not required. Following student orientation, OGS will continue with acculturation programming, such as regional excursions and intercultural/diversity education seminars. Students who are U.S. citizens, but reside abroad, are more than welcome to join OGS sessions/activities.

The Office of Student Orientation and Parent/Family Programs
101 Ell Hall
Northeastern University
360 Huntington Avenue
Boston, MA 02115

Website: [northeastern.edu/orientation](http://www.northeastern.edu/orientation/) (<http://www.northeastern.edu/orientation/>)
Phone: 800.696.6516

Email: orientation@northeastern.edu

Orientation for International Students

The Office of Global Services (OGS) (<http://www.northeastern.edu/ogs/>) organizes orientation and acculturation programming throughout the year for newly arrived international students and U.S. citizens from abroad. Programming features cross-cultural topics such as academic success, student life, and the dynamics of diversity. OGS's mandatory Online Immigration Clearance and orientation begin prior to the start of the fall and spring semesters, comprising several weeks of activities that provide international students (and others who have lived abroad) an opportunity to gain familiarity with Northeastern in a cross-cultural context while also serving to facilitate the formation of friendships across cultures.

International students holding an F-1 or J-1 visa should plan to arrive before, but not earlier than 30 days prior to the start day of the I-20 or DS-2019 in order to attend the scheduled International Student Orientation program and complete the Online Immigration Clearance. International Orientation dates will be listed on the OGS website. Immediately prior to the start of the semester, the Office of New Student Orientation organizes mandatory orientation and academic advising for undergraduate students.

For further details on the International Student Orientation and Immigration Clearance process, and for other information pertinent to international students, contact:

The Office of Global Services (OGS)
405 Ell Hall
Northeastern University
360 Huntington Avenue
Boston, MA 02115

Website (<http://www.northeastern.edu/ogs/>)
617.373.2310

Information for International Students

Office of Global Services

Website (<http://www.northeastern.edu/ogs/>)
405 Ell Hall
617.373.2310
617.373.8788 (fax)

The Office of Global Services (OGS) offers a vast array of programs and services to more than 14,000 international students and scholars who represent approximately 144 nations.

OGS also works to promote meaningful interaction and intercultural understanding among citizens of other countries and their peers from the United States, providing educational and cultural enrichment opportunities for all members of Northeastern and the community at large. OGS advances the international community of Northeastern through ensuring immigration compliance while providing transformational academic services and cultural experiences for student satisfaction and successful graduation.

OGS maintains the Student and Exchange Visitor Information System (SEVIS) at Northeastern, as mandated by the U.S. federal government,

in order to ensure compliance with regulations and procedures affecting those international students and scholars in specified nonimmigrant visa classifications.

Affiliation with OGS begins with admission to the academic program and continues through such initiatives as OGS's cultural festival in February and March, "OGS Carnevale," which celebrates the cultural diversity of the entire university community. For a list of OGS services and programs, visit the OGS website. (<http://www.northeastern.edu/ogs/>)

International students must maintain full-time status at Northeastern to be in compliance with immigration and SEVIS regulations. Also, they must not engage in any type of employment unless authorized by OGS. Note that timely registration for courses is especially important so that they may remain in compliance with current federal regulations. They should consult with OGS if they have questions about their individual status.

Coming to Northeastern

Preparing to study at Northeastern University is exciting, and students have many things to do in preparation. Here are some of the key items students should do to prepare.

- **Obtain F-1 or J-1 visa** from the U.S. embassy or consulate in the home country to be eligible to study in the United States. An international student may attend Northeastern in a nonimmigrant status other than F-1 or J-1 only if U.S. immigration regulations allow for study in the United States under that specific nonimmigrant visa classification. Some international students must apply and be approved for a change of status (e.g., from B-2 to F-1) before beginning the program at Northeastern. For detailed information/instructions specific to a student's current nonimmigrant status, eligibility to participate in co-op or other forms of experiential learning, contact OGS (<http://www.northeastern.edu/ogs/>).
- **Acquire Student Health Insurance:** Since September 1989, Massachusetts law (M.G.L. c.15A, § 18) has required every full-time and part-time student enrolled in a certificate, diploma, or degree-granting program in a Massachusetts institution of higher learning to participate in a Student Health Insurance Program (SHIP) or in a health benefit plan with comparable coverage. The Student Health Program defines a part-time student as a student enrolled in at least 75 percent of the full-time curriculum. (College of Professional Studies graduate students—7 credits, part-time graduate students—6 credits).
- **Complete Health report:** Prior to entering Northeastern, all enrolled students must complete and submit a health report to University Health and Counseling Services (UHCS). It must be completed and returned by the stated deadline. The required record of immunity section is necessary for compliance with the Massachusetts immunization requirements for college-age students. Failure to meet the requirement will prevent future course registration. Additionally, further documentation of immunity is mandatory for students in Bouvé College of Health Sciences. Visit the UHCS webpage (<http://www.northeastern.edu/uwcs/>) to access the health report online.

Planning Information

New international students are expected to arrive by the start date of the program stated on the I-20 issued by Northeastern or on the DS-2019 issued by Northeastern or by the sponsoring agency/government.

When making travel arrangements students should seek admission to the United States no more than 30 days prior to the report date on the

I-20 or DS-2019, and students should not arrive after the report date on the I-20 or DS-2019.

All international students will need to attend the mandatory international student orientation program and complete the international student online immigration clearance. For further details on the OGS international student orientation and online immigration clearance process, and for other information pertinent to international students, check the OGS website (<http://www.northeastern.edu/ogs/>).

SEVIS Compliance

The OGS is required to comply with immigration regulations governing student status and must report information every semester as required by the Department of Homeland Security.

The OGS advises students on the complexities of immigration compliance and interfaces with various U.S. government agencies. The OGS maintains and updates the SEVIS system and advises students on relevant issues related to nonimmigrant student status by individual appointments or through workshops and information sessions. Contact OGS with questions relating to nonimmigrant student status or any aspect of SEVIS compliance.

Parent/Family Programs

The Office of Student Orientation and Parent/Family Programs assists families in making connections with the university and its resources during their student's time at Northeastern. The office helps with a broad spectrum of issues—academic, administrative, and personal.

The office hosts several events each year, including Family & Friends Weekend, and provides timely communications on important campus news and events through their website (<http://northeastern.edu/parents/>), Parent/Family Matters newsletter, Facebook page, Tuesday Talks webinars, Parent/Family Message Board, and Parent/Family Portal.

Parents and guardians of students can create an online Parent/Family Portal account by visiting the myNortheastern web portal (<https://my.northeastern.edu/>), through which their student may grant them access to services related to their Northeastern experience.

The Office of Student Orientation and Parent/Family Programs
101 Ell Hall
Northeastern University
360 Huntington Avenue
Boston, MA 02115

Website: northeastern.edu/parents/ (<http://northeastern.edu/parents/>)
Phone: 800.696.6516
Email: parents@northeastern.edu

Residential Life

The Department of Residential Life strives to create a community for our residents by planning programs and activities that help students get to know others on their floor and in their residence hall. We also provide services that support our residents in accomplishing their academic and personal goals. Residential Life staff are trained in counseling, crisis intervention, and conflict resolution, as well as interpersonal communications, in order to assist our students to achieve their aspirations.

Each hall is supervised by a professional residence director and student resident assistants, who work together to maintain close contact with students to help make their experience living on campus a positive one.

The university offers a variety of housing options tied to specific programs of study for first-year students known as Living Learning Communities (LLCs). The LLCs offer students a supportive, achievement-oriented environment with opportunities for friendship around common interests as well as continued learning and sharing outside the classroom. LLCs commonly feature tutoring, advising, and study groups as well as unique programs designed to promote student growth and advancement.

Health Requirements—University Health and Counseling Services (UHCS)

Prior to entering Northeastern, all enrolled students must complete and submit a Health Report (<http://catalog.northeastern.edu/undergraduate/information-entering-students/health-requirements-uhcs/%20https://www.northeastern.edu/uhcs/forms/university-health-report/>) to University Health and Counseling Services (UHCS). It must be completed and returned by the stated deadline. The required record of immunity section is necessary for compliance with the Massachusetts School Immunization Requirements for Post-Secondary Institutions. Failure to meet the requirement will prevent future course registration. Additionally, further documentation of immunity is mandatory for students in Bouvé College of Health Sciences. For more information, Health Sciences students should check with your program advisor or placement supervisor.

Visit the UHCS website (<http://www.northeastern.edu/uhcs/>) to access the Health Report online.

English-Language Testing

NU Global conducts English-language testing for international students who are referred for this service. The testing takes about two hours. The NU Global Test measures English composition, listening comprehension, grammar, vocabulary, and reading comprehension and is administered by the NU Global Office at Northeastern University.

Any department may refer students for testing. Students must arrive on time on designated test days. Referral forms and a schedule of test dates are available to departments by request. Departments should contact cpsadmissions@northeastern.edu for more information.

Accommodations for Students with Disabilities

20 Dodge Hall
617.373.2675
617.373.7800 (fax)

Website (<http://www.northeastern.edu/drc/>)

Northeastern University and the Disability Resource Center (DRC) are committed to providing disability services that enable students who qualify under Section 504 of the Rehabilitation Act and the Americans with Disabilities Act Amendments Act (ADAAA) to participate fully in the activities of the university. To receive accommodations through the DRC, students must provide appropriate documentation that demonstrates a current substantially limiting disability. Accommodations are provided based on an evaluation of the information provided by students and their

clinicians, on a case-by-case basis. These services are available for, but not limited to, students with the following diagnoses:

- Learning disabilities and/or AD(H)D
- Autism spectrum disorders
- Chronic or degenerative disorders
- Hearing loss
- Mobility impairments
- Psychiatric disorders
- Traumatic or acquired brain injury
- Vision impairments

Students should provide documentation to the DRC at their earliest convenience to allow for sufficient time for review. After the documentation has been reviewed, a disability specialist will contact the student regarding appropriate next steps. Visit the DRC website (<http://www.northeastern.edu/drc/>) for additional information or contact staff at 617.373.2675.

We Care

Website (<http://www.northeastern.edu/wecare/>)
104 Ell Hall
617.373.4384
we_care@northeastern.edu

We Care is a program that assists students experiencing unexpected challenges maintaining their academic progress. We Care works with the student to coordinate among university offices and to offer appropriate on- and off-campus referrals to support successfully resolving issues.

Information Technology Services

617.373.4357 (xHELP)
help@northeastern.edu
ITS Website (<https://its.northeastern.edu>)

Information Technology Services (ITS) is the centralized technology resource for students, faculty, and staff. Among the services and solutions that ITS provides are:

- Secure, high-speed internet access through the on-campus networks NUNet and ResNet
- Wireless internet connectivity through NUwave, NUwave-guest, and Eduroam
- Centralized computer labs—the InfoCommons and the Digital Media Commons (DMC)—with the latest software
- On-site and remote printing
- Access to the Blackboard learning management system (<https://northeastern.blackboard.com>)
- A vast array of free or discounted software applications for Windows and Mac
- Northeastern's online portal, myNortheastern (<https://my.northeastern.edu>)
- Microsoft Office 365 (<https://office365.northeastern.edu>) licenses and support, including Outlook, Word, Excel, and OneDrive
- The SAIL digital platform (<https://sail.northeastern.edu>), an app and online portal to facilitate Northeastern's integrated learning environment

- On-site and online training on popular software
- High-performance research computing

ITS Service Desk

Help and Information Desk, Snell Library
617.373.4357 xHELP
help@northeastern.edu

The ITS Service Desk provides phone, chat, and walk-up technology support services to students, faculty, and staff. The ITS Service Desk staff also offers support for ITS-managed printers and answers general computing questions. Contact the ITS Service Desk for the following services:

- Troubleshooting Northeastern University—provided accounts and applications, including email
- Investigating wired and wireless network connection problems
- Troubleshooting network printer problems
- Assisting students with myNortheastern and Blackboard questions
- Support with ITS-managed labs
- Access to equipment available for loan, including AV equipment and laptop adapters

The ITS Service Desk is located at the Help and Information Desk on the first floor of Snell Library near the InfoCommons and provides assistance on computer-related issues to students, faculty, and staff with a valid Northeastern ID.

myNortheastern

myNortheastern (<https://my.northeastern.edu>)—the online portal for the Northeastern community—is a central resource for students, faculty, and staff. Your myNortheastern username and password provide access to key university platforms, from the myNortheastern portal to other university systems, including wireless network access, printing, and email.

The myNortheastern portal offers services tailored to your role at Northeastern for all academic, personal, and recreational needs. Resources available for students include links to student email, information channels, financial aid, Blackboard, and online course registration. NU Alert, our real-time university emergency notification system, utilizes the contact information provided within myNortheastern. It is your responsibility to maintain accurate personal and emergency contact information.

ResNet Resource Center

Speare Commons
617.373.HELP (x4357)
resnet@northeastern.edu
ResNet Start Guide (<https://resnetwelcome.northeastern.edu>)

The ResNet Resource Center, a service of ITS and Housing Services, is located in Speare Commons and provides students living in Northeastern residence halls with support for:

- HuskyCable TV service
- Device registration support for ResNet and NUres-device networks
- Computing troubleshooting
- Hardware repair services for Apple and Dell computers

Printing

The Northeastern Printing P (<https://its.northeastern.edu/services/printing-plan/>)lan ([https://its.northeastern.edu/services/printing-](https://its.northeastern.edu/services/printing-plan/)

plan/) provides a limited amount of free printing each year to students, faculty, and staff. Each September, as an active member of the community, you are given a credit of \$120 on your Husky Card to use at your discretion for the ITS-managed printers located across campus. Print credits do not carry over from one academic year to the next and can only be used while actively enrolled.

Appropriate Use Policy

The information systems of Northeastern University are intended for the use of authorized members of the community in the conduct of their academic and administrative work. The Appropriate Use Policy (AUP) describes the terms and conditions of Northeastern information systems use. For more information, visit the Appropriate Use Policy webpage (<http://www.northeastern.edu/aup/>).

Training Services

Snell Library
617.373.5858
training@northeastern.edu

ITS training provides the following instructor-led and web-based courses to all members of the Northeastern community:

- **Online training.** ITS training offers computer training over the internet, including Mac tutorials, MS Office tutorials, some application-specific training provided by the application vendors, and via Lynda.com, which offers 24/7 access to an extraordinary breadth of training modules. Web-based training is an innovative, self-paced learning method that allows students, faculty, and staff to train anytime or anywhere, using a computer with an internet connection.
- **Instructor-led training** includes classes such as Public Speaking for Presentations, Advanced Excel, SharePoint, Adobe Photoshop, and Blackboard. These workshops are available at no charge to the entire university community.

Learn more about the [training available through ITS \(https://its.northeastern.edu/services/training/\)](https://its.northeastern.edu/services/training/).

Academic Technology Services (ATS)

212 Snell Library
ats@northeastern.edu
ATS Website (<https://northeastern.edu/ats/>)

For graduate students performing teaching assistant/graduate assistant work, Academic Technology Services (ATS) is a resource for choosing and implementing technological solutions for a wide range of classroom goals. Whether creating online classes or incorporating flipped classroom techniques into on-ground classes, ATS offers consultation and support for implementation. Additionally, ATS manages the [Discovery Lab \(https://its.northeastern.edu/discoverylab/\)](https://its.northeastern.edu/discoverylab/), located on the first floor of Snell Library, which is a space for showcasing ideas and innovations at Northeastern. The Discovery Lab is an area to host both events and exhibitions.

Public Safety

Public Safety Division Administrative Offices
100 Columbus Place
617.373.2696
Website (<http://www.northeastern.edu/publicsafety/>)

Police Operations Center
100 Columbus Place
617.373.3333 (EMERGENCY—police, fire, medical)

617.373.3934 (TTY emergency or nonemergency)
617.373.2121 (nonemergency regular business)

Personal Safety

617.373.2121

Website (<https://www.northeastern.edu/nupd/services/redeye/>)

The Public Safety Division's mission is to provide a comprehensive program of police, security, fire safety, and emergency medical services to help ensure the campus remains a safe and pleasant place to live, work, and learn.

The University Police Department is the largest and most visible unit of the division and consists of professionally trained officers charged with the protection of life and property and the prevention and detection of crime on campus. University police officers have the same authority as municipal police officers and enforce both the Massachusetts laws and university regulations. Regulations mandate that students show their university ID cards whenever requested to do so by any university police officer. For more information, visit the NUPD website (<http://www.northeastern.edu/nupd/>).

The Public Safety Division takes pride in its comprehensive plan to minimize crime and protect the safety of the Northeastern community. But the division needs students' help and urges students to take responsibility for creating and maintaining a safe and secure environment. For tips on safety around campus and in the neighborhood, pick up a brochure or visit the website.

The Personal Safety Escort Service provides a door-to-door escort from one on-campus location to another whenever personal safety is a concern. After receiving your call, the university police dispatcher will assign an officer or cooperative education cadet within 10 to 15 minutes (if necessary, the dispatcher will advise you of any expected delays).

A special, nighttime off-campus escort service runs from dusk to dawn to transport students who reside within approximately one mile of the campus from the campus to their residence after dark. The only destination this service will take you to is your residence. A van stops at Snell Library and the Ruggles Public Safety Substation on the hour from 7:00 p.m. to 6:00 a.m. to pick up students.

If you are sexually assaulted, either by a stranger or an acquaintance, get to a safe place, then telephone the university police and a friend or family member. A university police officer who is a state-certified sexual assault investigator will meet with you and address your physical and emotional needs, as well as inform you of your rights and options regarding filing charges against the perpetrator. The police will provide you with important information about on-campus as well as off-campus counseling services as well as other options regarding changing your residence or class schedule.

If the sexual assault took place off campus, the university police department can still provide emergency medical treatment, transportation to a medical facility, and counseling referrals. However, the criminal investigation of such cases is the responsibility of the police department that has jurisdiction in the locale where the assault took place, and university police will assist you with making contact with the appropriate agency.

RAD Self-Defense Courses

617.373.2696

Website (<https://www.northeastern.edu/nupd/training/rad-self-defense/>)

The R.A.D. System of defense will provide women of all ages with the knowledge to make an educated decision about resistance, on the

premise that a spontaneous violent attack will stimulate a natural desire to resist on the part of the victim.

Lost and Found

Website (<https://www.northeastern.edu/nupd/services/lost-found/>)

If you have lost an item on Northeastern's Boston campus, call 617.373.3913. You will be instructed to leave a detailed message describing the item lost and the best way to contact you if the item is found.

If your item has been turned in, we will contact you by telephone or mail. If your item has not been turned into our department, we will continue to keep this information on file.

If you suspect the item has been stolen, call the Northeastern University Police at 617.373.2121 to report the theft.

If you have found an item on campus, return it to our headquarters located at 100 Columbus Place.

Emergency Information

617.373.2000 (snow emergencies)

Website (<http://www.northeastern.edu/emergency/>)

Northeastern University is committed to providing members of its community with a safe and secure place in which to live, work, and study.

The university is prepared to respond to emergencies and urgent situations that require immediate action. A trained team of police officers, EMTs, health and counseling experts, student affairs and residential life staff, and other professionals form a coordinated group that is able to manage a wide range of potential situations.

NU ALERT, emergency broadcast communication messages, are sent to the email addresses and telephone numbers students, faculty, and staff have provided the university.

College Expenses

Student Financial Services is available to assist you in developing a plan for financing a Northeastern education. Through a variety of options, including financial aid, Northeastern's Monthly Payment Plan, supplemental loans, and your own resources, a plan can be designed that will make your education costs affordable. To learn more, visit the Student Financial Services website (<https://studentfinance.northeastern.edu/>) or call 617.373.3190.

- Financial Aid (p. 23)
- Bill Payment (p. 23)
- Financing Options (p. 25)
- Tuition, Room, Board, and Fees Per Semester (p. 25)

Financial Aid

For many families, financial aid is a major element in making Northeastern University affordable. Student Financial Services provides a full range of options that help students establish a comprehensive plan to finance their education.

How to Apply

To apply for federal financial aid, freshmen and transfer students must submit the Free Application for Federal Student Aid (FAFSA) (<https://fafsa.gov/>). Additionally, for institutional aid consideration, freshmen and transfer students must also complete the CSS Profile (<https://cssprofile.collegeboard.org/>). Returning students must submit the FAFSA each academic year. Students are encouraged to submit their financial aid application materials by the priority filing deadline date to ensure that they are considered for all available financial aid programs for which they qualify. To view the priority filing deadline dates, please visit the Student Financial Services website (<https://studentfinance.northeastern.edu/applying-for-aid/undergraduate/how-to-apply/>).

Satisfactory Academic Progress (SAP)

QUALITATIVE

Student grade-point averages (GPAs) are reviewed annually at the end of spring semester. Freshmen students must have at least a 1.800 GPA by the end of their first academic year and a 2.000 GPA or better thereafter to retain financial aid eligibility. For students completing their sophomore year and beyond, a GPA of 2.000 is required to retain eligibility.

QUANTITATIVE

Students must also meet certain quantitative requirements. Completed credits are reviewed as a percentage of attempted credits after each academic year. Students must earn at least 67 percent of their cumulative attempted credits to maintain satisfactory academic progress.

APPEALS

Students who have lost their eligibility for financial aid due to failure to meet qualitative or quantitative SAP standards have the right to submit a letter of appeal to Student Financial Services. Approval of an appeal will be based on extenuating circumstances that had an impact on the student's ability to achieve the minimum standards of SAP and the assurance that these circumstances will not be present going forward. If

approved, appeals require a contractual agreement that must be signed by the student and a financial aid counselor.

Change in Enrollment Status

Students must notify Student Financial Services about any change in planned period of enrollment, whether due to withdrawal from a class, a leave of absence, a change in co-op or in class, an approved reduction in course load, or withdrawal from the university. Changes in enrollment may impact types and amounts of financial aid offered by Northeastern University.

It is highly recommended, whenever possible, that students discuss the impact of such changes with their financial aid counselor before making them.

Outside Sources of Aid

Students must notify Student Financial Services of any aid received from outside sources, such as scholarships from outside organizations. A review and possible recalculation of a student's financial aid award will occur.

Return of Title IV Aid

Northeastern is required by federal statute to recalculate federal financial aid eligibility for students who withdraw, drop out, are dismissed, or take a leave of absence prior to completing 60 percent of a term. Recalculation is based on the percentage of earned aid using the Federal Return of Title IV funds formula. Federal regulations require students to obtain at least an A, B, C, D, S, or F in at least one course for the term; students who receive all unsuccessful grades for a term (NE, W, I, U) will be considered unofficially withdrawn from the term. For unofficial withdrawals, the withdrawal date used for aid recalculation is the midpoint of the term.

Verification

If a student is selected for Verification, Student Financial Services may be required to collect additional financial documents, including tax returns and other financial documents, to verify the information provided on the FAFSA. Aid cannot be determined, finalized, or disbursed until this process is completed.

Change in Circumstances

If a student believes that the aid process does not accurately reflect their financial situation, or if family circumstances change during the year, the student should notify their financial aid counselor for further evaluation. For additional information, please refer to the Student Financial Services website (<https://studentfinance.northeastern.edu/policies-procedures/changes-in-financial-circumstances/>).

Bill Payment

Full payment of tuition, residence hall fees, and other related charges are due prior to the start of the term as specified on the original bill. A past-due balance may result in late fees, prevention of registration, prevention of grade release, prevention of participation in global study programs, or withdrawal from the university.

Tuition bills are only generated electronically and are available via the myNortheastern portal (<https://my.northeastern.edu/>). Paper bills are not generated. For additional information regarding the E-bill, please visit the Billing Frequently Asked Questions webpage (<https://>

studentfinance.northeastern.edu/billing-payments/billing-faq/). For details on available payment methods, visit the Payment Methods webpage (<https://studentfinance.northeastern.edu/billing-payments/payment-methods/>).

Payment of Tuition

Accepted methods of payment are:

- **Checks and e-checks:** Payments can be made on the web via NUPAY, which is available through the myNortheastern (<https://my.northeastern.edu/>) portal. Check or money order, payable to Northeastern University.
- **Monthly payment plan:** For additional information regarding the monthly payment plan, which is administered through Tuition Management Systems, visit the Student Financial Services website (<https://studentfinance.northeastern.edu/billing-payments/financing-options/>).
- **Supplemental student and parent loans:** There are a number of educational loan programs available to assist students and families in financing their education. Review options on the Student Financial Services website (<https://studentfinance.northeastern.edu/billing-payments/financing-options/>).
- **International payments using Flywire:** Northeastern University has partnered with Flywire to streamline the international wire payment process to the university. This service provides students and their families a safe, cost-effective, and convenient method of making payments to Northeastern University in foreign currencies. To learn more about international payments through Flywire, visit the Student Financial Services website (<https://studentfinance.northeastern.edu/billing-payments/payment-methods/>).

For additional information regarding available payment options, visit the Student Financial Services website (<https://studentfinance.northeastern.edu/billing-payments/payment-methods/>).

Student Financial Responsibility Agreement

As compelled by federal Law, all students who enroll in classes at Northeastern University are required to complete and accept the Student Financial Responsibility Agreement (SFRA) (<https://studentfinance.northeastern.edu/billing-payments/sfra/>). This agreement must be completed once per academic year and is located on the student's myNortheastern portal. Failure to complete the SFRA will result in a hold that prevents registration.

Discrepancies in Your Bill

Discrepancies in billing statements should be addressed in writing by the student to the Office of Student Accounts at studentaccounts@northeastern.edu. Include the student's name, NU ID, dollar amount in question, date of invoice, and any other information believed to be relevant.

If there is a billing discrepancy, pay the undisputed portion of the bill to avoid responsibility for any late fees.

Overloads/Reduced Loads

Undergraduate day tuition is charged on a flat per-term basis that includes the cost of each student's normal academic curriculum requirements for that term.

Adjustments for reduced loads are made only when the Undergraduate Petition to Reduce Load is approved by the academic department and the Office of the University Registrar, usually only in the final term.

International students who wish to drop below 12 credits during the semester must obtain authorization from the Office of Global Services (OGS) (<http://www.northeastern.edu/ogs/>). These students may be approved for a reduced course load of fewer than 12 credits but no fewer than 6 credits in accordance with federal regulations. Tuition adjustments will then be made if the course load falls below 12 credits during full semesters and 6 credits during summer half sessions (calculated at the per-credit-hour rate). To receive an adjustment, the Undergraduate Petition to Reduce Load must be submitted prior to the start of the term. No rebate or credit is granted when a student voluntarily drops a course.

Financial adjustments for course work greater than the prescribed curriculum for the term is calculated at the per-credit hour rate for undergraduate full-time students. Students taking more than 8 credits (summer half session) or 16 credits (full semester) will be charged at the per-credit hour rate.

Undergraduate full-time day students registered for co-op and taking a class will be billed at the per-credit-hour rate for the course. The flat undergraduate tuition rate will be charged for students on co-op enrolled in 12 credits or more.

Visit the Tuition and Fees webpage (<https://studentfinance.northeastern.edu/billing-payments/tuition-and-fees/>) for a full listing of tuition rates. Also see "Overload Policy (p. 31)" and "Reduced Load Policies (p. 31)."

Delinquent Balances

In cases of student default on tuition payments, the student may be withdrawn from the university and is liable for the outstanding tuition, as well as for all reasonable collection costs and any legal fees incurred by the university during the collection process. Accounts may be subject to monthly interest charges. *Transcripts and other academic records will not be released until all financial obligations to the university have been met.*

Refunds on Credit Balances

To submit a request for a refund on a credit balance because of an overpayment, a Student Refund Request must be submitted. This form can be completed through the student's myNortheastern portal (<https://my.northeastern.edu/>), under "Services & Links."

Visit the Student Financial Services website (<https://studentfinance.northeastern.edu/policies-procedures/>) for additional information regarding Student Refund Requests.

Refunds for Withdrawal from the University—General Information

Tuition refunds are granted based on the date of the official withdrawal processed by the Office of the University Registrar. Nonattendance does not constitute official withdrawal. Credit policies vary according to the duration of the course. Typical tuition adjustments are made according to the schedules shown below.

The first week of class is the week containing the "Classes Begin" date listed in the online academic calendar (<https://registrar.northeastern.edu/group/calendar/>).

Payment options and credit policies may vary for courses that follow a schedule different from the regular full or half-semester courses. If you are unsure about a course you are taking, contact the Office of Student Accounts.

Transcripts and other academic records will not be released until all financial obligations to the university have been met. All rates are

subject to revision at the discretion of Northeastern University’s Board of Trustees.

For information regarding policies that affect eligibility for federal grants and loans upon your withdrawal or adjustment to course enrollment, visit the Student Financial Services website (<https://studentfinance.northeastern.edu/>). Note that withdrawal policies vary for international study programs. For more information on study-abroad-related withdrawal policies, refer to the Global Experience Office (<http://www.northeastern.edu/geo/studyabroad/>).

Refunds for Course Withdrawals

Undergraduate day students should refer to the “Overload Policy (p. 31)” and “Reduced Load Policies (p. 31)” for information on adjustments for withdrawing from individual course(s). For withdrawals from a course after the third week of a full semester, contact studentaccounts@northeastern.edu.

Refunds for Complete Withdrawal from the University

FULL SEMESTERS

Official withdrawal during the first week	100% refund
Official withdrawal during the second week	100% refund
Official withdrawal during the third week	100% refund
Official withdrawal during the fourth week	60% refund
Official withdrawal during the fifth week	40% refund
Official withdrawal after the fifth week	no refund

SUMMER HALF SEMESTERS

Official withdrawal during the first week	100% refund
Official withdrawal during the second week	100% refund
Official withdrawal during the third week	50% refund
Official withdrawal during the fourth week	25% refund
Official withdrawal after the fourth week	no refund

Disability Resource Center Adjustments

Students who are registered with Northeastern University’s Disability Resource Center (<http://www.northeastern.edu/drc/>) are eligible to petition to the center for tuition adjustments directly related to their documented disability. Students who drop below 12 credit hours may be affected by the loss of full-time-student status. Further information is available from the Disability Resource Center.

Financing Options

Northeastern’s Monthly Payment Plan

Northeastern University offers a monthly payment plan, administered through Tuition Management Systems (TMS), which allows students and families to divide their educational costs into smaller, more manageable installments. In using this plan, it can reduce your need to borrow,

thereby, reducing the overall cost of education and can be combined with your financial aid award or other financing options.

Student/Parent Loans

There are a number of educational loan programs available to assist students and families in covering expenses over and above any financial aid that may be awarded from Student Financial Services. Most private lenders have credit and income requirements that students and/or parents must meet before being approved for these programs. When researching the loan and lender that best meet your needs, make sure you take into consideration the interest rate, the quality of customer service, as well as any origination, disbursement, and/or repayment fees.

To learn more about available financing options, including the monthly payment plan and student/parent loans, visit the Student Financial Services website (<https://studentfinance.northeastern.edu/billing-payments/financing-options/>).

Tuition, Room, Board, and Fees Per Semester

Annual costs for upperclass students participating in co-op vary depending on their pattern of attendance. See “Patterns of Attendance” section below. The number of semesters a transfer student spends in school depends on the curriculum of the student’s college. You are advised to verify your curriculum with your academic advisor so that you may plan accordingly.

Total Costs

The total costs for students living in our residence halls and enrolled in the 17 meal plan are as follows:

TUITION AND FEES

	Per Full Semester	Per Summer Half Semester
Tuition	\$26,210	\$13,105
Student Center Fee	\$70	\$35
Student Activity Fee	\$142 (per year)	
Campus Recreation Fee	\$60	\$35
Undergraduate Student Fee	\$310	\$155

ROOM, BOARD, AND FEES PER SEMESTER

	Per Full Semester	Per Summer Half Semester
Residential Student Fee	\$32	\$16
Housing	range from \$4,625–\$5,920 ¹	approximately 1/2 of semester rate ¹
17 Meal Plan ²	\$3,840	\$1,920

¹ Rates vary depending on occupancy and assignment. Visit the Housing and Residential Life website (<http://www.northeastern.edu/housing/>) for a detailed list of housing rates.

² See “Dining Services” for additional meal plan options.

Undergraduate day students who take a graduate course as part of their undergraduate program will be charged the same rates that apply to undergraduate credits. (See “Overload Policy (p. 31)” and “Reduced Load Policies (p. 31).”)

In addition to the expenses itemized above, families should plan on the normal costs of living that students incur for transportation, books, and personal expenses. While these expenses may vary, for the purpose of approximating a student budget, the university estimates these items at \$2,800 per year.

Tuition rates, room and board charges, and fees are subject to revision by the Northeastern University Board of Trustees at any time.

Patterns of Attendance

To better plan for tuition and fees, students and parents should be aware that:

1. Tuition is charged when a student is taking classes/earning academic credit. Tuition is not charged for co-op; however, the student will pay room and board if he or she stays in a university residence hall while on co-op and will be assessed tuition if enrolled in a class.
2. Financial aid will be distributed to match the student's academic program and tuition bills.

Northeastern University's calendar enables students to participate in six-month co-op assignments. Each academic year has two full semesters (fall semester, September–December, and spring semester, January–April) and two half semesters of about seven weeks each (summer I, May–June, and summer II, July–August). The six-month co-op assignments generally span either the spring plus summer I terms or the summer II plus fall terms.

The co-op schedule is flexible, but generally, students alternate periods in class with periods on co-op. All students are required to complete their program in the classroom, rather than on a co-op assignment, so their last semester will be in the classroom. For specific patterns of attendance for particular majors, consult the program plan for that major.

Fees Required of All Students

The following fees are required of all students:

APPLICATION FEE

A nonrefundable fee of \$75 must accompany an application for admission.

ENROLLMENT DEPOSITS

A nonrefundable enrollment deposit, which is applicable toward the first semester's bill, is due by January 15, 2019, for students admitted for Early Decision I, by February 20, 2019, for students admitted for Early Decision II, and by May 1, 2019, from all other accepted freshman students entering the university in September 2019. Please note, enrollment deposit deadlines for students applying Early Decision I and Early Decision II may vary year to year. Students entering at other times of the year, and transfer students, should note the required deposit due date on their letter of admission.

If you are an international student, your enrollment deposit includes a \$350 International Student Fee. This fee supports programs and services provided by the Office of Global Services (OGS) (<https://www.northeastern.edu/ogs/>) on campus.

UNDERGRADUATE STUDENT FEE

The mandatory undergraduate student fee supports enrollment-related services throughout the student's first year, including new student orientation and welcome week activities. Beyond the first year, the fee supports enrollment services and costs related to ongoing communication to students and parents. The Undergraduate Student Fee, in the amount of \$310 per full semester, is assessed each in-class or

study abroad term for undergraduate students. During the summer half semester, the fee is prorated.

STUDENT FEES

Students pay a Student Center Fee of \$70 per in-school full semester or \$35 per in-school summer half semester. This fee supports the Curry Student Center. An annual Student Activity Fee of \$142 is charged to support student clubs.

CAMPUS RECREATION FEE

All undergraduate students at Northeastern University will be assessed a campus recreation fee of \$60 per in-school full semester or \$35 per in-school summer half semester. This fee covers admission to home athletic events, use of the Marino Fitness Center, the SquashBusters athletic facility, and the Cabot Gym (fitness and pool). This fee will also support the future construction of athletic fields and facilities.

HUSKY CARD (PHOTO-IDENTIFICATION CARD)

This card is issued to new students at orientation and registration. Students must have a valid Husky Card to use at most university facilities. A replacement card costs \$25.

NORTHEASTERN UNIVERSITY STUDENT HEALTH PLAN (NUSHP)

Since September 1989, Massachusetts law (Massachusetts General Laws, Chapter 15A, Section 18) has required every full-time and part-time student enrolled in a Massachusetts institution of higher learning to participate in a student health insurance program (SHIP) or in a health benefit plan with comparable coverage. Students who have comparable health plan coverage may waive NUSHP by completing a waiver on their myNortheastern portal (<https://my.northeastern.edu/>) by the designated deadline date each academic year. For deadlines and additional information, visit the NUSHP website (<http://www.northeastern.edu/nushp/>).

Additional Fees

Other fees may include the following:

HOUSING APPLICATION/DEPOSIT

New students must submit a nonrefundable \$600 enrollment deposit along with a completed housing application form to complete the housing application process. University housing is required for all first- and second-year students entering as freshmen. The upperclass housing deposit is \$200 for each full semester and for each summer half semester.

RESIDENCE HALL ACTIVITIES FEE

All students living in the residence hall system pay a full-semester \$32 fee or half-semester \$16 fee for activities sponsored by the Residence Student Association.

LATE FEES

Late fees can be placed on accounts any time after the due date, if the account remains fully or partially unpaid. The university typically waits, however, until after the conclusion of the add/drop period, for the specified semester, prior to assessment of late fees. These fees are based on the amount past due at the time of assessment and can range from \$75 to \$200. Late fees are assessed once per semester.

If a student or payer wishes to dispute a late fee assessment, he or she must do so, in writing, to studentaccounts@northeastern.edu. Please be sure to include the student's name, NU ID, and reason for the dispute in the email.

INTERNATIONAL STUDENT FEE

A onetime fee of \$350 is charged to new undergraduate international students. The fee supports programs and services available at the Office of Global Services.

Room and Board

ROOM RATES PER SEMESTER

Visit the Housing and Residential Life website (<https://www.northeastern.edu/housing/>) for a complete display of room rates and residence halls.

TERMINATION CHARGE AND ROOM RATE ADJUSTMENTS

The university provides on-campus and leased accommodations that are assigned each term. Students are billed at the beginning of each term and are obligated to pay the full charge for the term. The high demand for on-campus housing makes it necessary for Housing and Residential Life to enforce its cancellation policy strictly. It is imperative to note that a student whose Residence Hall and Dining License Agreement is revoked for disciplinary reasons is subject to the same financial assessments as outlined below.

Students who are suspended or expelled from the university will have their current and any active housing application(s) canceled effective the date of suspension. When suspension or expulsion is sanctioned, the student will be charged according to the "Termination Credit Policy for Official Withdrawal from the University" below. All housing deposits on file will be forfeited. Upon readmittance to the university, the student must reapply for housing and if capacity has been reached, the student will be placed on the housing waitlist.

Students who withdraw from the university will have their meal plan charges prorated to the end of the week they complete the University Withdrawal form in the Office of the Registrar. Students must also complete the official housing withdrawal form and check out properly with their residence director. Housing charges for students who withdraw from the university will be prorated only through the end of the fifth week of full semesters and through the end of the fourth week of summer half semesters.

**Termination Credit Policy for Official Withdrawal from the University
Fall and Spring Semesters**

Official Withdrawal from University	Room Charge Credited
Week 1	100 percent ¹
Week 2	90 percent ¹
Week 3	80 percent ¹
Week 4	60 percent ¹
Week 5	40 percent ¹
After week 5 ²	0 percent ²

¹ This credit can also be based on the daily charges of time used.
² Students withdrawing after week 5 incur a 100 percent room charge for the term.

Summer Half Semesters

Official Withdrawal from University	Room Charge Credited
Week 1	100 percent ¹
Week 2	75 percent ¹
Week 3	50 percent ¹
Week 4	25 percent ¹
After week 4 ²	0 percent ²

¹ This credit can also be based on the daily charges of time used.
² Students withdrawing after week 4 incur a 100 percent room charge for the term.

Termination Charge Policy for Cancellation from the Residence Halls for Matriculating Students

Failure to provide timely, written notification of cancellation of housing will result in a charge to students for their assigned space. For example, if you are assigned to a room for the fall semester with a rate of \$5,350 and you cancel your housing on June 20, 2017, you will be assessed 50 percent of your room rate, which is \$2,675—not 50 percent of your deposit for the fall term.

If you cancel your housing prior to receiving an assignment, you will be assessed a cancellation fee according to the cancellation schedule at the rate of a standard double room for freshmen or a standard double in an apartment for upperclass and graduate students. If the cancellation deadline has passed, students who can demonstrate a significant change in academic, co-op, or financial circumstances may petition for a waiver of this charge. See the following cancellation charge schedule:

Amount Charged	For Fall Semester	For Spring Semester	For Summer 1	For Summer 2
Deposit refunded; no charge	Before 5/15/17	Before 10/1/17	Before 3/1/18	Before 4/15/18
25 percent of term room charge ¹	After 5/15/17	After 10/1/17	After 3/1/18	After 4/15/18
50 percent of term room charge ¹	After 6/15/17	After 10/15/17	After 3/15/18	After 4/30/18
75 percent of term room charge ¹	After 7/15/17	After 11/1/17	After 4/1/18	After 5/15/18
100 percent of term room charge ¹	After 8/1/17	After 12/1/17	After 4/15/18	After 5/31/18

¹ The student's deposit for the term is applied to the cancellation charge assessed.

DINING SERVICES

All students living in university residence halls that require students to have a meal plan are required to participate in the Unlimited, 17-, or 12-meal plan operated by University Dining Services.

All freshmen (during their first two semesters as matriculated college students) living in university residence halls are required to have a traditional meal plan. They are required to have at least a 12-meal plan except for those living in university apartments with kitchen facilities. Freshmen living in university apartments with kitchen facilities are required to have at least a 7-meal plan.

Students living in a meal-plan-required residence hall are automatically billed for the 17-meal plan but can increase to a Unlimited-meal plan or decrease to a 12-meal plan. All other students may choose to enroll in a meal plan via the "Services & Links" section on the (<http://www.myneu.neu.edu>)myNortheastern portal (<https://my.northeastern.edu/>).

Changes to the meal plan are made via the "Services & Links" section on the myNortheastern portal (<https://my.northeastern.edu/>). Deadlines

apply. Visit the Husky Card website (<http://www.northeastern.edu/huskycard/>) for details.

For information about menus and dining locations, visit the dining website (<http://www.nudining.com>).

The traditional meal plan rates for 2019–2020 are shown below. For updated meal plan rates, visit the tuition and fees webpage (<https://studentfinance.northeastern.edu/billing-payments/tuition-and-fees/>).

Meals per Week	Full Semester	Summer Half Semester
Unlimited	\$4,120	\$2,060
17	\$3,840	\$1,920
12	\$3,370	\$1,685
7	\$2,260	\$1,130

PROFILER MEAL PLANS

The nonrefundable profiler meal plan is a block of meals that are provided in lump sum and can be used at the student's discretion. Profiler options are available to all students. However, these plans cannot take the place of a required, traditional meal plan.

Profiler meal plans end in August at the end of summer 2 semester. Students are advised to pay close attention to the end dates, as unused meals do not roll over and will not be refunded. Profiler meal plans for 2018–2019 are valid from August 26, 2018, through August 24, 2019, and may be used at:

- Levine Marketplace
- Stetson West
- International Village
- Outtakes
- Rebecca's Café in Churchill Hall
- West End in Curry Student Center

Note: Dining locations are limited during the summer.

The profiler rates for 2019–2020 are shown below. For updated rates, visit the tuition and fees webpage (<https://studentfinance.northeastern.edu/billing-payments/tuition-and-fees/>).

Meals	Cost
25	\$460
50	\$895
86	\$1,510
110	\$1,900

Profiler plans are nonrefundable and cannot be modified.

Husky Dollars

Students can deposit funds into a Husky Dollar account and access these funds using their Husky Card at many restaurants and retail locations on and off campus, including the university's bookstore.

Note that the account accrues no interest and cannot be used for cash withdrawals. Visit the Husky Card website (<http://www.northeastern.edu/huskycard/>) for additional information, including vendor locations and instructions on how to add funds to your account.

Academic Policies and Procedures

This section presents general information about what is expected of students and how progress toward graduation is measured. The university assumes no liability for any delay in providing or failing to provide educational or related services or facilities due to causes beyond the reasonable control of the university. Causes include, but are not limited to, power failure, fire, strikes by university employees or others, weather damage, and acts of public authorities. However, when in its judgment it is appropriate to do so, the university will exert reasonable efforts to provide comparable or substantially equivalent services, facilities, or performance; but its inability or failure to do so shall not subject it to liability. No faculty member, administrator, or other representative of the university shall make any representations to, or enter into any agreements with, or act toward any student or other person in any manner that is not in conformity with established university policies, practices, and procedures as expressed in this or any other official university document.

- Leaves of Absence and University Withdrawal (p. 40)

Academic Integrity Policy

The following academic integrity policy was designed and approved by the Student Government Association and was also approved by the Faculty Senate.

Visit the Office of Student Conduct and Conflict Resolution (<http://www.northeastern.edu/osccr/academic-integrity-policy/>) website for a full description of these policies and procedures.

Honor Code

The following honor code was designed and approved by the Student Government Association:

On my honor, I pledge to uphold the values of honesty, integrity, and respect that are expected of me as a Northeastern student.

Code of Student Conduct

The Code of Student Conduct (<http://www.northeastern.edu/osccr/code-of-student-conduct/>) is available online.

Accommodations for Students with Disabilities

20 Dodge Hall
617.373.2675
617.373.7800 (fax)
Website (<http://www.northeastern.edu/drc/>)

Northeastern University and the Disability Resource Center (DRC) are committed to providing disability services that enable students who qualify under Section 504 of the Rehabilitation Act and the Americans with Disabilities Act Amendments Act (ADAAA) to participate fully in the activities of the university. To receive accommodations through the DRC, students must provide appropriate documentation that demonstrates a current substantially limiting disability. Accommodations are provided based on an evaluation of the information provided by students and their clinicians, on a case-by-case basis. These services are available for, but not limited to, students with the following diagnoses:

- Learning disabilities and/or AD(H)D
- Autism spectrum disorders
- Chronic or degenerative disorders
- Hearing loss
- Mobility impairments
- Psychiatric disorders
- Traumatic or acquired brain injury
- Vision impairments

Students should provide documentation to the DRC at their earliest convenience to allow for sufficient time for review. After the documentation has been reviewed, a disability specialist will contact the student regarding appropriate next steps. Visit the DRC website (<http://www.northeastern.edu/drc/>) for additional information or contact staff at 617.373.2675.

Attendance Requirements

Class participation is essential to success no matter the course format or its delivery; therefore, attendance is mandatory. Individual instructors may have additional, course-specific, attendance policies. It is the student's responsibility to ascertain what each instructor requires. Failure to meet attendance requirements may force a student to drop the applicable courses. Students should not make conflicting commitments until the class schedules for each semester are final. Permission to make up work may be granted by instructors for reasonable cause. Requests must be made immediately upon a student's return to class. Laboratory work can be made up only during the hours of regularly scheduled instruction.

Absence Because of University-Sponsored Activities

Participation in university-sponsored activities, where the students are representing their university, college, or department, may cause absences from class that qualify as excused absences. Excused absences, with appropriate prior arrangement, are not subject to penalty, and missed work may be satisfied through agreement between the student and the instructor. University-sponsored activities that may justify excused absences include athletic competition, performing arts events, and research or other presentations.

Students must discuss absence(s) with instructors at least two weeks in advance of the university-sponsored activity, or as soon as possible if the activity is at the beginning of the term or is the result of an unforeseen circumstance. Instructors may require a written statement from the administrator in charge of the activity. Instructors are expected to make reasonable accommodations for these class absences, including administration of makeup assignments and exams whenever possible. It is expected that students seeking an excused absence will develop a plan and timetable to make up the missed course work with their instructor(s). Note, however, that the requirements of some courses or programs may preclude such accommodations.

Absence Because of Religious Beliefs

Any student who is unable, because of his or her religious beliefs, to attend classes or to participate in any examination, study, or work requirement should be provided with an opportunity to make up such examination, study, or work requirement that he or she may have missed because of such absence on any particular day, provided that such makeup examination or work does not create an unreasonable burden upon the university. Students should make appropriate arrangements with the instructor in advance of the absence, preferably at least two weeks before the religious observance.

Absence Because of Jury Duty

Members of the university community are expected to fulfill their obligations to serve on a jury if called upon. A student selected for jury duty should inform his or her instructors. They will provide a reasonable substitute or compensatory opportunities for any required work missed. A student with such an absence will not be penalized in any way.

Absence Because of Military Deployment

See “Leave of Absence Due to Military Deployment (p.).”

Other Absences

Unforeseen events or circumstances, including illness, may cause a student to be absent from class. Students must notify their instructors and academic advisor, as appropriate, as soon as possible to apprise them of the circumstances leading to their absence, as well as how much time will be missed. Students must work with their instructors to develop a plan, with a timetable, to make up missed course work. Students cannot be required to provide medical documentation. (Faculty and students should note that the University Health and Counseling Service does not provide sick notes or medical excuses except for long-term illness.) Instructors are expected to make reasonable accommodations for warranted class absences, including administration of makeup assignments and exams, whenever possible.

Extended Absences

A student who is absent from school for an extended period of time must inform his or her academic advisor by letter, email, or telephone. The expected length of the absence may determine whether the student should apply for a medical or emergency leave of absence (p.). It is strongly recommended that the student contact his or her academic advisor to discuss potential next steps, which could include incomplete grades; withdrawal from classes; or, in the event of an extended absence due to a chronic medical condition or disability, consultation with the Disability Resource Center to explore potential accommodation.

Nonattendance

Nonattendance does not constitute official course dropping or withdrawal, which means the student is fully responsible for the academic and financial consequences. Like all grades for courses attempted and/or completed, a grade earned due to nonattendance

impacts a student’s academic progression, an international student’s visa eligibility, and a federal financial aid recipient’s aid eligibility and award.

Student Evaluation of Courses (TRACE)

Students play a critical role in the university’s commitment to quality teaching and academic excellence when they participate in the evaluation of courses through TRACE (Teacher Rating And Course Evaluation), a survey developed collaboratively by the Student Government Association and the Faculty Senate. TRACE data are important in the process of course design and improvement, as well as in the process of faculty evaluation. Students are expected to participate in TRACE with constructive feedback that is relevant to teaching and course content. TRACE results from previous terms can be found on the myNortheastern web portal (<http://www.myneu.neu.edu>).

Registration and Taking Courses

Students are expected to register for classes during the published registration times in the academic calendar. Freshmen may be preregistered for some or all of the courses they need. Most registration after the freshman year is accomplished through the myNortheastern web portal (<http://www.myneu.neu.edu>). Students must complete “I Am Here” registration just prior to the start of classes to remain enrolled. Class adds must be registered by the end of the seventh class day.

Class Schedule

All classes start promptly according to the class schedule shown. Most classes at Northeastern are scheduled in the time periods listed.

Students are expected to be punctual. Students who are late for classes should attend for the balance of the class period. Instructors will not tolerate habitual tardiness.

Students may leave 15 minutes past the scheduled opening of class if the instructor is not present. In such cases, students should notify the department in which the course is offered that the instructor was not present.

Any change of regularly scheduled classes or examinations must have the unanimous consent of the students involved unless other mutually acceptable arrangements for students to attend the alternative class or examination are worked out between the faculty member and the student(s) involved. Final exams must be held during the final exam time period and may not be negotiated in accordance with the official policy.

During the terms when they are teaching, faculty members are expected to provide sufficient conference time to meet the instructional and advising needs of their students.

Fall and Spring Schedule

Sequence 1	MWTh	8:00–9:05
Sequence 2	MWTh	9:15–10:20
Sequence 3	MWTh	10:30–11:35
Sequence 4	MWTh	1:35–2:40
Sequence 5	MWTh	4:35–5:40
Sequence 6	TuThF	11:45–12:50
Sequence 7	TuWF	3:25–4:30
Sequence A	MTh	11:45–1:25
Sequence B	MW	2:50–4:30

Sequence C	TuF	8:00–9:40
Sequence D	TuF	9:50–11:30
Sequence E	WF	11:45–1:25
Sequence F	TuF	1:35–3:15
Sequence G	TuF	3:25–5:05
Sequence H	Tu and Th	11:45–1:25 2:50–4:30
Sequence L	MWTh	8:00–11:35
Sequence M	MWTh	11:45–2:40
Sequence N	MWTh	2:50–5:40
Sequence P	MWTh	8:00–10:20
Sequence Q	MWTh	10:30–1:25
Sequence R	MWTh	1:35–5:40
Sequence S	MWTh	1:35–4:30
Sequence T	TuF	8:00–11:30
Sequence U	TuF	11:45–3:15
Sequence V	TuF	3:25–5:25
Sequence W	TuF	1:35–5:05

Summer Schedule

Sequence 1	MTuWTh	8:00–9:40
Sequence 2	MTuWTh	9:50–11:30
Sequence 3	MTuWTh	1:30–3:10
Sequence 4	MTuWTh	3:20–5:00
Sequence 5	MTuWTh	11:40–1:20
Sequence A	MW	8:00–11:30
Sequence B	MW	1:30–5:00
Sequence C	TuTh	8:00–11:30
Sequence D	TuTh	1:30–5:00

Course Syllabus

Faculty members are expected to distribute a syllabus at the start of each course. The syllabus should also be placed on the course Blackboard site. The syllabus should include a schedule of topics, exam and assignment due dates, information on how to contact the faculty member, process for conference time, grading and attendance policies, and a reminder of the university's academic integrity policy.

Course Prerequisites

Students are expected to meet prerequisites as listed in the course description of each course in which they enroll. Grades of F, U, I, or W in prerequisite courses do not normally fulfill requirements. Exceptions must be authorized by the instructor teaching the course.

Overload Policy

An overload occurs when a student is enrolled in more courses than prescribed by the program's curriculum. To register for an overload, students are advised to consult their academic advisor. Students who enroll in overload courses will be billed at the per-credit-hour rate, 1/16th of the full-semester tuition for that semester per semester hour. Undergraduate full-time day students may register for an additional music ensemble course from the list of courses without added charge as long as they are registered for a full course load.

Reduced Load Policies

Undergraduate full-time student adjustments for reduced loads are made only when the Undergraduate Petition to Reduce Load is approved by the academic advisor and by the Office of the Registrar. Adjustments will

then be made if the course load falls below 12 semester hours during full semesters and 6 semester hours during summer half semesters (calculated at the per-credit-hour rate). To receive an adjustment, the Undergraduate Petition to Reduce Load must be submitted prior to the start of the term.

No rebate or credit is granted when a student voluntarily drops a course. A reduced load may impact the student's housing, financial aid, visa status, and health insurance. Students should consult applicable departments before committing to a reduced load. Students who take a reduced load will be billed at the per-credit-hour rate, 1/16th of the full-semester tuition for that semester per semester hour.

International students must speak with an advisor at the Office of Global Services (OGS) (<http://www.northeastern.edu/ogs/>) prior to dropping a course. Permission to drop below full-time status is restricted according to federal regulations.

Audit Policy

Full-time Northeastern students (16 credits at the undergraduate level and 8 credits at the graduate level, before the audit registration) may audit one class per term as an overload with no additional charge. Students are permitted to register from the end of the course-add period to the end of the third week of classes. Registration is based on the availability of a seat in the class. Students must obtain advisor approval and meet the prerequisites and any other required approvals for the class. Instructor permission as well as approval by the associate dean of the college offering the course is required. The course work required is at the discretion of the instructor. Once a student opts to audit a course, the audit status of the course cannot be changed. First-year students may not audit classes. A signed Petition to Audit (<http://www.northeastern.edu/registrar/form-petition-to-audit.pdf>) must be presented to the Office of the Registrar during the designated audit-add period. Excluded courses are co-op, labs, language courses, any off-campus course, any online course, and any course required for the major or degree. Audits carry no academic credit.

Pass/Fail (S/U) System

The individual schools and colleges state how and when the pass/fail system may be used. An outline of the general system follows.

- Any student not on academic probation may register for one pass/fail course per semester if permission is granted by the college in which the student is enrolled and if the course is offered on a pass/fail basis.
- Pass/fail courses are normally restricted to electives outside the major, minor, or NUPath requirements. The college faculty, however, may choose to adopt the pass/fail system of grading when it appears pedagogically sound for required courses within a major or minor.
- Before requesting a pass/fail grade from an instructor, students should meet with their academic advisor to determine whether doing so will disqualify the course from satisfying a program requirement or elective. In general, courses taken on a pass/fail basis can be used only to satisfy open electives.
- Individual faculty members may decide whether any of their courses may be taken on the pass/fail system of grading, except when uniformity is necessary. In such cases, the department and/or college faculty offering the course determine whether the pass/fail system is used.
- Grades recorded on the basis of the pass/fail system do not figure in the computation of the grade-point average. Satisfactory completion of all courses taken on the pass/fail system is designated on the student's permanent record by the letter S. Unsatisfactory work is

designated by the letter U. Any unsatisfactory grade must be handled according to the existing policy of the college but must never be cleared through the election of the same course pass/fail, except when this system is the only one used by the college for grading the course.

- To use the pass/fail system, students must meet all prerequisites for the course and declare by the end of the second week of the semester their intention to receive a pass/fail grade. This deadline may be extended to the end of the eighth week of a full semester or the end of the fifth week of summer half semester at the option of the instructor.
- Students must submit a Petition to Elect Pass/Fail Grade (<http://www.northeastern.edu/registrar/form-passfail.pdf>), signed by the faculty member.

Taking a Course while on Co-op or on Summer Vacation

Students who wish to take a course while on co-op or on summer vacation must complete an appropriate form in their college academic student services office before the term begins. Students on co-op should complete the petition registration form, and students on summer vacation should complete the summer-only petition registration form. Students who do not file the appropriate form will be dropped from their preregistered courses. Students who take a course while on co-op will be billed the overload tuition rate. Students who take a course while on summer vacation will be billed at the underload tuition rate. (See “Overload Policy” and “Reduced Load Policies” above.)

Transfer Credits for Current Students

Once they matriculate, students are expected to complete all course work for their degree at Northeastern; or an entity in a formal contractual, consortial, or partnership relationship with Northeastern; or at an approved study-abroad program. In some cases, in order to clear a deficiency, to permit students access to courses deemed by their respective advisors and colleges to be important for their education but unavailable to them at Northeastern, or to remain on track for graduation, a student may petition their college for permission to take a course at another accredited institution.

With the approval of the college academic advisor and the graduate school offering the courses, students may take courses in Northeastern's graduate schools.

Students who wish to take courses at another institution and transfer the credit to Northeastern must obtain *prior* approval from the college academic advisor. The Office of the Registrar validates accredited institutions to ensure credit transferability. The student must earn a C (2.000) or better for a course to be considered for transfer. Students are responsible for providing documentation on the institution's accreditation, course grading, and course descriptions prior to approval.

Special Students

Students who are not enrolled at Northeastern University may petition the college academic advising office to take courses on a semester-by-semester basis. Approval is based on the student's academic qualifications and on the availability of class space. The maximum cumulative credit hours for which a special student may register is 20 (not including related labs). Tuition is billed at the undergraduate per-credit-hour rate. If the college academic advising office approves the course enrollment, the student pays the bill and then returns the completed forms to the Office of the Registrar.

Dropping Courses

Not attending class does not constitute withdrawal. Students receiving a grade of W or NE in any course are responsible for the costs associated with that course. Students must drop courses using processes described below:

IN FALL AND SPRING SEMESTERS

- Through the third week of the semester, students may withdraw without any grade being posted to the transcript. Courses may be dropped via the myNortheastern web portal (<http://www.myneu.neu.edu>).
- Between the fourth week and the last day of classes, course withdrawals are indicated by a W on the student's record. Courses may be dropped via the myNortheastern web portal (<http://www.myneu.neu.edu>). No financial adjustment is made for courses receiving a W grade.
- After the last day of classes, no withdrawals are accepted for any reason. A letter grade for the course will be posted on the transcript.
- Dropping below full-time enrollment (12 semester hours for fall and spring semesters) may affect financial aid, health insurance eligibility, and the maintenance of proper nonimmigrant visa status.

IN SUMMER HALF SEMESTERS

- Through the second week of the half semester, students may withdraw without any grade being posted to the transcript. Courses may be dropped via the myNortheastern web portal (<http://www.myneu.neu.edu>).
- Between the third week and the last day of classes, course withdrawals are indicated by a W on the student's record. Courses may be dropped via the myNortheastern web portal (<http://www.myneu.neu.edu>). No financial adjustment is made for courses receiving a W grade.
- After the last day of classes, no withdrawals are accepted for any reason. A letter grade for the course will be posted on the transcript.
- Dropping below full-time enrollment (8 semester hours for summer half semesters) may affect financial aid.

Late Admission to a Course

Students may petition to register for a course after the normal “class add” period, seven class days. Permission may be granted if seats are available and at the discretion of the instructor. If students are not already registered for a full course load, late admissions may jeopardize full-time status.

The Late Course Registration form (<http://www.northeastern.edu/registrar/form-late-reg.pdf>) is available online.

Student Records, Transcripts, and Related Policies

Pass/Fail System

Grade Table

Grades are officially recorded by letters, evaluated as follows.

Letter Grade	Numerical Equivalent	Explanation
A	4.000	Outstanding achievement
A–	3.667	
B+	3.333	
B	3.000	Good achievement
B–	2.667	
C+	2.333	

C	2.000	Satisfactory achievement
C-	1.667	
D+	1.333	Undergraduate only
D	1.000	Undergraduate only/ Poor achievement
D-	0.667	Undergraduate only
F	0.000	Failure
I		Incomplete
IP		In progress
NE		Not enrolled
NG		Grade not reported by faculty
S		Satisfactory (pass/fail basis; counts toward total degree requirements)
U		Unsatisfactory (pass/fail basis)
X		Incomplete (pass/fail basis)
L		Audit (no credit given)
T		Transfer
W		Course withdrawal

An I, IP, or X grade shows that the student has not completed the course requirements.

The IP grade is intended for courses that extend over several terms. The time restrictions on the incomplete grade do not apply to the IP grade. While the IP grade is left unchanged, it is not included in computing the grade-point average. If the IP grade is never changed, the course does not count toward graduation requirements.

Northeastern University Course Numbering

0001-0999	Orientation and basic
	No degree credit

UNDERGRADUATE

1000-1999	Introductory level (first year) Survey, foundation, and introductory courses, normally with no prerequisites and designed primarily for students with no prior background
2000-2999	Intermediate level (sophomore/junior year) Normally designed for sophomores and above but in some cases open to freshman majors in the department
3000-3999	Upper-intermediate level (junior year) Designed primarily as courses for juniors; prerequisites are normally required, and these courses are prerequisites for advanced courses
4000-4999	Advanced level (senior year)

Designed primarily for juniors and seniors; also includes specialized courses such as research, capstone, and thesis

GRADUATE

5000-5999	First-level graduate Courses primarily for graduate students and qualified undergraduate students with permission
6000-6999	Second-level graduate Generally for master's and clinical doctorate only
7000-7999	Third-level graduate Master's- and doctoral-level courses; includes master's thesis
8000-8999	Clinical/research/readings Includes comprehensive exam preparation
9000-9999	Doctoral research and dissertation

Clearing an Incomplete or Changing Other Grades

The period for clearing an incomplete grade or for changing a grade other than an incomplete or failure (F or U) is restricted to one calendar year from the date it is first recorded on the student's permanent record. An incomplete grade may be reported by the instructor when a student has failed to complete a major component of a required course, such as homework, a quiz or final examination, a term paper, or a laboratory project. Students may make up an incomplete grade by satisfying the requirements of the instructor or, if the instructor is absent, the chair of the department. Be aware that instructors' policies on the granting of incomplete grades may vary and that the final decision on an incomplete grade is up to the instructor.

To request an incomplete grade, the student must obtain and complete in consultation with the instructor an Incomplete-Grade Contract (<http://www.northeastern.edu/registrar/form-inc-grade.pdf>) on which the precise agreement for clearing an incomplete grade is specified and which is signed by the student and the instructor. Copies of the form are kept by the student, the instructor, and the Office of the Dean of the college in which the course is offered. Any exception to this policy on change of grades must be recommended by the Academic Standing Committee (ASC) of the college in which the course was offered and must be forwarded in writing by the ASC to the registrar for implementation. (Finishing the agreed-upon course work must be completed within one calendar year from the end of the term in which the course was offered.)

University policy states that any grade outstanding for 12 or more months cannot be changed. Any exception to this policy on change of grades must be recommended by the ASC of the college in which the course was offered and must be forwarded in writing by the dean to the Office of the Registrar for implementation.

Repeating Courses

When the appropriate course is available, students may repeat a course to earn a better grade. In all cases, the most recent grade earned in a course is the one used in calculating the overall grade-point average; however, previous grades remain on the transcript followed by the word "Repeat." Consult your academic advisor before repeating a course. Students are required to pay normal tuition for all repeated course work.

Substituting Courses

In some cases, it may not be possible to repeat a course if a student wishes to do so. In unusual circumstances, students may petition to substitute one course for another they have already taken, as long as the subject matter of both courses is substantially alike. With the approval of the student's academic advisor and the agreement of the department that offered the first course taken, a grade received in the new course will be labeled "Substitute" on the transcript and will be treated in the grade-point average calculation as a "repeat" grade, as described above. The original grade will remain on the student's Northeastern transcript. Students should consult with their academic advisor before enrolling in any proposed substitute course. Students are required to pay normal tuition charges for all substitute course work.

Clearing an Academic Deficiency

An academic deficiency occurs when a student fails to complete a course with a satisfactory grade. The deficiency may occur because the student has failed the course or because the student has passed the course but with a grade that does not meet the minimum required by the student's program.

Students who have academic deficiencies may be required to clear them before progressing within the curriculum, especially if a given course is a prerequisite for future course work. Deficiencies may affect the student's expected year of graduation.

With the approval of the appropriate program faculty and/or academic advisor, students can clear deficiencies in the following ways:

1. Repeat the same course at one of Northeastern's colleges, which will result in a "repeat" grade (see "Repeating Courses" policy above).
2. Substitute a comparable course at one of Northeastern's colleges, which will result in a "repeat" grade (see "Substituting Courses" policy above).
3. Under special circumstances, if the course is not currently offered at Northeastern University, a student may be advised to take a preapproved course at another institution outside Northeastern University. The original grade will remain on the student's Northeastern transcript and will still be used in the calculation of the grade-point average.

Appeal of Final Grades

Under certain circumstances, students have the right to appeal final grades given by either academic faculty or cooperative education coordinators. Criteria and procedures for such appeals can be found on p.1 of the Undergraduate Student Handbook (http://www.northeastern.edu/osccr/wp-content/uploads/2018/06/2018-19_Handbook_full-PDF.pdf) or on the appeals policies and procedures page (<http://catalog.northeastern.edu/graduate/academic-policies-procedures/appeals/>) within the graduate portion of the university catalog.

Grade-Point Average (GPA)

Numerical equivalents for scholastic averages are weighted according to the number of hours the course carries. For example, suppose a student receives a grade of B in a course carrying 4 semester hours and a grade of A in a course carrying 1 semester hour. The weightings for these example courses are as follows:

Grade	Numerical Equivalent	Semester Hours	Weight
B	3.000	4	12
A	4.000	1	4
Totals:		5	16

The GPA for both courses would then be the total weight (16) divided by the total semester hours (5), or 3.200. Grades of I, IP, S, U, and X are not included in the calculation of the GPA. See grade table (p. 32) for a complete list of grades and numerical equivalents.

Grade Reports

Grades are available to students approximately three days after the end of each term via the myNortheastern web portal (<http://www.myneu.neu.edu>). A missing grade means that none was received from the instructor. Grades received late from faculty are processed as they are received.

Transcripts

Currently enrolled students may obtain unofficial transcripts from the myNortheastern web portal (<http://www.myneu.neu.edu>) and may also order official transcripts through myNortheastern. For further information on transcript requests, visit the transcript request webpage (http://www.northeastern.edu/registrar/trans_request.html). All questions concerning transcript requests should be directed to 617.373.2300,

TTY 617.373.5360

Pass/Fail System

The individual schools and colleges state how and when the pass/fail system may be used. An outline of the general system follows.

- Any student not on academic probation may register for one pass/fail course per semester if permission is granted by the college in which the student is enrolled and if the course is offered on a pass/fail basis.
- Pass/fail courses are normally restricted to electives outside the major, minor, or NUPATH requirements. The college faculty, however, may choose to adopt the pass/fail system of grading when it appears pedagogically sound for required courses within a major or minor.
- Before requesting a pass/fail grade from an instructor, students should meet with their academic advisor to determine whether doing so will disqualify the course from satisfying a program requirement or elective. In general, courses taken on a pass/fail basis can be used only to satisfy open electives.
- Individual faculty members may decide whether any of their courses may be taken on the pass/fail system of grading, except when uniformity is necessary. In such cases, the department and/or college faculty offering the course determine whether the pass/fail system is used.
- Grades recorded on the basis of the pass/fail system do not figure in the computation of the grade-point average. Satisfactory completion of all courses taken on the pass/fail system is designated on the student's permanent record by the letter S. Unsatisfactory work is designated by the letter U. Any unsatisfactory grade must be handled according to the existing policy of the college but must never be cleared through the election of the same course pass/fail, except when this system is the only one used by the college for grading the course.
- To use the pass/fail system, students must meet all prerequisites for the course and declare by the end of the second week of the

semester their intention to receive a pass/fail grade. This deadline may be extended to the end of the eighth week of a full semester or the end of the fifth week of summer half semester at the option of the instructor.

- Students must submit a Petition to Elect Pass/Fail Grade (<http://www.northeastern.edu/registrar/form-passfail.pdf>), signed by the faculty member.

Final Examinations and Related Policies on Other Exams and Final Term Papers/Projects

- Final examinations are normally two hours in length and must be held when and where scheduled. Final exams are held during a designated final exam period at the end of the semester. An examination schedule is posted at the beginning of each semester at the final-exam schedule webpage (<http://www.northeastern.edu/registrar/finexsched.html>).
- Students are responsible for knowing the time and location of their examinations. Final exam schedules are available to students online via the myNortheastern web portal (<http://www.myneu.neu.edu>) under "My Schedule" in the "Self-Service" tab approximately the fourth week of the term.
- Students who have two examinations scheduled at the same time or three exams on the same day may complete and submit the Final Exam Conflict form (<http://www.northeastern.edu/registrar/form-finex-conflict.pdf>) by the posted deadline.
- Instructors may not give more than 30 total minutes of examinations during the eight calendar days prior to the start of the final exam period.
- Students who have concerns about exams scheduled during the eight calendar days prior to the start of the final exam period, rescheduling of final examinations, or conduct during an examination should report their concerns to their college academic student services office.
- All final examinations, term papers, or projects must be returned to the student or be retained by the department for a period of one year.

Course Credit Guidelines

Guidelines for Assigning Credit to Courses

The primary standard for establishing course credit at Northeastern is the semester/quarter hour, or Carnegie Unit, the standard used by the federal government. One hour of credit is awarded for a lecture/seminar class meeting 50 minutes each week during a 15-week semester or 12-week quarter and also requiring a minimum of two hours of outside preparation each week by the student. An hour of contact time in the rest of the document is based on this 50-minute session.

- 2 semester/quarter hours (100 minutes per week of instruction plus 4–6 hours homework, or equivalent)
- 3 semester/quarter hours (150 minutes per week of instruction plus 6–9 hours homework, or equivalent)
- 4 semester/quarter hours (200 minutes per week of instruction plus 8–12 hours homework, or equivalent)

The Office of the Registrar, 271 Huntington Avenue, maintains the official record for all courses. In the event of error in any publication, the academic record will reflect the correct semester/quarter hours applicable to any degree requirement.

On occasion, course titles change, while the course number remains the same. Despite such title changes, the course is still considered to be the

same course. Students who have taken the course under the old title and then take the course again under the new title are considered to have repeated the course.

NOTE ABOUT HOMEWORK AND STUDENT PREPARATION FOR CLASS

The credit hour assumes a set proportion of two hours of student preparation or homework for every hour spent in class. Northeastern wishes to emphasize that the federal government has established this as the minimum amount of work expected, and assigning more work does not in itself justify an increase in the credit value of the course. We also wish to note that there is great variation in the amount of time each student will need to devote to each course or to a specific form of study (e.g., reading, writing, completing problem sets), and, therefore, it is not possible to enforce any exact accounting of student work outside of class.

CREDIT ASSIGNMENT PROCESS

Northeastern University uses the Carnegie Unit to determine class meeting time requirements. The actual amount of academic work that goes into a single credit hour is calculated as follows:

- One lecture (taught) or seminar (discussion) credit hour represents one hour per week (50 minutes) of scheduled class/seminar time and two hours of student preparation time.
- One laboratory or studio credit hour represents one hour per week of lecture or discussion time plus one to two hours per week of scheduled supervised or independent work, or a total of three hours in the lab or studio.

DEFINED INSTRUCTIONAL METHODS

- Traditional: meets fully on ground in a physical location with instructor present
- Hybrid: meets majority on ground in a physical location with instructor present with some online instructional component
- Live cast: meets fully on ground in a physical location with the instructor in a different location teaching synchronously and supported by an instructional assistant in the physical location
- Online: meets fully online

FULL-TIME AND HALF-TIME STUDY

Courses that define academic activities related to curriculum but are not credit bearing have the following required hours of participation:

- Full-time courses: 32–40 hours per week in a semester for a minimum of 11 weeks or 55 days, or in a quarter for 9 weeks or 45 days
- Half-time courses: 20–31.99 hours per week in a semester for a minimum of 11 weeks or 55 days, or in a quarter for 9 weeks or 45 days (to achieve full-time status, graduate students must take 3 or more academic credits and undergraduate students must take 4 or more academic credits)
- Summer 1 or Summer 2 semester: minimum of 5 weeks or 25 workdays
- Summer quarter: 6 weeks or 30 workdays

International students should confer with the Office of Global Services to determine CPT requirements as appropriate.

Academic Honors

Dean's List

A dean's list, or honors list, is issued at the end of each fall and spring semester. Effective fall 2010, the requirements to be on the dean's list are

a 3.500 grade-point average (GPA) or higher with no incomplete grade or grade below C-. Students who are on any form of probation, who are enrolled in a course on a pass/fail basis (except where there is no alternative or where required by the program), or who are not carrying a full load as determined by their undergraduate college are not eligible. With a few exceptions as approved by the respective colleges, a full load for fall and spring semesters is considered to be a minimum of four courses or 16 semester hours.

Graduation with Honors

Graduation with honors and selection as the class marshal are reserved for undergraduates who have completed 64 semester hours in residence and meet the following GPA requirements to graduate with honors:

GPA	Honor Conferred
3.500–3.699	Graduate with honor (cum laude)
3.700–3.849	Graduate with high honor (magna cum laude)
3.850–4.000	Graduate with highest honor (summa cum laude)

Note: The university reserves the right to change these standards.

University Honors Program Distinction

University Honors Program Distinction is earned by those students who have completed six honors courses, including an honors interdisciplinary seminar, and who have maintained a cumulative GPA of 3.500. The honors course requirement is adjusted for students who join the University Honors Program as second-semester first-year students (five honors courses) or as rising/continuing sophomores (four honors courses). Entering first-year students are invited to join based on a combination of their high school academic preparation, SAT/ACT scores, and leadership/civic engagement record. See the program's website (<http://www.northeastern.edu/honors/>) for information about the guidelines on how continuing students may join.

Honors in the Discipline

Honors in the Discipline is earned by those students who successfully complete college-defined requirements, generally culminating in a junior/senior honors thesis or a junior/senior honors project. This distinction will appear on the transcript (for example, "Honors in Music" or "Honors in Chemistry"). Detailed information about Honors in the Discipline is provided under each college's website.

Academic Progression Standards

Faculty Advisor Communication Tool (FACT)

FACT warns students and their advisors of difficulty in courses. This warning is important for students' success, especially for students with a cluster of academic problems. Faculty members are expected to submit warnings by the fifth week of the semester, early enough for correction of the performance or for withdrawal from the course, if appropriate. FACT warnings and/or progress reports for student-athletes are necessary for NCAA compliance.

Academic Status

Academic progress of all students is reviewed by academic advisors at the end of each semester. Students are notified soon after final grades are posted if there are concerns about academic progress in any or all of the following areas:

1. Overall grade-point average (GPA)
2. Semester hours successfully completed
3. Failing or near-failing grades in courses that are required for progress in the major

Students at Northeastern maintain good academic standing when they meet the following criteria:

1. Have an overall GPA of 1.800 at the end of each semester of their freshman year and a minimum cumulative GPA of 2.000 at the end of each semester thereafter
2. Earn at least 12 semester hours in the semester just completed

Individual colleges may have additional requirements that are specified in each college section that follows.

In addition, many programs require that specific courses be successfully completed to progress to the next year. Students who do not make satisfactory progress will not graduate with their class and may be withdrawn. For more information about additional academic progression standards for each college, program, or major, refer to the curriculum guidelines that can be found in the college sections of this catalog. See financial aid implications under "Financial Aid (p. 23)."

Academic Probation

Full-time students who fail to meet the criteria for good standing described above will be placed on academic probation effective for the following semester. The action will appear on the internal record but not on the transcript.

Academic Dismissal

Students who remain on probation after two full-term academic semesters may be dismissed from the university. This action may appear on the transcript at the end of the second probationary semester. In addition, students who have below a 1.000 GPA or fewer than 4 earned semester hours in any semester or cumulatively may be dismissed at the discretion of their college. Students may appeal this decision to the Academic Standing Committee of their college (see following section). International students should consult with an advisor in the Office of Global Services (OGS) (<http://www.northeastern.edu/ogs/>) to discuss the impact of an academic dismissal as it relates to nonimmigrant visa status.

Academic Standing Appeals

Students may appeal academic standing status if they can provide evidence and/or reasons supporting an appeal. Generally, a student on probation may be granted no more than one additional full-term academic semester to meet the criteria for good academic standing. Students may appeal to the Academic Standing Committee of their college to review probation and dismissal cases.

Academic Eligibility for Participating in Student Organizations and Athletics

All students must have a minimum 2.000 overall GPA to be eligible for an elected or appointed leadership position in any student organization. Athletes must adhere to NCAA standards.

Repeating Courses to Clear Deficiencies

See Repeating Courses (p. 32) and Clearing an Academic Deficiency (p. 32)

Definition of Freshman, Sophomore, Junior, and Senior

For undergraduate day students, freshman, sophomore, junior, and senior standing are determined by earned semester hours:

Freshman	Less than 32 semester hours
Sophomore	At least 32 but less than 64 semester hours
Junior	At least 64 but less than 96 semester hours
Senior	At least 96 semester hours

Graduation Requirements

To be eligible to receive degrees, graduating seniors must meet all academic and residency requirements. They must also clear all financial, experiential education, and disciplinary deficiencies.

In addition, each program of study has specific academic requirements. These are specified for each program under the various schools and colleges in this catalog.

Once they matriculate, students are expected to complete all course work for their degree at Northeastern; or an entity in a formal contractual, consortial, or partnership relationship with Northeastern; or at an approved Northeastern University study-abroad program. In some cases, in order to clear a deficiency, to permit students access to courses deemed by their respective advisors and colleges to be important for their educations but unavailable to them at Northeastern, or to remain on track for graduation, a student may petition their college for permission to take a course at another accredited institution. See also "Residency Requirement," below.

Prior to completion of their program, students are expected to complete a graduation degree audit at their college's academic student services office.

Note: Participation in study abroad in a student's final semester may result in a delay in graduation due to calendar discrepancies across institutions.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Residency Requirement

In addition to meeting all degree and major requirements, students must earn a minimum of 64 Northeastern University semester hours to receive a bachelor's degree. Established exchange programs, where students are earning two degrees, one from Northeastern University and one from another institution, require students to earn a minimum number of Northeastern University semester hours as specified by the exchange program. Specialized programs for students with preexisting credentials have specific residency requirements.

Commencement

Attendance at Commencement is optional. Information concerning Commencement is provided to all graduating seniors during the spring semester. Seniors who have been removed from the graduation list are

notified if they fail to qualify for their degrees. No special notice is sent to students who do qualify.

Degrees, Majors, and Minors

Declaring Majors and Minors

Undergraduate students may declare their majors upon admission to the university or may elect to join programs for undeclared students before declaring a major. Students must declare a major no later than the end of the sophomore year. Majors and concentrations are described under the various schools and colleges in this catalog.

Students should submit a petition form to earn a minor as early as possible and, generally, no later than the end of the junior year, by applying to the department offering the minor. Completion of the requirements of a major, minor, or concentration is noted on the transcript.

Changing Majors

Undergraduate students enrolled full-time in one or more of the university's undergraduate schools or colleges may change their major if they meet one of the following transfer criteria:

- The student meets the criteria for immediate entry as defined by the receiving major.
- The student has a cumulative grade-point average (GPA) of 2.000 or greater and satisfactorily completes the transition criteria as defined by the receiving major. For GPA below 2.000, change of major is at the discretion of the receiving major.

Students who are considering a major change must discuss their change in person with an advisor in the receiving major. See the online list of advising offices (<http://www.northeastern.edu/registrar/changemajor-offices.html>). The advisor will certify that the student meets the criteria for immediate entry to the major or will set up a transition term for the student to satisfy the change-of-major criteria. Advisors will discuss the student's ability to succeed in the desired program given the current academic record as well as the influence of changing major on the student's ability to obtain a degree in the desired program within the traditional eight-academic-term time frame.

Transition criteria are designed to help ensure that students who change major have a reasonable chance of academic success and program completion. A list of school and college transition criteria is maintained at the website of the respective school or college. Students wishing to join some majors must also audition or submit a portfolio, as indicated on the aforementioned webpage. Note also that some colleges have deadlines for applications to change major, also indicated on the aforementioned webpage.

International students must inform the Office of Global Services (OGS) (<http://www.northeastern.edu/ogs/>) of any change of major.

Northeastern Explore Program

The Northeastern Explore Program provides support and guidance to first-year students who have not yet decided upon or officially declared a major. All students must declare a major no later than the end of the sophomore year. Undeclared students are strongly encouraged to declare a major by the beginning of their sophomore year if they are interested in highly structured programs or in maximizing their number of co-op

placements within such a major. Admission to a particular major is dependent on the transfer criteria described above.

The D'Amore-McKim School of Business, the College of Engineering, and the Khoury College of Computer Sciences also each provide resources to facilitate a major choice for students who enter their respective colleges with undeclared majors.

Double Major

Students may earn a double major by gaining admission to the second major and by completing all requirements for both majors. Because some double majors will have a significant overlap in courses, all double-major proposals must be approved by the home college of each major in the proposed double major. Students completing a double major receive one degree and one diploma. The two majors appear on the transcript. If the two majors are in different colleges, the degree is associated with the major in the home college.

Second Northeastern University Bachelor's Degree

To earn a second bachelor's degree after earning a first bachelor's degree from Northeastern, a student must be granted admission to the second program, enroll at Northeastern, and complete all requirements for the second major that are not already on the student's transcript. Outdated course work may not be accepted. Students must earn a minimum of 32 semester hours beyond those earned toward the first degree. A second diploma will be awarded and the second degree will be noted on the transcript.

Students must complete an application with the home college of the intended degree. Some programs may require prerequisites prior to admission. Students should apply by the normal transfer deadline to ensure timely consideration. The college makes the determination on admission; notifies the student of this decision; and, if the student is admitted, provides the student with a program of study and reactivates the student's record. International students must consult with an advisor in the Office of Global Services to request updated documentation reflecting engagement in the second Bachelor's Degree program.

Combined and Independent Majors

Students with academic interests not available in the context of existing majors, minors, and double majors may propose a combined or independent major. In these majors, students pursue in-depth study in areas that are supported and approved by the appropriate Northeastern faculty members.

COMBINED MAJORS

Combined majors include at least nine courses associated with each of two participating disciplines. There must be at least one course that acts as a bridge between the disciplines. No more than two courses may count for both disciplines, i.e., there must be at least 16 courses in the combined major. The combined major should be declared by the end of the first semester of the junior year. It is generally advantageous to declare the combined major as early as possible, especially when highly structured disciplinary components are involved. There are three categories of combined majors:

1. A number of defined combined majors currently exist where the curriculum is specific to each individual program; see the online list of current combined major program options. (<https://registrar.northeastern.edu/article/combined-majors/>)
2. A number of disciplines have preapproved template programs that may be paired in a variety of combinations to yield combined

majors; see the online list of current preapproved template programs. (<https://registrar.northeastern.edu/article/combined-majors/>)

3. Disciplines will consider combined programs upon student request.

Currently Defined Combined Major

Students may request admission to a currently defined combined major by following the standard procedure for changing majors. A home college is designated, in which the student will be registered and from which he or she will be graduated. Students completing a combined major receive one degree and one diploma. The combined major and home college will appear on the transcript and diploma.

Student-Requested Combined Major

Students may request admission to a new combined major via the Combined Major Approval form (<https://registrar.northeastern.edu/article/combined-majors/>) that requires approval by both disciplines/colleges together with an approved curriculum. The request may be for a combined major comprised of preapproved template programs or for a new combined major to be considered by the participating disciplines. During the planning process, advisors from both disciplines will be designated, and one will be identified as the primary advisor. If the two disciplines partnering in the combined major are in different colleges, a home college will be designated in which the student will be registered and from which he or she will be graduated. A meeting of the student and both advisors representing the two disciplines must be held to plan the combined-major curriculum and to consider NUPATH requirements. See the online list of discipline advisors and college contacts for new student-requested combined majors (<http://www.northeastern.edu/registrar/contacts-stu-req-combined.html>).

Students completing a combined major receive one degree and one diploma. The combined major and home college will appear on the transcript and diploma. When the two components of the combined major individually offer different degree designations, the degree designation that will appear on the transcript and diploma will be designated during the approval process.

INDEPENDENT MAJORS

In the rare cases when students have academic interests that fall within the expertise of Northeastern faculty members and that are not available in the large number of existing majors, minors, and combined majors, they may propose an independent major. Independent majors form an integrated program focusing on some issue, theme, or subject area not available within the context of existing curricula. These programs should be equivalent in depth and coherence to existing majors and may involve an integrative project. No student with less than a 3.250 grade-point average will be approved for an independent major. The proposal must be approved by the end of the first semester of the junior year. Proposals will not be considered before the end of the freshman year. For initial information and advice, interested students should consult the associate dean overseeing undergraduate studies in their current home college or the college most relevant to the proposed course of study.

The student assumes the initiative in formulating an independent major. High degrees of student initiative and self-reliance are also necessary for completion of this type of major. The student is responsible for securing the advice and approval of faculty mentors, at least one from each of the disciplines. These faculty mentors will help the student design the curriculum. The faculty mentors will guide the student's academic progress through the major. The student should select one of the faculty mentors as the primary mentor.

If the disciplines partnering in the independent major are in different colleges, the college of the primary mentor will be designated as the home college, in which the student will be registered and from which

he or she will be graduated. Students completing an independent major receive one degree and one diploma. The independent major and home college will appear on the transcript and diploma. When the components of the independent major individually offer different degree designations, the degree designation that will appear on the transcript and diploma will be designated during the approval process.

The student, with the assistance of the faculty mentors, must formulate in writing and submit to the home college curriculum committee an Independent Major Approval form (<http://www.northeastern.edu/registrar/form-maj-ind.pdf>) bearing the signatures of all faculty mentors and a proposal containing the following items:

- A statement of the central concept around which the independent major is organized and a rationale for the major, including a discussion of why existing programs are inadequate to the student's purpose and how the proposed major meets the student's educational, professional, or personal goals
- A list of courses—including names, numbers, prerequisites, and frequency of offering (if known)—and a breakdown of the introductory, intermediate, and advanced courses included in this list
- A statement of the manner in which the requirements of the university core are fulfilled (and, if applicable, BA core requirements (p. 45))
- A list of courses—including numbers, names, and grades—already taken that will apply to the major or to the university core (and BA core, if applicable) requirements
- A student transcript
- A calendar for completion of the degree

A meeting of all faculty mentors and the student must be held before college approval of the major program. In accepting the proposal, the home college dean's office certifies that the rules established for the independent major have been followed, and it assumes administrative responsibility by assigning an academic advisor to monitor the student's progress and clear the student for graduation. Any changes in the curriculum must be approved by the primary faculty mentor, and the home college advisor must be informed.

PlusOne Bachelor's/Master's Programs

Northeastern University offers a number of PlusOne bachelor's/master's degree programs that allow students to accelerate the completion of the bachelor's degree by applying graduate credits taken as an undergraduate toward both the undergraduate and graduate degrees. Generally, both degrees may be earned in one more year than is the normal time allotted for completion of the bachelor's degree. See additional information on PlusOne Bachelor's/Master's programs (<http://www.northeastern.edu/plusone/>).

Northeastern University School of Law also admits students from a small number of programs in the College of Social Sciences and Humanities to a 3+3 program that allows students to count their first year of law school toward their undergraduate degree.

Minors

Minors offer an opportunity for students to complement their major with intensive study in another area. A minor consists of a minimum of four courses defined by a department or an interdisciplinary program. In some cases, background courses are also required. Unless otherwise indicated, minors are generally open to all university students. Minors appear on the transcript only after completion of requirements has been certified and the degree has been awarded.

Personal Information

Change of Name

Report all name changes to the Office of the Registrar immediately. This is especially important when students marry and wish to use a new name on university records. Official documentation of the name change is required.

Change of Address

Report all address changes via the myNortheastern web portal (<http://myneu.northeastern.edu/>) or in person at the Office of the Registrar or Office of Student Accounts. Both the permanent home address and the local address are required. International students must also report any changes of address to the Office of Global Services (OGS) (<http://www.northeastern.edu/ogs/>) within 10 days in order to ensure compliance with Student and Exchange Visitor Information System (SEVIS) requirements.

Family Educational Rights and Privacy Act (FERPA)

FERPA for Students—General Information

FERPA is a federal law that applies to educational institutions. Under FERPA, schools must allow students who are 18 years or over or attending a postsecondary institution:

- Access to their education records
- An opportunity to seek to have the records amended (see the *Student Handbook* for this procedure)
- Some control over the disclosure of information from the records

FERPA General Guidance for Parental Disclosure

When a student turns 18 years of age or attends a postsecondary institution, the student, and not the parent, may access, seek to amend, and consent to disclosures of his or her education records.

If you are an undergraduate day student and you choose not to share information with your parents, Northeastern will, if asked, indicate that you have restricted access to your records.

Release of Directory Information

The primary purpose of directory information is to allow Northeastern University to confirm attendance for employers, health insurance companies, and loan agencies. Northeastern may disclose appropriately designated "directory information" without written consent, unless you have advised the university to the contrary in accordance with the procedures below. If you choose not to release directory information, all communications with all third parties and agencies will need to be done through your written request to the university or in person.

As of June 30, 2016, Northeastern directory information includes:

- Student name
- Home address (city, state, country only)
- Major field of study
- College
- Class year
- Enrollment status (e.g., undergraduate or graduate, full-time or part-time)
- Dates of attendance
- Degrees, honors, and awards received

- Most recent educational agency or institution attended
- Sports activity participation, showing weight/height of members of athletic teams
- Participation in officially recognized activities

If Northeastern currently has permission to release data and you do not want the university to disclose directory information without your prior written consent, you must notify the university by coming to the Office of the Registrar, 271 Huntington Avenue.

Notification of Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the university receives a request for access. Students should submit to the registrar, dean, or head of the academic department (or appropriate official) written requests that identify the record(s) they wish to inspect. The university official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the university official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education record that the student believes is inaccurate or misleading. Students may ask the university to amend a record that they believe is inaccurate or misleading. They should write the university official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the university decides not to amend the record as requested by the student, the university will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interest. A school official is defined as a person employed by the university in an administrative, supervisory, academic, or support staff position (including law enforcement unit and health staff); a person or company with whom the university has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a person assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the university to comply with the requirements of FERPA. At Northeastern, the Office of the University Registrar, 271 Huntington Avenue, administers FERPA.

Additional Information

Additional information can be obtained at the U.S. Department of Education's website (<http://www.ed.gov/policy/gen/guid/fpco/ferpa/>) or by writing to:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW

Washington, D.C. 20202-5920

Student Right-to-Know Act

For information about the Student Right-to-Know Act, visit the Registrar's website. (<http://www.northeastern.edu/registrar/right-to-know.html>)

Leaves of Absence and University Withdrawal

General Leave of Absence Policy

Students who wish to take a leave of absence are encouraged to apply for the leave by filling out the proper petition through the myNortheastern web portal before the last day to drop without a W in a term. Students can request a leave up until the last day to drop with a W in a term, but should review the financial implications of withdrawing from courses on the Student Financial Services website. Students can take up to one year of leave, excluding medical and emergency leaves of absence. Any leave of absence type, if approved, will take into account the following conditions:

- Students who do not return at the end of the leave will be withdrawn and must contact their college for re-entry prior to the term start.
- Students must return to classes, not co-op.
- Students must be currently enrolled in academic classes or co-op. If a student is withdrawn for personal reasons, the withdrawal can be reversed and a request for a leave of absence can only be processed if it is before the last day to drop without a W in a term. If the student has been administratively withdrawn, a request for leave of absence cannot be considered until the withdrawal is resolved.
- Students who receive financial aid should meet with a financial aid counselor before going on a leave.
- Students in university housing should refer to the Housing and Residential Life Office for policy information.
- A Student's enrollment status cannot include more than one academic year of consecutive non-class enrollments. Students on leave for more than one year will be withdrawn from the university.
- If a student has taken multiple leaves equating to one year, the next leave request will be processed as a withdrawal.
- International students must make an appointment with the Office of Global Services (OGS) (<http://catalog.northeastern.edu/professional-studies/academic-policies-procedures/absence-withdrawal/#military>) to discuss leave of absence procedures in accordance with federal regulations.

Students on a leave of absence are considered active students and are able to register for classes in an upcoming term in a leave status. If a student is unable to register because they are inactive, they should contact their college for re-entry at the time of registration for the return term. Students are expected to register for classes upon returning from a leave of absence.

Medical or Emergency Leave of Absence

Medical leave is an option available to those Northeastern students who develop a major medical condition that precludes class attendance, completion of requirements, and/or participation in co-op. Medical leave petitions must be initiated at University Health and Counseling Services (UHCS). Students are not allowed to take classes for credit toward their degree at Northeastern while on a medical leave of absence. Students

can petition their college for an exception to take classes elsewhere while on a medical leave of absence based on extenuating circumstances.

Students who wish to re-enter the university following a medical leave must contact UHCS. Re-entry from a medical leave requires receipt of all documentation delivered to UHCS on or around one month prior to the planned re-entry to classes. Once all documentation is received by UHCS, it will be reviewed and the student will be notified of the decision. Students must be enrolled in Northeastern University classes for the term in which they wish to return from their medical leave of absence.

More specific information about the re-entry process, along with the application for leave, can be found at the UHCS website (<http://www.northeastern.edu/uahcs/access-to-care/>).

Emergency leaves may be granted when a student cannot continue attending class after the start of the term due to life-changing situations beyond the student's control. Students can access the application and submit their request for an Emergency Leave of Absence online by going to the myNortheastern web portal (<http://www.myneu.northeastern.edu/>), and typing "Registrar Forms" in the search box, choosing Leave of Absence, and then selecting Emergency as the leave type.

The university's medical leave of absence and emergency leave policy states that all *tuition* charged for the term in which the leave has been granted will be held by the university and applied toward future tuition charges in the same academic program. This does not include housing and other fees. Outstanding balances (including unpaid balances) for the academic term in which the leave is taken are still due the university. Tuition adjustments are made depending on the timing of the leave. The adjustments would follow the same schedule as the official withdrawal adjustments. See the schedule for "Refunds for Complete Withdrawal from the University (<http://catalog.northeastern.edu/undergraduate/expenses/bill-payment/#comp-with>)." Financial aid recipients must contact their financial aid counselor to understand the effects on aid received.

If the leave extends more than six months, student loans may go into repayment. Students enrolled in the Northeastern University Student Health Plan (NUSHP) will remain enrolled in the plan for the plan year, ending August 31.

Returning from a Leave Of Absence

Students on a leave of absence are considered active students and are able to register for classes in an upcoming term in a leave status. If a student is unable to register because they are inactive, they should contact their college for re-entry at the time of registration for the return term. Students are expected to register for classes upon returning from a leave of absence.

Students who are withdrawn and are applying for Commencement may be re-entered on a leave of absence, pending the college's approval, prior to the term in which they will graduate. International students returning from a leave of absence should contact OGS regarding the Student and Exchange Visitor Information System (SEVIS) procedures three to four months prior to anticipated return date.

Students who wish to re-enter the university following a medical leave must contact the Medical Leave Team at UHCS. Re-entry from a medical leave requires receipt of all documentation delivered to UHCS on or around one month prior to the planned re-entry to classes. Once all documentation is received by the Medical Leave Team, it will be reviewed and the student will be notified of the decision. Students must attend classes for the term they wish to return from medical leave of absence.

Leave of Absence Due to Military Deployment or Missionary Service

When a student is called to active duty or missionary service, they must apply for the leave by filling out the proper petition through the myNortheastern web portal (<http://myneu.northeastern.edu/>). Proof of official deployment or call to service paperwork will be required as an attachment when filling out the leave of absence request.

When a student is called during the term, the university will:

- Excuse tuition for that term. Any payment made will be credited to the student's account.
- Post a leave of absence for the term to hold a place for the student when he or she returns.

If a student is called near the end of the term, the student and faculty members may determine that incomplete (I) grades are more appropriate. In this case, tuition will not be waived.

When a student returns to the university after completion, he or she will notify the college academic student services office if the leave was longer than one year, which will in turn notify the Registrar's Office. The college academic student services office will assist the student with re-entry and registration. If the leave was less than one year, the student should register for classes for the upcoming term prior to returning to campus.

International students who must take a leave of absence to engage in military service in their home country must additionally fill out a form for leave of absence with OGS.

Leave of Absence for International Students

International students should discuss maintenance of proper U.S. immigration status with an advisor at OGS before requesting any type of leave of absence.

University Withdrawal

Students seeking to withdraw from the university for any reason should meet with their academic advisor before completing the university withdrawal form online. Students should review the financial implications of withdrawing from all classes on the Student Financial Services website.

Students may be withdrawn from the university for financial, disciplinary, academic, or medical reasons. In the last case, the vice president for student affairs will review the recommendations of the director of health services to determine whether the student should withdraw. Withdrawals are made only when it is determined that the student is a danger to himself or herself or to other members of the university community, or when the student has demonstrated behavior detrimental to the educational mission of the university.

Note that withdrawal from the university will impact an international student's immigration status. Thus, international students should discuss the means to maintain proper U.S. nonimmigrant status with an advisor at OGS before requesting or after having been placed on withdrawal.

NUpath

Learning, Knowing, Doing, Leading

NUpath is Northeastern University's set of institution-wide general education requirements for all students in all majors. The goal of NUpath is to develop in our students the knowledge and skills to be lifelong learners with success in many careers, to be thoughtful global citizens, and to be fulfilled human beings. It offers students the flexibility to integrate general education learning into their individual educational journeys while maintaining the rigor of high standards through defined learning outcomes, making NUpath a unique tool for personalized enrichment. NUpath is competency based rather than course based. It is built around essential, broad-based knowledge and skills—such as understanding societies and using and analyzing data—integrated with specific content areas and disciplines.

NUpath requirements are met throughout a student's program of study. NUpath requirements are not restricted to specific colleges or departments and can be fulfilled through major, minor, or concentration requirements as well as through general electives. NUpath courses may not be taken pass/fail. NUpath is required for all freshmen who entered in fall 2016 and later. It does not apply to students already admitted with a different set of core requirements or to transfer students whose entry year was earlier than the fall of 2016.

- Requirements (p. 42)
- Learning Goals (p. 43)
- Writing-Intensive Courses (p. 45)
- Additional Requirements for BA Students (p. 45)

NUpath Requirements

NUpath requirements are a set of eleven competencies designed to prepare students for personal success in an ever-evolving global society regardless of their chosen field of study. NUpath requirements are as follows:

- Engaging with the Natural and Designed World
- Exploring Creative Expression and Innovation
- Interpreting Culture
- Conducting Formal and Quantitative Reasoning
- Understanding Societies and Institutions
- Analyzing and Using Data
- Engaging Differences and Diversity
- Employing Ethical Reasoning
- Writing across Audiences and Genres
- Integrating Knowledge and Skills through Experience
- Demonstrating Thought and Action in a Capstone

Because NUpath is competency based rather than course based, students have many options of courses to fulfill the requirements. Students can use the Dashboard tool (<http://www.neu.edu/registrar/db-ugd.html>) to find courses both in and beyond their major requirements that satisfy NUpath. Courses that meet major, minor, or concentration requirements can also meet NUpath requirements. There are no level restrictions or semester-hour restrictions. No course taken as pass/fail can be used to satisfy a NUpath requirement. A single course can count for up to two of the following requirements:

- Engaging with the Natural and Designed World
- Exploring Creative Expression and Innovation
- Interpreting Culture
- Conducting Formal and Quantitative Reasoning
- Understanding Societies and Institutions
- Analyzing and Using Data
- Engaging Differences and Diversity
- Employing Ethical Reasoning

The three additional requirements (writing-intensive in the major, capstone, and experiential) are not limited. So, for example, a course may have two out of the first list (such as Differences and Diversity and Societies and Institutions) and *also* fulfill writing-intensive in the major and capstone.

Transfer credit and placement tests can also be used to meet the NUpath attributes of the Northeastern course equivalents. Up to five of the

following eight requirements can be met by transferred or placement test credits:

- Engaging with Natural and Designed World
- Exploring Creative Expression and Innovation
- Interpreting Culture
- Conducting Formal and Quantitative Reasoning
- Understanding Societies and Institutions
- Analyzing and Using Data
- Engaging Differences and Diversity
- Employing Ethical Reasoning

Transfer credits cannot be used to fulfill the capstone or experiential requirements. Of the writing requirements (p. 45), only the first-year writing requirement can be met by transferred or placement test credits.

NUpath Learning Goals

Established and assessed learning goals ensure rigorous opportunities for students to achieve the essential skills and competencies of NUpath regardless of the context or course within which the learning occurs. Any course that meets a NUpath requirement incorporates the learning goals of that requirement. The requirement short name and/or user code is what will appear in course descriptions and student audits.

Engaging with the Natural and Designed World

Short Name: Natural and Designed World
User Code: ND

Students study and practice scientific investigation and/or engineering design in order to understand the natural world and to effect changes in it to meet human and societal needs and wants. They learn critical thinking and analytical problem solving; the biological, chemical, and/or physical principles that govern the natural world; and the efforts that underlie the origins, development, acceptance, and applications of those principles.

LEARNING GOALS

By the end of the course, students should be able to:

- A. Formulate a question that can be answered through investigation or a challenge that can be addressed through research or design.
- B. Develop and use models based on evidence to predict and show relationships among variables between systems or components of systems in the natural and/or designed world.
- C. Use and question scientific principles and practices to evaluate issues raised by the interplay of science, technology, and society.

Exploring Creative Expression and Innovation

Short Name: Creative Expression/Innovation
User Code: EI

Students study and practice creative expression and innovation. They learn about traditions of creative expression and innovation in any of a number of modes (texts, image, sounds, design, etc.) and products (poems, paintings, prototypes, business plans, games, apps, medical devices and procedures, etc.) and develop their own creative processes

and products as a means of seeing and experiencing the world in new ways and communicating those experiences to others.

LEARNING GOALS

By the end of the course, students should be able to:

- A. Describe creative processes in one or more disciplines (e.g. art, business, writing, science, engineering).
- B. Generate an artifact (e.g., design, poem/essay, application, visualization, musical composition, product, prototype) through a creative process.
- C. Evaluate experimentation, failure, and revision in the creation of innovative projects.

Interpreting Culture

Short Name: Interpreting Culture
User Code: IC

Students study and analyze cultural practices, artifacts, and texts (e.g., visual art, literature, theatrical performances, musical compositions, architectural structures). They learn critical reading and observation strategies and how traditions of theoretical, aesthetic, and/or literary criticism provide different lenses for the interpretation of cultural objects and practices.

LEARNING GOALS

By the end of the course, students should be able to:

- A. Recognize and identify a variety of cultural practices and creations, their forms of production, and development over time.
- B. Acquire and assess techniques of interpretation (including critical reading and observation techniques), criticism, and analysis of cultural practices, texts, and/or artifacts.
- C. Formulate arguments for and against different theories and interpretations of cultural practices, texts, and/or artifacts

Conducting Formal and Quantitative Reasoning

Short Name: Formal/Quantitative Reasoning
User Code: FQ

Students study and practice systematic formal reasoning using either the symbolic languages of mathematics and logic or the combinations of text and symbols characteristic of computer software. They learn when and how to apply formal reasoning to particular problems and subject matters.

LEARNING GOALS

By the end of the course, students should be able to:

- A. Recognize when examination of a phenomenon or situation can benefit from problem-solving techniques and analyses that use formal reasoning.
- B. Use their expertise in some applications of formal reasoning and know when to call upon domain experts when a problem is beyond their personal expertise.
- C. Generate artifacts that require formal reasoning and planning. These artifacts might include logical proofs, mathematical computations, software, simulations, problem solutions, or plans/analyses in a variety of disciplines that require a formal, systematic component.

Understanding Societies and Institutions

Short Name: Societies and Institutions

User Code: SI

Students study and practice social science, historical, and/or literary methods of inquiry and theories in order to understand human behavior and cultural, social, political, and economic institutions, systems, and processes. They learn theories of social behavior as they relate to phenomena such as globalization, social change, and civic sustainability.

LEARNING GOALS

By the end of the course, students should be able to:

- A. Describe current theories of how social, political, or economic institutions, systems, and processes work.
- B. Explain the historical and cultural contingency of many descriptions and explanations of human behavior, institutions, systems, and processes.
- C. Evaluate social, political, or economic theories by applying them to local and global phenomena.

Analyzing and Using Data

Short Name: Analyzing and Using Data

User Code: AD

Students study and practice methods and tools of data analysis and use. Students learn about the structure and analysis of at least one type of data (e.g., numbers, texts, documents, web data, images, videos, sounds, maps) and acquire the skills to examine, evaluate, and critique such data; extract patterns; summarize features; create visualizations; and provide insight not obvious from the raw data itself. Students also learn to be sensitive to ethical concerns associated with data: security, privacy, confidentiality, and fairness.

LEARNING GOALS

By the end of the course, students should be able to:

- A. Describe how data may be acquired, stored, transmitted, and processed.
- B. Analyze at least one important type of data and summarize the results of an analysis in ways that provide insight.
- C. Use mathematical methods and/or computational tools to perform analysis.
- D. Evaluate and critique choices made in selection, analysis, and presentation of data.

Engaging Differences and Diversity

Short Name: Differences and Diversity

User Code: DD

Students study and practice methods for recognizing and understanding human diversity of various kinds in global, local, and organizational contexts. They learn theories and perspectives of human difference; civic sustainability and multiculturalism; how social arrangements shape and are shaped by difference; and the histories, cultures, and interactions of diverse groups.

LEARNING GOALS

By the end of the course, students should be able to:

- A. Describe how notions of human difference have changed over time and across local and global contexts.

B. Discuss the value in recognizing, respecting, and embracing human diversity and how diversity contributes to culture and society, including civic sustainability.

C. Evaluate and compare two or more theories of human difference and approaches to cultivating and leveraging diversity.

D. Connect theories of human difference and approaches to diversity to one's own experience

Employing Ethical Reasoning

Short Name: Ethical Reasoning

User Code: ER

Students study and practice methods of analyzing and evaluating the moral dimensions of situations and conduct. They learn ethical theories and frameworks; explore how conceptions of morals and ethics shape interpretation of concepts such as justice, fairness, rights and responsibilities, virtue, and the good life; and apply these to personal, professional, social, political, historical, or economic questions and situations.

LEARNING GOALS

By the end of the course, students should be able to:

- A. Describe the moral and ethical elements of an issue, problem, or situation.
- B. Explain at least two key ethical theories.
- C. Apply ethical theories to moral dilemmas and personal positions.

Writing Across Audiences and Genres

Short Name: Writing Across Audiences/Genres

User Code: WF/WD/WI

Note: This requirement is met by four courses. See more details under Writing-Intensive Courses (p. 45).

Students study and practice writing for multiple public, academic, and professional audiences and contexts. They learn to use writing strategies, conventions, genres, technologies, and modalities (e.g., text, sounds, image, video) to communicate effectively.

Learning goals for first-year writing:

- A. Adapt writing for multiple academic, professional, and public occasions and audiences.
- B. Identify and practice writing conventions of various genres.
- C. Identify credible, relevant sources and engage and cite them appropriately in their written work.
- D. Draft, revise, and edit their writing using feedback from readers.

Learning goals for Advanced Writing in the Disciplines:

- A. Adapt writing for multiple academic, professional, and public occasions and audiences.
- B. Display familiarity with the writing conventions of genres in an academic field or profession.
- C. Identify credible, relevant sources and engage and cite them appropriately in their written work.

D. Draft, revise, and edit their writing using feedback from readers.

Learning goals for writing-intensive courses in the major:

A. Demonstrate facility with the writing conventions of genres in the academic field or profession.

B. Identify credible, relevant sources and engage and cite them appropriately in their writing work.

C. Draft, revise, and edit their writing using feedback from readers.

Integrating Knowledge and Skills Through Experience

Short Name: Integration of Experience

User Code: EX

Students study and practice the principles and strategies of experiential learning. Through direct experience and reflection on that experience, they learn to recognize and articulate their knowledge and skills, to apply the knowledge and skills they learn in one context to another context, and to determine what knowledge and skills they need to develop to meet their goals.

Learning Goals: By the end of the course, students should be able to:

A. Apply knowledge and skills in new, authentic contexts.

B. Gain new knowledge and develop new skills to successfully engage in unfamiliar tasks and activities.

C. Integrate and use the deepened knowledge and skills as well as the newly gained knowledge and skills to continue to learn in their academic programs.

D. Articulate how and what one learns across a range of contexts.

Demonstrating Thought and Action in a Capstone

Short Name: Capstone Experience

User Code: CE

Each student must take at least one course designated as a capstone experience. Capstone courses may be designed for a specific degree program, for a department, or for a college. The learning goals for a capstone will be developed by the unit that is designing the capstone. Students must complete a capstone in their major. In cases where a student has multiple majors (such as in a combined or double major), the units may specify in which major to take the capstone or may leave the choice to the student.

Writing-Intensive Courses

The faculty expects all students to become effective writers and achieve the learning goals of the "Writing across Audiences and Genres" NUpath attributes. To this end, students are given opportunities to improve their writing throughout their curriculum.

First-Year Writing Requirement

All first-year students must satisfy a first-year writing requirement in one of the following ways:

Code	Title	Hours
ENGW 1111	First-Year Writing	4
ENGW 1110 and ENGW 1111	Introductory First-Year Writing and First-Year Writing	8

ENGW 1102

First-Year Writing for Multilingual Writers

4

Depending on performance in Introductory First-Year Writing (ENGW 1110), the second half of the two-course sequence may be waived, as determined by the Department of English. Students must earn a C or better in the required writing course to satisfy the first-year writing requirement.

The First-Year Writing Program conducts a version of "guided self-placement" and requires students bring an essay to the first class meeting; see the guided self-placement (<https://www.northeastern.edu/writing/first-year-writing/guided-self-placement/>) page for details.

For more information about the Writing Program, visit the Writing Program webpage (<http://www.northeastern.edu/writing/>).

Note: Introductory First-Year Writing (ENGW 1110) is not credited toward graduation in the College of Engineering.

Advanced Writing Requirement

Advanced Writing in the Disciplines (AWD) is the second course of the university-wide requirement. Students are eligible to enroll in AWD once they satisfy the first-year requirement, earn a minimum of 64 semester hours of academic credit (this number includes the semester in which students enroll in AWD), and have at least junior or senior standing. Students are encouraged to take AWD before they have accrued 96 semester hours. A variety of AWD sections are offered, including Advanced Writing in the Technical Professions, Advanced Writing in the Sciences, and Advanced Writing in the Health Professions, among others. A small number of online sections and sections for non-native speakers of English are also offered. Students should consult with their advisors to choose the section that best suits their needs. Transfer credit cannot be used to satisfy this requirement. Students must earn a C or better to satisfy the advanced writing requirement.

For more information about the Writing Program, visit the Writing Program webpage (<http://www.northeastern.edu/writing/>).

Writing-Intensive Courses in the Major

Each major includes at least two additional writing-intensive courses. These courses are characterized by:

- A significant amount of writing, as appropriate to the discipline
- Multiple opportunities to write, including informal writing-to-learn activities and formal learning-to-write projects
- Opportunities for students to move through all phases of the writing process, from drafting through final editing
- Instruction in writing, including feedback from the instructor (and perhaps others) that students can use to draft, revise, and edit their written work

Additional Requirements for BA Students

In addition to successfully completing the university requirements of NUpath (p. 42), students pursuing a Bachelor of Arts (BA) degree must fulfill the BA core requirements as outlined below.

Language Requirement for BA Students

Each BA student must complete the language requirement by demonstrating proficiency at the elementary level and satisfying an intermediate-level requirement as described below.

ELEMENTARY-LEVEL PROFICIENCY

Satisfy one of the following requirements:

1. Complete elementary-level two (course number 1102) of a language with grades of C or better in all course work (pass/fail grades cannot be used to satisfy this proficiency requirement).
2. Earn a 4 or 5 score on an Advanced Placement (AP) exam in one of the languages offered or receive transfer credit for the equivalent of elementary-level two (course number 1102). Students who have AP or transfer credit must also receive a satisfactory rating in a language-specific interview administered by the World Languages Center upon matriculation.
3. Receive a satisfactory score (as determined by the World Languages Center) on a standardized placement exam and a satisfactory rating in a language-specific interview administered by the World Languages Center upon matriculation.

INTERMEDIATE-LEVEL REQUIREMENT

Satisfy one of the following requirements:

1. Complete a course at the intermediate level (course number 2101 or higher) in the language taken at the elementary level.
2. Complete a course in which the subject matter focuses on some aspect of the culture, history, or society of a part of the world where the language taken at the elementary level is spoken or used by a significant portion of the population. For a course list, visit the myNortheastern web portal (<http://www.myneu.neu.edu>), click on the "Self-Service" tab, then on "My Degree Audit."
3. Demonstrate proficiency by successfully completing a proficiency interview (scheduled through the World Languages Center). This option is available only for heritage speakers of a language or for students who have completed the elementary-level language requirement through one of the following:
 - a. Advanced placement
 - b. Standardized placement exam as outlined above

University-Wide Requirements

Note: Individual program requirements may exceed the following minima.

Minimum 128 total semester hours required

Minimum 2.000 GPA required

Students must earn a minimum of 64 Northeastern University semester hours in order to receive a bachelor's degree.

Living and Learning Communities

Website (<https://www.northeastern.edu/housing/living-learning-communities/>)

All first-year students are required to live on campus. The First Year Experience (FYE) program has been developed to help Northeastern University's first-year students transition into this new and exciting chapter of their lives—college life. Residential Life is dedicated to working with Northeastern students to help them build strong community living environments that support personal development and academic success. These environments provide opportunities to learn outside of the classroom through the Living Learning Community program.

The foundation for the FYE program is held by four pillars: personal development, academic success, experiential learning, and community development. These pillars are the guiding principles of the programs and

resources specific to the needs of first-year students. The goal is to help students navigate the university and familiarize them in their first year living away from home and with life in a new environment.

Experiential Learning

Website (<http://www.northeastern.edu/experiential-learning/>)

Experiential learning is critical to Northeastern's education model. It offers the opportunity for a rich and meaningful education, providing students with experiences that add depth to their classroom studies and enable them to explore and transform their lives. Experiential learning is tightly integrated with our course curriculum and is supported by advising in the majors as well as advising in the experiential learning group.

The primary ways in which the experiential learning requirement may be satisfied are:

- Cooperative education
- Research or creative activity
- Service-learning
- Global experience

Only one learning experience outside the classroom is required for NUpath. However, students have many additional opportunities for further experiential learning.

Integration of course work and experiential learning occurs throughout the major curriculum as well as in the required capstone course.

Cooperative Education

Website (<http://www.northeastern.edu/coop/>)

Cooperative education (co-op) is the cornerstone of Northeastern University's experiential learning approach, in which on-campus study is enhanced by real-world experience through full-time employment at locations all over the world. Through co-op, students alternate periods of academic courses with periods of employment in positions related to their academic or career interests. This combination provides an integrated learning experience that enhances both in-class studies and career development.

General Requirements

- Be a full-time student to participate in co-op.
- Complete all pre co-op requirements as established by the college of the student.
- Make satisfactory progress towards degree completion, including grade point average requirements, as defined by the university, the colleges, and the major program curricula.
- Have a placement in an official co-op placement system with accurate start and end dates, and meet the minimum hour and day requirements.
- Not participate in co-op in the final term unless it is specified in the curriculum requirements of the program in the catalog.
- Resolve any previous disciplinary or academic probation issues, or have the cooperative education coordinator approve a plan to resolve these issues, prior to applying for co-op jobs.

- Have any self-developed co-op approved by the cooperative education coordinator before accepting the position.
- Comply with any pre-employment checks required by the employer, such as drug testing, credit checks, physical examinations, security clearance, and criminal record checks.
- Participate in Title IX training, as required.
- Complete additional requirements if participating in a global co-op. See the Global Experience Office website (<http://www.northeastern.edu/geo/globalcoop/>) for more information.
- Work with the co-operative education coordinator if an Unsatisfactory (U) grade has been received for a past co-op to re-establish eligibility in accordance with the policies and requirements of the college.

TRANSFER AND INTERNATIONAL STUDENTS:

- Transfer students from other universities must have met the same requirements in their major's co-op program as non-transfers and must have completed at least one semester of classes before starting co-op.
- International students must attend one academic year, or its equivalent, and obtain proper authorization from the Office of Global Services before engaging in co-op.

Academic Requirements

1. **Be full-time while on co-op. Full-time status for co-op is defined as either:**
 - a. one full-time co-op job; 32-40 hours per week, or
 - b. two simultaneous half-time co-op jobs; 20-31.99 hours each, or
 - c. one half-time co-op job; 20-31.99 hours with graduate students taking 3 or more academic credits or undergraduate students taking 4 or more academic credits.
 - i. Undergraduate students on co-op in a Summer 1 or Summer 2 term may be registered for one half-time co-op without acquiring a second job or taking an accompanying class.
2. **Meet the minimum length requirements for an academic term:**
 - a. Semester full-term: minimum of 11 weeks or 55 work days
 - b. Quarter full-term: minimum of 9 weeks or 45 work days
 - c. Summer 1 or Summer 2 term: minimum of 5 weeks or 25 work days
3. **Receive a grade of Satisfactory or Unsatisfactory for the co-op experience.**

Registration for Co-op

Students are registered for co-op based on a complete job placement in an official co-op placement system with accurate start and end dates, and meet the minimum hour and day requirements. Registration into the co-op experience class occurs one month before the term. Students need to be placed for co-op by the end of the add period, or they should be registered for classes if still searching for a job by this deadline. All co-op placements need to be approved by a co-op coordinator and entered into an official co-op placement system by the last day to drop without a W.

Co-op Financial Planning

- No tuition is charged while a student is on co-op only (students will pay room and board if they stay in university housing).
- If a student takes a credit-bearing class while on co-op, tuition will be charged at the per-credit rate.
- Financial aid will be distributed to match the student's tuition bill and other allowable expenses.

- Students on co-op are required to maintain the same health insurance coverage (either through a private provider or through the university program) as they would while attending classes.

Further Information

For more detailed information about co-op policies and procedures, see the *Cooperative Education Student Handbook* on the Cooperative Education website (<https://www.northeastern.edu/coop/>).

Research and Creative Activity

Website (<https://undergraduate.northeastern.edu/research/>)

Northeastern University's thriving culture of scholarly and creative innovation provides students with many opportunities to create and disseminate new knowledge, practices, and solutions to pressing global challenges. Research and creative endeavors are key components of Northeastern's experiential learning model. Experiences can range from laboratory bench work to the analysis of big data to archival research to collaborative theatre productions. This work can take place in a variety of contexts and formats, including the following:

- Research courses, which generally fulfill major elective requirements
- Research labs or centers
- Research-based co-ops or internships
- Community-based research
- Research-based activity as the option for work-study work
- Research as a volunteer activity
- Junior/senior honors research projects

The Office of Undergraduate Research and Fellowships, along with other offices and programs on campus, support students through workshops, mentoring, and consultation on applications for prestigious scholarships and fellowships, funding through the university-wide Undergraduate Research and Creative Endeavor Program, and much more. Northeastern undergraduates are an important part of Northeastern's research culture, and they frequently present their findings at national and international conferences, in scholarly journals, and at the university's annual Research, Innovation, and Scholarship Expo.

Service-Learning

Website (<http://www.northeastern.edu/servicelearning/>)

Community service is an integral part of Northeastern's mission. But more than good works, engaging with the community through structured service-learning programs on our campus is an academically rigorous educational experience that allows students to broaden their knowledge and skills through service that supports our partnerships with Boston schools, neighborhood agencies, health clinics, and nonprofit organizations.

Service-learning is coordinated by professors and/or program directors, and is designed to meet needs identified by the community while being intricately linked with learning objectives and outcomes. Before, during, and after their service, students also engage in structured reflection to help them gain further insight into course or program content, a broader appreciation of their academic disciplines, and a greater sense of civic responsibility.

Global Experience

Website (<http://www.northeastern.edu/studyabroad/>)

Marina Markot, PhD, Director

Global Experience Office
407 Richards Hall
617.373.5276
617.373.5702 (fax)
geo@northeastern.edu

Northeastern University strongly endorses global experience as an important dimension of learning. To foster this, it maintains a Global Experience Office (GEO) that has developed a series of programs tailored to the interests and needs of Northeastern University students. Global experiences provide students with opportunities to deepen their knowledge of the world and their chosen field of study, develop intercultural and political sensitivity, utilize and strengthen foreign language skills, and explore global career options. Many Northeastern students participate in multiple global experiences during their time at the University. Northeastern encourages students to engage with the Global Experience Office as early as possible - global experiences are within reach for all students, with careful planning and collaboration.

International Study

While studying abroad in a Northeastern-sponsored program, students maintain full-time Northeastern status and earn Northeastern credits. In all cases, upon successful completion of a program, grades are calculated in the student's grade-point average (GPA). To participate in GEO programs, students should be in good academic and disciplinary standing and have no registration-blocking holds. Study-abroad programs require a GPA of at least 2.500. Some programs may have additional eligibility criteria. Students must also meet the requirements of the host institution abroad. Full information and application deadlines are posted on the GEO website (<http://www.northeastern.edu/studyabroad/>).

Engage with GEO

The Global Experience Office offers many opportunities for students to explore program opportunities and learn more about the possibilities.

GEO Website and Social Media Platforms: Students can engage with GEO through the chat feature on the GEO website (<http://www.northeastern.edu/studyabroad/>), as well as through social media platforms such as Twitter, Facebook, and Instagram. Students are welcome to participate in preparatory webinars, join staff and alumni Q & A, and envision their experience through dynamic photo, video, and written recollections of student experiences.

GEO Events: GEO offers a range of events throughout the year to help students answer questions and concerns about the experience, from the application logistics of a specific program, to navigating questions of identity while abroad. Please refer to the GEO Events Calendar on the GEO website, for the list of upcoming fairs, workshops, and info sessions.

Meet with Peer Advisors: GEO Peer Advisors provide the unique lens of recent global program participation. They help students navigate the variety of available programs and refine their goals for the experience. Peer Advisors are available to meet with students during office hours, without appointment needed.

Meet with GEO Advisors (<https://www.northeastern.edu/geo/contact/>): GEO Advisors provide expertise and assistance to students from the moment students are ready to select programs to their return from the

experience. GEO Advisors meet with students by appointment, and advise by global region. The list of GEO Advisors and the different regions that they advise is available on the GEO website.

After choosing a program, students should consult with their departmental or college advisors. International students should also consult with the Office of Global Services (OGS) (<http://www.northeastern.edu/ogs/>) to determine if an updated I-20 for reentry may be needed. Note that studying abroad in a student's final semester may result in a delay in graduation due to calendar discrepancies across institutions.

Types of Programs

Northeastern University offers different types of study-abroad programs, with multiple options within each type. This robust program portfolio contains global experiences for any major on campus. Students are able to participate in multiple programs during their time at Northeastern.

1. **Global Quest** (<https://www.northeastern.edu/geo/global-quest/>). Global Quest is a prestigious opportunity for incoming freshmen, who demonstrate outstanding leadership potential and candidacy to become a global citizen. A unique first-year experience, Global Quest combines an accelerated Fall semester in Boston with an immersive four to six-month experience abroad. In the six-month experiences from January through June, students complete the equivalent of a full semester at a global partner institution as well as an equivalent of NU-Term during the summer, which may include directed research projects, field study, or summer classes at the partner institution.
2. **Dialogue of Civilizations.** The Dialogue of Civilizations are faculty-led study-abroad programs that build upon and enhance the students' academic studies and training in Boston. The Dialogues allow students to engage with course content in different national, cultural, political, and social contexts. The programs foster meaningful conversations between Northeastern students and people around the world, including their peers.
3. **Study abroad (semester or summer).** Northeastern offers a rich array of programs abroad during semester and summer terms. Many programs base students at a partner institution where they attend classes, participate in student activities, and organize their extracurricular schedules just as they would on campus at Northeastern. Some examples include University of Sydney in Sydney, Australia; Technion: Israel Institute of Technology in Haifa, Israel; University of Montevideo in Montevideo, Uruguay; London School of Economics in England, United Kingdom; and the University of Tokyo in Tokyo, Japan.
4. **Global Mobility.** Drawing on its network of regional campuses, Northeastern offers a set of signature programs, which contextualize, enrich, and enhance student learning. Some examples include the "Semester and Summer In" programs in San Francisco/Bay Area and Seattle, as well as the Data, Ethics, and Culture program in London, England.
5. **Embedded Programs.** Embedded programming incorporates global experiences into courses taught at Northeastern's Boston campus, and provides students with the opportunity to spend 7-10 days in a global setting to further punctuate and underscore the subject matter in a meaningful way.
6. **International research.** The focus of a student's time abroad is on an independent research project. In most cases, the study-abroad program organizes small group seminars and field trips that are designed to help students learn about their international environment and focus on a research topic. Students spend three to four weeks toward the end of the semester working on their individual projects. Examples of projects could be studying tropical biology

in Costa Rica, history and culture in Vietnam, and oceanography while sailing in the Atlantic/Pacific cruise track of the SEA Semester Program.

7. **Internship.** These programs offer a combination of classes and related work experience for which students earn academic credit. Examples of internships students have held in the past include accounting at Morningstar in Sydney, Australia, as well as internships in various European parliaments such as Brussels, London, and Dublin.

Visit the GEO website (<http://www.northeastern.edu/studyabroad/>) to see a complete list of program options.

Global Co-op

The Global Cooperative Education Program provides opportunities for Northeastern students to co-op on all seven continents with foreign and multinational employers, U.S. employers doing business abroad, and other international organizations. Students may apply for existing positions or work with a co-op counselor to develop their own. All majors are welcome to apply. International students participating in co-op abroad should consult with the OGS in advance of departure to ensure reentry to the United States in proper nonimmigrant visa status. The Presidential Global Scholars Program (<https://studentfinance.northeastern.edu/applying-for-aid/undergraduate/types-of-aid/scholarships/presidential-global-scholars-program/>) provides financial support for international co-op.

World Languages Center

Stacey Katz Bourns, PhD
Director

4th Floor, Meserve Hall
617.373.3131
Stacey Katz Bourns, Director, s.bourns@northeastern.edu

The primary goal of the World Languages Center (WLC) is to offer a variety of language/culture classes and to ensure that students will be able to take at least two years of instruction (four semesters) in any language offered by the WLC and up to three years of instruction (six semesters) in many of the languages offered.

Placement Assessment

Students with prior experience in French or Spanish must take the online written placement exam if they wish to enroll in a French or Spanish language class. The link for this exam can be found on the WLC website. Students with prior experience in any other language must contact the WLC to make an appointment for a placement assessment interview. Results of a student's online placement or interview assessments are valid for one year only.

Any student with prior experience in a language who registers for a language course without taking the WLC online placement test or a WLC placement assessment will not receive a letter grade for the course.

Attendance in Language Classes

The development of competence in a language requires regular and structured interaction opportunities. Thus, the WLC takes attendance in language classes very seriously. Each missed class will have specific consequences, including a negative impact on a student's final grade. If students believe they have been inappropriately placed in a language class, they should contact the WLC immediately.

Auditing Language Classes

Auditing language classes is not permitted. Students who are not on the official roster of a class may not sit in on the class.

Immersion Language Classes

The WLC offers off-campus language immersion classes in a variety of languages during the summer 1 and summer 2 terms. Some of these courses may count toward fulfillment of the BA language requirement or a language minor, assuming a student receives a grade of C or better.

Study-Away/Abroad Classes

The WLC will authenticate credit-bearing language classes taken in study-away/abroad programs at accredited institutions in fulfillment of and as equivalent to WLC language classes numbered 1101, 1102, 2101, or 2102. Students must receive approval of language course equivalence from the WLC before embarking on a study-away/abroad program. Failure to do so may mean that the courses taken away/abroad will not be accepted in lieu of on-site Northeastern language courses and thus may not satisfy the language requirement. Credit is granted only for successful completion of the course.

University Honors Program

Laurie Kramer, PhD
Director

150 Richards Hall
617.373.2333
617.373.5300 (fax)
honors@northeastern.edu

The University Honors Program values integrated, student-directed, and experiential learning that is personalized to meet students' unique interests and goals. Our community of intellectually engaged students, advisors, and faculty are committed to making a difference at home and in the world. Students benefit from unique and enriched educational options that include stimulating courses and opportunities for global exploration, research and creative endeavors, service-learning, mentoring, and more. Honors students are guided and supported as they chart their unique educational plans through personalized advising and through their participation in a set of networked communities that include Honors Living Learning Communities.

All applicants seeking freshman entry at Northeastern University (for fall semester entry) are considered for admission into the University Honors Program and are notified of their selection in their letter of admission. There is no separate application. Continuing students in their first, second, or third semesters who wish to be considered for the University Honors Program may consult the program's website for instructions on how to apply: www.northeastern.edu/honors (<http://www.northeastern.edu/honors/>).

Northeastern Explore Program

Website (<http://www.northeastern.edu/undeclared/>)

Kim Irmiter, MA
Director

1 Meserve Hall
617.373.2306

The Northeastern Explore Program welcomes entering students who would like to explore their academic interests before choosing a major

and introduces them to the university's broad range of disciplines. Working closely with a combination of faculty, academic advisors, and undergraduate peer mentors, undeclared students at Northeastern are engaged in personal and meaningful discovery. They are not just seeking a major; they look for clues to the future and find answers to the question: "How will I make my impact?"

Undeclared students enroll in a small-cohort freshman seminar taught by a Northeastern academic advisor and two student leaders. In this seminar, students develop strategic exploration plans to ensure they are able to take full advantage of the vast array of academic and experiential opportunities offered at Northeastern. Students will also attend exploratory programs where they engage with faculty and students in majors to gain an informed understanding of the disciplines that interest them most.

Students may declare a major at any time but are expected to do so by the end of sophomore year. Admission to a particular major is dependent on satisfying the criteria described under "Changing Majors (p.)."

Premedical and Other Preprofessional Health Career Preparation

Website (<http://www.northeastern.edu/prehealth/>)

Prehealth Studies

Because medical schools place a priority on well-rounded achievement, the prehealth course requirements can be integrated into any major at Northeastern. Medical school admission committees generally give no preference to any particular undergraduate major. As such, students should focus on meeting the course requirements of their chosen field of study, together with the prehealth professions requirements, with demonstrated academic rigor and excellence. For some majors it may be necessary to complete additional credit hours of course work, with associated tuition, to fulfill all prehealth requirements. Prehealth students should research requirements and plan a program of study as early as possible in consultation with both major and prehealth advisors to ensure that requirements will be completed in a timely fashion.

The PreHealth Advising Program provides support for Northeastern students who are planning to pursue doctoral-level training in medicine, including allopathic medicine (MD), dentistry, optometry, osteopathic medicine, podiatric medicine, and veterinary medicine.

Prerequisite Courses

Most health professional schools require a common set of courses. The following program meets the minimum requirements of most health professional programs. Students should work with prehealth advisors to review their course selections.

Note: Corequisite laboratories are required for most science courses.

BIOLOGY

Introductory biology (typically two semesters)

The following course work is required or recommended by many programs and necessary for MCAT preparation:

- Genetics and molecular biology
- Biochemistry

Additional biology courses are required or recommended by many programs and may be helpful for admission exam preparation.

CHEMISTRY

- General chemistry
- Organic chemistry

PHYSICS

Two semesters

MATHEMATICS

Two semesters of calculus and/or statistics

ENGLISH

Two semesters

Some programs require both writing and literature courses.

BEHAVIORAL SCIENCES

The following course work is required or recommended by many programs and necessary for MCAT preparation:

One semester each of psychology and sociology

Additional courses may be required or recommended by individual schools or programs. Students should refer to school websites as well as the appropriate official admission guidebooks for up-to-date information:

- ADEA Official Guide to Dental Schools (<http://www.adea.org>)
- College Information Book (<http://www.aacom.org>)
- Colleges of Podiatric Medicine Admissions Requirements (<http://www.aacpm.org>)
- Medical School Admissions Requirements (<http://www.aamc.org>)
- Schools and Colleges of Optometry Admissions Requirements (<http://www.opted.org>)
- Veterinary Medical School Admissions Requirements (<http://www.aavmc.org>)

Prelaw Preparation

Website (<http://www.northeastern.edu/prelaw/>)

Northeastern University adopts in full the statement of the American Bar Association on the "Preparing for Law School (<http://www.abanet.org/legaled/prelaw/prep.html>)" page of its website. Most law school admission committees give no preference to any particular undergraduate major.

The primary goal of the Prelaw Program at Northeastern is to assist current students, staff, and alumni in navigating the law school application process. This includes identifying and researching a variety of law schools to which the person may want to apply. For current Northeastern students, the Prelaw Program provides academic advising that guides course selection and activities aimed at maximizing the student's chance of being admitted to law school. These courses must have at least one, and preferably more, core skills and values, such as analytic/problem-solving skills, critical reading, writing skills, oral communication/listening abilities, general research skills, task organization/management skills, public service, and promotion of justice.

Education

Website (<http://www.cps.neu.edu/discover/schools-institutes/school-of-education.php>)

Lydia Young, PhD

Associate Dean, Academic and Faculty Affairs,

Graduate School of Education

41 Belvidere

617.373.4216

617.373.6600 (fax)

Lydia Young, Associate Dean, l.young@northeastern.edu

Northeastern University's Department of Education offers a Master of Arts in Teaching (MAT) PlusOne program. The program provides a pathway for undergraduate students in the College of Arts, Media and Design; College of Science; and College of Social Sciences and Humanities who aspire to be elementary or secondary classroom teachers.

Programs

Dual Degree

- MAT PlusOne Program (p. 51)

Teaching, MAT PlusOne Program

The Master of Arts in Teaching (MAT) PlusOne program provides a pathway for undergraduate students in the College of Arts, Media and Design; College of Science; and College of Social Sciences and Humanities who aspire to be elementary (1–6) or secondary (8–12) classroom teachers. Undergraduates in majors that align with approved areas of educator licensure can complete their bachelor's degree in four years and earn a Master of Arts in Teaching in just one additional year. In consultation with their advisor, undergraduates may complete up to 12 semester hours of MAT course work and apply these credits toward their bachelor's degree. This partnership between the colleges and the Graduate School of Education leads to initial licensure, as approved by the Massachusetts Department of Elementary and Secondary Education (DESE).

Interested students must express their interest and submit admissions materials by August 1st during their third year. To apply, you do not have to submit a full application. However, to qualify you must:

- Be enrolled in an appropriate major
- Plan in consultation with undergraduate advisor and Graduate School of Education lead faculty. You can contact the Graduate School of Education lead faculty through their graduate academic program advisor, EDUadvising@northeastern.edu
- Apply to the PlusOne MAT during your third year
 - Submit a statement of purpose
 - Provide a letter of recommendation from a faculty member
- Hold an overall GPA of 3.000 or higher
- Earn a B or higher in Education in the Community (EDUC 1111), Child and Adolescent Development, Learning, and Teaching (EDUC 5504), Inclusion, Equity, and Diversity (EDUC 5570), and Culture, Equity, Power, and Influence (EDUC 5503)
- Take and pass *all* specified MTEs by early March of your fourth year

Please contact your undergraduate advisor to learn more about this opportunity.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Requirements

Complete all education courses with a cumulative GPA of 3.000:

Code	Title	Hours
EDUC 1111	Education in the Community	4
EDUC 1111 should be taken no later than the first semester of the third year		
EDUC 5503	Culture, Equity, Power, and Influence	4
EDUC 5504	Child and Adolescent Development, Learning, and Teaching	4
EDUC 5570	Inclusion, Equity, and Diversity	4
A required education or education-related co-op		

Army, Air Force, and Navy Reserve Officers' Training Corps (ROTC) Programs

Army ROTC Program

Lieutenant Colonel Joseph L. Luchetta
Professor and Chair, Department of Military Science

335A Huntington Avenue

617.373.2376

617.373.8677 (fax)

Army ROTC website (<http://www.northeastern.edu/neurotc/>)

Scott Lyons, Recruiting Operations Officer, sc.lyons@northeastern.edu

The Department of Military Science offers the Army Reserve Officers' Training Corps (ROTC) program. The goal of the program is to develop leadership potential in men and women and to prepare them for an officer's commission in the Active Army, Army Reserve, or Army National Guard. The curriculum teaches principles of leadership and personnel management and seeks to develop leadership traits such as teamwork, responsibility, initiative, self-confidence, and discipline.

The Army ROTC program is conducted at Northeastern University. For more information, write:

Department of Military Science

Northeastern University

335A Huntington Avenue

Boston, MA 02115

or call 617.373.2376

Completion of the Army ROTC program will lead to a commission as a second lieutenant in the United States Army, Army Reserve, or the Army National Guard. The program consists of the basic course (freshman and sophomore years) and advanced course (junior and senior years). The program does not conflict with co-op schedules.

Enrollment in the basic course is voluntary and is open to all full-time students. However, only cadets formally enrolled in ROTC may participate in leadership labs, physical training, and practical field exercises. Students in the basic course do not incur a military obligation. Check with your academic department to ensure credits are accepted.

The advanced course is open to all qualified students who have basic course credit or equivalent military experience, as well as meet the Army's physical, medical, and age requirements. Contracted students (advanced course and/or scholarship) receive a monthly cash stipend while in school. Scholarship students also receive full tuition and fees as well as

\$1,200 per year for books. Scholarships are merit based and are awarded as four-year, three-year, or two-year benefit packages.

Army Nurse Corps ROTC Program

ROTC provides an opportunity for college nursing students to receive practical, hands-on leadership experience. The courses provide a chance for students to develop management, communication, and decision-making skills. ROTC also provides nursing cadets an opportunity to participate in the Nurse Summer Training Program (NSTP). NSTP is a paid, three-to-four-week, hands-on clinical elective for Army ROTC nurse cadets. This elective is conducted at more than twenty Army hospitals in the continental United States, Hawaii, and Germany. During the NSTP clinical elective, the cadet receives experience under the direct supervision of a preceptor—an Army Nurse Corps officer who works with the cadet one-on-one. Scholarship nurse cadets receive a monthly cash stipend while in school as well as full tuition and fees and \$1,200 per year for books.

Navy ROTC Program

The Boston Navy ROTC (<https://www.bu.edu/rotc/navy/contact/>) unit is a six-school consortium that includes students from Boston University, Boston College, Northeastern, Tufts, Harvard, and MIT. All Navy ROTC scholarships are for nursing only and cover full tuition, mandatory fees, a \$375-per-semester book stipend, and a \$250-per-month living stipend that increases by \$50 each year up to \$400. Room and board are not included in the scholarship. For students on Northeastern's five-year program, the Navy grants "Fifth Year Benefits," which mirror those of the fourth year. Upon graduation, there is a four-year active-duty commitment.

NROTC nursing students are required to take four naval science classes, in addition to their regular course work, and attend a leadership laboratory once a week. All classes, labs, and group workouts are conducted at Boston University. Students typically spend a total of six to eight hours per week participating in NROTC-related activities. Additionally, Navy nurses complete two summer cruises, or training sessions, prior to graduation, each of which lasts approximately four weeks. They spend one session with a medical unit at sea (on a Navy ship) and one session at a land-based Navy hospital. All lodging, transportation, meals, and uniforms are paid for by the Navy during summer training sessions. For more information, contact the recruiting officer at 617.358.3470 or navyrotc@bu.edu.

Air Force ROTC Program

Air Force ROTC is an educational and leadership program designed to give men and women the opportunity to become an Air Force officer while completing a bachelor's degree.

Through a cross-enrolled program with Boston University, interested Northeastern University students may participate in the Air Force Reserve Officer Training Corps Program. The requirements include aerospace studies classes, leadership laboratory classes, and physical fitness training. The mandatory weekly commitments range from five to seven hours per week.

In addition to the leadership and management training that cadets receive, they also benefit from several scholarship programs. *High school seniors* can apply for four-year scholarships. The scholarships range from full tuition, \$18,000 per year, and \$9,000 per year. Scholarship winners will also receive a monthly stipend, a book allowance, and uniforms. Applications for scholarships are due by December 1 of senior year. Apply at the Air Force ROTC website (<http://www.AFROTC.com>).

Freshmen and sophomores already in college can compete for three or three-and-a-half-year scholarships, some of which cover full tuition, while others cover \$18,000 per academic year. All scholarship winners will receive a monthly stipend, a book allowance, and uniforms.

However, students do not need a scholarship to commission through Air Force ROTC. For more information, call 617.353.6316 or 617.353.4705.

General Studies Program

Website (<http://www.northeastern.edu/gsp/>)

Lynn Dornink, MA

Director

1 Meserve Hall

617.373.2306

The General Studies Program is a first-year program that provides students with personalized support and guidance in order to ensure their academic success. Program benefits include a low student-advisor ratio, fall and spring seminars taught by the student's General Studies Program advisor, a writing-intensive curriculum, and access to a nationally certified peer tutoring program. All majors have defined entrance requirements; therefore, beginning in September, General Studies Program advisors work closely with students to guide them toward meeting their intended majors' requirements. Upon completing their two semesters in General Studies, and meeting the requirements for their intended major, students transition to one of Northeastern's seven undergraduate colleges with sophomore status. Those students who have not met the academic progression standards for transitioning by the end of two semesters may continue in the General Studies Program for an additional semester.

Academic Progression Standards

In order to transition to sophomore standing, GSP students must:

1. Earn an overall GPA of at least 2.000 (GPA requirements for specific majors may be higher)
2. Earn at least 28 semester hours of credit (32 recommended)
3. Complete college/major transition requirements

For more details about transitioning to individual colleges, see below.

Transitioning to Major

For information about transitioning to majors across the university, see "Changing Majors (p. 37)."

Academic Probation

Same as university standards.

University Withdrawal, Low Scholastic Performance

Same as university standards.

About Sample Curricula

The university's official repository of curricular information is this undergraduate catalog in conjunction with the Degree Audit Reporting System. In case of discrepancy, the Degree Audit Reporting System shall take precedence. All curricula are approved through the university undergraduate curriculum committee. Undergraduate students should consult with their academic advising office to make certain they have all the necessary resources before planning a curriculum.

Undergraduate Degrees

Listed below are the degrees conferred by the undergraduate full-time day colleges at Northeastern University.

College of Arts, Media and Design

- Bachelor of Arts
- Bachelor of Fine Arts
- Bachelor of Landscape Architecture
- Bachelor of Science

D'Amore-McKim School of Business

- Bachelor of Science in Business Administration
- Bachelor of Science in International Business
- Bachelor of Science (combined majors only)

Khoury College of Computer Sciences

- Bachelor of Arts in Computer Science
- Bachelor of Science in Computer Science
- Bachelor of Science in Information Science
- Bachelor of Science (combined majors only)

College of Engineering

- Bachelor of Science in Bioengineering
- Bachelor of Science in Chemical Engineering
- Bachelor of Science in Civil Engineering
- Bachelor of Science in Computer Engineering
- Bachelor of Science in Electrical Engineering
- Bachelor of Science in Environmental Engineering
- Bachelor of Science in Industrial Engineering
- Bachelor of Science in Mechanical Engineering

Bouvé College of Health Sciences

- Bachelor of Science
- Bachelor of Science in Nursing
- Bachelor of Science in Rehabilitation Science
- Doctor of Pharmacy (six-year program)
- Doctor of Physical Therapy (six-year program)

College of Science

- Bachelor of Arts
- Bachelor of Science

College of Social Sciences and Humanities

- Bachelor of Arts
- Bachelor of Science

Undergraduate Internships

An undergraduate Internship is defined as an unpaid opportunity for supervised practical experience related to the student's academic area of study. Internships must be correlated to program curriculum, approved by an academic entity, and supervised by a faculty member. Students must work at least 12 hours per week to earn academic credit for an internship in a term, as equated to the course credit guidelines.

College of Arts, Media and Design

In today's global economy, the disciplines within the College of Arts, Media and Design are powerful drivers of growth and innovation. Creative fields and evolving technology make it possible to connect people and ideas as never before, serving as strong catalysts for change and expanding the understanding of our shared humanity.

The college integrates programs of study in architecture, art and design, communication studies, game design, journalism, media and screen studies, music, and theatre with meaningful experiential learning opportunities, enabling students to explore their passions and prepare for postgraduate opportunities in their chosen fields.

The college offers Bachelor of Arts, Bachelor of Science, and Bachelor of Fine Arts degrees in a number of majors, as well as interdisciplinary programs, and emphasizes general education through the NU Core. Opportunities available to students in the College of Arts, Media and Design include national and international programs for study and experience; programs in field settings, both local and abroad; and programs involving affiliations in such areas as professional performing arts organizations and media organizations. The college also emphasizes experiential learning through cooperative education; service-learning; and other kinds of internships, student-faculty research collaborations, and study abroad.

Students may choose a four- or five-year experiential learning plan in most programs. Either plan offers co-op opportunities, typically in an area related to the student's chosen academic area. Students are normally eligible to participate in co-op as early as the second semester of their sophomore year.

Many programs are flexible enough to allow students to pursue a PlusOne, a double major, a major and a minor, or one of the college's combined majors. The college also offers students the opportunity to create an independent major in cases where their interests and goals are not met by an existing major program.

Academic Advising

The College of Arts, Media and Design has an academic advising (<https://camd.northeastern.edu/academics/advising/>) system that consists of academic advisors located in the Academic Advising and Cooperative Education office in 100 Meserve Hall and faculty mentors located in the college's academic schools and departments. Detailed advising information is available on the college website (<https://camd.northeastern.edu/academics/advising/>). Prelaw advising (<https://careers.northeastern.edu/article/pre-law/>) and premedical/pre dental

advising (<https://undergraduate.northeastern.edu/prehealth/>) are also available. We can be reached by phone at 617.373.5583, by fax at 617.373.8719, or by email at camdadvising@northeastern.edu.

Academic Progression Standards

The College of Arts, Media and Design adheres to the university's academic progression standards (p. 36). Some programs have additional specific requirements in order to progress from year to year or to graduate from that program. This information can be found on each program's page.

Graduation Clearance Process

Students in the College of Arts, Media and Design are required to meet with their assigned academic advisor in 100 Meserve Hall to determine their remaining graduation requirements. Some departments also require a meeting with a faculty mentor. The graduation clearance (<https://camd.northeastern.edu/undergraduate-students/advising-faq/#clearance>) process should be completed in the junior year to facilitate planning of all remaining requirements.

College Requirements

All students in the College of Arts, Media and Design must successfully complete the university requirements of NUPATH (p. 42). In addition, students pursuing a Bachelor of Arts degree (BA) must fulfill the BA requirements (p. 45).

Architecture and urban landscape are the context for civic life. In an age of increasingly rapid technological and social change, these fields forge connections between our past and our future. This involves critical thinking about many complex contemporary issues, such as the relationship of public and private life, the interaction between formal and political ideas in cities, and the role of technology in the design, construction, and management of contemporary spaces. Because the process of design involves the synthesis of disparate elements, it can also translate into strategies for approaching a wide range of other problems not traditionally understood to be "architecture." At Northeastern, we connect specific problem solving inherent to architectural and landscape architectural understanding with the larger context of contemporary cities.

The curriculum teaches students to conceptualize, synthesize, and represent complex architectural, urban, and environmental issues. The program focuses on core skills and critical thinking as preparation for both professional practice and advanced study. The curriculum in the design studio encompasses two major themes: First, the studio projects

focus on the art of building and environmental performance, and second, the projects explore how designed environments—from buildings to regional infrastructures—affect urban conditions. The art of building includes the study of construction and technology, as well as the cultural messages created by the expression of material, structure, and form. Environmental performance includes imagining how we can live more sustainably by developing innovative design solutions for synthesizing natural and urban conditions. The contemporary city is our laboratory. This urban focus requires that students integrate their own creative impulses with the future of the society of which they will be a part. By building on the practical and technical training afforded by co-op to develop core professional skills, the curriculum focuses on architecture and landscape architecture's fundamental aesthetic, technological, social, and political aspects.

With the effective synthesis of the art of building and environmental performance with urban issues, Northeastern's programs in architecture and urban landscape are becoming a leader in identifying opportunities for civic representation, urban development, and neighborhood design. Northeastern's students are in demand because of their combination of professional competence and fluency in urban architectural and environmental design issues. There are opportunities for interdisciplinary cooperation in urban-oriented research and creative work in areas such as the economics of urban redevelopment; the design and planning of resilient food, water, energy, transit, and industrial systems; urban public policy; and new forms of spatial and visual communication. Additionally, Northeastern's urban focus is applied globally in the semester abroad.

External Transfers

Full-time architecture faculty members may evaluate nonstudio courses for conformity with NU requirements using transcripts and course descriptions. Any student seeking studio course credit (drawing, technology, or design) must present a portfolio for review and evaluation.

Portfolios are optional, though encouraged, for freshman applicants.

Academic Progression Standards

A minimum grade-point average (GPA) of 2.500 is required to remain in the majors of architecture or urban landscape. Students below this average will not be allowed to continue in these majors.

A minimum GPA of 2.000 is required to remain in the major of architectural studies. Students below this average will not be allowed to continue in the major.

To graduate, a student must have a 2.500 GPA in architecture or urban landscape.

Programs

Bachelor of Science (BS)

- Architecture (p. 55)
- Architectural Studies (p. 57)
- Architecture and English (p. 60)
- Architecture and Graphic and Information Design (p. 62)
- Civil Engineering and Architectural Studies, BSCE (p. 64)
- Environmental Engineering and Landscape Architecture, BSEnvE (p. 66)
- Environmental Science and Landscape Architecture (p. 69)

Bachelor of Landscape Architecture (BLA)

- Landscape Architecture (p. 59)

Minors

- Architectural and Urban History (p. 71)
- Architectural Science and Systems (p. 71)
- Urban Landscape Studies (p. 71)

Architecture, BS

Website (<https://camd.northeastern.edu/architecture/academic-programs/architecture/>)

Undergraduate Program Coordinator

Lucy Maulsby, PhD
Associate Professor
l.maulsby@northeastern.edu
383 Ryder Hall

The curriculum pairs studio courses with relevant architecture history and technology courses to support the comprehensive learning experience of the student. Students engage in intensive studio projects that encourage them to seek prototypical solutions to problems in the modern city. Instruction takes place in the studio with one-on-one consultations with faculty, critiques with classmates, and formal reviews. Visiting critics participate in reviews, and there is a lecture series that brings prominent professionals on campus to discuss the work they are doing in the field.

As part of their studies, students are enrolled in two six-month co-ops (<https://camd.northeastern.edu/architecture/experiential-learning-co-op/co-op/>). This allows students to gain real-world experience in architecture that aids them in both their academic development and in professional advancement. Co-op experience can often be applied to one's AXP (<http://www.ncarb.org/Experience-Through-Internships.aspx>) credits.

The School of Architecture offers a NAAB (<http://www.naab.org/>)-accredited one-year program to our students who have successfully completed the BS degree in architecture. This allows our own students to achieve a master's degree in an efficient and timely manner.

Applicants should note that the BS degree in architecture is not sufficient by itself to meet the academic requirement to sit for state licensure. (Most undergraduate architecture degrees are not accredited.) Students who graduate with the BS degree have the option to apply to the one-year NAAB-accredited Master of Architecture (<https://camd.northeastern.edu/architecture/academics/graduate/>) degree that is open to our BS graduates in good standing.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath attributes Natural and Designed World (ND), Creative Expression and Innovation (EI), Interpreting Culture (IC), Formal and Quantitative Reasoning (FQ), Societies and Institutions (SI), Analyzing and Using Data

(AD), and Difference and Diversity (DD) are met through the major course requirements.

In order to graduate, students must complete Ethical Reasoning (ER) in their electives.

Architecture Major Requirements

Code	Title	Hours
SEMESTER 1		
ARCH 1000	Architecture at Northeastern	1
ARCH 1310 and ARCH 1311	Buildings and Cities, A Global History and Recitation for ARCH 1310	4

Architectural Studies, BS

Website (<https://camd.northeastern.edu/architecture/academic-programs/bs-architectural-studies/>)

Undergraduate Program Coordinator

Amanda Lawrence, PhD
Associate Professor
am.lawrence@northeastern.edu
377 Ryder Hall

The Bachelor of Science in Architectural Studies teaches students the rigorous design methods of architecture while also offering a flexible curriculum focused on key contemporary topics related to the built environment. After a common sequence of design, history, and technology courses, students may choose from a rich array of electives in the School of Architecture and throughout the university. The culmination of the major is a single capstone course required for all students.

Students will emerge with a strong portfolio, a foundational grounding in architectural design, and will be well equipped for further graduate education or work experience in design-related fields and creative

industries. The Bachelor of Science in Architectural Studies can be completed in four years. Students in this major participate in one six-month co-op and have the option of a second four-month summer co-op. Students also have the option to study abroad for a semester.

Students may choose from one of three areas of emphasis—real estate; sustainability; or history, theory, and culture—or work with the department to put together a customized plan of study.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath Requirements Natural and Designed World (ND), Creative Expression/Innovation (EI), Interpreting Culture (IC), Societies and Institutions (SI), and Difference and Diversity (DD) are met through the major course requirements.

NUpath Requirements Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), and Ethical Reasoning (ER) must be met through electives.

Landscape Architecture, BLA

website (<https://camd.northeastern.edu/architecture/academic-programs/architecture-urban-landscape/>)

Undergraduate Program Coordinator

Nicholas Brown, PhD
Associate Teaching Professor
nic.brown@northeastern.edu
539 Holmes Hall

Northeastern University offers a Bachelor of Landscape Architecture. This new major reflects a growing public interest in making our cities more sustainable and in bringing the insights of landscape architects to join those of urban designers and architects. This hybrid field has deep roots in design, ecology, planning, and aesthetics. In the past 15 years, it has come to play an evermore important role in the design of new places, as well as the retrofitting of our older, postindustrial landscapes. An inherently interdisciplinary program, urban landscape will involve collaborations with other academic units on campus.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Natural and Designed World (ND), Creative Expression/Innovation (EI), Interpreting Culture (IC), Formal and Quantitative Reasoning (FQ), Societies and Institutions (SI), Analyzing and Using Data (AD), and Difference and Diversity (DD) are met through the major course requirements.

NUpath requirement Ethical Reasoning (ER) must be met through general electives.

Architecture and English, BS**Program Requirements**

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond

specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

NUpath attributes Natural and Designed World (ND), Creative Expression and Innovation (EI), Interpreting Culture (IC), Societies and Institutions (SI), and Difference and Diversity (DD) are met through the major course requirements.

In order to graduate, students must complete Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), and Ethical Reasoning (ER) in their electives.

Architecture Requirements

Code	Title	Hours
Required Courses		
ARCH 1110	Fundamental Architectural Representation	4
ARCH 1120	Fundamental Architectural Design	6
ARCH 1310	Buildings and Cities, A Global History	4
ARCH 1320	Architecture and Global Cultures, 1400 to Present	4
ARCH 1450	Understanding Design	4
ARCH 2130	Site, Space, and Program	6
ARCH 2240	Architectonic Systems	4
ARCH 2330	Architecture, Modernity, and the City, 1800 to 1910	4
Electives		
Complete two of the following courses:		8
ARCH 3370	Topics in Architectural History	
ARCH 3450	Advanced Architectural Communication	
ARCH 5310	Design Tactics and Operations	

English Requirements

Code	Title	Hours
English Course-Level Requirement		
In addition to the capstone, two of the courses chosen from the lists below must be numbered 3000–4999.		
Introduction to College		
ENGL 1000	English at Northeastern	1
Foundational Courses		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160	Introduction to Rhetoric	4
or ENGL 1410	Introduction to Writing Studies	
Diversity		
Complete one of the following courses. This course may also be used to fulfill an additional English requirement below:		4

ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2451	Postcolonial Women Writers	
ENGL 2455	American Women Writers Race	
ENGL 2460	Multiethnic Literatures of the U.S.	
ENGL 2760	Writing in Global Contexts	
ENGL 3663	The African-American Novel	
ENGL 3676	Representing Gender and Sexuality in Literature	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL/JWSS 3685	Modern and Contemporary Jewish Literature	
Pre-Nineteenth-Century Literature		
Complete one of the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 1700	Global Literature to 1500	
ENGL 2240	17th-Century British Literature	
ENGL 2296	Early African-American Literature	
ENGL/JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 4000	Topics in Early Literatures	
ENGL 4020	Topics in 17th- and 18th-Century Literatures	
Nineteenth-, Twentieth-, and Twenty-First-Century Literature		
Complete one of the following:		4
ENGL 2330	The American Renaissance	
ENGL 3720	19th-Century Major Figure	
ENGL 4040	Topics in 19th-Century Literatures	
ENGL 2301	The Graphic Novel	
ENGL 2440	The Modern Bestseller	
ENGL 2600	Irish Literary Culture (Abroad)	
ENGL 2610	Contemporary Israeli Literature and Art (Abroad)	
ENGL/JWSS 3685	Modern and Contemporary Jewish Literature	
ENGL 3730	20th- and 21st-Century Major Figure	
Theories and Methods		
Complete one of the following:		4
ENGL 1140	Grammar: The Architecture of English	
ENGL 1160	Introduction to Rhetoric	
ENGL 1410	Introduction to Writing Studies	
ENGL 2150	Literature and Digital Diversity	
ENGL 3325	Rhetoric of Law	
ENGL 3340	Technologies of Text	
ENGL 3370	Writing Cultures	
ENGL 3381	The Practice and Theory of Teaching Writing	
ENGL 3700	Narrative Medicine	
ENGL 4400	Opening the Archive	
ENGL 4410	Research in Rhetoric and Writing	

LING 1150	Introduction to Language and Linguistics
LING 2350	Linguistic Analysis
LING 3450	Syntax
LING 3452	Semantics
LING 3454	History of English
LING 3456	Language and Gender
LING 3458	Topics in Linguistics

Comparative Literature

Complete one of the following: 4

ENGL 1450	Reading and Writing in the Digital Age
ENGL 1502	American Literature to 1865
ENGL 1503	American Literature 1865 to Present
ENGL 2150	Literature and Digital Diversity
ENGL 2380	The Modern Novel
ENGL 2420	Contemporary Poetry
ENGL 2430	Contemporary Fiction
ENGL 2450	Postcolonial Literature
ENGL 2451	Postcolonial Women Writers
ENGL 2455	American Women Writers Race
ENGL 2460	Multiethnic Literatures of the U.S.
ENGL 2510	Horror Fiction
ENGL 2520	Science Fiction
ENGL 2600	Irish Literary Culture (Abroad)
ENGL 2620	What Is Nature? (Abroad)
ENGL 2690	Boston in Literature
ENGL 3487	Film and Text (Abroad)
ENGL 3582	Children's Literature
ENGL 3663	The African-American Novel
ENGL 3676	Representing Gender and Sexuality in Literature

Writing

Complete one of the following: 4

ENGL 2700	Creative Writing
ENGL 2710	Style and Editing
ENGL 2740	Writing and Community Engagement
ENGL 2760	Writing in Global Contexts
ENGL 2770	Writing to Heal
ENGL 2780	Visual Writing: Writing Visuals
ENGL 2850	Writing for Social Media: Theory and Practice
ENGL 3375	Writing Boston
ENGL 3376	Creative Nonfiction
ENGL 3377	Poetry Workshop
ENGL 3378	Fiction Workshop
ENGL 3380	Topics in Writing
ENGL 3382	Publishing in the 21st Century
ENGL 3384	The Writer's Marketplace

Capstone

ENGL 4710	Capstone Seminar	4
or ENGL 4720	Capstone Project	

English Electives

Complete two additional ENGL electives. 8

Integrative Requirement

Code	Title	Hours
ARCH 2330	Architecture, Modernity, and the City, 1800 to 1910	4
or ARCH 2340	Architecture, Modernity, and the City, 1910 to 1980	
ENGL 3375	Writing Boston	4

Program Requirement

128 total semester hours required

Architecture and Graphic and Information Design, BS

The School of Architecture and the Department of Art + Design offer a combined major in architecture and graphic and information design. Students interested in the combined major connect specific problem solving inherent to architectural understanding with the larger context of contemporary cities. They learn to conceptualize, synthesize, and represent complex architectural, urban, and environmental issues. Students combine this knowledge with the design of message and meaning, integrating text and image to visualize concepts and data to enhance human understanding of complex and vital knowledge.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath attributes Natural and Designed World (ND), Creative Expression and Innovation (EI), Interpreting Culture (IC), Societies and Institutions (SI), and Difference and Diversity (DD) are met through the major course requirements.

In order to graduate, students must complete Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), and Ethical Reasoning (ER) in their electives.

Civil Engineering and Architectural Studies, BSCE

Civil engineering and architecture are two important disciplines that deal with the process of creating the built environment to satisfy societal needs. Both professions have critical functions that are essential in the development of society in terms of planning cities and designing more resilient infrastructure and rely on one another to accomplish it. The combination of these two professions creates great synergy as architects focus more on the functional and human aspects of development, while civil engineers concentrate on the structural elements of the design, ensuring durable structures that perform under normal and extreme loads.

Students successfully completing the program receive a rigorous engineering training education, enabling a high level of engineering knowledge as well as exposure to a broad range of architectural topics and design experiences.

Students also have the opportunity to undertake a co-op experience consistent with the policies and opportunities offered within the College of Engineering.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Engineering Requirement

Complete 56 semester hours in engineering as indicated below.

Code	Title	Hours
Required Engineering		
CIVE 2221 and CIVE 2222	Statics and Solid Mechanics and Recitation for CIVE 2221	4
CIVE 2260 and CIVE 2261	Materials for the Built Environment and Lab for CIVE 2260	5
CIVE 2320 and CIVE 2321	Structural Analysis and Recitation for CIVE 2320	4
CIVE 2324 or CIVE 3425	Concrete Structure Design Steel Structure Design	4
CIVE 2331	Fluid Mechanics and Hydraulics	4
CIVE 2334	Environmental Engineering: Principles, Technology, and Sustainability	4
CIVE 2340 and CIVE 2341	Geotechnical Engineering and Lab for CIVE 2340	5
GE 3300	Energy Systems: Science, Technology, and Sustainability	4

Civil Engineering Project Elective

Complete one of the following:		4
CIVE 4534 and CIVE 4535	Water Treatment Systems Design and Lab for CIVE 4534	
CIVE 4542	Foundation Engineering and Design	
CIVE 4554	Highway Design

Writing

A grade of C or higher is required:

ENGW 1111	First-Year Writing	4
ENGW 3302	Advanced Writing in the Technical Professions	4

NUpath Requirements

For this combined major, Nupath requirements are satisfied in several courses across the program and by required courses in the combined major.

Program Requirements

144 total semester hours required

Note:

- Students who wish to be considered for the two-year Master of Architecture Program at Northeastern **SHOULD** take ARCH 3450 as an elective and **SHOULD NOT** take ARCH 5115 or ARCH 5220 as architectural electives.
- Students who wish to be considered for the two-year Master of Architecture Program at Northeastern **MUST** have satisfied the Structural Systems (ARCH 5230) requirement. This requirement is achieved in this combined major by taking the following three courses, as follows:
 - CIVE 2221 Statics and Solid Mechanics (including recitation CIVE 2222)
 - CIVE 2320 Structural Analysis (including recitation CIVE 2321)
 - And at least one design course from the following:
 - CIVE 2324 Concrete Structure Design
 - CIVE 3425 Steel Structure Design

Environmental Engineering and Landscape Architecture, BSEnVE

Environmental engineering and landscape architecture are two important disciplines that deal with the complex interaction between the natural and the built environment. Both professions have critical functions that

are essential in the development of society in terms of planning and designing more sustainable cities. The combination of these two professions creates great synergy and seeks to expose engineering students to the conceptual and practical content of landscape planning. Successful graduates from this degree are prepared to imagine and create projects that can be translated into reality providing solutions to address the world's growing challenges by designing clean and sustainable environments and green infrastructure.

Students completing the combined major Bachelor of Science in Environmental Engineering and Landscape Architecture receive a rigorous engineering training education, enabling a high level of engineering knowledge as well as exposure to a broad range of landscape architectural topics and design experiences.

Students will also have the opportunity to undertake a co-op experience consistent with the policies and opportunities offered within the College of Engineering.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Engineering Requirement

Complete 57 semester hours in engineering as indicated below.

Code	Title	Hours
Required Engineering		
CIVE 2221 and CIVE 2222	Statics and Solid Mechanics and Recitation for CIVE 2221	4
CIVE 2260 and CIVE 2261	Materials for the Built Environment and Lab for CIVE 2260	5
CIVE 2331	Fluid Mechanics and Hydraulics	4
CIVE 2334	Environmental Engineering: Principles, Technology, and Sustainability	4
CIVE 3435	Environmental Pollution Fate and Transport	4
CIVE 4534 and CIVE 4535	Water Treatment Systems Design and Lab for CIVE 4534	4
CIVE 5300	Environmental Engineering Laboratory	4
GE 3300	Energy Systems: Science, Technology, and Sustainability	4
Senior Design Project		
CIVE 4765	Senior Design Project—Environmental	5
Environmental Engineering Technical Electives		
Complete two of the following:		7-8
CIVE 4540	Resource Recovery and Waste Treatment Technologies Abroad	
CIVE 4575	Construction Management	
CIVE 5260	Environmental Fluid Mechanics	

CIVE 5261	Dynamic Modeling for Environmental Investment and Policymaking	
CIVE 5271	Solid and Hazardous Waste Management	
CIVE 5275	Life Cycle Assessment of Materials, Products, and Infrastructure	
CIVE 5280	Remote Sensing of the Environment	
CIVE 5536	Hydrologic and Hydraulic Design	
Supplemental Credit		
1 semester hour from the following course counts toward the engineering requirement:		1
CIVE 3464	Probability and Engineering Economy for Civil Engineering	
3 semester hours from the following course count toward the engineering requirement:		3
CIVE 2335	Environmental Engineering Chemistry	
3 semester hours from the following course count toward the engineering requirement:		3
CIVE 3430	Engineering Microbiology and Ecology	
2 semester hours from the following course count toward the engineering requirement:		2
GE 1501	Cornerstone of Engineering 1	
3 semester hours from the following course count toward the engineering requirement:		3
GE 1502	Cornerstone of Engineering 2	

Professional Development

Code	Title	Hours
Professional Development		
GE 1000	Introduction to the Study of Engineering	1
CIVE 2000	Introduction to Engineering Co-op Education	1
CIVE 3000	Professional Issues in Engineering	1

Additional Required Courses

The remaining credit from the following course will apply to the professional development area:		1
GE 1501	Cornerstone of Engineering 1	
The remaining credit from the following course will apply to the professional development area:		1
GE 1502	Cornerstone of Engineering 2	

Supporting Courses: Mathematics/Science

Complete 35 semester hours in mathematics and science as indicated below.

Code	Title	Hours
Required Mathematics/Science		
Complete one of the following:		4
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	
CHEM 1211 and CHEM 1212 and CHEM 1213	General Chemistry 1 and Lab for CHEM 1211 and Recitation for CHEM 1211	
CHEM 1214 and CHEM 1215 and CHEM 1216	General Chemistry 2 and Lab for CHEM 1214 and Recitation for CHEM 1214	
MATH 1341	Calculus 1 for Science and Engineering	

MATH 1342	Calculus 2 for Science and Engineering
MATH 2321	Calculus 3 for Science and Engineering
MATH 2341	Differential Equations and Linear Algebra for Engineering

Complete one of the following: 5

PHYS 1151	Physics for Engineering 1 and Lab for PHYS 1151
PHYS 1152	and Lab for PHYS 1151
PHYS 1153	and Interactive Learning Seminar for PHYS 1151

PHYS 1161	Physics 1 and Lab for PHYS 1161
PHYS 1162	and Lab for PHYS 1161
PHYS 1163	and Recitation for PHYS 1161

Science Elective (Earth)

Complete one of the following: 4-5

ENVR 1110	Global Climate Change
ENVR 1112	Environmental Geology
ENVR 1120	Oceans and Coasts
ENVR 1200	Dynamic Earth
ENVR 1202	History of Earth and Life
ENVR 2310	Earth Materials
ENVR 3125	Global Oceanic Change

Supplemental Credit

3 semester hours from the following course count toward the mathematics/science requirement: 3

CIVE 3464	Probability and Engineering Economy for Civil Engineering
-----------	---

1 semester hour from the following course counts toward the mathematics/science requirement: 1

CIVE 2335	Environmental Engineering Chemistry
-----------	-------------------------------------

1 semester hour from the following course counts toward the mathematics/science requirement: 1

CIVE 3430	Engineering Microbiology and Ecology
-----------	--------------------------------------

1 semester hour from the following course counts toward the mathematics/science requirement: 1

GE 1501	Cornerstone of Engineering 1
---------	------------------------------

Writing Requirement and NUpath Courses

Code	Title	Hours
Writing		
A grade of C or higher is required:		
ENGW 1111	First-Year Writing	4
ENGW 3302	Advanced Writing in the Technical Professions	4

NUpath Requirements

For this combined major, Nupath requirements are satisfied in several courses across the program and by required courses in the combined major.

ENGINEERING GPA REQUIREMENT

Minimum 2.000 GPA required in all major courses

Landscape Architecture Requirements

Code	Title	Hours
ARCH 1110	Fundamental Architectural Representation	4
ARCH 1120	Fundamental Architectural Design	6
ARCH 1310	Buildings and Cities, A Global History	4

LARC 2230	Introduction to Sustainable Site Planning and Design	4
LARC 2240	Sustainable Site Construction and Detailing	4
LARC 2340	Cities, Landscape, and Contemporary Culture	4
LARC 2430	Plants, People, and Landscape Change	4
LARC 2440	Planting Design	4
LARC 5420	Professional Practice in Landscape Architecture	4

LANDSCAPE ARCHITECTURE GPA REQUIREMENT

Minimum 2.500 GPA required in all major courses

Integrative Courses

Environmental Science and Landscape Architecture, BS

The Departments of Marine and Environmental Sciences and Landscape Architecture provide an education in basic environmental science and landscape architecture-related disciplines. This combined major provides students an opportunity to obtain the fundamental scientific background and practical training to tackle environmental and landscape-related issues. The program seeks to prepare students for advanced studies or careers in fields of urban planning, urban design, sustainable development, environmental consulting and/or other fields focusing on the interactions among landscapes, the built environment, human societies, and overall climatic impacts.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Environmental Science Requirements

Code	Title	Hours
Environmental Science Required Courses		
EEMB 2302 and EEMB 2303	Ecology and Lab for EEMB 2302	5

ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300	5
ENVR 4515	Sustainable Development	4
ENVR 3200	Water Resources	4
Complete one of the following:		4-5
ENVR 1101	Environmental Science	
ENVR 1200 and ENVR 1201	Dynamic Earth and Lab for ENVR 1200	

Environmental Science Electives

Code	Title	Hours
A total of four electives is required; complete at least one, and no more than two, from each of the following categories:		16
Geological Sciences		
ENVR 2310	Earth Materials	
ENVR 3410	Environmental Geochemistry	
ENVR 5190	Soil Science	
Human-Coupled Systems		
ENVR 2340	Earth Landforms and Processes	
ENVR 5210	Environmental Planning	
EEMB 3460	Conservation Biology	
Biological Perspectives		
EEMB 4001	Landscape and Restoration Ecology	
ENVR 4505	Wetlands

Total Hours: 134-135

Architectural and Urban History, Minor

Website (<https://camd.northeastern.edu/architecture/academic-programs/architectural-history/>)

The four-course minor introduces students to the study of architectural history, paying particular attention to the relationship between buildings and their larger urban, cultural, economic, and social environments. The minor includes one general survey class that covers a variety of different cultures and geographic contexts over time. Students may then choose from a suite of architectural history courses to fulfill the remaining 12 credits of this minor.

Please note: This minor is not available to students in the BS in architecture or BS in architectural studies major. BLA in landscape architecture students may double count at most one course with this minor.

Minor Requirements

Note: This minor is not available to students in the BS in architecture or BS in architectural studies major. BLA in landscape architecture students may double count at most one course with this minor.

Required Courses

Code	Title	Hours
Architectural History Core		
ARCH 1310	Buildings and Cities, A Global History	4
Electives		
Complete three of the following:		12
ARCH 1350	American Architecture	
ARCH 2330	Architecture, Modernity, and the City, 1800 to 1910	
ARCH 2340	Architecture, Modernity, and the City, 1910 to 1980	
ARCH 3362	Seminar Abroad	
ARCH 3370	Topics in Architectural History	
ARCH 4850	Urban and Architectural History Abroad	

GPA Requirement

2.000 GPA required in the minor

Architectural Science and Systems, Minor

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Only one course can be double counted towards any other Major or Minor.

Requirements

Code	Title	Hours
Building Systems Required Course		
ARCH 2260	Introduction to Building Systems	4
Building Systems Core		
Complete two of the following:		8
ARCH 2240	Architectonic Systems	
ARCH 3210	Environmental Systems	

or ARCH 5210	Environmental Systems
ARCH 5230	Structural Systems
Elective	
Complete one of the following. The third course from the Building Systems Core section above may be taken as an elective.	
ARCH 2250	Introduction to Sustainable Design in Architecture
ARCH 5220	Integrated Building Systems
GE 3300	Energy Systems: Science, Technology, and Sustainability
SBSY 5200	Sustainable Engineering Systems for Buildings

GPA Requirement

2.000 GPA required in the minor

Urban Landscape Studies, Minor

Website (<https://camd.northeastern.edu/architecture/academic-programs/urban-landscape-studies/>)

The minor in urban landscape studies has two tracks, one for architecture majors and a second for students from other disciplines. The minor introduces fundamental design and management of sustainable urban environments, as well as an overview of historical and contemporary issues in urban landscape.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

No more than one course may count toward any other degree or minor

Required Courses

Code	Title	Hours
Urban Landscape Core 1		
LARC 2340	Cities, Landscape, and Contemporary Culture	4
Urban Landscape Core 2		
Complete two of the following:		8
LARC 2230	Introduction to Sustainable Site Planning and Design	
LARC 2330	Cities, Landscape, and Modern Culture	
LARC 2430	Plants, People, and Landscape Change	

Elective

Code	Title	Hours
Complete one of the following:		
AFAM 2549	Public Policy and Black America	
ARCH 1310	Buildings and Cities, A Global History	
ARCH 3352	Architecture Topics Abroad: Drawing	
ARCH 4850	Urban and Architectural History Abroad	
ARTG 4553	Environmental Information Design	
CIVE 2334	Environmental Engineering: Principles, Technology, and Sustainability	
ENVR 1200	Dynamic Earth	
ENVR 3200	Water Resources	

LARC 2230	Introduction to Sustainable Site Planning and Design
LARC 2240	Sustainable Site Construction and Detailing
LARC 2330	Cities, Landscape, and Modern Culture
LARC 2430	Plants, People, and Landscape Change
LARC 2440	Planting Design
LARC 5210	Landscape Ecology
POLS 2395	Environmental Politics and Policy
SOCL 1246	Environment and Society

GPA Requirement

2.500 GPA required in the minor

Art + Design

Website (<https://camd.northeastern.edu/artdesign/>)

Edwin Andrews, MFA

Interim Chair

239 Ryder Hall

617.373.4340

Nhora Delgado, Administrative Assistant, n.delgado@northeastern.edu

Art makes life meaningful. Design makes life possible. Together they make life wonderful. The work of artists and designers informs and forms cultures, benefits society, and empowers the global marketplace of ideas. The faculty in the Department of Art + Design seeks to prepare students for a rich and rewarding life making a significant difference in the lives of others. We study the fundamentals of knowing, thinking, making, and doing; you have an opportunity to learn to use ideas and influences, tools and techniques, and principles and processes of art and design. We provide a faculty, format, and facilities for a great experiential education in art and design within a major urban research university. You pursue your curiosity about, intentions toward, and obligations to the evolving world. Summer programs in Iceland, Ireland, Venice, Rome, Berlin, Budapest, Cuba, Japan, and Ecuador offer intensive studio experiences to augment your study with travel and creative work in the context of other cultures.

Whether you are studying design, media art, or game design, the Department of Art + Design seeks to cultivate your talents as a source of original ideas and expressions of an inner life, using classical, current, and emerging media. You are inspired and challenged to create powerful new works. You will gain visual literacy and fluency with professional art, design, and game design practices in the context of a liberal arts education. You can be transformed into a creative force, ready to realize your potential and create cultural value and social benefit.

Art, BA

A studio-based fine art program that offers a broad and deep exploration of what it means to be culturally aware, skilled, and productive, the Bachelor of Arts in Art balances studio courses in drawing/painting and digital media with art history and visual studies. Students' education, experience, and training in understanding cultural practices take full advantage of the remarkable scope of the College of Arts, Media and Design. The focus of obtaining a well-rounded liberal arts education, within a broad study of the arts and humanities, is complemented by the study of a language and its cultural context and knowledge in the natural, physical, and social sciences. Some courses in this program are offered in Ireland, a cultural treasure house amid natural splendor, where

students have an intensive and immersive experience. There, students make art in their own studios in an art school equipped with all the tools and resources an artist requires. Most important, ample elective choices include study-abroad programs and span the complete range of offerings of our college.

The concentration in visual studies incorporates art and design history with a cultural study of seeing. Understanding vision to be as much a product of lived culture and a phenomenon that is as dynamic, creative, and social as it is physical and biological, visual studies explores differing ways to interpret the visible world that surrounds us. Students are exposed to the history and theory of the visual arts and visual experience as they address connections between topics as wide-ranging as Leonardo da Vinci's *Mona Lisa* and the computer interface used in Apple's *iOS*. Visual studies seeks to develop critical insight into, and understanding of, what is seen.

The **Bachelor of Arts in Art** is offered with a concentration in visual studies or without a concentration.

Design, BFA

Design is the practice-based discipline raising important questions about—and providing significant answers to—how we live. Designers are needed when we don't know what is needed. Designers propose alternative futures and create new choices using design principles and processes to create, compose, and construct meaning in diverse knowledge fields. Designers seek a broad understanding of principles and systems of perception, communication, and action. Concentrations in design practices are graphic and information design, interaction design, and experience design.

Graphic design makes messages and meaning using visual form and the integration of text and image. It often has a persuasive intention and uses rules of visual composition, form, and pattern to enable storytelling or to create attention and an ambiance for consideration. Information design focuses on visualizing concepts and data to enhance human understanding of complex and vital knowledge.

Interaction design focuses on the creation of navigable interfaces and systems that allow audiences to achieve meaningful goals, connecting people to people and people to information and environments.

Experience design is a holistic approach that utilizes investigation into human environments in specific situations to improve quality. Given an understanding of goals, needs, and desires, it seeks to improve the various contexts by identifying and studying events and how they can be turned into beneficial practices.

As intensive studio programs, the curricula balance theory and design history and theory with studio projects in all media. As a design analyst, inventor, interpreter, curator, and producer of information, interaction, and experience, students can integrate many facets of university and liberal arts education.

The **Bachelor of Fine Arts in Design** is offered with the following concentration options: experience design, interaction design, or graphic and information design.

Games, BFA

The Bachelor of Fine Arts in Games seeks to give students the skills to communicate ideas and emotions through interactive media. The focus of the BFA degree is to explore games as an aesthetic and expressive form through critical analysis and creative, reflective practice. To reflect emerging trends in the video game industry, including broader platforms and audiences and more distribution channels, students

will be oriented toward developing games and playful media in an independent creative context, preparing graduates to become leaders within a growing segment of the game industry. Curriculum is geared to cultivating the students' own unique creative voice through courses that apply theory analysis to game-making practice across a wide range of media. Students are exposed to a wide variety of genres and contexts, as well as different ways of thinking about games content, platforms, and production. BFA in games majors will have a minimum of four games courses in which they interact with and collaborate with students in the BS in computer science and game development major.

Media Arts, BFA

The continuing revolution in digital computing and global communications has produced a rapidly evolving field for artists who create experiences of image and form with computer screens, intelligent devices, and new materials. Artists also invent tools for exploring, creating, and distributing their ideas and works. Media arts practices of animation, game, game art, photography, and video arts are offered with variations yet to be invented.

Courses in imaginative and narrative arts, required for professional work in documentary films, game art and promotion, visualization, motion graphics, interactive art, illustration, and short animated film are offered. An intensive studio program, the curriculum provides knowledge, experience, and techniques of media arts informed by theory, experimentation, and critique. Extensive digital imaging and interactive media editing and production facilities offer the opportunity to become highly proficient in the current skills and emerging practices necessary for remarkable work. The media arts are evolving and expanding their reach into culture and society in daily life and global experience. The revolutions in 3-D printing, embedded devices, and robotics are changing the landscape in which the media artist will operate. This degree prepares students to meet the challenges of continuous change with adaptive ingenuity.

The **Bachelor of Fine Arts in Media Arts** is offered without a concentration or with the following concentration options: animation, photography, or video arts.

Studio Art, BFA

The Bachelor of Fine Arts in Studio Art is offered in partnership with the School of the Museum of Fine Arts at Tufts University (SMFA at Tufts) (<https://smfa.tufts.edu/>), adjacent to the Northeastern campus. In this major, the studio art classes are taken at the SMFA at Tufts, which permits students to explore a wide range of artistic media including ceramics, drawing, film, glasswork, metalsmith, painting, performance, print and paper, sculpture, and sound in their extensive studio environments. Art and design history courses are taken in the department. In addition, students have access to all the elective courses, co-op, study-abroad programs, technology, and student resources that Northeastern students experience.

The **Bachelor of Fine Arts in Studio Art** degree is awarded by Northeastern.

Admission Requirements for Art + Design

There are specific admissions criteria for students entering majors in the Department of Art + Design. See "Admission Requirements for the College of Arts, Media and Design (p. 15)."

Academic Progression Standards

Same as college standards.

Programs

Bachelor of Arts (BA)

- Art (p. 73)
- Communication Studies and Graphic and Information Design (p. 96)
- English and Graphic and Information Design (p. 99)
- Media and Screen Studies and Media Arts (p. 108)
- Media Arts and Communication Studies (p. 110)
- Theatre and Interaction Design (p. 112)

Bachelor of Fine Arts (BFA)

- Design (p. 76)
- Game Design (p. 79)
- Media Arts (p. 80)
- Studio Art (p. 85)
- Game Art and Animation (p. 101)

Bachelor of Science (BS)

- Architecture and Graphic and Information Design (p. 62)
- Business Administration and Design (p. 87)
- Computer Science and Design (p. 89)
- Computer Science and Game Development (p. 92)
- Computer Science and Media Arts (p. 94)
- Game Design and Music with concentration in Music Technology (p. 103)
- Graphic and Information Design and Mathematics (p. 104)
- Journalism and Interaction Design (p. 106)
- Theatre and Interaction Design (p. 113)

Minors

- Animation (p. 114)
- Art (p. 115)
- Art History (p. 116)
- Experience Design (p. 116)
- Game Art (p. 116)
- Game Design (p. 117)
- Graphic and Information Design (p. 117)
- Interaction Design (p. 118)
- Photography (p. 118)
- Photojournalism (p. 119)

Art, BA

A studio-based fine art program that offers a broad and deep exploration of what it means to be culturally aware, skilled, and productive, the Bachelor of Arts in Art balances studio courses in drawing/painting and digital media with art history and visual studies. Students' education, experience, and training in understanding cultural practices take full advantage of the remarkable scope of the College of Arts, Media and Design. The focus of obtaining a well-rounded liberal arts education, within a broad study of the arts and humanities, is complemented by the study of a language and its cultural context and knowledge in the natural, physical, and social sciences. Some courses in this program are offered in Ireland, a cultural treasure-house amid natural splendor, where students may have an intensive and immersive experience. There students make art in their own studios in an art school equipped with all

the tools and resources an artist requires. Most important, ample elective choices include study-abroad programs and span the complete range of offerings of our college.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), Difference and Diversity (DD), and Ethical Reasoning (ER) must be met through general electives.

Art and Design Core

Code	Title	Hours
Introduction		
ARTF 1000	Art and Design at Northeastern	1
Fundamentals		
Complete one course in the following range. ARTF 1143 is recommended.		4
ARTF 1141 to ARTF 1149		
ARTF 1122	2D Fundamentals: Surface and Drawing (with optional ARTF 1123)	4
ARTF 1124 and ARTF 1125	3D Fundamentals: Structure and Drawing and 3D Tools	5
ARTF 2220	4D Fundamentals: Sequence and Drawing (with optional ARTF 2221)	4
Drawing Elective		
ARTF 1120 or ARTF 1121	Observational Drawing Conceptual Drawing	4
Art History Required		
ARTH 1110	Global Art and Design History: Ancient to Medieval	4
ARTH 1111	Global Art and Design History: Renaissance to Modern	4
ARTH 2210	Modern Art and Design History	4
ARTH 2211	Contemporary Art and Design History	4

Design, BFA

Design is the practice-based discipline raising important questions about—and providing significant answers to—how we live. Designers are needed when we don't know what is needed. Designers propose alternative futures and create new choices using design principles and processes to create, compose, and construct meaning in diverse knowledge fields. Designers seek a broad understanding of principles and systems of perception, communication, and action. Concentrations in design practices are graphic and information design, interaction design, and experience design.

Graphic design makes messages and meaning using visual form and the integration of text and image. It often has a persuasive intention and uses rules of visual composition, form, and pattern to enable storytelling or to create attention and an ambience for consideration. Information design focuses on visualizing concepts and data to enhance human understanding of complex and vital knowledge.

Interaction design focuses on the creation of navigable interfaces and systems that allow audiences to achieve meaningful goals, connecting people to people and people to information and environments.

Experience design is a holistic approach that utilizes investigation into human environments in specific situations to improve quality. Given an understanding of goals, needs, and desires, it seeks to improve the various contexts by identifying and studying events and how they can be turned into beneficial practices.

As intensive studio programs, the curricula balance theory and design history and theory with studio projects in all media. As a design analyst, inventor, interpreter, curator, and producer of information, interaction, and experience, students can integrate many facets of university and liberal arts education.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), and Societies and Institutions (SI) are met through the major course requirements. All other NUpath requirements must be met through electives.

Game Design, BFA

The BFA in game design seeks to give students the skills to communicate ideas and emotions through interactive media. The focus of the BFA degree is to explore games as an aesthetic and expressive form through critical analysis and creative, reflective practice. To reflect emerging trends in the video game industry, including broader platforms and audiences and more distribution channels, students will be oriented toward developing games and playful media in an independent creative context, preparing graduates to become leaders within a growing segment of the game industry. Curriculum is geared to cultivating the students' own unique creative voice through courses that apply theory analysis to game-making practice across a wide range of media.

Students are exposed to a wide variety of genres and contexts, as well as different ways of thinking about games content, platforms, and production. BFA in game design majors will be based in the College of Arts, Media and Design but will have a minimum of four games courses in which they interact with and collaborate with students in the BS in computer science and game development major.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Creative Expression/Innovation (EI), Formal and Quantitative Reasoning (FQ), and Analyzing/Using Data (AD) are met through the major course requirements. All other NUpath requirements must be met through electives.

Media Arts, BFA

The continuing revolution in digital computing and global communications has produced a rapidly evolving field for artists who create experiences of image and form with computer screens, intelligent devices, and new materials. Artists also invent tools for exploring, creating, and distributing their ideas and works. Media arts practices of animation, game, game art, photography, and video arts are offered with variations more yet to be invented.

Courses in imaginative and narrative arts, required for professional work in documentary films, game art and promotion, visualization, motion graphics, interactive art, illustration, and short animated film, are offered. An intensive studio program, the curriculum provides knowledge, experience, and techniques of media arts informed by theory, experimentation, and critique. Extensive digital imaging and interactive media editing and production facilities afford you the opportunity to become highly proficient in the current skills and emerging practices necessary for remarkable work. The media arts are evolving and expanding their reach into culture and society in daily life and global experience. The revolutions in 3-D printing, embedded devices, and robotics are changing the landscape in which the media artist will operate. This degree is designed to prepare students to meet the challenges of continuous change with adaptive ingenuity.

Video arts is a multidisciplinary field focused on creative video expression and messaging that weaves together art and design foundations; art and design history; video production; cinematic language (including documentary, narrative, and experimental strategies); collaborative frameworks; and theories of social and cultural change. The scope of the video arts curriculum is a broader and more diverse tapestry than traditional video art and it reflects the dynamic evolution of video in multiple contexts. The video arts concentration enables students to explore traditional, alternative, and other artistic means of video art production in a variety of creative and technical contexts. The focus on a multiplicity of artistic formats—hence, the choice of the title video arts—underscores our attention to the training of students who are interested in learning how to experiment with new technical, narrative, and aesthetic practices and incorporate these options into the traditional medium of video art.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Creative Expression and Innovation (EI), Interpreting Culture (IC), and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), Difference and Diversity (DD), and Ethical Reasoning (ER) must be met through general electives.

Art and Design Core

Code	Title	Hours
Introduction to College		
ARTF 1000	Art and Design at Northeastern	1
Art and Design Fundamentals		
Complete one course in the following range. ARTF 1143 is recommended.		
ARTF 1141 to ARTF 1149		
ARTF 1122	2D Fundamentals: Surface and Drawing (with optional ARTF 1123)	4
ARTF 1124	3D Fundamentals: Structure and Drawing (with optional ARTF 1125)	4
ARTF 2220	4D Fundamentals: Sequence and Drawing (with optional ARTF 2221)	4
Art and Design History		
ARTH 1110	Global Art and Design History: Ancient to Medieval	4
ARTH 1111	Global Art and Design History: Renaissance to Modern	4
ARTH 2210	Modern Art and Design History	4

Media Arts Requirements

Code	Title	Hours
Drawing Fundamentals Elective		
ARTF 1120	Observational Drawing	4
or ARTF 1121	Conceptual Drawing	
Media Arts Basics Elective		
Note: If you are pursuing a concentration, select courses not used for your concentration.		
Complete one of the following:		
ARTD 2360	Photo Basics (with optional ARTD 2361)	4
ARTD 2370	Animation Basics (with optional ARTD 2371)	
ARTD 2380	Video Basics (with optional ARTD 2381)	
Media Arts History Elective		
Complete one of the following:		
ARTH 2211	Contemporary Art and Design History	4
ARTH 2212	Survey of the Still and Moving Image	
ARTH 1100	Interactive Media and Society	
Design Requirement		

ARTG 2250	Typography 1 (with optional ARTG 2251)	4
-----------	---	---

Degree Project		
ARTD 4530	Media Arts Degree Project 1	4

Media Arts Electives or Concentration

Complete the media arts electives or contact your academic advisor to declare one of the following concentrations:

- Animation (p. 82)
- Photography (p. 82)
- Video Arts (p. 82)

Code	Title	Hours
Note: Courses in this requirement may not be used for the drawing fundamentals elective or media arts history elective.		
Complete six of the following:		
ARTE 2301	The Graphic Novel	24
ARTE 2500	Art and Design Abroad: Studio	
ARTE 2501	Art and Design Abroad: History	
ARTE 3901	Art and Design Special Topics	
ARTE 4901	Special Topics in Art and Design Studio	
ARTH 1100	Interactive Media and Society	
ARTH 2213	Nineteenth-Century Art	
ARTH 5100	Contemporary Art Theory and Criticism	
ARTH 5200	Issues in Contemporary Art	
ARTH 5400	Contemporary Visual Culture	
ARTS 2330	Sculpture Basics	
ARTS 2340	Painting Basics	
ARTS 2341	Figure Drawing	
ARTS 3449	Drawing in Mixed Media	
ARTD 2100	Narrative Basics	
ARTD 3460	Photography 1	
ARTD 3470	Animation 1	
ARTD 3471	Virtual Environment Design	
ARTD 3472	Character Design for Animation	
ARTD 3473	Animation for Games	
ARTD 3480	Video: Sound and Image	
ARTD 3485	Experimental Video	
ARTD 4565	Photography 2	
ARTD 4570	Animation 2	
ARTD 4575	Animation 3	
ARTD 4577	Digital Sculpture and Model Making	
ARTD 5582	Collaborative Video and Community Engagement	
ARTD 4660	Studio Photography	
ARTD 4661	Alternative Photographic Processes	
ARTG 3351	Time-Based Design	

Program Requirement

130 total semester hours required

Concentrations (Animation/Photography/Video Arts)

CONCENTRATION IN ANIMATION

Code	Title	Hours
Animation Requirements		
ARTD 2100	Narrative Basics	4
ARTD 2370	Animation Basics (with optional ARTD 2371)	4
ARTD 3470	Animation 1	4
ARTD 4570	Animation 2	4
Animation Electives		
Complete three of the following. At least one must be at the 4000 level:		12
ARTD 3471	Virtual Environment Design	
ARTD 3472	Character Design for Animation	
ARTD 4575	Animation 3	
ARTD 4577	Digital Sculpture and Model Making	
ARTD 3473	Animation for Games	

Art and Design Elective

Note: Courses in this requirement may not be used for the drawing fundamentals elective, media arts basics elective, media arts history elective, or animation electives.
 Complete any one ARTG, ARTE, ARTD, ARTH, ARTS or GAME course as long as prerequisites have been met. 4

CONCENTRATION IN PHOTOGRAPHY

Code	Title	Hours
Photography Requirements		
ARTD 2360	Photo Basics (with optional ARTD 2361)	4
ARTD 3460	Photography 1	4
ARTD 4565	Photography 2	4
Photography Elective		
ARTD 4660	Studio Photography	4
or ARTD 4661	Alternative Photographic Processes	

Art and Design Electives

Note: Courses in this requirement may not be used for the drawing fundamentals elective, media arts basics elective, media arts history elective, or photography elective.
 Complete any three ARTG, ARTE, ARTD, ARTH, ARTS or GAME courses as long as prerequisites have been met. At least one must be a 4000-level course. 12

CONCENTRATION IN VIDEO ARTS

Code	Title	Hours
Video Arts Requirements		
ARTD 2380	Video Basics (with optional ARTD 2381)	4
ARTD 3480	Video: Sound and Image	4
ARTD 5582	Collaborative Video and Community Engagement	4
Video Arts Electives		
Complete three of the following:		12
ARTD 3485	Experimental Video	
MSCR 2160	Narrative Filmmaking	
MSCR 3446	Documentary Production	
MSCR 3389	Screenwriting	
ARTH 2212	Survey of the Still and Moving Image	

THTR 2345	Acting for the Camera
-----------	-----------------------

Art and Design Electives

Note: Courses in this requirement may not be used for the drawing fundamentals elective, media arts basics elective, and media arts history elective.
 Complete any three ARTG, ARTE, ARTD, ARTH, ARTS or GAME courses as long as prerequisites have been met. At least one must be a 4000-level course. 12

Plan of Study

- No Concentration (p. 82)
- Animation (p. 83)

Studio Art, BFA

The BFA in studio art is offered in partnership with the School of the Museum of Fine Arts at Tufts University (SMFA at Tufts), affiliated with Tufts University and located adjacent to the Northeastern campus. In this major, the studio art classes are taken at the SMFA at Tufts, which permits students to explore a wide range of artistic media including ceramics, drawing, film, glasswork, metalsmith, painting, performance, print and paper, sculpture, and sound in their extensive studio environments. Art and design history courses are taken at Northeastern. In addition, students have access to all the elective courses, co-op, study-abroad programs, technology, and student resources that Northeastern students experience.

The BFA in studio art degree is awarded by Northeastern.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Interpreting Culture (IC) and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Creative Expression/Innovation (EI), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), Difference and Diversity (DD), and Ethical Reasoning (ER) must be met through general electives.

Note: The BFA in studio art is a joint degree program offered in collaboration with the School of the Museum of Fine Arts at Tufts University (SMFA at Tufts), which is affiliated with Tufts University. Art and design history and general education requirements are offered at Northeastern University, and studio art courses, which are determined in consultation with academic advisors at the SMFA at Tufts, are targeted to each student's unique program of study.

Art History Requirements for Studio Art

A cumulative grade-point average (GPA) of 2.500 or higher is required for the art history requirements.

Studio Art Courses

Code	Title	Hours
Studio Art		
Specific courses are targeted to each student's unique program of study, which is determined in consultation with an academic advisor at SMFA at Tufts. These courses generally have the following course number:		68
SMFA 3000	Museum of Fine Arts Studio (4 to 12 SH)	
Senior Thesis Capstone		
Senior thesis is a self-directed studio practice and exhibition under consultation of senior thesis faculty at SMFA at Tufts. These courses are generally in the SMFA subject area:		8
SMFA 4000	Museum of Fine Arts Capstone	

Studio Art Major Credit Requirement

Complete 96 semester hours in the major.

Program Requirement

Architecture and Graphic and Information Design, BS

The School of Architecture and the Department of Art + Design offer a combined major in architecture and graphic and information design. Students interested in the combined major connect specific problem solving inherent to architectural understanding with the larger context of contemporary cities. They learn to conceptualize, synthesize, and represent complex architectural, urban, and environmental issues. Students combine this knowledge with the design of message and meaning, integrating text and image to visualize concepts and data to enhance human understanding of complex and vital knowledge.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath attributes Natural and Designed World (ND), Creative Expression and Innovation (EI), Interpreting Culture (IC), Societies and Institutions (SI), and Difference and Diversity (DD) are met through the major course requirements.

In order to graduate, students must complete Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), and Ethical Reasoning (ER) in their electives.

Architecture Requirements

Code	Title	Hours

Business Administration and Design, BS

The combined major in business administration and design integrates fundamental design courses with the theory and practice of management through active learning, problem-driven research, corporate partnerships, and experiential assignments. The BS degree can be accomplished using the five-year co-op plan.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Business Core Requirements

Code	Title	Hours
Introduction to College		
BUSN 1102	Personal Skill Development for Business	1
or ARTF 1000	Art and Design at Northeastern	
Mathematics		
Complete one of the following:		4
MATH 1231	Calculus for Business and Economics	
MATH 1241	Calculus 1	

MATH 1260	Math Fundamentals for Games	
Macroeconomics and Microeconomics		
ECON 1115	Principles of Macroeconomics	4
or ECON 1116	Principles of Microeconomics	

Business Requirements

Code	Title	Hours
Accounting		
ACCT 1201	Financial Accounting and Reporting	4
Business Statistics		
MGSC 2301	Business Statistics	4
International Business/Social Responsibility		
INTB 1203	International Business and Global Social Responsibility	4
Marketing		
MKTG 2201	Introduction to Marketing	4
Finance		
FINA 2201	Financial Management	4
Organizational Behavior		
ORGB 3201	Organizational Behavior	4
Strategy in Action		
STRT 4501	Strategy in Action	4
Business Core Option		
Complete one of the following:		4
ACCT 2301	Managerial Accounting	
ENTR 2301	Innovation!	
MISM 2301	Management Information Systems	
SCHM 2301	Supply Chain and Operations Management	
Professional Development		
BUSN 1103	Professional Development for Business Co-op	1
or EEAM 2000	Professional Development for Co-op	

Business Concentration

Complete one of the following business concentrations. Requirements for the concentrations are listed below:

- Accounting (p.)
- Entrepreneurship and New Venture Management (p. 276)
- Healthcare Management and Consulting (p. 277)
- Finance (p.)
- Management (p.)
- Management Information Systems (p.)
- Marketing (p. 279)
- Marketing Analytics (p. 280)
- Supply Chain Management (p.)

Second Business Concentration (Optional)

A second business concentration is optional and may be chosen from the following list.

- Accounting (p.)
- Business/Interdisciplinary (p.)
- Entrepreneurship and New Venture Management (p. 276)
- International Business (p. 278)

- Finance (p. 277)
- Management (p. 278)
- Management Information Systems (p. 278)
- Marketing (p. 279)
- Supply Chain Management (p. 280)

Design Requirements

Code	Title	Hours
Foundations		
Complete one course in the following range. ARTF 1143 is recommended.		4
ARTF 1141 to ARTF 1149		
ARTF 1122	2D Fundamentals: Surface and Drawing	4
Art History		
ARTH 1100	Interactive Media and Society	4
ARTH 2215	History of Graphic Design	4

Total Hours: 130

Computer Science and Design, BS

The combined major in computer science and design integrates fundamental design courses with a strong programming foundation. Students will declare a concentration in interaction design, graphic and information design, or experience design. Students in this major often have an interest in human-centered design methods used in developing digital interfaces and applications.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200 or ARTF 1000	Leadership Skill Development Art and Design at Northeastern	1
CS 1210 or EEAM 2000	Professional Development for Khoury Co-op Professional Development for Co-op	1

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3500	Object-Oriented Design	4
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	4
IS 4300	Human Computer Interaction	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Computer Science Elective Courses

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete 8 credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010

CY 2000 or higher, except CY 4930

DS 2000 or higher, except DS 4900

IS 2000 or higher, except IS 4900

Design Requirements

Code	Title	Hours
------	-------	-------

Design Courses

Complete one course in the following range. ARTF 1143 is recommended.		4
---	--	---

ARTF 1141 to ARTF 1149

ARTF 1122	2D Fundamentals: Surface and Drawing	4
-----------	--------------------------------------	---

ARTG 1250	Design Process Context and Systems	4
-----------	------------------------------------	---

ARTG 2260	Programming Basics	4
-----------	--------------------	---

CS 4992	Directed Study
CS 4993	Independent Study

Integrative Requirement

Code	Title	Hours
------	-------	-------

The following courses are used in the major but also count as the integrative requirement:

IS 4300	Human Computer Interaction	
ARTG 2260	Programming Basics	

Supporting Course

Code	Title	Hours
------	-------	-------

Computing and Social Issues

Complete one of the following: 4

ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
ENGL 2150	Literature and Digital Diversity	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 3485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

Computer Science Writing Requirement

Code	Title	Hours
------	-------	-------

College Writing

ENGW 1111	First-Year Writing	4
-----------	--------------------	---

Advanced Writing in the Disciplines

ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
------	-------	-------

Complete 24 credits of general electives. 24

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Exploring Creative Expression and Innovation
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS and IS courses

Program Requirement

131 total semester hours required

Plan of Study

Computer Science and Game Development, BS

The computer science and game development combined major focuses on the specific skills needed to succeed in the highly competitive game industry. Students will engage in building and developing games and playable media experiences while completing courses in computer science and specialized game technology and design. Interdisciplinary courses enable students to develop their creative and entrepreneurial abilities, as well as create a strong portfolio of game pieces.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200 or ARTF 1000	Leadership Skill Development Art and Design at Northeastern	1
CS 1210 or EEAM 2000	Professional Development for Khoury Co-op Professional Development for Co-op	1

CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
CS 4300	Computer Graphics	4
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	4
IS 4300	Human Computer Interaction	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective Courses

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete 8 credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:	8
CS 2500 or higher, except CS 5010	
CY 2000 or higher, except CY 4930	
DS 2000 or higher, except DS 4900	
IS 2000 or higher, except IS 4900	

Computer Science Writing Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
Advanced Writing in the Disciplines		
ENGW 3302 or ENGW 3315	Advanced Writing in the Technical Professions Interdisciplinary Advanced Writing in the Disciplines	4

Media Arts Courses

Code	Title	Hours
Required Media Arts Courses		
ARTF 1120	Observational Drawing	4

Complete one course in the following range. ARTF 1143 is recommended. 4

ARTF 1141 to ARTF 1149		
ARTF 1122	2D Fundamentals: Surface and Drawing (with optional ARTF 1123)	4
ARTF 1124 and ARTF 1125	3D Fundamentals: Structure and Drawing and 3D Tools	5
ARTD 2100	Narrative Basics	4
ARTF 2220	4D Fundamentals: Sequence and Drawing (with optional ARTF 2221)	4

Media Arts Electives

Complete any six courses as long as prerequisites have been met. At least two must be a 3000-level course. 24

Basics

ARTD 2360	Photo Basics	
ARTD 2370	Animation Basics	
ARTD 2380	Video Basics	

Photography

ARTD 3460	Photography 1	
ARTD 4565	Photography 2	
ARTD 4660	Studio Photography	
ARTD 4661	Alternative Photographic Processes	

Animation

ARTD 3470	Animation 1	
ARTD 3471	Virtual Environment Design	
ARTD 3472	Character Design for Animation	
ARTD 3473	Animation for Games	
ARTD 4570	Animation 2	
ARTD 4575	Animation 3	
ARTD 4577	Digital Sculpture and Model Making	

Video

ARTD 3480	Video: Sound and Image	
ARTD 5582	Collaborative Video and Community Engagement	

History

ARTH 2212	Survey of the Still and Moving Image	
-----------	--------------------------------------	--

Media Arts Capstone

ARTD 4530	Media Arts Degree Project 1	4
-----------	-----------------------------	---

Supporting Courses

Code	Title	Hours
Mathematics Requirement		
MATH 2331	Linear Algebra	4
Computing and Social Issues		
Complete one of the following:		4
ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
ENGL 2150	Literature and Digital Diversity	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	

SOCL 3485	Environment, Technology, and Society
SOCL 4528	Computers and Society

Integrative Courses

Code	Title	Hours
The following courses are fulfilled through the computer science requirement:		
CS 4300	Computer Graphics	
IS 4300	Human Computer Interaction	

Required General Electives

Code	Title	Hours
Complete 20 credits of general electives.		20

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Exploring Creative Expression and Innovation
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Integrating Knowledge and Skills Through Experience
- Demonstrating Thought and Action in a Capstone

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

Program Requirement

Communication Studies and Graphic and Information Design, BA

The Department of Communication Studies and the Department of Art + Design offer a combined major in communication studies and graphic and information design. Students interested in the combined major integrate the study of communication skills and processes with the design of message and meaning, integrating text, image, and data.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Interpreting Culture (IC), Societies and Institutions (SI), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Creative Expression/Innovation (EI), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), and Difference and Diversity (DD) may be met through electives in the major.

Communication Studies Requirements

Code	Title	Hours
Communication Studies Common Requirements		
COMM 1101	Introduction to Communication Studies	4
COMM 1112	Public Speaking	4
or COMM 2301	Communication Research Methods	
Foundation Course		
Complete one of the following:		4
COMM 1210	Persuasion and Rhetoric	
COMM 1225	Communication Theory	
COMM 1231	Principles of Organizational Communication	
COMM 1255	Communication in a Digital Age	
Cluster Course		
Complete one of the following:		4
COMM 1131	Sex, Relationships, and Communication	
COMM 2303	Global and Intercultural Communication	
COMM 2304	Communication and Gender	
COMM 2501	Communication Law	
COMM 2551	Free Speech in Cyberspace	
Writing-Intensive		
Complete two of the following:		8
COMM 3200	Mobile Communication	
COMM 3201	Health Communication	
COMM 3230	Interpersonal Communication	
COMM 3304	Communication and Inclusion	
COMM 3320	Political Communication	
COMM 3414	Great Speakers and Speeches	
COMM 3415	Communication Criticism	
COMM 3445	Public Relations Principles	
COMM 3501	Free Speech: Law and Practice

English and Graphic and Information Design, BA

The Department of English and the Department of Art + Design offer an interdisciplinary combined major in English and graphic and information design. Students interested in the combined major in English and graphic and information design integrate the study of literature and writing with the design of message and meaning, integrating text, image, and data.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

English Requirements

Code	Title	Hours
------	-------	-------

English Course-Level Requirement

In addition to the capstone, two of the courses chosen from the lists below must be numbered 3000–4999.

Introduction to College

ENGL 1000	English at Northeastern	1
-----------	-------------------------	---

Foundational Courses

ENGL 1400	Introduction to Literary Studies	4
ENGL 1160	Introduction to Rhetoric	4
or ENGL 1410	Introduction to Writing Studies	

Diversity

Complete one of the following courses. This course may also be used to fulfill an additional English requirement below: 4

ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2451	Postcolonial Women Writers	
ENGL 2455	American Women Writers Race	
ENGL 2460	Multiethnic Literatures of the U.S.	
ENGL 2760	Writing in Global Contexts	
ENGL 3663	The African-American Novel	
ENGL 3676	Representing Gender and Sexuality in Literature	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL/JWSS 3685	Modern and Contemporary Jewish Literature	

Pre-Nineteenth-Century Literature

Complete one of the following: 4

ENGL 1600	Introduction to Shakespeare	
ENGL 1700	Global Literature to 1500	
ENGL 2240	17th-Century British Literature	
ENGL 2296	Early African-American Literature	
ENGL/JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 4000	Topics in Early Literatures	
ENGL 4020	Topics in 17th- and 18th-Century Literatures	

Nineteenth-, Twentieth-, and Twenty-First-Century Literature

Complete one of the following: 4

ENGL 2330	The American Renaissance	
-----------	--------------------------	--

ENGL 3720	19th-Century Major Figure
ENGL 4040	Topics in 19th-Century Literatures
ENGL 2301	The Graphic Novel
ENGL 2440	The Modern Bestseller
ENGL 2600	Irish Literary Culture (Abroad)

Game Art and Animation, BFA

Game art and animation offers students an opportunity to master visual arts and animation within the game medium. The program focuses on developing the depth of knowledge required to be successful in a highly competitive industry. The continuing revolution in digital computing and animation has produced a rapidly evolving field for artists who create aesthetics, characters, and environments for games. The major encourages students to think critically and work collaboratively in multidisciplinary teams. The collaborative approach helps all team members to understand the context in which their asset contributions

are used and to develop visual design skills in the service of larger experiential goals. Students have many opportunities to collaborate with their peers and work with students in the BS in computer science and game development and BFA in games majors, culminating in a two-semester senior capstone. Students will have a home college in the College of Arts, Media and Design but will have a minimum of four interdisciplinary courses where students interact and work together with students in the other degrees.

Working in the interdisciplinary game areas, the program fosters experiential learning opportunities utilizing diverse intersections of skills merging artistic practice and expression blended with technology. Focus is on establishing core skills that engage critical thinking in preparation for professional practice in game art and asset creation or moving on to advanced study. Students will have an opportunity to develop tools to succeed, eagerness to innovate, and skills to become next-generation entrepreneurs in an ever-changing games and media landscape. Practical and technical experiential training will be offered via Northeastern's world-renowned co-op program.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Creative Expression (EI), Interpreting Culture (IC), Societies and Institutions (SI), and Analyzing/Using Data (AD) are met through the major course requirements. All other NUpath requirements must be met through electives.

Game Design and Music with concentration in Music Technology, BS

The Game Design and Music combined major with a concentration in Music Technology prepares students to manage all aspects of music and sound design integral to the creative process in Game Design.

Students focus on the digital sound technologies, audiovisual integration techniques and collaborative skills, grounded in real-world experience, that are necessary to apply one's musical imagination effectively in a game design environment. Also emphasized are the aesthetic, expressive, psychological and social perspectives essential to meaningful engagement across a broad range of applications in the game industry.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Creative Expression/Innovation (EI), and Analyzing/Using Data (AD), Interpreting Culture (IC), Natural/Designed World/ND, Difference/Diversity/DD, Writing Intensive(WI), and Capstone Experience(CE) are met through the major course requirements. All other NUpath requirements must be met through electives.

Complete one from the following:		4

MUSC 2101	Black Popular Music
MUSC 2310	Popular Music Since 1945
MUSC 2320	40,000 Years of Music Technology
MUSC 3560	Topics in Music since 1900
MUSI 3401	Hip Hop in the Music Industry

Music Technology

MUST 1220	Introduction to Music Technology	4
MUST 2431	Computer Music Fundamentals	4
MUSC 2350	Acoustics and Psychoacoustics of Music	4

Music Technology Electives

MUST 4610	Composition for Electronic Instruments	4
MUST 3540	Special Topics in Music Technology	1-4

Integrative Requirement

Code	Title	Hours
MUST 1220	Introduction to Music Technology	4

Capstone

Complete one of the following: 4

MUST 4611	Music Technology Capstone/Senior Recital
GAME 4701	Game Design Capstone 2

Combined-Major Credit Requirement

Complete 90 semester hours in the major.

Music Technology Major Grade Requirement

Students must maintain at least a 2.667 GPA (B- average) in the requirements of the music half of the combined major and also complete all required music courses with grades of at least C. Students who fail to meet the above standards will be placed on departmental probation; those who remain on probation for two consecutive semesters will be dropped from the major.

Program Requirement

138 total semester hours required

Graphic and Information Design and Mathematics, BS

The Department of Mathematics and the Department of Art + Design offer a combined major in mathematics and graphic and information design. Students interested in the combined major integrate the study of mathematical reasoning including methods for analyzing and solving problems encountered in the physical world with the design of message and meaning, integrating text and image to visualize concepts and data to enhance human understanding of complex and vital knowledge.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Difference and Diversity (DD), and Ethical Reasoning (ER) must be met through electives.

Journalism and Interaction Design, BS

The School of Journalism and the Department of Art and Design offer an interdisciplinary combined major in journalism and interaction design. Broadly speaking, students in the combined major in journalism and interaction design at Northeastern integrate the study of journalism with the study of art and design.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), Societies and Institutions (SI), Difference and Diversity (DD), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirement Analyzing and Using Data (AD) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

Media and Screen Studies and Media Arts, BA

The Media and Screen Studies Program and the Department of Art + Design offer a combined major in media studies and media arts. Students pursuing the combined major are able to integrate the theory and practice of contemporary media studies with the deep appreciation of the narrative arts that is required for professional work in documentary

film, game art and promotion, visualization, motion graphics, interactive art, illustration, and short animated films.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirement Analyzing and Using Data (AD), Difference and Diversity (DD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

Media Arts and Communication Studies, BA

The Department of Communication Studies and the Department of Art + Design offer a combined major in media arts and communication studies. Students interested in the combined major integrate the study of communication skills and processes with the study of the creation of the narrative arts, required for professional work in documentary film, game art and promotion, visualization, motion graphics, interactive art, illustration, and short animated films.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath attributes Creative Expression and Innovation (EI), Interpreting Culture (IC), and Societies and Institutions (SI) are met through the major course requirements.

In order to graduate, students must complete Natural and Designed World (ND), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), Difference and Diversity (DD), and Ethical Reasoning (ER) in their electives.

Media Arts Courses

Code	Title	Hours
Art and Design at Northeastern		
ARTF 1000	Art and Design at Northeastern	1

Theatre and Interaction Design Combined-Major Credit Requirement

Complete 98 semester hours in the major.

Program Requirement

128 total semester hours required

Animation, Minor

The animation minor immerses students in the creation of animated artwork and assets for short animated films, game art and promotion, documentary films, visualization, motion graphics, illustration, and interactive art. An intensive studio program, this curriculum seeks to immerse students in the knowledge, experience, and techniques of animation, informed by theory, experimentation, and critique. Extensive digital imaging and interactive media editing and production facilities afford students the opportunity to become proficient in the emerging practices necessary for remarkable work.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Students who wish to register for 2000-level courses and above need to plan ahead in order to complete prerequisite course(s) ahead of time.

Requirements for Non-Art and Design Majors

Code	Title	Hours
Required Courses		
ARTF 1120	Observational Drawing	4
ARTF 1122	2D Fundamentals: Surface and Drawing (with optional ARTF 1123)	4

ARTH 2212	Survey of the Still and Moving Image	

GPA Requirement

2.500 GPA required in the minor

Art, Minor

The art minor allows students to complement any degree with a broad exploration of visual studies, fine arts, and design. Following an introduction to the fundamentals of drawing and two-dimensional design, students select from courses in time-based media, interaction, sculpture, painting, and art history. The department's exceptional Dialogues are popular among art minors, who are able to complete a large portion of their course work during culturally immersive and focused studio residencies in places such as Ireland, Iceland, Cuba, and the Galapagos Islands.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Students who wish to register for 2000-level courses and above need to plan ahead in order to complete prerequisite course(s) ahead of time.

Requirements for Non-Art and Design Majors

ARTH 2212	Survey of the Still and Moving Image	

GPA Requirement

2.500 GPA required in the minor

Art History, Minor

An ideal complement to many majors, the art history minor builds the techniques of visual intelligence necessary to successfully navigate an increasingly image-driven world. Students learn to interpret visual evidence as well as written documents to understand and interrogate how evolving ideas about quality and judgment have shaped the institutions of art, including the growing art market. A diverse and strong faculty brings its own research into the classroom, allowing students to gain international exposure and real-world experience with world-class museums and cultural centers in Boston, Cambridge, and the greater metropolitan area. Art history minors often have opportunities to conduct independent research, develop publishable texts, and gain exposure to the dynamic fields of visual art and curatorial practice.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Students who wish to register for 2000-level courses and above need to plan ahead in order to complete prerequisite course(s) ahead of time.

Note: This minor is not available to students in the BA in art program or any art combined major.

Requirements

Code	Title	Hours

Experience Design, Minor

Experience design is a holistic approach that utilizes investigation into human environments in specific situations to improve quality. Given an understanding of goals, needs, and desires, it seeks to improve the various contexts by identifying and studying events and how they can be turned into beneficial practices.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Any prerequisites should be taken before registering for 2000-level courses and above.

Requirements for Non-Art and Design Majors

GPA Requirement

2.500 GPA required in the minor

Game Art, Minor

The game art minor offers students an opportunity to become immersed in the study and practice of the visual arts and animation within the game medium. Students are afforded the opportunity to think critically and work collaboratively in multidisciplinary teams to produce art

and animation assets that are critical to the success of projects in the game medium. Working in the interdisciplinary game areas, the program fosters experiential learning opportunities utilizing diverse intersections of skills merging artistic practice and expression blended with technology. Students will be immersed in experiences to develop tools to succeed, eagerness to innovate, and skills to become next-generation entrepreneurs in the ever-changing games and media landscape.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Students who wish to register for 2000-level courses and above need to plan ahead in order to complete prerequisite course(s) ahead of time.

Requirements for Non-Art + Design Majors

GAME 2500	Foundations of Game Design	

GPA Requirement

2.500 GPA required in the minor

Game Design, Minor

The game design minor allows students in other areas of study to become familiarized with the basics of game design. Game design minor students can collaborate with BFA in games, game art and animation, and computer science in game development students make games and create portfolio pieces. Students will also be encouraged to apply principles from their own discipline to the game designs they create.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Foundations of Game Design

Graphic and Information Design, Minor

Graphic design makes messages and meaning using visual form and the integration of text and image. It often has a persuasive intention and uses rules of visual composition, form, and pattern to enable storytelling or to create attention and an ambience for consideration. Information design focuses on visualizing concepts and data to enhance human understanding of complex and vital knowledge.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Any prerequisites should be taken before registering for 2000-level courses and above.

Photography, Minor

The photography minor immerses students in the creation of photographs. The curriculum seeks to involve students in the knowledge, experience, and techniques of photography, informed by theory, experimentation, and critique. Digital imaging, editing, and production facilities afford students the opportunity to become proficient in the emerging practices necessary for a variety of creative and technical contexts.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Students who wish to register for 2000-level courses and above need to plan ahead in order to complete prerequisite course(s) ahead of time.

Video Arts, Minor

The video arts minor is based on a multidisciplinary field focused on creative video expression and messaging. It weaves together collaborative frameworks, theories of social and cultural change, and video production (sound and image) alongside cinematic language (including documentary, imaginative, narrative, and experimental strategies). The scope of the video arts minor is a broader and more diverse tapestry than traditional video arts, and it reflects the dynamic evolution of video in multiple contexts, including the workplace. This minor enables students to explore contemporary, alternative, and other artistic means of video production in a variety of creative and technical contexts.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Any prerequisites should be taken before registering for 2000 level courses and above.

Communication Studies

Website (<https://camd.northeastern.edu/communication-studies/>)

Dale A. Herbeck, PhD
Professor and Chair

212A Lake Hall
617.373.5517
617.373.8533 (fax)
Angela Chin, Administrative Officer, commstudies@northeastern.edu

The Department of Communication Studies is committed to providing students with both the communication skills and the understanding of the communication process required to thrive in a complex and changing society. Majors are required to demonstrate a mastery of the fundamentals of effective communication, to learn the fundamentals of communication theory and practice, and to develop a distinct area of emphasis. Some of the more popular areas include argumentation and advocacy, organizational and health communication, international and intercultural communication, digital communication and social media, and media production. The curriculum is designed to enhance the understanding of human communication in a variety of contexts, to empower students to become informed and engaged citizens, and to provide the knowledge and skills required to live a rich personal and professional life.

Media and Screen Studies

Website (<https://camd.northeastern.edu/program/media-and-screen-studies/>)

Dale A. Herbeck, PhD
Professor and Chair

212A Lake Hall
617.373.5517
617.373.8533 (fax)
mscr@northeastern.edu

Media and screen studies (MSCR) educates students in the analysis and production of media. Taught from a liberal arts perspective, a media and screen studies degree seeks to give students the ability to think critically about the continually changing media industry and the complex world in which it exists and to apply that knowledge to media production. MSCR is a challenging degree that is not limited to what is traditionally offered at a film school or in a visual and performing arts degree. It gives students the tools to become engaged citizens equipped to meet the challenges of living in a global culture defined by technological and social change.

The Bachelor of Arts in Media and Screen Studies offers courses in analysis and practice. Required courses offer students an opportunity to obtain the critical thinking skills necessary to better understand media content, media technology, and media production. Students then decide how many production and analysis courses they want to take. Choosing from a broad range of electives, students can take more than half their major in media and film production courses, can take a majority

of courses that critically examine media content and technology, or can combine courses in other ways.

Students may also enroll in one of the preexistent MSCR combined majors. Media and screen studies has combined majors with communication studies, English, journalism, political science, sociology, and theatre. Students may also petition for new combinations, making use of the half-major template in media and screen studies.

Academic Progression Standards

Departmental probation will result from a cumulative grade-point average below 2.000. No more than two grades below a C in media and screen studies courses can be used to fulfill degree requirements. Dismissal from the major may occur as a result of two consecutive semesters on departmental probation.

Communication Studies, BA

The communication studies major offers students an opportunity to obtain the communication skills and the understanding of the communication process required to thrive in a complex and changing society. Majors are required to demonstrate a mastery of the fundamentals of effective communication, to learn the fundamentals of communication theory and practice, and to develop a distinct area of emphasis. Some of the more popular areas include argumentation and advocacy, organizational and health communication, international and intercultural communication, digital communication and social media, and media production. The curriculum is designed to enhance the understanding of human communication in a variety of contexts, to empower students to become informed and engaged citizens, and to provide the knowledge and skills required to live a rich personal and professional life.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Creative Expression/Innovation (EI), Societies and Institutions (SI), Analyzing and Using Data (AD), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Interpreting Culture (IC), Formal and Quantitative Reasoning (FQ), and Difference and Diversity (DD) may be met through electives in the major.

Media and Screen Studies, BA

The Bachelor of Arts in Media and Screen Studies offers courses in analysis and practice. Required courses offer students an opportunity to obtain the critical-thinking skills necessary to better understand media content, media technology, and media production. Students then decide how many production and analysis courses they want to take. Choosing from a broad range of electives, students can take more than half their major in media and film production courses, can take a majority of courses that critically examine media content and technology, or can combine courses in other ways.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Interpreting Culture (IC) and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Creative Expression/Innovation (EI), Difference and Diversity (DD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND), Formal and Quantitative Reasoning (FQ), and Analyzing and Using Data (AD) must be met through general electives.

Business Administration and Communication Studies, BS

The combined major between business administration and communication studies provides students with a robust overview of business and communication studies. This combined major seeks to prepare students for career opportunities in growing industry markets such as public relations, marketing communications, and digital media.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond

specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Business Core Requirements

Code	Title	Hours
Introduction to College		
BUSN 1102	Personal Skill Development for Business	1
or COMM 1000	Communication Studies at Northeastern	
Accounting		
ACCT 1201	Financial Accounting and Reporting	4
Business Statistics		
MGSC 2301	Business Statistics	4
Business Core Option 1		
INTB 1203	International Business and Global Social Responsibility	4
or ORGB 3201	Organizational Behavior	
Marketing		
MKTG 2201	Introduction to Marketing	4
Finance		
FINA 2201	Financial Management	4
Business Core Option 2		
ACCT 2301	Managerial Accounting	4
or ENTR 2301	Innovation!	
or MISM 2301	Management Information Systems	
or SCHM 2301	Supply Chain and Operations Management	

Business Concentration Required

A concentration is required and may be chosen from the following list:

- Accounting (p.)
- Entrepreneurship and New Venture Management (p.)
- Finance (p.)
- Healthcare Management and Consulting (p. 277)
- International Business (p. 278) (available only as a second concentration)
- Management (p.)
- Management Information Systems (p.)
- Marketing (p.)
- Marketing Analytics (p. 280)
- Supply Chain Management (p.)

Supporting Business Courses

Communication Studies and Media and Screen Studies, BA

The Department of Communication Studies offers majors in communication studies and in media studies. The integrated major allows students to combine courses from both majors into a degree that integrates theory and practice. Students completing the combined major have the knowledge necessary to engage the complex and dynamic relationship between communication, culture, and knowledge.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Interpreting Culture (IC), Societies and Institutions (SI), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Creative Expression/Innovation (EI), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), and Difference and Diversity (DD) may be met through electives in the major.

Communication Studies and Sociology, BA

The communication studies department and the sociology department offer an interdisciplinary combined major in communication studies and sociology. The combined major integrates the study of communication skills and processes with the study of social behaviors.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Societies and Institutions (SI) and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Creative Expression/Innovation (EI), Interpreting Culture (IC), Formal and Quantitative Reasoning (FQ), Difference and Diversity (DD), and Analyzing and Using Data (AD) may be met through electives in the major.

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Communication Studies Requirements

Communication Studies and Theatre, BA

The Departments of Theatre and Communication Studies offer an interdisciplinary combined major that unites the artistic dimensions of theatre with the practical skills and theories in communication studies. The program provides both the creative study of theater performance, literature, playwriting, and directing with the ability to research and deliver a compelling speech and think critically and write effectively. The two disciplines unite in shared values of original personal expression, professional collaboration, and experiences in the cultural, social, and ethical impact of theatre as human communication.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Interpreting Culture (IC), Creative Expression/Innovation (EI), Societies and Institutions (SI), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), and Difference and Diversity (DD) may be met through electives in the major.

Computer Science and Communication Studies, BS

The computer science and communication studies combined major integrates practical skills and theory. Students will gain both a strong computer science foundation and a deep understanding of the major conceptual frameworks for human communication—plus how to apply this knowledge to solve problems in today's society.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1
Computer Science Fundamental Courses		
A grade of C– or higher is required in all computer science fundamental courses except CS 1802:		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
Computer Science Required Courses		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4

CS 3500	Object-Oriented Design	4
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	4
CS 4550	Web Development	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete 12 credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010

CY 2000 or higher, except CY 4930

DS 2000 or higher, except DS 4900

IS 2000 or higher, except IS 4900

ENGW 1111	First-Year Writing	4
Advanced Writing in the Disciplines		
Complete one of the following:		4
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	
COMM 3409	Advocacy Writing ¹	

² If Advocacy Writing (COMM 3409) is selected it will also satisfy a communication studies elective requirement. One additional general elective will be then required in its place.

Required General Electives

Code	Title	Hours
Complete 32 credits of general electives.		32

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Understanding Societies and Institutions
- Employing Ethical Reasoning
- Writing in the First Year
- Advanced Writing in the Disciplines

- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Communication Studies Grade Requirement

No more than two grades below a C in communication studies courses may be used to fulfill degree requirements.

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, IS

Communication Studies GPA Requirement

Minimum 2.000 GPA required in all COMM courses

Program Requirement

133 total semester hours required

English and Communication Studies, BA

The English department and the communication studies department offer an interdisciplinary combined major in English and communication studies. Broadly speaking, students in the combined major in English and communication studies at Northeastern integrate the study of literature and writing with studies of media, social, corporate, and political communications.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

English Requirements

Code	Title	Hours
------	-------	-------

English Course-Level Requirement

In addition to the capstone, two of the courses chosen from the lists below must be numbered 3000–4999.

Introduction to College

ENGL 1000	English at Northeastern	1
-----------	-------------------------	---

Foundational Courses

ENGL 1400	Introduction to Literary Studies	4
-----------	----------------------------------	---

ENGL 1160	Introduction to Rhetoric	4
-----------	--------------------------	---

or ENGL 1410	Introduction to Writing Studies	
--------------	---------------------------------	--

Diversity

Complete one of the following courses. This course may also be used to fulfill an additional English requirement below.

ENGL 2150	Literature and Digital Diversity	4
-----------	----------------------------------	---

ENGL 2296	Early African-American Literature	
-----------	-----------------------------------	--

ENGL 2450	Postcolonial Literature	
-----------	-------------------------	--

ENGL 2451	Postcolonial Women Writers	
-----------	----------------------------	--

ENGL 2455	American Women Writers Race	
-----------	-----------------------------	--

ENGL 2460	Multiethnic Literatures of the U.S.	
-----------	-------------------------------------	--

ENGL 2760	Writing in Global Contexts	
-----------	----------------------------	--

ENGL 3663	The African-American Novel	
-----------	----------------------------	--

ENGL 3676	Representing Gender and Sexuality in Literature	
-----------	---	--

ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
-----------	---	--

ENGL/JWSS 3685	Modern and Contemporary Jewish Literature	
----------------	---	--

Pre-Nineteenth-Century Literature

Complete one of the following: 4

ENGL 1600	Introduction to Shakespeare	
-----------	-----------------------------	--

ENGL 1700	Global Literature to 1500	
-----------	---------------------------	--

ENGL 2240	17th-Century British Literature	
-----------	---------------------------------	--

ENGL 2296	Early African-American Literature	
-----------	-----------------------------------	--

ENGL/JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
----------------	---	--

ENGL 4000	Topics in Early Literatures	
-----------	-----------------------------	--

ENGL 4020	Topics in 17th- and 18th-Century Literatures	
-----------	--	--

Nineteenth-, Twentieth-, and Twenty-First-Century Literature

Complete one of the following: 4

ENGL 2330	The American Renaissance	
-----------	--------------------------	--

ENGL 3720	19th-Century Major Figure	
-----------	---------------------------	--

ENGL 4040	Topics in 19th-Century Literatures	
-----------	------------------------------------	--

ENGL 2301	The Graphic Novel	
-----------	-------------------	--

ENGL 2440	The Modern Bestseller	
-----------	-----------------------	--

ENGL 2600	Irish Literary Culture (Abroad)	
-----------	---------------------------------	--

ENGL 2610	Contemporary Israeli Literature and Art (Abroad)	
-----------	--	--

ENGL/JWSS 3685	Modern and Contemporary Jewish Literature	
----------------	---	--

ENGL 3730	20th- and 21st-Century Major Figure	
-----------	-------------------------------------	--

Theories and Methods

Complete one of the following: 4

ENGL 1140	Grammar: The Architecture of English	
-----------	--------------------------------------	--

ENGL 1160	Introduction to Rhetoric	
-----------	--------------------------	--

ENGL 1410	Introduction to Writing Studies	
-----------	---------------------------------	--

ENGL 2150	Literature and Digital Diversity	
-----------	----------------------------------	--

ENGL 3325	Rhetoric of Law	
-----------	-----------------	--

ENGL 3340	Technologies of Text	
-----------	----------------------	--

ENGL 3370	Writing Cultures	
-----------	------------------	--

ENGL 3381	The Practice and Theory of Teaching Writing	
-----------	---	--

ENGL 3700	Narrative Medicine	
-----------	--------------------	--

ENGL 4400	Opening the Archive	
-----------	---------------------	--

ENGL 4410	Research in Rhetoric and Writing	
-----------	----------------------------------	--

LING 1150	Introduction to Language and Linguistics	
-----------	--	--

LING 2350	Linguistic Analysis	
-----------	---------------------	--

LING 3450	Syntax	
-----------	--------	--

LING 3452	Semantics	
-----------	-----------	--

LING 3454	History of English	
-----------	--------------------	--

LING 3456	Language and Gender	
-----------	---------------------	--

LING 3458	Topics in Linguistics	
-----------	-----------------------	--

Comparative Literature

Complete one of the following: 4

ENGL 1450	Reading and Writing in the Digital Age	
-----------	--	--

ENGL 1502	American Literature to 1865	
-----------	-----------------------------	--

ENGL 1503	American Literature 1865 to Present	
-----------	-------------------------------------	--

ENGL 2150	Literature and Digital Diversity	
-----------	----------------------------------	--

ENGL 2380	The Modern Novel	
-----------	------------------	--

ENGL 2420	Contemporary Poetry	
-----------	---------------------	--

ENGL 2430	Contemporary Fiction	
-----------	----------------------	--

ENGL 2450	Postcolonial Literature	
-----------	-------------------------	--

ENGL 2451	Postcolonial Women Writers	
-----------	----------------------------	--

ENGL 2455	American Women Writers Race	
-----------	-----------------------------	--

ENGL 2460	Multiethnic Literatures of the U.S.	
-----------	-------------------------------------	--

ENGL 2510	Horror Fiction	
-----------	----------------	--

ENGL 2520	Science Fiction	
-----------	-----------------	--

ENGL 2600	Irish Literary Culture (Abroad)	
-----------	---------------------------------	--

ENGL 2620	What Is Nature? (Abroad)	
-----------	--------------------------	--

ENGL 2690	Boston in Literature	
-----------	----------------------	--

ENGL 3487	Film and Text (Abroad)	
-----------	------------------------	--

ENGL 3582	Children's Literature	
-----------	-----------------------	--

ENGL 3663	The African-American Novel	
-----------	----------------------------	--

ENGL 3676	Representing Gender and Sexuality in Literature	
-----------	---	--

Writing

Complete one of the following: 4

ENGL 2700	Creative Writing	
-----------	------------------	--

ENGL 2710	Style and Editing	
-----------	-------------------	--

ENGL 2740	Writing and Community Engagement	
-----------	----------------------------------	--

ENGL 2760	Writing in Global Contexts	
-----------	----------------------------	--

ENGL 2770	Writing to Heal
ENGL 2780	Visual Writing: Writing Visuals
ENGL 2850	Writing for Social Media: Theory and Practice
ENGL 3375	Writing Boston
ENGL 3376	Creative Nonfiction
ENGL 3377	Poetry Workshop
ENGL 3378	Fiction Workshop
ENGL 3380	Topics in Writing
ENGL 3382	Publishing in the 21st Century
ENGL 3384	The Writer's Marketplace

Capstone

ENGL 4710	Capstone Seminar	4
or ENGL 4720	Capstone Project	

English Electives

Complete two additional ENGL electives.	8
---	---

ENGL 3325	Rhetoric of Law
ENGL 3340	Technologies of Text
ENGL 3381	The Practice and Theory of Teaching Writing

Integrative Communication Studies Course

COMM 3415	Communication Criticism	4
or COMM 4602	Contemporary Rhetorical Theory	

Communication Studies Grade Requirements

No more than two grades below a C in communication studies courses may be used to satisfy degree requirements.

Program Requirement

128 total semester hours required

Human Services and Communication Studies, BA

The intersection of communications studies and human services practices spans several domains. Nonprofit organizations depend on communications professionals to effectively represent their work to the community, partner organizations, and funders. Knowledge and skills developed in communications studies also service human services professionals working in the political realm as they seek to promote impactful social policies.

The human services major is designed to prepare students for careers in social change by providing them with the theoretical and skill-based background necessary for practice and research. Students will develop a holistic understanding of preventative and reactive responses to social inequality and an understanding of how to impact change at the individual and structural levels. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning, co-op, and internship opportunities.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Linguistics and Communication Studies, BA

In the combined major in linguistics and communication studies, students learn about the formal structures and analysis of human languages across multiple levels (sounds, words, phrases and sentences, meaning) while simultaneously mastering the fundamentals of effective communication and of communication theory and practice. Students receive extensive training in writing and speaking, both for a technical audience and more generally; and they explore the role of language and communication in society, both from a broad theoretical perspective and in narrower, more focused and applied domains.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Media Arts and Communication Studies, BA

The Department of Communication Studies and the Department of Art + Design offer a combined major in media arts and communication studies. Students interested in the combined major integrate the study of communication skills and processes with the study of the creation of the narrative arts, required for professional work in documentary film,

game art and promotion, visualization, motion graphics, interactive art, illustration, and short animated films.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath attributes Creative Expression and Innovation (EI), Interpreting Culture (IC), and Societies and Institutions (SI) are met through the major course requirements.

In order to graduate, students must complete Natural and Designed World (ND), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), Difference and Diversity (DD), and Ethical Reasoning (ER) in their electives.

Media and Screen Studies and English, BA

The media and screen studies program and the Department of English offer a combined major in media and screen studies and English. The combined major integrates the analysis, research, and production of

traditional and emerging media along with the study of the diverse historical, cultural, and aesthetic contexts of English, American, and other Anglophone literatures. Majors become familiar with writing practices and media from the Middle Ages through the present, from the quill pen to computer code.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

NUpath requirements Interpreting Culture (IC) and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Creative Expression/Innovation (EI), Analyzing and Using Data (AD), Difference and Diversity (DD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

Media and Screen Studies and Philosophy, BA

The Media and Screen Studies Program and the Department of Philosophy and Religion offer a combined major in media and screen studies and philosophy. The combined major integrates the analysis, research, and production of traditional and emerging media along with the study of questions and theories related to morality, society, religion, and the natural and social sciences.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond

specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

NUpath requirements Interpreting Culture (IC), Formal and Quantitative Reasoning (FQ), Societies and Institutions (SI), Analyzing and Using Data (AD), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Creative Expression/Innovation (EI), and Difference and Diversity (DD) may be met through electives in the major.

Media and Screen Studies Requirements

Code	Title	Hours
Media and Screen Studies Common Requirements		
MSCR 1220	Media, Culture, and Society	4
MSCR 1320	Media and Social Change	4
or MSCR 1420	Media History	

Foundation Course

Complete one of the following:	4
MSCR 1230	Introduction to Film Production
MSCR 2220	Understanding Media

Diversity or Globalization Course

Complete one of the following:	4
MSCR 3392	Gender and Film
MSCR 2325	Global Media
MSCR 2505	Digital Feminisms
MSCR 3437	Media and Identity

Writing-Intensive

Complete two of the following:	8
MSCR 2505	Digital Feminisms
MSCR 3600	Film Theory
MSCR 3420	Digital Media Culture
MSCR 3422	Media Audiences
MSCR 4208	TV History

Media and Screen Studies Electives

Code	Title	Hours
(NUpath capstone recommendation: Complete MSCR 4623 as one of your MSCR electives if a philosophy capstone course is not selected for "Restricted Philosophy Electives.")		
Complete three courses from MSCR or from the following:		12

ARTD 2380	Video Basics
ARTD 3480	Video: Sound and Image
ARTD 3485	Experimental Video
COMM 1450	Sound Production for Digital Media
COMM 2550	Television Field Production

Media and Screen Studies and Sociology, BA

The Media and Screen Studies Program and the Department of Sociology and Anthropology offer a combined major in media and screen studies and sociology. The combined major integrates the analysis, research, and production of traditional and emerging media along with the critical perspective needed for studying the social and cultural arrangements in which people live, for understanding how societies function, for investigating the conditions under which people change their institutions, and for describing the modes and conditions of cooperation that make social life possible.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

NUpath requirements Interpreting Culture (IC), Societies and Institutions (SI), and Difference and Diversity (DD) are met through the major course requirements.

NUpath requirements Creative Expression/Innovation (EI), Analyzing and Using Data (AD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

Media and Screen Studies and Theatre, BA

This major is designed for students who want to combine a knowledge of the art of theatre with the theories and conceptual frameworks of media and film studies. It offers both classroom and experiential learning in areas of acting, directing, playwriting, and design with related studies in screenwriting, media technology, and media production. Students have an opportunity to develop a personalized technique for the practices

of making theatre, film, and television as engaged citizens and creative artists.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC) and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), Difference and Diversity (DD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirement Natural and Designed World (ND) must be met through general electives.

Media and Screen Studies and Theatre, BS

This major is designed for students who want to combine a knowledge of the art of theatre with the theories and conceptual frameworks of media and film studies. It offers both classroom and experiential learning in areas of acting, directing, playwriting, and design with related studies in screenwriting, media technology, and media production. Students have an opportunity to develop a personalized technique for the practices of making theatre, film, and television as engaged citizens and creative artists.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), Difference and Diversity (DD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirement Natural and Designed World (ND) must be met through general electives.

Media and Screen Studies Requirements

Music and Communication Studies with Concentration in Music Industry, BS

The Bachelor of Science in Music with Concentration in Music Industry, the first such undergraduate program offered in Boston, is designed for students with an interest in fields such as artist management; the music products industry; the recording industry; arts administration; contracting and legal issues; financial and economics aspects of the music industry; and broadcast, mobile, and online media technologies.

The Department of Communication Studies is committed to providing students with both the communication skills and the understanding of the communication process required to thrive in a complex and changing society. Majors are required to demonstrate a mastery of the fundamentals of effective communication, to learn the fundamentals of communication theory and practice, and to develop a distinct area of emphasis. Some of the more popular areas include argumentation and advocacy, organizational and health communication, international and intercultural communication, digital communication and social media, and media production. The curriculum is designed to enhance the understanding of human communication in a variety of contexts, to empower students to become informed and engaged citizens, and

to provide the knowledge and skills required to live a rich personal and professional life.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

NUPath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), Societies and Institutions (SI), and Ethical Reasoning (ER) are met through the major course requirements.

NUPath requirements Natural and Designed World (ND), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), and Difference and Diversity (DD) may be met through electives in the major.

Music Industry Requirements

Code	Title	Hours
Introduction to College		
MUSC 1000	Music at Northeastern	1
Music Core		
MUSC 1001	Music in Everyday Life	4
Music Theory Placement		
All students must take a theory placement exam. Students who do not place into MUSC 1201 must first take the following:		
MUSC 1119	Fundamentals of Western Music Theory	4
Music Theory Requirement		
MUSC 1201	Music Theory 1	4
Introductory Music Industry		
MUSI 1230	Introduction to Music Industry	4
Music in Context		
Choose one course from western tradition, ethnomusicology, or contemporary categories.		
<i>Western Tradition</i>		
MUSC 2107	Introduction to Opera

Communication Studies Electives

Complete three COMM courses. 12

Integrative Requirement

Code **Title** **Hours**
 Complete one of the integrative options below. If a communication studies course is taken, an additional music industry course is required, chosen from the list of music industry electives above. 4-8

Music Option

Complete one of the following:

MUSI 4601 Seminar in Music Industry
MUSI 4530 Music Entrepreneurship
MUSI 5900 Ethnography in Creative Industries

Communication Studies Option

Complete two of the following. One communication studies course is required:

COMM 4608 Strategic Communication Capstone or COMM 4625 Online Communities
MUSC 2000 to MUSC 5999
MUSI 2000 to MUSI 5999
MUST 2000 to MUST 5999

Communication Studies Major Grade Requirement

No more than two grades below a C in communication studies courses may be used to satisfy degree requirements.

Music Industry Major Grade Requirement

Students must maintain at least a 2.667 GPA (B- average) in the requirements of the music half of the combined major and also complete all required music courses with grades of at least C. Students who fail to meet the above standards will be placed on departmental probation; those who remain on probation for two consecutive semesters will be dropped from the major.

Program Requirement

128 total semester hours required

COMM 3501	Free Speech: Law and Practice	
LPSC 1101	Introduction to Law	
LPSC 2301	Introduction to Law, Policy, and Society	
LPSC 3303	Topics in Law and Public Policy	
LPSC 3307	Understanding the Modern Supreme Court	

GPA Requirement

2.000 GPA required in the minor

Cinema Studies, Minor

The interdisciplinary cinema studies minor is intended for students who wish to augment their major program of study with courses that promote the study of film, television, and digital media. In addition to film analysis and film theory, students choose from electives on culture and film, film and television history, and gender and film. The minor also includes film-related courses from art, English, history, and music.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
MSCR 2895	Film Analysis	4
MSCR 3600	Film Theory	4

Elective Courses

Code	Title	Hours
Complete three of the following:		12
ARTH 2212	Survey of the Still and Moving Image	
MSCR 2336	American Film and Culture	
MSCR 3392	Gender and Film	
HIST 1279	History of the American Film Industry	
MUSC 1113	Film Music	

GPA Requirement

2.000 GPA required in the minor

Communication Studies, Minor

The communication studies minor is for students who seek to acquire the practical skills necessary to succeed in the modern workplace. The minor consists of two common requirements—Introduction to Communication Studies (COMM 1101) and Public Speaking (COMM 1112)—a foundational course, and three electives.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Communication Studies Minor Requirements

Code	Title	Hours
Required Courses		
COMM 1101	Introduction to Communication Studies	4
COMM 1112	Public Speaking	4
Foundation Course		
Complete one of the following:		4
COMM 1210	Persuasion and Rhetoric	
COMM 1231	Principles of Organizational Communication	
COMM 1225	Communication Theory	
COMM 1255	Communication in a Digital Age	
Communication Studies Electives		
Complete three of the following or any unused foundational courses from above:		12
COMM 1120 to COMM 4799		
The following courses may not be used to satisfy this requirement:		
COMM 1511	Communication and Storytelling	
COMM 1450	Sound Production for Digital Media	
COMM 2350	Producing for the Entertainment Industry	

COMM 2550	Television Field Production
COMM 2655	Television Studio Production
COMM 3501	Free Speech: Law and Practice
COMM 3655	Digital Editing for TV

GPA Requirement

2.000 GPA required in the minor

Digital Communications, Minor

The minor in Digital Communication builds on the strengths of the Communication Studies department in the areas of communication, technology, and society. The minor offers students tools and methods for studying, analyzing, and critically reflecting upon their everyday engagements with digital forms of community and expression. Students in the Digital Communication minor have an opportunity to gain a greater understanding of their role as citizens in a global digital society. The minor highlights ethical questions that sit at the core of the digital technologies that shape culture, politics, and the economy. Courses in the minor cover areas of digital communication such as social media, networks and organizing, internet policy and cybersecurity, online communities and collaboration, and children's development and new media.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

No more than one course from the Digital Communication Minor may be counted toward the Communication Studies Major.

Requirements

Code	Title	Hours
Foundational Courses		
Complete two of the following:		8
COMM 1255	Communication in a Digital Age	
COMM 2105	Social Networks	
COMM 2525	Communication and Privacy	
COMM 2551	Free Speech in Cyberspace	
ENGL 1450	Reading and Writing in the Digital Age	
MSCR 2505	Digital Feminisms	
or WMNS 2505	Digital Feminisms	
Advanced Courses		
Complete two of the following:		8
COMM 3200	Mobile Communication	
COMM 4605	Youth and Communication Technology	
COMM 4625	Online Communities	

GPA Requirement

2.000 GPA required in the minor

Film Production, Minor

The interdisciplinary film production minor provides students with basic skills in media production. In addition to a foundational course in film production, students take electives dealing with documentary production, film analysis, screenwriting, storytelling, and video.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Course

Code	Title	Hours
MSCR 1230	Introduction to Film Production	4

Electives

Code	Title	Hours
Complete four of the following:		16
ARTD 3480	Video: Sound and Image	
ARTD 3485	Experimental Video	
ARTD 5582	Collaborative Video and Community Engagement	
MSCR 3389	Screenwriting	
MSCR 3446	Documentary Production	
MSCR 2895	Film Analysis	
THTR 2345	Acting for the Camera	

GPA Requirement

2.000 GPA required in the minor

Human Communication, Minor

The human communication minor is for students who are interested in studying the role of interpersonal communication in relationships, including romantic relationships, friendships, and relationships in groups or in organizations. The goal for students who complete the minor is to gain an in-depth understanding of how communication can affect the quality of relationships, the satisfaction that is derived from relationships, and whether a relationship is likely to last or dissolve. Courses in the minor focus on research-validated theories, concepts, and models that will aid students in better understanding the many different types of relationships that exist in their personal and professional lives.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Foundational Course

Code	Title	Hours
Complete two of the following:		8
COMM 1131	Sex, Relationships, and Communication	
COMM 1231	Principles of Organizational Communication	
COMM 2131	Dark Side of Interpersonal Communication	
COMM 2303	Global and Intercultural Communication	
COMM 2304	Communication and Gender	

Advanced Courses

Code	Title	Hours
Complete two of the following:		8
COMM 2301	Communication Research Methods	
COMM 3230	Interpersonal Communication	

COMM 3530	Communication and Sexualities
COMM 3532	Theories of Conflict and Negotiation
COMM 4535	Nonverbal Social Interaction

GPA Requirement

2.000 GPA required in the minor

Media and Screen Studies, Minor

The media and screen studies minor provides students with the analytical skills necessary for the rigorous analysis of media within the humanities and social science. The minor focuses on how media shape society and prepares students for careers in arts and industry, politics, and popular culture.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: Courses used in the major may not be used in the minor in media and screen studies.

Required Courses

Code	Title	Hours
MSCR 1220	Media, Culture, and Society	4
MSCR 2220	Understanding Media	4

Elective Courses

Code	Title	Hours
Complete three of the following:		12
MSCR 2000 to MSCR 5999		
MSCR 3600	Film Theory	
MSCR 3920	Topics in Film Studies	

GPA Requirement

2.000 GPA required in the minor

Media Production, Minor

The media production minor is for students interested in learning the hands-on techniques of producing and directing for the entertainment industry. The technical aspects of camera operation, audio design, lighting design, digital editing, and live broadcast are also covered.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: Restricted to communication studies majors. An overall 3.000 grade-point average (GPA) is required for the minor. Only three courses from this minor also count toward communication studies major electives; additional courses taken for this minor do not count toward communication studies major requirements.

Required Courses

Code	Title	Hours
COMM 1450	Sound Production for Digital Media	4
COMM 2350	Producing for the Entertainment Industry	4
COMM 2550	Television Field Production	4
COMM 2655	Television Studio Production	4

Elective Courses

Code	Title	Hours
Complete two of the following:		8
COMM 2650	The Business of Entertainment	
COMM 2750	Beyond Television	
COMM 3307	Production Practicum Abroad	
COMM 3450	Voice-Over Artist	
COMM 3655	Digital Editing for TV	
COMM 3750	Special Effects and Postproduction for Television	
COMM 4755	Production Capstone	
COMM 4940	Special Topics in Media Production	

GPA Requirement

3.000 GPA required in the minor

Oratory and Public Speaking, Minor

The oratory and public speaking minor is for students seeking to develop exemplary oral communication skills. While many universities recognize the importance of writing in their curricula, oratory and public speaking skills are often ignored.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Public Speaking

Code	Title	Hours
COMM 1112	Public Speaking	4

Elective Courses

Code	Title	Hours
Complete four of the following:		16
COMM 1113	Business and Professional Speaking	
COMM 1210	Persuasion and Rhetoric	
COMM 1331	Legal Argumentation, Advocacy, and Citizenship	
COMM 1511	Communication and Storytelling	
COMM 2100	Elements of Debate	
COMM 3450	Voice-Over Artist	

GPA Requirement

2.000 GPA required in the minor

Political Communication, Minor

The political communication minor is a joint program offered through the departments of communication studies, political science, and journalism. The focus of the minor is on the electoral process, political rhetoric, and the role of media in political life. It is intended to address the interests and needs of students considering careers in the political sphere, either as candidates, employees, volunteers, or reporters in political organizations and campaigns.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Introductory Courses

Code	Title	Hours
Complete two of the following:		8
COMM 1210	Persuasion and Rhetoric	
COMM 1331	Legal Argumentation, Advocacy, and Citizenship	
COMM 1412	Social Movement Communication	
JRNL 1150	Understanding Today's News	
POLS 1150	American Government	

Intermediate/Advanced Courses

Code	Title	Hours
Complete four courses from the following lists. At least one course must be taken from each department:		16

Communication Studies

COMM 3320	Political Communication	
COMM 3409	Advocacy Writing	
COMM 3610	Communication, Politics, and Social Change	
COMM 4602	Contemporary Rhetorical Theory	

Journalism

JRNL 2350	The History of Journalism: How the News Became the News	
JRNL 3550	The First Amendment and the Media	

Political Science

POLS 3310	Public Opinion, Voting, and Elections	
-----------	---------------------------------------	--

GPA Requirement

2.000 GPA required in the minor

Professional Presentation, Minor

Uniting the creativity of actor training with the practical techniques of public speaking, students develop an individualized course of study to empower their voice and speech, cultivate an onstage persona, and develop high-impact presentation skills to enhance career prospects. This combined Theatre and Communication Studies minor creates more confident, creative, and compelling communicators.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Presentation Requirement

Code	Title	Hours
Complete two of the following:		8
COMM 1112	Public Speaking	
COMM 1113	Business and Professional Speaking	
COMM 1210	Persuasion and Rhetoric	
COMM 1511	Communication and Storytelling	

Performance Requirement

Code	Title	Hours
Complete two of the following:		8
THTR 1125	Improvisation	
THTR 1130	Introduction to Acting	
THTR 1160	The Professional Voice	
THTR 2345	Acting for the Camera	

GPA Requirement

2.000 GPA required in minor

Rhetoric, Minor

The rhetoric minor offers students the opportunity to acquire competence in the history, theory, and criticism of civic discourse and cultural practices. It brings together courses from both the communication studies and English departments, from which students may learn about the nature and function of rhetoric in politics, the professions, and the media.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: For communication studies students, only two courses from this minor also count toward communication studies major requirements. Additional courses taken for this minor do not count toward communication studies major requirements.

Required Elective

Code	Title	Hours
ENGL 1160	Introduction to Rhetoric	4
or COMM 1210	Persuasion and Rhetoric	

Electives

Code	Title	Hours
Note: For English majors, only one course from the major may also count toward this elective section of the minor.		
Complete four of the following:		16
COMM 1331	Legal Argumentation, Advocacy, and Citizenship	
COMM 3414	Great Speakers and Speeches	
COMM 3415	Communication Criticism	
COMM 3501	Free Speech: Law and Practice	
COMM 4602	Contemporary Rhetorical Theory	
ENGL 3325	Rhetoric of Law	
ENGL 3381	The Practice and Theory of Teaching Writing	

GPA Requirement

2.000 GPA required in the minor

Social Activism, Minor

Students who minor in social activism will learn a variety of perspectives and practical approaches to social activism. Students interested in activism will have opportunities to explore social movements, advocacy, and citizenship in a wide array of situations. These opportunities arise from the wealth of advocacy organizations in Boston; the access Northeastern University students have to co-op experiences nationally and internationally; and Northeastern University's Service-Learning Program. Course work in a variety of departments will enable students to successfully apply different skill sets and knowledge bases to future work as lawyers, nonprofit activists, community organizers, lobbyists, and volunteers.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Introductory Courses

Code	Title	Hours
Only one course may be taken from each department/program.		

Complete two of the following: 8

School of Journalism

Website (<https://camd.northeastern.edu/journalism-at-northeastern/>)

Jonathan Kaufman, MA

Professor and Director

102 Lake Hall
617.373.3236
617.373.8773 (fax)

For more information contact:

Susan Conover, Academic Coordinator, s.conover@northeastern.edu

The School of Journalism seeks to prepare students for careers in news and related communication fields. The program prepares future journalists and professional communicators in writing, editing, digital and social media, photography, video and audio production, design, and public relations. These skills have broad applications. Graduates of the program also go on to work in government, business, law, and teaching.

Students may enroll in a four- or five-year cooperative education program or a four-year program without co-op. The school strongly advises students to obtain cooperative education experience. The program offers some of the best co-ops and internships anywhere.

Graduates work for some of the world's best newspapers and magazines, radio and television stations, online publications, wire services, public relations departments, and advertising agencies.

Academic Progression Standards

Journalism majors and minors must be in good standing in accordance with university-wide requirements to remain in the major or minor.

Programs**Bachelor of Arts (BA)**

- Journalism (p. 174)
- Journalism and English (p. 176)
- Journalism and Political Science (p. 178)
- Media and Screen Studies and Journalism (p. 150)

Bachelor of Science (BS)

- Computer Science and Journalism (p. 182)
- Criminal Justice and Journalism (p. 184)
- Data Science and Journalism (p. 186)
- Journalism and Interaction Design (p. 106)

Minors

- Journalism Practice (p. 190)
- Journalism Studies (p. 191)
- Photojournalism (p. 119)
- Sport, Media, and Communication (p. 174)

Journalism, BA

Website (<https://camd.northeastern.edu/journalism/academic-programs/ba-journalism/>)

If you're a news junkie; love to write; want to tell people what's going on in your hometown, around the world, or in an organization, a journalism major at Northeastern University is designed to give you the skills and experience you need to tell your story.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), Societies and Institutions (SI), Difference and Diversity (DD), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirement Analyzing and Using Data (AD) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

Journalism Major Requirements

Students transferring from outside institutions must complete a minimum of five 4-credit journalism courses at Northeastern, and these must include:

Code	Title	Hours
JRNL 2201	Journalism 2: Intermediate Reporting	
JRNL 2301	Visual Storytelling in Journalism	
JRNL 4650	Ethics and Issues in Journalism	

Code	Title	Hours
Introduction to College		
JRNL 1000	Journalism at Northeastern	1

Journalism Courses

A grade of C or higher is required:

JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Journalist's Toolbox	5
JRNL 2201	Journalism 2: Intermediate Reporting	4
JRNL 2301	Visual Storytelling in Journalism	4
JRNL 3610	Digital Storytelling and Social Media	4

Required Journalism

Journalism and English, BA

The School of Journalism and the English Department offer an interdisciplinary combined major in Journalism and English. Broadly speaking, students in the Combined Major in Journalism and English at Northeastern integrate the study of journalism with the study of language, literature and writing.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

NUpath requirements Creative Expression/Innovation (EI), Societies and Institutions (SI), and Difference and Diversity (DD) are met through the major course requirements.

NUpath requirements Interpreting Culture (IC), Analyzing and Using Data (AD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

Journalism Major Requirements

Code	Title	Hours
Journalism Introductory Course		
JRNL 1150	Understanding Today's News	4
Journalism Foundations		
Must receive a C or better in the following:		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Journalist's Toolbox	5
JRNL 2201	Journalism 2: Intermediate Reporting	4
JRNL 2301	Visual Storytelling in Journalism	4
JRNL 3610	Digital Storytelling and Social Media	4

Law and Ethics

JRNL 3550	The First Amendment and the Media	4
or JRNL 4650	Ethics and Issues in Journalism	

Journalism Electives

Take three JRNL courses		12
-------------------------	--	----

English Requirements

Code	Title	Hours
------	-------	-------

English Course-Level Requirement

In addition to the capstone, two of the courses chosen from the lists below must be numbered 3000–4999.

Introduction to College

ENGL 1000	English at Northeastern	1
-----------	-------------------------	---

Foundational Courses

ENGL 1400	Introduction to Literary Studies	4
ENGL 1160	Introduction to Rhetoric	4
or ENGL 1410	Introduction to Writing Studies	

Diversity

Complete one of the following courses. This course may also be used to fulfill an additional English requirement below.

ENGL 2150	Literature and Digital Diversity	4
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2451	Postcolonial Women Writers	
ENGL 2455	American Women Writers Race	
ENGL 2460	Multiethnic Literatures of the U.S.	
ENGL 2760	Writing in Global Contexts	
ENGL 3663	The African-American Novel	
ENGL 3676	Representing Gender and Sexuality in Literature	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL/JWSS 3685	Modern and Contemporary Jewish Literature	

Pre-Nineteenth-Century Literature

Complete one of the following: 4

ENGL 1600	Introduction to Shakespeare	
ENGL 1700	Global Literature to 1500	
ENGL 2240	17th-Century British Literature	
ENGL 2296	Early African-American Literature	
ENGL/JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 4000	Topics in Early Literatures	
ENGL 4020	Topics in 17th- and 18th-Century Literatures	

Nineteenth-, Twentieth-, and Twenty-First-Century Literature

Complete one of the following: 4

ENGL 2330	The American Renaissance	
ENGL 3720	19th-Century Major Figure	
ENGL 4040	Topics in 19th-Century Literatures	
ENGL 2301	The Graphic Novel	
ENGL 2440	The Modern Bestseller	
ENGL 2600	Irish Literary Culture (Abroad)	

ENGL 2610	Contemporary Israeli Literature and Art (Abroad)	
ENGL/JWSS 3685	Modern and Contemporary Jewish Literature	
ENGL 3730	20th- and 21st-Century Major Figure	

Theories and Methods

Complete one of the following: 4

ENGL 1140	Grammar: The Architecture of English	
ENGL 1160	Introduction to Rhetoric	
ENGL 1410	Introduction to Writing Studies	
ENGL 2150	Literature and Digital Diversity	
ENGL 3325	Rhetoric of Law	
ENGL 3340	Technologies of Text	
ENGL 3370	Writing Cultures	
ENGL 3381	The Practice and Theory of Teaching Writing	
ENGL 3700	Narrative Medicine	
ENGL 4400	Opening the Archive	
ENGL 4410	Research in Rhetoric and Writing	
LING 1150	Introduction to Language and Linguistics	
LING 2350	Linguistic Analysis	
LING 3450	Syntax	
LING 3452	Semantics	
LING 3454	History of English	
LING 3456	Language and Gender	
LING 3458	Topics in Linguistics	

Comparative Literature

Complete one of the following: 4

ENGL 1450	Reading and Writing in the Digital Age	
ENGL 1502	American Literature to 1865	
ENGL 1503	American Literature 1865 to Present	
ENGL 2150	Literature and Digital Diversity	
ENGL 2380	The Modern Novel	
ENGL 2420	Contemporary Poetry	
ENGL 2430	Contemporary Fiction	
ENGL 2450	Postcolonial Literature	
ENGL 2451	Postcolonial Women Writers	
ENGL 2455	American Women Writers Race	
ENGL 2460	Multiethnic Literatures of the U.S.	
ENGL 2510	Horror Fiction	
ENGL 2520	Science Fiction	
ENGL 2600	Irish Literary Culture (Abroad)	
ENGL 2620	What Is Nature? (Abroad)	
ENGL 2690	Boston in Literature	
ENGL 3487	Film and Text (Abroad)	
ENGL 3582	Children's Literature	
ENGL 3663	The African-American Novel	
ENGL 3676	Representing Gender and Sexuality in Literature	

Writing

Complete one of the following: 4

ENGL 2700	Creative Writing	
ENGL 2710	Style and Editing	

ENGL 2740	Writing and Community Engagement
ENGL 2760	Writing in Global Contexts
ENGL 2770	Writing to Heal
ENGL 2780	Visual Writing: Writing Visuals
ENGL 2850	Writing for Social Media: Theory and Practice
ENGL 3375	Writing Boston
ENGL 3376	Creative Nonfiction
ENGL 3377	Poetry Workshop
ENGL 3378	Fiction Workshop
ENGL 3380	Topics in Writing
ENGL 3382	Publishing in the 21st Century
ENGL 3384	The Writer's Marketplace

Capstone

ENGL 4710	Capstone Seminar	4
or ENGL 4720	Capstone Project	

English Electives

Complete two additional ENGL electives.	8

Computer Science and Journalism, BS

The computer science and journalism combined major supports students who understand that journalism now takes place in both print and the digital world. Students will learn the principles, practices, and responsibilities of the journalism profession while gaining a deep understanding of the systems and technologies that support digital media.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective Courses

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete 16 credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010	16
CY 2000 or higher, except CY 4930	
DS 2000 or higher, except DS 4900	
IS 2000 or higher, except IS 4900	

At least one of these must be from the following list:

IS 4200	Information Retrieval
IS 4300	Human Computer Interaction

Journalism Major Requirements

Students transferring from outside institutions must complete a minimum of five 4-credit journalism courses at Northeastern, and these must include:

Code	Title	Hours
JRNL 2201	Journalism 2: Intermediate Reporting	
JRNL 2301	Visual Storytelling in Journalism	
JRNL 4650	Ethics and Issues in Journalism	

Code	Title	Hours
------	-------	-------

Journalism Courses

A grade of C or higher is required:

JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Journalist's Toolbox	5
JRNL 2201	Journalism 2: Intermediate Reporting	4
JRNL 2301	Visual Storytelling in Journalism	4
JRNL 3610	Digital Storytelling and Social Media	4

Required Journalism

JRNL 1150	Understanding Today's News	4
JRNL 2350	The History of Journalism: How the News Became the News	4
JRNL 3550	The First Amendment and the Media	4
JRNL 4650	Ethics and Issues in Journalism	4

Journalism Electives

Complete two JRNL courses. 8

Journalism-Related Requirement

HIST 1130	Introduction to the History of the United States	4
-----------	--	---

Supporting Courses

Code	Title	Hours
------	-------	-------

Mathematics Requirement

MATH 1341	Calculus 1 for Science and Engineering	4
-----------	--	---

Computing and Social Issues

Complete one of the following: 4

ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
ENGL 2150	Literature and Digital Diversity	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 4528	Computers and Society	
SOCL 3485	Environment, Technology, and Society	

Writing Requirement

Code	Title	Hours
------	-------	-------

College Writing

ENGW 1111	First-Year Writing	4
-----------	--------------------	---

Advanced Writing in the Disciplines

JRNL 2301	Visual Storytelling in Journalism	4
-----------	-----------------------------------	---

Required General Electives

Code	Title	Hours
------	-------	-------

Complete 28 credits of general electives. 28

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Exploring Creative Expression and Innovation
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Understanding Societies and Institutions
- Interpreting Culture
- Engaging Difference and Diversity
- Employing Ethical Reasoning
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, IS courses

Journalism GPA Requirement

Minimum 2.000 GPA required in all JRNL courses

Program Requirement

134 total semester hours required

Criminal Justice and Journalism, BS

The School of Criminology and Criminal Justice and School of Journalism offer a combined major in criminal justice and journalism. Criminology

and criminal justice courses provide a foundation for understanding crime and our criminal justice system. Journalism courses provide students with the skills and experience needed to succeed as a journalist. Together, the combined major prepares students to report important stories about crime and justice.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Criminal Justice Requirements

Code	Title	Hours
Criminal Justice Required Courses		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 2100	Criminal Due Process	4
CRIM 2200	Criminology	4
CRIM 3600	Criminal Justice Research Methods	4
CRIM 3700	Criminal Justice Statistics	4

Capstone		
CRIM 4949	Senior Capstone Seminar	4

Thematic Elective		
Complete one course in the following range:		4
CRIM 1300 to CRIM 1500		

Survey Elective		
Complete one course in the following range:		4
CRIM 3010 to CRIM 3500		

System-Wide Elective		
Complete one course in the following range:		4
CRIM 4010 to CRIM 4040		

Criminal Justice Elective		
Complete one additional CRIM course.		4

Journalism Requirements

Code	Title	Hours
Introductory Journalism Course		
JRNL 1150	Understanding Today's News	4

Journalism Foundation Courses		
A grade of C or better is required.

Data Science and Journalism, BS

The data science and journalism combined major offers students an opportunity to gain the skills to be able to engage in both the print and digital worlds of journalism. Students study the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data. Combined with learning the principles, practices, and responsibilities of journalism, students can extract meaning from massive information flows and utilize it in effective investigative reporting.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Journalism and Interaction Design, BS

The School of Journalism and the Department of Art and Design offer an interdisciplinary combined major in journalism and interaction design. Broadly speaking, students in the combined major in journalism

and interaction design at Northeastern integrate the study of journalism with the study of art and design.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), Societies and Institutions (SI), Difference and Diversity (DD), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirement Analyzing and Using Data (AD) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

Journalism Practice, Minor

With the explosion of websites, podcasts, and social media, more and more people find themselves using the skills of a journalist in the dissemination of information in both their private and professional lives. This minor is intended for those students who wish to bring more professionalism and sophistication to the things they post online or who hope to offer a skill set that will make them more versatile and employable in their chosen field. It will also serve those who may be considering a career in journalism but find themselves too late in their college careers to switch majors.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: Any student wishing to satisfy a minor in both journalism studies and journalism practice must take eight unique courses. No double counting. Journalism majors are not eligible for a minor in journalism practice.

Required Courses

Code	Title	Hours
Required Courses		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Journalist's Toolbox	5
JRNL 2201	Journalism 2: Intermediate Reporting	4
Restricted Elective		
Complete one course from the following:		
JRNL 3610	Digital Storytelling and Social Media	4
JRNL 3625	Public Relations Practice	
JRNL 3630	Magazine Writing	
JRNL 3680	Advanced Reporting	
JRNL 5310	Photojournalism	
JRNL 5311	Design for Storytelling	
JRNL 5314	Video News Reporting and Producing	
JRNL 5360	Global Reporting	

Elective

Complete one additional JRNL course. 4

GPA Requirement

2.000 GPA required in the minor

Journalism Studies, Minor

With an ever-growing array of information options available, and with the news media making news in the early days of the new administration in Washington, interest in the workings of journalism has never been higher. This minor is intended for those students who wish for a sophisticated media literacy, an understanding of the field that goes deeper than what can be gained in our popular Understanding Today's News course.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: Any student wishing to satisfy a minor in both journalism studies and journalism practice must take eight unique courses. No double counting. Journalism majors are not eligible for a minor in journalism studies.

Required Courses

Code	Title	Hours
Foundation		
JRNL 1150	Understanding Today's News	4
JRNL 2350	The History of Journalism: How the News Became the News	4
Law		
JRNL 3550	The First Amendment and the Media	4
Elective		
Take one JRNL course.		4

GPA Requirement

2.000 GPA required in the minor

Photojournalism, Minor

As our society continues to move toward a world of technology, the power of photos become that much more important. This minor will engage students on how to visually tell a compelling story. It will give students the skill sets needed to succeed in that endeavor.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: A student pursuing the minor in Photojournalism must complete a minimum of three (3) courses exclusive to this minor beyond the courses required for the student's declared major(s), minor(s), or PlusOne.

Required Courses

Code	Title	Hours
Photography Foundation		
Complete one of the following:		4
ARTE 2500	Art and Design Abroad: Studio

a.feinstein@northeastern.edu

The Department of Music offers its music majors, music minors, and combined majors a cross-disciplinary approach to the study and practice of music, underscored by real-world experiential learning and cutting-edge technology. The music faculty are dedicated to three continuously interacting and integrated dimensions: the creation of music; its production and promotion; and the study of its history, meaning, and impact on cultures around the globe—past, present, and future.

There are three concentrations in music: the Bachelor of Arts in Music, the Bachelor of Science in Music with Concentration in Music Technology, and the Bachelor of Science in Music with Concentration in Music Industry. Students in all three concentrations begin with a core of shared offerings, including a uniquely probing, cross-cultural, and interdisciplinary introduction to music, *Music in Everyday Life* (MUSC 1001), together with shared requirements in introductory theory and musicianship. With a common perspective offered by these courses, students then branch out to focus on their individual disciplines but also to interact and bring unique aspects of their disciplines together in a collaborative learning environment with other students.

Our signature program is the Bachelor of Arts in Music, designed to offer a variety of flexible advising paths that allow a focus on history, theory, ethnomusicology, performance, composition, or other directions tailored to the students' individual interests.

The Bachelor of Science in Music with Concentration in Music Technology focuses on the creative application of digital sound technologies to a broad range of artistic, social, and industrial purposes, including experimental composition, film, video, theatre, game design, mobile applications, sound design for urban environments, and beyond. An emphasis is maintained throughout on imaginative exploration, collaboration across disciplines, and real-world experience.

The Bachelor of Science in Music with Concentration in Music Industry, the first such undergraduate program offered in Boston, is designed for students with an interest in fields such as artist management; the music products industry; the recording industry; arts administration; contracting and legal issues; financial and economics aspects of the music industry; and broadcast, mobile, and online media technologies.

While some music courses are designed for music majors, music minors and combined majors in music, and a variety of other disciplines, the Department of Music also offers elective survey courses and other study opportunities open to students across the Northeastern University campus. Also available are private lessons in a wide variety of instruments and voice, including a focus on genres ranging from traditional concert music to jazz to fusion, rock, and a variety of popular idioms.

An extensive concert series presents not only guest performers and ensembles from around the world but also performances by the Northeastern University Symphony Orchestra; the Northeastern University Wind Ensemble and Concert Band; the Northeastern University Choral Society; and the Jazz Ensemble, Jazz Choir, Contemporary Music Ensemble, Blues/Rock Fusion Ensemble, Rock Ensemble, Chamber Music

Ensembles, along with individual student recitals, and performances by an array of student-run music groups.

In addition to co-op, Dialogues of Civilization, and a range of other opportunities for experiential learning and study abroad, students may immediately begin to participate in student organizations, such as Green Line Records and other groups, that allow students actively to pursue their passions and aspirations.

Students may double concentrate in music industry and music technology. While students are encouraged to consider double majoring in the Bachelor of Arts in Music and other disciplines outside music, the BA cannot be combined with the concentration in music industry or the concentration in music technology.

Students may double count only one course between a concentration and a minor. Students may double count only one course between two different music minors. Should a student place out of a course in a minor, it must be replaced with another course.

Academic Progression Standards

Students must maintain at least a B– average in all major courses and complete all required music courses with grades of at least C. Students who fail to meet the above standards will be placed on departmental probation; those who remain on probation for two consecutive semesters will be dropped from the major.

Programs

Bachelor of Arts (BA)

- Music (p. 193)

Bachelor of Science (BS)

- Musical Theatre (p. 215) (offered by the Department of Theatre)
- Performing Arts Administration (p. 215) (offered by the Department of Theatre)
- Songwriting (p. 216)

Music, BA

The Bachelor of Arts in Music at Northeastern engages students in the study of how music works and the many contexts in which it is created and received.

Students encounter a wide range of musical repertoires, theoretical approaches, and research strategies. While many students opt to major in music alone, many others enroll as part of a double major. This is especially true of young scholars who are aiming for careers in engineering, sciences, business, and fields in the humanities and social sciences who still want to pursue their interests in music. Students in the BA concentration take a variety of classes in history, theory, and ethnomusicology, and they may be active performers, participating in our many ensembles and taking private lessons. Students also participate in a wide array of co-ops and are encouraged to explore opportunities that conform to their interests.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

.

- NUPath requirements Creative Expression/Innovation (EI) and Interpreting Culture (IC) are met through the major course requirements.
- NUPath requirements Formal and Quantitative Reasoning (FQ), Societies and Institutions (SI), Analyzing and Using Data (AD), Difference and Diversity (DD), and Ethical Reasoning (ER) may be met through electives in the major.
- NUPath requirements Natural and Designed World (ND) must be met through general electives.

Music Theory and Musicianship

Code	Title	Hours
Music Theory Placement		

All students must take a music theory placement exam. Students who do not place into MUSC 1201 must first take the following course:

MUSC 1119	Fundamentals of Western Music Theory
-----------	--------------------------------------

Required Music Theory

A grade of C or higher is required in each course:

MUSC 1201	Music Theory 1	4
Choose two courses from the following list:		
MUSC 1119	Fundamentals of Western Music Theory	4
MUSC 1202	Music Theory 2	4
MUSC 2111	Algebra and Geometry of Music	4
MUSC 2208	Jazz Improvisation	4
MUSC 2350	Acoustics and Psychoacoustics of Music	4
MUSC 3541	Music Analysis Seminar	4
MUSI 1204	Analyzing Popular Genres	4

Music in Context

Choose one from each category below. From the categories "Western Tradition," "Ethnomusicology," and "Contemporary," at least two must be at the 2000-level or higher. Courses may not double-count across the five areas. Many, but not all, Music in Context courses at the 2000-level or higher fulfill the Writing Intensive in the discipline requirement. Please check Writing Intensive status of courses as needed.

Music Industry Major Credit and Grade Requirement

Complete 77 semester hours in the major.

Students must maintain at least a 2.667 GPA (B- average) in the requirements of the major and also complete all required music courses with grades of at least C. Students who fail to meet the above standards will be placed on departmental probation; those who remain on probation for two consecutive semesters will be dropped from the major.

Program Requirement

128 total semester hours required

Music with Concentration in Music Technology, BS

The Bachelor of Science in Music with Concentration in Music Technology focuses on the creative application of digital sound technologies to a broad range of artistic, social, and industrial purposes, including experimental composition, film, video, theatre, game design, mobile applications, sound design for urban environments, and beyond. An emphasis is maintained throughout on imaginative exploration, collaboration across disciplines, and real-world experience.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

- NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), and Analyzing and Using Data (AD) are met through the major course requirements.
- NUpath requirements Difference and Diversity (DD) and Formal and Quantitative Reasoning (FQ) may be met through electives in the major.
- NUpath requirements Natural and Designed World (ND), Societies and Institutions (SI), and Ethical Reasoning (ER) must be met through general electives.

General Music Requirements

Code	Title	Hours
Introduction to College		
MUSC 1000	Music at Northeastern	1
Music Theory and Composition		
MUSC 1201	Music Theory 1	4
MUSC 1202	Music Theory 2	4
MUSC 3541	Music Analysis Seminar	4
MUST 1301	Introduction to Composition	4
Complete one of the following:		
MUST 2320	Sound Design	4
MUSC 2111	Algebra and Geometry of Music	4

Music in Context

A grade of C or higher is required. Choose one from each of these categories: "Western Tradition," "Ethnomusicology," "Contemporary," and "Creative." Of the courses from "Western Tradition," "Ethnomusicology," "Contemporary," at least two must be at the 2000-level or higher. Courses may not double count across these areas. Many, but not all, Music in Context courses at the 2000-level or higher fulfill the Writing Intensive in the discipline requirement. Please check Writing Intensive status of courses as needed.

Introductory Class

MUSC 1001	Music in Everyday Life	4
-----------	------------------------	---

Western Tradition

Complete one of the following: 4

MUSC 1116	Beethoven	
MUSC 2107	Introduction to Opera	
MUSC 2312	Historical Traditions: Classical	
MUSC 2320	40,000 Years of Music Technology	
MUSC 2340	Divas, DJs, and Double Standards	
MUSC 3470	War and Music	

Ethnomusicology

Complete one of the following: 4

MUSC 1112	Jazz	
MUSC 1131	Music of Latin America and the Caribbean	
MUSC 2101	Black Popular Music	
MUSC 2130	Music of Asia	
MUSC 2330	Musical Communities of Boston	
MUSI 3351	Music and Social Justice	
MUSI 3401	Hip Hop in the Music Industry	
MUSI 5900	Ethnography in Creative Industries	

Contemporary

Complete one of the following: 4

MUSC 1112	Jazz	
MUSC 1113	Film Music	
MUSC 2101	Black Popular Music	
MUSC 2150	Making a Musical: Analysis, Craft, and Creation	
MUSC 2310	Popular Music Since 1945	
MUSC 2317	Punk Rock	
MUSC 2320	40,000 Years of Music Technology	
MUSC 2340	Divas, DJs, and Double Standards	
MUSC 2351	Music, Sound, and the Screen	
MUSC 3560	Topics in Music since 1900	
MUSI 3401	Hip Hop in the Music Industry	

Music Industry

Complete one of the following: 4

MUSI 1230	Introduction to Music Industry	
MUSI 2235	Copyright in the Creative Industries	
MUSI 2331	Music Recording 2	

Music Technology Requirements

Code	Title	Hours
Required Courses		
MUST 1220	Introduction to Music Technology	4
MUST 2431	Computer Music Fundamentals	4

MUSC 2350	Acoustics and Psychoacoustics of Music	4
-----------	--	---

Restricted Electives

Complete two of the following: 8

MUST 4610	Composition for Electronic Instruments	
MUST 3540	Special Topics in Music Technology	

Capstone

MUST 4611	Music Technology Capstone/Senior Recital	4
-----------	--	---

Supporting Courses

Code	Title	Hours
College Elective		
Complete one of the following: 4		
ARTD 2100	Narrative Basics	
ARTF 2220	4D Fundamentals: Sequence and Drawing	
ARTF 2223	5D Fundamentals: Experience and Drawing	
ARTD 3480	Video: Sound and Image	
GAME 1110	Games and Society	
GAME 2500	Foundations of Game Design	
MSCR 1220	Media, Culture, and Society	
MSCR 1100	Film 101	
MSCR 3435	Media Industries	
MSCR 3600	Film Theory	
THTR 1131	Technical Theatre 1	
THTR 1270	Introduction to Theatrical Design	
THTR 2370	Lighting Design	

Music Technology Major Credit and Grade Requirement

Complete 69 semester hours in the major.

Students must maintain at least a 2.667 GPA (B- average) in the requirements of the major and also complete all required music courses with grades of at least C. Students who fail to meet the above standards will be placed on departmental probation; those who remain on probation for two consecutive semesters will be dropped from the major.

Program Requirement

Computer Science and Music with Concentration in Music Technology, BS

The computer science and music combined major with concentration in music technology focuses on the creative application of digital sound technologies to a broad range of artistic, social, and industrial purposes. An emphasis is maintained throughout on imaginative exploration, collaboration across disciplines, and real-world experience. It is designed to give students a firm foundation in music and computing for digital audio technologies. This program is recommended for students with a strong background in music prior to entering Northeastern.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1
Computer Science Fundamental Courses		
A grade of C– or higher is required in all computer science fundamental courses except CS 1802:		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
Computer Science Required Courses		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	4
IS 4300	Human Computer Interaction (Integrative)	4
Presentation Requirement		
THTR 1170	The Eloquent Presenter	1
Khoury Elective		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete 8 credits of CS, CY, DS or IS classes that are not already required. Choose courses within the following ranges:		8
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2000 or higher, except DS 4900		
IS 2000 or higher, except IS 4900

Electrical Engineering and Music with concentration in Music Technology, BSEE

This intercollege combined major is designed for students who would like to explore their interest in music technology while earning the benefit of a Bachelor of Science degree in electrical engineering. The music industry relies heavily on electronic technology in the production (e.g., electronic musical instruments and performance/recording technology), storage (e.g., mp3 and other file storage formats), and distribution (e.g., streaming services) of music. The program combines the content of two majors to allow students to learn the breadth and depth of the convergence between electrical engineering and music technology.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Major GPA Requirement

Minimum 2.000 GPA required in EECE courses

Engineering Requirements

Complete 50 semester hours in engineering as indicated below.

Code	Title	Hours
Required Courses		
EECE 2150	Circuits and Signals: Biomedical Applications	5
EECE 2160	Embedded Design: Enabling Robotics	4
Electrical Engineering Fundamentals		
EECE 2412 and EECE 2413	Fundamentals of Electronics and Lab for EECE 2412	5
EECE 2520	Fundamentals of Linear Systems	4
EECE 2530 and EECE 2531	Fundamentals of Electromagnetics and Lab for EECE 2530	5
Computer Engineering Fundamentals		
Complete one of the following. If more than one computer engineering fundamentals course is taken, it may count as a technical elective:		4-5
EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322	
EECE 2540	Fundamentals of Networks	
EECE 2560	Fundamentals of Engineering Algorithms	
Capstone Courses		
EECE 4790	Electrical and Computer Engineering Capstone 1	4
EECE 4792	Electrical and Computer Engineering Capstone 2	4
Technical Electives		
Complete two of the following. If EECE 5697 is taken, students are required to complete a music elective.		8
EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322	
EECE 4993	Independent Study	
EECE 4991	Research

MATH 2341	Differential Equations and Linear Algebra for Engineering	4
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	5
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	5
2 semester hours from the following course count toward this requirement:		2
EECE 3468	Noise and Stochastic Processes	

Supplemental Credit

1 semester hour from the following course count toward this requirement:		1
GE 1501	Cornerstone of Engineering 1	

Music Requirements

Code	Title	Hours
Music Theory		
MUSC 1201	Music Theory 1	4
MUSC 1202	Music Theory 2	4
Required Context Course		
MUSC 1001	Music in Everyday Life	4

Music in Context

Complete one of the following:		4
MUSC 2101	Black Popular Music	
MUSC 2107	Introduction to Opera	
MUSC 2130	Music of Asia	
MUSC 2150	Making a Musical: Analysis, Craft, and Creation	
MUSC 2310	Popular Music Since 1945	
MUSC 2312	Historical Traditions: Classical	
MUSC 2317	Punk Rock	
MUSC 2320	40,000 Years of Music Technology	
MUSC 2340	Divas, DJs, and Double Standards	
MUSC 2351	Music, Sound, and the Screen	
MUSC 3470	War and Music	
MUSC 3560	Topics in Music since 1900	
MUSI 3401	Hip Hop in the Music Industry	
MUSI 3351	Music and Social Justice	
MUSI 5900	Ethnography in Creative Industries	

Acoustics or Music Elective

Complete one of the following. If EECE 5697 is taken, students are required to complete a music elective.

MUSC 2350	Acoustics and Psychoacoustics of Music	4
MUSC 2000 to MUSC 5999		

Music Technology

MUST 1220	Introduction to Music Technology	4
MUST 2431	Computer Music Fundamentals	4

Music Technology Electives

Complete two of the following. Other appropriate MUST courses will be considered by petition to fulfill this category.

MUST 4610	Composition for Electronic Instruments	8
MUST 3540	Special Topics in Music Technology	

Writing Requirement and Additional NUPATH Courses

A grade of C or higher is required in both First-Year Writing and Advanced Writing in the Disciplines.

Code	Title	Hours
Writing		
ENGW 1111	First-Year Writing	4
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

NUPATH Requirements through Open Electives

NUPATH requirements Interpreting Culture (IC), Societies and Institutions (SI), and Differences and Diversity (DD) are not explicitly satisfied by required engineering courses. Students are responsible for satisfying these requirements with general electives.

Required General Electives

Code	Title	Hours
Complete one academic, nonremedial, nonrepetitive course, equivalent to 4 semester hours.		4

Music Technology Major Grade Requirement

Students must maintain at least a 2.667 GPA (B- average) in the requirements of the music half of the combined major and also complete all required music courses with grades of at least C. Students who fail to meet the above standards will be placed on departmental probation; those who remain on probation for two consecutive semesters will be dropped from the major.

Program Requirement

136 total semester hours required

Game Design and Music with concentration in Music Technology, BS

The Game Design and Music combined major with a concentration in Music Technology prepares students to manage all aspects of music and sound design integral to the creative process in Game Design. Students focus on the digital sound technologies, audiovisual integration techniques and collaborative skills, grounded in real-world experience, that are necessary to apply one's musical imagination effectively in a game design environment. Also emphasized are the aesthetic, expressive, psychological and social perspectives essential to meaningful engagement across a broad range of applications in the game industry.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

NUPath requirements Creative Expression/Innovation (EI), and Analyzing/Using Data (AD), Interpreting Culture (IC), Natural/Designed World/ND, Difference/Diversity/DD, Writing Intensive(WI), and Capstone Experience(CE) are met through the major course requirements. All other NUPath requirements must be met through electives.

Capstone		
Complete one of the following:		
MUST 4611	Music Technology Capstone/Senior Recital	4
GAME 4701	Game Design Capstone 2	

Combined-Major Credit Requirement

Complete 90 semester hours in the major.

Music Technology Major Grade Requirement

Students must maintain at least a 2.667 GPA (B- average) in the requirements of the music half of the combined major and also complete all required music courses with grades of at least C. Students who fail to meet the above standards will be placed on departmental probation; those who remain on probation for two consecutive semesters will be dropped from the major.

Program Requirement

138 total semester hours required

Music and Communication Studies with Concentration in Music Industry, BS

The Bachelor of Science in Music with Concentration in Music Industry, the first such undergraduate program offered in Boston, is designed for students with an interest in fields such as artist management; the music products industry; the recording industry; arts administration; contracting and legal issues; financial and economics aspects of the music industry; and broadcast, mobile, and online media technologies.

The Department of Communication Studies is committed to providing students with both the communication skills and the understanding of the communication process required to thrive in a complex and changing society. Majors are required to demonstrate a mastery of the fundamentals of effective communication, to learn the fundamentals of communication theory and practice, and to develop a distinct area of emphasis. Some of the more popular areas include argumentation and advocacy, organizational and health communication, international and intercultural communication, digital communication and social media, and media production. The curriculum is designed to enhance the understanding of human communication in a variety of contexts, to empower students to become informed and engaged citizens, and to provide the knowledge and skills required to live a rich personal and professional life.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), Societies and Institutions (SI), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), and Difference and Diversity (DD) may be met through electives in the major.

Music Industry Requirements

Code	Title	Hours
Introduction to College		
MUSC 1000	Music at Northeastern	1
Music Core		
MUSC 1001	Music in Everyday Life	4
Music Theory Placement		
All students must take a theory placement exam. Students who do not place into MUSC 1201 must first take the following:		
MUSC 1119	Fundamentals of Western Music Theory	4
Music Theory Requirement		
MUSC 1201	Music Theory 1	4
Introductory Music Industry		
MUSI 1230	Introduction to Music Industry	4
Music in Context		
Choose one course from western tradition, ethnomusicology, or contemporary categories.		
<i>Western Tradition</i>		
MUSC 2107	Introduction to Opera	
MUSC 2312	Historical Traditions: Classical	
MUSC 2320	40,000 Years of Music Technology	
MUSC 2340	Divas, DJs, and Double Standards	
MUSC 3470	War and Music	
<i>Ethnomusicology</i>		
MUSC 2101	Black Popular Music	
MUSC 2130	Music of Asia	
MUSC 2330	Musical Communities of Boston	
MUSI 3351	Music and Social Justice	
MUSI 3401	Hip Hop in the Music Industry	
MUSI 5900	Ethnography in Creative Industries	
<i>Contemporary</i>		
MUSC 2101	Black Popular Music	
MUSC 2150	Making a Musical: Analysis, Craft, and Creation	
MUSC 2310	Popular Music Since 1945	
MUSC 2317	Punk Rock	
MUSC 2320	40,000 Years of Music Technology	
MUSC 2340	Divas, DJs, and Double Standards	
MUSC 2351	Music, Sound, and the Screen	
MUSC 3560	Topics in Music since 1900	
MUSI 3401	Hip Hop in the Music Industry	
Music Industry Electives		
Complete three of the following:		12
MUSI 1204	Analyzing Popular Genres	
MUSC 2210	Introduction to Songwriting	
MUSC 2211	Advanced Songwriting	
MUSI 2231	Music Licensing for Media	
MUSI 2232	Music Recording 1	
MUSI 2235	Copyright in the Creative Industries	
MUSI 2341	Music Supervision 1	
MUSI 2540	Special Topics in Music Industry	
MUSI 3332	Artist Management	
MUSI 3333	The Record Industry	

MUSI 3334	Music Products Industry	
MUSI 3338	Music Industry Marketing and Promotion	
MUSI 3340	Concert Promotion and Venue Management	
MUSI 3401	Hip Hop in the Music Industry	
MUSI 4530	Music Entrepreneurship	
MUSI 4601	Seminar in Music Industry	
MUSI 5900	Ethnography in Creative Industries	
MUST 1220	Introduction to Music Technology	
Business Course		
ACCT 1209	Financial Accounting and Reporting	4

Communication Studies Requirements

Code	Title	Hours
Communication Studies Common Requirements		
COMM 1101	Introduction to Communication Studies	4
COMM 1112	Public Speaking	4
or COMM 2301	Communication Research Methods	

Foundation Course		
Complete one of the following:		4
COMM 1210	Persuasion and Rhetoric	
COMM 1231	Principles of Organizational Communication	
COMM 1225	Communication Theory	
COMM 1255	Communication in a Digital Age	

Cluster Course		
Complete one of the following:		4
COMM 1131	Sex, Relationships, and Communication	
COMM 2303	Global and Intercultural Communication	
COMM 2304	Communication and Gender	
COMM 2501	Communication Law	
COMM 2551	Free Speech in Cyberspace	

Writing-Intensive Courses		
Complete two of the following:		8
COMM 3200	Mobile Communication	
COMM 3201	Health Communication	
COMM 3230	Interpersonal Communication	
COMM 3304	Communication and Inclusion	
COMM 3320	Political Communication	
COMM 3414	Great Speakers and Speeches	
COMM 3415	Communication Criticism	
COMM 3445	Public Relations Principles	
COMM 3501	Free Speech: Law and Practice	
COMM 3530	Communication and Sexualities	
COMM 3532	Theories of Conflict and Negotiation	
COMM 3610	Communication, Politics, and Social Change	
COMM 4535	Nonverbal Social Interaction	
COMM 4605	Youth and Communication Technology	
COMM 4631	Crisis Communication and Image Management	

Communication Studies Electives		
Complete three COMM courses.		12

Integrative Requirement

Code	Title	Hours
Complete one of the integrative options below. If a communication studies course is taken, an additional music industry course is required, chosen from the list of music industry electives above.		
Music Option		
Complete one of the following:		
MUSI 4601	Seminar in Music Industry	
MUSI 4530	Music Entrepreneurship	
MUSI 5900	Ethnography in Creative Industries	

Communication Studies Option		
Complete two of the following. One communication studies course is required:		
COMM 4608	Strategic Communication Capstone	
or COMM 4625 Online Communities		
MUSC 2000 to MUSC 5999		
MUSI 2000 to MUSI 5999		
MUST 2000 to MUST 5999		

Communication Studies Major Grade Requirement		
No more than two grades below a C in communication studies courses may be used to satisfy degree requirements.		

Music Industry Major Grade Requirement

Students must maintain at least a 2.667 GPA (B- average) in the requirements of the music half of the combined major and also complete all required music courses with grades of at least C. Students who fail to meet the above standards will be placed on departmental probation; those who remain on probation for two consecutive semesters will be dropped from the major.

Physics and Music with Concentration in Music Technology, BS

The combined major in physics and music provides a strong foundation in classical and modern physics, including studies of the various physical phenomena including electromagnetism, dynamics, building blocks of matter, energy, and radiation. It also provides students

with a solid background in composition for acoustic and electronic instruments and for combined and/or interactive live and digital sources. The combined major allows students to learn how physical principles influence sound production and propagation.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Ethnomusicology, Minor

The minor in ethnomusicology offers students an interdisciplinary approach to exploring the richness of music in its cultural context.

The foundation of the minor is a unique introductory course, Music in Everyday Life (MUSC 1001), which investigates many dimensions of musical experience and music’s connections to society. Students take in-depth electives that focus on the music of a region, tradition, global popular trends, etc. The minor culminates in a seminar that invites students to conduct their own ethnographic projects in and around Boston. Projects involving music’s role in social justice issues are exciting options.

Ethnomusicological studies would enrich many programs or degrees, including but not limited to African-American studies; sociology; anthropology; Asian studies; Middle Eastern studies; Jewish studies; world language studies; cultural studies; women, gender, and sexuality studies; Latin American studies; religion; urban studies; Art + Design; cinema studies; communication studies; international affairs; theatre; political science; or health sciences. Music majors may also add this minor.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
MUSC 1001	Music in Everyday Life	4
MUSC 2330	Musical Communities of Boston	4

Ethnomusicology Electives

Code	Title	Hours
Complete two of the following:		8
MUSC 1112	Jazz	
MUSC 1131	Music of Latin America and the Caribbean	
MUSC 2101	Black Popular Music	
MUSC 2130	Music of Asia	
MUSC 3470	War and Music	
MUSI 3351	Music and Social Justice	
MUSI 5900	Ethnography in Creative Industries	

GPA Requirement

2.000 GPA required in the minor. *Students must complete all required music courses with grades of at least C.*

Music, Minor

The minor in music offers students an opportunity to explore electives in music along with a music theory course appropriate to the student's level of experience. The foundation of the minor is a unique introductory course, Music in Everyday Life (MUSC 1001), which investigates many dimensions of the musical experience and music's contributions to culture.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

A grade of C or better is required in all music courses.

Music Theory and Musicianship

Code	Title	Hours
MUSC 1001	Music in Everyday Life	4
Complete one course from the following. Music theory placement test permits placement into Music Theory 1 or higher.		4
MUSC 1119	Fundamentals of Western Music Theory	
MUSC 1201	Music Theory 1	
MUSC 1202	Music Theory 2	
MUSI 1204	Analyzing Popular Genres	

Music Literature Electives

Code	Title	Hours
Complete two courses from the following. Four semesters of ensembles may be substituted for one elective:		8
MUSC 1106	Women in Music	
MUSC 1111	Rock Music	
MUSC 1112	Jazz	
MUSC 1113	Film Music	
MUSC 1116	Beethoven	

MUSC 1118	Music Therapy 1
MUSC 1131	Music of Latin America and the Caribbean
MUSC 1136	What's Playing at Symphony?
MUSC 2101	Black Popular Music
MUSC 2107	Introduction to Opera
MUSC 2130	Music of Asia
MUSC 2150	Making a Musical: Analysis, Craft, and Creation
MUSC 2310	Popular Music Since 1945
MUSC 2312	Historical Traditions: Classical
MUSC 2317	Punk Rock
MUSC 2320	40,000 Years of Music Technology
MUSC 2330	Musical Communities of Boston
MUSC 2340	Divas, DJs, and Double Standards
MUSC 2351	Music, Sound, and the Screen
MUSC 3560	Topics in Music since 1900
MUSC 3470	War and Music
MUSI 3351	Music and Social Justice
MUSI 3401	Hip Hop in the Music Industry
MUSI 5900	Ethnography in Creative Industries

Ensembles

All ensembles are 1 credit:

MUSC 1904	Chorus
MUSC 1905	Concert Band
MUSC 1906	Orchestra
MUSC 1907	Wind Ensemble
MUSC 1911	Jazz Ensemble
MUSC 1912	Rock Ensemble
MUSC 1913	Blues/Rock Ensemble
MUSC 1914	Create Your Own Music
MUSC 1915	Chamber Ensemble
MUSC 1916	Contemporary Music Ensemble
MUSC 1917	Jazz Choir and Combo
MUSC 1918	World Music Ensemble
MUSC 1919	Fusion Ensemble
MUSC 1920	Pep Band

GPA Requirement

2.000 GPA required in the minor. *Students must complete all required music courses with grades of at least C.*

Music Composition, Minor

The minor in composition offers student composers at all levels a concentrated opportunity to build composition skills. The minor includes a foundation in music theory and introduction to compositional approaches, composition lessons, and additional course work to broaden the student composer's understanding and appreciation of the intersection of music and culture.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
MUSC 1001	Music in Everyday Life	4
MUSC 1201	Music Theory 1	4
MUSC 1202	Music Theory 2	4
MUST 1301	Introduction to Composition	4
MUSC 1903	Composition Lessons	1

Elective

Code	Title	Hours
Complete one of the following: 4		
MUSC 3541	Music Analysis Seminar	
MUST 1220	Introduction to Music Technology	
MUST 2320	Sound Design	

GPA Requirement

2.000 GPA required in the minor. *Students must complete all required music courses with grades of at least C.*

Music Industry, Minor

The music industry program is the first such undergraduate program offered in Boston and is designed for students with an interest in fields such as artist management; the music products industry; the recording industry; arts administration; contracting and legal issues; financial and economics aspects of the music industry; and broadcast, mobile, and online media technologies.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

A C grade or better is required in all music courses.

Music Core

Code	Title	Hours
MUSC 1001	Music in Everyday Life	4

Music Industry

Code	Title	Hours
MUSI 1230	Introduction to Music Industry	4

Music Industry Electives

Code	Title	Hours
Complete three of the following: 12		
MUSC 1119	Fundamentals of Western Music Theory	
MUSC 2210	Introduction to Songwriting	
MUSC 2211	Advanced Songwriting	
MUSI 2231	Music Licensing for Media	
MUSI 2232	Music Recording 1	
MUSI 2235	Copyright in the Creative Industries	
MUSI 2341	Music Supervision 1	
MUSI 2540	Special Topics in Music Industry	
MUSI 3332	Artist Management	
MUSI 3333	The Record Industry	
MUSI 3334	Music Products Industry	

MUSI 3338	Music Industry Marketing and Promotion
MUSI 3340	Concert Promotion and Venue Management
MUSI 3401	Hip Hop in the Music Industry
MUSI 4530	Music Entrepreneurship
MUSI 4601	Seminar in Music Industry
MUSI 5900	Ethnography in Creative Industries
MUST 1220	Introduction to Music Technology

GPA Requirement

2.000 GPA required in the minor. *Students must complete all required music courses with grades of at least C.*

Music Performance, Minor

The minor in music performance offers students an opportunity to improve on their instrument or voice through ensemble performance, private lessons, recitals, and instruction in music theory. Students also take an elective in music that can be used to explore a genre, musical culture, or composer related to the student's performance area or can be used to broaden the student's musical horizons beyond their area of focus.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: Acceptance into the minor requires an audition.

Music Core

A grade of C or higher is required in music theory courses:

Code	Title	Hours
MUSC 1001	Music in Everyday Life	4
MUSC 1201	Music Theory 1	4

Music Lessons

Code	Title	Hours
Complete four music lesson courses (courses are repeatable): 4		
MUSC 1901	Music Lessons 1	
MUSC 1902	Music Lessons 2	

Music Ensemble

Code	Title	Hours
Complete five music ensembles: 5		
MUSC 1904	Chorus	
MUSC 1905	Concert Band	
MUSC 1906	Orchestra	
MUSC 1907	Wind Ensemble	
MUSC 1911	Jazz Ensemble	
MUSC 1912	Rock Ensemble	
MUSC 1913	Blues/Rock Ensemble	
MUSC 1914	Create Your Own Music	
MUSC 1915	Chamber Ensemble	
MUSC 1916	Contemporary Music Ensemble	
MUSC 1917	Jazz Choir and Combo	

MUSC 1918	World Music Ensemble
MUSC 1919	Fusion Ensemble
MUSC 1920	Pep Band

Music Electives

Code	Title	Hours
Complete one of the following:		4
MUSC 1106	Women in Music	
MUSC 1111	Rock Music	
MUSC 1112	Jazz	
MUSC 1113	Film Music	
MUSC 1116	Beethoven	
MUSC 1131	Music of Latin America and the Caribbean	
MUSC 1136	What's Playing at Symphony?	
MUSC 2101	Black Popular Music	
MUSC 2107	Introduction to Opera	
MUSC 2130	Music of Asia	
MUSC 2208	Jazz Improvisation	
MUSC 2209	Conducting	
MUSC 2210	Introduction to Songwriting	
MUSC 2310	Popular Music Since 1945	
MUSC 2312	Historical Traditions: Classical	
MUSC 2317	Punk Rock	
MUSC 2320	40,000 Years of Music Technology	
MUSC 2330	Musical Communities of Boston	
MUSC 2340	Divas, DJs, and Double Standards

MUSI 5900	Ethnography in Creative Industries	

Music Recitals

Code	Title	Hours
MUSC 3410	Recital 1	1
MUSC 4622	Recital 2	1

GPA Requirement

2.000 GPA required in the minor. *Students must complete all required music courses with grades of at least C.*

Music Recording, Minor

The minor in music recording offers students a chance to explore the theory and practice of recording from basic principles through studio sessions and mixing/mastering. An elective rounds out the minor, giving students an opportunity to learn about the intersection of recording and copyright, technology, entertainment, and other disciplines.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
MUSI 2232	Music Recording 1	4
MUSI 2331	Music Recording 2	4
MUSI 3341	Music Recording 3—Mixing and Mastering	4

Recording Elective

Code	Title	Hours
Complete one of the following:		4
MUSC 1001	Music in Everyday Life	
MUSI 2341	Music Supervision 1	
MUST 1220	Introduction to Music Technology	
MUSI 2235	Copyright in the Creative Industries	
MUST 2320	Sound Design	

GPA Requirement

2.000 GPA required in the minor. Students must complete all required music courses with grades of at least C.

Music Technology, Minor

The minor in music technology gives students an opportunity to explore the creative application of digital sound technologies to a broad range of artistic, social, and industrial purposes, including experimental composition, film, video, theatre, game design, mobile applications, sound design for urban environments, and beyond. An emphasis is maintained throughout on imaginative exploration, collaboration across disciplines, and real-world experience.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

A C grade or better is required in all music courses.

Required Courses

Code	Title	Hours
MUSC 1001	Music in Everyday Life	4
MUST 1220	Introduction to Music Technology	4
MUST 2431	Computer Music Fundamentals	4

Music Technology Electives

Code	Title	Hours
Complete two of the following:		8
MUSC 2111	Algebra and Geometry of Music	
MUSC 2320	40,000 Years of Music Technology	
MUSC 2350	Acoustics and Psychoacoustics of Music	
MUST 2320	Sound Design	
MUST 3540	Special Topics in Music Technology	

GPA Requirement

2.000 GPA required in the minor. *Students must complete all required music courses with grades of at least C.*

Musical Theatre, Minor

Uniting acting, singing, and dance, the musical theatre minor provides foundational skills in musical theatre performance and the exploration of the culture and evolution of the musical form. This minor combines theatre courses in performance and Broadway history with additional course options from the Department of Music.

Minor Requirements

Complete all courses listed below unless otherwise indicated.

Note: Students pursuing a music theatre minor may double count up to one course between that minor and the student's declared major and other minors.

For Theatre Majors (Not Including Combined Majors):**REQUIRED COURSES**

Code	Title	Hours
THTR 1500	Musical Theatre Performance 1	4
MUSC 1119 or MUSC 1201	Fundamentals of Western Music Theory Music Theory 1	4

MAKING MUSICAL THEATRE

Code	Title	Hours

Performing Arts Administration, Minor

Connecting a range of College of Arts, Media and Design courses, this minor prepares students to work in non-profit arts organizations such as theatre companies, concert venues, and performance centers. Students have an opportunity to develop valuable skills in artistic programming, marketing, organizational communication, public relations, community outreach, and the entertainment business.

Program Requirements

Complete all courses listed below unless otherwise indicated.

Students pursuing a performing arts administration minor may double count up to one course between that minor and the student's declared

major and other minors. Should a student place out of a course in a minor it must be replaced with another course.

Notes:

- No student may receive a theatre minor as a result of external transfer credit only.
- Music majors cannot use Performing Arts Administration (MUSI 2330) as a major elective due to double-counting policy outlined above.

Foundational Courses

Code	Title	Hours
Complete one of the following:		4
THTR 1101	Introduction to Theatre	
MUSC 1001	Music in Everyday Life	
MUSI 1230	Introduction to Music Industry	

Required Course

Antonio Ocampo-Guzman, Associate Professor and Major Mentor,
antonio@northeastern.edu

Jonathan Carr, Assistant Teaching Professor and Minor Mentor,
jo.carr@northeastern.edu

Darren Evans, Theatre Operations Specialist, d.evans@northeastern.edu

The Northeastern Department of Theatre is a community dedicated to creativity, collaboration, and excellence in the pursuit of innovative ways to see, to investigate, and to make theatre for a new generation. We offer students a transformative education by aligning performance and production with academic inquiry and professional experiential learning. Our curriculum embraces diverse techniques, philosophies, and measures of success.

Our multidimensional students develop a unique understanding of creative entrepreneurship. They are actors, directors, designers, technicians, playwrights, stage managers, producers, and administrators. With generosity, integrity, respect, and rigor, we explore theatre as a living art that engages with our global society and the moment in which we live.

Connecting classroom experiences to the stage, we produce a diverse season of plays and musicals, ranging from classical theatre to world premieres. Nearly 50 performances take place annually in the Studio Theatre and Ryder Theatre Lab, where students collaborate with faculty and professional guest artists to achieve the highest standard of professionalism. With more than 40 co-op partners around the globe, students can unite the career elements of a conservatory program with the comprehensive education of a liberal arts degree.

Academic Progression Standards

Students must receive a minimum grade of 2.000 in major courses. The following courses are recommended to be taken by the end of the fourth semester (third semester for transfer students):

Code	Title	Hours
THTR 1100	Production Experience 1	1
THTR 1101	Introduction to Theatre	4
THTR 1120	Acting 1	4
THTR 1131	Technical Theatre 1	4
THTR 1270	Introduction to Theatrical Design	4
THTR 2325	From Script to Stage	4

Programs

Bachelor of Arts (BA)

- Theatre (p. 217)
- Communication Studies and Theatre (p. 134)
- Cultural Anthropology and Theatre (p. 226)
- English and Theatre (p. 227)

Theatre, BA

The Northeastern Department of Theatre is dedicated to creativity, collaboration, and excellence in the pursuit of innovative ways to see, to investigate, and to make theatre for a new generation. We offer students a transformative theatre education by aligning performance and production with academic inquiry and professional experiential learning. Our multidimensional students develop a unique understanding of professionalism and entrepreneurship as the foundations of meaningful careers. We embrace diverse methods, philosophies, and measures of success. Through values of generosity, integrity, respect, and rigor, we explore theatre as a living art that engages with our global society and the moment in which we live.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond

specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Formal and Quantitative Reasoning (FQ), Difference and Diversity (DD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Analyzing and Using Data (AD) must be met through general electives.

Theatre Major Requirements

A minimum grade of C is required for all theatre courses.

Code	Title	Hours
Foundational Stages		
THTR 1000	Theatre at Northeastern	1

Theatre, BS

The Northeastern Department of Theatre is dedicated to creativity, collaboration, and excellence in the pursuit of innovative ways to see, to investigate, and to make theatre for a new generation. We offer students a transformative theatre education by aligning performance and production with academic inquiry and professional experiential learning. Our multidimensional students develop a unique understanding of professionalism and entrepreneurship as the foundations of meaningful careers. We embrace diverse methods, philosophies, and measures of success. Through values of generosity, integrity, respect, and rigor, we explore theatre as a living art that engages with our global society and the moment in which we live.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Formal and Quantitative Reasoning (FQ), Difference and Diversity (DD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Analyzing and Using Data (AD) must be met through general electives.

Theatre Major Requirements

A minimum grade of C is required for all theatre courses.

Code	Title	Hours
Foundational Stages		
THTR 1000	Theatre at Northeastern	1

American Sign Language and Theatre, BS

The American Sign Language (ASL) Program curriculum is an intensive program of study dedicated to preparing individuals to interact in a positive and supportive manner with members of the American Deaf Community. This Program is designed to assist students in acquiring competence in American Sign Language, developing an understanding of the American Deaf Community and its culture, and applying their linguistic and cultural skills and knowledge to a particular academic area of study.

This major is designed for students who want to combine an understanding of the American Deaf Community and its culture to the study and making of theatre, including performance, design, and production. It offers both classroom and experiential learning on the creative, social, and linguistic relationship between theatre and the American Deaf Community. Students may study acting, dramatic literature, and production design to develop the skills to be professional ASL/English interpreters and/or performers for theatrical productions.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Communication Studies and Theatre, BA

The Departments of Theatre and Communication Studies offer an interdisciplinary combined major that unites the artistic dimensions of theatre with the practical skills and theories in communication studies. The program provides both the creative study of theater performance, literature, playwriting, and directing with the ability to research and deliver a compelling speech and think critically and write effectively. The two disciplines unite in shared values of original personal expression,

professional collaboration, and experiences in the cultural, social, and ethical impact of theatre as human communication.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Interpreting Culture (IC), Creative Expression/Innovation (EI), Societies and Institutions (SI), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), and Difference and Diversity (DD) may be met through electives in the major.

Cultural Anthropology and Theatre, BA

This major is designed for students who want to combine a knowledge of the art of theatre, including performance, design, and production, with sociocultural theories and conceptual frameworks for understanding human behavior. It offers both classroom and experiential learning in the practice of making theatre and performance theories with cross-cultural approaches. Successful students develop an understanding of theatre's impact on past and present cultures, as well as a deeper awareness of the world in which they live.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond

specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Anthropology Requirements

Code	Title	Hours
Foundation Courses		
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
ANTH 3421	Foundations of Anthropological Theory	4
ANTH 3410	Ethnographic Field Experience	4
Advanced Area Courses		
Complete two of the following:		
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4500	Latin American Society and Development	
ANTH 4505	Native North Americans	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	

Anthropology Electives

Complete three courses in the following range. Two study-abroad courses may count toward this requirement with prior permission from the department: 12

ANTH 2300 to ANTH 4999

Social Science Electives

Complete three social science courses from the following subject areas: 12

AFRS, AFAM, CRIM, ECON, HUSV, HIST, INTL, LING, LPSC, POLS, PSYC, SOCL

Theatre Requirements

A minimum grade of C is required in all theatre courses.

Code	Title	Hours

A GPA of 2.000 for major courses is required.

Program Requirement

128 total semester hours required

English and Theatre, BA

The Department of Theatre and Department of English offer an interdisciplinary combined major that integrates performance, design, production, and dramatic literature with literary studies, digital humanities, and creative writing. This combined major offers both classroom and experiential learning in making theatre, playwriting, and dramaturgy with the study of the diverse historical, cultural, and aesthetic contexts of literature. Students develop the capacity for interpreting a variety of texts through performance and writing to engage audiences.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

English Requirements

Code	Title	Hours
English Course-Level Requirement		
In addition to the capstone, two of the courses chosen from the lists below must be numbered 3000–4999.		
Introduction to College		
ENGL 1000	English at Northeastern	1
Foundational Courses		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160	Introduction to Rhetoric	4
or ENGL 1410	Introduction to Writing Studies	
Diversity		
Complete one of the following courses. This course may also be used to fulfill an additional English requirement below:		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2451	Postcolonial Women Writers	
ENGL 2455	American Women Writers Race	
ENGL 2460	Multiethnic Literatures of the U.S.	
ENGL 2760	Writing in Global Contexts	
ENGL 3663	The African-American Novel	
ENGL 3676	Representing Gender and Sexuality in Literature	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL/JWSS 3685	Modern and Contemporary Jewish Literature	
Pre-Nineteenth-Century Literature		
Complete one of the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 1700	Global Literature to 1500	
ENGL 2240	17th-Century British Literature	
ENGL 2296	Early African-American Literature	
ENGL/JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 4000	Topics in Early Literatures	
ENGL 4020	Topics in 17th- and 18th-Century Literatures	
Nineteenth-, Twentieth-, and Twenty-First-Century Literature		
Complete one of the following:		4
ENGL 2330	The American Renaissance	

ENGL 3720	19th-Century Major Figure
ENGL 4040	Topics in 19th-Century Literatures
ENGL 2301	The Graphic Novel
ENGL 2440	The Modern Bestseller
ENGL 2600	Irish Literary Culture (Abroad)

ENGL/JWSS 3685	Modern and Contemporary Jewish Literature
ENGL 3730	20th- and 21st-Century Major Figure
Theories and Methods	
Complete one of the following: 4	
ENGL 1140	Grammar: The Architecture of English
ENGL 1160	Introduction to Rhetoric
ENGL 1410	Introduction to Writing Studies
ENGL 2150	Literature and Digital Diversity
ENGL 3325	Rhetoric of Law
ENGL 3340	Technologies of Text
ENGL 3370	Writing Cultures
ENGL 3381	The Practice and Theory of Teaching Writing
ENGL 3700	Narrative Medicine
ENGL 4400	Opening the Archive
ENGL 4410	Research in Rhetoric and Writing
LING 1150	Introduction to Language and Linguistics
LING 2350	Linguistic Analysis
LING 3450	Syntax
LING 3452	Semantics
LING 3454	History of English
LING 3456	Language and Gender
LING 3458	Topics in Linguistics
Comparative Literature	
Complete one of the following: 4	
ENGL 1450	Reading and Writing in the Digital Age
ENGL 1502	American Literature to 1865
ENGL 1503	American Literature 1865 to Present
ENGL 2150	Literature and Digital Diversity
ENGL 2380	The Modern Novel
ENGL 2420	Contemporary Poetry
ENGL 2430	Contemporary Fiction
ENGL 2450	Postcolonial Literature
ENGL 2451	Postcolonial Women Writers
ENGL 2455	American Women Writers Race
ENGL 2460	Multiethnic Literatures of the U.S.
ENGL 2510	Horror Fiction
ENGL 2520	Science Fiction
ENGL 2600	Irish Literary Culture (Abroad)
ENGL 2620	What Is Nature? (Abroad)
ENGL 2690	Boston in Literature
ENGL 3487	Film and Text (Abroad)
ENGL 3582	Children's Literature
ENGL 3663	The African-American Novel

ENGL 3676	Representing Gender and Sexuality in Literature
Writing	
Complete one of the following: 4	
ENGL 2700	Creative Writing
ENGL 2710	Style and Editing
ENGL 2740	Writing and Community Engagement
ENGL 2760	Writing in Global Contexts
ENGL 2770	Writing to Heal
ENGL 2780	Visual Writing: Writing Visuals
ENGL 2850	Writing for Social Media: Theory and Practice
ENGL 3375	Writing Boston
ENGL 3376	Creative Nonfiction
ENGL 3377	Poetry Workshop
ENGL 3378	Fiction Workshop
ENGL 3380	Topics in Writing
ENGL 3382	Publishing in the 21st Century
ENGL 3384	The Writer's Marketplace
Capstone	
ENGL 4710	Capstone Seminar 4
or ENGL 4720	Capstone Project
English Electives	
Complete two additional ENGL electives. 8	

Theatre Requirements

A minimum grade of C is required in all theatre courses.

Theatre and Interaction Design, BA

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Theatre Requirements

A minimum grade of C is required for all theatre courses.

Code	Title	Hours
Foundational Stages		
THTR 1101	Introduction to Theatre	4

Theatre and Interaction Design Combined-Major Credit Requirement

Complete 98 semester hours in the major.

Program Requirement

128 total semester hours required

Theatre, Minor

Theatre minors select a dynamic artistic path that uniquely matches their personal interests in areas such as acting, stage design, technical production, and dramatic literature, whether for career exploration or creative expression. Minors are active participants in department

productions who develop the foundational techniques and collaborative skills to make imaginative, innovative theatre.

Minor Requirements

Complete all courses listed below unless otherwise indicated.

Note: No student may receive a theatre minor as a result of external transfer credit only.

Required Course

Code	Title	Hours
THTR 1101	Introduction to Theatre	4

Foundational Courses

Participate in a theatre department production:

NOTE: If cast in a substantial role, THTR 3700 Rehearsal and Production (4 semester hours) can be substituted for THTR 1100.

GPA Requirement

2.000 GPA required in the minor

Global Fashion Studies, Minor

The international scope of this multidisciplinary minor is on the context, culture, practices, and trends in the fashion industry. It is designed for students interested in fashion marketing, retailing, media, and technology. Students have an opportunity to learn to identify, analyze, and communicate how the fashion industry functions artistically, socially, historically, and economically in a global market.

Minor Requirements

Complete all courses listed below unless otherwise indicated.

A student pursuing the minor in global fashion studies may double count up to one course between this minor and the student's declared major(s) and minor(s).

Required Courses

Code	Title	Hours
Complete one of the following:		4
THTR 1236	Introduction to Global Fashion Studies: History, Theory, and Contemporary Practice	
THTR 1237	Introduction to Global Fashion Studies Abroad: History, Theory, and Contemporary Practice	

Electives

Code	Title	Hours
Complete two of the following:		8
ARTE 4901	Special Topics in Art and Design Studio (Fashion Photography Only)	
THTR 1230	The Evolution of Fashion and Costume	
THTR 1233	19th- and 20th-Century Fashion in Europe	
THTR 1235	Fashion and Costume Design in Film and Television	
THTR 1240	Fashion Industry and Trend Forecasting in Europe	
THTR 2242	Fashion Retailing	
THTR 2385	Fashion Construction and Pattern Making	
THTR 3350	Fashion Marketing and Merchandising in Europe	

Complete one of the following OR a third course from the list above:

ARTD 2350 Photo Basics for Nonmajors

ARTG 1250 Design Process Context and Systems

ARTG 2260 Programming Basics

COMM 3445 Public Relations Principles

COMM 3451 Advertising Practices

JRNL 3425 Public Relations Principles

JRNL 5310 Photojournalism

THTR 2380 Costume Design

GPA Requirement

2.000 GPA required in the minor

Musical Theatre, Minor

Uniting acting, singing, and dance, the musical theatre minor provides foundational skills in musical theatre performance and the exploration of the culture and evolution of the musical form. This minor combines theatre courses in performance and Broadway history with additional course options from the Department of Music.

Minor Requirements

Complete all courses listed below unless otherwise indicated.

Note: Students pursuing a music theatre minor may double count up to one course between that minor and the student's declared major and other minors.

For Theatre Majors (Not Including Combined Majors):**REQUIRED COURSES**

Code	Title	Hours
THTR 1500	Musical Theatre Performance 1	4
MUSC 1119	Fundamentals of Western Music Theory	4
or MUSC 1201	Music Theory 1

MSCR 3389	Screenwriting	
THTR 3300	Devised Theatre Project: Collaborative Performance	

GPA Requirement

2.000 GPA required in the minor

Performing Arts Administration, Minor

Connecting a range of College of Arts, Media and Design courses, this minor prepares students to work in non-profit arts organizations such as theatre companies, concert venues, and performance centers. Students have an opportunity to develop valuable skills in artistic programming, marketing, organizational communication, public relations, community outreach, and the entertainment business.

Program Requirements

Complete all courses listed below unless otherwise indicated.

Students pursuing a performing arts administration minor may double count up to one course between that minor and the student's declared major and other minors. Should a student place out of a course in a minor it must be replaced with another course.

Notes:

- No student may receive a theatre minor as a result of external transfer credit only.
- Music majors cannot use Performing Arts Administration (MUSI 2330) as a major elective due to double-counting policy outlined above.

Foundational Courses

Code	Title	Hours
Complete one of the following:		4
THTR 1101	Introduction to Theatre	
MUSC 1001	Music in Everyday Life	
MUSI 1230	Introduction to Music Industry	

Required Course

Code	Title	Hours
MUSI 2330	Performing Arts Administration	4

THTR 1125	Improvisation	
THTR 1130	Introduction to Acting	
THTR 1160	The Professional Voice	
THTR 2345	Acting for the Camera	

GPA Requirement

2.000 GPA required in minor

Theatrical Design, Minor

This minor is intended for students with an interest in design as the collaborative art of transforming ideas into images that support live performance; design as an expression of human experience; design as a method of inquiry and problem solving. It encourages interdisciplinary learning by connecting the study of theatre with studio art, visual communication, design thinking, spatial design, and visual storytelling.

The theatrical design minor combines courses from the Department of Theatre with additional choices from the Department of Art + Design, the Department of Music, and the Department of Architecture.

Minor Requirements

Complete all courses listed below unless otherwise indicated.

Foundational Requirements

Code	Title	Hours
THTR 1100	Production Experience 1	1

GPA Requirement

2.000 GPA required in the minor

Theatre, Performance, and Social Change, Minor

The theatre, performance, and social change minor helps to prepare students for the challenges of world citizenship by developing competencies in theoretical, historical, and contextual knowledge alongside the technical skills to express their understanding of diverse social issues by making narratives, theatre, and performances. The minor's selected courses focus on enlarging students' ability to identify social problems; explore social movements; and make sensitive, ethical, and artistic choices in performance creation. In addition, students are encouraged to think strategically about the material realities of creating performance for social change.

Minor Requirements

Complete all courses listed below unless otherwise indicated.

Note: No student may receive a theatre minor as a result of external transfer credit only.

Foundational Courses

Code	Title	Hours
THTR 1215	Activism and Performance	4
THTR 2340	Theatre and Society	4

Cynthia Elcock, *Administrative Coordinator*, c.elcock@northeastern.edu

Northeastern University's D'Amore-McKim School of Business is known for its experience-driven educational model that fuses robust classroom education with real-world application. We develop leaders and thinkers who will guide the future of work that is being transformed by digital convergence. D'Amore-McKim's programs are specifically designed to meet the needs of students in this fast-paced and changing global economy.

Through use-inspired research and teaching, the D'Amore-McKim School of Business at Northeastern University strives to help people and industries navigate the demands presented by an increasing emphasis on digital transformation. The school embraces the opportunities that arise from this ever-changing world by discovering, designing, and delivering the competencies required for thriving in this future.

Modern business faces many opportunities and challenges due to increasing globalization of economies; political change; and the effects of foreign policy, technological advances, regulatory policies, and economic policies. The result is increased demand for highly educated individuals equipped to analyze and address this changing environment.

Programs in the D'Amore-McKim School of Business are designed for students who are preparing to take on managerial responsibility or starting their own companies. These programs seek to help students develop the ability to recognize and solve business and organizational problems and understand the role of business in the community, the nation, and the world. The school strives to assist students in becoming global citizens, designing innovative solutions, and developing their own professional paths and passions.

The school offers Bachelor of Science degrees in:

- Business Administration
- International Business
- Combined Majors—see Combined Majors section

For each degree program students must choose one of the concentrations listed below

- Accounting
- Business/Interdisciplinary (available only as a second concentration)
- Entrepreneurship and Innovation
- Finance
- Healthcare Management and Consulting
- International Business (available only as a second concentration)

- Management
- Management Information Systems
- Marketing
- Marketing Analytics
- Supply Chain Management

The business curriculum is enhanced by courses in the sciences, humanities, and social sciences. In addition to their academic courses, all students are required to complete a cooperative education plan.

Co-op provides a learning experience beyond the classroom. Textbook examples come to life in real-world business settings where business theories are applied to actual business problems. In turn, these experiences serve to stimulate inquiry and discussion back in the classroom. This interaction between college studies and cooperative education sets the stage for a lifetime of learning.

The undergraduate program of the D'Amore-McKim School of Business meets the standards of the American Assembly of Collegiate Schools of Business for faculty and student quality, curriculum design, and overall university support.

After graduation, students may obtain jobs in all aspects of business, both domestically and internationally, as well as in nonprofits and government.

Academic Progression Standards

In addition to meeting the university progression standards, students must achieve a 2.000 GPA in business courses.

Freshmen must complete at least 32 semester hours (SH) in order to progress to sophomore status. Freshmen who earn fewer than 32 SH must make up the difference prior to graduation. Students beyond the freshman year must complete at least 16 SH each in-school (not on co-op) full semester and 8 SH each in-school summer half semester in order to progress to the next class standing.

Students who do not meet academic progression standards will be placed on academic probation and may be subject to dismissal from the university.

Pass/Fail Option

D'Amore-McKim School of Business students may opt to take courses on a pass/fail basis in accordance with university policy but should be aware that this policy applies to nonbusiness courses that will count as open electives only. Business courses may not be taken pass/fail under any circumstance.

Taking Courses While on Co-op

It is D'Amore-McKim School of Business policy that, with permission of their academic advisor, co-op coordinator, and employer, students may take a maximum of one class while on co-op during the fall, spring, or summer term.

External Transfer to the D'Amore-McKim School of Business

External transfer students are accepted from other academic institutions during the fall and spring terms. Applications and accompanying materials are submitted directly to the Admissions Office.

The D'Amore-McKim School of Business at Northeastern University is accredited by the Association for the Advancement of Collegiate Schools of Business (AACSB) and as such complies with the following regulations governing the transferring of credit:

COURSES FROM AN AACSB-ACCREDITED INSTITUTION

Students may transfer a maximum of 80 SH of credit. A combination of 60 SH of nonbusiness courses and/or 28 SH of business courses will be accepted; 64 SH may be applied as credits toward the minimum 128 SH required for degree conferral.

COURSES FROM A NON-AACSB-ACCREDITED INSTITUTION

Students may transfer a maximum of 60 SH of credit. A combination of 52 SH of nonbusiness courses and/or 20 SH of business courses will be accepted.

Some courses are not eligible for transfer. Check with the Office of Undergraduate Admissions for more details.

Graduation Requirements

The school reserves the right to amend programs, courses, and degree requirements to fulfill its educational responsibility to respond to relevant changes in the field.

Bachelor of Science degree candidates must complete all prescribed work of the curriculum in which they seek to qualify, currently 128 SH. The degree not only represents the formal completion of selected courses but also indicates professional study in the major or concentration. A GPA of 2.000 and a C average in all business courses are required for graduation.

Bachelor of Science in Business Administration, BSBA

The Bachelor of Science in Business Administration program integrates the theory and practice of management through active learning, problem-driven research, corporate partnerships, and experiential assignments. As part of the degree program, all students are expected to participate in the co-op program, where they participate in paid work placements related to their field of study. The BS degree can be accomplished using the four-year co-op plan or with the five-year co-op plan.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Differences and Diversity (DD), Creative Expression and Innovation (EI), and Natural and Designed World (ND) are not explicitly satisfied by required courses in the business curriculum at this time. Students are responsible for satisfying these requirements, and if these are not fulfilled in required major courses, they should use general electives to do so.

¹ Business core courses as indicated in the sample study plan include Managerial Accounting (ACCT 2301), Financial Management (FINA 2201), Introduction to Marketing (MKTG 2201), Management Information Systems (MISM 2301), and Supply Chain and Operations Management (SCHM 2301).

² Students are strongly encouraged to complete Innovation! (ENTR 2301) to fulfill their NUpaht EI requirement.

³ One concentration course will fulfill WI.

⁴ Electives may be used to complete a secondary business concentration. In addition, some electives shown will be fulfilled by completing NUpaht courses not explicitly completed by following major curriculum.

Bachelor of Science in International Business, BSIB

Students who choose the BSIB program have an opportunity to learn how a globalized economy impacts their business study area and acquire skills and knowledge needed to work across national cultures and differing business practices, both virtually and face-to-face. Students choose a business concentration—finance, marketing, accounting, entrepreneurship, supply chain management, management information systems, healthcare management, and marketing analytics, among others. BSIB students also can minor in other Northeastern University colleges, such as international affairs, economics, global fashion design, and data science, among others. Upon graduation, BSIB students are

ready to work for a home-country company that operates internationally. They also are prepared to work overseas on an international assignment.

By graduation, BSIB students will have studied in one or more foreign countries and will have gained work experience at home and abroad through two or more cooperative education work assignments (co-op).

This program offers students the opportunity to graduate in five years with a BSIB degree and a Master of Science in International Management (MIM), Finance (MSF), or Accounting (MSA) by taking advantage of the BSIB PlusOne program. The PlusOne program involves earning graduate credits toward the undergraduate degree in the senior year and supplementing these with one semester of graduate courses.

The BSIB can be completed in four or five years, depending on the program of study students design.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpaht Requirements

All undergraduate students are required to complete the NUpaht Requirements (p. 42).

NUpaht requirements Differences and Diversity (DD), Natural and Designed World (ND), and Formal and Quantitative Reasoning (FQ) are not explicitly satisfied by required courses in the business curriculum at this time. Students are responsible for satisfying these requirements, and if these are not fulfilled in required major courses, they should use general electives to do so.

Business Administration Combined Majors

- Business Administration and Communication Studies, BS (p. 125)
- Business Administration and Design, BS (p. 87)
- Business Administration and Psychology, BS (p. 248)
- Computer Science and Business Administration, BS (p. 251)

- Cybersecurity and Business Administration, BS (p. 255)
- Data Science and Business Administration, BS (p. 259)
- Economics and Business Administration, BS (p. 262)
- Health Science and Business Administration, BS (p. 265)
- Mathematics and Business Administration, BS (p. 268)
- Political Science and Business Administration, BS (p. 271)

Business Administration and Communication Studies, BS

The combined major between business administration and communication studies provides students with a robust overview of business and communication studies. This combined major seeks to prepare students for career opportunities in growing industry markets such as public relations, marketing communications, and digital media.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Business Administration and Psychology, BS

This combined major educates students in business and psychology and the interface between the two disciplines. The scope and sequence of psychology courses provide students with a foundation in the interdisciplinary science of psychology, including statistics and research, social psychology, developmental psychology, cognition, and personality. Business courses provide a foundation in accounting, innovation, marketing, management, and organizational behavior, with the opportunity to concentrate in a specific area of business. Students completing this program should be able to understand the relationships between these fields that pertain to explaining and addressing human behavior and business practices.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Business Requirements

Code	Title	Hours
Required Courses		
ACCT 1201	Financial Accounting and Reporting	4
ACCT 2301	Managerial Accounting	4
ENTR 2301	Innovation!	4
FINA 2201	Financial Management	4
INTB 1203	International Business and Global Social Responsibility	4
MISM 2301 or SCHM 2301	Management Information Systems Supply Chain and Operations Management	4
MKTG 2201	Introduction to Marketing	4
ORGB 3201	Organizational Behavior	4
STRT 4501	Strategy in Action	4
Supporting Courses for Business		
ECON 1115 or ECON 1116	Principles of Macroeconomics Principles of Microeconomics	4
MATH 1231	Calculus for Business and Economics	4

Business Concentration

Complete one of the following concentrations. Requirements for the concentrations are listed below (p. 249).

- Accounting (p. 249)
- Entrepreneurship and New Venture Management (p.)
- Healthcare Management and Consulting (p. 277)
- International Business (p. 278) (available only as a second concentration)
- Finance (p. 250)
- Management (p. 250)
- Management Information Systems (p. 250)
- Marketing (p. 250)
- Marketing Analytics (p. 280)
- Supply Chain Management (p. 251)

Psychology Requirements

Code	Title	Hours
Required Courses		
PSYC 1101	Foundations of Psychology	4
PSYC 2320 or MGSC 2301	Statistics in Psychological Research Business Statistics	4
PSYC 3402	Social Psychology	4
PSYC 3466	Cognition	4
PSYC 3400	Personality	4
PSYC 3404	Developmental Psychology	4
Required Seminar		
Complete one of the following: 4		
PSYC 4654	Seminar in Behavioral Modification	
PSYC 4656	Seminar in Biological Psychology	
PSYC 4658	Seminar in Psycholinguistics	
PSYC 4660	Seminar in Cognition	
PSYC 4662	Seminar in Personality	
PSYC 4664	Seminar in Social Psychology	
PSYC 4666	Seminar in Clinical Psychology	
PSYC 4668	Seminar in Sensation and Perception	

PSYC 4674	Seminar in Cognitive Neuroscience
PSYC 4676	Seminar in Developmental Psychology
PSYC 4678	Seminar in Social and Affective Neuroscience

Required Lab

Complete one of the following: 4

PSYC 4600	Laboratory in Research Design
PSYC 4606	Laboratory in Biological Psychology
PSYC 4610	Laboratory in Psycholinguistics
PSYC 4612	Laboratory in Cognition
PSYC 4614	Laboratory in Social Psychology
PSYC 4616	Laboratory in Personality
PSYC 4622	Laboratory in Sensation and Perception
PSYC 4624	Laboratory in Affective Science
PSYC 4626	Laboratory in Life-Span Emotional Development
PSYC 4628	Laboratory in Developmental Psychology

Psychology Electives

Complete two PSYC courses not used to fulfill the requirements above: 8

PSYC 1001 to PSYC 5999

Supporting Courses

Code	Title	Hours
------	-------	-------

Introduction to College

BUSN 1102	Personal Skill Development for Business	1
or PSYC 1000	Psychology at Northeastern	

Co-op Preparation

Complete one of the following: 1

BUSN 1103	Professional Development for Business Co-op
or EESC 2000	Professional Development for Co-op

Integrative Course

Code	Title	Hours
------	-------	-------

ORGB 3201	Organizational Behavior	4
-----------	-------------------------	---

Business GPA Requirement

A minimum 2.000 GPA in business courses is required.

Psychology GPA Requirement

A minimum 2.000 GPA in psychology courses is required.

Business Cooperative Education Requirement

Complete one six-month co-op experience.

Program Requirement

128 total semester hours required

Business Concentration

CONCENTRATION IN ACCOUNTING

Code	Title	Hours
------	-------	-------

Required Courses

ACCT 3401	Financial Reporting and Analysis 1	4
-----------	------------------------------------	---

ACCT 4501	Financial Reporting and Analysis 2	4
-----------	------------------------------------	---

Electives

Complete two of the following: 8

ACCT 3403	Advisory Services and Emerging Accounting Systems
ACCT 3416	Strategic Cost Analysis for Decision Making
ACCT 4412	Auditing and Other Assurance Services
ACCT 4414	Income Tax Determination and Planning

CONCENTRATION IN ENTREPRENEURSHIP AND INNOVATION

Code	Title	Hours
------	-------	-------

Note: The following courses do not count toward this concentration:

ENTR 1201	The Entrepreneurial Universe
ENTR 3308	Business Economic History of South Africa

CONCENTRATION IN MANAGEMENT INFORMATION SYSTEMS

Code	Title	Hours
Required Courses		
MISM 3403	Data Management in the Enterprise	4
MISM 4501	Business Systems Integration	4

Electives

Note: Only one non-MISM course may be used as an elective.

Complete two of the following:		8
MISM 2510	Fundamentals of Information Analytics	
MISM 3305	Information Resource Management	
MISM 3404	Data Communications	
MISM 3406		
MISM 3501	Information Visualization for Business	
MISM 3515	Data Mining for Business	
MKTG 4508	Digital Marketing	
SCHM 3301	Global Supply Chain Strategy	
SCHM 3305	Sourcing and Procurement	
SCHM 3308	Supply Chain Analytics	

CONCENTRATION IN MARKETING

Code	Title	Hours
Required Courses		
MKTG 3401	Marketing Research	4
MKTG 3301 or MKTG 4506	Marketing Management Consumer Behavior	4

Electives

Complete two of the following:		8
MKTG 2301	Marketing and Society	
MKTG 3301	Marketing Management (if not selected as a required course)	
MKTG 3501	Marketing Analytics	
MKTG 4220	Marketing in Asia	
MKTG 4420	Sales Management	
MKTG 4502	Marketing in the Service Sector	
MKTG 4504	Advertising and Brand Promotion	

MKTG 4506	Consumer Behavior (if not selected as a required course)
MKTG 4508	Digital Marketing
MKTG 4510	New Product Development
MKTG 4512	International Marketing

CONCENTRATION IN SUPPLY CHAIN MANAGEMENT

Code	Title	Hours
Required Courses		
SCHM 3301	Global Supply Chain Strategy	4
SCHM 3305	Sourcing and Procurement	4
SCHM 3310	Logistics and Transportation Management	4
Elective		
Complete one of the following:		4
SCHM 3308	Supply Chain Analytics	
SCHM 3320	Demand Planning and Forecasting	
SCHM 4401	Advanced Problems in Supply Chain Management	

Computer Science and Business Administration, BS

The computer science and business combined major delivers a technical degree with a strong grounding in business. Students will complete most of the requirements of a business major, including macroeconomics and microeconomics, while also focusing on technical skills like program design, software development, computer organization, systems and networks, theories of computation, principles of languages, and advanced algorithms and data.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1
Computer Science Fundamental Courses		
A grade of C– or higher is required in all computer science fundamental courses except CS 1802:		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5

CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
---------------------	--	---

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	4
Complete two of the following:		8
CS 3650	Computer Systems	
CS 3700	Networks and Distributed Systems	
DS 3000	Foundations of Data Science	
DS 4200	Information Presentation and Visualization	
DS 4300	Large-Scale Information Storage and Retrieval	

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete four credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:	4
---	---

CS 2500 or higher, except CS 5010

CY 2000 or higher, except CY 4930

DS 2000 or higher, except DS 4900

IS 2000 or higher, except IS 4900

Business Courses

MKTG 2201	Introduction to Marketing	4
MGSC 2301	<i>Business Statistics</i>	4
STRT 4501	Strategy in Action	4

Business Concentration

Complete a four-course business concentration from the following list. Requirements for the concentrations are listed below (p. 252).

- Accounting (p. 252)
- Entrepreneurship and Innovation (p. 252)
- Finance (p. 253)
- Healthcare Management and Consulting (p. 277)
- International Business (p. 278) (available only as a second concentration)
- Management (p. 253)
- Marketing (p. 253)
- Marketing Analytics (p. 280)
- Supply Chain Management (p. 254)

Integrative Course

Code	Title	Hours
Information Resource Management		
MISM 2301	Management Information Systems	4

Supporting Courses

Code	Title	Hours
Mathematics		
MATH 1341	Calculus 1 for Science and Engineering	4
or MATH 1231	Calculus for Business and Economics	
Economics		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
Computing and Social Issues		
Complete one of the following:		4
ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
ENGL 2150	Literature and Digital Diversity	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 3485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

Computer Science Writing Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
Advanced Writing in the Disciplines		
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 16 credits of general electives.		16

Business Cooperative Education Requirement

Complete one six-month co-op experience.

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

Business GPA Requirement

Minimum 2.000 GPA required in business courses

NUPath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Understanding Societies and Institutions
- Writing in the First Year
- Advanced Writing in the Disciplines

- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

Cybersecurity and Business Administration, BS

The cybersecurity and business combined major delivers a technical and security-focused degree with a strong grounding in business. Students will complete most of the requirements of a business major, including macroeconomics and microeconomics, while also focusing on the conceptual and practical computer science skills that will enable them to contribute to ensuring the reliability and security of cyberspace.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Cybersecurity Major Requirements

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3500	Object-Oriented Design	4
CS 3650	Computer Systems	4
CS 3700	Networks and Distributed Systems	4

Cybersecurity Required Courses

CY 2550	Foundations of Cybersecurity	4
CY 3740	Systems Security	4

CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	4
or CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
CY 4740	Network Security	4
Cybersecurity Electives		
If courses require prerequisites, those should be taken using general electives.		
Complete one course from the following:		3-4
CS 2800	Logic and Computation	
CS 4240	Large-Scale Parallel Data Processing	
CS 4400	Programming Languages	
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	
CS 4710	Mobile and Wireless Systems	
CS 6710	Wireless Network	
DS 4300	Large-Scale Information Storage and Retrieval	
DS 4400	Machine Learning and Data Mining 1	
CY 5200	Security Risk Management and Assessment	
CY 5210	Information System Forensics	
CY 5770	Software Vulnerabilities and Security	
IS 4300	Human Computer Interaction	
EECE 2160	Embedded Design: Enabling Robotics	
EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322	
EECE 3324	Computer Architecture and Organization	
EECE 4534 and EECE 4535	Microprocessor-Based Design and Lab for EECE 4534	
MATH 3527	Number Theory 1	
MATH 4575	Introduction to Cryptography	
COMM 2551	Free Speech in Cyberspace	
CRIM 2200	Criminology	
CRIM 3030	Global Criminology	
CRIM 3400	Corporate Security: Securing the Private Sector	
CRIM 4040	Crime Prevention	
LPSC 1101	Introduction to Law	
LPSC 2301	Introduction to Law, Policy, and Society	
LPSC 3303	Topics in Law and Public Policy	
PHIL 1145	Technology and Human Values	
POLS 2390	Science, Technology, and Public Policy	
POLS 3307	Public Policy and Administration	
POLS 3324	Law and Society	
POLS 3406	International Law	
POLS 3408	International Security	
POLS 3420	U.S. National Security Policy	
POLS 3423	Terrorism and Counterterrorism	
Presentation Requirement		
THTR 1170	The Eloquent Presenter	1

Business Requirements

Code	Title	Hours
Accounting		
ACCT 1201	Financial Accounting and Reporting	4
ACCT 2301	Managerial Accounting	4
Finance		
FINA 2201	Financial Management	4
Organizational Behavior		
ORGB 3201	Organizational Behavior	4
Marketing		
MKTG 2201	Introduction to Marketing	4
Statistics		
MGSC 2301	Business Statistics	4
Strategy		
STRT 4501	Strategy in Action	4

Business Concentration

Complete a four-course business concentration from the following list. Requirements for the concentrations are listed below. (p. 257)

- Accounting (p. 257)
- Entrepreneurship and Innovation (p. 257)
- Finance (p. 257)
- Healthcare Management and Consulting (p. 277)
- International Business (p. 278) (available only as a second concentration)
- Management (p. 258)
- Marketing (p. 258)
- Marketing Analytics (p. 280)
- Supply Chain Management (p. 258)

Business Cooperative Education Requirement

Complete one six-month co-op experience.

Integrative Requirement

Code	Title	Hours
MISM 2301	Management Information Systems	4

Supporting Courses

Code	Title	Hours
Mathematics Courses		
Complete one of the following:		4
MATH 1341	Calculus 1 for Science and Engineering	
MATH 1231	Calculus for Business and Economics	
Economics		
Complete one of the following:		4
ECON 1115	Principles of Macroeconomics	
ECON 1116	Principles of Microeconomics	

Writing Requirements

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	

Advanced Writing in the Disciplines

Complete one of the following:

ENGW 3302	Advanced Writing in the Technical Professions
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines

Required General Electives

Code	Title	Hours
Complete 16 credits of general electives.		16

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses.

Business GPA Requirement

Minimum 2.000 GPA required in all business courses.

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Understanding Societies and Institutions
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

133 semester hours required

Business Concentrations

CONCENTRATION IN ACCOUNTING

Code	Title	Hours
Required Courses		
ACCT 3401	Financial Reporting and Analysis 1	4
ACCT 4501	Financial Reporting and Analysis 2	4
Electives		
Complete two of the following:		8
ACCT 3403	Advisory Services and Emerging Accounting Systems	
ACCT 3416	Strategic Cost Analysis for Decision Making	
ACCT 4412	Auditing and Other Assurance Services	
ACCT 4414	Income Tax Determination and Planning	

CONCENTRATION IN ENTREPRENEURSHIP AND INNOVATION

Code	Title	Hours
Note: The following courses do not count toward this concentration:		
ENTR 1201	The Entrepreneurial Universe	
ENTR 3308	Business Economic History of South Africa	
ENTR 3318		
ENTR 3328		

ENTR 3338	Field Research in Sustainable Energy in Iceland	
ENTR 3346		
ENTR 4510	Management Consulting Abroad	
ENTR 4514	Development Practice and Global Citizenship in India	
Introductory Course		
ENTR 2301	Innovation!	4
or ENTR 2303	Entrepreneurial Marketing and Selling	
Capstone Course		
Complete one of the following:		4
ENTR 4501	Business Planning for Technology Ventures	
ENTR 4503	Business Planning for Small and Medium Enterprises	
ENTR 4505	Entrepreneurial Growth Strategy for Technology Ventures	
ENTR 4506	Advanced Studies in Social Enterprise	
Electives		
Note: Only one non-ENTR course may be used as an elective.		
Complete two of the following:		8
ENTR 2206	Global Social Enterprise	
ENTR 2215	Understanding Family Enterprise	
ENTR 2414	Social Responsibility of Business in an Age of Inequality	
ENTR 2301	Innovation! (if not used as introductory course)	
ENTR 2303	Entrepreneurial Marketing and Selling (if not used for introductory course)	
ENTR 3212	Innovation for Social Change	
ENTR 3217	Global Family Business Leadership	
ENTR 3220	International Entrepreneurship and Innovation Consulting	
ENTR 3305	Entrepreneurial Strategy and Business Model Design	
ENTR 3306	Global Entrepreneurship	
ENTR 3330	Lean Design and Development for Entrepreneurs	
ENTR 3401	Management of Operations and Growth in Small- and Medium-Sized Enterprises	
ENTR 3403	Managing Operations in a Technology-Based Startup Firm	
ENTR 3520	Impact Investing and Social Finance	
ENTR 4225	Growth, Acquisitions, and Alliances	
ENTR 4512	Social Entrepreneurship and Sustainable Development in India	
FINA 4610	Entrepreneurial Finance, Innovation Valuation, and Private Equity	
MGMT 3302	Negotiating in Business	

CONCENTRATION IN FINANCE

Code	Title	Hours
Required Course		
FINA 3301	Corporate Finance	4
or FINA 3303	Investments	
Electives		

Complete three of the following:		12
ENTR 3520	Impact Investing and Social Finance	
or FINA 2720	Sustainability in the Business Environment	
FINA 3301	Corporate Finance (if not selected as a required course)	
FINA 3303	Investments (if not selected as a required course)	
FINA 4219	Portfolio Management	
FINA 4220	Behavioral Finance	
FINA 4310	Working Capital Management	
FINA 4312	Issues in Corporate Governance	
FINA 4320	International Financial Management	
FINA 4370	Financial Modeling	
FINA 4380	Financial Data Analytics with Python	
FINA 4410	Valuation and Value Creation	
FINA 4412	Personal Financial Planning	
FINA 4420	Mergers and Acquisitions	
FINA 4512	Financial Risk Management	
FINA 4514	Investment Banking	
FINA 4516	Real Estate Finance	
FINA 4524	Credit Analysis	
FINA 4526	Core Topics in Alternative Investments	
FINA 4983	Special Topics in Finance	
FINA 4602	Turnaround Management	
FINA 4604	Fixed-Income Securities	
FINA 4608	Advanced Financial Strategy	
FINA 4610	Entrepreneurial Finance, Innovation Valuation, and Private Equity	

CONCENTRATION IN MANAGEMENT

Code	Title	Hours
Required Course		
MGMT 4550	Management Consulting in Organizations	4

Electives

Note: Only one non-MGMT course may be used as an elective.

Complete three of the following:		12
MGMT 3302	Negotiating in Business	
MGMT 3315	Managing Organizational Change and Disruption	
MGMT 3340	Healthcare Management, Innovation, and Design	
MGMT 3350	Managing a Diverse Workforce	
MGMT 3360	Law and the Legal Process	
MGMT 3420	Managing Human Capital	
MGMT 3530	Project Management	
MGMT 4310	The Management Practices of Great Organizations	
MGMT 4410	Workforce Analytics	
ENTR 2215	Understanding Family Enterprise	
ENTR 2414	Social Responsibility of Business in an Age of Inequality	
ENTR 4225	Growth, Acquisitions, and Alliances	

CONCENTRATION IN MARKETING

Code	Title	Hours
Required Courses		
MKTG 3401	Marketing Research	4
MKTG 3301	Marketing Management	4
or MKTG 4506	Consumer Behavior	
Electives		
Complete two of the following:		8
MKTG 2301	Marketing and Society	
MKTG 3301	Marketing Management (if not selected as a required course)	
MKTG 3501	Marketing Analytics	
MKTG 4220	Marketing in Asia	
MKTG 4420	Sales Management	
MKTG 4502	Marketing in the Service Sector	
MKTG 4504	Advertising and Brand Promotion	
MKTG 4506	Consumer Behavior (if not selected as a required course)	
MKTG 4508	Digital Marketing	
MKTG 4510	New Product Development	
MKTG 4512	International Marketing	

CONCENTRATION IN SUPPLY CHAIN MANAGEMENT

Code	Title	Hours
Required Courses		
SCHM 3301	Global Supply Chain Strategy	4
SCHM 3305	Sourcing and Procurement	4
SCHM 3310	Logistics and Transportation Management	4
Elective		
Complete one of the following:		4
SCHM 3308	Supply Chain Analytics	
SCHM 3320	Demand Planning and Forecasting	
SCHM 4401	Advanced Problems in Supply Chain Management	

Plan of Study

Data Science and Business Administration, BS

The data science and business combined major integrates a technical degree with the theory and practice of management through active learning, problem-driven research, corporate partnerships, and experiential assignments. Students study the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data from small to large volumes. This program reflects the impact of data in modern business practice.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
------	-------	-------

Computer Science Overview

CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4

Data Science Foundations

DS 3000	Foundations of Data Science	4
DS 4200	Information Presentation and Visualization	4
DS 4300	Large-Scale Information Storage and Retrieval	4
DS 4400	Machine Learning and Data Mining 1	4
DS 4900	Data Science Senior Project	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete four credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010

CY 2000 or higher, except CY 4930

DS 2000 or higher, except DS 4900

IS 2000 or higher, except IS 4900

Business Courses

Code	Title	Hours
------	-------	-------

Required Business Courses

ACCT 1201	Financial Accounting and Reporting	4
ACCT 2301	Managerial Accounting	4
FINA 2201	Financial Management	4
INTB 1203	International Business and Global Social Responsibility	4
ORGB 3201	Organizational Behavior	4
MKTG 2201	Introduction to Marketing	4
MGSC 2301	<i>Business Statistics</i>	4

Complete one of the following: 4

SCHM 2301 Supply Chain and Operations Management

MISM 2301 Management Information Systems

ENTR 2301 Innovation!

Business Concentration

Complete a four-course business concentration from the following list. Requirements for the concentrations are listed below (p.).

- Accounting (p.)
- Entrepreneurship and Innovation (p.)
- Finance (p.)
- Management (p.)
- Marketing (p.)
- Supply Chain Management (p.)

Integrative Course

Code	Title	Hours
BUSN 5001	Data-Driven and Technology-Enabled Value Creation in Digital Economy	4

Supporting Courses

Code	Title	Hours
------	-------	-------

Mathematics

MATH 1341	Calculus 1 for Science and Engineering	4
or MATH 1231	Calculus for Business and Economics	

Economics

ECON 1115	Principles of Macroeconomics	4
or ECON 1116	Principles of Microeconomics	

Computer Science Writing Requirement

Code	Title	Hours
------	-------	-------

College Writing

ENGW 1111	First-Year Writing	4
-----------	--------------------	---

Advanced Writing in the Disciplines

ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
	Complete 16 credits of general electives.	16

Business Cooperative Education Requirement

Complete one six-month co-op experience.

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

Business GPA Requirement

Minimum 2.000 GPA required in business courses

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Ethical Reasoning
- Interpreting Culture
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Understanding Societies and Institutions
- Writing in the First Year
- Advanced Writing in the Disciplines

- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

Economics and Business Administration, BS

The combined major with business administration is our most popular combined major, combining the underlying economic theories and models and their business applications. After satisfying the core courses in economics, there are over 40 electives from which to choose to complete this combined major.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Economics Requirements

Code	Title	Hours
Introduction to College		
ECON 1000	Economics at Northeastern	1
or BUSN 1102	Personal Skill Development for Business	

Required Economics Courses

A minimum grade of C (2.000) must be earned in each of the following required classes.

ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics	4
or MGSC 2301	Business Statistics	
ECON 2560	Applied Econometrics	4

Economics Electives

Complete four courses from the following lists with no more than one at the introductory level: 16

Introductory

ECON 1200 to ECON 1990

Intermediate/Advanced

ECON 2990 to ECON 3499

ECON 3520 History of Economic Thought

ECON 3915 Intermediate Selected Topics in Macroeconomics

ECON 3916 Intermediate Selected Topics in Microeconomics

ECON 3990 Elective

ECON 4600 to ECON 4681

ECON 4915 to ECON 4916

ECON 4965 Undergraduate Teaching Experience 1

ECON 4970 to ECON 4990

ECON 4992 Directed Study

Business Requirements

Code	Title	Hours
Accounting		
ACCT 1201	Financial Accounting and Reporting	4
ACCT 2301	Managerial Accounting	4
Finance		
FINA 2201	Financial Management	4
Marketing		
MKTG 2201	Introduction to Marketing	4
Organizational Behavior		
ORGB 3201	Organizational Behavior	4
International Business/Social Responsibility		
INTB 1203	International Business and Global Social Responsibility	4

Business Concentration

Complete one of the following business concentrations. Requirements for the concentrations are listed below (p.).

- Accounting (p. 263)
- Entrepreneurship and Innovation (p. 263)
- Finance (p. 263)
- Healthcare Management and Consulting (p. 277)
- International Business (p. 278) (available only as a second concentration)
- Management (p. 264)
- Management Information Systems (p. 264)
- Marketing (p. 264)
- Marketing Analytics (p. 280)
- Supply Chain Management (p. 264)

Business Cooperative Education Requirement

Complete one six-month co-op experience.

Supporting Courses

Code	Title	Hours
Mathematics		
MATH 1231	Calculus for Business and Economics	4
or MATH 1341	Calculus 1 for Science and Engineering	
Computer Science		
Complete one of the following: 4		
CS 1100	Computer Science and Its Applications	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	
Co-op Preparation		
BUSN 1103	Professional Development for Business Co-op	1
or EESH 2000	Professional Development for Co-op	
Capstone Requirement		

ECON 4692	Senior Economics Seminar	4
STRT 4501	Strategy in Action	4

Economics GPA Requirement

Minimum 2.000 GPA required in all economics courses

Business GPA Requirement

Minimum 2.000 GPA required in business courses

Program Requirement

128 total semester hours required

Health Science and Business Administration, BS

The combined major in Health Science and Business Administration provides students at Northeastern with an opportunity to study a curriculum that is synergetic with the growing field of health care. This academic combination will provide students with the knowledge and expertise needed to enter a multitude of careers upon graduation. The degree will allow students the unique opportunity to better understand the business side of the health care industry in Massachusetts, which is home to some of the best hospitals and medical research companies in the country. The field is compatible with all the undergraduate concentrations in the School of Business and prepares students to enter the workforce after graduation.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Health Science Requirements

Code	Title	Hours

Mathematics and Business Administration, BS

A combined major combines two majors in a way that allows a student to fulfill all requirements within the standard 128 credits. For details, see program requirements.

Current students can also find details about combined majors and minors by going to their audit, clicking on “explore options,” and finding the appropriate program. Students will be able to see a list of required courses and will be able to track their progress toward fulfilling them.

In the BS combined mathematics and business administration degree program, business and mathematics courses lay the groundwork for strong basic training in finance.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond

specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Mathematics Requirements

Code	Title	Hours
Required Courses		
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 1365	Introduction to Mathematical Reasoning	4
MATH 3081	Probability and Statistics	4
Calculus and Linear Algebra (Required) and Differential Equations (Recommended)		
Complete either Option 1 or Option 2 below:		8
<i>Option 1 (Recommended)</i>		
MATH 2321	Calculus 3 for Science and Engineering	
MATH 2341	Differential Equations and Linear Algebra for Engineering	
<i>Option 2</i>		
MATH 2321 or MATH 2323	Calculus 3 for Science and Engineering Calculus 3 for Business, Economics, and Mathematics	
MATH 2331	Linear Algebra	
Co-op Reflections		
MATH 3000	Co-op and Experiential Learning Reflection Seminar 1	1
Mathematics Electives		
Complete three courses in the range MATH 3001 to MATH 5999. The following courses are recommended:		12
MATH 4681	Probability and Risks	
MATH 4682	Theory of Interest and Basics of Life Insurance	
MATH 4581	Statistics and Stochastic Processes

MKTG 4512	International Marketing

CONCENTRATION IN SUPPLY CHAIN MANAGEMENT

Code	Title	Hours
Required Courses		
SCHM 3301	Global Supply Chain Strategy	4
SCHM 3305	Sourcing and Procurement	4
SCHM 3310	Logistics and Transportation Management	4
Elective		
Complete one of the following:		4
SCHM 3308	Supply Chain Analytics	
SCHM 3320	Demand Planning and Forecasting	
SCHM 4401	Advanced Problems in Supply Chain Management	

Political Science and Business Administration, BS

The combined major in political science and business administration offers students the opportunity to integrate the study of politics and government with an analysis of business practices and organizations. Students complete core courses in political science along with core courses in business administration that cover accounting, finance, marketing, and organizational behavior. This combined major highlights the important intersection between business practices and the evolution of politics and government.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Political Science Requirements

Code	Title	Hours
Introduction to College		
POLS 1000	Political Science at Northeastern	1
or BUSN 1102	Personal Skill Development for Business

Ganesh Krishnamoorthy, Professor and Group Chair,
g.krishnamoorthy@northeastern.edu

A concentration in accounting aims to prepare the graduate for entry into public accounting or private industry in a highly valued career. Accounting is a dynamic profession that requires people to possess sound technical knowledge, critical thinking skills, superior interpersonal skills, and the ability to communicate effectively. Accountants hold senior management positions in private companies in business or industry, public accounting firms, and government agencies.

To prepare for an accounting career, students take courses in financial reporting, managerial accounting, and intermediate accounting, with additional elective courses available for more specialized studies in strategic cost analysis, auditing and other assurance services, income tax planning, and accounting information systems. Students wishing to sit for the CPA exam may combine the BSBA with a concentration in accounting with the Master of Science in Accounting (five-year BSBA/MSA program).

Concentration Requirements

CONCENTRATION IN ACCOUNTING

Code	Title	Hours
Required Courses		
ACCT 3401	Financial Reporting and Analysis 1	4
ACCT 4501	Financial Reporting and Analysis 2	4

Tucker Marion, The Sam and Nancy Altschuler Faculty Fellow; Bornstein Endowed Faculty Fellow
Professor of Technological Entrepreneurship; Entrepreneurship and Innovation Group Chair, Academic Programs, t.marion@northeastern.edu

Fernando F. Suarez, Jean C. Tempel Professor, Entrepreneurship and Innovation; Entrepreneurship and Innovation Group Chair, Research and Tenure-Track Faculty, f.suarez@northeastern.edu

The Entrepreneurship and Innovation Group offers a dynamic set of courses for students considering career paths as either entrepreneurs or corporate innovators. It is also a wonderful complement to finance, marketing, and other disciplines interested in learning and applying entrepreneurial thinking to business problems. We offer three specific tracks within the concentration—technological entrepreneurship, family business, and social enterprise—in which there is a required capstone that varies by these three tracks, plus any other three ENTR courses from a broad menu. In addition, the Entrepreneurship and Innovation Group provides a five-course interdisciplinary entrepreneurship minor for non-D'Amore-McKim students in which college-specific courses in innovation and design can be combined with D'Amore-McKim School of Business entrepreneurship courses. We also offer a concentrated course of study with an off-campus program in San Francisco. This program leverages the strength of our campus network and builds on the university's existing brand in entrepreneurship so students have an opportunity to build their own network of future entrepreneurs within San Francisco and Silicon Valley. In all these programs, the professors have been entrepreneurs and innovators throughout their careers. This makes the courses both cutting edge and “real-world.”

There are also specialized field studies in our international new ventures and Dialogues of Civilization programs, conducted in Summer 1 and Summer 2. Locales include Seattle, Washington; South Africa; India; Italy; South Korea; and Israel.

Even if you don't wish to start your own company, entrepreneurial thinking is an attribute greatly valued by employers across industry and around the world.

Olubunmi Faleye, Professor and Group Chair, o.faleye@northeastern.edu

The role of people trained in finance is expanding rapidly within the business world. Changes on the financial scene—rising securities prices, fluctuating inflation, currency values and interest rates, and globalization of markets—have created an awareness that financial knowledge is essential to the effective management of business firms and many other types of organizations.

Finance is the management of real and monetary assets for businesses, financial institutions, nonprofit organizations, governments, and individuals. Finance courses draw on accounting principles, economic theory, and quantitative methods. These courses develop methods to direct the way capital is acquired and managed. Students are exposed to economic and financial systems and how they operate. They also are given an opportunity to analyze economic trends and indicators and to apply this analysis to financial decision making.

Students may specialize in one or more of the following areas: corporate finance, investment management and analysis, risk management, and real estate. The program is designed to prepare students for careers in corporate financial management, security analysis, investment management, security or insurance brokerage, credit management, and risk management with corporations, banks, insurance companies, and other financial institutions.

Healthcare Management and Consulting

Healthcare is an exciting and important industry, growing faster than any other, and its importance to society cannot be underestimated given its focus on helping people live longer and lead happier, higher-quality lives. Working in healthcare requires knowledge and skills in several cutting-edge areas such as service delivery innovation, process and quality improvement, talent management, analytics, and supply chain management. The concentration in healthcare management and consulting offers students an opportunity to understand how this major sector of the U.S. economy works; to apply training in other areas like finance and marketing to managing healthcare problems and opportunities; to obtain a viable educational and career outlet for realizing their interests in advancing the social good; and to prepare for working, managing, and consulting in the healthcare industry. The concentration in healthcare management and consulting is an interdisciplinary concentration that provides exposure to several different areas of business important for working in healthcare.

Concentration Requirements

CONCENTRATION IN HEALTHCARE MANAGEMENT AND CONSULTING

Note: Students may double count up to one course in another business concentration.

International Business

The concentration in international business is designed for students interested in developing their knowledge and skills related to doing business in the global economy. The development of a deeper understanding of international business will be crucial in the future. Subject matter covered in this concentration focuses on topics such as the cultural, economic, technological, and political aspects of varying national business environments and their impact on international business operations. Students are exposed to a variety of key international business concepts ranging from strategic planning in the global arena to managing behavior and interpersonal relations. Additional topics include international trade theory, national trade policies, foreign market analysis, managing technological issues, and international strategic management.

From a job placement perspective, few firms today operate or compete exclusively in domestic markets. Possessing a knowledge of how people, firms, and institutions interact across borders provides international business concentrators with a competitive edge. This concentration pairs well with other D'Amore-McKim concentrations such as finance, marketing, and supply chain, among others.

Concentration Requirements

CONCENTRATION IN INTERNATIONAL BUSINESS

Cynthia Lee, Professor and Group Chair, c.lee@northeastern.edu

Managing—whether it's people, projects, or programs—is challenging and requires a considerable range of knowledge and skills. Effective managers must know the business, be interpersonally competent, behave ethically, and diagnose and deal with human and organizational dynamics. The aim of the management concentration is to increase both managerial *knowledge* and management *skills*. This involves both studying *and* practicing topics such as motivation, leadership, negotiation, conflict resolution, project management, managing teams, organizational change, and their impact on business results.

Management concentrators participate in vibrant co-op experiences spanning a diverse range of business functions. These cover a wide number of possibilities such as business analytics, human resources, client and sales support, and project management. Many students who concentrate in management decide to get a second concentration, giving them the ability to work in teams and manage other people in whatever arena they find themselves.

 Chair, y.lee@northeastern.edu

In the global information age, success for individuals and for companies requires the ability to manage information effectively. To that end, the goal of the management information systems concentration is to teach future managers how to use information systems (IS) and information technology (IT) to help organizations and individuals perform more efficiently and effectively. This can lead the student in two career directions:

- To become a professional in the cross-functional business data, information management, data governance function of a company or in an IT or data-enabled strategic business consulting company
- To accelerate and enhance a career in another functional area such as finance, marketing, research and development/innovation, accounting, human resource, strategic management, or acquisition

Understanding how to get the right information in the right form and format to the right people at the right time is essential in today's business world, especially when companies and the individuals that do this well are achieving significant competitive advantage. Students have an opportunity to develop new, cutting-edge approaches that allow them to use the powerful resource of information to its greatest advantage. They also have the opportunity to develop technical and problem-solving skills that are in high demand by employers.

Managers in the IS function need to interact frequently with other managers throughout an organization. Therefore, students are encouraged to complete a dual concentration in management information systems and another area of business. Graduates of this program have a wide range of career paths that suit their particular interests. Professional options include business/systems analyst, database designer and administrator, webmaster, software help-desk expert, project specialist, consultant, network administrator, and IT specialist within other departments, such as financial services, accounting, marketing, or manufacturing.

Felicia Lassk, Associate Professor, Marketing; Marketing Group
 Chair, f.lassk@northeastern.edu

Aspiring marketers at D'Amore-McKim School of Business have an opportunity to learn how brands, customers, and organizations impact business performance and society by embracing an approach that is analytical, creative, and practice oriented. Students receive instruction from award-winning research and teaching faculty who share their knowledge to help empower the next generation of marketing leaders.

The concentration in marketing encourages students to examine marketing as a driver of business growth, while considering the ethical and sustainable practices that are necessary for business and societal benefit.

The building blocks of the marketing concentration require courses in marketing research and consumer behavior or marketing management. This leads to a tailored set of electives to suit different student goals and interests. Students choose from marketing and society, marketing analytics, sales management, marketing in the service sector, advertising and brand promotion, digital marketing, new product development, international marketing, and marketing in Asia to complete their concentration.

Successful graduates from the marketing discipline are equipped with the knowledge and skills to pursue a broad range of professional settings including, but not limited to, digital marketing manager, social media marketer, marketing analyst, data analyst, marketing consultant, UX designer, content strategist, consumer insights analyst, sales manager, and product and brand manager.

Other marketing-related options available to students include a minor in marketing analytics, combined degrees in business administration (marketing) and design; Bachelor of Science in Business Administration (marketing) and Communication Studies and Bachelor of Science in Business Administration (marketing) and Psychology, among others available.

Marketing Analytics

Marketing analytics comprises the data-driven methods, techniques, and technologies that enable marketers to evaluate the success of their marketing initiatives and campaigns. This concentration offers the opportunity to learn the cutting-edge skills necessary to harness, process, and analyze data to address modern marketing challenges. It combines data science, consumer analysis, marketing management, and predictive modeling into an integrated curriculum that is designed to prepare students for successful careers in marketing analytics and other data-driven business specializations.

Concentration Requirements

Chair, y.lee@northeastern.edu

From the *Fortune* 500 manufacturer to the small firm that produces, sells, or distributes products, all companies have a supply chain function that must be effectively managed if they are to be competitive. A supply chain manager is typically involved in making critical decisions about such matters as the modes of transportation used to move the company's materials and products, inventory policies, warehousing needs, customer service standards, and the location of facilities.

As companies become increasingly involved in global markets as both buyers and sellers, supply chain managers play a major role not only in assessing the feasibility of international activity but also in developing supply and distribution networks to support that involvement.

Because supply chain managers frequently interact with those involved in other areas of management, many supply chain management students have chosen to complete a second concentration in such areas as marketing, information management, or finance.

In addition to finding career opportunities with manufacturers, retailers, and distributors, supply chain management students may find similar opportunities with companies that sell supply chain services or transportation services in the marketplace. Consulting firms and government agencies at the federal, state, and local levels provide other career options.

Concentration Requirements

Business Analytics, Minor

The business analytics minor is open to undergraduate students with any major and concentration. The minor program offers contemporary data-grounded courses from a business perspective. The goal of these courses is to help students develop business data capability that can be applied to all business and decisions contexts. The minor courses include both fundamental courses and courses geared toward more specific data analytics challenges. Each of these courses will include real-world examples and data sets, grounded in relevant theory and principles, and will be reinforced using various user-friendly tools to gain the necessary skills and knowledge for tomorrow’s work environment.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses

where specified. Only one course in the minor may double count with one of the seven business concentrations.

GPA Requirement

2.000 GPA required in the minor

Consulting, Minor

This minor is designed to provide students with a solid foundation in the skills and concepts needed to succeed in a consulting-oriented environment, as well as an introduction to a variety of possible contexts for consulting work. Consulting skills are essential work skills for many roles beyond the traditional management consultant. Many technical positions within firms demand that consultative skills be used within the firm even in early career positions (e.g., business analyst); in this respect, a consulting minor complements students’ technical training. Required courses cover the fundamentals of both management and strategy consulting, as well as a framework of consulting activities that can be applied to many types of consulting and consultative roles. Electives provide students an opportunity to gain deeper knowledge in a specific consulting skill and to explore a context in which they could apply their consulting knowledge.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students may only double-count one course in the minor toward their major, concentration, or another minor.

Required Courses

Code	Title	Hours
MGMT 4550	Management Consulting in Organizations	4

Emerging Markets, Minor

Emerging markets, such as Brazil, China, India, and Turkey, account for 85 percent of the world's population, half its GDP, and more than two-thirds of world economic growth. Understanding how to leverage the consumer needs, talent, and innovation potential of these economies will be vital for the future success of all for-profit and not-for-profit organizations. The minor combines course work on the economic, political, and business challenges of operating in emerging markets with a hands-on, immersive

field study component. This interdisciplinary minor is open to business and nonbusiness students.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Entrepreneurship, Minor

This five-course (20 credit) Interdisciplinary minor guides students through the startup process. Students are exposed to innovation, marketing, and business modeling and given the opportunity to develop prototypes for their new ideas. They will then work in interdisciplinary teams to develop business plans. Support is provided to help students advance their ventures through IDEA, the venture incubator.

Depending on the participating college, one or two courses have been carefully selected as substitutes for D'Amore-McKim School of Business courses, allowing a student to apply the same course to both his or her own college degree and our entrepreneurship minor. We currently have partnerships with CAMD, COE, CCIS, Bouvé, and COS. This allows students to learn entrepreneurship from business school professors while at the same time innovate and prototype new products and systems within their area's faculty. This powerful combination leads to exciting new ventures.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: This minor is not available to students in the D'Amore-McKim School of Business.

Required Course

Code	Title	Hours

2.000 GPA required in the minor

Global Social Entrepreneurship, Minor

This five-course (20 credits) interdisciplinary minor in global social entrepreneurship (GSE) is administered by the D'Amore-McKim School of Business through its Entrepreneurship and Innovation Group (ENT) in collaboration with the College of Social Sciences and Humanities (CSSH).

The minor consists of three on-campus courses and one two-course Dialogue of Civilizations Program (Dialogue). The minor is open to business and nonbusiness students. Several of the courses included in this minor may also apply to other programs or individual course requirements. Because this minor is interdisciplinary, a student may apply only three courses from any one college toward completion of the

minor. For example, after a student completes Global Social Enterprise (ENTR 2206) (a D'Amore-McKim School of Business course) and a D'Amore-McKim School of Business Dialogue, then the remaining two courses must come from CSSH. If, alternatively, a student completes a qualified CSSH Dialogue, then he or she may thereafter take one or two elective courses from the D'Amore-McKim School of Business.

Finally, note that business students can pursue this minor or alternatively choose to pursue the ENT concentration with a track (concentration track) in social entrepreneurship, which requires three ENTR courses in social entrepreneurship and does not require a Dialogue. Students may also choose to pursue both the minor and the ENT concentration.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: No more than three courses may be taken from any one college.

POLS 3406	International Law	

GPA Requirement

2.000 GPA required in the minor

Leadership and Human Capital, Minor

The leadership and human capital minor will deepen students' knowledge and skills that are necessary to attract, retain, develop, lead, and manage employees. Employees of a firm are resources for an employer and based on their expertise provide economic value to a firm. Thus, the effective leadership and management of human capital is instrumental to an organization's success. As organizations are seeking new ways of dealing with problems such as globalization, a weak economy, rapidly changing technology, union-management relations, and changing demographics in the workplace, managers and human resources professionals use a wide range of techniques for handling these and other challenges and ensuring that their employees and organizations are competitive and high performing.

Managing human capital is a significant component of the strategic management of an organization. The courses offered in the leadership and human capital minor will expose students to the major issues and challenges in leading and managing a global and increasingly diverse workforce. The courses address the human capital issues all employees face and offer ways to deal with them.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Please note, only one course in the minor may double count in one of the seven business concentrations.

Organizational Behavior

Code	Title	Hours
ORGB 3201	Organizational Behavior	4
or ORGB 3209	Organizational Behavior	

Managing Human Capital

Code	Title	Hours
MGMT 3420	Managing Human Capital	4

Electives

Code	Title	Hours
Complete two of the following courses:		8
MGMT 3302	Negotiating in Business	
MGMT 3330		
MGMT 3350	Managing a Diverse Workforce	
MGMT 4310	The Management Practices of Great Organizations	
MGMT 4410	Workforce Analytics	

GPA Requirement

2.000 GPA required in the minor

Marketing Analytics, Minor

Marketing analytics comprises the data-driven methods, techniques, and technologies that enable marketers to evaluate the success of their marketing initiatives and campaigns. This minor, aimed at non-D'Amore-McKim students, offers the opportunity to learn the cutting-edge skills necessary to harness, process, and analyze data to address modern marketing challenges. It combines data science, consumer analysis, marketing management, and predictive modeling into an integrated

curriculum that seeks to prepare students for successful careers in marketing analytics and other data-driven business specializations.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: Students in D'Amore-McKim or in a combined program with D'Amore McKim are not allowed to take this minor.

Required Courses

Code	Title	Hours
MKTG 2201	Introduction to Marketing	4
or MKTG 2209	Introduction to Marketing	
MKTG 3401	Marketing Research	4
MKTG 3501	Marketing Analytics	4
Complete one of the following:		4-5
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	

GPA Requirement

Minimum 2.000 GPA required in all completed courses

Marketing, Minor

The marketing minor is aimed at non-D'Amore-McKim students who wish to complement their current studies with a focus on marketing. In the marketing minor, students can select among courses that explore topics such as consumer behavior, advertising, services marketing, marketing analytics, and international marketing. Pursuing a marketing minor offers Northeastern students an opportunity to gain a deeper appreciation of consumers, markets, metrics, and brands to help them become better business practitioners no matter where their careers take them.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: Students in D'Amore-McKim or in a combined program with D'Amore McKim are not allowed to take this minor.

Required Courses

Code	Title	Hours
MKTG 2201	Introduction to Marketing	4
or MKTG 2209	Introduction to Marketing	

Electives

Code	Title	Hours
Complete three of the following:		12
MKTG 2301	Marketing and Society	
MKTG 3301	Marketing Management	
MKTG 3401	Marketing Research	
MKTG 3501	Marketing Analytics	
MKTG 4220	Marketing in Asia	
MKTG 4420	Sales Management	

MKTG 4502	Marketing in the Service Sector
MKTG 4504	Advertising and Brand Promotion
MKTG 4506	Consumer Behavior
MKTG 4508	Digital Marketing
MKTG 4510	New Product Development
MKTG 4512	International Marketing

GPA Requirement

Minimum 2.000 GPA required in all courses completed

Strategy, Minor

The strategy minor is open to undergraduate business students with any major or concentration. The curriculum develops students' ability to assume the role of a general manager and to think constructively about the strategic focus and direction of an organization, as well as its relative competitive strengths and weaknesses. Broad topics include the appropriate criteria and processes for general management decision making, especially under conditions of uncertainty; strategies a firm can follow in order to gain competitive advantage when entering into, competing within, and exiting from individual markets and how these strategies interact when the firm competes in several markets; and the optimal boundaries of the firm—the advantages and disadvantages its unique history and resources give it. The strategy minor may be of particular interest for students who plan to pursue careers in general management, management consulting, new venture management, venture capital, corporate planning, and investment banking.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
STRT 4501 or INTB 4202	Strategy in Action Executing Global Strategy	4

Electives

Code	Title	Hours
Complete three of the following:		12
ENTR 4225	Growth, Acquisitions, and Alliances	
ENTR 3305	Entrepreneurial Strategy and Business Model Design	
ENTR 2414	Social Responsibility of Business in an Age of Inequality	
FINA 4420	Mergers and Acquisitions	
INTB 2501	Competing to Win in Emerging Markets	
MKTG 3301	Marketing Management	
MGMT 4310	The Management Practices of Great Organizations	
MGMT 4550 or BUSN 3110	Management Consulting in Organizations The Consulting Environment	
SCHM 4401	Advanced Problems in Supply Chain Management	
STRT 4301	Strategic Analysis and Decision Making	

GPA Requirement

2.000 GPA required in the minor

Sustainable Business Practices, Minor

Combining course work and a summer field project, the minor in sustainable business practices seeks to provide students with a deeper understanding of sustainability issues and the tools to address these issues in a business environment. This interdisciplinary minor is open to business and nonbusiness students.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: No more than three courses may be taken from any one college.

Sustainability in Business

Code	Title	Hours
FINA 2720	Sustainability in the Business Environment	4

Field Study

Code	Title	Hours
ENTR 3336 and ENTR 3338	Resource Management and Renewable Energy in Iceland and Field Research in Sustainable Energy in Iceland	8

Note: Additional field study courses may be accepted with approval from the undergraduate dean's office.

Electives

Code	Title	Hours
Complete two of the following:		8
CIVE 2334	Environmental Engineering: Principles, Technology, and Sustainability	
ECON 3423	Environmental Economics	
ECON 3425	Energy Economics

ENVR 1112	Environmental Geology	
ENVR 1120	Oceans and Coasts	
ENVR 1200	Dynamic Earth	
ENVR 4515	Sustainable Development	
GE 1201	Alternative Energy Technologies Abroad	
PHIL 1180	Environmental Ethics	
PHYS 1132	Energy, Environment, and Society	
POLS 2395	Environmental Politics and Policy	
SOCL 1246	Environment and Society	

GPA Requirement

2.000 GPA required in the minor

Accelerated Bachelor/Graduate Degree Programs

Northeastern University offers a number of PlusOne bachelor's/master's degree programs that allow students to accelerate the completion of the bachelor's degree by applying graduate credits taken as an undergraduate toward both the undergraduate and graduate degrees.

Generally, both degrees may be earned in one more year than is the normal time allotted for completion of the bachelor's degree. See additional information on PlusOne Bachelor's/Master's programs (<http://www.northeastern.edu/plusone/>).

If you have questions regarding specific accelerated programs see the college's Dean's Office.

Programs

Business Administration

- Business Administration, BSBA/Finance, MSF
- Business Administration, BSBA/Accounting, MSA
- Economics and Business Administration BS/Finance, MSF
- Math and Business Administration, BS/Finance, MSF

International Business

- International Business, BSIB/International Management, MS
- International Business, BSIB/Finance, MSF

khoury-advising@northeastern.edu

Computing has transformed the way people work and live, and its applications are limitless. Today, an understanding of computing is critical in business, healthcare, science, digital art, and other areas of our information-driven society. Computing knowledge and computing technology also contribute to resolving major issues in an increasingly complex world.

The Khoury College of Computer Sciences offers undergraduate programs that combine a strong foundation in computing with the opportunity to acquire a deep knowledge of another discipline in which computing plays a critical role. The college offers undergraduate degree programs in computer science (BS and BA), data science (BS), and cybersecurity (BS) and over 25 combined majors with partner departments in six other Northeastern colleges, allowing students to engage in intense study in two disciplines. The Bachelor of Science in Computer Science emphasizes strong technical competence in computer science, mathematics, science, and electrical engineering. The Bachelor of Arts in Computer Science combines computer science with a broad-based liberal arts education. The Bachelor of Science in Data Science combines computer science, information science, mathematics, statistics, and probability theory into an integrated curriculum. The Bachelor of Science in Cybersecurity provides the fundamental knowledge of computer science with an essential focus on experiential learning through security-related courses.

Academic Progression Standards

To progress to sophomore standing, students are required to earn:

- A minimum of 25 semester hours of credit
- A minimum overall and CS GPA of 1.800
- A grade of C or higher in First-Year Writing (ENGW 1111) or First-Year Writing for Multilingual Writers (ENGW 1102)

A deficit in any of these criteria after two semesters of enrollment will lead to student dismissal from Khoury College.

Additional requirements

- Students are permitted two attempts to earn a minimum grade of C– in the following courses:

- Discrete Structures (CS 1800)
- Fundamentals of Computer Science 1 (CS 2500)
- Fundamentals of Computer Science 2 (CS 2510)
- If a C– is not earned by the second attempt, a student will be dismissed from Khoury College and Northeastern.
- If the following courses are required by the degree program, a minimum grade of C– is required:
 - Calculus for Business and Economics (MATH 1231)
 - Calculus and Differential Equations for Biology 1 (MATH 1251)
 - Calculus and Differential Equations for Biology 2 (MATH 1252)
 - Intensive Calculus for Engineers (MATH 1340)
 - Calculus 1 for Science and Engineering (MATH 1341)
 - Calculus 2 for Science and Engineering (MATH 1342)

Maintaining good standing

To remain in good academic standing and progress after the first year, students are required to fulfill:

- A minimum of 12 semester hours (SH) in each full-term semester (fall or spring)
- A minimum overall GPA of 2.000
- A minimum GPA of 2.000 in all CS/IS/DS courses
- A minimum GPA of 2.000 for business courses in the combined CS and business, IS and business, and cybersecurity and business majors (or the business portion of the combined major will be dropped)

Program Length

The Khoury College of Computer Sciences prides itself on flexibility and a very supportive advising staff. Depending upon the number of entry-level/transfer credits, the academic program, and student planning, it is possible to complete the program within four years with at least one experiential experience and usually with two such experiences.

Computer Science

Computer science involves the application of theoretical concepts in the context of software development to the solution of problems that arise in almost every human endeavor. Computer science as a discipline draws its inspiration from mathematics, logic, science, and engineering. From these roots, computer science has fashioned paradigms for program structures, algorithms, data representations, efficient use of computational resources, robustness and security, and communication within computers and across networks. The ability to frame problems, select computational models, design program structures, and develop efficient algorithms is as important in computer science as software implementation skill. Computer science is concerned with bringing together all of the intellectual resources needed to enable the rapid and effective development of software to meet the needs of business, research, and end users.

The goal of the undergraduate program in computer science is to teach students the conceptual and practical skills that will enable them to contribute to the development of computational principles

and to play a productive role in the software community. To that end, the undergraduate program focuses on the fundamentals of program design including object-oriented design, software development, computer organization, systems and networks, theory of computation, principles of languages, and advanced algorithms and data. The program also offers a variety of electives at the upper undergraduate and beginning graduate levels ranging from more theoretical courses to those that focus on important applications.

Programs

Bachelor of Science in Computer Science (BSCS)

- Computer Science (p. 288)

Bachelor of Arts in Computer Science (BACS)

- Computer Science (p. 291)

Minor

- Computer Science (p. 294)

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p. 390)

Computer Science, BSCS

The Bachelor of Science in Computer Science focuses on the fundamentals of program design, software development, computer organization, systems and networks, theories of computation, principles of languages, and advanced algorithms and data.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Requirements

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Hourly Co-op	1

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
CS 2810	Mathematics of Data Models	4

Computer Science Required Courses		
CS 3000	Algorithms and Data	4
CS 3500	Object-Oriented Design	4
CS 3650	Computer Systems	4
CS 3800	Theory of Computation	4
CS 4500	Software Development	4

Security Required Course

Complete one of the following:		
CY 2550	Foundations of Cybersecurity	4
CY 3740	Systems Security	4
CY 4740	Network Security	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Hourly Elective Courses

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete 8 credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:		
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2000 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

Computer Science Concentrations

Pick one of the following concentrations and complete four courses in that concentration. In all concentrations, up to one Research (CS 4991) course can be substituted with advisor approval. Any missing prerequisites or NUpath requirements must be taken using computer science or general electives. In particular, students must arrange to take a NUpath capstone using either a course in the concentration or a CS, CY, DS, or IS course taken as a computer science elective or as a general elective.

CONCENTRATION: ARTIFICIAL INTELLIGENCE

Code	Title	Hours
CS 4100	Artificial Intelligence	4
DS 4400	Machine Learning and Data Mining 1	4
Complete two of the following courses not already taken:		
CS 4120	Natural Language Processing	4
CS 4150	Game Artificial Intelligence	4
CS 4610	Robotic Science and Systems	4
IS 4200	Information Retrieval	4
DS 4420	Machine Learning and Data Mining 2	4
PSYC 3466	Cognition	4

CONCENTRATION: FOUNDATIONS

Code	Title	Hours
Complete two of the following:		
CS 2800	Logic and Computation	4
or CS 4820	Computer-Aided Reasoning	4
CS 4805	Advanced Theory of Computation	4
or CS 4810	Advanced Algorithms	4
Complete two of the following courses not already taken:		
CS 4805	Advanced Theory of Computation	4
CS 4810	Advanced Algorithms	4
CS 4820	Computer-Aided Reasoning	4

CS 4830	System Specification, Verification, and Synthesis
CS 3950 and CS 4950 and CS 4950	Introduction to Computer Science Research and Computer Science Research Seminar and Computer Science Research Seminar
CY 4770	Cryptography

CONCENTRATION: HUMAN-CENTERED COMPUTING

Code	Title	Hours
IS 4300	Human Computer Interaction	4
IS 4800	Empirical Research Methods	4
Complete two of the following courses not already taken:		8
IS 2000	Principles of Information Science	
IS 4700	Social Information Systems	
CS 4120	Natural Language Processing	
CS 4520	Mobile Application Development	
CS 4550	Web Development	
DS 4200	Information Presentation and Visualization	

*The concentration in human-centered computing requires a fall co-op pattern.

CONCENTRATION: SOFTWARE

Code	Title	Hours
CS 2800	Logic and Computation	4
CS 3700	Networks and Distributed Systems	4
CS 4400	Programming Languages	4
Complete one of the following courses not already taken:		
CS 3520	Programming in C++	
CS 3620	Building Extensible Systems	
CS 4240	Large-Scale Parallel Data Processing	
CS 4410	Compilers	
CS 4550	Web Development	
CS 4520	Mobile Application Development	
CS 4820	Computer-Aided Reasoning	

CONCENTRATION: SYSTEMS

Code	Title	Hours
CS 3700	Networks and Distributed Systems	4
Complete one of the following courses not already taken:		4
CY 3740	Systems Security	
CY 4740	Network Security	
Complete two of the following courses not already taken:		8
CS 3520	Programming in C++	
CS 4300	Computer Graphics	
CY 3740	Systems Security	
CS 4610	Robotic Science and Systems	
CS 4710	Mobile and Wireless Systems	
CS 4650	High Performance Computing	
CY 4740	Network Security	

Supporting Courses

Code	Title	Hours
Mathematics Courses		
MATH 1341	Calculus 1 for Science and Engineering (a grade of C- or higher is required)	4
MATH 1365	Introduction to Mathematical Reasoning	4
Computing and Social Issues		
Complete one of the following:		4
ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
ENGL 2150	Literature and Digital Diversity	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 3485	Environment, Technology, and Society

Computer Science, BACS

The Bachelor of Arts in Computer Science offers a similar curriculum to the BS, with slightly fewer CS requirements to allow students to study a foreign language and have a wider choice of electives.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Requirements for BA

All BA students are required to complete the BA requirements (p. 45).

Computer Science Requirements

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Fundamental Courses

A grade of C- or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
CS 2810	Mathematics of Data Models	4

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3500	Object-Oriented Design	4
CS 3650	Computer Systems	4
CS 3800	Theory of Computation	4
CS 4500	Software Development	4

Security Required Course

Complete one of the following:		
CY 2550	Foundations of Cybersecurity	4
CY 3740	Systems Security	
CY 4740	Network Security	

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective Courses

With advisor approval, directed study, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete 4 credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges: 4

CS 2500 or higher, except CS 5010

CY 2000 or higher, except CY 4930

DS 2000 or higher, except DS 4900

IS 2000 or higher, except IS 4900

Computer Science Concentrations

Pick one of the following concentrations and complete four courses in that concentration.major. In all concentrations, up to one Research (CS 4991) course can be substituted with advisor approval. Any missing prerequisites or NUpath requirements must be taken using computer science or general electives. In particular, students must arrange to take a NUpath capstone using either a course in the concentration or a CS, CY, DS, or IS course taken as a computer science elective or as a general elective.

CONCENTRATION: ARTIFICIAL INTELLIGENCE

Code	Title	Hours
CS 4100	Artificial Intelligence	4
DS 4400	Machine Learning and Data Mining 1	4
Complete two of the following classes not already taken:		8
CS 4120	Natural Language Processing	
CS 4150	Game Artificial Intelligence	
CS 4610	Robotic Science and Systems	
IS 4200	Information Retrieval	
DS 4420	Machine Learning and Data Mining 2	
PSYC 3466	Cognition	

CONCENTRATION: FOUNDATIONS

Code	Title	Hours
CS 2800	Logic and Computation	4
or CS 4820	Computer-Aided Reasoning	
CS 4805	Advanced Theory of Computation	4
or CS 4810	Advanced Algorithms	
Complete two of the following classes not already taken:		8
CS 4805	Advanced Theory of Computation	
CS 4810	Advanced Algorithms	
CS 4820	Computer-Aided Reasoning	
CS 4830	System Specification, Verification, and Synthesis	
CS 3950 and CS 4950 and CS 4950	Introduction to Computer Science Research and Computer Science Research Seminar	
CY 4770	Cryptography	

CONCENTRATION: HUMAN-CENTERED COMPUTING

Code	Title	Hours
IS 4300	Human Computer Interaction	4
IS 4800	Empirical Research Methods	4
Complete two of the following classes not already taken:		8
IS 2000	Principles of Information Science	
IS 4700	Social Information Systems	
CS 4120	Natural Language Processing	
CS 4520	Mobile Application Development	
CS 4550	Web Development	
DS 4200	Information Presentation and Visualization	

*The concentration in human-centered computing requires a fall co-op pattern.

CONCENTRATION: SOFTWARE

Code	Title	Hours
CS 2800	Logic and Computation	4
CS 3700	Networks and Distributed Systems	4
CS 4400	Programming Languages	4
Complete one of the following classes not already taken:		4
CS 3520	Programming in C++	
CS 3620	Building Extensible Systems	
CS 4240	Large-Scale Parallel Data Processing	
CS 4410	Compilers	
CS 4550	Web Development	
CS 4520	Mobile Application Development	
CS 4820	Computer-Aided Reasoning	

CONCENTRATION: SYSTEMS

Code	Title	Hours
CS 3700	Networks and Distributed Systems	4
Complete one of the following classes not already taken:		4
CY 3740	Systems Security	
CY 4740	Network Security	
Complete two of the following classes not already taken:		8
CS 3520	Programming in C++	
CS 4300	Computer Graphics	
CY 3740	Systems Security	
CS 4610	Robotic Science and Systems	
CS 4710	Mobile and Wireless Systems	
CS 4650	High Performance Computing	
CY 4740	Network Security	

Supporting Courses

Code	Title	Hours
Mathematics Courses		
MATH 1341	Calculus 1 for Science and Engineering (a grade of C- or higher is required)	4
MATH 1365	Introduction to Mathematical Reasoning	4
Science Courses		
Complete one course from one of the following groups:		4
<i>Biology</i>		
BIOL 1111 and BIOL 1112	General Biology 1 and Lab for BIOL 1111	

Chemistry	
CHEM 1101 and CHEM 1102 and CHEM 1103	General Chemistry for Health Sciences and Lab for CHEM 1101 and Recitation for CHEM 1101
CHEM 1151 and CHEM 1152 and CHEM 1153	General Chemistry for Engineers and Lab for CHEM 1151 and Recitation for CHEM 1151

Geology	
ENVR 1200 and ENVR 1201	Dynamic Earth and Lab for ENVR 1200
ENVR 1202 and ENVR 1203	History of Earth and Life and Interpreting Earth History

Mathematics	
MATH 1342	Calculus 2 for Science and Engineering
MATH 2331	Linear Algebra
MATH 3081	Probability and Statistics

Physics	
PHYS 1145 and PHYS 1146	Physics for Life Sciences 1 and Lab for PHYS 1145
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151
PHYS 1161 and PHYS 1162	Physics 1 and Lab for PHYS 1161

Computing and Social Issues	
Complete one of the following:	4
ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics
ENGL 2150	Literature and Digital Diversity
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks
PHIL 1145	Technology and Human Values
SOCL 1280	The Twenty-First-Century Workplace
SOCL 3485	Environment, Technology, and Society
SOCL 4528	Computers and Society

Computer Science Writing Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
Advanced Writing in the Disciplines		
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
	Complete 32 credits of general electives.	32

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

133 total semester hours required

Plan of Study

Sample Patterns:

Four Years, Two Co-ops in Spring/Summer 1

Year 1							
Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2

Total Hours: 135

Computer Science, Minor

A computer science minor is designed to provide the computer science skills and know-how you need to succeed in today's highly digital world. A minor requires completion of five CS courses—more than enough to gain proficiency while easily fitting around your major requirements. No prior programming experience is needed.

Looking to gain technical knowledge that directly applies to your major? Students have the option to pursue a CCIS meaningful minor.

Minor Requirements

Note: CCIS minors are only available to non-CCIS majors; students in CCIS-only or CCIS-combined degrees are not eligible for CCIS minors. A student may receive at most one CCIS minor, regardless of how many CCIS minors they qualify for.

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
Computer Science Fundamental Courses		
A grade of C– or higher is required in computer science fundamental courses:		
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Electives

Code	Title	Hours
Complete three courses that are not already required in the following ranges: 12		
CS 2500 to CS 7999 but not CS 5010		
IS 4300	Human Computer Interaction	
One course from CCIS meaningful minors list (see below).		

CCIS Meaningful Minors

The concept of “CCIS meaningful minors” allows students the chance to personalize a computer science minor to meet individual academic needs and interests. Students may take *one elective* related to computation or information from a preapproved list of courses offered across the university rather than from within CCIS. This allows students to integrate the minor with a course in their own major or with a course in another area of interest. Students may of course choose to take all electives in the minor within CCIS if they wish.

Code	Title	Hours
Bouvé Health Sciences		
HINF 5101	Introduction to Health Informatics and Health Information Systems	
HINF 5102	Data Management in Healthcare	
HINF 5300	Personal Health Interface Design and Development

PHTH 2210	Foundations of Biostatistics
POLS 2400	Quantitative Techniques
PSYC 2320	Statistics in Psychological Research
SOCL 2320	Statistical Analysis in Sociology

Credit/GPA Requirement

20 semester hours required
2.000 GPA required in the minor

Cybersecurity

Cybersecurity combines essential computer science with conceptual and practical specialization in security to prepare students for hands on, deeply technical work in the field. The ability to frame problems, select computational models, design program structures, and develop efficient algorithms is as important in computer science as software implementation skill. All cybersecurity students take the standard computer science course sequence, covering content such as basic programming, object-oriented design, computer architecture and operating systems, computer networks and distributed systems, and algorithmic complexity and computability theory. These courses lay the foundation for cybersecurity-specific course work.

Cybersecurity course work covers key areas in the field, from a broad overview of the topical space (including threat modeling, symmetric and asymmetric key cryptography, authentication, access control, social engineering, simple exploits, basic systems security, malware, the cybercrime underground, and advanced persistent threat actors) to deep dives into the design of secure operation systems and applications. Fundamental topics include analyzing prevalent classes of attacks against systems, security vulnerabilities and defense techniques, limitation of damage and strategic recovery, design and implementation of distributed authentication protocols, and existing standardized security protocols and legal infrastructure relating to privacy, data ethics, data security, hacking, automation, and intellectual property. In addition, cybersecurity students have access to a wide array of electives, including courses on wireless networking, software vulnerabilities, cybersecurity risk management and assessment, digital forensics, and criminology.

Programs

Bachelor of Science (BS)

- Cybersecurity (p. 296)

Cybersecurity, BS

The Bachelor of Science in Cybersecurity teaches students the conceptual and practical skills that will enable them to contribute to ensuring the reliability and security of cyberspace. The program will provide students with the fundamental knowledge of computer science that forms the technical foundation of the field, with an essential focus on experiential learning through laboratory exercises in the security-related courses, as well as through the co-op program. The program's holistic view of cybersecurity gives it a strong interdisciplinary focus,

teaching students how social behavior, policy, and legal rules can affect cybersecurity and the tools of information technology.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Cybersecurity Major Requirements

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1
Computer Science Fundamental Courses		
A grade of C– or higher is required in all computer science fundamental courses except CS 1802:		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
Computer Science Required Courses		
CS 3000	Algorithms and Data	4
CS 3500	Object-Oriented Design	4
CS 3650	Computer Systems	4
CS 3700	Networks and Distributed Systems	4
CS 3800	Theory of Computation	4
Presentation Requirement		
THTR 1170	The Eloquent Presenter	1
Cybersecurity Required Courses		
CY 2550	Foundations of Cybersecurity	4
CY 3740	Systems Security	4
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	4
or CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
CY 4740	Network Security	4
CY 4770	Cryptography	4
CY 4930	Cybersecurity Capstone	4
or CY 4940	Research Projects on National Security	

Cybersecurity Electives

If courses require prerequisites, those should be taken using general electives.

Complete five courses from the following, at least one of which must come from the cybersecurity and social issues elective list: 20-22

CS 2800 and CS 2801	Logic and Computation and Lab for CS 2800
CS 4710 or CS 6710	Mobile and Wireless Systems Wireless Network
CS 4400	Programming Languages
CS 4500 and CS 4501	Software Development and Recitation for CS 4500
CS 4240	Large-Scale Parallel Data Processing
DS 4300	Large-Scale Information Storage and Retrieval
DS 4400	Machine Learning and Data Mining 1
CY 5200	Security Risk Management and Assessment
CY 5210	Information System Forensics
CY 5770	Software Vulnerabilities and Security
IS 4300	Human Computer Interaction
EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322
EECE 3324	Computer Architecture and Organization
EECE 4534 and EECE 4535	Microprocessor-Based Design and Lab for EECE 4534
MATH 3527	Number Theory 1
MATH 4575	Introduction to Cryptography
MISM 2301 or MISM 2309	Management Information Systems Management Information Systems

Cybersecurity and Social Issues Elective List

COMM 2551	Free Speech in Cyberspace
CRIM 2200	Criminology
CRIM 3400	Corporate Security: Securing the Private Sector
CRIM 4040	Crime Prevention
LPSC 1101	Introduction to Law
LPSC 2301	Introduction to Law, Policy, and Society
LPSC 3303	Topics in Law and Public Policy
POLS 2390	Science, Technology, and Public Policy
POLS 3307	Public Policy and Administration
POLS 3324	Law and Society
POLS 3406	International Law
POLS 3408	International Security
POLS 3420	U.S. National Security Policy
POLS 3423	Terrorism and Counterterrorism

Concentration in Cyber Operations (Optional)

Code	Title	Hours
Cyber Operations Required Courses		
CS 4710	Mobile and Wireless Systems	4
CY 5770	Software Vulnerabilities and Security	4
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	4
Electives		
Complete two of the following:		8
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	

CS 4240	Large-Scale Parallel Data Processing
EECE 3324	Computer Architecture and Organization
EECE 4534	Microprocessor-Based Design
CY 5200	Security Risk Management and Assessment
CY 5210	Information System Forensics

Supporting Courses

Code	Title	Hours
Electrical Engineering Required Course		
EECE 2160	Embedded Design: Enabling Robotics	4
Mathematics Courses		
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 3081	Probability and Statistics	4

Writing Requirements

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
Advanced Writing in the Disciplines		
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 28 credits of general electives.		28

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS and IS courses

Computer Science Credit Requirements

Complete 80 semester hours in the major.

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

133 semester hours required

Data Science

The Bachelor of Science in Data Science studies the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data from small to large volumes. The program combines computer science, information science, mathematics, statistics, and probability theory

into an integrated curriculum that prepares students for careers or graduate studies in big data analysis, data science, and data analytics. The course work covers exploratory data analysis, data manipulation in a variety of programming languages, large-scale data storage, predictive analytics, machine learning, data mining, and information visualization and presentation. Data science has emerged as a discipline due to the confluence of two major events:

1. The ability to collect, store, prune, process, and transmit large amounts of data in the cloud, and
2. The convergence of programming, statistics, artificial intelligence, and visualization as complementary tools for the analysis and understanding of data.

Programs

Bachelor of Science (BS)

- Data Science, BS (p. 299)
- Data Science, Minor (p. 301)

Data Science, BS

The Bachelor of Science in Data Science studies the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data from small to large volumes.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Data Science Major Requirements

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1
Computer Science Fundamental Courses		
A grade of C– or higher is required in all computer science fundamental courses except CS 1802:		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
Computer Science Required Courses		
IS 4300	Human Computer Interaction	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4

CS 3520	Programming in C++	4
Presentation Requirement		
THTR 1170	The Eloquent Presenter	1
Mathematics Foundations		
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
Statistics Foundations		
Complete one of the following:		4
ECON 2350	Statistics	
ENVR 2500	Biostatistics	
MATH 3081	Probability and Statistics	
MGSC 2301	Business Statistics	
PSYC 2320	Statistics in Psychological Research	
Data Science Required Courses		
DS 3000	Foundations of Data Science	4
DS 4200	Information Presentation and Visualization	4
DS 4300	Large-Scale Information Storage and Retrieval	4
DS 4400	Machine Learning and Data Mining 1	4
DS 4420	Machine Learning and Data Mining 2	4
DS 4900	Data Science Senior Project	4
Data-Science-Related Electives		
Complete six courses from the categories A and B, at least three of which must be from Category B.		24
<i>Category A: Data-Science-Related Electives in Computer and Information Science</i>		
DS 4440	Practical Neural Networks	
IS 3500	Information System Design and Development	
IS 4200	Information Retrieval	
IS 4800	Empirical Research Methods	
CS 3000	Algorithms and Data	
CS 4100	Artificial Intelligence	
CS 4120	Natural Language Processing	
CS 4240	Large-Scale Parallel Data Processing	
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	
CS 4550	Web Development	
CS 6140	Machine Learning	
CS 6220	Data Mining Techniques	
CY 3740	Systems Security	
<i>Category B: Data-Science-Related Electives in Other Units ¹</i>		
ARTG 3451	Information Design 1	
ARTG 4552	Information Design 2	
ARTG 5100	Information Design Studio 1: Principles	
ARTG 5110	Information Design History	
ARTG 5120	Research Methods for Design	
ARTG 5330	Visualization Technologies 1: Fundamentals	
ARTG 6100	Information Design Studio 2: Dynamic Mapping and Models	
ARTG 6200	Information Design Studio 3: Synthesis	
BINF 6308	Bioinformatics Computational Methods	1

BINF 6309	Bioinformatics Computational Methods 2
ECON 2560	Applied Econometrics
EECE 4542	Advanced Engineering Algorithms
EECE 5639	Computer Vision
EECE 5642	Data Visualization
EECE 5644	Introduction to Machine Learning and Pattern Recognition
FINA 4608	Advanced Financial Strategy
GSND 5110	Game Design and Analysis
GSND 6350	Data-Driven Player Modeling
HINF 5101	Introduction to Health Informatics and Health Information Systems
HINF 5102	Data Management in Healthcare
HINF 5300	Personal Health Interface Design and Development
HINF 5301	Personal Health Technologies: Field Deployment and System Evaluation
CY 5010	Foundations of Information Assurance
CY 5200	Security Risk Management and Assessment
IE 5640	Data Mining for Engineering Applications
ECON 2350	Statistics
ENVR 2500	Biostatistics
MATH 2331	Linear Algebra
MATH 3081	Probability and Statistics
MATH 4581	Statistics and Stochastic Processes
MISM 3305	Information Resource Management
MISM 3403	Data Management in the Enterprise
MKTG 3401	Marketing Research
MKTG 3501	Marketing Analytics
PSYC 2320	Statistics in Psychological Research

¹ The statistics course options under Mathematics and Statistics Foundations are also listed here as Data-Science-Related Electives. A student is permitted to take at most one additional statistics course to see statistics from the perspective of a different department.

Computer Science Writing Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
Advanced Writing in the Disciplines		
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 32 credits of general electives.		32

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

133 total semester hours required

Plan of Study

Sample Patterns:

Four Years, Two Co-ops

Year 1

Fall	Hours	Spring	Hours	Summer 1	Hours

Data Science, Minor

The minor in data science studies the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data from small to large volumes.

Minor Requirements

Note: CCIS minors are only available to non-CCIS majors; students in CCIS-only or CCIS-combined degrees are not eligible for CCIS minors. A student may receive at most one CCIS minor, regardless of how many CCIS minors they qualify for.

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
Computer Science Fundamental Courses		
A grade of C- or higher is required in computer science fundamental courses.		
Complete one of the following options:		4-10
<i>Fundamentals of Computer Science Option</i>		
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	
<i>Programming with Data Option</i>		
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	

Data Science Required Course

Code	Title	Hours
DS 3000	Foundations of Data Science	4

Data Science Electives

Code	Title	Hours
Complete three of the following. Only one course from the Meaningful Minor list may contribute toward the minor requirements:		12
DS 2010 to DS 4989		
CS 3200	Database Design	
Meaningful Minor list (see below)		

CCIS Meaningful Minors

The concept of "CCIS Meaningful Minors" allows students the chance to personalize a computer science minor to meet individual academic needs and interests. Students may take *one elective* related to computation or information from a preapproved list of courses offered across the university rather than from within CCIS. This allows students to integrate the minor with a course in their own major or with a course in another area of interest. Students may of course choose to take all electives in the minor within CCIS if they wish.

GPA Requirement

2.000 GPA required in the minor

Khoury Combined Majors

Khoury College offers combined majors with over 25 partner disciplines. Combined majors are carefully constructed degrees allowing students to explore multiple academic fields while staying on track for graduation. Each of the combined majors offers the opportunity for intense study in two disciplines with appropriate breadth in the liberal arts. Students take nine to 13 courses in each subject and at least one integrative course that binds the disciplines together. These programs offer an excellent educational opportunity for the ambitious student.

Programs**Bachelor of Science (BS)**

- Computer Engineering and Computer Science (p. 302)
- Computer Science and Biology (p. 306)
- Computer Science and Business Administration (p. 251)
- Computer Science and Cognitive Psychology (p. 313)
- Computer Science and Communication Studies (p. 136)
- Computer Science and Criminal Justice (p. 319)
- Computer Science and Design (p. 89)
- Computer Science and Economics (p. 324)
- Computer Science and English (p. 327)
- Computer Science and Environmental Science (p. 330)
- Computer Science and Game Development (p. 92)
- Computer Science and History (p. 335)
- Computer Science and Journalism (p. 182)
- Computer Science and Linguistics (p. 339)
- Computer Science and Mathematics (p. 342)
- Computer Science and Media Arts (p. 94)
- Computer Science and Music with Concentration in Music Technology (p. 201)
- Computer Science and Philosophy (p. 349)
- Computer Science and Physics (p. 352)
- Computer Science and Political Science (p. 355)
- Computer Science and Sociology (p. 357)
- Cybersecurity and Business Administration (p. 255)
- Cybersecurity and Criminal Justice (p. 363)
- Cybersecurity and Economics (p. 365)
- Data Science and Biochemistry (p. 367)
- Data Science and Biology (p. 370)
- Data Science and Behavioral Neuroscience (p. 372)
- Data Science and Business Administration (p. 259)
- Data Science and Environmental Science (p. 379)
- Data Science and Ecology and Evolutionary Biology (p. 376)
- Data Science and Health Science (p. 382)
- Data Science and Journalism (p. 186)
- Data Science and Mathematics (p. 386)
- Data Science and Psychology (p. 388)

Bachelor of Science in Computer Engineering (BSCompE)

- Computer Engineering and Computer Science (p. 302)

Computer Engineering and Computer Science, BSCompE

This intercollege dual major serves students who are interested in both computer hardware and software, combining an accredited Bachelor

of Science degree in engineering with the added benefits of depth in software principles found in a Bachelor of Science degree in computer science. This program provides a well-rounded computing education that includes engineering design principles, computational thinking, proper program design, and a solid background in mathematics and science. The degree is fully accredited as a Bachelor of Science in Computer Engineering and adds the computer science depth.

Because of the large body of shared knowledge between computer engineering and computer science, an integrated dual major between these two disciplines is a logical course of study and can be accomplished within a student's usual five-year program (including three co-op placements) without requiring course overloading in any semester. A student graduating from this program will have a solid foundation in both computer hardware and software principles, and should be prepared for a wide range of career paths in the computing field or any related field that relies on the application of engineering or computing principles.

Students interested in this program should contact the Department of Electrical and Computer Engineering or the Department of Computer and Information Science as early as possible, preferably prior to registering for freshman courses.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Major GPA Requirement

2.000 minimum GPA in EECE courses

Engineering

Complete 47 semester hours in engineering as indicated below.

Code	Title	Hours
Required Courses		
EECE 2150	Circuits and Signals: Biomedical Applications	5
EECE 2160	Embedded Design: Enabling Robotics	4
Computer Engineering Fundamentals		
EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322	5
EECE 2540	Fundamentals of Networks	4
CS 3000	Algorithms and Data	4
Electrical Engineering Fundamentals		
Complete one of the following:		4
EECE 2412 and EECE 2413	Fundamentals of Electronics and Lab for EECE 2412	
EECE 2520	Fundamentals of Linear Systems	
EECE 2530 and EECE 2531	Fundamentals of Electromagnetics and Lab for EECE 2530	

Capstone Courses

EECE 4790	Electrical and Computer Engineering Capstone 1	4
EECE 4792	Electrical and Computer Engineering Capstone 2	4

EECE Technical Electives

Complete two of the following:		8
EECE 2750	Enabling Engineering	
EECE 4991	Research	
EECE 4992	Directed Study	
EECE 4993	Independent Study	
GE 4608	Introduction to Nanotechnology in Engineering	
ENGR 5670	Sustainable Energy: Materials, Conversion, Storage, and Usage	

EECE 2412 to EECE 2530

EECE 3324 to EECE 4698

EECE 5155 to EECE 5698

CS/IS/CY Technical Electives

Complete two of the following:		8
CS 3200	Database Design	
CS 3540	Game Programming	
CS 3700	Networks and Distributed Systems	
CS 3800	Theory of Computation	
CS 4850	Building Game Engines	
CY 2550	Foundations of Cybersecurity	
CY 3740	Systems Security	
CS 4100 to CS 4410		
CS 4510 to CS 4650		
CS 4740 to CS 4760		
IS 4200 to IS 4700		

Supplemental Credit

2 semester hours from the following course count toward the engineering requirement:		2
GE 1501	Cornerstone of Engineering 1	
3 semester hours from the following course count toward the engineering requirement:		3
GE 1502	Cornerstone of Engineering 2	

Computer Science Requirements

Code	Title	Hours
Computer Science Introductory Courses		
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
CS 2800 and CS 2801	Logic and Computation and Lab for CS 2800	5
Computer Science Upper-Level Courses		
CS 3500	Object-Oriented Design	4
CS 3650	Computer Systems	4
CS 4500	Software Development	4

Professional Development

Code	Title	Hours
Required Professional Development		
GE 1000	Introduction to the Study of Engineering	1
EECE 2000	Introduction to Engineering Co-op Education	1
EECE 3000	Professional Issues in Engineering	1
Additional Required Courses		
The remaining credit from the following course will apply to the professional development area:		
GE 1501	Cornerstone of Engineering 1	1
The remaining credit from the following course will apply to the professional development area:		
GE 1502	Cornerstone of Engineering 2	1

Integrative Courses

The following courses are taken in the major and count toward the integrative requirement:

Code	Title	Hours
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 3081	Probability and Statistics	4
CS 1800	Discrete Structures	4
PHYS 1151 and PHYS 1152	Physics for Engineering 1 and Lab for PHYS 1151	4
EECE 4790	Electrical and Computer Engineering Capstone 1	4
EECE 4792	Electrical and Computer Engineering Capstone 2	4

Supporting Courses: Mathematics/Science

Complete 35 semester hours in mathematics and science as indicated below.

Code	Title	Hours
Required Mathematics/Science		
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
MATH 3081	Probability and Statistics	4
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	5
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	5
Supplemental Credit		

1 semester hour from the following course counts toward the mathematics/science requirement:

GE 1501	Cornerstone of Engineering 1	1
---------	------------------------------	---

Writing Requirements and NUpath Courses

Code	Title	Hours
Writing		
A grade of C or higher is required:		
ENGW 1111	First-Year Writing	4
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

NUpath Requirements through General Electives

NUpath requirements Interpreting Culture (IC), Societies and Institutions (SI), and Differences and Diversity (DD) are not explicitly satisfied by required engineering courses. Students are responsible for satisfying these requirements with general electives.

Required General Electives

Code	Title	Hours
Complete two academic, nonremedial, nonrepetitive courses, each equivalent to 4 semester hours.		

Program Requirement

139 total semester hours required

Computer Science and Biology, BS

The computer science and biology combined major reflects how research in biology, especially genetics, has become a computational science. The program provides a strong foundation in biology, chemistry, and mathematics, as well as software development and algorithms.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
------	-------	-------

Computer Science Overview

CS 1200	Leadership Skill Development ¹	
CS 1210	Professional Development for Khoury Co-op ²	

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
CS 3800	Theory of Computation (integrative course)	4
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective Courses

With advisor approval, a directed study, research, project study, or appropriate graduate-level course may also be taken as a computer science elective.

Complete 4 credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010

CY 2000 or higher, except CY 4930

DS 2000 or higher, except DS 4900

IS 2000 or higher, except IS 4900

¹ Students entering through the biology department may take Biology at Northeastern (BIOL 1000).

² Students entering through the biology department may take Professional Development for Co-op (EESC 2000).

Biology Courses

Code	Title	Hours
------	-------	-------

Foundations of Biology

BIOL 1107 and BIOL 1108	Foundations of Biology and Lab for BIOL 1107	5
----------------------------	---	---

Inquiries

BIOL 2299	Inquiries in Biological Sciences	4
-----------	----------------------------------	---

Molecular Biology

BIOL 2301 and BIOL 2302	Genetics and Molecular Biology and Lab for BIOL 2301	5
----------------------------	---	---

BIOL 3611 and BIOL 3612	Biochemistry and Lab for BIOL 3611	5
----------------------------	---------------------------------------	---

Techniques in Biology

BIOL 2309	Biology Project Lab	4
-----------	---------------------	---

Chemistry

CHEM 1161 and CHEM 1162 and CHEM 1163	General Chemistry for the Biological Sciences and Lab for CHEM 1161 and Recitation for CHEM 1161	5
---	---	---

CHEM 2311 and CHEM 2312	Organic Chemistry 1 and Lab for CHEM 2311	5
----------------------------	--	---

CHEM 2313 and CHEM 2314	Organic Chemistry 2 and Lab for CHEM 2313	5
----------------------------	--	---

Biology Capstone

BIOL 4701	Biology Capstone	4
-----------	------------------	---

Intermediate and Advanced Biology Electives

Complete two biology courses (with corequisite labs if offered). Choose one of these two courses from the following list:

BIOL 2327 Human Parasitology

BIOL 3401 Comparative Vertebrate Anatomy

BIOL 3403 Animal Behavior

BIOL 3413 Current Topics in Organismal and Population Biology

BIOL 3421 Microbiology
and BIOL 3422
and Lab for BIOL 3421

EEMB 2302 Ecology
and EEMB 2303
and Lab for EEMB 2302

EEMB 2400 Introduction to Evolution

EEMB 2616 Invertebrate Zoology
and EEMB 2617
and Lab for EEMB 2616

EEMB 2700 Marine Biology
and EEMB 2701
and Lab for EEMB 2700

EEMB 3460 Conservation Biology

Choose the second elective from the following list: 4-5

BIOL 2311 to 4999, EEMB 2290 to 5515, EEMB 5520 to 5534, EEMB 5548 to 5569, EEMB 2400

Biology Integrative Course

Complete one of the following: 4-5

BIOL 5569	Advanced Microbiology
BINF 6308	Bioinformatics Computational Methods 1
BIOL 4707	Cell and Molecular Biology
BIOL 5581	Biological Imaging
BIOL 5587	Comparative Neurobiology
BIOL 5591	Advanced Genomics
EEMB 4548	Sociobiology

Supporting Courses

Code	Title	Hours
------	-------	-------

Calculus

Complete two calculus courses with a grade of C- or higher:

MATH 1251	Calculus and Differential Equations for Biology 1	4
MATH 1252	Calculus and Differential Equations for Biology 2	4

Probability and Statistics

Complete one of the following: 4-5

MATH 3081	Probability and Statistics
ENVR 2500 and ENVR 2501	Biostatistics and Lab for ENVR 2500

Computing and Social Issues

Complete one of the following: 4

ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics
ENGL 2150	Literature and Digital Diversity
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks
PHIL 1145	Technology and Human Values
SOCL 1280	The Twenty-First-Century Workplace
SOCL 3485	Environment, Technology, and Society
SOCL 4528	Computers and Society

Intermediate or Advanced Science

Complete one course from the following: 4

BIOL 2301 to BIOL 5999
CHEM 2311 to CHEM 5999
EEMB 2290 to EEMB 5999
ENVR 2310 to ENVR 5999
MATH 2280 to MATH 5999
PHYS 2303 to PHYS 5999
PSYC 2290 to PSYC 5999

Writing Requirements

Code	Title	Hours
------	-------	-------

College Writing

ENGW 1111	First-Year Writing	4
-----------	--------------------	---

Advanced Writing in the Disciplines

ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 16 credits of general electives		16

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Exploring Creative Expression and Innovation
- Analyzing and Using Data
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

Program Requirement

141 total semester hours required

Computer Science and Business Administration, BS

The computer science and business combined major delivers a technical degree with a strong grounding in business. Students will complete most of the requirements of a business major, including macroeconomics and microeconomics, while also focusing on technical skills like program design, software development, computer organization, systems and networks, theories of computation, principles of languages, and advanced algorithms and data.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond

specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Fundamental Courses

A grade of C- or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	4

Complete two of the following:

CS 3650	Computer Systems	8
CS 3700	Networks and Distributed Systems	
DS 3000	Foundations of Data Science	
DS 4200	Information Presentation and Visualization	
DS 4300	Large-Scale Information Storage and Retrieval	

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete four credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:	4
CS 2500 or higher, except CS 5010	
CY 2000 or higher, except CY 4930	
DS 2000 or higher, except DS 4900	
IS 2000 or higher, except IS 4900	

Business Courses

Code	Title	Hours
Required Business Courses		
ACCT 1201	Financial Accounting and Reporting	4

ACCT 2301	Managerial Accounting	4
FINA 2201	Financial Management	4
ORGB 3201	Organizational Behavior	4
MKTG 2201	Introduction to Marketing	4
MGSC 2301	<i>Business Statistics</i>	4
STRT 4501	Strategy in Action	4

Business Concentration

Complete a four-course business concentration from the following list. Requirements for the concentrations are listed below (p. 252).

- Accounting (p. 252)
- Entrepreneurship and Innovation (p. 252)
- Finance (p. 253)
- Healthcare Management and Consulting (p. 277)
- International Business (p. 278) (available only as a second concentration)
- Management (p. 253)
- Marketing (p. 253)
- Marketing Analytics (p. 280)
- Supply Chain Management (p. 254)

Concentrations

CONCENTRATION IN ACCOUNTING

Code	Title	Hours
Required Courses		
ACCT 3401	Financial Reporting and Analysis 1	4
ACCT 4501	Financial Reporting and Analysis 2	4
Electives		
Complete two of the following:		8
ACCT 3403	Advisory Services and Emerging Accounting Systems	
ACCT 3416	Strategic Cost Analysis for Decision Making	
ACCT 4412	Auditing and Other Assurance Services	
ACCT 4414	Income Tax Determination and Planning	

CONCENTRATION IN ENTREPRENEURSHIP AND INNOVATION

Code	Title	Hours
Note: The following courses do not count toward this concentration:		
ENTR 1201	The Entrepreneurial Universe	
ENTR 3308	Business Economic History of South Africa	
ENTR 3318		
ENTR 3328		

ENTR 3338	Field Research in Sustainable Energy in Iceland	
ENTR 3346		
ENTR 4510	Management Consulting Abroad	
ENTR 4514	Development Practice and Global Citizenship in India	
Introductory Course		
ENTR 2301	Innovation!	4
or ENTR 2303	Entrepreneurial Marketing and Selling	
Capstone Course		
Complete one of the following:		4
ENTR 4501	Business Planning for Technology Ventures	
ENTR 4503	Business Planning for Small and Medium Enterprises	
ENTR 4505	Entrepreneurial Growth Strategy for Technology Ventures	
ENTR 4506	Advanced Studies in Social Enterprise	
Electives		
Note: Only one non-ENTR course may be used as an elective.		
Complete two of the following:		8
ENTR 2206	Global Social Enterprise	
ENTR 2215	Understanding Family Enterprise	
ENTR 2414	Social Responsibility of Business in an Age of Inequality	
ENTR 2301	Innovation! (if not used as introductory course)	
ENTR 2303	Entrepreneurial Marketing and Selling (if not used for introductory course)	
ENTR 3212	Innovation for Social Change	
ENTR 3217	Global Family Business Leadership	
ENTR 3220	International Entrepreneurship and Innovation Consulting	
ENTR 3305	Entrepreneurial Strategy and Business Model Design	
ENTR 3306	Global Entrepreneurship	
ENTR 3330	Lean Design and Development for Entrepreneurs	
ENTR 3401	Management of Operations and Growth in Small- and Medium-Sized Enterprises	
ENTR 3403	Managing Operations in a Technology-Based Startup Firm	
ENTR 3520	Impact Investing and Social Finance	
ENTR 4225	Growth, Acquisitions, and Alliances	
ENTR 4512	Social Entrepreneurship and Sustainable Development in India	
FINA 4610	Entrepreneurial Finance, Innovation Valuation, and Private Equity	
MGMT 3302	Negotiating in Business	

CONCENTRATION IN FINANCE

Code	Title	Hours
Required Course		
FINA 3301	Corporate Finance	4
or FINA 3303	Investments	

Electives

Complete three of the following:		12
ENTR 3520	Impact Investing and Social Finance	
or FINA 2720	Sustainability in the Business Environment	
FINA 3301	Corporate Finance (if not selected as a required course)	
FINA 3303	Investments (if not selected as a required course)	
FINA 4219	Portfolio Management	
FINA 4220	Behavioral Finance	
FINA 4310	Working Capital Management	
FINA 4312	Issues in Corporate Governance	
FINA 4320	International Financial Management	
FINA 4370	Financial Modeling	
FINA 4380	Financial Data Analytics with Python	
FINA 4410	Valuation and Value Creation	
FINA 4412	Personal Financial Planning	
FINA 4420	Mergers and Acquisitions	
FINA 4512	Financial Risk Management	
FINA 4514	Investment Banking	
FINA 4516	Real Estate Finance	
FINA 4524	Credit Analysis	
FINA 4526	Core Topics in Alternative Investments	
FINA 4983	Special Topics in Finance	
FINA 4602	Turnaround Management	
FINA 4604	Fixed-Income Securities	
FINA 4608	Advanced Financial Strategy	
FINA 4610	Entrepreneurial Finance, Innovation Valuation, and Private Equity	

CONCENTRATION IN MANAGEMENT

Code	Title	Hours
Required Course		
MGMT 4550	Management Consulting in Organizations	4
Electives		
Note: Only one non-MGMT course may be used as an elective.		
Complete three of the following:		12
MGMT 3302	Negotiating in Business	
MGMT 3315	Managing Organizational Change and Disruption	
MGMT 3340	Healthcare Management, Innovation, and Design	
MGMT 3350	Managing a Diverse Workforce	
MGMT 3360	Law and the Legal Process	
MGMT 3420	Managing Human Capital	
MGMT 3530	Project Management	
MGMT 4310	The Management Practices of Great Organizations	
MGMT 4410	Workforce Analytics	
ENTR 2215	Understanding Family Enterprise	
ENTR 2414	Social Responsibility of Business in an Age of Inequality	
ENTR 4225	Growth, Acquisitions, and Alliances	

CONCENTRATION IN MARKETING

Code	Title	Hours
Required Courses		
MKTG 3401	Marketing Research	4
MKTG 3301	Marketing Management	4
or MKTG 4506	Consumer Behavior	
Electives		
Complete two of the following:		8
MKTG 2301	Marketing and Society	
MKTG 3301	Marketing Management (if not selected as a required course)	
MKTG 3501	Marketing Analytics	
MKTG 4220	Marketing in Asia	
MKTG 4420	Sales Management	
MKTG 4502	Marketing in the Service Sector	
MKTG 4504	Advertising and Brand Promotion	
MKTG 4506	Consumer Behavior (if not selected as a required course)	
MKTG 4508	Digital Marketing	
MKTG 4510	New Product Development	
MKTG 4512	International Marketing	

CONCENTRATION IN SUPPLY CHAIN MANAGEMENT

Code	Title	Hours
Required Courses		
SCHM 3301	Global Supply Chain Strategy	4
SCHM 3305	Sourcing and Procurement	4
SCHM 3310	Logistics and Transportation Management	4
Elective		
Complete one of the following:		4
SCHM 3308	Supply Chain Analytics	
SCHM 3320	Demand Planning and Forecasting	
SCHM 4401	Advanced Problems in Supply Chain Management	

Plan of Study

Sample Patterns:

Four Years, Two Co-ops in Summer 2/Fall

Computer Science and Cognitive Psychology, BS

The computer science and cognitive psychology combined major provides a foundation in general psychology, psychology of language, cognition, and statistics—all supplemented by an experimental laboratory course, seminar course, and psychology electives. Students who choose this program often have a general interest in human psychology or specific interests in artificial intelligence or human-computer interaction.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1

CS 1210	Professional Development for Khoury Co-op	1
---------	---	---

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3500	Object-Oriented Design	4
CS 4100	Artificial Intelligence (Integrative course)	4
CS 4500 and CS 4501	Software Development and Recitation for CS 4500 (Integrative course)	4
IS 4300	Human Computer Interaction (Integrative course)	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective Courses

With advisor approval, a directed study, research, project study, or appropriate graduate-level course may also be taken as a computer science elective.

Complete twelve credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2000 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

Psychology Courses

Code	Title	Hours
Required Courses		
PSYC 1101	Foundations of Psychology	4
PSYC 2320	Statistics in Psychological Research	4
PSYC 3464	Psychology of Language	4
PSYC 3466	Cognition	4
Advanced Psychology		
PSYC 3452	Sensation and Perception	4
or PSYC 3458	Biological Psychology	
Laboratory in Psychology		
Complete one of the following:		4
PSYC 4610	Laboratory in Psycholinguistics	
PSYC 4612	Laboratory in Cognition	
PSYC 4622	Laboratory in Sensation and Perception	
Seminar in Psychology		
Complete one of the following:		4
PSYC 4658	Seminar in Psycholinguistics	
PSYC 4660	Seminar in Cognition	
PSYC 4668	Seminar in Sensation and Perception	
PSYC 4674	Seminar in Cognitive Neuroscience	

Psychology Electives

Note: Courses satisfying the categories above cannot be reused.

Complete two of the following: 8

PSYC 3402	Social Psychology	
PSYC 3404	Developmental Psychology	
PSYC 3450	Learning and Motivation	
PSYC 3451	Learning Principles and Behavior Analysis	
PSYC 3452	Sensation and Perception	
PSYC 3458	Biological Psychology	
PSYC 4512	Neuropsychology	
PSYC 4520	Language and the Brain	
PSYC 4522	Psychology of Reading	
PSYC 4524	Cognitive Development	
PSYC 4610	Laboratory in Psycholinguistics	
PSYC 4612	Laboratory in Cognition	
PSYC 4622	Laboratory in Sensation and Perception	
PSYC 4628	Laboratory in Developmental Psychology	
PSYC 4658	Seminar in Psycholinguistics	
PSYC 4660	Seminar in Cognition	
PSYC 4668	Seminar in Sensation and Perception	
PSYC 4674	Seminar in Cognitive Neuroscience	
PSYC 4676	Seminar in Developmental Psychology	
With prior approval, directed study research and Honors Project courses can also be counted:		
PSYC 4970	Junior/Senior Honors Project 1	
PSYC 4971	Junior/Senior Honors Project 2	
PSYC 4991	Directed Study Research	

Supporting Courses

Code	Title	Hours
Calculus		
A grade of C– or higher is required:		
MATH 1341	Calculus 1 for Science and Engineering	4
Computing and Social Issues		
Complete one of the following:		4
ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
ENGL 2150	Literature and Digital Diversity	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 3485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

Computer Science Writing Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
Advanced Writing in the Disciplines		

ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 32 credits of general electives.		32

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Understanding Societies and Institutions
- Analyzing and Using Data
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

133 total semester hours required

Computer Science and Communication Studies, BS

The computer science and communication studies combined major integrates practical skills and theory. Students will gain both a strong computer science foundation and a deep understanding of the major conceptual frameworks for human communication—plus how to apply this knowledge to solve problems in today's society.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	4
CS 4550	Web Development	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete 12 credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges: 12

- CS 2500 or higher, except CS 5010
- CY 2000 or higher, except CY 4930
- DS 2000 or higher, except DS 4900
- IS 2000 or higher, except IS 4900

Communication Studies Courses

Code	Title	Hours
------	-------	-------

Communication Studies Common Requirements

COMM 1101	Introduction to Communication Studies	4
COMM 1112 or COMM 2301	Public Speaking / Communication Research Methods	4

Foundation Course

Complete one of the following: 4

COMM 1210	Persuasion and Rhetoric	
COMM 1225	Communication Theory	
COMM 1231	Principles of Organizational Communication	
COMM 1255	Communication in a Digital Age	

Cluster Course

Complete one of the following: 4

COMM 1131	Sex, Relationships, and Communication	
COMM 2303	Global and Intercultural Communication	
COMM 2304	Communication and Gender	
COMM 2501	Communication Law	
COMM 2551	Free Speech in Cyberspace	

Writing-Intensive

Complete two of the following: 8

COMM 3200	Mobile Communication	
COMM 3201	Health Communication	
COMM 3230	Interpersonal Communication	
COMM 3304	Communication and Inclusion	
COMM 3320	Political Communication	
COMM 3414	Great Speakers and Speeches	
COMM 3415	Communication Criticism	
COMM 3445	Public Relations Principles	
COMM 3501	Free Speech: Law and Practice	
COMM 3530	Communication and Sexualities	
COMM 3532	Theories of Conflict and Negotiation	
COMM 3610	Communication, Politics, and Social Change	
COMM 4535	Nonverbal Social Interaction	

COMM 4605	Youth and Communication Technology	
COMM 4631	Crisis Communication and Image Management	

Communication Studies Electives

Complete three courses in the following range: ¹ 12

COMM 1131 to COMM 4996		
------------------------	--	--

¹ Special Topics in Communication Studies (COMM 4912), and Junior/Senior Honors Project 1 (COMM 4970) are excluded.

Supporting Courses

Code	Title	Hours
------	-------	-------

Mathematics

MATH 1341	Calculus 1 for Science and Engineering	4
-----------	--	---

Computing and Social Issues

Complete one of the following: 4

ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
ENGL 2150	Literature and Digital Diversity	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace

College Writing

ENGW 1111	First-Year Writing	4
-----------	--------------------	---

Advanced Writing in the Disciplines

Complete one of the following: 4

ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	
COMM 3409	Advocacy Writing ¹	

² If Advocacy Writing (COMM 3409) is selected it will also satisfy a communication studies elective requirement. One additional general elective will be then required in its place.

Required General Electives

Code	Title	Hours
------	-------	-------

Complete 32 credits of general electives. 32

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Understanding Societies and Institutions
- Employing Ethical Reasoning
- Writing in the First Year
- Advanced Writing in the Disciplines

- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Communication Studies Grade Requirement

No more than two grades below a C in communication studies courses may be used to fulfill degree requirements.

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, IS

Communication Studies GPA Requirement

Minimum 2.000 GPA required in all COMM courses

Program Requirement

133 total semester hours required

Computer Science and Criminal Justice, BS

For students interested in criminal justice in an increasingly digital world, the computer science and criminal justice combined degree offers a strong programming foundation coupled with academic and experiential knowledge of the criminal justice system. Students will learn the principles, practices, and responsibilities of criminal justice professionals alongside the computer science skills necessary for practical applications in the field.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Computer Science Courses

Code	Title	Hours
------	-------	-------

Computer Science Overview

CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1
or CRIM 2000	Co-op Integration Seminar 1	

Computer Science Fundamental Courses

A grade of C- or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
IS 2000	Principles of Information Science	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective Courses

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete 16 credits of upper-division CS, CY, DS, or IS courses that are not already required. Choose courses within the following ranges:	16
--	----

CS 2500 or higher, except CS 5010

CY 2000 or higher, except CY 4930

DS 2000 or higher, except DS 4900

IS 2000 or higher, except IS 4900

Criminal Justice Courses

Code	Title	Hours
------	-------	-------

Criminal Justice Required Courses

CRIM 1100	Introduction to Criminal Justice	4
CRIM 2100	Criminal Due Process	4
CRIM 2200	Criminology	4
CRIM 3600	Criminal Justice Research Methods	4
CRIM 3700	Criminal Justice Statistics	4

Criminal Justice Required Capstone

CRIM 4949	Senior Capstone Seminar	4
-----------	-------------------------	---

Thematic Elective

Complete one course from the following:	4	
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	

Survey Elective

Complete one course from the following:	4	
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	

CRIM 3040	Psychology of Crime
CRIM 3050	Organized Crime
CRIM 3200	Youth Crime and Justice
CRIM 3300	Punishment in the Age of Mass Incarceration
CRIM 3400	Corporate Security: Securing the Private Sector
CRIM 3500	Policing a Democratic Society

System-Wide Elective

Complete one course from the following:	4
CRIM 4010	Gender, Crime, and Justice
CRIM 4020	Race, Crime, and Justice

Criminal Justice Elective

Complete one additional CRIM elective.	4
--	---

Integrative Course Requirement

Code	Title	Hours
Complete one course from the following:		4
CRIM 4040	Crime Prevention	
CRIM 4630	Political Crime and Terrorism	
CRIM 4900	Advanced Seminar in Criminology and Criminal Justice	

Supporting Course

Code	Title	Hours
Complete one of the following:		4
ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
ENGL 2150	Literature and Digital Diversity	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 3485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

Computer Science English Requirement

Code	Title	Hours
Complete one of the following:		
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	
Complete one of the following:		
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3308	Advanced Writing in the Social Sciences	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 28 credits of general electives.		28

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Understanding Societies and Institutions
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

Computer Science and Design, BS

The combined major in computer science and design integrates fundamental design courses with a strong programming foundation. Students will declare a concentration in interaction design, graphic and information design, or experience design. Students in this major often have an interest in human-centered design methods used in developing digital interfaces and applications.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200 or ARTF 1000	Leadership Skill Development Art and Design at Northeastern	1
CS 1210	Professional Development for Khoury Co-op	1
or EEAM 2000	Professional Development for Co-op	

Computer Science Fundamental Courses

A grade of C- or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3500	Object-Oriented Design	4
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	4
IS 4300	Human Computer Interaction	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Computer Science Elective Courses

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete 8 credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010	8
CY 2000 or higher, except CY 4930	
DS 2000 or higher, except DS 4900	
IS 2000 or higher, except IS 4900	

Design Requirements

Code	Title	Hours
------	-------	-------

Design Courses

Complete one course in the following range. ARTF 1143 is recommended.

ARTF 1141 to ARTF 1149		4
ARTF 1122	2D Fundamentals: Surface and Drawing	4
ARTG 1250	Design Process Context and Systems	4
ARTG 2260	Programming Basics	4
ARTG 2250	Typography 1	4
ARTG 3350	Typography 2	4
ARTG 3451	Information Design 1	4

Art + Design History

Complete one of the following:

ARTH 1100	Interactive Media and Society	4
ARTH 1111	Global Art and Design History: Renaissance to Modern	
ARTH 2210	Modern Art and Design History	
ARTH 2211	Contemporary Art and Design History	
ARTH 2212	Survey of the Still and Moving Image	
ARTH 2215	History of Graphic Design	

Art + Design Elective

Complete any one 3000-level or higher ARTG, ARTE, ARTD, ARTH, ARTS or GAME course as long as prerequisites have been met.

Degree Capstone Project

ARTG 4550	Design Degree Project 1	4
-----------	-------------------------	---

Design Options

Complete one of the following options:

Code	Title	Hours
------	-------	-------

Interaction Design Option

ARTG 2400	Interaction Design 1: Responsive (with optional ARTG 2401)	4
ARTG 3700	Interaction Design 2: Mobile	4

Code	Title	Hours
------	-------	-------

Graphic and Information Design Option

ARTG 2252	Graphic Design 1	4
ARTG 3450	Graphic Design 2	4

Code	Title	Hours
------	-------	-------

Experience Design Option

ARTG 3462	Experience Design 1	4
ARTG 3463	Experience Design 2	4

Degree-Focused Electives

Code	Title	Hours
------	-------	-------

Complete two courses from the following lists:

Art + Design

ARTF 1120	Observational Drawing	
ARTF 1121	Conceptual Drawing	
ARTF 1124 and ARTF 1125	3D Fundamentals: Structure and Drawing and 3D Tools	
ARTF 2220	4D Fundamentals: Sequence and Drawing (with optional ARTF 2221)	
ARTD 2100	Narrative Basics	
ARTD 2360	Photo Basics (with optional ARTD 2361)	
ARTD 2370	Animation Basics (with optional ARTD 2371)	
ARTD 2380	Video Basics (with optional ARTD 2381)	
ARTG 2252	Graphic Design 1	
ARTG 2400	Interaction Design 1: Responsive (with optional ARTG 2401)	
ARTG 3450	Graphic Design 2	
ARTG 3250	Physical Computing	
ARTG 3351	Time-Based Design	
ARTG 3450	Graphic Design 2	
ARTG 3460	Identity and Brand Design	
ARTG 3462	Experience Design 1	
ARTG 3463	Experience Design 2	
ARTG 3700	Interaction Design 2: Mobile	
ARTG 4552	Information Design 2	
ARTG 4553	Environmental Information Design	
ARTG 4554	Typography 3	
ARTE 4901	Special Topics in Art and Design Studio	

Psychology

PSYC 1101	Foundations of Psychology	
PSYC 3452	Sensation and Perception	
PSYC 3464	Psychology of Language	
PSYC 3466	Cognition	

Computer Science

CS 3200	Database Design	
CS 3520	Programming in C++	
CS 3540	Game Programming	
CS 3650	Computer Systems	
CS 3700	Networks and Distributed Systems	
CS 3800	Theory of Computation	
CS 4100	Artificial Intelligence	

CS 4150	Game Artificial Intelligence
CS 4300	Computer Graphics
CS 4400	Programming Languages
CS 4520	Mobile Application Development
CS 4550	Web Development
CS 4850	Building Game Engines
IS 2000	Principles of Information Science
DS 3000	Foundations of Data Science
DS 4200	Information Presentation and Visualization
DS 4300	Large-Scale Information Storage and Retrieval
DS 4400	Machine Learning and Data Mining 1
DS 4420	Machine Learning and Data Mining 2
CS 4991	Research
CS 4992	Directed Study
CS 4993	Independent Study

Integrative Requirement

Code	Title	Hours
The following courses are used in the major but also count as the integrative requirement:		
IS 4300	Human Computer Interaction	
ARTG 2260	Programming Basics	

Supporting Course

Code	Title	Hours
Computing and Social Issues		
Complete one of the following: 4		
ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
ENGL 2150	Literature and Digital Diversity	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 3485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

Computer Science Writing Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
Advanced Writing in the Disciplines		
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 24 credits of general electives.		24

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Exploring Creative Expression and Innovation
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS and IS courses

Program Requirement

131 total semester hours required

Computer Science and Economics, BS

The combined major in computer science and economics integrates fundamental economics courses with a strong programming foundation. Studying both the behavior of individuals and the collective behavior of industries and governments, students will utilize computing skills to address complex issues within the field.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200 or ECON 1000	Leadership Skill Development Economics at Northeastern	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
CS 2800 and CS 2801	Logic and Computation and Lab for CS 2800	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
IS 2000	Principles of Information Science	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Comment: Complete 12 credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2000 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

Economics Requirements

Code	Title	Hours
Required Economics Courses		
A minimum grade of C (2.000) must be earned in each of the following required courses:		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics	4
ECON 2560	Applied Econometrics	4

Economics Electives

Complete four economics electives with no more than two below 3000: 16

ECON 1230	Healthcare and Medical Economics	
ECON 1240	Economics of Crime	
ECON 3290	History of the Global Economy	
ECON 3420	Urban Economic Issues	
ECON 3423	Environmental Economics	
ECON 3424	Law and Economics	
ECON 3425	Energy Economics	
ECON 3440	Public Finance	
ECON 4635	International Economics	
ECON 4681	Information Economics and Game Theory	

Economics Capstone

ECON 4692	Senior Economics Seminar	4

Computer Science and English, BS

The computer science and English combined major focuses on the increasingly interdisciplinary processes of creating, interpreting, and analyzing texts and programs. Students will combine communication and critical judgment, gaining the creativity and adaptability necessary to utilize technology in literary studies, and apply humanities skills to solve programming problems.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4

Computing Focus

Students are required to complete one of the following foci (two courses total): 8

Focus 1: Natural Language Processing

CS 3800	Theory of Computation	
CS 4120	Natural Language Processing	

Focus 2: Programming Languages

CS 3800	Theory of Computation	
CS 4400	Programming Languages	

Focus 3: Analytics

DS 3000	Foundations of Data Science	
DS 4200	Information Presentation and Visualization	

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Computer Science/Information Science Elective Course

IS 2000 or CS 4500	Principles of Information Science or Software Development	4
--------------------	---	---

Khoury Elective Courses

With advisor approval, a directed study, project study, or appropriate graduate-level course may also be taken as an upper-division elective.

Complete 4 credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges: 4

CS 2500 or higher, except CS 5010	
CY 2000 or higher, except CY 4930	
DS 2000 or higher, except DS 4900	
IS 2000 or higher, except IS 4900	

English Requirements

Code	Title	Hours
------	-------	-------

English Course-Level Requirement

In addition to the capstone, two of the courses chosen from the lists below must be numbered 3000–4999.

Introduction to College

ENGL 1000	English at Northeastern	1
-----------	-------------------------	---

Foundational Courses

ENGL 1400	Introduction to Literary Studies	4
ENGL 1160 or ENGL 1410	Introduction to Rhetoric or Introduction to Writing Studies	4

Diversity

Complete one of the following courses. This course may also be used to fulfill an additional English requirement below. 4

ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	

ENGL 2450	Postcolonial Literature
ENGL 2451	Postcolonial Women Writers
ENGL 2455	American Women Writers Race
ENGL 2460	Multiethnic Literatures of the U.S.
ENGL 2760	Writing in Global Contexts
ENGL 3663	The African-American Novel
ENGL 3676	Representing Gender and Sexuality in Literature
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity
ENGL/JWSS 3685	Modern and Contemporary Jewish Literature

Pre-Nineteenth-Century Literature

Complete one of the following: 4

ENGL 1600	Introduction to Shakespeare
ENGL 1700	Global Literature to 1500
ENGL 2240	17th-Century British Literature
ENGL 2296	Early African-American Literature
ENGL/JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity
ENGL 4000	Topics in Early Literatures
ENGL 4020	Topics in 17th- and 18th-Century Literatures

Nineteenth-, Twentieth-, and Twenty-First-Century Literature

Complete one of the following: 4

ENGL 2330	The American Renaissance
ENGL 3720	19th-Century Major Figure
ENGL 4040	Topics in 19th-Century Literatures
ENGL 2301	The Graphic Novel
ENGL 2440	The Modern Bestseller
ENGL 2600	Irish Literary Culture (Abroad)
ENGL 2610	Contemporary Israeli Literature and Art (Abroad)
ENGL/JWSS 3685	Modern and Contemporary Jewish Literature
ENGL 3730	20th- and 21st-Century Major Figure

Theories and Methods

Complete one of the following: 4

ENGL 1140	Grammar: The Architecture of English
ENGL 1160	Introduction to Rhetoric
ENGL 1410	Introduction to Writing Studies
ENGL 2150	Literature and Digital Diversity
ENGL 3325	Rhetoric of Law
ENGL 3340	Technologies of Text
ENGL 3370	Writing Cultures
ENGL 3381	The Practice and Theory of Teaching Writing
ENGL 3700	Narrative Medicine
ENGL 4400	Opening the Archive
ENGL 4410	Research in Rhetoric and Writing
LING 1150	Introduction to Language and Linguistics
LING 2350	Linguistic Analysis

LING 3450	Syntax
LING 3452	Semantics
LING 3454	History of English
LING 3456	Language and Gender
LING 3458	Topics in Linguistics

Comparative Literature

Complete one of the following: 4

ENGL 1450	Reading and Writing in the Digital Age
ENGL 1502	American Literature to 1865
ENGL 1503	American Literature 1865 to Present
ENGL 2150	Literature and Digital Diversity
ENGL 2380	The Modern Novel
ENGL 2420	Contemporary Poetry
ENGL 2430	Contemporary Fiction
ENGL 2450	Postcolonial Literature
ENGL 2451	Postcolonial Women Writers
ENGL 2455	American Women Writers Race
ENGL 2460	Multiethnic Literatures of the U.S.
ENGL 2510	Horror Fiction
ENGL 2520	Science Fiction
ENGL 2600	Irish Literary Culture (Abroad)
ENGL 2620	What Is Nature? (Abroad)
ENGL 2690	Boston in Literature
ENGL 3487	Film and Text (Abroad)
ENGL 3582	Children's Literature
ENGL 3663	The African-American Novel
ENGL 3676	Representing Gender and Sexuality in Literature

Writing

Complete one of the following: 4

ENGL 2700	Creative Writing
ENGL 2710	Style and Editing
ENGL 2740	Writing and Community Engagement
ENGL 2760	Writing in Global Contexts
ENGL 2770	Writing to Heal
ENGL 2780	Visual Writing: Writing Visuals
ENGL 2850	Writing for Social Media: Theory and Practice
ENGL 3375	Writing Boston
ENGL 3376	Creative Nonfiction
ENGL 3377	Poetry Workshop
ENGL 3378	Fiction Workshop
ENGL 3380	Topics in Writing
ENGL 3382	Publishing in the 21st Century
ENGL 3384	The Writer's Marketplace

CapstoneENGL 4710 Capstone Seminar 4
or ENGL 4720 Capstone Project**English Electives**

Complete two additional ENGL electives. 8

Integrative Course Requirement

This course will not be allowed to double-count in the Theories and Methods section above.

Code	Title	Hours
ENGL 3340	Technologies of Text	4

Supporting Course

Code	Title	Hours
Complete one of the following:		4
ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
ENGL 2150	Literature and Digital Diversity	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 3485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

Computer Science Writing Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	

Advanced Writing in the Disciplines

Complete one course from the following:		
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3309	Advanced Writing in the Humanities	
ENGW 3310	Advanced Writing in Literature	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 32 credits of general electives.		32

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS and IS courses

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Exploring Creative Expression and Innovation
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Computer Science and Environmental Science, BS

The computer science and environmental science combined major focuses on geological processes that greatly impact the earth, atmosphere, and water in oceans, lakes, and rivers. Understanding these processes requires acquisition and computational analysis of large amounts of data—underscoring the natural relationship between computer science and environmental science.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science and Game Development, BS

The computer science and game development combined major focuses on the specific skills needed to succeed in the highly competitive game industry. Students will engage in building and developing games and playable media experiences while completing courses in computer science and specialized game technology and design. Interdisciplinary courses enable students to develop their creative and entrepreneurial abilities, as well as create a strong portfolio of game pieces.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200 or ARTF 1000	Leadership Skill Development Art and Design at Northeastern	1
CS 1210 or EEAM 2000	Professional Development for Khoury Co-op Professional Development for Co-op	1

Computer Science Fundamental Courses

A grade of C- or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3500	Object-Oriented Design	4
CS 3520	Programming in C++ (Integrative course)	4
CS 3540	Game Programming (Integrative course)	4
CS 3650	Computer Systems	4
CS 3700	Networks and Distributed Systems	4
CS 4300	Computer Graphics (Integrative course)	4
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	4
CS 4850	Building Game Engines (Integrative course)	4

Computer Science Elective Course

CS 4150 or IS 4300	Game Artificial Intelligence (Integrative course) Human Computer Interaction	4
-----------------------	--	---

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Game Design Courses

Code	Title	Hours
Game Design Required		
ARTF 1142		4
GAME 2500	Foundations of Game Design	4
GAME 2950	Game Studio	4
GAME 3400	Level Design and Game Architecture	4
GAME 3800	Game Concept Development and Production	4
GAME 4700	Game Design Capstone 1	4
GAME 4701	Game Design Capstone 2	4
Game Design Elective		
GAME 1850 or GAME 3700	Experimental Game Design Rapid Idea Prototyping for Games	4

Khoury/Game-Related Electives

Complete three courses from the following:	12
Any course in ARTD, ARTE, ARTF, ARTG, ARTH, and GAME subject areas as long as prerequisites have been met.	
CS 2500 or higher, except CS 5010	
CY 2000 or higher, except CY 4930	
DS 2000 or higher, except DS 4900	
IS 2000 or higher, except IS 4900	
MATH 1342	Calculus 2 for Science and Engineering
ECON 2350	Statistics
or PSYC 2320	Statistics in Psychological Research

Supporting Courses

Code	Title	Hours
Psychology		
PSYC 1101	Foundations of Psychology	4
Mathematics		
A grade of C- or higher is required:		
MATH 1260	Math Fundamentals for Games (Integrative course)	4
MATH 1341	Calculus 1 for Science and Engineering	4

Computer Science Writing Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
Advanced Writing in the Disciplines		
Students are strongly encouraged to take Advanced Writing in the Technical Professions (ENGW 3302) but may substitute Interdisciplinary Advanced Writing in the Disciplines (ENGW 3315).		
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 12 credits of general electives.		12

Khoury College GPA Requirements

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses.

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Exploring Creative Expression and Innovation
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Understanding Societies and Institutions
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills through Experience is satisfied through co-op.

Program Requirement

133 total semester hours required

Plan of Study**Sample Pattern, Four Years, Two Co-ops****Year 1**

Computer Science and History, BS

The computer science and history combined major offers students the opportunity to gain both historical knowledge and a broad range of related analytical skills in both the humanities and computer science. You'll define a history course cluster according to a thematic principle, with a focus on quantitative analysis in the field, complementing your foundation in programming.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
IS 2000	Principles of Information Science	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective Courses

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete 16 credits of upper-division CS, CY, DS, or IS courses that are not already required. Choose courses within the following ranges:	16
CS 2500 or higher, except CS 5010	

CY 2000 or higher, except CY 4930

DS 2000 or higher, except DS 4900

IS 2000 or higher, except IS 4900

History Courses

Code	Title	Hours
------	-------	-------

History Required Courses

HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1

History Electives

Complete one introductory course from the following:	4
ASNS 1150	East Asian Studies
HIST 1120	Public History, Public Memory
HIST 1130	Introduction to the History of the United States
HIST 1170	Europe: Empires, Revolutions, Wars, and Their Aftermath
HIST 1180	African History
HIST 1185	Introduction to Middle Eastern History
HIST 1187	Introduction to Latin American History
HIST 1190	Picturing Modernity: The Photographic Image in Culture and Society
WMNS 1103	Introduction to Women's, Gender, and Sexuality Studies

Complete one course from the following: 4

HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804
HIST 1252	Japanese Literature and Culture
HIST 1270	Ancient Greece
HIST 1271	Ancient Rome
HIST 1285	Introduction to Russian Civilization
HIST 1389	History of Espionage 1: Antiquity to World War II
HIST 2330	Colonial and Revolutionary America

Complete three intermediate/advanced-level courses: 12
Select from any HIST course numbered 2303 or above.

Complete one advanced-level course: 4
Select from any HIST course numbered 3000 or above.

History Capstone Seminar or Senior Project

Complete one capstone experience from the following:	4
HIST 4701	Capstone Seminar
Public history concentrators may also select from the following:	
HIST 4903	Fieldwork in History 1

Integrative Course Requirement

Code	Title	Hours
HIST 2211	The World Since 1945	4

Supporting Courses

Code	Title	Hours
Research Methods		
Complete one course from the following:	4	

ECON 2350	Statistics
POLS 2400	Quantitative Techniques
PSYC 2320	Statistics in Psychological Research
SOCL 2320	Statistical Analysis in Sociology
ENVR 3300	Geographic Information Systems
ENVR 5260	Geographical Information Systems

Computing and Social Issues

Complete one of the following:		4
ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
ENGL 2150	Literature and Digital Diversity	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 3485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

Computer Science Writing Requirement

Code	Title	Hours
------	-------	-------

College Writing

ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	

Advanced Writing in the Disciplines

This requirement is satisfied by HIST 2302 taken in conjunction with HIST 2301.

Required General Electives

Code	Title	Hours
Complete 32 credits of general electives.		32

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

Computer Science and History GPA/Credit Requirement

Complete 98 semester hours in the major with a minimum 2.000 GPA

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing in the First Year
- Writing-Intensive in the Major
- Advanced Writing in the Disciplines
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

135 total semester hours required

Computer Science and Journalism, BS

The computer science and journalism combined major supports students who understand that journalism now takes place in both print and the digital world. Students will learn the principles, practices, and responsibilities of the journalism profession while gaining a deep understanding of the systems and technologies that support digital media.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
---------	---------------------	---

CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective Courses

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete 16 credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2000 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

At least one of these must be from the following list:

IS 4200	Information Retrieval	
IS 4300	Human Computer Interaction	

Journalism Major Requirements

Students transferring from outside institutions must complete a minimum of five 4-credit journalism courses at Northeastern, and these must include:

Code	Title	Hours
JRNL 2201	Journalism 2: Intermediate Reporting	
JRNL 2301	Visual Storytelling in Journalism	
JRNL 4650	Ethics and Issues in Journalism	

Code	Title	Hours
Journalism Courses		

A grade of C or higher is required:

JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Journalist's Toolbox	5
JRNL 2201	Journalism 2: Intermediate Reporting	4
JRNL 2301	Visual Storytelling in Journalism	4
JRNL 3610	Digital Storytelling and Social Media	4

Required Journalism

JRNL 1150	Understanding Today's News	4
JRNL 2350	The History of Journalism: How the News Became the News	4
JRNL 3550	The First Amendment and the Media	4
JRNL 4650	Ethics and Issues in Journalism	4

Journalism Electives

Complete two JRNL courses. 8

Journalism-Related Requirement

HIST 1130	Introduction to the History of the United States	4
-----------	---	---

Supporting Courses

Code	Title	Hours
Mathematics Requirement		
MATH 1341	Calculus 1 for Science and Engineering	4

Computing and Social Issues

Complete one of the following: 4

ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
ENGL 2150	Literature and Digital Diversity	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
PHIL 1145	Technology and Human Values

Computer Science and Linguistics, BS

The computer science and linguistics combined major provides students with extensive background in the formal structures of natural (human) languages, as well as methods and applications of linguistic and psycholinguistic analyses of human language data. This is combined with an emphasis in computer science on artificial intelligence and natural language processing techniques. The major provides excellent preparation for work or more advanced degrees focusing on computational linguistics, natural language processing, speech perception, spoken language interfaces, artificial intelligence, and a wide array of related fields.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1

Psychology Requirements		
PSYC 1101	Foundations of Psychology	4
PSYC 2320	Statistics in Psychological Research	4
PSYC 3464	Psychology of Language	4
Laboratory/Directed Study		
Complete one of the following:		4
LING 4891	Research Seminar in Linguistics	
LING 4991	Directed Study Research	
PSYC 4610	Laboratory in Psycholinguistics	
Seminar Requirement		
LING 4654 or PSYC 4658	Seminar in Linguistics or Seminar in Psycholinguistics	4
Linguistics Elective		
Complete one of the following:		4
DEAF 2700	ASL Linguistics	
LING 3420	Phonetics	
LING 3424	Morphology	
LING 3434	Bilingualism	
LING 3442	Sociolinguistics	
LING 3452	Semantics	
LING 3454	History of English	
LING 3456	Language and Gender	
LING 3458	Topics in Linguistics	
LING 3460	Historical Linguistics	
LING 4654	Seminar in Linguistics	
PSYC 3466	Cognition	
PSYC 4520	Language and the Brain	
PSYC 4522	Psychology of Reading	
PSYC 4524	Cognitive Development	
PSYC 4610	Laboratory in Psycholinguistics	
PSYC 4658	Seminar in Psycholinguistics	
PSYC 4660	Seminar in Cognition	
PSYC 4674	Seminar in Cognitive Neuroscience	
With prior approval, directed study research, independent study, and Honors Project courses can also be counted:		
LING 4891	Research Seminar in Linguistics	
LING 4970	Junior/Senior Honors Project 1	
LING 4971	Junior/Senior Honors Project 2	
LING 4991	Directed Study Research	
PSYC 4991	Directed Study Research

Computer Science and Mathematics, BS

The computer science and mathematics combined major was the first dual major created by the college. The mathematics requirements focus on courses that have computing applications or form the basis for further studies in mathematical theory. The program emphasizes the strong ties between computer science and mathematics that date back to the origins of machine computation in the 1930s and 1940s—and persist to this day.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800 (Integrative course)	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
CS 2800 and CS 2801	Logic and Computation and Lab for CS 2800	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3500	Object-Oriented Design	4
CS 3800	Theory of Computation	4
CS 4300	Computer Graphics (Integrative course) ¹	4
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective Courses

With advisor approval, a directed study, research, project study, or appropriate graduate-level course may also be taken as a computer science elective.

Complete eight credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010

CY 2000 or higher, except CY 4930

DS 2000 or higher, except DS 4900

IS 2000 or higher, except IS 4900

¹ CS 4300 satisfies the capstone requirement.

Mathematics Courses

Code	Title	Hours
Calculus Courses		
MATH 1341	Calculus 1 for Science and Engineering (a grade of C– or higher is required)	4
MATH 1342	Calculus 2 for Science and Engineering (a grade of C– or higher is required)	4
MATH 2321	Calculus 3 for Science and Engineering	4
Mathematics Courses		
MATH 2331	Linear Algebra	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
MATH 3081	Probability and Statistics	4
MATH 3175	Group Theory	4
MATH 3527	Number Theory 1	4

Mathematics Electives

Complete three courses in the following range: **12**
 MATH 3001 to MATH 4999 but not MATH 4000

Supporting Course

Code	Title	Hours
Complete one of the following: 4		
ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
ENGL 2150	Literature and Digital Diversity	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
PHIL 1145	Technology and Human Values

Computer Science and Media Arts, BS

The computer science and media arts combined major is ideal for creative students who love technology. Students will acquire a solid foundation in both fields through curriculum that spans photography, animation, video, database design, computer graphics, and human-computer interaction.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
or ARTF 1000	Art and Design at Northeastern	
CS 1210	Professional Development for Khoury Co-op	1
or EEAM 2000	Professional Development for Co-op	

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
CS 4300	Computer Graphics	4
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	4
IS 4300	Human Computer Interaction	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective Courses

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete 8 credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010	8
CY 2000 or higher, except CY 4930	
DS 2000 or higher, except DS 4900	
IS 2000 or higher, except IS 4900	

Computer Science Writing Requirement

Computer Science and Music with Concentration in Music Technology, BS

The computer science and music combined major with concentration in music technology focuses on the creative application of digital sound technologies to a broad range of artistic, social, and industrial purposes. An emphasis is maintained throughout on imaginative exploration, collaboration across disciplines, and real-world experience. It is designed to give students a firm foundation in music and computing for digital audio technologies. This program is recommended for students with a strong background in music prior to entering Northeastern.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond

specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
------	-------	-------

Computer Science Overview

CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	4
IS 4300	Human Computer Interaction (Integrative)	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete 8 credits of CS, CY, DS or IS classes that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010
CY 2000 or higher, except CY 4930
DS 2000 or higher, except DS 4900
IS 2000 or higher, except IS 4900

Music Courses

Code	Title	Hours
Music Theory and Composition		
MUSC 1201	Music Theory 1	4
MUSC 1202	Music Theory 2	4
MUSC 3541	Music Analysis Seminar	4
MUST 1301	Introduction to Composition	4
Music in Context		
MUSC 1001	Music in Everyday Life	4
Contemporary		

Complete one of the following: 4

MUSC 2101	Black Popular Music	4
MUSC 2150	Making a Musical: Analysis, Craft, and Creation	
MUSC 2310	Popular Music Since 1945	
MUSC 2317	Punk Rock	
MUSC 2320	40,000 Years of Music Technology	
MUSC 2340	Divas, DJs, and Double Standards	
MUSC 2351	Music, Sound, and the Screen	
MUSC 3560	Topics in Music since 1900	
MUSI 3401	Hip Hop in the Music Industry	

Music Technology

MUST 1220	Introduction to Music Technology	4
MUST 2431	Computer Music Fundamentals	4
MUSC 2350	Acoustics and Psychoacoustics of Music	4

Music Industry

Complete one of the following: 4

MUSI 1230	Introduction to Music Industry	
MUSI 2331	Music Recording 2	
MUSI 3335	Copyright Law for Musicians	

Music Technology Electives

Complete two of the following: 8

MUST 4610	Composition for Electronic Instruments	
MUST 3540	Special Topics in Music Technology	
MUSC 5101		

Music Technology Capstone

MUST 4611	Music Technology Capstone/Senior Recital	4
-----------	--	---

Foundations of Psychology

Code	Title	Hours
PSYC 1101	Foundations of Psychology	4

Computing and Social Issues

Complete one of the following: 4

Code	Title	Hours
ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
ENGL 2150	Literature and Digital Diversity	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 3485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

Computer Science English Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4

Advanced Writing in the Disciplines

ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 20 credits of general electives.		20

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Exploring Creative Expression and Innovation
- Interpreting Culture
- Conducting Formal and Quantitative Reasoning
- Understanding Societies and Institutions
- Analyzing and Using Data
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

Music Technology Major Grade Requirement

Students must maintain at least a 2.667 GPA (B- average) in the requirements of the music half of the combined major and also complete all required music courses with grades of at least C. Students who fail to meet the above standards will be placed on departmental probation; those who remain on probation for two consecutive semesters will be dropped from the major.

Program Requirement

133 total semester hours required

Computer Science and Philosophy, BS

The computer science and philosophy combined major offers an opportunity to obtain a fluency in formal logic, including logical proofs and the ability to represent arguments clearly and evaluate them for cogency. Students will find that logic plays a fundamental role in computer science as they experience an in-depth programming foundation. The philosophy curriculum also focuses on oral and written communication, as well as ethical and social issues related to computing and information technologies.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Computer Science Courses

Code	Title	Hours

Computer Science and Physics, BS

The computer science and physics combined major brings together three disciplines: computer science, physics, and mathematics. The mathematics requirements serve as a foundation for both computer science and physics. From hands-on experience with sophisticated physics instruments, to mathematical theory, to the latest computational innovations, our interdisciplinary approach will prepare students for the myriad challenges in today's rapidly changing world.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1
Computer Science Fundamental Courses		
A grade of C– or higher is required in all computer science fundamental courses except CS 1802:		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science and Political Science, BS

The computer science and political science combined major offers both a strong computer science foundation and a deep understanding of global and societal needs. You will become an engaged citizen of the world, participating in interdisciplinary scholarship and translational research to address regional and global issues.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
IS 2000	Principles of Information Science	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective Courses

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete 12 credits of upper-division CS, CY, DS, or IS courses that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010

CY 2000 or higher, except CY 4930

DS 2000 or higher, except DS 4900

IS 2000 or higher, except IS 4900

Political Science Courses

Code	Title	Hours
Political Science Requirements		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2399	Research Methods in Political Science	4
POLS 2400	Quantitative Techniques	4

Political Theory

Complete one of the following: 4

POLS 2325 Ancient Philosophy and Political Thought

POLS 2328 Modern Political Thought

POLS 2330 American Political Thought

POLS 2332 Contemporary Political Thought

Political Science Capstone

POLS 4701 Political Science Senior Capstone 4

Political Science Electives

Complete four courses in the following range: 16

POLS 2000 to POLS 5999

Integrative Requirement

Code	Title	Hours
Integrative Requirement		
Complete one of the following: 4		
POLS 2390	Science, Technology, and Public Policy	
POLS 3405	International Political Economy	
POLS 3406	International Law	
POLS 3408	International Security	

Supporting Course

Code	Title	Hours
Complete one of the following: 4		
ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
ENGL 2150	Literature and Digital Diversity	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
PHIL 1145	Technology and Human Values	
SOCL 3485	Environment, Technology, and Society	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 4528	Computers and Society	

Computer Science Writing Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	
Advanced Writing in the Disciplines		
Complete one of the following: 4		
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3308	Advanced Writing in the Social Sciences	
ENGW 3311	Advanced Writing for Prelaw	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 28 credits of general electives.		28

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

Computer Science and Political Science Major Credit Requirement

100 semester hours required in the major

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing in the First Year
- Writing-Intensive in the Major
- Advanced Writing in the Disciplines
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

133 total semester hours required

Computer Science and Sociology, BS

The social aspects to computing continue to grow, primarily with respect to communication and the internet. The computer science and sociology combined major examines this significant impact on society and how people communicate and share culture. Students will have an opportunity to gain a solid programming foundation, as well as the practical and theoretical skills needed to address the complex social and cultural issues in a period of far-reaching social change.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
------	-------	-------

Computer Science Overview

CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
IS 2000	Principles of Information Science	4

Computer Science Writing-Intensive Requirement

Complete one of the following: 4

CS 4500	Software Development	
IS 3500	Information System Design and Development	
DS 4200	Information Presentation and Visualization (Take DS 3000 either as a prerequisite of or concurrently with DS 4200.)	

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective Courses

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete 12 credits of upper-division CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges: 12

CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2000 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

Sociology Courses

Code	Title	Hours
Sociology Required Courses		
SOCL 1101	Introduction to Sociology	4
SOCL 2300	Social Theory	4
SOCL 2320	Statistical Analysis in Sociology	4
SOCL 2321	Research Methods in Sociology	4
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4

Sociology Electives		
Complete one sociology elective in each of the following ranges:		12
Introductory elective: SOCL 1000 to SOCL 1999		
Intermediate elective: SOCL 2000 to SOCL 3999		
Advanced elective: SOCL 4000 to SOCL 4999

Cybersecurity and Business Administration, BS

The cybersecurity and business combined major delivers a technical and security-focused degree with a strong grounding in business. Students will complete most of the requirements of a business major, including macroeconomics and microeconomics, while also focusing on the conceptual and practical computer science skills that will enable them to contribute to ensuring the reliability and security of cyberspace.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Cybersecurity Major Requirements

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1
Computer Science Fundamental Courses		
A grade of C- or higher is required in all computer science fundamental courses except CS 1802:		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
Computer Science Required Courses		
CS 3000	Algorithms and Data	4
CS 3500	Object-Oriented Design	4
CS 3650	Computer Systems	4
CS 3700	Networks and Distributed Systems	4
Cybersecurity Required Courses		
CY 2550	Foundations of Cybersecurity	4
CY 3740	Systems Security	4
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	4
or CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
CY 4740	Network Security	4

Cybersecurity Electives

If courses require prerequisites, those should be taken using general electives.

Complete one course from the following: 3-4

CS 2800	Logic and Computation
CS 4240	Large-Scale Parallel Data Processing
CS 4400	Programming Languages
CS 4500 and CS 4501	Software Development and Recitation for CS 4500
CS 4710	Mobile and Wireless Systems
CS 6710	Wireless Network
DS 4300	Large-Scale Information Storage and Retrieval
DS 4400	Machine Learning and Data Mining 1
CY 5200	Security Risk Management and Assessment
CY 5210	Information System Forensics
CY 5770	Software Vulnerabilities and Security
IS 4300	Human Computer Interaction
EECE 2160	Embedded Design: Enabling Robotics
EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322
EECE 3324	Computer Architecture and Organization
EECE 4534 and EECE 4535	Microprocessor-Based Design and Lab for EECE 4534
MATH 3527	Number Theory 1
MATH 4575	Introduction to Cryptography
COMM 2551	Free Speech in Cyberspace
CRIM 2200	Criminology
CRIM 3030	Global Criminology
CRIM 3400	Corporate Security: Securing the Private Sector
CRIM 4040	Crime Prevention
LPSC 1101	Introduction to Law
LPSC 2301	Introduction to Law, Policy, and Society
LPSC 3303	Topics in Law and Public Policy
PHIL 1145	Technology and Human Values
POLS 2390	Science, Technology, and Public Policy
POLS 3307	Public Policy and Administration
POLS 3324	Law and Society
POLS 3406	International Law
POLS 3408	International Security
POLS 3420	U.S. National Security Policy
POLS 3423	Terrorism and Counterterrorism

Presentation Requirement

FINA 4610	Entrepreneurial Finance, Innovation Valuation, and Private Equity	
MGMT 3302	Negotiating in Business	

CONCENTRATION IN FINANCE

Code	Title	Hours
Required Course		
FINA 3301	Corporate Finance	4
or FINA 3303	Investments	
Electives		
Complete three of the following:		12
ENTR 3520	Impact Investing and Social Finance	
or FINA 2720	Sustainability in the Business Environment	

FINA 3301	Corporate Finance (if not selected as a required course)
FINA 3303	Investments (if not selected as a required course)
FINA 4219	Portfolio Management
FINA 4220	Behavioral Finance
FINA 4310	Working Capital Management
FINA 4312	Issues in Corporate Governance
FINA 4320	International Financial Management
FINA 4370	Financial Modeling
FINA 4380	Financial Data Analytics with Python
FINA 4410	Valuation and Value Creation
FINA 4412	Personal Financial Planning
FINA 4420	Mergers and Acquisitions
FINA 4512	Financial Risk Management
FINA 4514	Investment Banking
FINA 4516	Real Estate Finance
FINA 4524	Credit Analysis
FINA 4526	Core Topics in Alternative Investments
FINA 4983	Special Topics in Finance
FINA 4602	Turnaround Management
FINA 4604	Fixed-Income Securities
FINA 4608	Advanced Financial Strategy
FINA 4610	Entrepreneurial Finance, Innovation Valuation, and Private Equity

CONCENTRATION IN MANAGEMENT

Code	Title	Hours
Required Course		
MGMT 4550	Management Consulting in Organizations	4

Electives

Note: Only one non-MGMT course may be used as an elective.

Complete three of the following: 12

MGMT 3302	Negotiating in Business
MGMT 3315	Managing Organizational Change and Disruption
MGMT 3340	Healthcare Management, Innovation, and Design
MGMT 3350	Managing a Diverse Workforce
MGMT 3360	Law and the Legal Process
MGMT 3420	Managing Human Capital
MGMT 3530	Project Management
MGMT 4310	The Management Practices of Great Organizations
MGMT 4410	Workforce Analytics
ENTR 2215	Understanding Family Enterprise
ENTR 2414	Social Responsibility of Business in an Age of Inequality
ENTR 4225	Growth, Acquisitions, and Alliances

CONCENTRATION IN MARKETING

Code	Title	Hours
Required Courses		
MKTG 3401	Marketing Research	4

MKTG 3301	Marketing Management	4
or MKTG 4506	Consumer Behavior	

Electives

Complete two of the following: 8

MKTG 2301	Marketing and Society
MKTG 3301	Marketing Management (if not selected as a required course)
MKTG 3501	Marketing Analytics
MKTG 4220	Marketing in Asia
MKTG 4420	Sales Management
MKTG 4502	Marketing in the Service Sector
MKTG 4504	Advertising and Brand Promotion
MKTG 4506	Consumer Behavior (if not selected as a required course)
MKTG 4508	Digital Marketing
MKTG 4510	New Product Development
MKTG 4512	International Marketing

CONCENTRATION IN SUPPLY CHAIN MANAGEMENT

Code	Title	Hours
Required Courses		
SCHM 3301	Global Supply Chain Strategy	4
SCHM 3305	Sourcing and Procurement	4
SCHM 3310	Logistics and Transportation Management	4

Elective

Complete one of the following: 4

SCHM 3308	Supply Chain Analytics
SCHM 3320	Demand Planning and Forecasting
SCHM 4401	Advanced Problems in Supply Chain Management

Plan of Study

Sample Patterns:

Four Years, Two Co-ops in Summer 2/Fall

Year 1							
Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours

Cybersecurity and Criminal Justice, BS

The cybersecurity and criminal justice combined degree applies a multidisciplinary approach to ensuring the reliability and security of cyberspace. The program will provide students with a strong programming foundation coupled with academic and experiential knowledge of the criminal justice system. Students learn how social behavior, policy, and legal rules can affect cybersecurity and utilize comparative social science to understand, predict, and explain crime.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Cybersecurity Major Requirements

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
or CRIM 1000	Criminal Justice at Northeastern	

CS 1210	Professional Development for Khoury Co-op	1
---------	---	---

Computer Science Fundamentals Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3500	Object-Oriented Design	4
CS 3650	Computer Systems	4
CS 3700	Networks and Distributed Systems	4

Cybersecurity Required Courses

CY 2550	Foundations of Cybersecurity	4
CY 3740	Systems Security	4
CY 4740	Network Security	4

Cybersecurity Elective

Complete one of the following: 4

CS 2800	Logic and Computation	
CS 4710 or CS 6710	Mobile and Wireless Systems Wireless Network	
CS 4400	Programming Languages	
CS 4500	Software Development	
CS 4240	Large-Scale Parallel Data Processing	
CY 4770	Cryptography	
DS 4300	Large-Scale Information Storage and Retrieval	
DS 4400	Machine Learning and Data Mining 1	
CY 5200	Security Risk Management and Assessment	
CY 5210	Information System Forensics	
CY 5770	Software Vulnerabilities and Security	
IS 4300	Human Computer Interaction	
EECE 2160	Embedded Design: Enabling Robotics	
EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322	
EECE 3324	Computer Architecture and Organization	
EECE 4534 and EECE 4535	Microprocessor-Based Design and Lab for EECE 4534	
MATH 3527	Number Theory 1	
MATH 4575	Introduction to Cryptography	
COMM 2551	Free Speech in Cyberspace	
LPSC 1101	Introduction to Law	
LPSC 2301	Introduction to Law, Policy, and Society	
LPSC 3303	Topics in Law and Public Policy	
PHIL 1145	Technology and Human Values	
POLS 2390	Science, Technology, and Public Policy	
POLS 3307	Public Policy and Administration	
POLS 3324	Law and Society	

POLS 3406	International Law	
POLS 3408	International Security	
POLS 3420	U.S. National Security Policy

Supporting Courses

Code	Title	Hours
MATH 1341	Calculus 1 for Science and Engineering	

Computer Science Writing Requirement

Code	Title	Hours
------	-------	-------

College Writing

Complete one of the following: 4

ENGW 1111	First-Year Writing	
ENGW 1102	First-Year Writing for Multilingual Writers	

Advanced Writing in the Disciplines

Complete one of the following: 4

ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3308	Advanced Writing in the Social Sciences	
ENGW 3311	Advanced Writing for Prelaw	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Criminal Justice Requirements

Code	Title	Hours
------	-------	-------

Core Requirements

CRIM 1100	Introduction to Criminal Justice	4
CRIM 2100	Criminal Due Process	4
CRIM 2200	Criminology	4
CRIM 3600	Criminal Justice Research Methods	4
CRIM 3700	Criminal Justice Statistics	4

Thematic Elective

Complete one of the following: 4

CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	

Survey Elective

Complete one of the following: 4

CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3200	Youth Crime and Justice	
CRIM 3300	Punishment in the Age of Mass Incarceration	

System-Wide Elective

Complete one of the following: 4

CRIM 4010	Gender, Crime, and Justice	
CRIM 4020	Race, Crime, and Justice	

Criminal Justice Elective

Complete one CRIM course.	4
Criminal Justice Capstone	
Complete one of the following:	4
CRIM 4949 Senior Capstone Seminar	
CY 4930 Cybersecurity Capstone	
CY 4940 Research Projects on National Security	

Criminal Justice Co-op Integration

Code	Title	Hours
Co-op students should complete at least one of the following courses. CRIM 3000 is required for the first co-op. CRIM 4000 is required if a second co-op is taken:		
CRIM 3000	Co-op Integration Seminar 2	1
CRIM 4000	Co-op Integration Seminar 3	1

Integrative Requirement

Code	Title	Hours
Cybersecurity Integrative Course		
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	4
or CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	

Criminal Justice Integrative Course

Complete one of the following:	4	
CRIM 4040	Crime Prevention	
CRIM 4630	Political Crime and Terrorism	
CRIM 3050	Organized Crime	
CRIM 3400	Corporate Security: Securing the Private Sector	
CRIM 3500	Policing a Democratic Society	
CRIM 5900	Topics in Criminal Justice and Criminology	

Required General Electives

Code	Title	Hours
Complete 24 credits of general electives.		24

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses.

Program Requirement

133 total semester hours required.

Data Science and Biochemistry, BS

The Data Science and Biochemistry Major combines computer science, biochemistry, biology, information science, mathematics, and statistics into an integrated curriculum. The program engages students in rigorous course work designed to prepare students to interpret the ever-expanding knowledge base.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Data Science Requirements

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Foundations

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4

Data Science Foundations

DS 3000	Foundations of Data Science	4
DS 4200	Information Presentation and Visualization	4
DS 4300	Large-Scale Information Storage and Retrieval	4
DS 4400	Machine Learning and Data Mining 1	4

Khoury Elective

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete four credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010		
DS 2000 or higher, except DS 4900		
CY 2000 or higher, except CY 4930		
IS 2000 or higher, except IS 4900		

Supporting Courses for Data Science

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Statistics Foundations

Complete one of the following:		4
ENVR 2500 and ENVR 2501	Biostatistics and Lab for ENVR 2500	
MATH 3081	Probability and Statistics	

Computer Science Writing Requirement

Code	Title	Hours
College Writing		
ENGW 1111 or ENGW 1102	First-Year Writing for Multilingual Writers	4

Data Science and Biology, BS

The data science and biology major provides a strong foundation in biology, chemistry, and mathematics, as well as software development and algorithms. Students study the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data from small to large volumes. Students also explore the organization and processes of life across broad areas of the field, from molecules and cells through organs and organ systems to populations, ecosystems, and evolution.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Data Science Requirements

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1
Computer Science Foundations		
A grade of C– or higher is required in all computer science foundations courses except CS 1802:		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
Computer Science Required Courses		
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
Data Science Foundations		
DS 3000	Foundations of Data Science	4

DS 4200	Information Presentation and Visualization	4
DS 4300	Large-Scale Information Storage and Retrieval	4
DS 4400	Machine Learning and Data Mining 1	4

Khoury Elective

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete four credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010

CY 2000 or higher, except CY 4930

DS 2000 or higher, except DS 4900

IS 2000 or higher, except IS 4900

Data Science and Behavioral Neuroscience, BS

The data science and behavioral neuroscience major combines the disciplines of biology, psychology, computer science, and data science into an integrated curriculum. The human brain is a complex information processing system requiring scientists to analyze, integrate, and share large data sets garnered from multiple techniques that image and record the activity of the brain at work. Students investigate the anatomy and physiology of neural circuits that underlie brain mechanisms and pathological states that give rise to behavioral functions. Students have an opportunity to develop skills in large-scale data manipulation and storage, machine learning, data mining, and information visualization necessary to execute big brain-mapping initiatives including human neuroconnectivity maps.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

Data Science and Business Administration, BS

The data science and business combined major integrates a technical degree with the theory and practice of management through active learning, problem-driven research, corporate partnerships, and experiential assignments. Students study the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data from small to large volumes. This program reflects the impact of data in modern business practice.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

ACCT 2301	Managerial Accounting	4
FINA 2201	Financial Management	4
INTB 1203	International Business and Global Social Responsibility	4
ORGB 3201	Organizational Behavior	4
MKTG 2201	Introduction to Marketing	4
MGSC 2301	<i>Business Statistics</i>	4
Complete one of the following:		
SCHM 2301	Supply Chain and Operations Management	4
MISM 2301	Management Information Systems	4
ENTR 2301	Innovation!	4

Business Concentration

Complete a four-course business concentration from the following list. Requirements for the concentrations are listed below (p.).

- Accounting (p.)
- Entrepreneurship and Innovation (p.)
- Finance (p.)
- Management (p.)

- Marketing (p.)
- Supply Chain Management (p.)

Integrative Course

Code	Title	Hours
BUSN 5001	Data-Driven and Technology-Enabled Value Creation in Digital Economy	4

Supporting Courses

Code	Title	Hours
Mathematics		
MATH 1341	Calculus 1 for Science and Engineering	4
or MATH 1231	Calculus for Business and Economics	
Economics		
ECON 1115	Principles of Macroeconomics	4
or ECON 1116	Principles of Microeconomics	

Computer Science Writing Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
Advanced Writing in the Disciplines		
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 16 credits of general electives.		16

Business Cooperative Education Requirement

Complete one six-month co-op experience.

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

Business GPA Requirement

Minimum 2.000 GPA required in business courses

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Ethical Reasoning
- Interpreting Culture
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Understanding Societies and Institutions
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Data Science and Ecology and Evolutionary Biology, BS

The combined major in data science and ecology and evolutionary biology provides a strong foundation in the fundamentals of ecology and evolutionary biology, including focal points in population, community, and ecosystem ecology; evolutionary ecology and biology; conservation biology; population genetics; behavior; and ecological and evolutionary genomics. Data science allows students to study the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data from

small to large volumes. The interdisciplinary nature of the major fosters critical thinking and creativity in scientific problem solving.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Data Science Course Work

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1
Computer Science Fundamental Courses		
A grade of C– or higher is required in all computer science fundamental courses except CS 1802:		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
Computer Science Required Courses		
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
Presentation Requirement

Data Science and Environmental Science, BS

The data science and environmental science combined major focuses on geological processes that greatly impact the earth, atmosphere, and water in oceans, lakes, and rivers. Understanding these processes requires acquisition and analysis of large amounts of data—an ideal fit with data science, where students study the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data from small to large volumes.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Data Science and Health Science, BS

The health science and computer science combined major offers a solid academic and experiential foundation integrating studies in health administration, computer science, mathematics, and statistics. This program reflects the impact of data in modern healthcare and prepares students for success in careers in health administration, community-based health promotion, public health, and big data analysis.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Data Science Requirements

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1

CS 1210	Professional Development for Khoury Co-op	1
---------	--	---

Computer Science Foundation

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3500	Object-Oriented Design	4
CS 3200	Database Design	4

Information Science Requirement

IS 4300	Human Computer Interaction	4
---------	----------------------------	---

Data Science Foundations

DS 3000	Foundations of Data Science	4

Data Science and Journalism, BS

The data science and journalism combined major offers students an opportunity to gain the skills to be able to engage in both the print and digital worlds of journalism. Students study the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data. Combined with learning the principles, practices, and responsibilities of journalism, students can extract meaning from massive information flows and utilize it in effective investigative reporting.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1
Computer Science Fundamental Courses		
A grade of C– or higher is required in all computer science fundamental courses except CS 1802:		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
Computer Science Required Courses		
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	4
Data Science Foundations		
DS 3000	Foundations of Data Science	4
DS 4200	Information Presentation and Visualization	4
DS 4300	Large-Scale Information Storage and Retrieval	4

DS 4400	Machine Learning and Data Mining 1	4
DS 4900	Data Science Senior Project	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective Courses

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete 4 credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010

CY 2000 or higher, except CY 4930

DS 2000 or higher, except DS 4900

IS 2000 or higher, except IS 4900

Journalism Major Requirements

Students transferring from outside institutions must complete a minimum of five 4-credit journalism courses at Northeastern, and these must include:

Code	Title	Hours
JRNL 2201	Journalism 2: Intermediate Reporting	
JRNL 2301	Visual Storytelling in Journalism	
JRNL 4650	Ethics and Issues in Journalism	

Code	Title	Hours
------	-------	-------

Journalism Courses

A grade of C or higher is required:

JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Journalist's Toolbox	5
JRNL 2201	Journalism 2: Intermediate Reporting	4
JRNL 2301	Visual Storytelling in Journalism	4
JRNL 3610	Digital Storytelling and Social Media	4

Required Journalism

JRNL 1150	Understanding Today's News	4
JRNL 3550	The First Amendment and the Media	4
JRNL 4650	Ethics and Issues in Journalism	4

Journalism Electives

Complete three JRNL courses. 12

Supporting Courses

Code	Title	Hours
------	-------	-------

Mathematics Requirement

MATH 1341	Calculus 1 for Science and Engineering	4
-----------	--	---

Statistics Foundation

ECON 2350	Statistics	4
-----------	------------	---

Writing Requirement

Code	Title	Hours

College Writing

ENGW 1111	First-Year Writing	4
-----------	--------------------	---

Advanced Writing in the Disciplines

JRNL 2301	Visual Storytelling in Journalism	4
-----------	-----------------------------------	---

Computing and Social Issues

Complete one of the following: 4

ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks
PHIL 1145	Technology and Human Values
SOCL 1280	The Twenty-First-Century Workplace
SOCL 3485	Environment, Technology, and Society
SOCL 4528	Computers and Society

Integrative Requirement

Code	Title	Hours
Complete one of the following:		4
JRNL 3700		
JRNL 5500		

Required General Electives

Code	Title	Hours
Complete 16 credits of general electives.		16

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Exploring Creative Expression and Innovation
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Understanding Societies and Institutions
- Employing Ethical Reasoning
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, IS courses

Journalism GPA Requirement

Minimum 2.000 GPA required in all JRNL courses

Program Requirement

134 total semester hours required

Data Science and Psychology, BS

The psychology and data science combined major offers an integrative curriculum in the study of mind, brain, and behavior and in the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data from small to large volumes. The study of psychology draws upon empirical research with both humans and animals to investigate and seek explanations for the behavior and mental life of individuals and develop assessment tools and treatment options for addressing clinical problems. In this program, students have an opportunity to augment such knowledge with skills in big data analysis, data science, and data analytics.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Data Science Requirements

Code	Title	Hours

Accelerated Bachelor/Graduate Degree Programs

Northeastern University offers a number of PlusOne bachelor's/master's degree programs that allow students to accelerate the completion of the bachelor's degree by applying graduate credits taken as an undergraduate toward both the undergraduate and graduate degrees. Generally, both degrees may be earned in one more year than is the normal time allotted for completion of the bachelor's degree. See additional information on PlusOne Bachelor's/Master's programs (<http://www.northeastern.edu/plusone/>).

Programs

COEAdvising@northeastern.edu

The mission of the College of Engineering is to provide a teaching, learning, and research environment that results in the highest-quality education for our students. Consistent with this goal, while providing a practice-oriented, experiential, and interdisciplinary program, the College of Engineering seeks to prepare students to contribute to the accumulation and application of technical knowledge. The college further seeks to help students master the fundamental mathematical and scientific principles underlying a particular branch of engineering; develop and demonstrate competence in analysis and design appropriate to an engineering specialization; reason clearly and communicate effectively; and recognize the need to continue professional development.

Through laboratory exercises, senior design projects, professional association activities, cooperative work assignments, and other experiential opportunities, students put theory into practice and clarify their professional goals.

The college offers a Bachelor of Science degree with specializations in bioengineering, chemical engineering, civil engineering, computer engineering, electrical engineering, environmental engineering, industrial engineering, and mechanical engineering. Five-year and four-year options are available to complete the Bachelor of Science degree program. The five-year option includes 18 months of cooperative education work experience, and the four-year option includes 12 months of cooperative education experience. Customized four-year programs without co-op experience are also available.

The college encourages students to study the arts, sciences, business, and other areas outside engineering to allow for an increased awareness of the social, economic, political, aesthetic, and philosophical influences that shape the world in which graduates will practice their professions. Students may complete a minor in different areas such as business, computer science, biomedical engineering, math, or music. In many cases, the minor can be completed without course overloads.

The college also offers an array of international educational experiences, including a number of study-abroad options, international cooperative educational experiences, and Dialogue of Civilizations classes (which offer a four- to six-week opportunity to study engineering or a related field in the context of an international experience).

In addition to a full array of university services, specialized advising and other support services (including tutoring) are provided. Students in the University Honors Program may participate in honors sections of a number of courses. Active student chapters of many national professional engineering organizations and honor societies are supported

by the college as an enriching addition to academic studies and co-op experience.

Academic Standards

ACADEMIC PROGRESSION STANDARDS

In addition to meeting university progression standards, it is expected that full-time engineering students enroll in four courses with appropriate labs and recitations and successfully complete at least 12 semester hours each academic semester with an acceptable GPA as noted below. Any exceptions to the course load requirement must be approved in writing by the student's academic advisor prior to the start of each semester.

GPA REQUIREMENTS FOR GRADUATION

A minimum cumulative GPA requirement of 2.000 in major (department) courses and a minimum cumulative GPA requirement of 2.000 overall are required for graduation.

CRITERIA FOR ACADEMIC PROBATION

Full-time students in the College of Engineering will be placed on academic probation effective for the following academic semester for any of the reasons noted below:

First-year Students:

- Not maintaining a semester GPA of at least a 1.800 at the end of each full-term semester (fall, spring) of the first-year curriculum
- Not earning at least 12 semester hours at the end of each semester of the first-year curriculum
- Not earning at least 24 semester hours at the end of the two full-term semesters (fall, spring) of the first-year curriculum

Upper-class and Transfer Students:

- Not earning at least 12 semester hours in the academic full-term semester (fall, spring) just completed
- Not maintaining an overall cumulative GPA of at least 2.000 at the end of each full-term academic semester (fall, spring)
- Not maintaining a GPA of at least a 2.000 in the major at the end of the fourth academic full-term semester of the curriculum and at the end of each full-term academic semester (fall, spring) thereafter
- Accumulating three outstanding course deficiencies (grades of F, I, W, NE, U, or missing grades)
- Earning a full-term semester (fall, spring) GPA of 1.800 or lower
- Not following a program of study approved by the student's academic advisor

A notation of the academic probation action will appear on the internal record but not on the permanent transcript.

CRITERIA FOR ACADEMIC DISMISSAL

Students who have below a 1.000 GPA in any academic term following their first semester or cumulatively may be dismissed, regardless of their prior academic status, at the discretion of the college.

Full-time students on academic probation in the College of Engineering are eligible for academic dismissal from the university for any of the reasons noted below:

- Earning less than a 1.800 GPA in a current term (fall, spring, summer, summer 1, or summer 2)

- Completing fewer than 12 semester hours in a full-term (fall, spring) academic semester
- Not following a program of study approved by the student's academic advisor
- Remaining on academic probation after two full-term (fall, spring) academic semesters

Notation of this academic dismissal action will appear on the permanent transcript.

PASS/FAIL COURSE WORK

Students may elect to take courses on a pass/fail basis in accordance with university policy. A maximum of two courses may be taken pass/fail toward fulfillment of degree requirements in the College of Engineering. A maximum of one pass/fail course is allowed per semester. Only general electives taken outside the College of Engineering may be taken on a pass/fail grading basis.

GRADUATION REQUIREMENTS

The college reserves the right to amend programs, courses, and degree requirements to fulfill its educational responsibility to respond to relevant changes in the field.

Students must complete all of the requirements in the degree program in which they are candidates. Degree requirements are based upon the year of graduation, determined by the date of entry or reentry into the College of Engineering. Degree requirements and the year of graduation for a degree candidate who fails to make normal academic progress will be subject to review and possible change.

PROGRESSION TOWARD FULFILLMENT OF DEGREE REQUIREMENTS

Students are expected to develop and follow a program of study outlining scheduled course work to complete degree requirements. If changes to the year of graduation are to be made after completion of the third year of study in the major program curriculum, revised plans should be submitted to an academic advisor for review and approval. Students pursuing a minor course of study should declare their minor no later than the third year.

Interdisciplinary Minors

- Entrepreneurial Engineering, Minor (p. 392)
- Design and Innovation in Engineering, Minor (<http://catalog.northeastern.edu/undergraduate/engineering/interdisciplinary-minors/design-innovation-engineering-minor/>)
- Materials Science and Engineering, Minor (p. 393)
- Sustainable Energy Systems, Minor (p. 393)

Entrepreneurial Engineering, Minor

The entrepreneurial engineering minor is designed for the technology-minded entrepreneur who seeks to understand disciplinary fundamentals, assess market needs, create technologies, and determine how to manufacture solutions sustainably and economically. The course requirements for the minor are designed to incorporate both engineering elements (product development and prototyping) and creative elements (product design), along with market and societal considerations (customer discovery and needs assessment). The elective option provides an opportunity to specialize in one of three areas: manufacturing, design, or venture creation. Versions of this minor are available for both engineering and nonengineering majors. Sign up for the minor by contacting your academic advisor.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Core Courses

Code	Title	Hours
For Undergraduates in the College of Engineering		
GE 5010	Customer-Driven Technical Innovation for Engineers	4
GE 5020	Engineering Product Design Methodology	4
GE 5030	Iterative Product Prototyping for Engineers	4
GE 5100	Product Development for Engineers	4
For Undergraduates outside the College of Engineering		
GE 1110	Engineering Design	4
Complete three of the following:		
GE 5010	Customer-Driven Technical Innovation for Engineers	4
GE 5020	Engineering Product Design Methodology	4
GE 5030	Iterative Product Prototyping for Engineers	4
GE 5100	Product Development for Engineers	4

GPA Requirement

2.000 GPA required in the minor

Materials Science and Engineering, Minor

Materials Science and Engineering

The study of materials science and engineering has spurred breakthroughs in applications ranging from artificial limbs and organs, to space travel vehicles, to personal MP3 players. For example, the discovery of buckyballs and carbon nanotubes has led to the development of an unprecedented reduction in size of prototype electronic components and points the way to tomorrow's electronic technologies. Porous nanostructures of biocompatible materials are studied for targeted drug delivery within the body. The integration of polymers and semiconductors is used to create efficient, usable solar cells to reduce our dependence on fossil fuels. There are many more examples of both existing technologies and current research areas involving materials science and engineering that impact everyday life both today and in the future.

The minor in materials science and engineering is open to all students of the College of Engineering whose science and technical interests involve the design, processing, and optimization of engineering materials. Since the materials interests may vary across the engineering disciplines, the minor is composed of an interdisciplinary selection of courses that offer a high degree of flexibility to the student. The fundamental goals of the program are to offer the student a broad interdisciplinary program that includes a basic background in the relevant aspects of materials science and the engineering applications of materials. The objectives are to serve the needs of the chemical, civil, electrical, and mechanical engineering departments in providing a vehicle to expose students to materials science and engineering. Particular focus areas include electronic materials and processing for device applications; strength, wear, and corrosion-resistant coatings; molecular-level design of thin films and nanostructures; polymers and biomedical applications; and steels, concretes, and space-based structures.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Course

Code	Title	Hours
ME 2340	Introduction to Material Science	4

Electives

Code	Title	Hours
Complete three courses from the following disciplines:		11-13

Bioengineering

BIOE 5820	Biomaterials

Capstone Design

Code	Title	Hours
Complete one of the following major capstone requirements: ¹		4-5
BIOE 4792	Capstone Design 2	
CHME 4703	Capstone Design 2: Chemical Process Design	
CIVE 4765	Senior Design Project—Environmental	
CIVE 4767	Senior Design Project—Structural	
CIVE 4768	Senior Design Project—Transportation	
EECE 4792	Electrical and Computer Engineering Capstone 2	
MEIE 4702	Capstone Design 2	

GPA Requirement

2.000 GPA required in the minor

¹ Students may complete 4 semester hours of elective course work in place of the capstone design project (if major does not have a capstone design project requirement).

Sustainable Energy Systems, Minor

The sustainable energy systems minor is an interdisciplinary selection of courses designed to offer flexibility and exposure to the principles and applications of sustainable energy systems that are needed to meet the challenges of the world's growing energy needs. Students have

an opportunity to learn technical skills, analysis techniques, design strategies, and principles of economics and energy policy in topic areas including traditional (fossil fuel), alternative, renewable, and sustainable energy sources and energy system applications.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: Courses required to fulfill a major requirement (i.e., those that are specifically listed by course number and name on the curriculum sheet) may not be used to fulfill minor requirements. However, one engineering course from this minor with course number 4000 to 5999 in the student's major can be used as a technical elective or advanced engineering elective to fulfill the student's major requirements.

- Civil engineering, environmental engineering and environmental engineering/health science students may not count Energy Systems: Science, Technology, and Sustainability (GE 3300) toward the sustainable energy systems minor if this course is used to fulfill major requirements.
- Chemical engineering students and mechanical engineering students may not count Chemical Engineering Thermodynamics 1 (CHME 2320) or Thermodynamics (ME 2380) toward the sustainable energy systems minor since these courses are required in their respective majors.
- Chemical engineering students may not count Conservation Principles in Chemical Engineering (CHME 2308) toward the sustainable energy systems minor since this course is required in their major.
- Industrial engineering students may not count Engineering Economy (IE 4512) toward the sustainable energy systems minor since this course is required in their major.

Core Energy Science, Technology Courses

Code	Title	Hours
Complete two of the following:		8
CHME 2320	Chemical Engineering Thermodynamics 1	
or ME 2380	Thermodynamics	
GE 3300	Energy Systems: Science, Technology, and Sustainability	
ENGR 5670	Sustainable Energy: Materials, Conversion, Storage, and Usage	
ENSY 5000	Fundamentals of Energy System Integration	

Environmental/Economics/Policy Courses

Code	Title	Hours
Complete one of the following:		4
CIVE 5275	Life Cycle Assessment of Materials, Products, and Infrastructure	
ECON 3423	Environmental Economics	
ECON 3425	Energy Economics	
ENVR 4515	Sustainable Development	
FINA 2720	Sustainability in the Business Environment	

ME 5645	Environmental Issues in Manufacturing and Product Use
SOCL 3485	Environment, Technology, and Society

Electives

The Department of Bioengineering offers students a broad education built on fundamentals in science, mathematics, and engineering, with a focus on the biological applications of engineering. The program is designed to provide a rigorous engineering training along with a comprehensive understanding of the biological constraints intrinsic to designing artificial systems to interface with, augment, replace, repair, or monitor living systems. These constraints depend on the properties of the biological system involved and the functionality that is being created. The living system may be the human body; an ecosystem; or, more broadly, a bioreactor, tissue culture system, or any system with living components. The presence of naturally occurring biological tissue places special constraints on the design and implementation of artificial constructs and their interface to living systems. Bioengineers are engineers with comprehensive understanding of the engineering requirements intrinsic to working within a biological context.

Bioengineering is a relatively new field driven by the recognition that engineering of biological systems or systems that interface with living systems requires a multidisciplinary approach that takes into account the mechanical, electrical, chemical, and materials properties of the biological system. With that in mind, the bioengineering program has been designed to provide a rigorous engineering education that endows a broad understanding of the quantitative analysis of biological systems and a deep expertise in one of four areas of bioengineering. The curriculum is structured around a core of six courses that quantitatively analyze biological systems from multiple points of view. The core provides the fundamentals of quantitative physiology, electrical engineering in the context of excitable tissues; basics of mechanical engineering in the context of the musculoskeletal system; and thermodynamics, heat transfer, and fluids mechanics within the context of physiological systems. On completion of the core, students choose one of three concentrations (cell and tissue engineering, biomechanics, or biomedical devices and bioimaging), which provides the opportunity to develop a deep level of expertise in an important area of bioengineering. The curriculum culminates with a two-semester capstone course to provide experience in design and implementation of a novel bioengineering project.

Mission of the Department

The program is committed to providing a multidisciplinary education, making connections from the classroom and laboratory to research, co-op, and co-curricular experiences. The curriculum provides fundamentals in mathematics, physical sciences, and engineering science; laboratory experiences; as well as an emphasis on the special considerations intrinsic to design within a biological context. Through the university's general educational requirements, students gain awareness of the impact of engineering decisions in a broader societal and ethical context. The department encourages professional development through active participation and leadership in student organizations, societies, and departmental activities. As a result, the bioengineering program is designed to prepare students for success in industrial careers; graduate programs; or professional medical, law, and business schools.

Overview of Programs Offered

The Department of Bioengineering offers a Bachelor of Science in Bioengineering. Five-year Bachelor of Science in Bioengineering/Master of Science programs are also available in the following Master of Science disciplines: cell and tissue engineering, biomedical devices and bioimaging, and biomechanics.

Other Programmatic Features

By participating in our cooperative education program, our graduates will have an opportunity to explore what career objectives fit their own skills and interests. The goal of this component of our program is to offer

students valuable professional experience and contacts that will help get them started in their professional career, as well as to develop career management skills. The co-op program parallels the academic program in level of responsibility and sophistication.

The department also offers significant research opportunities throughout all fields of bioengineering, including participating in research centers based in our department and college, as well as new interdisciplinary graduate and professional master's programs.

The bioengineering curriculum is an innovative plan that is continuously and carefully assessed and evaluated to ensure that graduates of the program are fully prepared for success as professional bioengineers and are prepared for graduate or professional school.

- Bioengineering (p. 395)

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p. 462)

Bioengineering, BSBioE

Bioengineering is engineering in a biological context such as the human body, an ecosystem, or a bioreactor. In every case, the interface between engineered and biological systems places unique constraints on the design and implementation of devices, instruments, or implants. These depend on the properties of the biological system involved and the functionality that is being created.

The interface of engineering and medicine as embodied in bioengineering will be one of the most exciting endeavors and greatest adventures of the 21st century. Job opportunities are expected to expand dramatically with a focus on development of entirely new classes of products, instrumentation, and implants. The impact to human health will be extraordinary.

Bioengineering is intrinsically multidisciplinary and it is essential that students learn the languages used by multidisciplinary teams. To that end, our curriculum is structured around a core of six courses that analyze biological systems from every possible quantitative point of view. On the completion of the core, students choose one of three concentrations, which provides the opportunity to develop a deep level of expertise in a specific area of bioengineering.

Bioengineering students will have unique opportunities in the classroom, research labs, and experiential learning. The projects that they may be able to contribute to include bio-bandages that monitor bacterial growth or that help damaged ligaments heal faster; sheets of cells folded like origami to form a working kidney; and new materials that—like a leaf in the sun—automatically sense and adapt to changes in the environment. This is truly an exciting time!

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Major GPA Requirement

2.000 minimum required in BIOE courses

Bioengineering Core Requirements

Complete 38 semester hours in bioengineering core requirements as indicated below.

Code	Title	Hours
Required Courses		
BIOE 2355	Quantitative Physiology for Bioengineers	4
BIOE 2365 and BIOE 2366	Bioengineering Measurement, Experimentation, and Statistics and Lab for BIOE 2365	5
BIOE 2350	Biomechanics	4
BIOE 3380	Biomolecular Dynamics and Control	4
BIOE 3310	Transport and Fluids for Bioengineers	4
BIOE 3210	Bioelectricity	4
Bioengineering Capstone		
BIOE 4790	Capstone Design 1	4
BIOE 4792	Capstone Design 2	4
Supplemental Credit		
2 semester hours from the following course count toward the bioengineering core requirements:		2
GE 1501	Cornerstone of Engineering 1	
3 semester hours from the following course count toward the bioengineering core requirements:		3
GE 1502	Cornerstone of Engineering 2	
Professional Development		
Code	Title	Hours
GE 1000	Introduction to the Study of Engineering	1
BIOE 2000	Introduction to Engineering Co-op Education	1
BIOE 3000	Professional Issues in Engineering	1
Additional Required Courses		
Credit from the following course counts toward requirements above:		1
GE 1501	Cornerstone of Engineering 1	
Credit from the following course counts toward requirements above		1
GE 1502	Cornerstone of Engineering 2	

Concentration

Complete 20 semester hours in one of the following four concentrations. Requirements for the concentrations are listed below (p. 397).

- Biomedical Devices and Bioimaging (p.)
- Cell and Tissue Engineering (p.)
- Biomechanics (p. 397)

Supporting Courses: Mathematics/Science

Complete 37 semester hours in mathematics and science as indicated below.

Code	Title	Hours
Required Mathematics/Science		
BIOL 1115 and BIOL 1116	General Biology 1 for Engineers and Lab for BIOL 1115	5
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
CHEM 2311 and CHEM 2312 and CHEM 2319	Organic Chemistry 1 and Lab for CHEM 2311 and Recitation for CHEM 2311	5
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
GE 2361	Mathematical Methods for Engineers	4
PHYS 1171 and PHYS 1172 and PHYS 1173	Physics 1 for Bioscience and Bioengineering and Lab for PHYS 1171 and Interactive Learning Seminar for PHYS 1171	5
PHYS 1175 and PHYS 1176 and PHYS 1177	Physics 2 for Bioscience and Bioengineering and Lab for PHYS 1175 and Interactive Learning Seminar for PHYS 1175	5
Supplemental Credit		
1 semester hour from the following course counts toward the mathematics/science requirement:		1
GE 1501	Cornerstone of Engineering 1	

Writing and NUpath Courses

Code	Title	Hours
Writing		
A grade of C or higher is required:		
ENGW 1111	First-Year Writing	4
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

NUpath Requirements through General Electives

NUpath requirements Interpreting Culture (IC), Societies and Institutions (SI), and Differences and Diversity (DD) are not explicitly satisfied by required engineering courses. Students are responsible for satisfying these requirements with general electives.

Required General Electives

Code	Title	Hours
Complete seven academic, nonremedial, nonrepetitive courses, each equivalent to 4 semester hours.		28

Program Requirement

136 total semester hours required

Concentrations

Concentration in Cell and Tissue Engineering

Code	Title	Hours
Required Courses		
BIOE 5410	Molecular Bioengineering	4
BIOE 5420	Cellular Engineering	4
BIOE 5430	Principles and Applications of Tissue Engineering	4
Elective Courses		
Complete two of the following:		8
BIOE 4991	Research	
BIOE 5060	Special Topics in Bioengineering	
BIOE 5115	Dynamical Systems in Biological Engineering	
BIOE 5440	The Cell as a Machine	
BIOE 5450	Stem Cell Engineering	
BIOE 5650	Multiscale Biomechanics	
BIOE 5656	Fields, Forces, and Flows in Biological Systems	
BIOE 5820	Biomaterials	
CHME 5630	Biochemical Engineering	

Concentration in Biomechanics

Code	Title	Hours
Required Courses		
BIOE 5630	Physiological Fluid Mechanics	4
BIOE 5650	Multiscale Biomechanics	4
ME 5665	Musculoskeletal Biomechanics	4
Elective Courses		
Complete two of the following:		8
BIOE 4991	Research	
BIOE 5060	Special Topics in Bioengineering	
BIOE 5115	Dynamical Systems in Biological Engineering	
BIOE 5440	The Cell as a Machine	
BIOE 5656	Fields, Forces, and Flows in Biological Systems	
BIOE 5820	Biomaterials	
ME 4508	Mechanical Engineering Computation and Design	
ME 4555	System Analysis and Control	

Concentration in Biomedical Devices and Bioimaging

Code	Title	Hours
Required Courses		
BIOE 5235	Biomedical Imaging	4
BIOE 5250	Design, Manufacture, and Evaluation of Medical Devices	4
BIOE 5810	Design of Biomedical Instrumentation	4
Elective Courses		
Complete two of the following:		8
BIOE 4991	Research	
BIOE 5060	Special Topics in Bioengineering	
BIOE 5115	Dynamical Systems in Biological Engineering	
BIOE 5820	Biomaterials	

BIOE 5850	Design of Implants
ME 2340 and ME 2341	Introduction to Material Science and Lab for ME 2340
ME 4508	Mechanical Engineering Computation and Design
ME 4555	System Analysis and Control
BIOL 5581	Biological Imaging
EECE 2520	Fundamentals of Linear Systems
EECE 2530	Fundamentals of Electromagnetics
EECE 2750	Enabling Engineering
EECE 3468	Noise and Stochastic Processes
EECE 4512	Healthcare Technologies: Sensors, Systems, and Analysis
EECE 4626	Image Processing and Pattern Recognition

Plan of Study

Four Years, Two Co-ops in Summer 2/Fall

Year 1							
Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours
Students will need to have AP credit for Calc. AB (MATH1341 - Calculus 1 – 4 SH)	4	PHYS 1171 (ND)	3	General elective	4	Vacation	0
MATH 1342	4	PHYS 1172 (AD)	1	General elective	4		
CHEM 1151	4	PHYS 1173	1				
CHEM 1153	0	GE 1502 (ER)	4				
GE 1000	1	GE 2361	4				
GE 1501	4	General elective	4				
ENGW 1111 (WF)	4						
		21	17	8			0
Year 2							
Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours
BIOL 1115 (ND)	4	BIOE 2000	1	BIOE 3310	4	Co-op	0
BIOL 1116	1	BIOE 2350	4	General elective	4		
PHYS 1175 (ND)	3	BIOE 2355	4				
PHYS 1176 (AD)	1	CHEM 2311	4				
PHYS 1177	1	CHEM 2312	1				
BIOE 2365 (AD)	4	CHEM 2319	0				
BIOE 2366	1	General elective	4				
General elective	4						
		19	18	8			0

Year 3

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours
Co-op	0	BIOE 3000	1	BIOE 4790 (EI, CE)	4	Co-op	0
		BIOE 3210	4	General elective	4		
		BIOE 3380	4				
		BIOE elective 1	4				
		BIOE elective 2	4				
	0		17		8		0

Year 4

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours
Co-op	0	BIOE 4792	4

Chemical Engineering

Website (<http://www.northeastern.edu/che/>)**Thomas J. Webster, PhD**Professor and Chair
Art Zafiropoulo Chair in Engineering**Ronald J. Willey, PhD**

Professor and Vice Chair

313 Snell Engineering Center

617.373.2989

617.373.2209 (fax)

The chemical engineering program offers students a broad education built on fundamentals in science, mathematics, and engineering, which are then applied to a variety of contemporary problems using modern tools, such as computational software and computer-aided design. Chemical engineers have traditionally been employed in chemical, petrochemical, agricultural chemical, pulp and paper, plastics, cosmetics, and textiles industries and in consulting and design firms. Today, chemical engineers also play an integral role in emerging biological and advanced materials fields, including nanotechnology. For example, chemical engineers are creating new materials needed for space exploration, alternative energy sources, and faster, self-powered computer chips. In biotechnology and bioengineering, chemical engineers are working to understand human diseases, developing new therapies and drug delivery systems, and producing new medicines through cell culture techniques. Chemical engineers employ nanotechnology to revolutionize sensors, security systems, and medical diagnostics and treatments. In addition to creating important products, chemical engineers are also involved in protecting our environment by exploring ways to reduce acid rain and smog; to recycle and reduce wastes; to develop new sources of environmentally clean energy; and to design inherently safe, efficient, and "green" processes. The role of chemical engineering is to develop new products and to design processes while reducing costs, increasing production, and improving the quality and safety of new products.

Mission of the Department

The faculty of the chemical engineering program are committed to providing a practice-oriented education through project and problem-based learning and drawing connections between classroom learning and co-op experiences. The educational curriculum provides fundamentals in mathematics, physical sciences, and engineering science as well as real-world design and laboratory experiences. Through the university's academic core requirements, NUpath, students gain awareness of the impact of engineering decisions in a broader societal and ethical context. Cooperative education enables students to integrate practical workplace knowledge with classroom learning so the educational experiences are synergistic and deepen the learning process. The chemical engineering community encourages professional development through active participation and leadership in student organizations, professional societies, and departmental activities. As a result, the chemical engineering program prepares students for industrial careers, graduate programs, or professional medical, law, and business schools.

Other Programmatic Features

By participating in our cooperative education program, our graduates will have an opportunity to explore what career objectives fit their own skills and interests. The goal of this component of our program is to offer students valuable professional experience and contacts that will help get them started in their professional career, as well as to develop career management skills. The co-op program parallels the academic program in level of responsibility and sophistication.

The department also offers significant research opportunities throughout all fields of chemical engineering, including participating in research centers based in our department and college, as well as new interdisciplinary graduate and professional master's programs. The chemical engineering curriculum is continuously evaluated and improved to ensure that graduates of the program are given every opportunity for future success as professional chemical engineers and are prepared for graduate or professional school.

Programs

Bachelor of Science in Chemical Engineering (BSCE)

- Chemical Engineering (p. 400)
- Chemical Engineering and Physics (p. 405)
- Chemical Engineering and Biochemistry (p. 403)

Minor

- Biochemical Engineering (p. 407)

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p. 462)

Chemical Engineering, BSCE

Provides a BS degree in chemical engineering. Upon completion, one can move in several career directions. Traditionally, the degree prepares one for practice in the engineering and the control of processes involving chemicals, biotechnology feedstocks, and pharmaceuticals. The degree can also serve as a springboard to advance study in chemical engineering. Nontraditional postgraduate pathways include obtaining a law school degree related to patent law, an MBA, or a medical degree for a career in the health professions.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Interpreting Culture (IC), Societies and Institutions (SI), and Differences and Diversity (DD) are not explicitly satisfied by required engineering courses. Students are responsible for satisfying these requirements with general electives.

Engineering

Complete 53 semester hours in engineering as indicated below:

Code	Title	Hours
CHME 2308	Conservation Principles in Chemical Engineering	4
CHME 2310	Transport Processes 1	4
CHME 2320	Chemical Engineering Thermodynamics 1	4
CHME 3312	Transport Processes 2 and Separations	4
CHME 3315	Chemical Engineering Experimental Design 1 (Chem Eng Lab 1)	4
CHME 3322	Chemical Engineering Thermodynamics 2	4
CHME 4315	Chemical Engineering Experimental Design 2 (Chem Eng Lab 2)	4
CHME 4510	Chemical Engineering Kinetics	4
CHME 4512	Chemical Engineering Process Control	4

CHME 4701	Capstone Design 1: Process Analysis	4
CHME 4703	Capstone Design 2: Chemical Process Design	4

Advanced Engineering Elective

Complete one course numbered between 4000 and 5999 in any of the following subject areas:

BIOE, CHME, CIVE, EECE, ME, IE, MEIE, and ENGR

Supplemental Credit

2 semester hours from the following course count toward the engineering requirement:

GE 1501 Cornerstone of Engineering 1

3 semester hours from the following course count toward the engineering requirement:

GE 1502 Cornerstone of Engineering 2

Professional Development

Complete 5 semester hours in professional development as indicated below:

Code	Title	Hours
Professional Development		
GE 1000	Introduction to the Study of Engineering	1
CHME 2000	Introduction to Engineering Co-op Education	1
CHME 3000	Professional Issues in Engineering	1

Additional Required Courses

The remaining credit from the following course will apply to the professional development area:

GE 1501 Cornerstone of Engineering 1

The remaining credit from the following course will apply to the professional development area:

GE 1502 Cornerstone of Engineering 2

Supporting Courses: Mathematics/Science

Complete 30 semester hours in mathematics and science as indicated below:

Code	Title	Hours
Required Mathematics/Science		
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	5
Complete one of the following:		
BIOL 1111	General Biology 1	
BIOL 1115	General Biology 1 for Engineers	
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	

Supplemental Credit

1 semester hour from the following course counts toward the mathematics/science requirement: 1

GE 1501	Cornerstone of Engineering 1
---------	------------------------------

Supporting Courses: Advanced Science

Complete 14 semester hours in advanced science as indicated below.

Code **Title** **Hours**
Complete one of the following: 5

CHEM 2311 and CHEM 2312 and CHEM 2319	Organic Chemistry 1 and Lab for CHEM 2311 and Recitation for CHEM 2311	
CHEM 2315 and CHEM 2316 and CHEM 2324	Organic Chemistry 1 for Chemistry Majors and Lab for CHEM 2315 and Recitation for CHEM 2315	

Complete one of the following: 5

CHEM 2313 and CHEM 2314 and CHEM 2320	Organic Chemistry 2 and Lab for CHEM 2313 and Recitation for CHEM 2313	
CHEM 2317 and CHEM 2318 and CHEM 2325	Organic Chemistry 2 for Chemistry Majors and Lab for CHEM 2317 and Recitation for CHEM 2317	

Complete one of the following: 4-6

BIOL 2301 and BIOL 2302	Genetics and Molecular Biology and Lab for BIOL 2301	
BIOL 2327	Human Parasitology	
BIOL 3421 and BIOL 3422	Microbiology and Lab for BIOL 3421	
BIOL 3611 and BIOL 3612	Biochemistry and Lab for BIOL 3611	
BIOL 3603	Mammalian Systems Physiology	
EEMB 2302 and EEMB 2303	Ecology and Lab for EEMB 2302	
CHEM 2331 and CHEM 2332	Bioanalytical Chemistry and Lab for CHEM 2331	
CHEM 3403 and CHEM 3404	Quantum Chemistry and Spectroscopy and Lab for CHEM 3403	
CHEM 3501	Inorganic Chemistry	
CHEM 4621 and CHEM 4622	Introduction to Chemical Biology and Lab for CHEM 4621	
CHEM 4628 and CHEM 4629	Introduction to Spectroscopy of Organic Compounds and Identification of Organic Compounds	
PHYS 2303	Modern Physics	
PHYS 3601	Classical Dynamics	

Writing Requirements

Code **Title** **Hours**
A grade of C or higher is required:

ENGW 1111	First-Year Writing	4
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code **Title** **Hours**
Complete six academic, nonremedial, nonrepetitive courses, each equivalent to 4 semester hours. 24

Major GPA Requirement

2.000 minimum required in CHME courses

Program Requirement

134 total semester hours required

Plan of Study

Four Years, Two Co-ops in Spring/Summer 1

Year 1

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours
MATH 1342	4	MATH 2321	4	CHME 2308	4	Vacation	0
Students will need to have AP credit for Calc. AB (MATH1341-Calculus 1 – 4 SH)	4	PHYS 1151 (ND)	3	General elective	4

Chemical Engineering and Biochemistry, BSCHE

This intercollege combined major serves students who would like to explore their interest in biochemistry while earning the benefit of a Bachelor of Science degree in chemical engineering. The program combines the fundamentals of biochemistry with the engineering skills necessary for scale-up of biochemical processes. Successful graduates will be well-qualified to enter the growing biotechnology industry and be able to converse from the chemistry of organisms to the design of vessels for successful synthesis of cells and pharmaceuticals.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Major GPA Requirement

2.000 minimum required in CHME courses

Mathematics/Science Requirement

Complete 44 semester hours in mathematics and science as indicated below.

Code	Title	Hours
Required Mathematics/Science		
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
BIOL 2301 and BIOL 2302	Genetics and Molecular Biology and Lab for BIOL 2301	5
BIOL 3611 and BIOL 3612	Biochemistry and Lab for BIOL 3611	5
BIOL 4707	Cell and Molecular Biology	4
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	5
Advanced Biology Elective		
Complete one course in the following range: BIOL 2311 to BIOL 5999		4
Supplemental Credit		
1 semester hour from the following course counts toward the mathematics/science requirement:		1
GE 1501	Cornerstone of Engineering 1	

Advanced Science Requirement

Complete 23 semester hours in advanced science as indicated below.

Code	Title	Hours
BIOL 1115	General Biology 1 for Engineers	4
CHEM 2311 and CHEM 2312 and CHEM 2319	Organic Chemistry 1 and Lab for CHEM 2311 and Recitation for CHEM 2311	5
CHEM 2313 and CHEM 2314 and CHEM 2320	Organic Chemistry 2 and Lab for CHEM 2313 and Recitation for CHEM 2313	5
CHEM 2331 and CHEM 2332	Bioanalytical Chemistry and Lab for CHEM 2331	5
Advanced Chemistry Elective		
Complete one course in the following range: CHEM 2310 to CHEM 5999		4

Engineering

Complete 49 semester hours in engineering as indicated below.

Code	Title	Hours
Required Engineering		
CHME 2308	Conservation Principles in Chemical Engineering	4
CHME 2310	Transport Processes 1	4
CHME 2320	Chemical Engineering Thermodynamics 1	4
CHME 3312	Transport Processes 2 and Separations	4
CHME 3315	Chemical Engineering Experimental Design 1	4
CHME 3322	Chemical Engineering Thermodynamics 2	4
CHME 4315	Chemical Engineering Experimental Design 2	4
CHME 4510	Chemical Engineering Kinetics	4
CHME 4512	Chemical Engineering Process Control	4
CHME 4701	Capstone Design 1: Process Analysis	4
CHME 4703	Capstone Design 2: Chemical Process Design	4

Supplemental Credit

2 semester hours from the following course count toward the engineering requirement:

GE 1501 Cornerstone of Engineering 1

3 semester hours from the following course count toward the engineering requirement:

GE 1502 Cornerstone of Engineering 2

Professional Development

Complete 5 semester hours in professional development as indicated below.

Code	Title	Hours
Professional Development		
GE 1000	Introduction to the Study of Engineering	1
CHME 2000	Introduction to Engineering Co-op Education	1
CHME 3000	Professional Issues in Engineering	1

Additional Required Courses

The remaining credit from the following course will apply to the professional development area:

GE 1501 Cornerstone of Engineering 1

The remaining credit from the following course will apply to the professional development area:

GE 1502 Cornerstone of Engineering 2

Additional NUpath Courses

Code	Title	Hours
Writing		
A grade of C or higher is required:		
ENGW 1111	First-Year Writing	4
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3307	Advanced Writing in the Sciences	
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

NUpath Requirements Through General Electives

NUpath requirements Interpreting Culture (IC), Societies and Institutions (SI), and Differences and Diversity (DD) are not explicitly satisfied by required engineering courses. Students are responsible for satisfying these requirements with general electives.

Required General Electives

Complete four academic, nonremedial, nonrepetitive courses, each equivalent to 4 semester hours.

Program Requirement

145 total semester hours required

Plan of Study

Five Years, Three Co-ops in Summer 2/Fall

Year 1

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours

Chemical Engineering and Physics, BSCHE

This intercollege combined major serves students who would like to explore their interest in physics while earning the benefit of a Bachelor of Science degree in chemical engineering. Upon completion, the successful student will understand the fundamental physics behind many chemical-based processes, resulting in the ability to design and practice in the field of engineering that deals with the movement of mass, heat transfer, and reactions involved in the processing of various materials.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Major GPA Requirement

2.000 minimum required in CHME courses

Mathematics/Science Requirement

Complete 47 semester hours in mathematics and science as indicated below.

Code	Title	Hours
Required Mathematics/Science		
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4

MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	5
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	5
PHYS 2371 and PHYS 2372	Electronics and Lab for PHYS 2371	4
PHYS 3601	Classical Dynamics	4
PHYS 3602	Electricity and Magnetism	4
PHYS 5318	Principles of Experimental Physics	4

Supplemental Credit

1 semester hour from the following course counts toward the mathematics/science requirement:

GE 1501	Cornerstone of Engineering 1	1
---------	------------------------------	---

Advanced Science Requirement

Complete 18 semester hours in advanced chemistry as indicated below.

Code	Title	Hours
CHEM 2311 and CHEM 2312 and CHEM 2319	Organic Chemistry 1 and Lab for CHEM 2311 and Recitation for CHEM 2311	5
PHYS 2303	Modern Physics	4
PHYS 5115	Quantum Mechanics	4
Complete one of the following:		
CHEM 2313 and CHEM 2314 and CHEM 2320	Organic Chemistry 2 and Lab for CHEM 2313 and Recitation for CHEM 2313	5
CHEM 2317 and CHEM 2318 and CHEM 2325	Organic Chemistry 2 for Chemistry Majors and Lab for CHEM 2317 and Recitation for CHEM 2317	5

Engineering

Complete 53 semester hours in engineering as indicated below.

Code	Title	Hours
Required Engineering		
PHYS 3600	Advanced Physics Laboratory	4
CHME 2308	Conservation Principles in Chemical Engineering	4
CHME 2310	Transport Processes 1	4
CHME 2320	Chemical Engineering Thermodynamics 1	4
CHME 3312	Transport Processes 2 and Separations	4
CHME 3315	Chemical Engineering Experimental Design 1	4
CHME 3322	Chemical Engineering Thermodynamics 2	4
CHME 4315	Chemical Engineering Experimental Design 2	4
CHME 4510	Chemical Engineering Kinetics	4

CHME 4701	Capstone Design 1: Process Analysis	4
CHME 4703	Capstone Design 2: Chemical Process Design	4

Advanced Engineering Elective

Complete one course numbered between 4000 and 5999 in any of the following subject areas:

CHME, CIVE, EECE, ME, IE, MEIE, and ENGR

Supplemental Credit

2 semester hours from the following course count toward the engineering requirement:

GE 1501	Cornerstone of Engineering 1	2
---------	------------------------------	---

3 semester hours from the following course count toward the engineering requirement:

GE 1502	Cornerstone of Engineering 2	3
---------	------------------------------	---

Professional Development

Complete 5 semester hours in professional development as indicated below.

Code	Title	Hours
Professional Development		
GE 1000	Introduction to the Study of Engineering	1
CHME 2000	Introduction to Engineering Co-op Education	1
CHME 3000	Professional Issues in Engineering	1

Additional Required Courses

The remaining credit from the following course will apply to the professional development area:

GE 1501	Cornerstone of Engineering 1	1
---------	------------------------------	---

The remaining credit from the following course will apply to the professional development area:

GE 1502	Cornerstone of Engineering 2	1
---------	------------------------------	---

Writing Requirement and NUpath Courses

Code	Title	Hours
Writing		
A grade of C or higher is required:		
ENGW 1111	First-Year Writing	4
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

NUpath Requirements Through General Electives

NUpath requirements Interpreting Culture (IC), Societies and Institutions (SI), and Differences and Diversity (DD) are not explicitly satisfied by required engineering courses. Students are responsible for satisfying these requirements with general electives.

Required General Electives

Complete two academic, nonremedial, nonrepetitive courses, each equivalent to 4 semester hours.

Program Requirement

139 total semester hours required

Plan of Study

Five Years, Three Co-ops in Summer 2/Fall

Year 1							
Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours

Biochemical Engineering, Minor

This minor exposes the student to the fundamentals of chemical engineering. Focus is on the major conservation principles such as the conservation of mass and the conservation of energy, followed by how chemical reactions and processing are governed by these principles.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: Courses taken pass/fail cannot be used to fulfill minor requirements.

Required Chemical Engineering Courses

Code	Title	Hours
CHME 2308	Conservation Principles in Chemical Engineering	4
CHME 2310	Transport Processes 1	4
CHME 3312	Transport Processes 2 and Separations	4
CHME 5630	Biochemical Engineering	4

Capstone

Code	Title	Hours
CHME 4703	Capstone Design 2: Chemical Process Design	4

Supporting Courses: Math and Science

Code	Title	Hours
MATH 1241 or MATH 1341	Calculus 1	4
MATH 1242 or MATH 1342	Calculus 2	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
BIOL 2301	Genetics and Molecular Biology	4
BIOL 3611 and BIOL 3612	Biochemistry and Lab for BIOL 3611	5
CHEM 2311 and CHEM 2312 and CHEM 2319	Organic Chemistry 1 and Lab for CHEM 2311 and Recitation for CHEM 2311	5
CHEM 2313 and CHEM 2314 and CHEM 2320	Organic Chemistry 2 and Lab for CHEM 2313 and Recitation for CHEM 2313	5
	Complete one of the following:	5
BIOL 1107 and BIOL 1108	Foundations of Biology and Lab for BIOL 1107	

BIOL 1111 and BIOL 1112	General Biology 1 and Lab for BIOL 1111
BIOL 1115 and BIOL 1116	General Biology 1 for Engineers and Lab for BIOL 1115

GPA Requirement

2.000 GPA required in the minor

Overview

As a leader in research and education, the Department of Civil and Environmental Engineering at Northeastern University prepares undergraduate engineers to excel in their chosen careers, including engineering practice, academia, infrastructure management, land-use planning and development, urban and regional planning, public sector leadership, and many others.

Our students have an opportunity to obtain a broad knowledge base in science, engineering, and general studies that allows them flexibility in career development and graduate education. At the same time, our graduates should be responsible and scientifically educated citizens, prepared to contribute personally as well as professionally to an educated, democratic society. Our academic programs provide future professionals with the core skills necessary to practice civil and environmental engineering and to work with other engineers in an interdisciplinary environment.

Experience tells us that civil and environmental engineering graduates will enter almost every field imaginable. The knowledge and skills acquired—understanding science, critical thinking, effective communication, and understanding the social context, among them—form an excellent foundation for a host of careers, as well as for a fulfilling life outside the world of work.

Mission of the Department

Advancing innovative civil and environmental solutions for society and creating globally oriented engineering leaders by integrating experiential education and use-inspired interdisciplinary research.

Academic Programs

With a strategic focus in urban engineering, and through a range of teaching and research strengths, anchored by several multidisciplinary, multi-institutional centers and programs, our academic programs are designed to prepare future engineers to address the global, complex, and ever-evolving engineering challenges of our time by building on current department strengths and expanding into vital areas.

Three overarching themes are emphasized in our programs: environmental health, civil infrastructure security, and sustainable resource engineering. These themes are aligned with the department's premier strengths in simulation (both computational and experimental),

smart sensing, data and network science, and urban informatics and are incorporated in the undergraduate programs we offer.

Successful graduates in civil engineering and environmental engineering will have the ability to create, invent, and lead a new generation of professionals and will be able to address key challenges to protect the natural environment and to design and create the built environment for community living, industry, and society development.

Our programs have been designed with a set of electives that permit students to explore or acquire further depth in other fields of interest. Students can use these electives to earn a minor in environmental chemistry, architectural engineering, business, architectural history, music, computer science, or any number of other fields. In the civil engineering field, our programs encompass several disciplines, including transportation planning and engineering; structural engineering; geotechnical engineering; environmental, water resources, and coastal engineering; and construction management. In the environmental engineering field, our programs include developing sustainable resource engineering solutions to environmental health needs with an understanding of institutional and legal frameworks, all related to interconnected challenges in water, energy, air pollution, and waste management, to protect and provide a better quality of life to the human race. For a full list of the department's academic program offerings, please refer to the programs tab.

Other Programmatic Features

By participating in our cooperative education program, our graduates will have an opportunity to explore what career objectives fit their own skills and interests. The goal of this component of our program is to offer students valuable professional experience and contacts that will help get them started in their professional career, as well as to develop career management skills. The co-op program parallels the academic program in level of responsibility and sophistication.

The department also offers significant research opportunities throughout all fields of civil and environmental engineering, including participating in research centers based in our department and college, as well as new interdisciplinary graduate and professional master's programs as part of the five-year Bachelor of Science/Master of Science programs.

Programs

Bachelor of Science in Civil Engineering (BSCE)

- Civil Engineering (p. 409)
- Civil Engineering and Architectural Studies (p. 64)

Bachelor of Science in Environmental Engineering (BSEnVE)

- Environmental Engineering (p. 416)
- Environmental Engineering and Health Science (p. 419)
- Environmental Engineering and Landscape Architecture (p. 66)

Minor

- Architectural Engineering (p. 424)
- Civil Engineering (p. 425)
- Environmental Chemistry (p. 425)

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p. 462)

Civil Engineering, BSCE

Civil engineers play a vital role in human progress and well-being worldwide. Conceptualizing, innovating, designing, and building sustainable infrastructure and environments is fundamental in helping society progress. Modern challenges, including engineering a resilient and sustainable urban infrastructure; establishing clean water and a clean environment; and advancing technologies in computing, sensing, and human health, are all part of the development of society.

Civil engineers design and construct buildings, bridges, tunnels, dams, and river systems. They also plan, design, construct, and manage highways, railroads, canals, and airports; regulate rivers and control floods; and design and build systems for water distribution and environmental protection.

With a broad range of applications, our civil engineering students have the opportunity to explore a range of disciplinary and interdisciplinary tracks, including environmental and water systems, structural engineering, transportation engineering, geotechnical and geoenvironmental engineering, construction management, civil infrastructure security, environmental health, and sustainable resource engineering.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPATH Requirements

All undergraduate students are required to complete the NUPATH Requirements (p. 42).

Major GPA Requirement

2.000 minimum required in major (CIVE) courses

Engineering

Complete 60 semester hours in engineering as indicated below.

Code	Title	Hours
Required Engineering		
CIVE 2221 and CIVE 2222	Statics and Solid Mechanics and Recitation for CIVE 2221	4
CIVE 2260 and CIVE 2261	Materials for the Built Environment and Lab for CIVE 2260	5
CIVE 2320 and CIVE 2321	Structural Analysis and Recitation for CIVE 2320	4
CIVE 2324 or CIVE 3425	Concrete Structure Design Steel Structure Design	4
CIVE 2331	Fluid Mechanics and Hydraulics	4
CIVE 2334	Environmental Engineering: Principles, Technology, and Sustainability	4
CIVE 2340 and CIVE 2341	Geotechnical Engineering and Lab for CIVE 2340	5

GE 3300	Energy Systems: Science, Technology, and Sustainability	4
---------	---	---

Civil Engineering Project Elective

Complete one of the following:		4
CIVE 4534 and CIVE 4535	Water Treatment Systems Design and Lab for CIVE 4534	
CIVE 4542	Foundation Engineering and Design	
CIVE 4554	Highway Design	
CIVE 5536	Hydrologic and Hydraulic Design	

Senior Design Project

Complete one of the following:		5
CIVE 4765	Senior Design Project—Environmental	
CIVE 4767	Senior Design Project—Structural	
CIVE 4768	Senior Design Project—Transportation	

Civil Engineering Technical Electives

Complete three of the following:		11-12
CIVE 2324	Concrete Structure Design	
CIVE 3425	Steel Structure Design	
CIVE 3435	Environmental Pollution Fate and Transport

GE 1000	Introduction to the Study of Engineering	1
CIVE 2000	Introduction to Engineering Co-op Education	1
CIVE 3000	Professional Issues in Engineering	1

Additional Required Courses

The remaining credit from the following course will apply to the professional development area: 1

GE 1501 Cornerstone of Engineering 1

The remaining credit from the following course will apply to the professional development area: 1

GE 1502 Cornerstone of Engineering 2

Supporting Courses: Mathematics/Science

Complete 33 semester hours in mathematics and science as indicated below.

Code	Title	Hours
Required Mathematics/Science		
Complete one of the following: 4		
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	
CHEM 1211 and CHEM 1212 and CHEM 1213	General Chemistry 1 and Lab for CHEM 1211 and Recitation for CHEM 1211	
CHEM 1214 and CHEM 1215 and CHEM 1216	General Chemistry 2 and Lab for CHEM 1214 and Recitation for CHEM 1214	
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4

MATH 2341	Differential Equations and Linear Algebra for Engineering	4
-----------	---	---

Complete one of the following: 5

PHYS 1151 and PHYS 1152 and PHYS 1153 Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151

PHYS 1161 and PHYS 1162 and PHYS 1163 Physics 1 and Lab for PHYS 1161 and Recitation for PHYS 1161

Science Elective

Complete one of the following: 4-5

BIOL 1111 and BIOL 1112 General Biology 1 and Lab for BIOL 1111

BIOL 1115 and BIOL 1116 General Biology 1 for Engineers and Lab for BIOL 1115

BIOL 1117 and BIOL 1118 Integrated Anatomy and Physiology 1 and Lab for BIOL 1117

BIOL 1121 and BIOL 1122 Basic Microbiology and Lab for BIOL 1121

BIOL 1141 Microbes and Society

BIOL 1143 Biology and Society

CHEM 2311 and CHEM 2312 and CHEM 2319 Organic Chemistry 1 and Lab for CHEM 2311 and Recitation for CHEM 2311

ENVR 1110 Global Climate Change

ENVR 1120 Oceans and Coasts

ENVR 1200 Dynamic Earth

ENVR 1202 History of Earth and Life

ENVR 2310 Earth Materials

ENVR 3418 Geophysics

ENVR 4515 Sustainable Development

PHYS 1111 Astronomy

PHYS 2303 Modern Physics

PHYS 2305 Thermodynamics and Statistical Mechanics

PHYS 3601 Classical Dynamics

PHYS 4623 Medical Physics

PHYS 5111 Astrophysics and Cosmology

Supplemental Credit

3 semester hours from the following course count toward the mathematics/science requirement: 3

CIVE 3464 Probability and Engineering Economy for Civil Engineering

1 semester hour from the following course counts toward the mathematics/science requirement: 1

GE 1501 Cornerstone of Engineering 1

Supporting Course

Code	Title	Hours
Economics		
ECON 1115 or ECON 1116	Principles of Macroeconomics Principles of Microeconomics	4

Writing Requirements and NUPath

Code	Title	Hours
Writing		
A grade of C or higher is required:		
ENGW 1111	First-Year Writing	4
ENGW 3302	Advanced Writing in the Technical Professions	4

NUPath Requirements through General Electives

NUPath requirements Interpreting Culture (IC), Societies and Institutions (SI), and Differences and Diversity (DD) are not explicitly satisfied by required engineering courses. Students are responsible for satisfying these requirements with general electives.

Required General Electives

Code	Title	Hours
Complete six academic, nonremedial, nonrepetitive courses, each equivalent to 4 semester hours.		24

Program Requirement

134 total semester hours required

Plan of Study

Four Years, Two Co-ops in Summer 2/Fall

Year 1

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours
MATH 1341	4	MATH 2321 (FQ)	4	General Elective	4	Vacation	0

Civil Engineering and Architectural Studies, BSCE

Civil engineering and architecture are two important disciplines that deal with the process of creating the built environment to satisfy societal needs. Both professions have critical functions that are essential in the development of society in terms of planning cities and designing more resilient infrastructure and rely on one another to accomplish it. The combination of these two professions creates great synergy as architects focus more on the functional and human aspects of development, while civil engineers concentrate on the structural elements of the design, ensuring durable structures that perform under normal and extreme loads.

Students successfully completing the program receive a rigorous engineering training education, enabling a high level of engineering knowledge as well as exposure to a broad range of architectural topics and design experiences.

Students also have the opportunity to undertake a co-op experience consistent with the policies and opportunities offered within the College of Engineering.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond

specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Engineering Requirement

Complete 56 semester hours in engineering as indicated below.

Code	Title	Hours
Required Engineering		
CIVE 2221 and CIVE 2222	Statics and Solid Mechanics and Recitation for CIVE 2221	4
CIVE 2260 and CIVE 2261	Materials for the Built Environment and Lab for CIVE 2260	5
CIVE 2320 and CIVE 2321	Structural Analysis and Recitation for CIVE 2320	4
CIVE 2324 or CIVE 3425	Concrete Structure Design Steel Structure Design	4
CIVE 2331	Fluid Mechanics and Hydraulics	4
CIVE 2334	Environmental Engineering: Principles, Technology, and Sustainability	4
CIVE 2340 and CIVE 2341	Geotechnical Engineering and Lab for CIVE 2340	5
GE 3300	Energy Systems: Science, Technology, and Sustainability	4
Civil Engineering Project Elective		
Complete one of the following:		4
CIVE 4534 and CIVE 4535	Water Treatment Systems Design and Lab for CIVE 4534	
CIVE 4542	Foundation Engineering and Design	
CIVE 4554	Highway Design	
CIVE 5536	Hydrologic and Hydraulic Design	
Senior Design Project		
CIVE 4767	Senior Design Project—Structural	5
Civil Engineering Technical Electives		
Complete two of the following:		7-8
CIVE 2324	Concrete Structure Design	
CIVE 3425	Steel Structure Design	
CIVE 3435	Environmental Pollution Fate and Transport	
CIVE 4540	Resource Recovery and Waste Treatment Technologies Abroad	
CIVE 4542	Foundation Engineering and Design	
CIVE 4554	Highway Design	
CIVE 4566	Design for Sustainable Transportation: Netherlands	
CIVE 4575	Construction Management	
CIVE 4777	Climate Hazards and Resilient Cities Abroad	
CIVE 5221	Construction Project Control and Organization	

CIVE 5231	Alternative Project Delivery Systems in Construction	
CIVE 5260	Environmental Fluid Mechanics	
CIVE 5261	Dynamic Modeling for Environmental Investment and Policymaking	
CIVE 5271	Solid and Hazardous Waste Management	
CIVE 5275	Life Cycle Assessment of Materials, Products, and Infrastructure	
CIVE 5280	Remote Sensing of the Environment	
CIVE 5300	Environmental Engineering Laboratory	
CIVE 5373	Transportation Systems: Analysis and Planning	
CIVE 5376	Traffic Engineering and Sustainable Urban Street Design	
CIVE 5522	Structural Systems Modeling	
CIVE 5525	Prestressed Concrete Design	
CIVE 5536	Hydrologic and Hydraulic Design	
CIVE 5699	Special Topics in Civil Engineering (Vibration-based Structural Health Monitoring)	
CIVE 5699	Special Topics in Civil Engineering (Building Energy Performance Simulation)	
SBSY 5100	Sustainable Design and Technologies in Construction	
SBSY 5200	Sustainable Engineering Systems for Buildings	
SBSY 5300	Information Systems for Integrated Project Delivery	

Supplemental Credit

1 semester hour from the following course counts toward the engineering requirement:	1
CIVE 3464	Probability and Engineering Economy for Civil Engineering
2 semester hours from the following course count toward the engineering requirement:	2
GE 1501	Cornerstone of Engineering 1
3 semester hours from the following course count toward the engineering requirement:	3
GE 1502	Cornerstone of Engineering 2

Professional Development

PHYS 3601	Classical Dynamics	
PHYS 4623	Medical Physics	
PHYS 5111	Astrophysics and Cosmology	

Supplemental Credit

3 semester hours from the following course count toward the mathematics/science requirement:		3
CIVE 3464	Probability and Engineering Economy for Civil Engineering	
1 semester hour from the following course counts toward the mathematics/science requirement:		1
GE 1501	Cornerstone of Engineering 1	

Engineering GPA Requirement

Minimum 2.000 GPA required in all major courses

Architecture Requirements

Code	Title	Hours
ARCH 1110	Fundamental Architectural Representation	4
ARCH 1120	Fundamental Architectural Design	6
ARCH 1310	Buildings and Cities, A Global History	4
ARCH 2130	Site, Space, and Program	6
ARCH 2140	Urban Institutions	6
ARCH 2340	Architecture, Modernity, and the City, 1910 to 1980	4
ARCH 3210	Environmental Systems	4
Architectural Electives		
Complete two of the following:		8
ARCH 3370	Topics in Architectural History	
ARCH 3450	Advanced Architectural Communication	
ARCH 5115	Option Studio	
ARCH 5220	Integrated Building Systems	
ARCH 5310	Design Tactics and Operations	

ARCHITECTURE GPA REQUIREMENT

Minimum 2.000 GPA required in all major courses

Integrative Courses

Code	Title	Hours
CIVE 4767	Senior Design Project—Structural	

Writing Requirement and NUPATH Courses

Code	Title	Hours
Writing		
A grade of C or higher is required:		
ENGW 1111	First-Year Writing	4
ENGW 3302	Advanced Writing in the Technical Professions	4

NUPATH Requirements

For this combined major, Nupath requirements are satisfied in several courses across the program and by required courses in the combined major.

Program Requirements

144 total semester hours required

Note:

- Students who wish to be considered for the two-year Master of Architecture Program at Northeastern **SHOULD** take ARCH 3450

as an elective and **SHOULD NOT** take ARCH 5115 or ARCH 5220 as architectural electives.

2. Students who wish to be considered for the two-year Master of Architecture Program at Northeastern **MUST** have satisfied the Structural Systems (ARCH 5230) requirement. This requirement is achieved in this combined major by taking the following three courses, as follows:

- CIVE 2221 Statics and Solid Mechanics (including recitation CIVE 2222)
- CIVE 2320 Structural Analysis (including recitation CIVE 2321)
- And at least one design course from the following:
 - CIVE 2324 Concrete Structure Design
 - CIVE 3425 Steel Structure Design

Environmental Engineering, BSEnvE

Throughout the world, environmental engineers play a key role in defining the future of sustainable cities and communities. Creating innovations and designing systems that ensure clean and healthy environments are some of the greatest collective challenges of our time. Revolutionary strategies and designs are needed to create symbiosis between our natural and manmade environments.

Using new and advanced technologies, environmental engineers must address the world's growing challenges, including engineering sustainable strategies coupled with the development of devices and tools to better predict and address environmental needs to provide clean environments and planning green infrastructure in conjunction with the natural environment for a changing planet.

With a solid foundation in engineering, chemical, biological, and ecological principles, Northeastern's environmental engineering students learn how to tackle interconnected challenges as they relate to water, energy, air quality, and related fields. Understanding these complex interactions, particularly as they impact our built and natural environments, is embodied in our program through a holistic educational approach.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Major GPA Requirement

2.000 minimum required in major (CIVE) courses

Engineering

Complete 61 semester hours in engineering as indicated below.

Code	Title	Hours
Required Engineering		
CIVE 2221 and CIVE 2222	Statics and Solid Mechanics and Recitation for CIVE 2221	4
CIVE 2260 and CIVE 2261	Materials for the Built Environment and Lab for CIVE 2260	5
CIVE 2331	Fluid Mechanics and Hydraulics	4
CIVE 2334	Environmental Engineering: Principles, Technology, and Sustainability	4
CIVE 3435	Environmental Pollution Fate and Transport	4
CIVE 4534 and CIVE 4535	Water Treatment Systems Design and Lab for CIVE 4534	4
CIVE 4765	Senior Design Project—Environmental	5
CIVE 5300	Environmental Engineering Laboratory	4
GE 3300	Energy Systems: Science, Technology, and Sustainability	4
Environmental Engineering Technical Electives		
Complete 11-12 semester hours from the following:		11-12
CIVE 4540	Resource Recovery and Waste Treatment Technologies Abroad	
CIVE 4575	Construction Management	
CIVE 5260	Environmental Fluid Mechanics	
CIVE 5261	Dynamic Modeling for Environmental Investment and Policymaking	
CIVE 5271	Solid and Hazardous Waste Management	
CIVE 5275	Life Cycle Assessment of Materials, Products, and Infrastructure	
CIVE 5280	Remote Sensing of the Environment	
CIVE 5536	Hydrologic and Hydraulic Design	
Supplemental Credit		
1 semester hour from the following course counts toward the engineering requirement:		1
CIVE 3464	Probability and Engineering Economy for Civil Engineering	
3 semester hours from the following course count toward the engineering requirement:		3
CIVE 2335	Environmental Engineering Chemistry	
3 semester hours from the following course count toward the engineering requirement:		3
CIVE 3430	Engineering Microbiology and Ecology	
2 semester hours from the following course count toward the engineering requirement:		2
GE 1501	Cornerstone of Engineering 1	

3 semester hours from the following course count toward the engineering requirement:	3
GE 1502	Cornerstone of Engineering 2

Professional Development

Code	Title	Hours
Professional Development		
GE 1000	Introduction to the Study of Engineering	1
CIVE 2000	Introduction to Engineering Co-op Education	1
CIVE 3000	Professional Issues in Engineering	1
Additional Required Courses		
The remaining credit from the following course will apply to the professional development area:		1
GE 1501	Cornerstone of Engineering 1	
The remaining credit from the following course will apply to the professional development area:		1
GE 1502	Cornerstone of Engineering 2	

Supporting Courses: Mathematics/Science

Complete 35 semester hours in mathematics and science as indicated below.

Code	Title	Hours
Required Mathematics/Science		
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	5

Science Elective (Earth)

Complete one of the following:		4-5
ENVR 1110	Global Climate Change	
ENVR 1112	Environmental Geology	
ENVR 1120	Oceans and Coasts	
ENVR 1200	Dynamic Earth	
ENVR 1202	History of Earth and Life	
ENVR 2310	Earth Materials	
ENVR 3125	Global Oceanic Change	

Supplemental Credit

3 semester hours from the following course count toward the mathematics/science requirement:		3
CIVE 3464	Probability and Engineering Economy for Civil Engineering	
1 semester hour from the following course counts toward the mathematics/science requirement:		1
CIVE 2335	Environmental Engineering Chemistry	
1 semester hour from the following course counts toward the mathematics/science requirement:		1
CIVE 3430	Engineering Microbiology and Ecology	

1 semester hour from the following course counts toward the mathematics/science requirement:	1
GE 1501 Cornerstone of Engineering 1	

Writing Requirement and NUpath Courses

Code	Title	Hours
Writing		
A grade of C or higher is required:		
ENGW 1111	First-Year Writing	4
ENGW 3302	Advanced Writing in the Technical Professions	4

NUpath Requirements through General Electives

NUpath requirements Interpreting Culture (IC), Societies and Institutions (SI), and Differences and Diversity (DD) are not explicitly satisfied by required engineering courses. Students are responsible for satisfying these requirements with general electives.

Required General Electives

Code	Title	Hours
Complete six academic, nonremedial, nonrepetitive courses, each equivalent to 4 semester hours.		
		24

Program Requirement

133 total semester hours required

Plan of Study

Four Years, Two Co-ops in Summer 2/Fall

Year 1							
Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours
MATH 1341 (FQ)	4	MATH 2321 (FQ)	4	General elective 2 of 6	4	Vacation	0
Students will need to have AP credit for Calc. AB (MATH134 - Calculus 1-4 SH)		PHYS 1151 (ND)	3	General elective 3 of 6	4		
MATH 1342 (FQ)	4	PHYS 1152 (AD)	1				
CHEM 1151 (ND)	4	PHYS 1153	1				
CHEM 1153	0	GE 1502 (ER)	4

Environmental Engineering and Health Science, BSEnvE

This intercollege combined major is designed for students who would like to explore their interest in the health sciences while earning the benefit of a Bachelor of Science degree in environmental engineering. The combined major reflects the respective departmental thrusts in environmental health and sustainable resource engineering to create awareness about the complex relationship between the environment and human health, prepare professionals in this growing area capable of providing engineering solutions to current and emerging topics related to environmental engineering and health sciences, and maintain healthy environmental systems by applying and developing techniques to reduce exposure to health hazards. This program combines the content of two majors to allow students to learn the breadth and depth of the convergence between public health and environmental engineering.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Engineering Requirement

Complete 61 semester hours in engineering as indicated below.

Code	Title	Hours
Required Engineering		
CIVE 2221 and CIVE 2222	Statics and Solid Mechanics and Recitation for CIVE 2221	4
CIVE 2260 and CIVE 2261	Materials for the Built Environment and Lab for CIVE 2260	5
CIVE 2331	Fluid Mechanics and Hydraulics	4
CIVE 2334	Environmental Engineering: Principles, Technology, and Sustainability	4
CIVE 3435	Environmental Pollution Fate and Transport	4
CIVE 4534 and CIVE 4535	Water Treatment Systems Design and Lab for CIVE 4534	4
CIVE 4765	Senior Design Project—Environmental	5
CIVE 5300	Environmental Engineering Laboratory	4

GE 3300	Energy Systems: Science, Technology, and Sustainability	4
---------	---	---

Environmental Engineering Technical Electives

Complete three of the following: 11-12

CIVE 4575	Construction Management	
CIVE 5260	Environmental Fluid Mechanics	
CIVE 5271	Solid and Hazardous Waste Management	
CIVE 5275	Life Cycle Assessment of Materials, Products, and Infrastructure	
CIVE 5280	Remote Sensing of the Environment	
CIVE 5536	Hydrologic and Hydraulic Design	
CIVE 5699	Special Topics in Civil Engineering (Climate Science and Technology Adaptation and Policy)	

Supplemental Credit

1 semester hour from the following course counts toward the engineering requirement: 1

CIVE 3464	Probability and Engineering Economy for Civil Engineering	
-----------	---	--

3 semester hours from the following course count toward the engineering requirement: 3

CIVE 2335	Environmental Engineering Chemistry	
-----------	-------------------------------------	--

3 semester hours from the following course count toward the engineering requirement: 3

CIVE 3430	Engineering Microbiology and Ecology	
-----------	--------------------------------------	--

2 semester hours from the following course count toward the engineering requirement: 2

GE 1501	Cornerstone of Engineering 1	
---------	------------------------------	--

3 semester hours from the following course count toward the engineering requirement: 3

GE 1502	Cornerstone of Engineering 2	
---------	------------------------------	--

Professional Development

Code	Title	Hours
------	-------	-------

Professional Development

GE 1000	Introduction to the Study of Engineering	1
CIVE 2000	Introduction to Engineering Co-op Education	1
CIVE 3000	Professional Issues in Engineering	1

Additional Required Courses

The remaining credit from the following course will apply to the professional development area: 1

GE 1501	Cornerstone of Engineering 1	
---------	------------------------------	--

The remaining credit from the following course will apply to the professional development area: 1

GE 1502	Cornerstone of Engineering 2	
---------	------------------------------	--

Supporting Courses: Mathematics/Science

Complete 35 semester hours in mathematics and science as indicated below ¹.

Code	Title	Hours
------	-------	-------

Required Mathematics/Science

CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
MATH 1341	Calculus 1 for Science and Engineering	4

MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	5

Science Elective (Earth)

Complete one of the following: 4-5

ENVR 1110	Global Climate Change	
ENVR 1112	Environmental Geology	
ENVR 1120	Oceans and Coasts	
ENVR 1200	Dynamic Earth	
ENVR 1202	History of Earth and Life	
ENVR 2310	Earth Materials	
ENVR 3125	Global Oceanic Change	

Supplemental Credit

3 semester hours from the following course count toward the mathematics/science requirement: 3

CIVE 3464	Probability and Engineering Economy for Civil Engineering	
-----------	---	--

1 semester hour from the following course counts toward the mathematics/science requirement: 1

CIVE 2335	Environmental Engineering Chemistry	
-----------	-------------------------------------	--

1 semester hour from the following course counts toward the mathematics/science requirement: 1

CIVE 3430	Engineering Microbiology and Ecology	
-----------	--------------------------------------	--

1 semester hour from the following course counts toward the mathematics/science requirement: 1

GE 1501	Cornerstone of Engineering 1	
---------	------------------------------	--

Writing Requirement and NUpath Courses

Code	Title	Hours
------	-------	-------

Writing

A grade of C or higher is required:

ENGW 1111	First-Year Writing	4
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Health Sciences Major Requirement

Complete 35 semester hours in health sciences as indicated below ².

Code	Title	Hours
------	-------	-------

PHTH 1260	The American Healthcare System	4
or PHTH 1261	Comparative Healthcare Systems	
PHTH 2210	Foundations of Biostatistics	4
PHTH 2350	Community and Public Health	4
or PHTH 2351	Community and Public Health - Global	
PHTH 2414	Environmental Health	4
PHTH 2515	Healthcare Policy and Administration	4
PHTH 4120	Global Perspectives on Discrimination and Health	4
PHTH 4540	Health Education and Program Planning	4

PHTH 5214	Environmental Health	3
HLTH 5450	Healthcare Research (Principles of Epidemiology in Medicine and Public Health)	4
or PHTH 4202	Principles of Epidemiology in Medicine and Public Health	

Integrative Course

Code	Title	Hours
CIVE 4765	Senior Design Project—Environmental	

Engineering GPA Requirement

A minimum 2.000 GPA is required in major (CIVE) courses

Health Sciences Major Requirement

A minimum grade of C or higher is required for all HLTH and PHTH courses.

Program Requirement

144 total semester hours required

Note:

¹ Mathematics/Science Requirement: CHEM 1151, MATH 1341, and PHYS 1151 require a grade of C- or higher

² Health Sciences Major Requirement: HLTH and PHTH courses require a grade of C or higher

Plan of Study

Environmental Engineering and Landscape Architecture, BSEnvE

Environmental engineering and landscape architecture are two important disciplines that deal with the complex interaction between the natural and the built environment. Both professions have critical functions that are essential in the development of society in terms of planning and designing more sustainable cities. The combination of these two professions creates great synergy and seeks to expose engineering students to the conceptual and practical content of landscape planning. Successful graduates from this degree are prepared to imagine and create projects that can be translated into reality providing solutions to address the world's growing challenges by designing clean and sustainable environments and green infrastructure.

Students completing the combined major Bachelor of Science in Environmental Engineering and Landscape Architecture receive a rigorous engineering training education, enabling a high level of engineering knowledge as well as exposure to a broad range of landscape architectural topics and design experiences.

Students will also have the opportunity to undertake a co-op experience consistent with the policies and opportunities offered within the College of Engineering.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Engineering Requirement

Complete 57 semester hours in engineering as indicated below.

Code	Title	Hours
Required Engineering		
CIVE 2221 and CIVE 2222	Statics and Solid Mechanics and Recitation for CIVE 2221	4
CIVE 2260 and CIVE 2261	Materials for the Built Environment and Lab for CIVE 2260	5
CIVE 2331	Fluid Mechanics and Hydraulics	4
CIVE 2334	Environmental Engineering: Principles, Technology, and Sustainability	4
CIVE 3435	Environmental Pollution Fate and Transport	4
CIVE 4534 and CIVE 4535	Water Treatment Systems Design and Lab for CIVE 4534	4
CIVE 5300	Environmental Engineering Laboratory	4
GE 3300	Energy Systems: Science, Technology, and Sustainability	4
Senior Design Project		
CIVE 4765	Senior Design Project—Environmental	5
Environmental Engineering Technical Electives		
Complete two of the following:		7-8
CIVE 4540	Resource Recovery and Waste Treatment Technologies Abroad	
CIVE 4575	Construction Management	
CIVE 5260	Environmental Fluid Mechanics	
CIVE 5261	Dynamic Modeling for Environmental Investment and Policymaking	
CIVE 5271	Solid and Hazardous Waste Management	
CIVE 5275	Life Cycle Assessment of Materials, Products, and Infrastructure	
CIVE 5280	Remote Sensing of the Environment	
CIVE 5536	Hydrologic and Hydraulic Design	
Supplemental Credit		
1 semester hour from the following course counts toward the engineering requirement:		1
CIVE 3464	Probability and Engineering Economy for Civil Engineering

Architectural Engineering, Minor

Architectural engineering is a field of engineering that encompasses elements of civil engineering, mechanical engineering, architecture, and related fields to plan, design, and create buildings within the urban environment. It includes the architectural and structural design, mechanical systems design, computational controls and sensing, and sustainable engineering strategies.

The Department of Civil and Environmental Engineering recognizes the importance of interdisciplinary work and of exposing students to the great richness in a classroom of diverse students from multiple majors bringing their own perspectives. The prospect of engineering students in architecture classes and vice versa stands to benefit all the students, whether or not they are enrolled in the minor.

The minor in architectural engineering opens opportunities for students across the university who are interested in a unique and multidisciplinary approach to the built environment. For engineering students, this minor offers an opportunity to work in the built environment and to better understand architecture, while for architecture students this is an opportunity to acquire the technical knowledge of a course of study in an engineering minor.

A total of 20 semester hours (SH) are required to complete this minor. Students will be required to complete 8 SH of required courses and 12 SH of approved elective courses from several colleges and departments at the university. Students interested in this minor must contact the civil engineering academic advisor in order to declare the minor.

- Audience: This minor in architectural engineering is designed for any major and is open to any undergraduate student at the university.
- Double count no more than two courses with any major or graduate degree requirement, other than general electives.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs and recitations courses where specified.

Required Courses

Code	Title	Hours
CIVE 2221 and CIVE 2222	Statics and Solid Mechanics and Recitation for CIVE 2221	4
ARCH 3210 and ARCH 3211	Environmental Systems and Recitation for ARCH 3210	4

Electives

ARCHITECTURE ELECTIVES

Code	Title	Hours
Complete one of the following:		4
ARCH 2240	Architectonic Systems	
ARCH 2330 and ARCH 2331	Architecture, Modernity, and the City, 1800 to 1910 and Recitation for ARCH 2330	
ARCH 2340 and ARCH 2341	Architecture, Modernity, and the City, 1910 to 1980 and Recitation for ARCH 2340	
ARCH 5220	Integrated Building Systems	
LARC 2230	Introduction to Sustainable Site Planning and Design	
LARC 2240	Sustainable Site Construction and Detailing	

ENGINEERING ELECTIVES

Code	Title	Hours
Complete one or two of the following:		8
CIVE 2320 and CIVE 2321	Structural Analysis and Recitation for CIVE 2320	
CIVE 2324	Concrete Structure Design	
CIVE 3425	Steel Structure Design	
CIVE 5281	Coastal Dynamics and Design	
CIVE 5520	Structural Systems	
CIVE 5522	Structural Systems Modeling	
CIVE 5699	Special Topics in Civil Engineering (Building Energy Performance Simulation)	
CIVE 5699	Special Topics in Civil Engineering (Climate Science and Technology Adaptation and Policy)	
CIVE 5699	Special Topics in Civil Engineering (Vibration-based Structural Health Monitoring)	
SBSY 5100	Sustainable Design and Technologies in Construction	
SBSY 5200	Sustainable Engineering Systems for Buildings	
SBSY 5300	Information Systems for Integrated Project Delivery	

If only one course was taken above, complete one course from the following:

GE 3300	Energy Systems: Science, Technology, and Sustainability
CIVE 2340 and CIVE 2341	Geotechnical Engineering and Lab for CIVE 2340
CIVE 4542	Foundation Engineering and Design
CIVE 5275	Life Cycle Assessment of Materials, Products, and Infrastructure

GPA Requirement

2.000 GPA required in the minor

Civil Engineering, Minor

The minor in civil engineering opens opportunities for students across the university who are interested in gaining knowledge in urban engineering through the core disciplines within the Department of Civil and Environmental Engineering.

A total of 16 semester hours are required to complete this minor. Students interested in this minor must contact the civil and environmental engineering academic advisor in order to declare the minor. This minor is not open to civil engineering or environmental engineering majors.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs and recitations courses where specified.

Required Courses

Code	Title	Hours
Complete four of the following:		16
CIVE 2221	Statics and Solid Mechanics	
CIVE 2260 and CIVE 2261	Materials for the Built Environment and Lab for CIVE 2260	
CIVE 2320	Structural Analysis	
CIVE 2324	Concrete Structure Design	
CIVE 2331	Fluid Mechanics and Hydraulics	
CIVE 2334	Environmental Engineering: Principles, Technology, and Sustainability	
CIVE 2335	Environmental Engineering Chemistry	
CIVE 2340 and CIVE 2341	Geotechnical Engineering and Lab for CIVE 2340	
CIVE 3425	Steel Structure Design	
CIVE 3430	Engineering Microbiology and Ecology	
CIVE 3435	Environmental Pollution Fate and Transport	
CIVE 3464	Probability and Engineering Economy for Civil Engineering	
CIVE 4534	Water Treatment Systems Design	
CIVE 4540	Resource Recovery and Waste Treatment Technologies Abroad	
CIVE 4542	Foundation Engineering and Design	
CIVE 4554	Highway Design	
CIVE 4566	Design for Sustainable Transportation: Netherlands	
CIVE 4575	Construction Management	
CIVE 4777	Climate Hazards and Resilient Cities Abroad	
CIVE 5271	Solid and Hazardous Waste Management	
CIVE 5221 and CIVE 5231	Construction Project Control and Organization and Alternative Project Delivery Systems in Construction	
CIVE 5260	Environmental Fluid Mechanics	
CIVE 5261	Dynamic Modeling for Environmental Investment and Policymaking	
CIVE 5275	Life Cycle Assessment of Materials, Products, and Infrastructure	

CIVE 5280	Remote Sensing of the Environment
CIVE 5281	Coastal Dynamics and Design
CIVE 5300	Environmental Engineering Laboratory
CIVE 5373	Transportation Systems: Analysis and Planning
CIVE 5376	Traffic Engineering and Sustainable Urban Street Design
CIVE 5520	Structural Systems
CIVE 5522	Structural Systems Modeling
CIVE 5536	Hydrologic and Hydraulic Design
CIVE 5699	Special Topics in Civil Engineering (Building Energy Performance Simulation)
CIVE 5699	Special Topics in Civil Engineering (Climate Science and Technology Adaptation and Policy)
CIVE 5699	Special Topics in Civil Engineering (Vibration-based Structural Health Monitoring)
SBSY 5100	Sustainable Design and Technologies in Construction
SBSY 5200	Sustainable Engineering Systems for Buildings
SBSY 5300	Information Systems for Integrated Project Delivery

GPA Requirement

2.000 GPA required in the minor

Environmental Chemistry, Minor

The minor in environmental chemistry offers an opportunity for students of any background interested in environmental sciences to better understand the chemistry of the environment. Students completing the minor in environmental chemistry have an opportunity to learn about the chemical processes of natural systems and environmental pollutants, while earning a credential that highlights their interest and expertise. This can be a useful course of study whether their primary degree and career will be in one of the traditional chemical, environmental, or engineering programs, or another allied field. No more than two courses (totaling 8 SH to 10 SH) may double count with any major degree requirements.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: No more than two courses (totaling 8 SH to 10 SH) may double count with any major degree requirements.

Required Courses

Code	Title	Hours
Environmental Chemistry Core		
Complete one of the following:		4
ENVR 3410	Environmental Geochemistry	
CIVE 2335	Environmental Engineering Chemistry	
Chemistry Core		
Complete one of the following:		5

CHEM 2321 and CHEM 2322	Analytical Chemistry and Lab for CHEM 2321
CHEM 2331 and CHEM 2322	Bioanalytical Chemistry and Lab for CHEM 2321
CHEM 3521 and CHEM 3522	Instrumental Methods of Analysis and Instrumental Methods of Analysis Lab

Research Experience

Complete one of the following: 4

CHEM 4750	Senior Research
CHEM 4770	Chemistry Capstone
CHEM 4901	Undergraduate Research
CHEM 4992	Directed Study
ENVR 4900 or ENVR 4997	Earth and Environmental Science Capstone Senior Thesis
ENVR 4992	Directed Study
CIVE 4991	Research
CIVE 4992	Directed Study

Electives

Code	Title	Hours
Complete two of the following:		8-9

CIVE 2335	Environmental Engineering Chemistry (If not used to satisfy Environmental Chemistry Core)
CIVE 3435	Environmental Pollution Fate and Transport
ENVR 4504	Environmental Pollution
CIVE 5300	Environmental Engineering Laboratory
ENVR 3125	Global Oceanic Change
ENVR 3410	Environmental Geochemistry (If not used to satisfy Environmental Chemistry Core)
ENVR 4500 and ENVR 4501	Applied Hydrogeology and Lab for ENVR 4500
ENVR 4505	Wetlands
ENVR 5190	Soil Science

GPA Requirement

Minimum 2.000 GPA required in all major courses

Credit Requirement

Minimum of 21 hours required

Electrical and computer engineering (ECE) is a discipline that prepares graduates to solve problems across a diverse array of industries. Course work is drawn from a curriculum that includes cutting-edge ECE technologies: embedded systems and internet of things, robotics and cyber-human systems, networking (mobile/wireless as well as the internet of the future), and big data analytics and machine learning. Northeastern's historic strengths in ECE include communications and digital signal processing, power and control systems, power electronics, RF/microwave magnetic materials, device technologies, computer engineering, networking, and robotics. The Department of Electrical and Computer Engineering is deeply committed to training and educating the next generation of electrical and computer engineers through Northeastern's experiential learning model and comprehensive pedagogy. BS, MS, and PhD degrees are offered in both electrical and computer engineering.

Overview of Programs Offered

Please see the programs tab (p. 427) for a list of the department's academic programs.

Successful engineers need to organize and adapt information to solve problems. They also must work effectively in teams and communicate well. Therefore, the goal of the electrical engineering and computer engineering programs is to help students develop these skills and provide the appropriate technical background for a successful career.

The curricula are continuously assessed to ensure that graduates can achieve these goals and go on to succeed as professional electrical or computer engineers. The Bachelor of Science programs allow students sufficient flexibility within the standard eight academic semesters to earn a minor in nearly any department in the university. Typical minors might include physics, math, computer science, or business, but students might also organize their course of study to earn a minor in economics, English, or music.

The academic program is supported by extensive laboratory facilities for study and experimentation in computing, circuit analysis, electronics, digital systems, microwaves, control systems, semiconductor processing, very large-scale integration (VLSI) design, and digital signal processing. Students have access to state-of-the-art computing facilities, including numerous Linux and Windows-based workstations. Many courses are taught in one of the four computer-based teaching classrooms. Two introductory electrical and computer engineering courses meet in integrated lab-classrooms where students and professors, assisted by undergraduate and graduate teaching assistants, work together on both theoretical and practical aspects of a wide range of signal processing and computing systems.

Mission of the Department

The primary educational missions of the Department of Electrical and Computer Engineering are to educate undergraduate students so they have the opportunity to obtain successful careers in electrical and computer engineering and related disciplines and pursue advanced study, such as graduate study in engineering or related disciplines, and to educate graduate students so they can make meaningful contributions to the research and industrial communities.

Other Programmatic Features

More than 90 percent of department undergraduates take advantage of the cooperative education program. During the cooperative work phase of the program, the students' levels of responsibility grow as they gain theoretical and technical knowledge through academic work. A sophomore might begin cooperative work experience as an engineering assistant and progress by the senior year to a position with responsibilities similar to those of entry-level engineers.

The department also offers significant research opportunities throughout all fields of electrical and computer engineering, including participating in research centers based in our department and college.

A senior-year design course caps the education by drawing on everything learned previously. Teams of students propose, design, and build a functioning electrical or computer engineering system—just as they might in actual practice.

Programs

Bachelor of Science in Computer Engineering (BSCompE)

- Computer Engineering (p. 427)
- Computer Engineering and Physics (p. 431)
- Computer Engineering and Computer Science (p. 302)

Bachelor of Science in Electrical Engineering (BSEE)

- Electrical Engineering (p. 436)
- Electrical Engineering and Physics (p. 440)
- Electrical Engineering and Music with Concentration in Music Technology (p. 203)

Combined Major (BSEE or BSCompE)

- Electrical and Computer Engineering (p. 444)

Minors

- Biomedical Engineering (p. 447)
- Computer Engineering (p. 448)
- Computational Data Analytics (p. 448)
- Electrical Engineering (p. 449)
- Robotics (p. 449)

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p. 462)

Computer Engineering, BSCompE

The use of computer technology is exploding, driven by applications in wireless communications, multimedia, portable devices, and internet computing. At the core of these technological advances are computer engineers who research, design, and develop hardware and software. With a degree in computer engineering you might develop a full-featured multimedia phone, design the next-generation microprocessor, program computer-guided cameras to inspect nanomanufacturing facilities, or start your own software company.

The computer engineering major acquires a strong foundation in engineering principles and the physical sciences in addition to a powerful mix of theory and practice in hardware and software design. The core of the computer engineering curriculum comprises courses in computer organization and architecture, computer networks, computer-aided design, programming languages, optimization theory, and software design.

The BSCompE degree requires a sequence of core courses, technical electives, general electives, and electives in the arts and humanities and social sciences.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Interpreting Culture (IC), Societies and Institutions (SI), and Differences and Diversity (DD) are not explicitly satisfied by required engineering courses. Students are responsible for satisfying these requirements and, if these are not fulfilled in engineering courses, should use general electives to do so.

Major GPA Requirement

2.000 minimum GPA required in EECE courses

Engineering

Complete 55 semester hours in engineering as indicated below.

Code	Title	Hours
Required Courses		
EECE 2150	Circuits and Signals: Biomedical Applications	5
EECE 2160	Embedded Design: Enabling Robotics	4
Computer Engineering Fundamentals		
EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322	5
EECE 2540	Fundamentals of Networks	4
EECE 2560	Fundamentals of Engineering Algorithms	4

Electrical Engineering Fundamentals

If more than one electrical engineering fundamentals course is taken, it can count as a technical elective.

Complete one of the following:		4-5
EECE 2412 and EECE 2413	Fundamentals of Electronics and Lab for EECE 2412	
EECE 2520	Fundamentals of Linear Systems	
EECE 2530 and EECE 2531	Fundamentals of Electromagnetics and Lab for EECE 2530	

Capstone Courses

EECE 4790	Electrical and Computer Engineering Capstone 1	4
EECE 4792	Electrical and Computer Engineering Capstone 2	4

EECE Technical Electives

Two CS courses from the following approved list may be taken toward the EECE technical elective requirement.

Complete four of the following: 16

EECE 2750	Enabling Engineering
EECE 4991	Research
EECE 4992	Directed Study
EECE 4993	Independent Study
GE 4608	Introduction to Nanotechnology in Engineering
ENGR 5670	Sustainable Energy: Materials, Conversion, Storage, and Usage
EECE 2412 to EECE 2530	
EECE 3324 to EECE 4698	
EECE 5155 to EECE 5698	
CS 3200	Database Design
CS 3500	Object-Oriented Design
CS 4850	Building Game Engines
CS 3540 to CS 3800	
CS 4100 to CS 4770	
IS 4200 to IS 4700	
CY 2550	Foundations of Cybersecurity

Supplemental Credit

2 semester hours from the following course count toward the engineering requirement: 2

GE 1501	Cornerstone of Engineering 1
---------	------------------------------

3 semester hours from the following course count toward the engineering requirement: 3

GE 1502	Cornerstone of Engineering 2
---------	------------------------------

Professional Development

Code	Title	Hours
Required Professional Development		
GE 1000	Introduction to the Study of Engineering	1
EECE 2000	Introduction to Engineering Co-op Education	1
EECE 3000	Professional Issues in Engineering	1

Additional Required Courses

The remaining credit from the following course will apply to the professional development area: 1

GE 1501	Cornerstone of Engineering 1
---------	------------------------------

The remaining credit from the following course will apply to the professional development area: 1

GE 1502	Cornerstone of Engineering 2
---------	------------------------------

Supporting Courses: Mathematics/Science Requirement

Complete 35 semester hours in mathematics and science as indicated below.

Code	Title	Hours
Required Mathematics/Science		
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4

MATH 3081	Probability and Statistics	4
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	5
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	5

Supplemental Credit

1 semester hour from the following course counts toward the mathematics/science requirement: 1

GE 1501	Cornerstone of Engineering 1
---------	------------------------------

Writing Requirements

Code	Title	Hours
A grade of C or higher is required:		
ENGW 1111	First-Year Writing	4
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete seven academic, nonremedial, nonrepetitive courses, each equivalent to 4 semester hours.		28

Program Requirement

132 total semester hours required

Computer Engineering and Physics, BSCompE

This intercollege dual major serves students who would like to explore their interest in physics while earning the benefit of an accredited Bachelor of Science degree in engineering. The dual major combines a major in physics from the Department of Physics in the College of Arts and Sciences with the Bachelor of Science in Computer Engineering degree from the Department of Electrical and Computer Engineering.

Because of the large body of shared knowledge between computer engineering and physics, an integrated dual major between these two disciplines is a logical course of study and can be accomplished within a student's usual five-year program (including three co-op placements) without requiring course overloading in any semester. A student graduating from this program will have studied both the physical fundamentals and computer systems.

Students interested in this program should contact the Department of Electrical and Computer Engineering or the Department of Physics as early as possible, preferably prior to registering for freshman courses.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Major GPA Requirement

2.000 minimum GPA required in EECE courses

Engineering

Complete 47 semester hours in engineering as indicated below.

Code	Title	Hours
Required Courses		
EECE 2150	Circuits and Signals: Biomedical Applications	5
EECE 2160	Embedded Design: Enabling Robotics	4
Computer Engineering Fundamentals		
EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322	5
EECE 2540	Fundamentals of Networks	4
EECE 2560	Fundamentals of Engineering Algorithms	4
Electrical Engineering Fundamentals		

If more than one electrical engineering fundamentals course is taken, it can count as a technical elective.

Complete one of the following: 4

EECE 2412 Fundamentals of Electronics and Lab for EECE 2412

EECE 2520 Fundamentals of Linear Systems

EECE 2530 Fundamentals of Electromagnetics and Lab for EECE 2530

Capstone Courses

EECE 4790 Electrical and Computer Engineering Capstone 1 4

EECE 4792 Electrical and Computer Engineering Capstone 2 4

Technical Electives

One CS course from the following approved list may be taken toward the EECE technical elective requirement: 8

EECE 2750 Enabling Engineering

EECE 4991 Research

EECE 4992 Directed Study

EECE 4993 Independent Study

EECE 2412 to EECE 2530

EECE 3324 to EECE 4698

EECE 5155 to EECE 5698

ENGR 5670 Sustainable Energy: Materials, Conversion, Storage, and Usage

GE 4608 Introduction to Nanotechnology in Engineering

CY 2550 Foundations of Cybersecurity

CS 3200 Database Design

CS 3500 Object-Oriented Design

CS 4850 Building Game Engines

CS 3540 to CS 3800

CS 4100 to CS 4770

IS 4200 to IS 4700

Supplemental Credit

2 semester hours from the following course count toward the engineering requirement: 2

GE 1501 Cornerstone of Engineering 1

3 semester hours from the following course count toward the engineering requirement: 3

GE 1502 Cornerstone of Engineering 2

Mathematics/Science

Complete 63 semester hours in mathematics and science as indicated below.

Code	Title	Hours
Required Mathematics/Science		
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4

MATH 2341	Differential Equations and Linear Algebra for Engineering	4
MATH 3081	Probability and Statistics	4
Complete one of the following:		5
PHYS 1161 and PHYS 1162	Physics 1 and Lab for PHYS 1161	
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	
Complete one of the following:		5
PHYS 1165 and PHYS 1166	Physics 2 and Lab for PHYS 1165	
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	
PHYS 2303	Modern Physics	4
PHYS 2305	Thermodynamics and Statistical Mechanics	4
PHYS 3600	Advanced Physics Laboratory	4
PHYS 3602	Electricity and Magnetism	4
PHYS 5115	Quantum Mechanics	4

Advanced Physics Elective

Complete one of the following:		4
MATH 4606	Mathematical and Computational Methods for Physics	
PHYS 3600 to PHYS 7999		

Supplemental Credit

1 semester hour from the following course counts toward the mathematics/science requirement:		1
GE 1501	Cornerstone of Engineering 1	

Professional Development

Code	Title	Hours
Required Professional Development		
GE 1000	Introduction to the Study of Engineering	1
EECE 2000	Introduction to Engineering Co-op Education	1
EECE 3000	Professional Issues in Engineering	1

Additional Required Courses

One credit hour from the following course counts toward the engineering requirement:		1
GE 1501	Cornerstone of Engineering 1	
One credit hour from the following course counts toward the engineering requirement:		1
GE 1502	Cornerstone of Engineering 2	

Integrative Requirement

The following course, which counts toward the engineering requirement above, is an integrative course:

Code	Title	Hours
EECE 4790	Electrical and Computer Engineering Capstone 1	4

Writing Requirement and NUpath Courses

Code	Title	Hours
Writing		
A grade of C or higher is required:		
ENGW 1111	First-Year Writing	4
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

NUpath Requirements through General Electives

NUpath requirements Interpreting Culture (IC), Societies and Institutions (SI), and Differences and Diversity (DD) are not explicitly satisfied by required engineering courses. Students are responsible for satisfying these requirements through general electives.

Required General Electives

Complete two academic, nonremedial, nonrepetitive courses, each equivalent to 4 semester hours.

Program Requirement

132 total semester hours required

Computer Engineering and Computer Science, BSCompE

This intercollege dual major serves students who are interested in both computer hardware and software, combining an accredited Bachelor of Science degree in engineering with the added benefits of depth in software principles found in a Bachelor of Science degree in computer science. This program provides a well-rounded computing education that includes engineering design principles, computational thinking, proper program design, and a solid background in mathematics and science. The degree is fully accredited as a Bachelor of Science in Computer Engineering and adds the computer science depth.

Because of the large body of shared knowledge between computer engineering and computer science, an integrated dual major between these two disciplines is a logical course of study and can be accomplished within a student's usual five-year program (including three co-op placements) without requiring course overloading in any semester. A student graduating from this program will have a solid foundation in both computer hardware and software principles, and should be prepared

for a wide range of career paths in the computing field or any related field that relies on the application of engineering or computing principles.

Students interested in this program should contact the Department of Electrical and Computer Engineering or the Department of Computer and Information Science as early as possible, preferably prior to registering for freshman courses.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Major GPA Requirement

2.000 minimum GPA in EECE courses

Engineering

Complete 47 semester hours in engineering as indicated below.

Code	Title	Hours
Required Courses		
EECE 2150	Circuits and Signals: Biomedical Applications	5
EECE 2160	Embedded Design: Enabling Robotics	4

EECE 5155 to EECE 5698		
CS/IS/CY Technical Electives		8
Complete two of the following:		
CS 3200	Database Design	
CS 3540	Game Programming	
CS 3700	Networks and Distributed Systems	
CS 3800	Theory of Computation	
CS 4850	Building Game Engines	
CY 2550	Foundations of Cybersecurity	
CY 3740	Systems Security	
CS 4100 to CS 4410		
CS 4510 to CS 4650		
CS 4740 to CS 4760		
IS 4200 to IS 4700		
Supplemental Credit		
2 semester hours from the following course count toward the engineering requirement:		2
GE 1501	Cornerstone of Engineering 1	
3 semester hours from the following course count toward the engineering requirement:		3
GE 1502	Cornerstone of Engineering 2	

Computer Science Requirements

Code	Title	Hours
Computer Science Introductory Courses		
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
CS 2800 and CS 2801	Logic and Computation and Lab for CS 2800	5
Computer Science Upper-Level Courses		
CS 3500	Object-Oriented Design	4
CS 3650	Computer Systems	4
CS 4500	Software Development	4

Professional Development

Code	Title	Hours
Required Professional Development		
GE 1000	Introduction to the Study of Engineering	1
EECE 2000	Introduction to Engineering Co-op Education	1
EECE 3000	Professional Issues in Engineering	1
Additional Required Courses		
The remaining credit from the following course will apply to the professional development area:		1
GE 1501	Cornerstone of Engineering 1	
The remaining credit from the following course will apply to the professional development area:		1
GE 1502	Cornerstone of Engineering 2	

Integrative Courses

The following courses are taken in the major and count toward the integrative requirement:

Code	Title	Hours
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 3081	Probability and Statistics	4
CS 1800	Discrete Structures	4
PHYS 1151 and PHYS 1152	Physics for Engineering 1 and Lab for PHYS 1151	4
EECE 4790	Electrical and Computer Engineering Capstone 1	4
EECE 4792	Electrical and Computer Engineering Capstone 2	4

Supporting Courses: Mathematics/Science

Complete 35 semester hours in mathematics and science as indicated below.

Code	Title	Hours
Required Mathematics/Science		
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
MATH 3081	Probability and Statistics	4
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	5
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	5
Supplemental Credit		
1 semester hour from the following course counts toward the mathematics/science requirement:		1
GE 1501	Cornerstone of Engineering 1

Electrical Engineering, BSEE

The components of the Information Age—global communication systems; computers and computer chips, and the software that runs them; as well as pacemakers, magnetic resonance imaging, and interplanetary space missions—are possible because of the efforts of electrical engineers. Today, electrical engineers are developing concepts and working to translate these ideas into the next generation of products, from computers and safe, energy-efficient vehicles, to radar that can detect unexploded land mines from the air, to microrobots that diagnose disease from inside the body.

Many electrical engineers work in the traditional areas of communications, computation, and control and components required to realize such systems. They are involved in design and product development, testing and quality control, sales and marketing, and manufacturing. Others use their problem-solving skills in diverse areas such as bioengineering, healthcare, electronic music, meteorology, and experimental psychology. Some graduates draw on their electrical engineering backgrounds to launch successful careers as physicians, financial analysts, attorneys, and entrepreneurs.

The BSEE degree requires a sequence of core courses and advanced study in one or more technical elective areas: electronic circuits and devices; signals and systems; fields, waves, and optics; power engineering; or computer engineering. General electives and electives in the arts and humanities and social sciences are also required.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Major GPA Requirement

Minimum 2.000 GPA required in EECE courses

Engineering

Complete 58 semester hours in engineering as indicated below.

Code	Title	Hours
Required Courses		
EECE 2150	Circuits and Signals: Biomedical Applications	5
EECE 2160	Embedded Design: Enabling Robotics	4
Electrical Engineering Fundamentals		
EECE 2412 and EECE 2413	Fundamentals of Electronics and Lab for EECE 2412	5
EECE 2520	Fundamentals of Linear Systems	4
EECE 2530 and EECE 2531	Fundamentals of Electromagnetics and Lab for EECE 2530	5
Computer Engineering Fundamentals		
If more than one computer engineering fundamentals course is taken, it can count as a technical elective.		
Complete one of the following:		4-5
EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322	
EECE 2540	Fundamentals of Networks	
EECE 2560	Fundamentals of Engineering Algorithms	
Capstone Courses		
EECE 4790	Electrical and Computer Engineering Capstone 1	4

EECE 4792	Electrical and Computer Engineering Capstone 2	4
-----------	--	---

Electrical Engineering Technical Electives

Complete four of the following:		16
---------------------------------	--	----

EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322	
-------------------------	--	--

EECE 4991	Research

Electrical Engineering and Physics, BSEE

This intercollege combined major serves students who would like to explore their interest in physics while earning the benefit of an accredited Bachelor of Science degree in engineering. The major combines a major in physics from the Department of Physics in the College of Science with the Bachelor of Science in Electrical Engineering degree from the Department of Electrical and Computer Engineering.

Because of the large body of shared knowledge between electrical engineering and physics, a combined major between these two disciplines is a logical course of study and can be accomplished within a student's usual five-year program (including three co-op placements) without requiring course overloading in any semester. A student graduating from this program will have studied both the physical fundamentals and the applications of electronic devices and systems. The program is a particularly appropriate course of study for students who wish to pursue a career in solid-state devices, microelectromechanical systems, or nanotechnology.

Students interested in this program should contact the Department of Electrical and Computer Engineering or the Department of Physics as early as possible, preferably prior to registering for freshman courses.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Major GPA Requirement

2.000 minimum GPA required in EECE courses

Engineering

Complete 50 semester hours in engineering as indicated below.

Code	Title	Hours
Required Courses		
EECE 2150	Circuits and Signals: Biomedical Applications	5
EECE 2160	Embedded Design: Enabling Robotics	4
Electrical Engineering Fundamentals		
EECE 2412 and EECE 2413	Fundamentals of Electronics and Lab for EECE 2412	5
EECE 2520	Fundamentals of Linear Systems	4
EECE 2530 and EECE 2531	Fundamentals of Electromagnetics and Lab for EECE 2530	5
Computer Engineering Fundamentals		
If more than one computer engineering fundamentals course is taken, it can count as a technical elective.		
Complete one of the following:		4-5
EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322	
EECE 2540	Fundamentals of Networks	
EECE 2560	Fundamentals of Engineering Algorithms	
Capstone Courses		
EECE 4790	Electrical and Computer Engineering Capstone 1	4
EECE 4792	Electrical and Computer Engineering Capstone 2	4
EECE Technical Electives		
Complete two of the following:		8-9
EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322	
EECE 4991	Research	
EECE 4992	Directed Study	
EECE 4993	Independent Study	
ENGR 5670	Sustainable Energy: Materials, Conversion, Storage, and Usage	
GE 4608	Introduction to Nanotechnology in Engineering	
EECE 2540 to EECE 2750		
EECE 3324 to EECE 3410		
EECE 4512 to EECE 4698		
EECE 5155 to EECE 5698		
Supplemental Credit		
2 semester hours from the following course count toward the engineering requirement:		2
EECE 3468	Noise and Stochastic Processes	
2 semester hours from the following course count toward the engineering requirement:		2
GE 1501	Cornerstone of Engineering 1	
3 semester hours from the following course count toward the engineering requirement:		3
GE 1502	Cornerstone of Engineering 2	

Professional Development

Code	Title	Hours
------	-------	-------

Required Professional Development

GE 1000	Introduction to the Study of Engineering	1
EECE 2000	Introduction to Engineering Co-op Education	1
EECE 3000	Professional Issues in Engineering	1

Additional Required Courses

The remaining credit from the following course will apply to the professional development area:

GE 1501 Cornerstone of Engineering 1

The remaining credit from the following course will apply to the professional development area:

GE 1502 Cornerstone of Engineering 2

Mathematics/Science

Complete 57 semester hours in mathematics and science as indicated below.

Code	Title	Hours
------	-------	-------

Required Mathematics/Science

CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4

Complete one of the following: 5

PHYS 1151 and PHYS 1152 and PHYS 1153
Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151

PHYS 1161 and PHYS 1162
Physics 1 and Lab for PHYS 1161

Complete one of the following: 5

PHYS 1155 and PHYS 1156 and PHYS 1157
Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155

PHYS 1165 and PHYS 1166
Physics 2 and Lab for PHYS 1165

PHYS 2303 Modern Physics 4

PHYS 2305 Thermodynamics and Statistical Mechanics 4

PHYS 3600 Advanced Physics Laboratory 4

PHYS 3602 Electricity and Magnetism 4

PHYS 5115 Quantum Mechanics 4

Advanced Physics Elective

Complete one of the following: 4

MATH 4606 Mathematical and Computational Methods for Physics

PHYS 3600 to PHYS 7999

Supplemental Credit

2 semester hours from the following course count toward the mathematics/science requirement: 2

EECE 3468 Noise and Stochastic Processes

1 semester hour from the following course counts toward the mathematics/science requirement: 1

GE 1501 Cornerstone of Engineering 1

Writing Requirement and NUpath Courses

Code	Title	Hours

Electrical Engineering and Music with concentration in Music Technology, BSEE

This intercollege combined major is designed for students who would like to explore their interest in music technology while earning the benefit of a Bachelor of Science degree in electrical engineering. The music industry relies heavily on electronic technology in the production (e.g., electronic musical instruments and performance/recording technology), storage (e.g., mp3 and other file storage formats), and distribution (e.g., streaming services) of music. The program combines the content of two majors to allow students to learn the breadth and depth of the convergence between electrical engineering and music technology.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond

specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Major GPA Requirement

Minimum 2.000 GPA required in EECE courses

Engineering Requirements

Complete 50 semester hours in engineering as indicated below.

Code	Title	Hours
Required Courses		
EECE 2150	Circuits and Signals: Biomedical Applications	5
EECE 2160	Embedded Design: Enabling Robotics	4
Electrical Engineering Fundamentals		
EECE 2412 and EECE 2413	Fundamentals of Electronics and Lab for EECE 2412	5
EECE 2520	Fundamentals of Linear Systems	4
EECE 2530 and EECE 2531	Fundamentals of Electromagnetics and Lab for EECE 2530	5
Computer Engineering Fundamentals		
	Complete one of the following. If more than one computer engineering fundamentals course is taken, it may count as a technical elective:	4-5
EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322	
EECE 2540	Fundamentals of Networks	
EECE 2560	Fundamentals of Engineering Algorithms	
Capstone Courses		
EECE 4790	Electrical and Computer Engineering Capstone 1	4
EECE 4792	Electrical and Computer Engineering Capstone 2	4
Technical Electives		
	Complete two of the following. If EECE 5697 is taken, students are required to complete a music elective.	8
EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322	
EECE 4993	Independent Study	
EECE 4991	Research	
ENGR 5670	Sustainable Energy: Materials, Conversion, Storage, and Usage	
EECE 4992	Directed Study	
GE 4608	Introduction to Nanotechnology in Engineering	
EECE 2540	Fundamentals of Networks	
EECE 2750	Enabling Engineering	

EECE 3324	Computer Architecture and Organization
EECE 3410	Electronics 2
EECE 4512	Healthcare Technologies: Sensors, Systems, and Analysis
EECE 5155	Wireless Sensor Networks and the Internet of Things
EECE 5698	Special Topics in Electrical and Computer Engineering

Supplemental Credit

2 semester hours from the following course count toward the engineering requirement: 2

EECE 3468 Noise and Stochastic Processes

2 semester hours from the following course count toward the engineering requirement: 2

GE 1501 Cornerstone of Engineering 1

3 semester hours from the following course count toward the engineering requirement: 3

GE 1502 Cornerstone of Engineering 2

Professional Development

Code	Title	Hours
GE 1000	Introduction to the Study of Engineering	1
EECE 2000	Introduction to Engineering Co-op Education	1
EECE 3000	Professional Issues in Engineering	1

PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	5

2 semester hours from the following course count toward this requirement: 2

EECE 3468 Noise and Stochastic Processes

Supplemental Credit

1 semester hour from the following course count toward this requirement: 1

GE 1501 Cornerstone of Engineering 1

Music Requirements

Code	Title	Hours
Music Theory		
MUSC 1201	Music Theory 1	4
MUSC 1202	Music Theory 2	4
Required Context Course		
MUSC 1001	Music in Everyday Life	4
Music in Context		
Complete one of the following:		4
MUSC 2101	Black Popular Music	
MUSC 2107	Introduction to Opera	
MUSC 2130	Music of Asia	
MUSC 2150	Making a Musical: Analysis, Craft, and Creation	
MUSC 2310	Popular Music Since 1945	
MUSC 2312	Historical Traditions: Classical	
MUSC 2317	Punk Rock	
MUSC 2320	40,000 Years of Music Technology	
MUSC 2340	Divas, DJs, and Double Standards	
MUSC 2351	Music, Sound, and the Screen	
MUSC 3470	War and Music	
MUSC 3560	Topics in Music since 1900	
MUSI 3401	Hip Hop in the Music Industry	
MUSI 3351	Music and Social Justice	
MUSI 5900	Ethnography in Creative Industries	

Acoustics or Music Elective

Complete one of the following. If EECE 5697 is taken, students are required to complete a music elective. 4

MUSC 2350 Acoustics and Psychoacoustics of Music

MUSC 2000 to MUSC 5999

Music Technology

MUST 1220	Introduction to Music Technology	4
MUST 2431	Computer Music Fundamentals	4

Music Technology Electives

Complete two of the following. Other appropriate MUST courses will be considered by petition to fulfill this category. 8

MUST 4610 Composition for Electronic Instruments

MUST 3540 Special Topics in Music Technology

Writing Requirement and Additional NUPATH Courses

A grade of C or higher is required in both First-Year Writing and Advanced Writing in the Disciplines.

Code	Title	Hours
Writing		
ENGW 1111	First-Year Writing	4
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

NUPATH Requirements through Open Electives

NUPath requirements Interpreting Culture (IC), Societies and Institutions (SI), and Differences and Diversity (DD) are not explicitly satisfied by required engineering courses. Students are responsible for satisfying these requirements with general electives.

Required General Electives

Code	Title	Hours
	Complete one academic, nonremedial, nonrepetitive course, equivalent to 4 semester hours.	4

Music Technology Major Grade Requirement

Students must maintain at least a 2.667 GPA (B- average) in the requirements of the music half of the combined major and also complete all required music courses with grades of at least C. Students who fail to meet the above standards will be placed on departmental probation; those who remain on probation for two consecutive semesters will be dropped from the major.

Program Requirement

136 total semester hours required

Electrical and Computer Engineering, BSEE or BSCompE

Students may choose to major in both electrical and computer engineering by following the combined-major program leading to a Bachelor of Science in Electrical Engineering or Bachelor of Science in Computer Engineering. Students take the required courses for both majors along with technical electives distributed among the areas of computer engineering; fields, waves, and optics; signals and systems; power engineering; and electronic circuits and devices. Additional NUPath requirements must be fulfilled using general electives.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Engineering

Complete 67 semester hours in engineering as indicated below.

Code	Title	Hours
Required Courses		
EECE 2150	Circuits and Signals: Biomedical Applications	5
EECE 2160	Embedded Design: Enabling Robotics	4
Electrical Engineering Fundamentals		
EECE 2412 and EECE 2413	Fundamentals of Electronics and Lab for EECE 2412	5
EECE 2520	Fundamentals of Linear Systems	4
EECE 2530 and EECE 2531	Fundamentals of Electromagnetics and Lab for EECE 2530	5
Computer Engineering Fundamentals		
EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322	5
EECE 2540	Fundamentals of Networks	4
EECE 2560	Fundamentals of Engineering Algorithms	4
Capstone Courses		
EECE 4790	Electrical and Computer Engineering Capstone 1	4
EECE 4792	Electrical and Computer Engineering Capstone 2	4
EECE Technical Electives		
Two CS courses from the following approved list may be taken toward the EECE technical elective requirement.		
Complete four of the following:		16
EECE 2750	Enabling Engineering	
EECE 4991	Research	
EECE 4992	Directed Study	
EECE 4993	Independent Study	
EECE 3324 to EECE 3410		
EECE 4512 to EECE 4698		
EECE 5155 to EECE 5698		
ENGR 5670	Sustainable Energy: Materials, Conversion, Storage, and Usage	
GE 4608	Introduction to Nanotechnology in Engineering	
CS 3200	Database Design	
CS 3500	Object-Oriented Design	
CS 4850	Building Game Engines	
CY 2550	Foundations of Cybersecurity	
CS 3540 to CS 3800		
CS 4100 to CS 4770		
IS 4200 to IS 4700		
Supplemental Credit		
2 semester hours from the following course count toward the engineering requirement:		2
EECE 3468	Noise and Stochastic Processes	

2 semester hours from the following course count toward the engineering requirement:

GE 1501	Cornerstone of Engineering 1	
---------	------------------------------	--

3 semester hours from the following course count toward the engineering requirement:

GE 1502	Cornerstone of Engineering 2	
---------	------------------------------	--

Professional Development

Code	Title	Hours
Required Professional Development		
GE 1000	Introduction to the Study of Engineering	1
EECE 2000	Introduction to Engineering Co-op Education	1
EECE 3000	Professional Issues in Engineering	1
Additional Required Courses		
The remaining credit from the following course will apply to the professional development area:		1
GE 1501	Cornerstone of Engineering 1	
The remaining credit from the following course will apply to the professional development area:		1
GE 1502	Cornerstone of Engineering 2	

Supporting Courses: Mathematics/Science

Complete 37 semester hours in mathematics and science as indicated below.

Code	Title	Hours
Required Mathematics/Science		
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	5
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	5

Supplemental Credit

2 semester hours from the following course count toward the mathematics/science requirement:

EECE 3468	Noise and Stochastic Processes	
-----------	--------------------------------	--

1 semester hour from the following course counts toward the mathematics/science requirement:

GE 1501	Cornerstone of Engineering 1	
---------	------------------------------	--

Writing Requirement and NUpath Courses

Code	Title	Hours
Writing		
A grade of C or higher is required:		
ENGW 1111	First-Year Writing	4

ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

NUpath Requirements through General Electives

NUpath requirements Interpreting Culture (IC), Societies and Institutions (SI), and Differences and Diversity (DD) are not explicitly satisfied by required engineering courses. Students are responsible for satisfying these requirements with general electives.

Required General Electives

Code	Title	Hours
	Complete four academic, nonremedial, nonrepetitive courses, each equivalent to 4 semester hours.	16

Program Requirement

134 total semester hours required

Plan of Study

Five Years, Three Co-ops in Summer 2/Fall

Total Hours: 134

Biomedical Engineering, Minor

Medical imaging and biomedical electronics are important areas of biomedical engineering that are within the province of electrical engineering. The minor in biomedical engineering is open to all students in the university with the prerequisite calculus and physics background. The minor is particularly designed for majors in electrical or computer engineering, biology, health science fields, or other engineering departments who would like a background in relevant aspects of biology and electrical engineering, with the opportunity to complete an interdisciplinary biomedical engineering capstone design project. Course work in anatomy and physiology and other health science topics

is combined with technical engineering courses related to biomedical imaging and instrumentation.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students need to complete the program requirements with at least three courses that are not part of their major required course work.

Required Biology

Code	Title	Hours
BIOL 1115 and BIOL 1116	General Biology 1 for Engineers and Lab for BIOL 1115	5
BIOL 1117 and BIOL 1118	Integrated Anatomy and Physiology 1 and Lab for BIOL 1117	5

Required Engineering

The course you select may also count toward your major.

Code	Title	Hours
Complete one of the following: 4		
EECE 4512	Healthcare Technologies: Sensors, Systems, and Analysis	
EECE 5698	Special Topics in Electrical and Computer Engineering	
EECE 4993	Independent Study (must have a biomedical-engineering focus)	

Required Capstone-Design Courses

Complete the following two courses on a biologically oriented project:

Code	Title	Hours
EECE 4790	Electrical and Computer Engineering Capstone 1	4
EECE 4792	Electrical and Computer Engineering Capstone 2	4

Elective Courses

One course must be outside your home department. Neither course can be used toward your major.

Code	Title	Hours
Complete two of the following: 8-10		
Biology		
BIOL 1113 and BIOL 1114	General Biology 2 and Lab for BIOL 1113	
BIOL 1119 and BIOL 1120	Integrated Anatomy and Physiology 2 and Lab for BIOL 1119	
BIOL 2299	Inquiries in Biological Sciences	
BIOL 2301 and BIOL 2302	Genetics and Molecular Biology and Lab for BIOL 2301	
BIOL 3405	Neurobiology	
BIOL 5581	Biological Imaging	

Chemical Engineering

CHME 5630	Biochemical Engineering	
CHME 5699	Special Topics in Chemical Engineering	

Civil/Industrial Engineering

CIVE 7251	Environmental Biological Processes	
-----------	------------------------------------	--

Electrical/Computer Engineering

EECE 4512	Healthcare Technologies: Sensors, Systems, and Analysis
EECE 4649	Biomedical Imaging
EECE 5698	Special Topics in Electrical and Computer Engineering
EECE 4993	Independent Study

Mechanical/Industrial Engineering

ME 5665	Musculoskeletal Biomechanics
IE 4522	Human-Machine Systems

Physics

PHYS 4621	Biological Physics 1
PHYS 4623	Medical Physics
PHYS 4651	Medical Physics Seminar 1
PHYS 4652	Medical Physics Seminar 2

Psychology

PSYC 3452	Sensation and Perception
PSYC 3458	Biological Psychology

GPA Requirement

2.000 GPA required in the minor

Computer Engineering, Minor

A minor in computer engineering is particularly designed for the student who would like a coherent background in the theory and laboratory practice of computer engineering. This minor is not open to students in the Department of Electrical and Computer Engineering.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

This minor is not open to students in the Department of Electrical and Computer Engineering.

Complete a total of four courses for the minor.

Students need to complete the program requirements with at least three courses that are not part of their major required course work.

Required Core Course

Code	Title	Hours
EECE 2160	Embedded Design: Enabling Robotics	4

Required Fundamental Courses

Code	Title	Hours
Complete two of the following:		
EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322	8-9
EECE 2540	Fundamentals of Networks	
EECE 2560	Fundamentals of Engineering Algorithms	

Computer Engineering Technical Elective

Fundamentals not taken to satisfy the above requirement may be used as a technical elective.

Code	Title	Hours
Complete one of the following:		
EECE 4993	Independent Study	4-5
ENGR 5670	Sustainable Energy: Materials, Conversion, Storage, and Usage	
GE 4608	Introduction to Nanotechnology in Engineering	
EECE 2322 to EECE2750		
EECE3324 to EECE 4698		
EECE 5576 to EECE 5698		

GPA Requirement

2.000 GPA required in the minor

Computational Data Analytics, Minor

This minor, offered by the Department of Electrical and Computer Engineering in the College of Engineering, seeks to provide a coherent technical foundation in the fundamentals and application of data analytics. The minor addresses the growing demand in industry to be able to apply background in probability/statistics, calculus, engineering problem solving, computing, and analytical principles/tools to identify patterns and trends, find clusters and outliers, and characterize/summarize the mountain of data being generated in our world. This program leverages faculty expertise in electrical and computer engineering and includes courses from across the College of Engineering, College of Science, and the Khoury College of Computer Sciences

Students need to complete the program requirements with at least three courses that are not part of their major required course work.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: Students need to complete the program requirements with at least three courses that are not part of their major required course work.

Required Courses

Code	Title	Hours
EECE 2300	Computational Methods for Data Analytics (not required for EECE majors)	4
EECE 5644	Introduction to Machine Learning and Pattern Recognition	4
EECE 5642	Data Visualization	4

Probability and Statistics

Code	Title	Hours
Complete one of the following:		
CIVE 3464	Probability and Engineering Economy for Civil Engineering	4
EECE 3468	Noise and Stochastic Processes	
GE 2361	Mathematical Methods for Engineers	
MATH 2280	Statistics and Software	
MATH 3081	Probability and Statistics	

Elective

Code	Title	Hours
Complete one of the following:		4
EECE 2560	Fundamentals of Engineering Algorithms	
EECE 2520	Fundamentals of Linear Systems	
EECE 4542	Advanced Engineering Algorithms	
EECE 4626	Image Processing and Pattern Recognition	
EECE 4694	Numerical Methods and Computer Applications	
EECE 5639	Computer Vision	
CS 3000	Algorithms and Data	
CS 3200	Database Design	
CS 4240	Large-Scale Parallel Data Processing	
CS 5200	Database Management Systems	
IE 4515	Operations Research	
IE 5640	Data Mining for Engineering Applications	
IS 4200	Information Retrieval	
MATH 4525	Applied Analysis	

GPA Requirement

2.000 GPA required in the minor

Electrical Engineering, Minor

A minor in electrical engineering is particularly designed for majors in math, science, computer science, or other engineering departments who would like a coherent background in the theory and laboratory practice of electrical engineering. This minor is not open to students in the Department of Electrical and Computer Engineering.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

This minor is not open to students in the Department of Electrical and Computer Engineering because of overlap with the majors.

Complete a total of four courses for the minor.

Students need to complete the program requirements with at least three courses that are not part of their major required course work.

Required Core Course

Code	Title	Hours
Complete one of the following:		5
EECE 2150	Circuits and Signals: Biomedical Applications	
EECE 2210 and EECE 2211	Electrical Engineering and Lab for EECE 2210	

Fundamental Core Courses

Code	Title	Hours
Complete two of the following:		9-10
EECE 2412 and EECE 2413	Fundamentals of Electronics and Lab for EECE 2412	

EECE 2520	Fundamentals of Linear Systems
EECE 2530 and EECE 2531	Fundamentals of Electromagnetics and Lab for EECE 2530

Electrical Engineering Technical Electives

Code	Title	Hours
Fundamentals not taken to satisfy the above requirement may be used as a technical elective.		
Complete one of the following:		4
EECE 4993	Independent Study	
ENGR 5670	Sustainable Energy: Materials, Conversion, Storage, and Usage	
GE 4608	Introduction to Nanotechnology in Engineering	
EECE 2322 to EECE 2750		
EECE 3324 to EECE 4698		
EECE 5576 to EECE 5698		

GPA Requirement

2.000 GPA required in the minor

Robotics, Minor

The minor in robotics is open to all students in the university. The minor is designed for the student who would like a coherent background in the theory and practice of robotics.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students need to complete the program requirements with at least three courses that are not part of their major required course work.

Required Courses

Code	Title	Hours
ME 3460	Robot Dynamics and Control	4
Complete one of the following:		4
EECE 2210 and EECE 2211	Electrical Engineering and Lab for EECE 2210	
EECE 2160	Embedded Design: Enabling Robotics	

Electives

Code	Title	Hours
Complete three of the following:		12
EECE 4626	Image Processing and Pattern Recognition	
EECE 4630	Robotics	
EECE 5639	Computer Vision	
EECE 5644	Introduction to Machine Learning and Pattern Recognition	
EECE 5698	Special Topics in Electrical and Computer Engineering	
EECE 5580	Classical Control Systems	
ME 5245	Mechatronic Systems	
ME 5250	Robot Mechanics and Control	
IE 4522	Human-Machine Systems	

IE 5630	Biosensor and Human Behavior Measurement
CS 4100	Artificial Intelligence
CS 4610	Robotic Science and Systems

GPA Requirement

2.000 GPA required in the minor

Mechanical and Industrial Engineering

Website (<http://www.mie.neu.edu>)

Professor, Interim Chair, and Director of Industrial Engineering

Rifat Sipahi, PhD

Professor and Associate Chair for Undergraduate Studies

334 Snell Engineering Center

617.373.2740

617.373.2921 (fax)

The Department of Mechanical and Industrial Engineering offers comprehensive undergraduate programs in both mechanical engineering and industrial engineering, equipping students with the fundamentals in science, mathematics, and engineering. The programs are optimally blended with theory, computation, and laboratory-level practice, as well as with real-world experience through cooperative education programs aligned with Northeastern University's mission in experiential learning. Graduates are positioned to excel in careers in broad areas of engineering as well as in academia.

Mission of the Department

The mission of the Department of Mechanical and Industrial Engineering is to educate students for professional and technical excellence; to perform research to advance the science and practice of engineering; to engage in service activities that advance the department, the university, and the profession; and to instill in ourselves and our students habits and attitudes that promote ethical behavior, professional responsibility, and careers that advance the well-being of society.

Mechanical Engineering

Mechanical engineers design, develop, and support the manufacture of machinery and devices to transmit power or to convert energy from thermal to mechanical form in order to power the modern world and its machines. Traditionally, mechanical engineers have designed and tested devices, such as heating and air-conditioning systems, machine tools, internal-combustion engines, and steam power plants. Today they also play primary roles in the development of new technologies in a variety of fields—energy conversion, solar energy utilization, environmental control, prosthetics, transportation, manufacturing, robotics, and new-materials development.

Mechanical engineers use computers to formulate preliminary and final designs of systems or devices, to perform calculations that predict the behavior of the design, and to collect and analyze performance data from system testing or operation. Mechanical engineering has been heavily influenced by recent advances in computer hardware and software.

The curriculum in mechanical engineering focuses on four areas: applied mechanics, thermofluids engineering, materials science, and controls. Applied mechanics is the study of the motion and deformation of structural elements acted on by forces in devices that range from rotating industrial dynamos to dentists' drills. Thermofluids engineering deals

with the motion of fluids and the transfer of energy, as in the cooling of electronic components or the design of gas turbine engines. Materials science is concerned with the relationship between the structure and properties of materials and with the control of structure, through processing, to achieve desired properties. Practical applications are in the development of composite materials, metallurgical process industries, and advanced functional materials. Controls are critical to any engineered system in which sensors and actuators of several types communicate and function.

Courses in each area form the foundation for advanced analytical and creative design courses that culminate in a two-semester capstone design project. Faculty encourage students throughout the curriculum to use computer-aided design tools and high-performance computer workstations.

Industrial Engineering

Industrial engineers design and analyze systems that include people, equipment, and materials and their interactions and performance in the workplace. An industrial engineer collects this information and evaluates alternatives to make decisions that best advance the goals of the enterprise. Industrial engineers work in manufacturing firms, hospitals, banks, public utilities, transportation, government agencies, insurance companies, and construction firms. Among the projects they undertake are design and implementation of a computer-integrated supply chain or manufacturing system, facilities planning for a variety of industries, design of a robotics system in a manufacturing environment, long-range corporate planning, development and implementation of a quality-control system, simulation analyses to improve processes and make operational decisions, design of healthcare operations to enhance patient safety and improve efficiency, productivity, and development of computer systems for information control.

The program in industrial engineering offers students a base of traditional engineering courses, such as work design, human-machine systems, probability, statistics, and engineering economy, while emphasizing such contemporary areas as simulation modeling, engineering database systems, quality assurance, logistics and supply chain management, operations research, and facilities planning. Students integrate the knowledge acquired in these courses in a two-semester capstone design project.

Other Programmatic Features

More than 90 percent of the department's undergraduate students take advantage of the cooperative education program. Cooperative education assignments increase in responsibility and technical challenge as students progress through the program. Entry level co-op positions in **mechanical engineering** may be in manufacturing, quality assurance and testing, or involve 3-D CAD modeling, while more advanced-level positions will allow students to gain experience in the design process, including advanced 3-D modeling, design for manufacturability, prototyping, and systems engineering. Students in the **industrial engineering** discipline may utilize co-op to concentrate on one industry segment and build an increasingly technical skill set with each experience or explore the breadth of career opportunities over the course of several co-op rotations such as healthcare process improvement, supply chain logistics, business analytics, manufacturing operations, and more.

The department also offers significant research opportunities throughout all fields of mechanical and industrial engineering, including participating in research centers based in our department and college.

Our students have an opportunity to obtain a broad knowledge base in science, engineering, and general studies that allows them flexibility in career development and graduate education. At the same time, our graduates should be responsible and scientifically educated citizens, prepared to contribute personally as well as professionally to an educated, democratic society.

Industrial Engineering, BSIE

Industrial engineering involves the design and analysis of systems that include people, equipment, and materials and their interactions and performance in the workplace. An industrial engineer collects this information and evaluates alternatives to make decisions that best advance the goals of the enterprise.

The program in industrial engineering offers students a base of traditional engineering courses, such as work design, human-machine systems, probability, statistics, and engineering economy, while emphasizing such contemporary areas as simulation modeling, engineering database systems, quality assurance, logistics and supply chain management, operations research, and facilities planning. Students integrate the knowledge acquired in these courses in a two-semester capstone design project.

Industrial engineers work in manufacturing firms, hospitals, banks, public utilities, transportation, government agencies, insurance companies, and construction firms. Among the projects they undertake are design and implementation of a computer-integrated supply chain or manufacturing system; facilities planning for a variety of industries; design of a robotics system in a manufacturing environment; long-range corporate planning; development and implementation of a quality-control system; simulation analyses to improve processes and make operational decisions; design of healthcare operations to enhance patient safety; and improve efficiency, productivity, and development of computer systems for information control.

More than 90 percent of department undergraduate students take advantage of the cooperative education program. Cooperative education assignments generally increase in level of responsibility as students gain theoretical and technical knowledge through their academic work. A sophomore might begin as a computer/data analyst evaluating the performance of a manufacturing system and progress to designing manufacturing engineering workstations by the senior year.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Engineering

Complete 57 semester hours in engineering as indicated below.

Code	Title	Hours
Required Engineering		
IE 2310 and IE 2311	Introduction to Industrial Engineering and Recitation for IE 2310	4
IE 3425 and IE 3426	Engineering Database Systems and Recitation for IE 3425	4
IE 4510	Simulation Modeling and Analysis	4
IE 4516	Quality Assurance	4
IE 4522 and IE 4523	Human-Machine Systems and Lab for IE 4522	5
IE 4525	Logistics and Supply Chain Management	4
IE 4530 and IE 4531	Manufacturing Systems and Techniques and Lab for IE 4530	5
MEIE 4701	Capstone Design 1	1
MEIE 4702	Capstone Design 2	5
Engineering Electives		
Complete 8 semester hours of technical electives in the following subject areas:		8
CHME, CIVE, EECE, EMGT, IE, ME, and MEIE		
Supplemental Credit		
1 semester hour from the following course counts toward the engineering requirement:		1
IE 3412	Engineering Probability and Statistics	
3 semester hours from the following course count toward the engineering requirement:		3
IE 4512	Engineering Economy	
2 semester hours from the following course count toward the engineering requirement:		2
IE 4515	Operations Research	
2 semester hours from the following course count toward the engineering requirement:		2
IE 4520	Stochastic Modeling	
2 semester hours from the following course count toward the engineering requirement:		2
GE 1501	Cornerstone of Engineering 1	
3 semester hours from the following course count toward the engineering requirement:		3
GE 1502	Cornerstone of Engineering 2	

Professional Development

Code	Title	Hours
Required Professional Development		
GE 1000	Introduction to the Study of Engineering	1
MEIE 2000	Introduction to Engineering Co-op Education	1
MEIE 3000	Professional Issues in Engineering	1
Additional Required Courses		
The remaining credit from the following course will apply to the professional development area:		1
GE 1501	Cornerstone of Engineering 1	
The remaining credit from the following course will apply to the professional development area:		1
GE 1502	Cornerstone of Engineering 2	

Supporting Courses: Mathematics/Science

Complete 39 semester hours in mathematics and science as indicated below.

Code	Title	Hours
Required Mathematics/Science		
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	5

Science Elective

Complete one of the following:		5
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	
CHEM 1214 and CHEM 1215 and CHEM 1216	General Chemistry 2 and Lab for CHEM 1214 and Recitation for CHEM 1214 (and Lab for CHEM 1214)	
CHEM 2311 and CHEM 2312 and CHEM 2319	Organic Chemistry 1 and Lab for CHEM 2311 and Recitation for CHEM 2311	
BIOL 1115 and BIOL 1116	General Biology 1 for Engineers and Lab for BIOL 1115	
BIOL 1117 and BIOL 1118	Integrated Anatomy and Physiology 1 and Lab for BIOL 1117	

Supplemental Credit

3 semester hours from the following course count toward the mathematics/science requirement:		3
IE 3412	Engineering Probability and Statistics	
1 semester hour from the following course counts toward the mathematics/science requirement:		1
IE 4512	Engineering Economy	
2 semester hours from the following course count toward the mathematics/science requirement:		2

IE 4515	Operations Research	
2 semester hours from the following course count toward the mathematics/science requirement:		2
IE 4520	Stochastic Modeling	
1 semester hour from the following course counts toward the mathematics/science requirement:		1
GE 1501	Cornerstone of Engineering 1	

Additional NUPath Courses

Code	Title	Hours
Writing		
A grade of C or higher is required:		
ENGW 1111	First-Year Writing	4
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

NUPath Requirements through General Electives

NUPath requirements Interpreting Culture (IC), Societies and Institutions (SI), and Differences and Diversity (DD) are not explicitly satisfied by required engineering courses. Students are responsible for satisfying these requirements with general electives.

Required General Electives

Code	Title	Hours
Complete seven academic, nonremedial, nonrepetitive courses, each equivalent to 4 semester hours.		28

Program Requirement

137 total semester hours required

Mechanical Engineering, BSME

Mechanical engineering involves the design, development, and manufacture of machinery and devices to transmit power or to convert

energy from thermal to mechanical form in order to power the modern world and its machines. Its current practice has been heavily influenced by recent advances in computer hardware and software.

Mechanical engineers use computers to formulate preliminary and final designs of systems or devices, to perform calculations that predict the behavior of the design, and to collect and analyze performance data from system testing or operation.

Traditionally, mechanical engineers have designed and tested devices, such as heating and air-conditioning systems, machine tools, internal-combustion engines, and steam power plants. Today they also play primary roles in the development of new technologies in a variety of fields—energy conversion, solar energy utilization, environmental control, prosthetics, transportation, manufacturing, and new-materials development.

The curriculum in mechanical engineering focuses on four areas: applied mechanics, thermofluids engineering, materials science, and controls. Applied mechanics is the study of the motion and deformation of structural elements acted on by forces in devices that range from rotating industrial dynamos to dentists’ drills. Thermofluids engineering deals with the motion of fluids and the transfer of energy, as in the cooling of electronic components or the design of gas turbine engines. Materials science is concerned with the relationship between the structure and properties of materials and with the control of structure, through processing, to achieve desired properties. Practical applications are in the development of composite materials, metallurgical process industries, and advanced functional materials. Controls are critical to any engineered system in which sensors and actuators of several types communicate and function.

Courses in each area form the foundation for advanced analytical and creative design courses that culminate in a two-semester capstone design project. Faculty encourages students throughout the curriculum to use computer-aided design tools and high-performance computer workstations.

More than 90 percent of department undergraduate students take advantage of the cooperative education program. Cooperative education assignments increase in responsibility and technical challenge as students progress through the program. Initial positions may involve computer-intensive CAD/CAM assignments or programming tasks, while more advanced jobs will place students in charge of design, quality-control systems, and performance testing of equipment.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Interpreting Culture (IC), Societies and Institutions (SI), and Differences and Diversity (DD) are not explicitly satisfied by

required engineering courses. Students are responsible for satisfying these requirements with general electives.

Engineering

Complete 68 semester hours in engineering as indicated below:

Code	Title	Hours
Required Engineering		
EECE 2210 and EECE 2211	Electrical Engineering and Lab for EECE 2210	5
ME 2340 and ME 2341	Introduction to Material Science and Lab for ME 2340	5
ME 2350	Statics	4
ME 2355 and ME 2356	Mechanics of Materials and Lab for ME 2355	5
ME 2380	Thermodynamics	4
ME 3455 and ME 3456	Dynamics and Lab for ME 3455	5
ME 3475 or ME 3480	Fluid Mechanics International Applications of Fluid Mechanics	4
ME 4505 and ME 4506	Measurement and Analysis with Thermal Science Application and Lab for ME 4505	5
ME 4508	Mechanical Engineering Computation and Design	4
ME 4550	Mechanical Engineering Design	4
ME 4555	System Analysis and Control	4
ME 4570	Thermal Systems Analysis and Design	4
MEIE 4701	Capstone Design 1	1
MEIE 4702	Capstone Design 2	5
Mechanical and Industrial Engineering Technical Elective		
Complete one technical elective in one of the following subject areas:		4
EMGT, ENGR, IE, ME, or MEIE		
Supplemental Credit		
2 semester hours from the following course counts toward the engineering requirement:		2
GE 1501	Cornerstone of Engineering 1	
3 semester hours from the following course counts toward the engineering requirement:		3
GE 1502	Cornerstone of Engineering 2	
Professional Development		
Code	Title	Hours
Required Professional Development		
GE 1000	Introduction to the Study of Engineering	1
MEIE 2000	Introduction to Engineering Co-op Education	1
MEIE 3000	Professional Issues in Engineering	1
Additional Required Courses		
The remaining credit from the following course will apply to the professional development area:		1
GE 1501	Cornerstone of Engineering 1	
The remaining credit from the following course will apply to the professional development area:		1
GE 1502	Cornerstone of Engineering 2	

Supporting Courses: Mathematics/Science

Complete 35 semester hours in mathematics and science as indicated below:

Code	Title	Hours
Required Mathematics/Science		
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	5
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	5
Science/Math Elective		
Complete one of the following:		4-5
BIOL 1115 and BIOL 1116	General Biology 1 for Engineers and Lab for BIOL 1115	
BIOL 1117 and BIOL 1118	Integrated Anatomy and Physiology 1 and Lab for BIOL 1117	
CHEM 1214 and CHEM 1215	General Chemistry 2 and Lab for CHEM 1214	
CHEM 2311 and CHEM 2312 and CHEM 2319	Organic Chemistry 1 and Lab for CHEM 2311 and Recitation for CHEM 2311	
MATH 3081	Probability and Statistics	
PHYS 2303	Modern Physics	
PHYS 3601	Classical Dynamics	
PHYS 3602	Electricity and Magnetism	

Supplemental Credit

1 semester hour from the following course counts toward the mathematics/science requirement:	1
GE 1501 Cornerstone of Engineering 1	

Writing Requirements

Code	Title	Hours
A grade of C or higher is required in each course:		
ENGW 1111	First-Year Writing	4
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete six academic, nonremedial, nonrepetitive courses, each equivalent to 4 semester hours.		24

Program Requirement

140 total semester hours required

Mechanical Engineering and Physics, BSME

This undergraduate program takes advantage of the physical similarities between mechanical engineering and physics, providing students with the opportunity to pursue studies that explore both topics. The program culminates with mechanical engineering capstone design.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Major GPA Requirement

2.000 minimum GPA required in IE, ME, and MEIE courses

Engineering Requirement

Complete 59 semester hours in engineering as indicated below:

Code	Title	Hours
Required Engineering		
ME 2340 and ME 2341	Introduction to Material Science and Lab for ME 2340	5
ME 2350	Statics	4
ME 2355 and ME 2356	Mechanics of Materials and Lab for ME 2355	5
ME 2380	Thermodynamics	4
ME 3455 and ME 3456	Dynamics and Lab for ME 3455	5
ME 3475 or ME 3480	Fluid Mechanics International Applications of Fluid Mechanics	4
ME 4505 and ME 4506	Measurement and Analysis with Thermal Science Application and Lab for ME 4505	5
ME 4508	Mechanical Engineering Computation and Design	4
ME 4550	Mechanical Engineering Design	4
ME 4555	System Analysis and Control	4
ME 4570	Thermal Systems Analysis and Design	4
MEIE 4701	Capstone Design 1	1
MEIE 4702	Capstone Design 2	5

Supplemental Credit

2 semester hours from the following course counts toward the engineering requirement:		2
GE 1501	Cornerstone of Engineering 1	
3 semester hours from the following course counts toward the engineering requirement:		3
GE 1502	Cornerstone of Engineering 2	

Professional Development Requirement

Code	Title	Hours
Professional Development		
GE 1000	Introduction to the Study of Engineering	1
MEIE 2000	Introduction to Engineering Co-op Education	1
MEIE 3000	Professional Issues in Engineering	1

Additional Required Courses

The remaining credit from the following course will apply to the professional development area:		1
GE 1501	Cornerstone of Engineering 1	

The remaining credit from the following course will apply to the professional development area:		1
GE 1502	Cornerstone of Engineering 2	

Mathematics/Science Requirement

Complete 59 semester hours in mathematics and science as indicated below:

Code	Title	Hours
Required Mathematics/Science		
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
PHYS 1161 and PHYS 1162	Physics 1 and Lab for PHYS 1161	5
PHYS 1165 and PHYS 1166	Physics 2 and Lab for PHYS 1165	5
PHYS 2303	Modern Physics	4
PHYS 2371 and PHYS 2372	Electronics and Lab for PHYS 2371	4
PHYS 3602	Electricity and Magnetism	4
PHYS 3600	Advanced Physics Laboratory	4
PHYS 3601	Classical Dynamics	4
PHYS 5318	Principles of Experimental Physics	4
Advanced Physics Elective		
Complete one 4-semester-hour course in the following range:		4
PHYS 3600 to PHYS 5999		
Supplemental Credit		
1 semester hour from the following course counts toward the mathematics/science requirement:		1
GE 1501	Cornerstone of Engineering 1	

Writing Requirement and NUpath Courses

Code	Title	Hours
Writing		
ENGW 1111	First-Year Writing (a grade of C or higher is required)	4
ENGW 3302	Advanced Writing in the Technical Professions (a grade of C or higher is required)	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

NUpath Requirements through General Electives

NUpath requirements Interpreting Culture (IC), Societies and Institutions (SI), and Differences and Diversity (DD) are not explicitly satisfied by required engineering courses. Students are responsible for satisfying these requirements with general electives.

Integrative Requirement

Principles of Experimental Physics (PHYS 5318) is part of the mathematics/science requirement above and is an integrative course.

Code	Title	Hours
PHYS 5318	Principles of Experimental Physics	4

Required General Electives

Complete two academic, nonremedial, nonrepetitive courses, each equivalent to 4 semester hours.

Program Requirement

139 total semester hours required

Plan of Study

Five Years, Three Co-ops in Summer 2/Fall

Year 1

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours

Total Hours: 139

Biomechanical Engineering, Minor

This minor provides an opportunity for students to explore the interaction between mechanical engineering and health. Recommended for students interested in aspects of engineering related to human kinematics, including biomedical devices, joint injury, prosthetic development, human-machine systems, and/or prosthetics.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Biology

Code	Title	Hours
Biology 1		
Complete one of the following:		5
BIOL 1111 and BIOL 1112	General Biology 1 and Lab for BIOL 1111	
BIOL 1115 and BIOL 1116	General Biology 1 for Engineers and Lab for BIOL 1115	

Anatomy and Physiology

BIOL 1117 and BIOL 1118	Integrated Anatomy and Physiology 1 and Lab for BIOL 1117	5
-------------------------	---	---

Required Mechanical Engineering

Code	Title	Hours
ME 5665	Musculoskeletal Biomechanics	4
MEIE 4701	Capstone Design 1	1
MEIE 4702	Capstone Design 2	5

Technical Elective

Additional electives may be approved by your academic advisor.

Code	Title	Hours
Complete one of the following: 4-5		
IE 4520	Stochastic Modeling	
IE 4522 and IE 4523	Human-Machine Systems and Lab for IE 4522	
ME 4640	Mechanical Behavior and Processing of Materials	
ME 5650	Advanced Mechanics of Materials	
ME 5655	Dynamics and Mechanical Vibration	
PHYS 4621	Biological Physics 1	

GPA Requirement

2.000 GPA required in the minor

Healthcare System Operations, Minor

The objective of the minor in healthcare system operations is to prepare students to apply industrial and systems engineering methods in healthcare applications. Distinct from other service industries, healthcare systems are characterized by extensive complexities driven by communication between and interdependencies among multiple actors, and the need to simultaneously address multiple competing objectives pertaining to economic, quality-driven, individual-driven, and population-driven goals. This minor will benefit students by highlighting the unique features of this industry and methods for addressing its unique challenges to engineer improvements to the design, operation, and management of healthcare systems.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

At most, one course from the minor may be counted toward major requirements.

Code	Title	Hours
Required Courses		
IE 5617	Lean Concepts and Applications	4
IE 5400	Healthcare Systems Modeling and Analysis	4
or IE 3500	Introduction to Healthcare Systems Engineering	
PHTH 1260	The American Healthcare System	4
Electives		
Complete one of the following: 4		
IE 5374	Special Topics in Industrial Engineering (System Dynamics in Healthcare)	
IE 5500	Systems Engineering in Public Programs	
IE 5640	Data Mining for Engineering Applications	
NRSG 5121	Epidemiology and Population Health	
PHTH 4511	Healthcare Management	
PHTH 5226	Strategic Management and Leadership in Healthcare	
PHTH 5232	Evaluating Healthcare Quality	

SCHM 3315	Managing Healthcare Operations and Supply Chain
-----------	---

GPA Requirement

2.000 GPA required in the minor

Industrial Engineering, Minor

This minor provides an opportunity for students to explore core aspects of industrial engineering, including mathematical foundations, along with a technical focus into one of the many industrial engineering subdisciplines.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
IE 2310	Introduction to Industrial Engineering	4
IE 4515	Operations Research	4
IE 3412	Engineering Probability and Statistics (or equivalent)	4

Technical Elective

Consult mechanical and industrial engineering academic advisor for additional electives.

Code	Title	Hours
Complete one of the following: 4		
IE 3425	Engineering Database Systems	
IE 4510	Simulation Modeling and Analysis	
IE 4512	Engineering Economy	
IE 4516	Quality Assurance	
IE 4520	Stochastic Modeling	
IE 4522 and IE 4523	Human-Machine Systems and Lab for IE 4522	
IE 4525	Logistics and Supply Chain Management	
IE 4530	Manufacturing Systems and Techniques	

GPA Requirement

2.000 GPA required in the minor

Mechanical Engineering, Minor

This minor provides an opportunity for students to explore core aspects of mechanical engineering, including mechanical and thermal foundations, along with a technical focus into one of the mechanical engineering disciplines (mechanics, thermofluids, materials, and/or controls).

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
ME 2350	Statics	4
ME 2380	Thermodynamics	4

Mechanical Engineering Technical Electives

Code	Title	Hours
Complete two of the following:		8
ME 2340	Introduction to Material Science	
ME 2355	Mechanics of Materials	
ME 3455	Dynamics	
ME 3475	Fluid Mechanics	
or ME 3480	International Applications of Fluid Mechanics	
ME 4508	Mechanical Engineering Computation and Design	
ME 4550	Mechanical Engineering Design	
ME 4555	System Analysis and Control	
ME 4570	Thermal Systems Analysis and Design	

GPA Requirement

2.000 GPA required in the minor

Robotics, Minor

The minor in robotics is open to all students in the university. The minor is designed for the student who would like a coherent background in the theory and practice of robotics.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students need to complete the program requirements with at least three courses that are not part of their major required course work.

Required Courses

Code	Title	Hours
ME 3460	Robot Dynamics and Control	4
Complete one of the following:		4
EECE 2210 and EECE 2211	Electrical Engineering and Lab for EECE 2210	
EECE 2160	Embedded Design: Enabling Robotics	

Electives

Code	Title	Hours
Complete three of the following:		12
EECE 4626	Image Processing and Pattern Recognition	
EECE 4630	Robotics	
EECE 5639	Computer Vision	
EECE 5644	Introduction to Machine Learning and Pattern Recognition	
EECE 5698	Special Topics in Electrical and Computer Engineering	
EECE 5580	Classical Control Systems	
ME 5245	Mechatronic Systems	

ME 5250	Robot Mechanics and Control
IE 4522	Human-Machine Systems
IE 5630	Biosensor and Human Behavior Measurement
CS 4100	Artificial Intelligence
CS 4610	Robotic Science and Systems

GPA Requirement

2.000 GPA required in the minor

Accelerated Bachelor/Graduate Degree Programs

The College of Engineering offers a number of bachelor's/master's degree programs that allow students to accelerate the attainment of the master's degree by applying graduate credits taken as an undergraduate toward both the undergraduate and graduate degrees. Degrees are earned sequentially, with the bachelor's degree attainment followed by a PlusOne year to complete the master's degree. See additional information on engineering bachelor's/master's programs (<https://nam05.safelinks.protection.outlook.com/?url=http%3A%2F%2Fwww.coe.neu.edu%2Fadvising%2Fflexible-degree-programs&data=02%7C01%7Ce.remillard%40northeastern.edu%7Ce7f8e968c5144a9ddb4508d6a95bb1f5%7Ca8eec281aaa34daeac9b9a398b921%3D&reserved=0/>).

bouvestudentservices@northeastern.edu

The Bouvé College of Health Sciences strongly supports the mission of Northeastern University as a practice-oriented, student-centered, experiential research institution. The college is committed to the goals of the university, which include excellence in education, research, scholarship, clinical practice, experiential learning, access to educational opportunities, and a strong professional orientation.

Bouvé offers students an education in health, health profession fields, and public health that features a curriculum of highly relevant, closely integrated, basic and applied courses in the physical, biological, behavioral, social, environmental, and health systems sciences. Students engage in interprofessional patient care, interdisciplinary translational research, and experiential learning opportunities through the university's signature cooperative education program, as well as through service-learning, research, and global experiences.

Bouvé leverages interdisciplinary and interprofessional collaboration to tackle the world's most pressing health challenges. The college seeks to prepare students to become clinicians, researchers, and leaders in healthcare and in the promotion of health of individuals and populations.

Students are provided a broad range of services and programs to ensure their academic success and enhance their overall educational experience at Northeastern University, from their first year through graduation. Faculty are deeply committed to student success, as students interact with world-class healthcare and educational institutions nationally and globally, to advance health for all.

Academic Requirements

Students are responsible for following the program requirements for their respective major, pattern of attendance, and graduation year. Students are responsible for monitoring their own progress through the curriculum by registering for the courses stipulated by their curriculum plan, abiding by course prerequisites, regularly checking their degree audits, and knowing the consequences for unsatisfactory academic progress. Any exceptions to a student's curriculum plan will be determined by protocols established by the program, after consultation with the student's academic advisor.

The minimum passing grade for a course within a curriculum is stipulated in the program requirements published in this catalog. The minimum

passing grades required for certain NUpath writing-intensive courses is established by the university and can be viewed at this section of the catalog (<http://catalog.northeastern.edu/undergraduate/university-academics/nupath/writing-intensive/>). For a course where the minimum passing grade is not established in the program requirements published in this catalog, the university's minimum passing grade for the course will be accepted.

PROGRESSION WITHIN BOUVÉ

- First-year students must complete at least 27 semester hours and meet all major prerequisite course requirements to progress to sophomore status.
- Students who incur an incomplete grade in a prerequisite course may not progress into the subsequent course(s). Any exceptions will be determined by protocols established by the program, after consultation with the student's academic advisor.
- Please see each program's requirements page in this catalog for progression requirements specific to that program.

ACADEMIC DISMISSAL FROM MAJOR

Students in the Bouvé College of Health Sciences will be dismissed from their major effective the following academic semester for failure to earn the minimum required grade in the same course twice. Additional grounds for academic dismissal specific to each major can be found on the program requirements page of the major in this catalog.

Note: Students dismissed from their major but who are otherwise in good standing with the university are allowed to remain at Northeastern University for up to two semesters as a provisional Bouvé student, by the end of which the student is expected to move into a new major. If not moved into a new major by the end of two semesters, the student will be blocked from further registration.

ACADEMIC APPEALS

Students who believe that they were erroneously, capriciously, or otherwise unfairly treated in an academic or cooperative education decision may petition to appeal the decision. Additional details about the process may be found in the Bouvé College Academic Affairs Appeals Policy and in *Appeals Policies and Procedures* in the university Undergraduate Student Handbook.

GPA

Bouvé College does not permit the use of a hand-calculated GPA under any circumstances. All grade-point calculations will be performed by the university's standard process.

OTHER POLICIES AND PROCEDURES

In addition to policies and procedures referenced here, the following policies and procedures published in Bouvé's graduate catalog also apply to Bouvé's undergraduate students:

- Health Certification (<https://nam05.safelinks.protection.outlook.com/?url=http%3A%2F%2Fcatalog.northeastern.edu%2Fgraduate%2Fhealth-sciences%2Facademic-policies-procedures%2Fhealth-certification%2F&data=02%7C01%7Ch.daly%40northeastern.edu%7C4a96f04d92c64a48474008d6bf55e389%7Ca8eec281aaa34daeac9b9a398b%2FEobnUIOPIPtWozeyD0DNw%3D&reserved=0/>)

- Requirements for Clinical, Internships, and Practicum Courses (<https://nam05.safelinks.protection.outlook.com/?url=http%3A%2F%2Fcatalog.northeastern.edu%2Fgraduate%2Fhealth-sciences%2Facademic-policies-procedures%2Fpracticum-internship-policies%2F&data=02%7C01%7Ch.daly%40northeastern.edu%7C4a96f04d92c64a48474008d6bf55e389%7Ca8eec281aaa34daeac9b9a398b9215e7%7C0%7C636906772945562907&campid=8GPD2eZBPOaE1%3D&reserved=0/>)

- Academic Affairs Appeals Process (<https://nam05.safelinks.protection.outlook.com/?url=https%3A%2F%2Fnextcatalog.northeastern.edu%2Fgraduate%2Fhealth-sciences%2Facademic-policies-procedures%2Fappeals-process%2F&data=02%7C01%7Ch.daly%40northeastern.edu%7C4a96f04d92c64a48474008d6bf55e389%7Ca8eec281aaa34daeac9b9a398b9215e7%7C0%7C636906772945562907&campid=8GPD2eZBPOaE1%3D&reserved=0/>)

interventions. Students who elect a minor in exercise science may then apply to the Master of Science in Exercise Science upon graduation.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Exercise Science Requirements

A minimum grade of C is required in all courses taken toward the minor.

Required Courses

Code	Title	Hours
BIOL 1117 and BIOL 1118	Integrated Anatomy and Physiology 1 and Lab for BIOL 1117	5
BIOL 1119 and BIOL 1120	Integrated Anatomy and Physiology 2 and Lab for BIOL 1119	5
EXSC 4500 and EXSC 4501	Exercise Physiology 1 and Lab for EXSC 4500	5

Focus

Complete either the cardiovascular focus (open to all students) or the musculoskeletal focus (open to physical therapy students only):

Code	Title	Hours
Cardiovascular Focus—Open to All Students		
EXSC 5200	Cardiopulmonary Physiology	3
EXSC 5220	Advanced Exercise Physiology	3
Musculoskeletal Focus—Open to Physical Therapy Students Only		
EXSC 5230	Physical Activity and Exercise: Effects on Musculoskeletal Health and Disease	3
PT 5133 and PT 5134	Kinesiology and Lab for PT 5133	4

GPA Requirement

2.000 GPA required in the minor

Global Health, Minor

The area of global health has become a critical field of study across and within diverse disciplines, because of the cross-border and cross-national implications of health-related risks for national security, commerce, transportation, and healthcare delivery itself. In collaboration with the College of Social Sciences and Humanities, the minor in global health is designed to provide undergraduate students an opportunity to explore and discuss the implications with an interdisciplinary lens. The minor is comprised of five courses: two foundation and core courses, three electives, and a global health experience to be approved by the global health minor advisor.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
If both are taken, the additional course may count as an elective.		

Interdisciplinary

Programs

Minors

- Exercise Science (p. 465)
- Global Health (p. 465)
- Health, Humanities, and Society (p. 466)
- Health Psychology (p. 467)
- Health Research Methods (p. 467)
- Healthcare System Operations (p. 461)
- Nutrition (p. 468)

Combined Majors

- Data Science and Health Science (p. 382)
- Environmental Engineering and Health Science (p. 419)
- Health Science and Business Administration (p. 265)
- Health Science and Sociology (p. 474)

Exercise Science, Minor

The minor in exercise science is for undergraduate students from any discipline wishing to expand their understanding in this area. Exercise science is a discipline that examines the short- and long-term responses to exercise and benefits of exercise training for healthy persons, as well as persons with chronic diseases such as heart disease, pulmonary diseases, diabetes, and obesity. Through this minor, undergraduate students have an opportunity to broaden their understanding of exercise and physical activity in health promotion, disease prevention, and

Complete one of the following:	4
PHTH 2350 Community and Public Health or PHTH 2351 Community and Public Health - Global	
AFRS 1270 Introduction to Global Health or PHTH 1270 Introduction to Global Health	

Core Courses

Code	Title	Hours
Complete one of the following. If additional courses are taken, they may be used as electives.		4
AFRS 3424	Epidemiology of Pandemic Diseases and Health Disparities in the African Diaspora	
PHTH 4120	Global Perspectives on Discrimination and Health	
PHTH 5202	Introduction to Epidemiology	
PHTH 5230	Global Health	

Elective Courses

Code	Title	Hours
Complete three courses from the following areas. Only two courses from any one area may count toward the minor electives. No more than two required courses in the student's major may count toward the minor electives. At least one of the minor electives must be at the 3000-level or above.		12

Area 1: Community and Public Health

AFRS 4939	Community Health, Culture, and Development in Kenya <small>(Dialogue Only)</small>	
PHTH 1261	Comparative Healthcare Systems <small>(Dialogue only)</small>	
PHTH 2301	Communication Skills for the Health Professions—Global <small>(Dialogue Only)</small>	
PHTH 4540	Health Education and Program Planning	

Area 2: Biology of Health and Disease

BIOL 1141	Microbes and Society	
ENVR 1110	Global Climate Change	

Area 3: Society and Cultural Health / Area Studies

Global Health Experience

Complete a global health experience that has been approved by the global health minor advisor.

Recommended

Competency in another language other than English is recommended.

GPA Requirement

2.000 GPA required in the minor

Health, Humanities, and Society, Minor

The health, humanities, and society minor is designed for students who would like to learn how to think capaciously and creatively about health using the rigorous, precise, and flexible skills trained by the social sciences and the humanities. The social sciences teach students to think about the social, economic, and political factors that structure health conditions and outcomes in particular societies, while the humanities train students to navigate the complexities of interpersonal interaction and their ethical implications, to relate the micro to the macro and texts to contexts, to historicize encounters, to communicate accurately and effectively across a variety of media, and to engage in creative analytical thinking about healthcare. The landscape of healthcare is quickly changing, and this training will equip students well not only for the diverse forms of health work that exist today, but for as yet unimaginable varieties of health-related work in the future.

This minor is structured around the particular competencies that the social sciences and humanities train. Those competencies are narrative and historical perspective, critical attention and observation, ethics and judgment, performance and creativity, and social and structural proficiency. Rather than adopting the more traditional approach of connecting particular skills to particular disciplines (say, narrative to literature and observation to art history), this minor builds from discipline-specific health knowledge while training students to think across disciplines. Thus, it will not be unusual for students to find a single course addressing multiple competencies or to take courses in different disciplines that address the same competency from distinct but complementary perspectives.

This minor is housed in the Humanities Center of the College of Social Sciences and Humanities in partnership with the Bouvé College of Health Sciences.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

No more than two courses, in addition to the introductory course, may be taken under the 2000 level.

Code	Title	Hours
Introductory Course		
INSH 1300	Introduction to Health and Humanities	4
Humanities Requirement		
Complete two of the following:		8
ENGL 2770	Writing to Heal	
ENGL 3700	Narrative Medicine	
ENGL 4710	Capstone Seminar	
ENGL 4040	Topics in 19th-Century Literatures	

HIST 3322	The History of Medicine in North America
PHIL 1165	Moral and Social Problems in Healthcare
PHIL 1271	Sex in Judaism, Christianity, and Islam
PHIL 1295	Religious Perspectives on Health and Healing
WMNS 1225	Gender, Race, and Medicine
Social Sciences Requirement	
Complete two of the following: 8	
AFRS 3424	Epidemiology of Pandemic Diseases and Health Disparities in the African Diaspora
AFRS 4939	Community Health, Culture, and Development in Kenya
ANTH 4580	Special Topics in Anthropology
ECON 1230	Healthcare and Medical Economics
HLTH 5280	The (in)Visibility of (dis)Ability in Society
PHTH/SOCL 1120	Society and Health
PHTH 1270	Introduction to Global Health
PHTH 2300	Communication Skills for the Health Professions
or PHTH 2301	Communication Skills for the Health Professions—Global
PHTH 4120	Global Perspectives on Discrimination and Health
PHTH 5202	Introduction to Epidemiology
PHTH 5234	Economic Perspectives on Health Policy
SOCL 1295	Drugs and Society
SOCL 2303	Gender and Reproductive Justice
SOCL 3441	Sociology of Health and Illness

GPA Requirement

2.000 GPA required in the minor

Health Psychology, Minor

The objective of the minor in health psychology is to provide students with knowledge regarding the relationship between psychological and behavioral processes and health and illness. Distinct from other specialty areas in psychology, health psychology focuses on how biology, psychology, behavior, and social factors influence health and illness.

This minor seeks to benefit students by highlighting the unique features of this specialty area and help students understand how to apply this knowledge to the provision of health services and various career paths relevant to health psychology, should they choose to pursue careers in professional psychology focused on the promotion of health. The minor in health psychology is designed for undergraduate students from a variety of disciplines within Bouvé and across the university who wish to expand and to apply their understanding in key concepts of behavioral science and how they inform and intersect with public health, prevention science, clinical applications, and interdisciplinary and interprofessional care.

The minor is comprised of five courses. It requires two foundational courses, one that provides an introduction to the role of psychology in

health, illness, and healthcare—Health Psychology: An Introduction to Concepts, Theories, and Research (CAEP 2012)—and one that focuses on the application of principles of behavior analysis to address common health problems, such as obesity, addiction, and adherence to medical procedures—Behavioral Assessment and Treatment of Health Problems in the 21st Century (CAEP 2101).

These courses instruct students on basic, foundational principles of mental/behavioral health and the role of psychology in overall health and well-being in applied settings. Students may choose three other electives based on their specific interests.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
CAEP 2012	Health Psychology: An Introduction to Concepts, Theories, and Research	4
CAEP 2101	Behavioral Assessment and Treatment of Health Problems in the 21st Century	4

Elective Courses

Code	Title	Hours
Complete any three of the following: 12		
CAEP 2105	College Student Mental Health	
CAEP 2106	History and Systems of Psychology	
CAEP 2107	Introduction to School Psychology	
CAEP 2899	Introduction to College Student Development and Student Affairs	
CAEP 3899	Relationships in College	
CAEP 4525	Introduction to Professional Psychology	
CAEP 5150	Early Intervention: Family Systems	
CAEP 5151	Early Intervention: Infant and Toddler Development, Risk, and Disability	
HLTH 5002	Mindfulness: Theory and Practice	
HUSV 2800	Sexual Orientation and Gender Expression	
HUSV 3520	Child Intervention and Treatment	
PSYC 1101	Foundations of Psychology	
PSYC 3404	Developmental Psychology	

GPA Requirement

2.000 GPA required in the minor

Health Research Methods, Minor

The health research methods minor is for undergraduate students from any major in any college at the university who have an interest in developing health-research-related skills. This minor creates an opportunity for students to develop marketable, applied skills and seeks to benefit students pursuing positions within research groups, as well as students pursuing advanced degrees.

Admissions requirements: Approval of the student’s unit or college advisor and approval of the health research methods minor advisor are

required for admission into the minor. Applicants are required to have an overall grade-point average of 3.000 or higher.

Completion of minor. Students must successfully complete the four required courses (12–14 credit hours) and human research ethics training, as well as a combination of electives totaling 6–8 credit hours, with a grade of C or better. Courses may not be taken pass/fail for fulfillment of the minor. Up to 8 credits of completed course work from the student's major program of study may be applied to fulfillment of requirements of this minor.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
PHTH 2210	Foundations of Biostatistics	3-4
or NRS 5120	Statistics for Health Science	
PHTH 3210	Using Data in Health Research	2
PHTH 3250	Fundamentals of Qualitative Research	4
PHTH 4202	Principles of Epidemiology in Medicine and Public Health	3-4
or PHMD 3450	Research Methodology and Biostatistics	
or HLTH 5450	Healthcare Research	
PHTH 2949	Research Ethics Training	0

Elective Courses

Code	Title	Hours
Complete 6–8 credits from the following:		
ANTH 3410	Ethnographic Field Experience	4
ECON 2560	Applied Econometrics	4
HLTH 3001	The Research Process	2
HLTH 4992	Directed Study	1-4
or HLTH 4991	Research	
IS 4800	Empirical Research Methods	4
PHMD 5223	Evidence-Based Medicine	2
PHSC 2400	Research Ethics for Beginning Health Scientists	4
PHTH 5320	Grant Writing in Public Health	1
PHTH 5330	Using Publicly Available Data in Public Health	1
PHTH 5340	Writing for Peer-Reviewed Journals in Public Health	1
PHTH 5440	Community-Based Participatory Research: Environmental Health	3
PHTH 5350	Using SAS in Public Health Research	1

Healthcare System Operations, Minor

The objective of the minor in healthcare system operations is to prepare students to apply industrial and systems engineering methods in healthcare applications. Distinct from other service industries, healthcare systems are characterized by extensive complexities driven by communication between and interdependencies among multiple actors, and the need to simultaneously address multiple competing objectives pertaining to economic, quality-driven, individual-driven, and population-driven goals. This minor will benefit students by highlighting

the unique features of this industry and methods for addressing its unique challenges to engineer improvements to the design, operation, and management of healthcare systems.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

At most, one course from the minor may be counted toward major requirements.

Code	Title	Hours
Required Courses		
IE 5617	Lean Concepts and Applications	4
IE 5400	Healthcare Systems Modeling and Analysis	4
or IE 3500	Introduction to Healthcare Systems Engineering	
PHTH 1260	The American Healthcare System	4
Electives		
Complete one of the following:		4
IE 5374	Special Topics in Industrial Engineering (System Dynamics in Healthcare)	
IE 5500	Systems Engineering in Public Programs	
IE 5640	Data Mining for Engineering Applications	
NRS 5121	Epidemiology and Population Health	
PHTH 4511	Healthcare Management	
PHTH 5226	Strategic Management and Leadership in Healthcare	
PHTH 5232	Evaluating Healthcare Quality	
SCHM 3315	Managing Healthcare Operations and Supply Chain	

GPA Requirement

2.000 GPA required in the minor

Nutrition, Minor

The minor in nutrition is designed for undergraduate students from a variety of disciplines across the university who wish to expand and apply their understanding in key concepts of nutrition and how they intersect with public health, clinical applications, food policy, behavioral counseling, or health communication.

The minor is comprised of five courses. It requires a foundational course in Human Nutrition (HSCI 1105) or Nutrition Service Learning (HSCI 1107) that instructs students in the basic principles of human nutrition. Students expand foundational concepts in additional required courses to apply knowledge of nutrition in clinical settings and to public health initiatives. Following the initial core courses, students complete two elective courses, at least one at 3000 level or higher, developing deeper knowledge and specific professional skills.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
HSCI 1105 or HSCI 1107	Human Nutrition Nutrition Service Learning	4
HSCI 2350	Advanced Nutrition in Health and Disease	4
HSCI 2500	Public Health Nutrition in the Community	4

Supporting Courses

Code	Title	Hours
Complete two of the following. At least one elective must be at the 3000 level or above:		
BIOL 3611 or PHSC 2320	Biochemistry Biochemistry	7-8
CAEP 3480	Counseling Theories and Practice	
COMM 3201	Health Communication	
ECON 3404	International Food Policy	
EXSC 1120	Introduction to Exercise, Fitness, and Health	
HSCI 1106	Contemporary Issues in Nutrition	
PHSC 4340	Pharmacology for the Health Professions	
PHSC 4502	Pharmacology/Medicinal Chemistry 2	
PPUA 5270	Food Systems and Public Policy	
PSYC 2306	Food, Behavior, and Eating Disorders	

GPA Requirement

2.000 GPA required in the minor

Data Science and Health Science, BS

The health science and computer science combined major offers a solid academic and experiential foundation integrating studies in health administration, computer science, mathematics, and statistics. This program reflects the impact of data in modern healthcare and prepares students for success in careers in health administration, community-based health promotion, public health, and big data analysis.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Health Science and Business Administration, BS

The combined major in Health Science and Business Administration provides students at Northeastern with an opportunity to study a curriculum that is synergetic with the growing field of health care. This academic combination will provide students with the knowledge and expertise needed to enter a multitude of careers upon graduation. The degree will allow students the unique opportunity to better understand the business side of the health care industry in Massachusetts, which is home to some of the best hospitals and medical research companies in the country. The field is compatible with all the undergraduate concentrations in the School of Business and prepares students to enter the workforce after graduation.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Health Science and Sociology, BS

The combined Bachelor of Science in Health Science and Sociology integrates social scientific perspectives to the study of health, illness, and healthcare. Students explore basic sociological concepts relevant for the study of health and healthcare, such as social construction and medicalization. Students explore why, for instance, despite having the most expensive healthcare system, the United States ranks comparatively low in life expectancy and health and well-being outcomes. Provides students with an opportunity to explore the ways that societal factors such as race, class, and gender interplay with health, healthcare, and health disparities.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

The Department of Applied Psychology offers a minor in Health Psychology that is designed for undergraduate students from a variety of disciplines within Bouvé and across the university, who wish to expand and to apply their understanding in key concepts of behavioral science, and how they inform and intersect with public health, prevention science, clinical applications, and interdisciplinary and inter-professional care.

Programs

Minors

- Health Psychology (p. 467)

Health Psychology, Minor

The objective of the minor in health psychology is to provide students with knowledge regarding the relationship between psychological and behavioral processes and health and illness. Distinct from other

specialty areas in psychology, health psychology focuses on how biology, psychology, behavior, and social factors influence health and illness.

This minor seeks to benefit students by highlighting the unique features of this specialty area and help students understand how to apply this knowledge to the provision of health services and various career paths relevant to health psychology, should they choose to pursue careers in professional psychology focused on the promotion of health. The minor in health psychology is designed for undergraduate students from a variety of disciplines within Bouvé and across the university who wish to expand and to apply their understanding in key concepts of behavioral science and how they inform and intersect with public health, prevention science, clinical applications, and interdisciplinary and interprofessional care.

The minor is comprised of five courses. It requires two foundational courses, one that provides an introduction to the role of psychology in health, illness, and healthcare—Health Psychology: An Introduction to Concepts, Theories, and Research (CAEP 2012)—and one that focuses on the application of principles of behavior analysis to address common health problems, such as obesity, addiction, and adherence to medical procedures—Behavioral Assessment and Treatment of Health Problems in the 21st Century (CAEP 2101).

These courses instruct students on basic, foundational principles of mental/behavioral health and the role of psychology in overall health and well-being in applied settings. Students may choose three other electives based on their specific interests.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
CAEP 2012	Health Psychology: An Introduction to Concepts, Theories, and Research	4
CAEP 2101	Behavioral Assessment and Treatment of Health Problems in the 21st Century	4

Elective Courses

Code	Title	Hours
Complete any three of the following:		12
CAEP 2105	College Student Mental Health	
CAEP 2106	History and Systems of Psychology	
CAEP 2107	Introduction to School Psychology	
CAEP 2899	Introduction to College Student Development and Student Affairs	
CAEP 3899	Relationships in College	
CAEP 4525	Introduction to Professional Psychology	
CAEP 5150	Early Intervention: Family Systems	
CAEP 5151	Early Intervention: Infant and Toddler Development, Risk, and Disability	
HLTH 5002	Mindfulness: Theory and Practice

2.000 GPA required in the minor

Communication Sciences and Disorders

Website (<https://bouve.northeastern.edu/csd/>)

Lorraine A. Book, PhD, CCC-SLP

Interim Chair and Associate Clinical Professor

226 Forsyth Building

617.373.3698

617.373.2239 (fax)

The Department of Communication Sciences and Disorders (CSD) offers one undergraduate major (BS in Speech-Language Pathology and Audiology), a BS/MS PlusOne program, and two undergraduate minors.

Speech-language pathologists and audiologists (who require graduate education to practice) are involved with the evaluation and treatment of, and counseling and research in, human communication and its disorders. They provide clinical services to a full range of individuals with communication delays/differences/disorders, from infants through geriatrics. Speech-language pathologists treat disorders such as developmental language and articulation disorders; voice and resonance problems; stuttering; pediatric and adult swallowing disorders; and language and cognitive impairments due to stroke, head injury, and progressive neurological diseases. Audiologists specialize in the prevention, identification, assessment, and rehabilitation of hearing disorders. Individuals with congenital and acquired hearing impairments are seen for services by audiologists. They prescribe and dispense hearing aids and instruct individuals in the use of amplification.

BS in Speech-Language Pathology

The Bachelor of Science degree program in speech-language pathology and audiology (SLPA) includes an experiential learning component, a broad-based academic core, and the scientific and clinical courses necessary for understanding normal and disordered communication. The degree offers preprofessional training for individuals who want to pursue graduate education in SLPA. Alternatively, graduates may be hired as speech and hearing assistants in a variety of clinical settings; or they may pursue other career paths in healthcare and education. The SLPA curriculum is designed to facilitate critical thinking, information literacy, and oral and written communication skills. In addition to course work in the basic communication sciences, course work is required in education, allied health, ethics, multicultural/diversity issues, and psychology. The curriculum provides a solid foundation in SLPA and basic sciences, and it is sufficiently flexible to provide students with the opportunity to minor in an area of related interest.

BS/MS PlusOne Program

A unique aspect of the speech-language pathology and audiology (SLPA) program is a five-year BS/MS PlusOne program. Students who have maintained an overall GPA of 3.350 or better and a C or better in all SLPA courses; who have satisfied all graduate program admissions requirements; and who have access to a car and/or utilization of public transportation to get to and from all clinic assignments may seek admission to this program in their third year. Students will, if successful, earn the Bachelor of Science in Speech-Language Pathology and Audiology at the end of their fourth year and the Master of Science in

Speech-Language Pathology at the end of the program, as well as meet national certification requirements. The PlusOne program is selective because of the intensity of the combined program.

Minors

The two flexible minors allow students from various fields of study to enhance their academics with courses related to the field of communication sciences in general, as well as specific courses covering topics such as audiology or speech/language disorders across the life span. Advisors assist students minoring in this area with accommodating their interests and graduate plans.

COMMUNICATION SCIENCES AND DISORDERS MINOR

The minor in communication sciences and disorders (CSD) includes courses that offer exposure to a variety of aspects of the CSD field. Students progress to graduate programs in fields such as applied psychology, linguistics, neuroscience, and education, among others; but the minor does not by itself prepare students for admission to graduate programs in speech-language pathology or audiology. Speech-language pathology and audiology courses are designed to help students develop entry-level competencies that will enable them to function in a preprofessional capacity in educational settings, medical and rehabilitation centers, and private-practice clinics.

The CSD minor consists of one required foundation course taken prior to any core or elective courses, then two core courses and one elective from either the remaining core courses in the list or from a specified set of elective courses that are taught outside of the CSD department.

CLINICAL SPEECH-LANGUAGE PATHOLOGY AND AUDIOLOGY MINOR

The minor in clinical speech-language pathology and audiology (SLPA) seeks to prepare students for admission into a graduate program in SLPA. In particular, students in this minor are on a track that, if supplemented with certain elective choices within their major, would meet all admissions requirements for our department's own MS in Speech-Language Pathology (<http://catalog.northeastern.edu/graduate/health-sciences/communication-sciences-disorders/speech-language-pathology-ms/>) program.

Students pursuing this minor are advised to consult early and regularly with their academic advisors in order to ensure a timely completion of the combination of their majors and the clinical SLPA minor requirements.

Students pursuing this minor who plan to apply to graduate school at institutions other than Northeastern are advised to carefully check admissions requirements for those programs.

CAEP 5151	Early Intervention: Infant and Toddler Development, Risk, and Disability	3
SLPA 5152	Early Intervention: Planning and Evaluating Services	3
CAEP 5153	Early Intervention: Assessment and Intervention	3
SLPA 5154	Early Intervention Practicum 1	2
SLPA 5155	Early Intervention Practicum 2	2

GPA Requirement

2.000 GPA required in the minor

Speech-Language Pathology and Audiology, Minor

The clinical SLPA minor seeks to prepare students for admission into a graduate program in speech-language pathology or audiology. In particular, students in this minor are on a track that, if supplemented with certain elective choices within their major, would meet all admissions requirements for our department's own MS/SLP (<http://catalog.northeastern.edu/graduate/health-sciences/communication-sciences-disorders/speech-language-pathology-ms/>) program.

The clinical SLPA minor consists of one required foundation course taken prior to core courses, then five department-specific SLPA core courses.

Students pursuing this minor are advised to consult early and regularly with their academic advisors in order to ensure a timely completion of the combination of their major and the clinical SLPA minor requirements.

Students pursuing this minor who wish to go to graduate school at institutions other than Northeastern are advised to carefully check admissions requirements for those programs.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Foundation Course

Code	Title	Hours
Complete one of the following:		
SLPA 1101	Introduction to Communication Disorders	4
SLPA 1555	Communication Disorders in Movies	

Speech-Language Pathology and Audiology Core

Code	Title	Hours
SLPA 1102	Language Development	3-4
SLPA 1103	Anatomy and Physiology of Speech and Hearing Mechanism	3-4

SLPA 1200	Phonetics	3-4
SLPA 1203	Introduction to Audiology	3-4
SLPA 1205	Speech and Hearing Science	3-4

GPA Requirement

2.000 GPA required in the minor

The Department of Health Sciences in the Bouvé College of Health Sciences at Northeastern University provides a unique, transdisciplinary setting that incorporates instruction, research, and practice and seeks to prepare students for a wide range of career paths. The department offers a bachelor's degree in Health Sciences and options for combined majors with the D'Amore-McKim School of Business, the College of Social Sciences and Humanities, the College of Science, the College of Engineering, and the Khoury College of Computer and Information Science, in addition to minors in exercise science, global health, nutrition, health research methods, and health science. We also offer several graduate degrees: Master of Public Health, Master of Science in Exercise Science, and a combined master in the two fields. We also collaborate with the Khoury College of Computer Science to offer a Master of Science in Health Informatics, as well as combined graduate degrees with the School of Pharmacy, the Physician Assistant Program, and the School of Law. At the doctoral level, we offer a PhD in Population Health and, in cooperation with Khoury, a PhD in Personal Health Informatics. Finally, we offer a Graduate Certificate in Exercise Science for Clinicians.

Our diverse faculty has expertise in the fields of population health, health disparities, nutritional epidemiology, social epidemiology, exercise science, medical sociology, public policy, personal health technologies, neurodevelopmental disorders, environmental occupational and mental health, among many more. Students have the opportunity to work side by side with faculty in conducting cutting-edge research in these fields. We also have research staff highly skilled in providing unique, specialized dietary assessment services.

In line with Northeastern's commitment to interdisciplinary research and urban engagement, we teach and work closely with many other schools, centers, and departments in the university, including the Institute for Health Equity and Social Justice Research (IHESJR), the Center for Community Health Education Research and Service (CCHERS), the Social Science Environmental Health Research Institute (SSEHRI), and the Center for Health Policy and Healthcare Research (CHPHR), as well as community agencies and neighborhood health centers in the local Boston area and beyond.

Programs

Bachelor of Science (BS)

- Health Science (p. 481)

Combined Majors

- Data Science and Health Science (p. 382)
- Health Science and Business Administration (p. 265)
- Health Science and Sociology (p. 474)
- Health Science and Psychology (p. 492)
- Environmental Engineering and Health Science (p. 419)

Minors

- Health Science (p. 496)
- Health, Humanities, and Society (p. 466)
- Health Research Methods (p. 467)
- Healthcare System Operations (p. 461)
- Exercise Science (p. 465)
- Global Health (p. 465)
- Nutrition (p. 468)

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p. 521)

Health Science, BS

The health science major offers students a solid academic and experiential foundation that positions them well to pursue graduate and professional school training in the following programs:

- Medicine
- Dentistry
- Veterinary medicine
- Public health
- Physician assistant studies
- Social work
- Speech-Language Pathology

The health science major is also designed for students who are seeking a strong foundation for a career in health administration and in community-based health promotion and public health.

Please visit Bouvé College Learning Outcomes (<https://nam05.safelinks.protection.outlook.com/?url=https%3A%2F%2Fbouve.northeastern.edu%2Fbchs%2Fabout%2Flearning-outcomes%2F&data=02%7C01%7Ch.daly%40northeastern.edu%7C58aac4e0ccd644bb4cac08d6a8b85c72%7Ca8eec281aaa34daeac9b9a398b921%2BwIG%2BUdKYWpvxo4AqEHYkXg%3D&reserved=0/>) for the specific student learning outcomes for this program.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Public Health Core

Code	Title	Hours
YEAR 1		
PHTH 1260 or PHTH 1261	The American Healthcare System Comparative Healthcare Systems	4
YEARS 2 and 3		
PHTH 2210	Foundations of Biostatistics	4
PHTH 2300 or PHTH 2301	Communication Skills for the Health Professions Communication Skills for the Health Professions—Global	4
PHTH 2350 or PHTH 2351	Community and Public Health Community and Public Health - Global	4
PHTH 2515	Healthcare Policy and Administration	4
HLTH 5450 or PHTH 4202	Healthcare Research Principles of Epidemiology in Medicine and Public Health	4
PHTH 4540	Health Education and Program Planning	4

PHTH 4120	Global Perspectives on Discrimination and Health	4

Health Science Courses

Code	Title	Hours
YEAR 1		
HSCI 1000	College: An Introduction	1
YEAR 2 OR 3		
HSCI 2000	Professional Development for Bouvé Co-op	1
FINAL YEAR		
Complete one of the following.		4-8
HSCI 4720	Health Science Capstone—Service (Prerequisite course HSCI 4700)	
HSCI 4730	Health Science Capstone—Research (Prerequisite course HSCI 4700)	
HSCI 4971	Junior/Senior Honors Project 2 (Prerequisite course HSCI 4970, for a total of 8 cr)	

Selectives

Code	Title	Hours
Complete at least three courses from the groups listed below with at least two in one category. At least one of the courses must be at 2000 level or higher. Students may complete additional courses to fulfill a minor, such as Global Health, Nutrition, Exercise Science, and Health Research Methods.		9-13

Society and Health

ANTH 2365	Sport, Culture, and Society	
ANTH 4580	Special Topics in Anthropology	
HLTH 5280	The (in)Visibility of (dis)Ability in Society	
LPSC 2302	Global Human Rights: A Social and Economic Perspective	
PHTH 1120 or SOCL 1120	Society and Health Society and Health	

PHTH 1270 or AFRS 1270	Introduction to Global Health Introduction to Global Health	
PHTH 5234	Economic Perspectives on Health Policy	
SOCL 1246	Environment and Society	
SOCL 1295	Drugs and Society	
CRIM 3040	Psychology of Crime	
SOCL 2303	Gender and Reproductive Justice	
SOCL 3441	Sociology of Health and Illness	
SOCL 3485	Environment, Technology, and Society	
SOCL 4523	Sexualities	

Policy and Administration

ENTR 2206	Global Social Enterprise	
HUSV 2800	Sexual Orientation and Gender Expression	
MGMT 3340	Healthcare Management, Innovation, and Design	
ORGB 3201	Organizational Behavior	
PHTH 4511	Healthcare Management	
PHTH 4515	Critical Issues in Health and Public-Health Policy	
PHTH 5214	Environmental Health	
PHTH 5232	Evaluating Healthcare Quality	
PHTH 5234	Economic Perspectives on Health Policy	
SOCL 1241	Violence and Society	

Physical Activity and Nutrition

COMM 3201	Health Communication	
EXSC 1120	Introduction to Exercise, Fitness, and Health	
EXSC 4500 and EXSC 4501	Exercise Physiology 1 and Lab for EXSC 4500	
EXSC 5200	Cardiopulmonary Physiology	
EXSC 5220	Advanced Exercise Physiology	
HSCI 1105 or HSCI 1107	Human Nutrition Nutrition Service Learning	
HSCI 1106	Contemporary Issues in Nutrition	
HSCI 2350	Advanced Nutrition in Health and Disease	
HSCI 2500	Public Health Nutrition in the Community	

Digital Health

CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
HINF 5101	Introduction to Health Informatics and Health Information Systems	
HINF 5200	Theoretical Foundations in Personal Health Informatics	
HINF 5300	Personal Health Interface Design and Development	
IS 2000	Principles of Information Science	

Research

PHTH 3250	Fundamentals of Qualitative Research	
-----------	--------------------------------------	--

PHTH 4202	Principles of Epidemiology in Medicine and Public Health (Principles of Epidemiology in Medicine and Public Health)
PHTH 5202	Introduction to Epidemiology
PHTH 5214	Environmental Health
PHTH 5440	Community-Based Participatory Research: Environmental Health

Supporting Courses

Code	Title	Hours
YEAR 1		
BIOL 1111 and BIOL 1112	General Biology 1 and Lab for BIOL 1111	5
BIOL 1113 and BIOL 1114	General Biology 2 and Lab for BIOL 1113	5
CHEM 1211 and CHEM 1212 and CHEM 1213	General Chemistry 1 and Lab for CHEM 1211 and Recitation for CHEM 1211	5

YEAR 1		
ENGW 1111	First-Year Writing	4
YEAR 2 OR 3		
ENGW 3306	Advanced Writing in the Health Professions	4

Electives

Code	Title	Hours
	Complete a minimum of 37 credits of general electives. Total semester hours required to meet degree completion requirement will depend on student's choice of Selectives above.	37

Health Sciences Major Requirement

A grade of C or higher is required for all BIOL, CHEM, HLTH, HSCI, MATH, and PHTH courses.

Program Requirement

133 total semester hours required

Plan of Study

In addition to the required courses for the BS in Health Science, students who are interested in pre-health graduate school programs are encouraged to enroll in the following courses, utilizing available elective slots:

Pre-med Track

Code	Title	Hours
SOCL 1101	Introduction to Sociology	4
BIOL 2301 and BIOL 2302	Genetics and Molecular Biology and Lab for BIOL 2301	5
PHYS 1145 and PHYS 1146	Physics for Life Sciences 1 and Lab for PHYS 1145	5
PHYS 1147 and PHYS 1148	Physics for Life Sciences 2 and Lab for PHYS 1147	5
CHEM 2311 and CHEM 2312	Organic Chemistry 1 and Lab for CHEM 2311	5
CHEM 2313 and CHEM 2314	Organic Chemistry 2 and Lab for CHEM 2313	5
BIOL 3611 and BIOL 3612	Biochemistry and Lab for BIOL 3611	5

Pre-PA Track

Each Physician Assistant (PA) program is unique and students must research prerequisite courses for the programs to which they plan to apply. Common courses students preparing for PA school take as their electives often include:

Code	Title	Hours
BIOL 1117 and BIOL 1118	Integrated Anatomy and Physiology 1 and Lab for BIOL 1117	5
BIOL 1119 and BIOL 1120	Integrated Anatomy and Physiology 2 and Lab for BIOL 1119	5
BIOL 3421 and BIOL 3422	Microbiology and Lab for BIOL 3421	5
CHEM 2311 and CHEM 2312	Organic Chemistry 1 and Lab for CHEM 2311	5
CHEM 2313 and CHEM 2314	Organic Chemistry 2 and Lab for CHEM 2313	5
PSYC 3404	Developmental Psychology	4

Pre-Physical Therapy Track

Code	Title	Hours
EXSC 4500	Exercise Physiology 1	4
BIOL 1117 and BIOL 1118	Integrated Anatomy and Physiology 1 and Lab for BIOL 1117	5
BIOL 1119 and BIOL 1120	Integrated Anatomy and Physiology 2 and Lab for BIOL 1119	5
PHYS 1145 and PHYS 1146	Physics for Life Sciences 1 and Lab for PHYS 1145	5
PHYS 1147 and PHYS 1148	Physics for Life Sciences 2 and Lab for PHYS 1147	5
PSYC 3404	Developmental Psychology	4

Pre-Speech Language Pathology Track

Code	Title	Hours
SLPA 1102	Language Development	3-4
SLPA 1103	Anatomy and Physiology of Speech and Hearing Mechanism	3-4
SLPA 1200	Phonetics	3-4
SLPA 1203	Introduction to Audiology	3-4
SLPA 1205	Speech and Hearing Science	3-4

Five Years, Two Co-ops in Summer 2/Fall

This is a sample plan of study.

Year 1

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours

Total Hours: 133

¹ Credit count of Selective/Elective is dependent on credit count of Selective/Elective in same term, to avoid unintended credit overload.

Data Science and Health Science, BS

The health science and computer science combined major offers a solid academic and experiential foundation integrating studies in health administration, computer science, mathematics, and statistics. This program reflects the impact of data in modern healthcare and prepares students for success in careers in health administration, community-based health promotion, public health, and big data analysis.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Data Science Requirements

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1
Computer Science Foundation		
A grade of C– or higher is required in all computer science fundamental courses except CS 1802:		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
Computer Science Required Courses		
CS 3500	Object-Oriented Design	4
CS 3200	Database Design	4

Health Science and Business Administration, BS

The combined major in Health Science and Business Administration provides students at Northeastern with an opportunity to study a curriculum that is synergistic with the growing field of health care. This academic combination will provide students with the knowledge and expertise needed to enter a multitude of careers upon graduation. The degree will allow students the unique opportunity to better understand the business side of the health care industry in Massachusetts, which is home to some of the best hospitals and medical research companies in the country. The field is compatible with all the undergraduate concentrations in the School of Business and prepares students to enter the workforce after graduation.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

A minimum 2.000 GPA is required in all business courses.

Health Sciences Major Requirement

A grade of C or higher is required for all BIOL, CHEM, HLTH, HSCI, MATH, and PHTH courses.

Program Requirement

134 total semester hours required

Business Concentrations

CONCENTRATION IN ACCOUNTING

Code	Title	Hours
Required Courses		
ACCT 3401	Financial Reporting and Analysis 1	4
ACCT 4501	Financial Reporting and Analysis 2	4
Electives		
Complete two of the following:		8
ACCT 3403	Advisory Services and Emerging Accounting Systems	
ACCT 3416	Strategic Cost Analysis for Decision Making	
ACCT 4412	Auditing and Other Assurance Services	
ACCT 4414	Income Tax Determination and Planning	

CONCENTRATION IN ENTREPRENEURSHIP AND INNOVATION

Code	Title	Hours
Note: The following courses do not count toward this concentration:		
ENTR 1201	The Entrepreneurial Universe	
ENTR 3308	Business Economic History of South Africa	
ENTR 3318		
ENTR 3328		
ENTR 3338	Field Research in Sustainable Energy in Iceland	
ENTR 3346		
ENTR 4510	Management Consulting Abroad	
ENTR 4514	Development Practice and Global Citizenship in India	
Introductory Course		
ENTR 2301 or ENTR 2303	Innovation! Entrepreneurial Marketing and Selling	4
Capstone Course		
Complete one of the following:		4
ENTR 4501	Business Planning for Technology Ventures	
ENTR 4503	Business Planning for Small and Medium Enterprises	
ENTR 4505	Entrepreneurial Growth Strategy for Technology Ventures	
ENTR 4506	Advanced Studies in Social Enterprise	
Electives		
Note: Only one non-ENTR course may be used as an elective.		
Complete two of the following:		8
ENTR 2206	Global Social Enterprise	
ENTR 2215	Understanding Family Enterprise	
ENTR 2414	Social Responsibility of Business in an Age of Inequality	
ENTR 2301	Innovation! (if not used as introductory course)	

ENTR 2303	Entrepreneurial Marketing and Selling (if not used for introductory course)
ENTR 3212	Innovation for Social Change
ENTR 3217	Global Family Business Leadership
ENTR 3220	International Entrepreneurship and Innovation Consulting
ENTR 3305	Entrepreneurial Strategy and Business Model Design
ENTR 3306	Global Entrepreneurship
ENTR 3330	Lean Design and Development for Entrepreneurs
ENTR 3401	Management of Operations and Growth in Small- and Medium-Sized Enterprises
ENTR 3403	Managing Operations in a Technology- Based Startup Firm
ENTR 3520	Impact Investing and Social Finance
ENTR 4225	Growth, Acquisitions, and Alliances
ENTR 4512	Social Entrepreneurship and Sustainable Development in India
FINA 4610	Entrepreneurial Finance, Innovation Valuation, and Private Equity
MGMT 3302	Negotiating in Business

CONCENTRATION IN FINANCE

Code	Title	Hours
Required Course		
FINA 3301 or FINA 3303	Corporate Finance Investments	4
Electives		
Complete three of the following:		12
ENTR 3520 or FINA 2720	Impact Investing and Social Finance Sustainability in the Business Environment	
FINA 3301	Corporate Finance (if not selected as a required course)	
FINA 3303	Investments (if not selected as a required course)	
FINA 4219	Portfolio Management	
FINA 4220	Behavioral Finance	
FINA 4310	Working Capital Management	
FINA 4312	Issues in Corporate Governance	
FINA 4320	International Financial Management	
FINA 4370	Financial Modeling	
FINA 4380	Financial Data Analytics with Python	
FINA 4410	Valuation and Value Creation	
FINA 4412	Personal Financial Planning	
FINA 4420	Mergers and Acquisitions	
FINA 4512	Financial Risk Management	
FINA 4514	Investment Banking	
FINA 4516	Real Estate Finance	
FINA 4524	Credit Analysis	
FINA 4526	Core Topics in Alternative Investments	
FINA 4983	Special Topics in Finance	
FINA 4602	Turnaround Management	
FINA 4604	Fixed-Income Securities	
FINA 4608	Advanced Financial Strategy	

FINA 4610	Entrepreneurial Finance, Innovation Valuation, and Private Equity
-----------	--

CONCENTRATION IN MANAGEMENT

Code	Title	Hours
Required Course		
MGMT 4550	Management Consulting in Organizations	4
Electives		
Note: Only one non-MGMT course may be used as an elective.		
Complete three of the following:		12
MGMT 3302	Negotiating in Business	
MGMT 3315	Managing Organizational Change and Disruption	
MGMT 3340	Healthcare Management, Innovation, and Design	
MGMT 3350	Managing a Diverse Workforce	
MGMT 3360	Law and the Legal Process	
MGMT 3420	Managing Human Capital	
MGMT 3530	Project Management	
MGMT 4310	The Management Practices of Great Organizations	
MGMT 4410	Workforce Analytics	
ENTR 2215	Understanding Family Enterprise	
ENTR 2414	Social Responsibility of Business in an Age of Inequality	
ENTR 4225	Growth, Acquisitions, and Alliances	

CONCENTRATION IN MANAGEMENT INFORMATION SYSTEMS

Code	Title	Hours
Required Courses		
MISM 3403	Data Management in the Enterprise	4
MISM 4501	Business Systems Integration	4
Electives		
Note: Only one non-MISM course may be used as an elective.		
Complete two of the following:		8
MISM 2510	Fundamentals of Information Analytics	
MISM 3305	Information Resource Management	
MISM 3404	Data Communications	
MISM 3406		
MISM 3501	Information Visualization for Business	
MISM 3515	Data Mining for Business	
MKTG 4508	Digital Marketing	
SCHM 3301	Global Supply Chain Strategy	
SCHM 3305	Sourcing and Procurement	
SCHM 3308	Supply Chain Analytics	

CONCENTRATION IN MARKETING

Code	Title	Hours
Required Courses		
MKTG 3401	Marketing Research	4
MKTG 3301 or MKTG 4506	Marketing Management Consumer Behavior	4
Electives		
Complete two of the following:		8
MKTG 2301	Marketing and Society	

MKTG 3301	Marketing Management (if not selected as a required course)
MKTG 3501	Marketing Analytics
MKTG 4220	Marketing in Asia
MKTG 4420	Sales Management
MKTG 4502	Marketing in the Service Sector
MKTG 4504	Advertising and Brand Promotion
MKTG 4506	Consumer Behavior (if not selected as a required course)
MKTG 4508	Digital Marketing
MKTG 4510	New Product Development
MKTG 4512	International Marketing

CONCENTRATION IN SUPPLY CHAIN MANAGEMENT

Code	Title	Hours
Required Courses		
SCHM 3301	Global Supply Chain Strategy	4
SCHM 3305	Sourcing and Procurement	4
SCHM 3310	Logistics and Transportation Management	4
Elective		
Complete one of the following:		4
SCHM 3308	Supply Chain Analytics	
SCHM 3320	Demand Planning and Forecasting	
SCHM 4401	Advanced Problems in Supply Chain Management

Health Science and Sociology, BS

The combined Bachelor of Science in Health Science and Sociology integrates social scientific perspectives to the study of health, illness, and healthcare. Students explore basic sociological concepts relevant for the study of health and healthcare, such as social construction and medicalization. Students explore why, for instance, despite having the most expensive healthcare system, the United States ranks comparatively low in life expectancy and health and well-being outcomes. Provides students with an opportunity to explore the ways that societal factors such as race, class, and gender interplay with health, healthcare, and health disparities.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Health Science and Psychology, BS

The combined Bachelor of Science degree program in health science and psychology is designed to provide an interdisciplinary approach to public health and psychology. Through interdisciplinary explorations, students have the opportunity to develop knowledge in health promotion and illness prevention by way of understanding people's behaviors, perceptions, and emotions within the contexts of relationships and culture. This highly flexible curriculum is enhanced by experiential learning opportunities and prepares students to practice in interdisciplinary settings and be successful in sustaining and promoting health across populations.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Environmental Engineering and Health Science, BSEnvE

This intercollege combined major is designed for students who would like to explore their interest in the health sciences while earning the benefit of a Bachelor of Science degree in environmental engineering. The combined major reflects the respective departmental thrusts in environmental health and sustainable resource engineering to create awareness about the complex relationship between the environment and human health, prepare professionals in this growing area capable of providing engineering solutions to current and emerging topics related to environmental engineering and health sciences, and maintain healthy environmental systems by applying and developing techniques to reduce exposure to health hazards. This program combines the content of two majors to allow students to learn the breadth and depth of the convergence between public health and environmental engineering.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Engineering Requirement

Complete 61 semester hours in engineering as indicated below.

Code	Title	Hours
Required Engineering		
CIVE 2221 and CIVE 2222	Statics and Solid Mechanics and Recitation for CIVE 2221	4
CIVE 2260 and CIVE 2261	Materials for the Built Environment and Lab for CIVE 2260	5

CIVE 2331	Fluid Mechanics and Hydraulics	4
CIVE 2334	Environmental Engineering: Principles, Technology, and Sustainability	4
CIVE 3435	Environmental Pollution Fate and Transport	4
CIVE 4534 and CIVE 4535	Water Treatment Systems Design and Lab for CIVE 4534	4
CIVE 4765	Senior Design Project—Environmental	5
CIVE 5300	Environmental Engineering Laboratory	4
GE 3300	Energy Systems: Science, Technology, and Sustainability	4

Environmental Engineering Technical Electives

Complete three of the following:		11-12
CIVE 4575	Construction Management	
CIVE 5260	Environmental Fluid Mechanics	
CIVE 5271	Solid and Hazardous Waste Management	
CIVE 5275	Life Cycle Assessment of Materials, Products, and Infrastructure	
CIVE 5280	Remote Sensing of the Environment	
CIVE 5536	Hydrologic and Hydraulic Design	
CIVE 5699	Special Topics in Civil Engineering (Climate Science and Technology Adaptation and Policy)	

Supplemental Credit

1 semester hour from the following course counts toward the engineering requirement:		1
CIVE 3464	Probability and Engineering Economy for Civil Engineering	
3 semester hours from the following course count toward the engineering requirement:		3
CIVE 2335	Environmental Engineering Chemistry	
3 semester hours from the following course count toward the engineering requirement:		3
CIVE 3430	Engineering Microbiology and Ecology	
2 semester hours from the following course count toward the engineering requirement:		2
GE 1501	Cornerstone of Engineering 1	
3 semester hours from the following course count toward the engineering requirement:		3
GE 1502	Cornerstone of Engineering 2	

Professional Development

Code	Title	Hours
Professional Development		
GE 1000	Introduction to the Study of Engineering	1
CIVE 2000	Introduction to Engineering Co-op Education	1
CIVE 3000	Professional Issues in Engineering	1

Additional Required Courses

The remaining credit from the following course will apply to the professional development area:		1
GE 1501	Cornerstone of Engineering 1	
The remaining credit from the following course will apply to the professional development area:		1
GE 1502	Cornerstone of Engineering 2	

Supporting Courses: Mathematics/Science

Complete 35 semester hours in mathematics and science as indicated below ¹.

Code	Title	Hours
Required Mathematics/Science		
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	5

Science Elective (Earth)

Complete one of the following:		4-5
ENVR 1110	Global Climate Change	
ENVR 1112	Environmental Geology	
ENVR 1120	Oceans and Coasts	
ENVR 1200	Dynamic Earth	
ENVR 1202	History of Earth and Life	
ENVR 2310	Earth Materials	
ENVR 3125	Global Oceanic Change	

Supplemental Credit

3 semester hours from the following course count toward the mathematics/science requirement:		3
CIVE 3464	Probability and Engineering Economy for Civil Engineering	
1 semester hour from the following course counts toward the mathematics/science requirement:		1
CIVE 2335	Environmental Engineering Chemistry	
1 semester hour from the following course counts toward the mathematics/science requirement:		1
CIVE 3430	Engineering Microbiology and Ecology	
1 semester hour from the following course counts toward the mathematics/science requirement:		1
GE 1501	Cornerstone of Engineering 1	

Writing Requirement and NUPATH Courses

Code	Title	Hours
Writing		
A grade of C or higher is required:		
ENGW 1111	First-Year Writing	4
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Health Sciences Major Requirement

Complete 35 semester hours in health sciences as indicated below ².

Code	Title	Hours
PHTH 1260 or PHTH 1261	The American Healthcare System or Comparative Healthcare Systems	4

PHTH 2210	Foundations of Biostatistics	4
PHTH 2350	Community and Public Health	4
or PHTH 2351	Community and Public Health - Global	
PHTH 2414	Environmental Health	4
PHTH 2515	Healthcare Policy and Administration	4
PHTH 4120	Global Perspectives on Discrimination and Health	4
PHTH 4540	Health Education and Program Planning	4
PHTH 5214	Environmental Health	3
HLTH 5450	Healthcare Research (Principles of Epidemiology in Medicine and Public Health)	4
or PHTH 4202	Principles of Epidemiology in Medicine and Public Health	

Integrative Course

Code	Title	Hours
CIVE 4765	Senior Design Project—Environmental	

Engineering GPA Requirement

A minimum 2.000 GPA is required in major (CIVE) courses

Health Sciences Major Requirement

A minimum grade of C or higher is required for all HLTH and PHTH courses.

Program Requirement

144 total semester hours required

Note:

¹ Mathematics/Science Requirement: CHEM 1151, MATH 1341, and PHYS 1151 require a grade of C- or higher

² Health Sciences Major Requirement: HLTH and PHTH courses require a grade of C or higher

Health Science, Minor

The minor in health science is designed for undergraduate students from a variety of disciplines across the university who wish to expand and apply their understanding in key areas of public health including healthcare research; policy; management and delivery; epidemiology; informatics; communications; and contemporary issues in food policy, nutrition, health disparities, disease prevention, and disability in society. The minor is comprised of five courses to equal 20 credits in total. Health science faculty will consult with students to assist with elective selections relevant to their interests.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
PHTH 1260 or PHTH 1261	The American Healthcare System Comparative Healthcare Systems	4
PHTH 2350 or PHTH 2351	Community and Public Health Community and Public Health - Global	4

Elective Courses

Code	Title	Hours
Complete three of the following:		9-12
EXSC 1120	Introduction to Exercise, Fitness, and Health	
HLTH 5280	The (in)Visibility of (dis)Ability in Society	
HLTH 5450	Healthcare Research	
HSCI 1105 or HSCI 1107	Human Nutrition Nutrition Service Learning	
HSCI 1106	Contemporary Issues in Nutrition	
HSCI 5230	Clinical Nutrition Applications in Health and Disease	
PHTH 1120	Society and Health	
PHTH 2300 or PHTH 2301	Communication Skills for the Health Professions Communication Skills for the Health Professions—Global	
PHTH 2515	Healthcare Policy and Administration	
PHTH 4120	Global Perspectives on Discrimination and Health	
PHTH 4511	Healthcare Management	
PHTH 4515	Critical Issues in Health and Public-Health Policy	
PHTH 4540	Health Education and Program Planning	
PHTH 5202	Introduction to Epidemiology	
PHTH 5230	Global Health	
PHTH 5232	Evaluating Healthcare Quality	
PHTH 5234	Economic Perspectives on Health Policy	
PHTH 5440	Community-Based Participatory Research: Environmental Health	

GPA Requirement

2.000 GPA required in the minor

Health, Humanities, and Society, Minor

The health, humanities, and society minor is designed for students who would like to learn how to think capaciously and creatively about health using the rigorous, precise, and flexible skills trained by the social sciences and the humanities. The social sciences teach students to think about the social, economic, and political factors that structure health conditions and outcomes in particular societies, while the humanities train students to navigate the complexities of interpersonal interaction and their ethical implications, to relate the micro to the macro and texts to contexts, to historicize encounters, to communicate accurately and effectively across a variety of media, and to engage in creative analytical thinking about healthcare. The landscape of healthcare is quickly changing, and this training will equip students well not only for the

diverse forms of health work that exist today, but for as yet unimaginable varieties of health-related work in the future.

This minor is structured around the particular competencies that the social sciences and humanities train. Those competencies are narrative and historical perspective, critical attention and observation, ethics and judgment, performance and creativity, and social and structural proficiency. Rather than adopting the more traditional approach of connecting particular skills to particular disciplines (say, narrative to literature and observation to art history), this minor builds from discipline-specific health knowledge while training students to think across disciplines. Thus, it will not be unusual for students to find a single course addressing multiple competencies or to take courses in different disciplines that address the same competency from distinct but complementary perspectives.

This minor is housed in the Humanities Center of the College of Social Sciences and Humanities in partnership with the Bouvé College of Health Sciences.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

No more than two courses, in addition to the introductory course, may be taken under the 2000 level.

Code	Title	Hours
Introductory Course		
INSH 1300	Introduction to Health and Humanities	4
Humanities Requirement		
Complete two of the following:		8
ENGL 2770	Writing to Heal	
ENGL 3700	Narrative Medicine	
ENGL 4710	Capstone Seminar	
ENGL 4040	Topics in 19th-Century Literatures	
HIST 3322	The History of Medicine in North America	
PHIL 1165	Moral and Social Problems in Healthcare	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 1295	Religious Perspectives on Health and Healing	
WMNS 1225	Gender, Race, and Medicine	
Social Sciences Requirement		
Complete two of the following:		8
AFRS 3424	Epidemiology of Pandemic Diseases and Health Disparities in the African Diaspora	
AFRS 4939	Community Health, Culture, and Development in Kenya	
ANTH 4580	Special Topics in Anthropology	
ECON 1230	Healthcare and Medical Economics	
HLTH 5280	The (in)Visibility of (dis)Ability in Society	
PHTH/SOCL 1120	Society and Health	
PHTH 1270	Introduction to Global Health	

PHTH 2300	Communication Skills for the Health Professions
or PHTH 2301	Communication Skills for the Health Professions—Global
PHTH 4120	Global Perspectives on Discrimination and Health
PHTH 5202	Introduction to Epidemiology
PHTH 5234	Economic Perspectives on Health Policy
SOCL 1295	Drugs and Society
SOCL 2303	Gender and Reproductive Justice
SOCL 3441	Sociology of Health and Illness

GPA Requirement

2.000 GPA required in the minor

Health Research Methods, Minor

The health research methods minor is for undergraduate students from any major in any college at the university who have an interest in developing health-research-related skills. This minor creates an opportunity for students to develop marketable, applied skills and seeks to benefit students pursuing positions within research groups, as well as students pursuing advanced degrees.

Admissions requirements: Approval of the student's unit or college advisor and approval of the health research methods minor advisor are required for admission into the minor. Applicants are required to have an overall grade-point average of 3.000 or higher.

Completion of minor: Students must successfully complete the four required courses (12–14 credit hours) and human research ethics training, as well as a combination of electives totaling 6–8 credit hours, with a grade of C or better. Courses may not be taken pass/fail for fulfillment of the minor. Up to 8 credits of completed course work from the student's major program of study may be applied to fulfillment of requirements of this minor.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
PHTH 2210	Foundations of Biostatistics	3-4
or NRSR 5120	Statistics for Health Science	
PHTH 3210	Using Data in Health Research	2
PHTH 3250	Fundamentals of Qualitative Research	4
PHTH 4202	Principles of Epidemiology in Medicine and Public Health	3-4
or PHMD 3450	Research Methodology and Biostatistics	
or HLTH 5450	Healthcare Research	
PHTH 2949	Research Ethics Training	0

Elective Courses

Code	Title	Hours
Complete 6–8 credits from the following:		
ANTH 3410	Ethnographic Field Experience	4

ECON 2560	Applied Econometrics	4
HLTH 3001	The Research Process	2
HLTH 4992	Directed Study	1-4
or HLTH 4991	Research	
IS 4800	Empirical Research Methods	4
PHMD 5223	Evidence-Based Medicine	2
PHSC 2400	Research Ethics for Beginning Health Scientists	4
PHTH 5320	Grant Writing in Public Health	1
PHTH 5330	Using Publicly Available Data in Public Health	1
PHTH 5340	Writing for Peer-Reviewed Journals in Public Health	1
PHTH 5440	Community-Based Participatory Research: Environmental Health	3
PHTH 5350	Using SAS in Public Health Research	1

Healthcare System Operations, Minor

The objective of the minor in healthcare system operations is to prepare students to apply industrial and systems engineering methods in healthcare applications. Distinct from other service industries, healthcare systems are characterized by extensive complexities driven by communication between and interdependencies among multiple actors, and the need to simultaneously address multiple competing objectives pertaining to economic, quality-driven, individual-driven, and population-driven goals. This minor will benefit students by highlighting the unique features of this industry and methods for addressing its unique challenges to engineer improvements to the design, operation, and management of healthcare systems.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

At most, one course from the minor may be counted toward major requirements.

Code	Title	Hours
Required Courses		
IE 5617	Lean Concepts and Applications	4
IE 5400	Healthcare Systems Modeling and Analysis	4
or IE 3500	Introduction to Healthcare Systems Engineering	
PHTH 1260	The American Healthcare System	4
Electives		
Complete one of the following:		4
IE 5374	Special Topics in Industrial Engineering (System Dynamics in Healthcare)	
IE 5500	Systems Engineering in Public Programs	
IE 5640	Data Mining for Engineering Applications	
NRSR 5121	Epidemiology and Population Health	
PHTH 4511	Healthcare Management	

PHTH 5226	Strategic Management and Leadership in Healthcare
PHTH 5232	Evaluating Healthcare Quality
SCHM 3315	Managing Healthcare Operations and Supply Chain

GPA Requirement

2.000 GPA required in the minor

Exercise Science, Minor

The minor in exercise science is for undergraduate students from any discipline wishing to expand their understanding in this area. Exercise science is a discipline that examines the short- and long-term responses to exercise and benefits of exercise training for healthy persons, as well as persons with chronic diseases such as heart disease, pulmonary diseases, diabetes, and obesity. Through this minor, undergraduate students have an opportunity to broaden their understanding of exercise and physical activity in health promotion, disease prevention, and interventions. Students who elect a minor in exercise science may then apply to the Master of Science in Exercise Science upon graduation.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Exercise Science Requirements

A minimum grade of C is required in all courses taken toward the minor.

Required Courses

Code	Title	Hours
BIOL 1117 and BIOL 1118	Integrated Anatomy and Physiology 1 and Lab for BIOL 1117	5
BIOL 1119 and BIOL 1120	Integrated Anatomy and Physiology 2 and Lab for BIOL 1119	5
EXSC 4500 and EXSC 4501	Exercise Physiology 1 and Lab for EXSC 4500	5

Focus

Complete either the cardiovascular focus (open to all students) or the musculoskeletal focus (open to physical therapy students only):

Code	Title	Hours
Cardiovascular Focus—Open to All Students		
EXSC 5200	Cardiopulmonary Physiology	3
EXSC 5220	Advanced Exercise Physiology	3
Musculoskeletal Focus—Open to Physical Therapy Students Only		
EXSC 5230	Physical Activity and Exercise: Effects on Musculoskeletal Health and Disease	3
PT 5133 and PT 5134	Kinesiology and Lab for PT 5133	4

GPA Requirement

2.000 GPA required in the minor

Global Health, Minor

The area of global health has become a critical field of study across and within diverse disciplines, because of the cross-border and cross-national implications of health-related risks for national security, commerce, transportation, and healthcare delivery itself. In collaboration with the College of Social Sciences and Humanities, the minor in global health is designed to provide undergraduate students an opportunity to explore and discuss the implications with an interdisciplinary lens. The minor is comprised of five courses: two foundation and core courses, three electives, and a global health experience to be approved by the global health minor advisor.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
If both are taken, the additional course may count as an elective.		
Complete one of the following:		4
PHTH 2350	Community and Public Health	
or PHTH 2351	Community and Public Health - Global	
AFRS 1270	Introduction to Global Health	
or PHTH 1270	Introduction to Global Health	

Core Courses

Code	Title	Hours
Complete one of the following. If additional courses are taken, they may be used as electives.		
AFRS 3424	Epidemiology of Pandemic Diseases and Health Disparities in the African Diaspora	
PHTH 4120	Global Perspectives on Discrimination and Health	
PHTH 5202	Introduction to Epidemiology	
PHTH 5230	Global Health	

Elective Courses

Code	Title	Hours
Complete three courses from the following areas. Only two courses from any one area may count toward the minor electives. No more than two required courses in the student's major may count toward the minor electives. At least one of the minor electives must be at the 3000-level or above.		
Area 1: Community and Public Health		
AFRS 4939	Community Health, Culture, and Development in Kenya (Dialogue Only)	
PHTH 1261	Comparative Healthcare Systems (Dialogue only)	
PHTH 2301	Communication Skills for the Health Professions—Global (Dialogue Only)	
PHTH 4540	Health Education and Program Planning	
Area 2: Biology of Health and Disease		
BIOL 1141	Microbes and Society	

ENVR 1110	Global Climate Change
Area 3: Society and Cultural Health / Area Studies	
ANTH 4510	Anthropology of Africa
ANTH 4515	Culture and Politics in Modern India
ECON 1230	Healthcare and Medical Economics
HIST 3322	The History of Medicine in North America
LACS 1220	Latino, Latin American, and Caribbean Studies
PHIL 1165	Moral and Social Problems in Healthcare
Area 4: Globalization and Development	
CRIM 1400	Human Trafficking
ECON 1291	Development Economics
HLTH 1510	Introduction to Healthcare Ethics
LPSC 2302	Global Human Rights: A Social and Economic Perspective
POLS 1160	International Relations

Global Health Experience

Complete a global health experience that has been approved by the global health minor advisor.

Recommended

Competency in another language other than English is recommended.

GPA Requirement

2.000 GPA required in the minor

Nutrition, Minor

The minor in nutrition is designed for undergraduate students from a variety of disciplines across the university who wish to expand and apply their understanding in key concepts of nutrition and how they intersect with public health, clinical applications, food policy, behavioral counseling, or health communication.

The minor is comprised of five courses. It requires a foundational course in Human Nutrition (HSCI 1105) or Nutrition Service Learning (HSCI 1107) that instructs students in the basic principles of human nutrition. Students expand foundational concepts in additional required courses to apply knowledge of nutrition in clinical settings and to public health initiatives. Following the initial core courses, students complete two elective courses, at least one at 3000 level or higher, developing deeper knowledge and specific professional skills.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
HSCI 1105 or HSCI 1107	Human Nutrition Nutrition Service Learning	4
HSCI 2350	Advanced Nutrition in Health and Disease	4
HSCI 2500	Public Health Nutrition in the Community	4

Supporting Courses

Code	Title	Hours
Complete two of the following. At least one elective must be at the 3000 level or above:		
BIOL 3611 or PHSC 2320	Biochemistry Biochemistry	7-8
CAEP 3480	Counseling Theories and Practice	
COMM 3201	Health Communication	
ECON 3404	International Food Policy	
EXSC 1120	Introduction to Exercise, Fitness, and Health	
HSCI 1106	Contemporary Issues in Nutrition	
PHSC 4340	Pharmacology for the Health Professions	
PHSC 4502	Pharmacology/Medicinal Chemistry 2	
PPUA 5270	Food Systems and Public Policy	
PSYC 2306	Food, Behavior, and Eating Disorders	

GPA Requirement

2.000 GPA required in the minor

The School of Nursing offers a traditional Bachelor of Science, an Accelerated Bachelor of Science (ABSN), and a Direct Entry (BSN) to Master's (MSN) for second-degree students in nursing designed to prepare students to become professional nurses by providing them with the knowledge, skills, and professional values needed for successful practice in a variety of healthcare settings. The school aims to provide all students—including those with diverse backgrounds and changing career goals—with a broad-based education that will foster ongoing personal and professional growth.

The mission of the Northeastern University School of Nursing is to educate students to provide evidence-based, culturally and linguistically competent, ethical healthcare that is high quality, safe, and accessible to diverse local, national, and global communities. Our programs seek to prepare students to become leaders as nurse clinicians, educators, scholars, and researchers.

Nursing is both a science-based profession and a caring art. The curriculum draws on basic and behavioral sciences, the arts and

humanities, and the art and science of nursing to help students understand the complexities of health and illness across the life span.

CLINICAL SETTINGS

Clinical settings require student criminal background checks. Additionally, international students require curricular practical training (CPT) clearance to meet federal requirements for all clinical and co-op experiences. Please see Requirements for Clinical, Internships, and Practicum Courses (<http://catalog.northeastern.edu/graduate/health-sciences/academic-policies-procedures/practicum-internship-policies/>) and Background Checks (<http://catalog.northeastern.edu/graduate/health-sciences/academic-policies-procedures/background-checks/>) in this catalog for further details.

Programs

Bachelor of Science in Nursing (BSN)

- Nursing (p. 501)
- Accelerated Program for Second-Degree Students (p. 507)

Nursing, BSN

The goal of the School of Nursing is to prepare students to think critically and to practice nursing competently and compassionately in rapidly changing practice environments. All efforts are designed to build nursing knowledge; enhance nursing practice and patient safety; foster professional integrity; and ultimately improve the health outcomes of patients, families, and communities across the continuum of care. This approach requires knowledge, skills, and attitudes that demonstrate leadership, quality care, critical thinking and clinical reasoning, cultural and linguistic competence, interprofessional collaboration, evidence-based practice, and integration of informatics and technology.

The clinical program takes place in the community where people live, as well as in hospitals, rehabilitation centers, and long-term-care facilities. The curriculum is capped by courses that enable students to put leadership and management skills into action and to synthesize the complete role of the professional nurse in a clinical practicum.

In addition to completing academic course work, students must meet the cooperative education requirement, which gives them the opportunity to integrate the theory and practice of nursing in selected settings. Numerous community and institutional healthcare agencies in Greater Boston and across the country offer students an opportunity to gain experience in providing nursing care to a variety of patients and families and to understand that nurses have major roles in wellness and health promotion, acute care, and long-term care. Students in the program are strongly encouraged to participate in research activity and in global educational opportunities that can all be a part of the program.

The baccalaureate degree program in nursing at Northeastern University is accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791, and is approved by the Board of Registration in Nursing of the Commonwealth of Massachusetts. Accreditation and approval indicate that the program meets educational standards for faculty, curriculum design, student quality, and overall university support. The School of Nursing has also been designated as a National Hartford Center of Gerontological Nursing Excellence for its contributions in the area of geriatric nursing and research. The school subscribes to the standards established by the American Association of Colleges of Nursing (AACN), of which it is a member.

Academic Standards for Nursing Majors

Minimum passing grade standards exist for both professional courses, which are required courses taught within the major/college, and professional prerequisite courses, as highlighted below:

- Professional Course with a prefix HLTH, HSCI and NRSNG require a minimum passing grade of C.
- Professional pre-requisite courses with a prefix BIOL,CHEM, MATH and PSYC require a minimum passing grade of C.

Courses in the above listed professional or professional prerequisite subjects that are taken as electives are exempt from the C or better rule and the University's minimum satisfactory grade will be accepted.

For all other courses:

The University's minimum passing grade for the course will be accepted. Please note: The University requires a minimum grade of C for ENGW 1111 and ENGW 3306.

PROGRESSION WITHIN BOUVÉ

- First-year students must complete at least 27 semester hours and meet all major prerequisite course requirements to progress to sophomore status. First-year students who earn fewer than the semester hours stipulated by the curriculum plan for their major must make up the difference prior to graduation.
- To progress into the subsequent year of professional courses, students must have completed all professional prerequisites with the required minimum passing grade as noted in the chart.
- Students must successfully complete all courses, as stipulated by their approved curriculum plan, with a grade of C or better, in order to progress into the next professional course.
- Students who either fail or withdraw from a professional course will need to successfully remediate that course before continuing in their approved curriculum plan.
- Students who incur an incomplete grade in a prerequisite course must obtain approval from their academic advisor, upon consultation with the department faculty and, when appropriate, the School of Nursing Academic Standing Committee, prior to progression into the subsequent course(s).

ACADEMIC DISMISSAL FROM MAJOR

Students in the Bouvé College of Health Sciences will be dismissed from their major effective the following academic semester for any of the reasons noted below:

- Students who do not meet the required minimum grade in two professional courses, including labs and clinical, will be dismissed from the program. Only one professional course can be remediated.
- Remediation of a failed professional course is a requirement for progression in the program. Students who do not meet the minimum grade in the same course twice will be dismissed from the program. If a student fails a second professional course, dismissal for failure of two professional courses will take effect.

Note: Students dismissed from their major but who are otherwise in good standing with the University are allowed to remain at Northeastern University for up to two semesters as a provisional Bouvé student, by the end of which the student is expected to move into a new major.

ACADEMIC APPEALS

Students who believe that they were erroneously, capriciously, or otherwise unfairly treated in an academic or cooperative education decision may petition to appeal the decision. Additional details about the process may be found in the Bouvé College Academic Affairs Appeals

Policy (<http://catalog.northeastern.edu/graduate/health-sciences/academic-policies-procedures/appeals-process/>) and in *Appeals Policies and Procedures* in the university Undergraduate Student Handbook (<https://www.northeastern.edu/admissions/handbook/>).

Program Policies & Standards

Students are expected to adhere to the policies and standards of their program major as stated in this Manual to progress through their curriculum as planned. Students seeking any exceptions to the Program Policies and Standards specified for their program major will be brought before the School of Nursing Academic Standing Committee to present their petitions.

BACHELOR OF SCIENCE IN NURSING PROGRAM REQUIREMENTS

The nursing program includes two options for entering freshmen:

- A 5 year track with three, 6 month co-ops, and
- A 4 year track with two, 6 month co-ops.
- Students must declare by September 1 of their third year, either the 5 or 4 year track. Nursing students must complete a minimum of two, 6-month coops. At least one of the two must be working with registered nurses providing direct patient care.
- Students must complete all co-op experiences planned in their academic program with a grade of 'S' for each co-op experience.

Change-of-major students should access and follow the requirements found at the Office of Bouve Undergraduate Student Services under Change of Major (<https://bouve.northeastern.edu/student-services/undergraduate-change-of-major/>).

Students must successfully complete 133 semester hours of academic credit to graduate, in compliance with University and nursing curriculum requirements and their expected year of graduation.

- Degree requirements must be completed within eight years from the date of matriculation
- Students are required to attend all scheduled nursing classes, clinical experiences, and clinical labs on campus and in clinical agencies. If the student fails to meet attendance requirements, the student will fail the associated class, clinical and/or lab.

CLINICAL REQUIREMENTS

Clinical settings require criminal background checks. Additionally, international students require curricular practical training (CPT) clearance to meet federal requirements for all clinical and co-op experiences.

All students must receive a health clearance from University Health and Counseling Services (UHCS). Health clearance is based on specific documentation of immunity from infectious disease and a physical examination (this may be done by the student's own healthcare provider). In addition, nursing students need a clinical clearance in order to participate in clinical courses. Clinical clearance, managed by the School of Nursing's Clinical Placement Office, includes verification of certification in cardiopulmonary resuscitation (CPR); recent negative tuberculosis screening (PPD); positive titres for MMR, varicella, and hepatitis B; vaccines including TDAP and influenza; and additional health screenings as may be required by the program. It is the responsibility of the student to stay current and to provide documentation required for clinical clearance throughout the entire nursing program.

Six weeks prior to the start of a clinical course, students must show:

- Evidence of immunizations and health clearance by University Health and Counseling Services,
- Documentation of CPR certification and

- Completion of a Criminal Offender Record Information (CORI) background check to be eligible for clinical placement.
- Students will not be allowed to start the clinical course, and may be dropped from the clinical course, if these processes are not satisfactorily completed.

Students should refer to Clinical Course Requirements, Health Clearance Requirements for Clinical Rotations and the Professional Conduct statement here (<http://catalog.northeastern.edu/graduate/health-sciences/academic-policies-procedures/practicum-internship-policies/>) for additional details.

CLINICAL WARNING

A nursing student may be placed on clinical warning, or fail the clinical course, at any time during the semester for the following reasons:

- Failing to meet the clinical objectives at a satisfactory level.
- Failing to demonstrate safe practice. Students may be removed from the clinical area, before completion of the clinical rotation, if the instructor determines that the student is unsafe. This will result in the student failing the clinical course.
- Failing to meet the attendance requirement.

Conditions

- Students on clinical warning must develop an academic plan with the clinical instructor to address clinical performance.
- Students will be expected to improve clinical performance by adhering to the plan.
- Failure to adhere to the terms of the plan will result in the student failing the course and being placed on academic probation. All conditions of academic probation will then apply.

Notification

- The clinical instructor will issue the student a Clinical Warning via the Faculty and Advisor Communication Tool (FACT) identifying the problem.
- The student and the instructor should then develop a plan together to address the deficiency.
- Copies of the warning will be forwarded to the Program Director and/or the Assistant Dean for Undergraduate programs if needed.
- This is an administrative warning and will not be posted on the transcript.
- Satisfactory completion of the clinical experience component of the course will result in removal of the warning from the student's file.

BLOOD BORNE PATHOGEN EXPOSURE AND INJURY

Any students who sustain any kind of injury and/or exposure related to blood borne, respiratory or other pathogens or hazardous materials while on a clinical rotation must immediately follow the procedures below. Students are provided access to post-exposure counseling through the university's partner, OEHN (Occupational Environmental Health Network).

Procedures

Students must follow the Affiliate site's protocol for exposure reporting, testing, counseling and follow up. If there is no affiliate site protocol, Students should notify their program as well as the Office of Risk Services (<https://www.northeastern.edu/risk-services/>) (risk@northeastern.edu).

Within 24 hours of the incident, Students must also inform their program's Director of Clinical Education (or unit designee responsible for clinical placements) and/or Medical Director and submit, in writing, a description of the incident and injury or exposure.

The program's Director of Clinical Education (or unit designee responsible for clinical placements) will notify the following individuals that an incident has occurred (PHI only necessary upon request):

- o The Associate Dean of Clinical, Rehabilitation and New Initiatives
- o The unit head
- o The Dean
- o The Office of Risk Services (<https://www.northeastern.edu/risk-services/>) (risk@northeastern.edu)

Students on or near the NU Boston campus are encouraged to schedule an appointment with UHCS to discuss the exposure, treatment, potential risks and side effects of any medications. Students in clinical programs outside the Boston area should contact the Occupational & Environmental Health Network (OEHN) at 1-866-360-8100. OEHN is open 24 hours a day, 7 days a week 365 days a year. OEHN will collect appropriate information and engage the doctor on call who can help to direct appropriate care depending on exposure and circumstances.

Students should rely on their health insurance for necessary treatment.

Out of pocket costs may be submitted to the Office of Risk Services for reimbursement consideration.

Students should contact their Clinical Education Program Director and/or the Office of Risk Services (<https://www.northeastern.edu/risk-services/>) with any further questions related to exposure-related treatment.

Technical Standards for Admission, Academic Progression, and Graduation

The primary mission of the School of Nursing is to educate our students to provide evidence-based, culturally and linguistically competent, ethical healthcare that is high quality, safe, and accessible to diverse local, national and global communities. Our programs prepare students to become leaders as nurse clinicians, educators, scholars, and researchers. The School of Nursing is also committed to achieving the goals of the university to become an outstanding national research, practice-oriented, student-centered, urban institution.

The goal of the School of Nursing is to prepare students to think critically and to practice nursing competently and compassionately in rapidly changing practice environments. All efforts are designed to build nursing knowledge, enhance nursing practice and patient safety, foster professional integrity, and ultimately improve the health outcomes of patients, families, and communities across the continuum of care.

In addition to classroom learning, students' clinical education experiences occur in settings, like hospitals, in which patient safety is the priority. For this reason, students who, upon enrollment in any of the nursing programs, seek accommodations from the Disability Resource Center (DRC) at NU must also request an assessment of accommodations that would be needed for clinical education.

Certain functional abilities are essential for the delivery of safe, effective nursing care during clinical education activities. Therefore, the School of Nursing has determined that certain technical standards are requisite for admission, progression, and graduation from the nursing programs. An individual must be able to independently, with or without reasonable accommodation, meet the following technical standards:

1. General abilities
2. Observation
3. Communication

4. Motor
5. Intellectual, conceptual, and quantitative abilities
6. Essential behavioral and social attributes
7. Ability to manage stressful situations

Individuals unable to meet these technical standards, with or without reasonable accommodation, will not be able to complete the program.

GENERAL ABILITIES

The student is expected to possess functional use of the senses of vision, touch, hearing, and smell so that data received by the senses may be integrated, analyzed, and synthesized in a consistent and accurate manner. A student must be able to respond promptly to urgent situations that may occur during clinical training activities and must not hinder the ability of other members of the health care team to provide prompt treatment and care to patients.

OBSERVATIONAL ABILITY

The student must have sufficient capacity to make accurate visual observations and interpret them in the context of laboratory studies, medication administration, and patient care activities. In addition, the student must be able to document these observations and maintain accurate records.

COMMUNICATION ABILITY

The student must communicate both verbally and non-verbally in order to elicit information and to convey that information to others. Each student must have the ability to read and write accurately and comprehensively in English. The student must be able to thoroughly comprehend and fluently speak the English language so as to facilitate communication with patients, families, professionals in health care settings, instructors, and other students. The student must also be able to present information in a professional, logical manner and to provide counseling and instruction in order to effectively care for patients and their families.

MOTOR ABILITY

The student must be able to perform gross and fine motor movements with sufficient coordination needed to perform complete physical examinations utilizing the techniques of inspection, palpation, percussion, auscultation, and other diagnostic maneuvers. A student must develop the skills needed to perform or assist with procedures, treatments, administration of medication, and the management and operation of diagnostic and therapeutic medical equipment. The student possess the physical and mental stamina to meet the demands associated with extended periods of sitting, standing, moving, and physical exertion required for satisfactory and safe performance in the clinical and classroom settings.

INTELLECTUAL, CONCEPTUAL, AND QUANTITATIVE ABILITIES

The student must be able to develop and refine critical thinking skills that are essential to nursing practice. Critical thinking involves the abilities to measure, calculate, reason, analyze, and synthesize objective and subjective data, and to make decisions, often in a time-urgent environment, that reflect consistent and thoughtful deliberation and sound clinical judgment.

BEHAVIORAL AND SOCIAL ATTRIBUTES

Compassion, integrity, motivation, effective interpersonal skills, and concern for others are personal attributes required of those in the nursing programs. The student must be able to work under supervision of a clinical instructor or preceptor; this is essential to ensure patient safety. The student must exercise good judgment and promptly complete all responsibilities in the classroom and clinical settings. The ability to establish culturally competent relationships with individuals, families,

and groups and to respond effectively to patients who have different intellectual capacities is critical to nursing practice.

EXAMINATIONS DISABILITY AND SPECIAL NEEDS

Students with special needs are encouraged to contact the Disability Resource Center (DRC) in 20 Dodge Hall to register and request services.

Students must notify the instructor at the beginning of the semester if they plan to use DRC services throughout the course. The staff in that office is available for assistance.

ABILITY TO MANAGE STRESSFUL SITUATIONS

The student must be able to adapt to and function effectively in stressful situations in both the classroom and clinical settings, including emergency situations. These stressors include personal, patient care/family, faculty/peer, and or program related issues.

State Board Nursing Examination

In Massachusetts, and several other states, the registering board requires that graduates taking the National Council Licensing Examination (NCLEX-RN) meet standards of "good moral character" (GMC). Students may review the GMC requirement specified at Massachusetts General Laws Chapter 112, sections 74, 74A, and 76; Licensure Policy No. 00-01 under "Rules & Regulations" on the Massachusetts BORN website.

Please visit Bouvé College Learning Outcomes for the specific student learning outcomes for this program.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Nursing Major Requirements

Code	Title	Hours
NRSNG 1000	College: An Introduction	1
NRSNG 2000	Professional Development for Co-op	1
NRSNG 2210	Influences on Health and Illness: A Nursing Perspective	3
NRSNG 2220 and NRSNG 2221	Health Assessment and Fundamental Nursing Skills and Lab for NRSNG 2220	4
NRSNG 2350	Integrated Pathophysiology and Pharmaceutical Interventions for Nursing Practice	6
NRSNG 3302 and NRSNG 3303	Nursing with Women and Families and Clinical for NRSNG 3302	5
NRSNG 3320 and NRSNG 3321	Nursing Care of Adults 1 and Clinical for NRSNG 3320	6
NRSNG 3323 and NRSNG 3324	Intermediate Interventions and Assessment and Lab for NRSNG 3323	2

Electives

Code	Title	Hours
	Complete four courses (for at least 15 credits) outside the School of Nursing or NRSG courses not used to fulfill requirements above.	15

NUPATH REQUIREMENTS SATISFIED

- Analyzing/Using Data (AD)
- Capstone Experience (CE)
- Engaging Difference/Diversity (DD)
- Exploring Creative Expression and Innovation (EI)
- Ethical Reasoning (ER)
- Integration Experience (IC)
- Conducting Formal/Quantitative Reasoning (FQ)
- Interpreting Culture (IC)
- Natural/Designed World (ND)
- Society/Institutions (SI)
- Writing Intensive in the Major (WI)
- Advanced Writing in the Disciplines (WD)

Integrating Knowledge and Skills Through Experience (EX) is satisfied through co-op.

Students are responsible for using the general electives in this program to complete NUPATH requirements not satisfied by required courses in this program.

Nursing (BSN), Accelerated Program for Second-Degree Students

The Accelerated Bachelor of Science in Nursing (ABSN) hybrid program, which comprises 16 months of full-time study, combines online didactic course work and hands-on learning involving both clinical placements and experience in the skills laboratory. The program offers students an opportunity to work closely with nursing faculty to master the core skills necessary to excel in their nursing career. The program also seeks to prepare students to successfully take and pass the National Council Licensure Examination for Registered Nurses (NCLEX-RN) and earn a RN license.

The ABSN curriculum includes 67 credits of undergraduate courses with online learning modules incorporating lectures and learning activities. The majority of these credits are completed online through an e-learning platform that allows students to listen to lectures, submit assignments, complete interactive learning modules, and engage in discussion with faculty and classmates.

The Bouvé College of Health Sciences School of Nursing has an extensive network of clinical affiliations at health centers, major teaching hospitals, and community hospitals that allow students to engage in clinical experiences covering a wide range of nursing specialties that include adult health, maternal-newborn, pediatrics, behavioral and mental health, acute care, and public health.

Academic Standards for Nursing Majors

PROGRESSION WITHIN BOUVÉ

- Students must successfully complete all courses, as stipulated by their curriculum plan, with a grade of C or better, in order to progress into the next professional course.
- Students who either fail or withdraw from a professional course will need to successfully remediate that course before continuing in their approved curriculum plan.
- Students who incur an incomplete grade in a prerequisite course must obtain approval from their academic advisor, upon consultation with the department faculty and, when appropriate, the School of Nursing Academic Standing Committee, prior to progression into the subsequent course(s).

ACADEMIC DISMISSAL FROM MAJOR

Students in the Bouvé College of Health Sciences will be dismissed from their major effective the following academic semester for any of the reasons noted below:

- Students who do not meet the required minimum grade in two professional courses, including labs and clinical, will be dismissed from the program. Only one professional course can be remediated.
- Remediation of a failed professional course is a requirement for progression in the program. Students who do not meet the minimum grade in the same course twice will be dismissed from the program. If a student fails a second professional course, dismissal for failure of two professional courses will take effect.

ACADEMIC APPEALS

Students who believe that they were erroneously, capriciously, or otherwise unfairly treated in an academic or cooperative education decision may petition to appeal the decision. Additional details about the process may be found in the Bouvé College Academic Affairs Appeals Policy (<http://catalog.northeastern.edu/graduate/health-sciences/academic-policies-procedures/appeals-process/>) and in *Appeals Policies and Procedures* in the university Undergraduate Student Handbook (<https://www.northeastern.edu/admissions/handbook/>).

Program Policies & Standards

Students are expected to adhere to the policies and standards of their program major to progress through their curriculum as planned. Students seeking any exceptions to the Program Policies and Standards specified for their program major will be brought before the School of Nursing Academic Standing Committee to present their petitions.

Students are required to attend all scheduled nursing classes, clinical experiences, and clinical labs on campus and in clinical agencies. If the student fails to meet attendance requirements, the student will fail the associated class, clinical and/or lab.

Students enrolled in the clinical courses will need access to a car to travel to assigned agencies. Students are responsible for their own transportation costs.

CLINICAL REQUIREMENTS

Clinical settings require criminal background checks. Additionally, international students require curricular practical training (CPT) clearance to meet federal requirements for all clinical and co-op experiences.

All students must receive a health clearance from University Health and Counseling Services (UHCS). Health clearance is based on specific documentation of immunity from infectious disease and a physical examination (this may be done by the student's own healthcare provider). In addition, nursing students need a clinical clearance in order to participate in clinical courses. Clinical clearance, managed by the School of Nursing's Clinical Placement Office, includes verification of certification in cardiopulmonary resuscitation (CPR); recent negative tuberculosis screening (PPD); positive titres for MMR, varicella, and hepatitis B; vaccines including TDAP and influenza; and additional health screenings as may be required by the program. It is the responsibility of the student to stay current and to provide documentation required for clinical clearance throughout the entire nursing program.

Six weeks prior to the start of a clinical course, students must show:

Evidence of immunizations and health clearance by University Health and Counseling Services,

- Documentation of CPR certification and
- Completion of a Criminal Offender Record Information (CORI) background check to be eligible for clinical placement.
- Students will not be allowed to start the clinical course, and may be dropped from the clinical course, if these processes are not satisfactorily completed.

Students should refer to Clinical Course Requirements, Health Clearance Requirements for Clinical Rotations and the Professional Conduct statement here (<http://catalog.northeastern.edu/graduate/health-sciences/academic-policies-procedures/practicum-internship-policies/>) for additional details.

CLINICAL WARNING

A nursing student may be placed on clinical warning, or fail the clinical course, at any time during the semester for the following reasons:

- Failing to meet the clinical objectives at a satisfactory level.
- Failing to demonstrate safe practice. Students may be removed from the clinical area, before completion of the clinical rotation, if the instructor determines that the student is unsafe. This will result in the student failing the clinical course.
- Failing to meet the attendance requirement.

Conditions

- Students on clinical warning must develop an academic plan with the clinical instructor to address clinical performance.
- Students will be expected to improve clinical performance by adhering to the plan.
- Failure to adhere to the terms of the plan will result in the student failing the course and being placed on academic probation. All conditions of academic probation will then apply.

Notification

- The clinical instructor will issue the student a Clinical Warning via the Faculty and Advisor Communication Tool (FACT) identifying the problem.
- The student and the instructor should then develop a plan together to address the deficiency.
- Copies of the warning will be forwarded to the Program Director and/or the Assistant Dean for Undergraduate programs if needed.
- This is an administrative warning and will not be posted on the transcript.
- Satisfactory completion of the clinical experience component of the course will result in removal of the warning from the student's file.

BLOODBORNE PATHOGEN EXPOSURE AND INJURY

Any students who sustain any kind of injury and/or exposure related to blood borne, respiratory or other pathogens or hazardous materials while on a clinical rotation must immediately follow the procedures below. Students are provided access to post-exposure counseling through the university's partner, OEHN (Occupational Environmental Health Network).

Procedures

Students must follow the Affiliate site's protocol for exposure reporting, testing, counseling and follow up. If there is no affiliate site protocol, Students should notify their program as well as the Office of Risk Services (<https://www.northeastern.edu/risk-services/>) (risk@northeastern.edu).

Within 24 hours of the incident, the student must also inform his or her program's Director of Clinical Education (or unit designee responsible for clinical placements) and/or Medical Director and submit, in writing, of a description of the incident and injury or exposure.

The program's Director of Clinical Education (or unit designee responsible for clinical placements) will notify the following individuals that an incident has occurred (PHI only necessary upon request):

- The Associate Dean of Clinical, Rehabilitation and New Initiatives
- The unit head
- The Dean
- The Office of Risk Services (<https://www.northeastern.edu/risk-services/>) (risk@northeastern.edu)

Students on or near the NU Boston campus are encouraged to schedule an appointment with UHCS to discuss the exposure, treatment,

potential risks and side effects of any medications. Students in clinical programs outside the Boston area should contact the Occupational & Environmental Health Network (OEHN) at 1-866-360-8100. OEHN is open 24 hours a day, 7 days a week 365 days a year. OEHN will collect appropriate information and engage the doctor on call who can help to direct appropriate care depending on exposure and circumstances.

Students should rely on their health insurance for necessary treatment.

Out of pocket costs may be submitted to the Office of Risk Services for reimbursement consideration.

Students should contact their Clinical Education Program Director and/or the Office of Risk Services (<https://www.northeastern.edu/risk-services/>) with any further questions related to exposure-related treatment.

Technical Standards for Admission, Academic Progression, and Graduation

The primary mission of the School of Nursing is to educate our students to provide evidence-based, culturally and linguistically competent, ethical healthcare that is high quality, safe, and accessible to diverse local, national and global communities. Our programs prepare students to become leaders as nurse clinicians, educators, scholars, and researchers. The School of Nursing is also committed to achieving the goals of the university to become an outstanding national research, practice-oriented, student-centered, urban institution.

The goal of the School of Nursing is to prepare students to think critically and to practice nursing competently and compassionately in rapidly changing practice environments. All efforts are designed to build nursing knowledge, enhance nursing practice and patient safety, foster professional integrity, and ultimately improve the health outcomes of patients, families, and communities across the continuum of care.

In addition to classroom learning, students' clinical education experiences occur in settings, like hospitals, in which patient safety is the priority. For this reason, students who, upon enrollment in any of the nursing programs, seek accommodations from the Disability Resource Center (DRC) at NU must also request an assessment of accommodations that would be needed for clinical education.

Certain functional abilities are essential for the delivery of safe, effective nursing care during clinical education activities. Therefore, the School of Nursing has determined that certain technical standards are requisite for admission, progression, and graduation from the nursing programs. An individual must be able to independently, with or without reasonable accommodation, meet the following technical standards:

1. General abilities (p. 509)
2. Observation (p. 509)
3. Communication (p. 509)
4. Motor (p. 509)
5. Intellectual, conceptual, and quantitative abilities (p. 509)
6. Essential behavioral and social attributes (p. 509)
7. Ability to manage stressful situations (p. 509)

Individuals unable to meet these technical standards, with or without reasonable accommodation, will not be able to complete the program.

GENERAL ABILITIES

The student is expected to possess functional use of the senses of vision, touch, hearing, and smell so that data received by the senses may be integrated, analyzed, and synthesized in a consistent and accurate manner. A student must be able to respond promptly to urgent situations that may occur during clinical training activities and must not hinder

the ability of other members of the health care team to provide prompt treatment and care to patients.

OBSERVATIONAL ABILITY

The student must have sufficient capacity to make accurate visual observations and interpret them in the context of laboratory studies, medication administration, and patient care activities. In addition, the student must be able to document these observations and maintain accurate records.

COMMUNICATION ABILITY

The student must communicate both verbally and non-verbally in order to elicit information and to convey that information to others. Each student must have the ability to read and write accurately and comprehensively in English. The student must be able to thoroughly comprehend and fluently speak the English language so as to facilitate communication with patients, families, professionals in health care settings, instructors, and other students. The student must also be able to present information in a professional, logical manner and to provide counseling and instruction in order to effectively care for patients and their families.

MOTOR ABILITY

The student must be able to perform gross and fine motor movements with sufficient coordination needed to perform complete physical examinations utilizing the techniques of inspection, palpation, percussion, auscultation, and other diagnostic maneuvers. A student must develop the skills needed to perform or assist with procedures, treatments, administration of medication, and the management and operation of diagnostic and therapeutic medical equipment. The student possess the physical and mental stamina to meet the demands associated with extended periods of sitting, standing, moving, and physical exertion required for satisfactory and safe performance in the clinical and classroom settings.

INTELLECTUAL, CONCEPTUAL, AND QUANTITATIVE ABILITIES

The student must be able to develop and refine critical thinking skills that are essential to nursing practice. Critical thinking involves the abilities to measure, calculate, reason, analyze, and synthesize objective and subjective data, and to make decisions, often in a time-urgent environment, that reflect consistent and thoughtful deliberation and sound clinical judgment.

BEHAVIORAL AND SOCIAL ATTRIBUTES

Compassion, integrity, motivation, effective interpersonal skills, and concern for others are personal attributes required of those in the nursing programs. The student must be able to work under supervision of a clinical instructor or preceptor; this is essential to ensure patient safety. The student must exercise good judgment and promptly complete all responsibilities in the classroom and clinical settings. The ability to establish culturally competent relationships with individuals, families, and groups and to respond effectively to patients who have different intellectual capacities is critical to nursing practice.

EXAMINATIONS DISABILITY AND SPECIAL NEEDS

Students with special needs are encouraged to contact the Disability Resource Center (DRC) in 20 Dodge Hall to register and request services.

Students must notify the instructor at the beginning of the semester if they plan to use DRC services throughout the course. The staff in that office is available for assistance.

ABILITY TO MANAGE STRESSFUL SITUATIONS

The student must be able to adapt to and function effectively in stressful situations in both the classroom and clinical settings, including

emergency situations. These stressors include personal, patient care/ family, faculty/peer, and or program related issues.

State Board Nursing Examination

In Massachusetts, and several other states, the registering board requires that graduates taking the National Council Licensing Examination (NCLEX-RN) meet standards of “good moral character” (GMC). Students may review the GMC requirement specified at Massachusetts General Laws Chapter 112, sections 74, 74A, and 76; Licensure Policy No. 00-01 under “Rules & Regulations” on the Massachusetts BORN website.

Please visit Bouvé College Learning Outcomes for the specific student learning outcomes for this program.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, clinicals, or courses where specified beyond specific college and major requirements to satisfy graduation credit requirements.

schoolofpharmacy@northeastern.edu

The School of Pharmacy is dedicated to excellence in pharmacy-related education, research, and service, including the provision of patient care. The school prepares students with knowledge, skills, and values for careers in pharmacy practice and the pharmaceutical sciences. School of Pharmacy programs promote intellectual growth, professionalism, and lifelong learning. Through the generation and dissemination of new knowledge and through scholarship and community service, the school contributes to improved individual and population health.

The school offers two programs for undergraduate students: the Pharmacy program, leading to the Doctor of Pharmacy degree, and the BS in Pharmaceutical Sciences program. These programs allow students interested in pharmacy practice or the pharmaceutical sciences to choose the pathway most suited to their professional goals. The Doctor of Pharmacy degree is the entry-level professional degree earned by pharmacists. The BS Pharmaceutical Sciences degree is designed for students interested in research in the area of drug design and delivery, pharmacology, pharmaceuticals or interprofessional research collaborations. The BS Pharmaceutical Sciences degree does not qualify a graduate for the pharmacist licensure exam.

Programs

Bachelor of Science (BS)

- Pharmaceutical Sciences (p. 510)
- Pharmacy Studies (p. 513)

Doctor of Pharmacy (PharmD)

- Pharmacy (p. 515)

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p. 520)

Pharmaceutical Sciences, BS

The Bachelor of Science in Pharmaceutical Sciences is geared toward highly motivated students who are strongly focused on careers in biomedical/pharmaceutical research, biomedicine, and/or the pharmaceutical/biotech industries. The educational approach is an innovative paradigm that immerses students into undergraduate research at the earliest possible time and promotes graduate-style mentorship and experiential learning in the context of an intensive scientific curriculum with specialized educational opportunities. Pharmaceutical sciences are by nature highly interdisciplinary: pharmacology; physiology; structural biology; medicinal chemistry; pharmaceuticals and the allied fields of toxicology, chemical biology, and nanomedicine; and a spectrum of

emerging health science disciplines that span classical life sciences, engineering, and biotechnology. All students take courses in basic chemistry, basic biology, organic chemistry, physiology, pharmacology, medicinal chemistry, and pharmaceutical sciences. Students can then further specialize their educations with elective courses in areas of their interest and their developing career trajectories.

Entering students are expected to initiate a self-directed search for opportunities to participate in laboratory research. In the first year, students complete Introduction to Health Science Research (PHSC 2650), a course that introduces students to scientific literature, hypothesis generation, and use of the scientific method to investigate unsolved problems. To facilitate identification of research opportunities, this course also introduces students to researchers from within and outside of the university, with the goal of matching students with faculty research mentors.

Graduates of the Bachelor of Science in Pharmaceutical Sciences program will have a solid foundation in the science of drug discovery, delivery, evaluation, and development, as well as specialized training at the undergraduate level in research labs. The program prepares students to pursue graduate studies, enroll in professional programs, or enter the biopharmaceutical industry. The BS degree requires a minimum of four years of study and at least one co-op experience. Graduates are positioned to pursue MS and PhD programs in the biomedical sciences, medical schools, and other health professional degree programs.

Bachelor of Science in Pharmaceutical Sciences— Progression Standards

The Bachelor of Science in Pharmaceutical Sciences requires students to satisfy a set of academic standards that include maintaining an overall GPA of 3.000 or better and a science GPA of 3.000 or better. A science GPA is comprised of all courses with prefix BIOL, CHEM, MATH, and PHYS. A grade of C is the minimal passing grade for any of the required courses in the major.

The program also requires students to seek out and establish laboratory research opportunities with a faculty-level mentor. It is advised that students get involved in laboratory research during their first year in the program. Each student must secure a laboratory research opportunity by the spring semester of the second year and complete Lab Research Rotation (PHSC 2100) by the end of the second year.

All students admitted to the pharmaceutical sciences major will need to adhere to progression policies to enter the third year of the program. At the end of the second year, fall semester, failure to complete all required course work at or exceeding program standards and/or to not involve oneself in a laboratory research opportunity will be considered a professional deficiency. According to standard policy, affected students will be invited to meet with the School of Pharmacy Academic Standing Committee and may prepare a report describing how they will satisfy outstanding requirements by the end of the summer of the second year for consideration by the committee. If the plan is not accepted, or accepted but not executed by the end of summer of the second year (or as agreed), then the student will be dismissed from the program. Under such circumstances, the student can follow standard School of Pharmacy policies to appeal.

Securing a Laboratory Research Opportunity

The Bachelor of Science in Pharmaceutical Sciences requires students to earn a minimum of 12 credits for laboratory research through participation in a research rotation (Lab Research Rotation (PHSC 2100)) and the writing and completion of an undergraduate thesis (comprised of Senior Thesis (PHSC 4997) and Senior Thesis Continuation (PHSC 4998)).

Each student must take the initiative to seek out opportunities for undergraduate laboratory research either on campus, off campus at a neighboring university, or in an industry setting accessible to the student, under the direction of a faculty-level mentor. Students are assisted with securing laboratory research experiences through participation in Introduction to Health Science Research (PHSC 2650) during the spring of the first year and, as needed, through work with a faculty advisor within the Bachelor of Science Pharmaceutical Sciences program. A variety of university resources are also available to assist students in finding opportunities, including the Bouvé College Office of Research, the Northeastern University Office of Undergraduate Research and Fellowships, the Northeastern University Integrated Initiative for Global Health, and various other departmental and college resources across Northeastern University.

Change of Major

Students are eligible to transfer into the program at any point prior to the third year of the program. All students who wish to transfer into the program and have completed General Biology 1 (BIOL 1111) and Lab for BIOL 1111 (BIOL 1112) and General Chemistry 1 (CHEM 1211) and Lab for CHEM 1211 (CHEM 1212) must have earned a grade of B or better and have an overall GPA of 3.000 or better.

Academic Appeals

Students who believe that they were erroneously, capriciously, or otherwise unfairly treated in an academic or cooperative education decision may petition to appeal the decision. Refer to the Bouvé College of Health Sciences Academic Affairs Appeals Process and the Northeastern University Appeals Policies and Procedures.

Program Learning Outcomes

Please visit Bouvé College Program Learning Outcomes (<https://bouve.northeastern.edu/bchs/about/learning-outcomes/>) for the specific student learning outcomes for this program.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Some NUpath requirements are not explicitly satisfied by required courses. Students are responsible for satisfying these requirements with open electives.

Total Hours: 133-139

Pharmacy Studies, BS

Students enrolled in the Doctor of Pharmacy (PharmD) program will be awarded a Bachelor of Science in Pharmacy Studies after successful completion of all requirements in semesters 1 through 10 of the pharmacy curriculum (i.e., all requirements except for Advanced Pharmacy Practice Experiences). Please see the PharmD page (<http://catalog.northeastern.edu/undergraduate/health-sciences/pharmacy/pharmacy-pharmd/#planofstudytext>) in the Northeastern University Catalog.

If the Bachelor of Science in Pharmacy Studies degree is the terminal degree (i.e., the student does not plan to continue on to the fourth professional year), an overall grade-point average (GPA) of 2.000 or greater is considered acceptable. Students who earn the Bachelor of Science in Pharmacy Studies as the terminal degree are not eligible for pharmacist licensure.

Pharmacy Major Grade and Progression Requirement

First-year students must complete at least 27 semester hours and meet all major prerequisite course requirements to progress to sophomore status.

A minimum grade of C is required in major prerequisite courses (those identified with the subject code: BIOL, CHEM, MATH, PHYS). To progress into the subsequent year of professional courses, students must have completed all professional prerequisites with the required minimum passing grade, have satisfactorily completed all academic courses in the preprofessional phase of the curriculum, have an overall GPA of 3.000 or higher, and a science prerequisite GPA of 3.000 or higher. The science GPA is comprised of all courses with prefix BIOL, CHEM, MATH, and PHYS. In addition, to progress into the first professional year of the PharmD program (P1), students must demonstrate good verbal and written communication skills, understanding of the pharmacy profession,

and commitment to patient care through an interview process based on criteria set by the School of Pharmacy.

Pharmacy students with a cumulative GPA of 3.200 or less and/or science prerequisite GPA of 3.000 or less following the fall semester of the sophomore year may experience a delayed start as a registered pharmacy intern for the first co-op (IPPE), as the School of Pharmacy will not submit intern licensure documentation to the Board of Pharmacy until satisfactory spring grades are verified.

To progress into the subsequent semester of professional courses, students must receive a grade of C or better in all PHMD and PHSC courses, as well as in any course completed to fulfill the professional elective requirement.

The university requires a minimum grade of C for First-Year Writing (ENGW 1111) and Advanced Writing in the Health Professions (ENGW 3306). The university's minimum passing grade for the course will be accepted for all other courses.

For pharmacy students, an unsatisfactory grade (U) in a co-op will be counted as a professional course deficiency.

Pharmacy students must maintain an overall GPA of 3.000 or higher during the professional years (P1–P4) of the Doctor of Pharmacy program.

Students who incur an incomplete grade in a prerequisite course may not progress into the subsequent courses(s). Any exceptions will be determined by protocols established by the program, after consultation with the student's academic advisor.

ACADEMIC APPEALS

Students who believe that they were erroneously, capriciously, or otherwise unfairly treated in an academic or cooperative education decision may petition to appeal the decision. Refer to the Bouvé College of Health Sciences Academic Affairs Appeals Process and the Northeastern University Appeals Policies and Procedures.

Program Student Learning Outcomes

Please visit Bouvé College Learning Outcomes for the specific student learning outcomes for this program.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Some NUpath requirements are not explicitly satisfied by required courses. Students are responsible for satisfying these requirements with an elective.

Program Requirement

168 total semester hours required

Pharmacy, PharmD

To earn the Doctor of Pharmacy degree (PharmD), students must complete six years of study (two years of preprofessional and four years of professional courses) at Northeastern University. The PharmD fully integrates campus-based learning with experiential learning, including the university's signature cooperative education (co-op) program, to provide students with the knowledge, skills, and abilities necessary to succeed in the pharmacy profession. Our students promote and ensure the safe and effective use of drugs and provide medication therapy management services. In addition to preparing and dispensing prescribed medications, our students provide information to patients about medications and their uses; advise physicians, other prescribers, and other healthcare practitioners on medication selection, dosages, interactions, and adverse effects; and monitor patient responses to drug therapy.

Our students are well equipped to provide patient care services in a variety of settings. Most of our graduates work in community pharmacies or in healthcare facilities such as hospitals and ambulatory clinics. Additional practice opportunities exist in health maintenance organizations, private practice groups, long-term-care facilities, home healthcare, the Public Health Service, the armed services, and law enforcement agencies such as the Federal Drug Administration (FDA) or Drug Enforcement Administration (DEA). Graduates may also find employment in drug development, marketing and research within the pharmaceutical industry, colleges of pharmacy, and professional association management. In addition, many of our graduates go on to pharmacy practice residencies, fellowships, and leading graduate programs.

Doctor of Pharmacy students are admitted with the expectation that by working with faculty, staff, and each other, they will develop the knowledge, skills, and attitudes necessary for academic and professional success. Students follow academic progression plans for their respective years of graduation. Any deviation from the prescribed curriculum will require faculty/staff permission and an approved plan of study from the School of Pharmacy Academic Standing Committee.

The curriculum includes both Introductory Pharmacy Practice Experiences (IPPEs, fulfilled with cooperative education) and Advanced Pharmacy Practice Experiences (APPEs). These pharmacy practice experiences are provided primarily under the direct supervision of qualified pharmacist preceptors and occasionally with other qualified healthcare professionals. The school is affiliated with many world-class practice sites throughout the United States, providing students with access to experienced clinicians and scholars. Although every effort is made to accommodate individual circumstances and requests, students should be prepared to travel outside the Boston area to complete some of their pharmacy practice experiences. Availability of a car may be required, as some sites are not accessible by public transportation. All expenses associated with pharmacy practice experiences, including travel and housing, are the responsibility of the student.

IPPEs are competitive placements that are based on job availability in a geographic region. The placements are facilitated by School of Pharmacy cooperative education coordinators. Students are required to earn satisfactory (S) grades on one IPPE in a community setting and on one IPPE in an institutional/hospital practice setting.

APPE placements are provided based on site/preceptor availability and the final approval of the School of Pharmacy Office of Experiential Education (OEE). Students may be able to petition the OEE for out-of-system APPEs; however, availability for such requests is limited.

To be eligible for a Doctor of Pharmacy degree, a student must successfully complete all courses in the curriculum including the IPPEs (co-op) and APPEs; meet the academic progression standards of the program; meet the technical standards of the program; and satisfy all other requirements as stated. The pharmacy program is fully accredited by the Accreditation Council for Pharmacy Education (ACPE) (<https://www.acpe-accredit.org/>) and adheres to the standards established by ACPE.

Pharmacy graduates must meet specific requirements to qualify for professional licensure in the state where they plan to practice as a registered pharmacist. These requirements include graduating from an accredited school of pharmacy, passing national and state board examinations, and completing internship hours. The internship is a period of practical experience conducted under the supervision of a registered pharmacist. Massachusetts requires 1,500 internship hours, all of which are satisfied through completion of IPPEs (co-op) and APPEs.

Professional and/or legal exigencies arise from time to time, which may necessitate changes in a pharmacy course, progression, and/or graduation requirements. Students should review their status with academic advisors on a timely basis and refer to current publications for updated information.

Pharmacy Major (PharmD) Grade and Progression Requirements

First-year students must complete at least 27 semester hours and meet all major prerequisite course requirements to progress to sophomore status.

A minimum grade of C is required in major prerequisite courses (those identified with the subject code: BIOL, CHEM, MATH, PHYS). To progress into the subsequent year of professional courses, students must have completed all professional prerequisites with the required minimum passing grade, have satisfactorily completed all academic courses in the preprofessional phase of the curriculum, have an overall GPA of 3.000 or higher, and a science prerequisite GPA of 3.000 or higher. The science GPA is comprised of all courses with prefix BIOL, CHEM, MATH, and PHYS. In addition, to progress into the first professional year of the PharmD program (P1), students must demonstrate good verbal and written communication skills, understanding of the pharmacy profession, and commitment to patient care through an interview process based on criteria set by the School of Pharmacy.

Pharmacy students with a cumulative GPA of 3.200 or less and/or science prerequisite GPA of 3.000 or less following the fall semester of the sophomore year may experience a delayed start as a registered pharmacy intern for the first co-op (IPPE), as the School of Pharmacy will not submit intern licensure documentation to the Board of Pharmacy until satisfactory spring grades are verified.

To progress into the subsequent semester of professional courses, students must receive a grade of C or better in all PHMD and PHSC courses, as well as in any course completed to fulfill the professional elective requirement.

The university requires a minimum grade of C for First-Year Writing (ENGW 1111) and Advanced Writing in the Health Professions (ENGW 3306). The university's minimum passing grade for the course will be accepted for all other courses.

For pharmacy students, an unsatisfactory grade (U) in a co-op will be counted as a professional course deficiency.

Pharmacy (PharmD-U) students must maintain an overall GPA of 3.000 or higher during the professional years (P1–P4) of the Doctor of Pharmacy program.

Students who incur an incomplete grade in a prerequisite course may not progress into the subsequent courses(s). Any exceptions will be determined by protocols established by the program, after consultation with the student's academic advisor.

Requirements for the PharmD Pharmacy Practice Experiences (PPEs)

Requirements for the successful completion of the PharmD PPEs include:

1. Evidence of health clearance from University Health and Counseling Services before placements at any PPE site.
2. Satisfactory completion of any additional site-specific requirements including, but not limited to, criminal record information (CORI), urine drug screens, and verification of immunization status. All fees associated with these requirements are the responsibility of the student. Please see below for management of positive urine drug screens.
3. Adherence to the school's code of professional conduct and university's code of conduct policies while off-campus.
4. Maintenance of an active pharmacy intern license in every state where the student completes an experience.
5. Compliance with site-specific requirements (via site descriptions) and completion of site requests within specified deadlines. Students who fail to complete these requirements as directed will likely incur grade penalties and may experience a delay of graduation or dismissal from the pharmacy program.

MANAGEMENT OF POSITIVE URINE DRUG SCREENS

If the student learns the urine drug screen (test #1) is positive, the student will notify the OEE (pharmacyoe@northeastern.edu) and immediately complete a second urine screen (test #2). A professional concern form will be completed based on test #1 results.

- If urine screen test #2 is negative (-), the student will be allowed to continue the PPEs. However, the student will be asked to complete a random urine screen (test #3) at a time determined by the OEE. If this urine screen (test #3) is positive (+), the student will be administratively removed from the active PPEs and graduation may be delayed. A second professional concern form will be completed, based on test #3 results. The return to PPEs will occur once a repeat urine test is negative. That repeat negative test will be followed up by a random urine screen at a time determined by the OEE.
- If the urine screen (test #2) is positive (+), the student will be administratively removed from the PPEs and graduation may be delayed. The return to PPEs will occur once a repeat urine screen is negative. That negative screen will be followed up by a random urine screen at a time determined by the OEE. A second professional concern form will be completed based on a positive test #3 result.

Program Policies

Students are expected to adhere to the policies and standards of their program major, as stated, to progress through their curriculum as planned. Students seeking any exceptions to the program policies and standards specified for their program major must present a petition before the School of Pharmacy Academic Standing Committee.

Given programmatic requirements, coupled with concerns over the loss of therapeutic knowledge, requests for a general leave of absence:

- Must comply with all stated Northeastern University general policies, regardless of the academic year.
- May be made at any time period during the P1 or P2 years.
- During the P3 academic year, any request for a general leave must be made no later than February 1 of the given academic year. Requests after this date will not be permitted.
- During the P4 academic year, requests for a general leave cannot be made at any time.

Technical Standards for the Doctor of Pharmacy Program

The PharmD program at Northeastern University is a rigorous and challenging academic program that requires students to possess specific characteristics and abilities within the cognitive, affective, and psychomotor domains, referred to here as technical standards. To successfully progress in and ultimately complete the didactic, laboratory, and experiential components of the PharmD program, students must meet the standards described below.

INTELLECTUAL ABILITIES

Students must have well-developed problem-solving and critical-thinking skills. Cognitive function must be appropriate to integrate, evaluate, and apply information gained through measurement, analysis, calculation, and reasoning. Students must have the capacity to learn efficiently in classroom, laboratory, small group and experiential settings, and through independent study. Students are required to demonstrate the ability to integrate course content knowledge with clinical practice applications to optimize medication therapy management.

COMMUNICATION SKILLS

Students must be able to communicate effectively with colleagues, professors, patients, families, and healthcare providers. This includes efficiently comprehending, speaking, reading, and writing in English.

Students must be able to process and use appropriate nonverbal cues and be proficient in the use of electronic communication media.

BEHAVIORAL AND SOCIAL ATTRIBUTES

Students must demonstrate professionalism, maturity, integrity, honesty, compassion, and respect when relating to others. Students must have sufficient mental and emotional health to complete work and responsibilities using good judgment. Students must be able to tolerate and adapt to stressful workloads and situations and modify behavior based on constructive criticism. Students must be able to function in accordance with the legal, ethical, and professional standards of practice.

OBSERVATION AND MOTOR SKILLS

Students must have functional use of visual, auditory, and tactile senses. Students must be able to observe and perform experiments, physical assessments, patient interviews, and medication order processing. Students must be able to distinguish physical characteristics of medications by inspection. Students must have coordination of gross and fine muscular movements sufficient to perform pharmacy-related tasks including compounding and dispensing medications, administering medications, and using computers and other technology necessary for learning and professional practice.

Academic Dismissal from Major

PharmD students in the Bouvé College of Health Sciences will be dismissed from their major effective the following academic semester for any of the reasons noted below:

- Failure to earn a grade of C or better in three professional courses, regardless of remediation. Within the PharmD program, each specific professional course (with separate registration number) will be counted as a separate failure even if content is related.
- Failure to earn the minimum required grade in the same course twice.
- Failure to maintain a GPA of 3.000 after one semester of probation.
- The expected graduation date may not change more than twice.

The PharmD program monitors and promotes the development of professional behaviors in its students to ensure appropriate professionalism in the classroom, local and global communities, and clinical settings. Breach of adherence to these standards may result in dismissal from the program.

Academic Appeals

Students who believe that they were erroneously, capriciously, or otherwise unfairly treated in an academic or cooperative education decision may petition to appeal the decision. Refer to the Bouvé College of Health Sciences Academic Affairs Appeals Process and the Northeastern University Appeals Policies and Procedures.

Progression to the 4th Professional Year (P4) of the PharmD Program

Students enrolled in the PharmD program will be awarded a Bachelor of Science in Pharmacy Studies after successful completion of all didactic and laboratory courses in semesters 1 through 13 of the pharmacy curriculum. To earn the PharmD degree, students must complete an additional 36 semester hours of APPEs with an overall GPA of 3.000 or higher. The PharmD degree is required to pursue licensure or registration as a pharmacist; graduates with the Bachelor of Science in Pharmacy Studies degree only are not eligible for pharmacist licensure.

Program Student Learning Outcomes

Please visit Bouvé College Learning Outcomes for the specific student learning outcomes for this program.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Some NUPath requirements are not explicitly satisfied by required courses. Students are responsible for satisfying these requirements with an elective.

* After completion of Semester 13, students who meet program requirements will earn the Bachelor of Science in Pharmacy Studies degree and progress into the final professional year of the program. This consists of one year of graduate study and 36 hours of Advanced Pharmacy Practice Experience course work. See the PharmD program in the Northeastern University Graduate Catalog (<http://catalog.northeastern.edu/graduate/health-sciences/pharmacy/pharmd/#programrequirements>) for details.

Accelerated Bachelor/Graduate Degree Programs

Northeastern University offers a number of PlusOne bachelor's/master's degree programs that allow students to accelerate the completion of the bachelor's degree by applying graduate credits taken as an undergraduate toward both the undergraduate and graduate degrees. Generally, both degrees may be earned in one more year than is the normal time allotted for completion of the bachelor's degree.

Health Science, BS/Law, JD

Northeastern University's 3+3 program is currently offered by invitation to a select group of first-year, undergraduate students admitted into Northeastern University Bouvé College of Health Sciences. Students take advantage of an accelerated undergraduate program, taking undergraduate courses for three years, and then immediately enrolling in the School of Law's three-year JD program. The program is designed to harness the outstanding academic performance and motivation within the students, connect them to distinguished faculty and an expansive network, and ultimately accelerate them into their careers in law.

Health Science, BS/Master of Public Health, MPH

The Department of Health Sciences offers a combined undergraduate Bachelor of Science in Health Science and a Master of Public Health in Urban Health. This program allows undergraduate health science majors to complete both degrees in a shorter amount of time than it would take to do each program separately. Students in the combined degree program will meet the core curriculum requirements for both a BS and an MPH degree. Fifteen credits of the MPH degree are taken during the final undergraduate year, and the MPH degree is completed over one additional year.

Undergraduate students can enter the PlusOne Accelerated Program (BS/MPH) via two ways:

- Undergraduate health science majors apply to the PlusOne program through the graduate school's Apply Yourself system in the spring semester of their junior year.
- Those students who were offered conditional acceptance to the PlusOne program as part of their undergraduate acceptance automatically matriculate into the program if they maintain at least a 3.500 cumulative grade-point average, take a health-related co-op, and officially commit to this program in the spring semester of their junior year. No additional application is required.

Once admitted, students may count a maximum of 15 semester hours of graduate credit toward the undergraduate degree. Consult the department for information on this program.

PharmD—Doctor of Pharmacy/MPH—Master of Public Health

Undergraduate pharmacy majors enrolled in the joint Doctor of Pharmacy (PharmD)/Master of Public Health (MPH) program have the opportunity to take graduate courses in the MPH program while earning their PharmD, allowing these students to earn their MPH in a shorter amount of time than it would take to earn it separately from their PharmD.

Undergraduate pharmacy students can enter the PlusOne Accelerated Program (PharmD/MPH) by applying to the PlusOne program through the graduate school's Apply Yourself system in the spring semester of their P2 year. Once admitted, students may count a maximum of 16 semester hours of graduate credit toward the undergraduate degree. Consult the department for information on this program.

Students enrolled in the PlusOne Accelerated PharmD/MPH Program must adhere to all PharmD and MPH program standards, policies, and requirements as listed in the catalog, unless otherwise specified.

Psychology, BS/Applied Behavior Analysis, MS

The Department of Psychology in the College of Science and the Department of Applied Psychology in Bouvé College jointly offer a PlusOne program in applied behavior analysis. Undergraduate psychology majors have the opportunity to take graduate courses in applied behavior analysis during their final year of undergraduate studies (up to 15 credits) that count toward completion of the student's undergraduate and graduate degrees. As a result, students in the PlusOne program may complete the Master of Science in three semesters after obtaining their undergraduate degrees. Undergraduate students interested in this program are encouraged to apply during the fall of their junior year using Bouvé's Apply Yourself application system. Questions regarding this program may be directed to the program director for the applied behavior analysis programs in the Department of Applied Psychology.

Speech-Language Pathology and Audiology, BS/Speech-Language Pathology, MS

A unique aspect of the speech-language pathology program at Bouvé College is a five-year PlusOne program. Students who have maintained an overall GPA of 3.350 or better, who have maintained a C or better in all SLPA courses, and who have satisfied all graduate program admissions requirements may seek admission to this program in their third year. Students will, if successful, earn the Bachelor of Science in Speech-Language Pathology and Audiology at the end of their fourth year of study and the Master of Science in Speech-Language Pathology at the end of the program, as well as complete national certification requirements. The PlusOne program is selective because of the intensity of the combined program.

Programs

- Health Science, BS/Law, JD
- Health Science, BS/Public Health, MPH
- Pharmacy, PharmD/Public Health, MPH
- Psychology, BS/Applied Behavior Analysis, MS
- Speech-Language Pathology and Audiology, BS/Speech-Language Pathology, MS

The College of Science (COS) offers instructional programs that are at the forefront of discovery, invention, and innovation in the physical sciences, life sciences, linguistics, and mathematics. Our programs are designed to give students a deep understanding and hands-on experience in traditional and emerging interdisciplinary fields such as chemical biology, cognition and neuroscience, marine science, biochemistry, nanoscience, and network science.

The college places a strong emphasis on the experiential learning model and seeks to provide students with a wide array of opportunities to explore innovative, interdisciplinary collaborations through cooperative educational work assignments, service-learning, undergraduate research, internships, study-abroad programs, and active participation in our award-winning student chapters of professional associations. The college seeks to provide students with the best possible foundation for achieving their goals, whether they seek to attend graduate school, professional school, or immediately pursue a career upon graduation.

The college offers Bachelor of Arts (BA), Bachelor of Science (BS), and Bachelor of Science/Master of Science (BS/MS) (PlusOne programs) degrees in a number of majors, as well as a Bachelor of Science/ Doctor of Philosophy (BS/PhD) in physics and many interdisciplinary programs, and emphasizes the value of a solid general education through the NU Core. Students may choose a four- or five-year experiential learning plan in most programs. Either plan offers co-op opportunities, often in an area related to the student's chosen academic area. Students are normally eligible to participate in co-op in the second semester of their sophomore year.

Many programs are flexible enough to allow students to pursue a double major, a major and a minor, or one of the college's specific combined majors. The college also offers students the opportunity to create an independent major in cases where their interests and goals are not met by a specific major program.

PlusOne Programs

Many programs and departments such as biochemistry, biology, chemistry and chemical biology, mathematics, and physics offer academically strong students the option of obtaining their BS and MS degree in five years.

College Requirements

All students in the College of Science must successfully complete the university requirements of NUPath (p. 42). In addition, students pursuing a Bachelor of Arts degree must fulfill the BA requirements (p. 45). Students pursuing a combined major involving a program in the College of Social Sciences and Humanities must, in addition, fulfill the Experiential Liberal Arts (<https://www.northeastern.edu/cssh/undergraduate/>) (ELA) requirement. The Experiential Liberal Arts Course Designation is part of a CSSH framework that emphasizes integration of experiential learning along with diversity and inclusion at key points in the curriculum. Students will ordinarily fulfill this requirement through an ELA-designated course within the major; any CSSH course on a Dialogue of Civilizations; or any CSSH service-learning course. Please consult your academic advisor and your degree audit for the ELA options for your major.

Academic Advising

The College of Science has an academic advising system that consists of professional advisors located in the College of Science Student Services Office in 206 Mugar Hall and faculty advisors located in the college's department and program offices. Detailed advising information is available on the college website (<http://www.northeastern.edu/cos/>). Prelaw (<http://www.northeastern.edu/prelaw/>) advising and prehealth (<http://www.northeastern.edu/prehealth/>) advising are also available.

Graduation Clearance Process

Students in the College of Science are required to meet with an academic advisor in the College of Science Student Services Office in 206 Mugar Hall to determine their remaining graduation requirements. Some departments also require a meeting with a faculty advisor in their major/program. This should be completed in the junior year to ensure ample time to complete any outstanding requirements.

Academic Progression Standards

In addition to meeting university progression standards, it is expected that full-time science students enroll in four courses with appropriate labs and recitations and successfully complete at least 12 semester hours each academic semester with an acceptable GPA as noted below. Any exceptions to the course load requirement must be approved in writing by the student's academic advisor prior to the start of each semester. Pass/fail courses are restricted to electives outside of the major, minor, and NUPath requirements.

GRADUATION REQUIREMENTS

A minimum cumulative GPA requirement of 2.000 in major courses and a minimum cumulative GPA requirement of 2.000 overall are required for graduation. *Note:* The university requires a minimum grade of C for First-Year Writing and Advanced Writing requirements.

CRITERIA FOR ACADEMIC PROBATION

Full-time students in the College of Science will be placed on academic probation effective for the following academic semester for any of the

reasons noted below. A notation of the academic probation action will appear on the internal record but not on the permanent transcript.

First-year Students:

- Not maintaining a semester GPA of at least a 1.800 at the end of each full-term semester (fall, spring) of the first-year curriculum
- Not earning at least 12 semester hours at the end of each semester of the first-year curriculum
- Not earning at least 24 semester hours at the end of the two full-term semesters (fall, spring) of the first-year curriculum
- Accumulating three outstanding course deficiencies (grades of F, I, W, NE, U, or missing grades)

Upper-class and Transfer Students:

- Not earning at least 12 semester hours in the academic full-term semester (fall, spring) just completed
- Not maintaining an overall cumulative GPA of at least 2.000 at the end of each full-term academic semester (fall, spring)
- Accumulating three outstanding course deficiencies (grades of F, I, W, NE, U, or missing grades)
- Not following a program of study approved by the student's academic advisor

Academic Dismissal from Major

Not maintaining a GPA of at least a 2.000 in the major at the end of the second academic full-term semester of the curriculum and at the end of each full-term academic semester (fall, spring) thereafter. Students dismissed from their major but otherwise are eligible to remain an active student within the university, are allowed to continue within the College of Science as a transitional student for up to two semesters.

ACADEMIC DISMISSAL FROM UNIVERSITY

Students who remain on probation after two full-term academic semesters may be dismissed from the university. This action may appear on the transcript at the end of the second probationary semester. In addition, students who have below a 1.000 GPA or fewer than 4 earned semester hours in any semester or cumulatively may be dismissed at the discretion of their college. Students may appeal this decision to the Academic Standing Committee of their college (see following section). International students should consult with an advisor in the Office of Global Services (OGS) (<http://www.northeastern.edu/ogs/>) to discuss the impact of an academic dismissal as it relates to nonimmigrant visa status.

Behavioral Neuroscience

Website (<http://www.northeastern.edu/cos/bns/>)

M. Jade Zee, PhD

Assistant Teaching Professor and Program Director

Jennifer Ingemi, PhD

Assistant Teaching Professor and Assistant Director

Behavioral neuroscience is a broad and dynamic interdisciplinary field which focuses on understanding physiological brain mechanisms and how they give rise to behavioral functions in humans and animals. The relationship between the brain's activity and an organism's behavior, both

normal and pathological, is examined at multiple levels of analysis, from how a cell functions to how a facial expression conveys trust or fear.

As a behavioral neuroscience major, you will take courses in many different departments because, as you explore the neural basis of behavior and prepare to enter the neuroscience research field, you will need to acquire knowledge and strong critical-thinking skills in the realms of biology, psychology, chemistry and statistics. Additionally, you will have the opportunity to explore disciplines relevant to neuroscience including philosophy and data science.

Students engage in research and clinical projects with our expert faculty members and at renowned institutions across the country and at international sites through Northeastern's signature co-op program as well as directed studies, honor's projects and internships. Ample opportunities will enable you to put theory into practice while acquiring valuable hands-on experience.

Our rigorous and comprehensive program of study seeks to prepare students for further graduate studies either in healthcare professions or in a plethora of science disciplines. Majoring in behavioral neuroscience also prepares students for employment in clinical settings or the biotech and pharmaceutical industry and provides a strong foundation for a wide variety of careers in nonprofits, law, science writing, big data, artificial intelligence and more.

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p. 701)

Behavioral Neuroscience, BS

The behavioral neuroscience curriculum focuses on the biological bases underlying behavior under normal and pathological states. The program combines the disciplines of biology and psychology with a strong background in basic physical sciences and mathematics to understand how the behavior of humans and animals is controlled by physiological systems. Students gain a solid foundation in the anatomical and functional specializations of the brain and neural mechanisms from neurons to circuits to networks. Students then choose from a range of advanced electives, including those that make up the behavioral neuroscience core, to delve deeply into diverse specializations and current topics in the field.

Note: Due to overlap in course content, double majoring in behavioral neuroscience with any of the following majors is not permitted: psychology, biology, cell and molecular biology, or biochemistry.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Behavioral Neuroscience Core Requirements

Code	Title	Hours	
Complete five of the following courses. At least three must be numbered in the 4000–5999 range:			
BIOL 3403	Animal Behavior	20-21	
BIOL 3415	Current Topics in Behavioral Neuroscience		
BIOL 3601	Neural Systems and Behavior		
BIOL 3605	Developmental Neurobiology		
BIOL 4705	Neurobiology of Cognitive Decline		
BIOL 4709	Neurobiology of Learning and Memory		
BIOL 5587 or BIOL 3405	Comparative Neurobiology Neurobiology		
BIOL 5595	Cell and Molecular Neuroscience		
BIOL 5601	Multidisciplinary Approaches in Motor Control		
PSYC 3506	Neuropsychology of Fear		
PSYC 3508	Behavioral Endocrinology		
PSYC 3510	Brain, Behavior, and Immunity		
PSYC 4510	Psychopharmacology		
PSYC 4512	Neuropsychology		
PSYC 4514	Clinical Neuroscience		
PSYC 4570	Behavioral Genetics		
PT 5410 and PT 5411	Functional Human Neuroanatomy and Lab for PT 5410		
One course may be a research or experiential course:			
BIOL 4991	Research		
BIOL 4994	Internship		
BIOL 4970	Junior/Senior Honors Project 1		
BIOL 4971	Junior/Senior Honors Project 2		
BNSC 4994	Internship		
BNSC 4970	Junior/Senior Honors Project 1		
BNSC 4971	Junior/Senior Honors Project 2		
PSYC 4540	Quantitative Topics in Psychology and Behavioral Neuroscience		
PSYC 4550	Basic Principles of Magnetic Resonance Physics and Applications in Neuroscience		
PSYC 4624	Laboratory in Affective Science		
PSYC 4626	Laboratory in Life-Span Emotional Development		
PSYC 4991	Directed Study Research		
PSYC 4994	Internship in Psychology		
PSYC 4965	Undergraduate Teaching Experience		
PSYC 4970	Junior/Senior Honors Project 1		
PSYC 4971	Junior/Senior Honors Project 2		

Behavioral Neuroscience Advanced Courses

Code	Title	Hours
Psychology Elective		
An additional behavioral neuroscience core course may be used to fulfill this requirement.		
Complete one of the following:		4
PSYC 3358	Behavior Therapies	
PSYC 3404	Developmental Psychology	
PSYC 3406	Abnormal Psychology	
PSYC 3450	Learning and Motivation	
PSYC 3451	Learning Principles and Behavior Analysis	
PSYC 3452	Sensation and Perception	
PSYC 3464	Psychology of Language	
PSYC 3466	Cognition	
PSYC 4520	Language and the Brain	
PSYC 4524	Cognitive Development	
Biology Elective		
Complete one of the following:		4-5
BIOL 3401	Comparative Vertebrate Anatomy	
BIOL 3409	Current Topics in Biology	
BIOL 3411	Current Topics in Cell and Molecular Biology	
BIOL 3421 and BIOL 3422	Microbiology and Lab for BIOL 3421	
BIOL 3603	Mammalian Systems Physiology	
BIOL 3609	Developmental Biology	
BIOL 3611 and BIOL 3612	Biochemistry and Lab for BIOL 3611	
BIOL 4707	Cell and Molecular Biology	
BIOL 5306	Biological Clocks	
BIOL 5543	Stem Cells and Regeneration	
BIOL 5573	Medical Microbiology	
BIOL 5581	Biological Imaging	
BIOL 5591	Advanced Genomics	
BIOL 5593	Cell and Molecular Biology of Aging	
Capstone Course		
Complete one of the following:		4
BIOL 4701	Biology Capstone	
PSYC 4654 to PSYC 4678		
Behavioral Neuroscience Major Requirements

Behavioral Neuroscience and Philosophy, BS

The behavioral neuroscience and philosophy combined degree program engages students in the interdisciplinary study across the biology, psychology, and philosophy departments. The major provides rigorous training in both disciplines with a specific focus on understanding seminal questions concerning human nature and the mind. Courses in the basic sciences will lay a strong foundation in biology, chemistry, and data analytics that are relevant to neuroscience. In behavioral neuroscience core courses, students will examine the structure and function of the human nervous system in order to explore brain mechanisms that give rise to behavioral functions, including cognitive processes, as well as pathological states. In philosophy courses, successful students will develop core analytics skills, including ethical reasoning; learn to recognize and question deep theoretical assumptions

at the heart of scientific theories and practice; and explore the social and ethical dimensions of neuroscience and scientific practice more broadly. The fields of behavioral neuroscience and philosophy are further bridged with course work that is designed to enable students to apply neuroscientific concepts to philosophical, moral, and ethical questions.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Behavioral Neuroscience Foundation Courses

Code	Title	Hours
Required Courses		
BNSC 1000	Behavioral Neuroscience at Northeastern	1

Data Science and Behavioral Neuroscience, BS

The data science and behavioral neuroscience major combines the disciplines of biology, psychology, computer science, and data science into an integrated curriculum. The human brain is a complex information processing system requiring scientists to analyze, integrate, and share large data sets garnered from multiple techniques that image and record the activity of the brain at work. Students investigate the anatomy and physiology of neural circuits that underlie brain mechanisms and pathological states that give rise to behavioral functions. Students have an opportunity to develop skills in large-scale data manipulation and storage, machine learning, data mining, and information visualization necessary to execute big brain-mapping initiatives including human neuroconnectivity maps.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond

specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Data Science Requirements

Code	Title	Hours
------	-------	-------

Computer Science Overview

CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Foundations

A grade of C– or higher is required in all computer science foundations courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4

Data Science Foundations

DS 3000	Foundations of Data Science	4
DS 4200	Information Presentation and Visualization	4
DS 4300	Large-Scale Information Storage and Retrieval	4
DS 4400	Machine Learning and Data Mining 1	4

Supporting Course for Data Science

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Statistics Foundations

Complete one of the following:		4-5
ENVR 2500 and ENVR 2501	Biostatistics and Lab for ENVR 2500	
PSYC 2320	Statistics in Psychological Research	

Computer Science Writing Requirements

Code	Title	Hours
------	-------	-------

College Writing

ENGW 1111 or ENGW 1102	First-Year Writing or First-Year Writing for Multilingual Writers	4
------------------------	---	---

Advanced Writing in the Disciplines

Complete one of the following:		4
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3307	Advanced Writing in the Sciences	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Behavioral Neuroscience Requirements

Code	Title	Hours
COS Foundations		
PSYC 1101	Foundations of Psychology	4
BIOL 1107 and BIOL 1108	Foundations of Biology and Lab for BIOL 1107	5
BIOL 2299	Inquiries in Biological Sciences	4
BIOL 2301 and BIOL 2302	Genetics and Molecular Biology and Lab for BIOL 2301	5
CHEM 1161 and CHEM 1162	General Chemistry for the Biological Sciences and Lab for CHEM 1161	5
CHEM 2311 and CHEM 2312	Organic Chemistry 1 and Lab for CHEM 2311	5
Mathematics Foundations		
MATH 1341 or MATH 1241 or MATH 1251	Calculus 1 for Science and Engineering or Calculus 1 or Calculus and Differential Equations for Biology 1	4
Behavioral Neuroscience Foundations		
BIOL 3405 or BIOL 5587	Neurobiology or Comparative Neurobiology	4
PT 5410 and PT 5411 or PSYC 3200	Functional Human Neuroanatomy and Lab for PT 5410 or Clinical Neuroanatomy	4-5
Psychology Elective		
Complete one of the following:		
PSYC 3404	Developmental Psychology	
PSYC 3406	Abnormal Psychology	
PSYC 3450	Learning and Motivation	
PSYC 3451	Learning Principles and Behavior Analysis	
PSYC 3452	Sensation and Perception	
PSYC 3358	Behavior Therapies	
PSYC 3464	Psychology of Language	
PSYC 3466	Cognition	
PSYC 4520	Language and the Brain	
PSYC 4524	Cognitive Development	
Core Courses		
Complete two of the following:		
BIOL 3403	Animal Behavior	
BIOL 3415	Current Topics in Behavioral Neuroscience	
BIOL 3605	Developmental Neurobiology	
BIOL 4705	Neurobiology of Cognitive Decline	
BIOL 4709	Neurobiology of Learning and Memory	
BIOL 5595	Cell and Molecular Neuroscience	
BIOL 5601	Multidisciplinary Approaches in Motor Control	
PSYC 3506	Neuropsychology of Fear	
PSYC 3508	Behavioral Endocrinology	
PSYC 3510	Brain, Behavior, and Immunity	
PSYC 4512	Neuropsychology	
PSYC 4514	Clinical Neuroscience	

PSYC 4510	Psychopharmacology
PSYC 4570	Behavioral Genetics

Integrative Requirements

Code	Title	Hours
------	-------	-------

Integrative Courses

BIOL 5603 or PSYC 4540	Computational Neuroscience Quantitative Topics in Psychology and Behavioral Neuroscience	4
CS 4100	Artificial Intelligence	4

Upper-Division Elective

Complete four credits from the following list, not taken to fulfill previous requirements: 4

CS 2500 or higher, except CS 5010	
CY 2000 or higher, except CY 4930	
DS 2000 or higher, except DS 4900	
IS 2000 or higher, except IS 4900	
BNSC 4970 or higher	
BIOL 4701 or higher	
PSYC 4520 or higher	

Required General Electives

Code	Title	Hours
Complete 16 credits of general electives.		16

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

Program Requirement

134 total semester hours required

Behavioral Neuroscience, Minor

The behavioral neuroscience minor allows all students, including those majoring in biology and psychology, the opportunity to complement their major plans of study with an interdisciplinary minor in behavioral neuroscience.

Minor Requirements

Students are required to take one intermediate course followed by four behavioral neuroscience core courses, two from each of the parent departments of the discipline (i.e., psychology and biology).

Intermediate Course

Code	Title	Hours
PSYC 3458	Biological Psychology	4
or BIOL 3405	Neurobiology	

Psychology Core Courses

Code	Title	Hours
Complete two of the following:		8
PSYC 3200	Clinical Neuroanatomy	
PSYC 3506	Neuropsychology of Fear	
PSYC 3508	Behavioral Endocrinology	
PSYC 3510	Brain, Behavior, and Immunity	

PSYC 4510	Psychopharmacology
PSYC 4512	Neuropsychology
PSYC 4514	Clinical Neuroscience
PSYC 4570	Behavioral Genetics

Biology Core Courses

Code	Title	Hours
Complete two of the following:		8
BIOL 3403	Animal Behavior	
BIOL 3415	Current Topics in Behavioral Neuroscience	
BIOL 3601	Neural Systems and Behavior	
BIOL 3605	Developmental Neurobiology	
BIOL 4705	Neurobiology of Cognitive Decline	
BIOL 4709	Neurobiology of Learning and Memory	
BIOL 5587	Comparative Neurobiology	
BIOL 5595	Cell and Molecular Neuroscience	
BIOL 5601	Multidisciplinary Approaches in Motor Control	

Credit/GPA Requirement

20 total semester hours required
2.000 GPA required in the minor

Biochemistry

Website (<http://www.northeastern.edu/biochemistry/>)

Advising website (<http://www.northeastern.edu/biochemistry/>)

Biochemistry focuses on the chemical processes occurring in the wide variety of living systems and touches essentially all aspects of our own lives. Our Northeastern program engages you in two integrated paths to a career in biochemistry: rigorous course work that is designed to prepare you to interpret the ever-expanding knowledge base and hands-on learning that positions you to leverage cutting-edge technology to solve fundamental problems in the chemistry of life.

After required basic course work in biochemistry, biology, chemistry, physics, and mathematics, our majors select elective courses that reflect many areas of biochemistry including neuroscience, bioorganic chemistry, stem cell and regenerative biology, microbial biotechnology, and systems biology and engineering.

In our interdisciplinary program, students take advantage of faculty-mentored research guided by investigators from bioengineering, biology, chemical engineering, chemistry, pharmaceutical sciences, physics, psychology, and other academic units.

Northeastern's signature co-op program provides complementary opportunities in world-class biotechnology companies, hospitals, and research facilities as close as Boston and as far as your global interest takes you.

Our biochemistry program prepares students to enter the job market directly or go on to graduate, medical, veterinary, dental, law, or business school. Our graduates are qualified for a wide range of careers that span academics, industry, government, and medicine, working in laboratory or clinical research, regulation and quality control, production, marketing, or information systems.

Programs

Bachelor of Science (BS)

- Biochemistry (p. 532)
- Data Science and Biochemistry (p. 367)

Bachelor of Science in Chemical Engineering (BSCHE)

- Chemical Engineering and Biochemistry (p. 403)

Minor

- Biochemistry, Minor (p. 540)

Biology and Chemistry Advanced Electives

Complete three courses for a total of at least 12 semester hours from biology and chemistry with a minimum of one course from each department. Up to 4 semester hours may be research in a biology or chemistry faculty lab from the list "Research Option" below.

Code	Title	Hours
Biology		
BIOL 2311 to BIOL 5999		
Chemistry		
CHEM 2310 to CHEM 5999		
Research Option		
Up to 4 semester hours may be research in a biology or chemistry faculty lab:		4
BIOC 4991	Research	
BIOC 4970	Junior/Senior Honors Project 1	
BIOC 4971	Junior/Senior Honors Project 2	
BIOC 4994	Internship	
BIOL 4991	Research	
BIOL 4970	Junior/Senior Honors Project 1	
CHEM 4901	Undergraduate Research	
CHEM 4750	Senior Research	
CHEM 4970	Junior/Senior Honors Project 1	

Biochemistry Breadth Courses

A minimum GPA of 2.000 is required for the biochemistry breadth courses.

Code	Title	Hours
Mathematics Courses		
Complete one of the following options:		8
<i>Option 1</i>		
MATH 1251	Calculus and Differential Equations for Biology 1	
MATH 1252	Calculus and Differential Equations for Biology 2	
<i>Option 2</i>		
MATH 1341	Calculus 1 for Science and Engineering	
MATH 1342	Calculus 2 for Science and Engineering	
Physics Courses		
<i>Physics 1</i>		
Complete a lecture and lab set for Physics 1:		5
PHYS 1171 and PHYS 1172 and PHYS 1173	Physics 1 for Bioscience and Bioengineering and Lab for PHYS 1171 and Interactive Learning Seminar for PHYS 1171	
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	
PHYS 1145 and PHYS 1146	Physics for Life Sciences 1 and Lab for PHYS 1145	
PHYS 1161 and PHYS 1162	Physics 1 and Lab for PHYS 1161	

<i>Physics 2</i>		
Complete a lecture and lab set for Physics 2:		5
PHYS 1175 and PHYS 1176 and PHYS 1177	Physics 2 for Bioscience and Bioengineering and Lab for PHYS 1175 and Interactive Learning Seminar for PHYS 1175	
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	
PHYS 1147 and PHYS 1148	Physics for Life Sciences 2 and Lab for PHYS 1147	
PHYS 1165 and PHYS 1166	Physics 2 and Lab for PHYS 1165	
Intermediate or Advanced Science		
Complete one course from the following:		4-5
BIOL 2301 to BIOL 5999		
CHEM 2311 to CHEM 5999		
EEMB 2290 to EEMB 5999		
ENVR 2310 to ENVR 5999		
MATH 2280 to MATH 5999		
PHYS 2303 to PHYS 5999		
PSYC 2290 to PSYC 5999		

Biochemistry Major Credit/GPA Requirements

Complete 92 semester hours in the major with a cumulative GPA of 2.000.

Due to overlap in course content, double majoring in biochemistry and biology, biochemistry and behavioral neuroscience, or biochemistry and chemistry is not permitted.

Program Requirement

136 total semester hours required

Data Science and Biochemistry, BS

The Data Science and Biochemistry Major combines computer science, biochemistry, biology, information science, mathematics, and statistics into an integrated curriculum. The program engages students in rigorous course work designed to prepare students to interpret the ever-expanding knowledge base.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Data Science Requirements

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1
Computer Science Foundations		
A grade of C– or higher is required in all computer science fundamental courses except CS 1802:		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
Computer Science Required Courses		
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
Data Science Foundations		
DS 3000	Foundations of Data Science	4
DS 4200	Information Presentation and Visualization	4
DS 4300	Large-Scale Information Storage and Retrieval	4
DS 4400	Machine Learning and Data Mining 1	4
Khoury Elective		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete four credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:		4
CS 2500 or higher, except CS 5010		
DS 2000 or higher, except DS 4900		
CY 2000 or higher, except CY 4930		
IS 2000 or higher, except IS 4900		
Supporting Courses for Data Science		
THTR 1170	The Eloquent Presenter	1
Statistics Foundations		
Complete one of the following:		4
ENVR 2500 and ENVR 2501	Biostatistics and Lab for ENVR 2500	
MATH 3081	Probability and Statistics	

Computer Science Writing Requirement

Code	Title	Hours
College Writing		
ENGW 1111 or ENGW 1102	First-Year Writing or First-Year Writing for Multilingual Writers	4
Advanced Writing in the Disciplines		
ENGW 3302 or ENGW 3315	Advanced Writing in the Technical Professions or Interdisciplinary Advanced Writing in the Disciplines	4

Biochemistry Requirements

Code	Title	Hours
Biology Foundations		
BIOL 1107 and BIOL 1108	Foundations of Biology and Lab for BIOL 1107	5
BIOL 2299	Inquiries in Biological Sciences	4
BIOL 2301 and BIOL 2302	Genetics and Molecular Biology and Lab for BIOL 2301	5
BIOL 2309	Biology Project Lab	4
Chemistry Foundations		
CHEM 1161 and CHEM 1162	General Chemistry for the Biological Sciences and Lab for CHEM 1161	5
CHEM 2311 and CHEM 2312	<i>Organic Chemistry 1 and Lab for CHEM 2311</i>	5
CHEM 2313 and CHEM 2314	Organic Chemistry 2 and Lab for CHEM 2313	5
Mathematics Foundations		
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
Biochemistry Foundations		
BIOL 3611 and BIOL 3612	Biochemistry and Lab for BIOL 3611	5
CHEM 2331 and CHEM 2332 or CHEM 4620	<i>Bioanalytical Chemistry and Lab for CHEM 2331</i> or <i>Introduction to Protein Chemistry</i>	4-5
Intermediate or Advanced Science Elective		
Complete one course from the following		4-5
BIOL 2301 to BIOL 5999		
CHEM 2311 to CHEM 5999		
EEMB 2290 to EEMB 5999		
ENVR 2310 to ENVR 5999		
MATH 2280 to MATH 5999		
PHYS 2303 to PHYS 5999		

Integrative Requirement

Code	Title	Hours
Integrative Courses		
BINF 6308	Bioinformatics Computational Methods 1	4
BINF 6309	Bioinformatics Computational Methods 2	4
Complete one of the following:		4
BIOL 4701	Biology Capstone	

CHEM 4750	Senior Research
DS 4900	Data Science Senior Project

Required General Electives

Code	Title	Hours
Complete 12 credits of general electives.		12

Major GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

Program Requirement

136 total semester hours required

Plan of Study

Chemical Engineering and Biochemistry, BSCE

This intercollege combined major serves students who would like to explore their interest in biochemistry while earning the benefit of a Bachelor of Science degree in chemical engineering. The program combines the fundamentals of biochemistry with the engineering skills necessary for scale-up of biochemical processes. Successful graduates will be well-qualified to enter the growing biotechnology industry and be able to converse from the chemistry of organisms to the design of vessels for successful synthesis of cells and pharmaceuticals.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Major GPA Requirement

2.000 minimum required in CHME courses

Mathematics/Science Requirement

Complete 44 semester hours in mathematics and science as indicated below.

Code	Title	Hours
Required Mathematics/Science		
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4

BIOL 2301 and BIOL 2302	Genetics and Molecular Biology and Lab for BIOL 2301	5
BIOL 3611 and BIOL 3612	Biochemistry and Lab for BIOL 3611	5
BIOL 4707	Cell and Molecular Biology	4
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	5

Advanced Biology Elective

Complete one course in the following range:	4
BIOL 2311 to BIOL 5999	

Supplemental Credit

1 semester hour from the following course counts toward the mathematics/science requirement:	1
GE 1501	Cornerstone of Engineering 1

Advanced Science Requirement

Complete 23 semester hours in advanced science as indicated below.

Code	Title	Hours
BIOL 1115	General Biology 1 for Engineers	4
CHEM 2311 and CHEM 2312 and CHEM 2319	Organic Chemistry 1 and Lab for CHEM 2311 and Recitation for CHEM 2311	5
CHEM 2313 and CHEM 2314 and CHEM 2320	Organic Chemistry 2 and Lab for CHEM 2313 and Recitation for CHEM 2313	5
CHEM 2331 and CHEM 2332	Bioanalytical Chemistry and Lab for CHEM 2331	5

Advanced Chemistry Elective

Complete one course in the following range:	4
CHEM 2310 to CHEM 5999	

Engineering

Complete 49 semester hours in engineering as indicated below.

Code	Title	Hours
Required Engineering		
CHME 2308	Conservation Principles in Chemical Engineering	4
CHME 2310	Transport Processes 1	4
CHME 2320	Chemical Engineering Thermodynamics 1	4
CHME 3312	Transport Processes 2 and Separations	4
CHME 3315	Chemical Engineering Experimental Design 1	4
CHME 3322	Chemical Engineering Thermodynamics 2	4
CHME 4315	Chemical Engineering Experimental Design 2	4
CHME 4510	Chemical Engineering Kinetics	4
CHME 4512	Chemical Engineering Process Control	4
CHME 4701	Capstone Design 1: Process Analysis	4
CHME 4703	Capstone Design 2: Chemical Process Design	4

Supplemental Credit

2 semester hours from the following course count toward the engineering requirement:	2
GE 1501 Cornerstone of Engineering 1	
3 semester hours from the following course count toward the engineering requirement:	3
GE 1502 Cornerstone of Engineering 2	

ENGW 1111	4	PHYS 1152 (AD)	1			
GE 1000	1	PHYS 1153	1			
GE 1501	4	GE 1502 (ER)	4			
MATH 1341 (FQ)	4	General elective	4			
	17		17		8	0

Professional Development

Complete 5 semester hours in professional development as indicated below.

Code	Title	Hours
Professional Development		
GE 1000	Introduction to the Study of Engineering	1
CHME 2000	Introduction to Engineering Co-op Education	1
CHME 3000	Professional Issues in Engineering	1

Additional Required Courses

The remaining credit from the following course will apply to the professional development area:	1
GE 1501 Cornerstone of Engineering 1	
The remaining credit from the following course will apply to the professional development area:	1
GE 1502 Cornerstone of Engineering 2	

Year 2

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours
BIOL 1115 (ND)	4	CHEM 2313	4	BIOL 2301 and BIOL 2302	5	Co-op	0
CHEM 2311	4	CHEM 2314	1	General elective	4		
CHEM 2312	1	CHEM 2320	0				
CHEM 2319	0	CHEM 2331 (AD, WI)	4				
CHME 2310	4	CHEM 2332	1				
MATH 2341	4	CHME 2000	1				
		CHME 2320	4				
		General elective	4				
	17		19		9		0

Additional NUPATH Courses

Code	Title	Hours
Writing		
A grade of C or higher is required:		
ENGW 1111	First-Year Writing	4
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3307	Advanced Writing in the Sciences	
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Year 3

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours
Co-op	0	CHME 3312	4	BIOL 3611	4	Co-op	0
		CHME 3315 (Chem. Eng. Lab 1)	4	BIOL 3612 (WI)	1		
		CHME 3322	4	General elective	4		
		ENGW 3315	4				
	0		16		9		0

NUPATH Requirements Through General Electives

NUPATH requirements Interpreting Culture (IC), Societies and Institutions (SI), and Differences and Diversity (DD) are not explicitly satisfied by required engineering courses. Students are responsible for satisfying these requirements with general electives.

Year 4

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours
Co-op	0	BIOL 4707	4	Vacation	0	Co-op	0
		CHME 3000	1				
		CHME 4315 (Chem.Eng.Lab 2)	4				
		CHME 4510	4				
		CHME 4701	4				
	0		17		0		0

Required General Electives

Complete four academic, nonremedial, nonrepetitive courses, each equivalent to 4 semester hours.

Year 5

Fall	Hours	Spring	Hours
Co-op	0	CHME 4512	4
		CHME 4703 (EI, WI, CE)	4
		Advanced chemistry elective	4

Program Requirement

145 total semester hours required

Plan of Study

Five Years, Three Co-ops in Summer 2/Fall

Year 1							
Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours
CHEM 1151 (ND)	4	MATH 1342 (FQ)	4	CHME 2308	4	Vacation	0
CHEM 1153	0	PHYS 1151 (ND)	3	MATH 2321	4		

Advanced biology elective	4
0	16

Total Hours: 145

Biochemistry, Minor

The biochemistry minor allows students to engage in interdisciplinary study of biochemistry to complement their major plans of study.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

The biochemistry minor is not available to majors in biology or cell and molecular biology due to curricular overlap.

Required Courses

Code	Title	Hours
Core Courses		
BIOL 4707	Cell and Molecular Biology	4
BIOL 3611 and BIOL 3612	Biochemistry and Lab for BIOL 3611	5
CHEM 4620 or CHEM 2331 and CHEM 2332	Introduction to Protein Chemistry Bioanalytical Chemistry and Lab for CHEM 2331	4-5

Biology Core Course

Code	Title	Hours
Complete one of the following course options:		
BIOL 2327	Human Parasitology	4
BIOL 3405	Neurobiology	
BIOL 3421 and BIOL 3422	Microbiology and Lab for BIOL 3421	
BIOL 3409	Current Topics in Biology	
BIOL 3605	Developmental Neurobiology	
BIOL 3609	Developmental Biology	
BIOL 5306	Biological Clocks	
BIOL 5307 and BIOL 5308	Biological Electron Microscopy and Lab for BIOL 5307	
BIOL 5499	Plant Biotechnology	
BIOL 5541	Endocrinology	
BIOL 5543	Stem Cells and Regeneration	
BIOL 5549	Inventions in Microbial Biotechnology	
BIOL 5573	Medical Microbiology	
BIOL 5581	Biological Imaging	
BIOL 5583	Immunology	
BIOL 5591	Advanced Genomics	
BIOL 5593	Cell and Molecular Biology of Aging	

Chemistry Core Course

Code	Title	Hours
Complete one of the following course options:		
CHEM 2331 and CHEM 2332	Bioanalytical Chemistry and Lab for CHEM 2331	4

CHEM 3431 and CHEM 3432	Physical Chemistry and Lab for CHEM 3431
CHEM 4621 and CHEM 4622	Introduction to Chemical Biology and Lab for CHEM 4621
CHEM 4628 and CHEM 4629	Introduction to Spectroscopy of Organic Compounds and Identification of Organic Compounds
CHEM 5550	Introduction to Glycobiology and Glycoprotein Analysis
CHEM 5611	Analytical Separations
CHEM 5612	Principles of Mass Spectrometry
CHEM 5613	Optical Methods of Analysis
CHEM 5616 and CHEM 5617	Protein Mass Spectrometry and Protein Mass Spectrometry Laboratory
CHEM 5625	Chemistry and Design of Protein Pharmaceuticals
CHEM 5638	Molecular Modeling
CHEM 5676	Bioorganic Chemistry

GPA Requirement

2.000 GPA required in the minor

Biology

134 Mugar Life Sciences Building

617.373.2260

617.373.3724 (fax)

Advising website (<http://www.tinyurl.com/bioadv/>)

The Department of Biology offers two majors, the BS in biology and the BS in cell and molecular biology. Both majors lay the groundwork for strong scientific training with basic course work in mathematics, chemistry, and physics, relevant to biology. In the biology major, students explore the organization and processes of life, from molecules and cells through organs and organ systems to populations, ecosystems, and evolution. The BS degree in cell and molecular biology offers a more focused program of study emphasizing processes operating at the cellular and molecular levels of biological systems. In both majors, students can select advanced electives to specialize in a subdiscipline of biology such as developmental biology, stem cell biology, microbiology, or physiology.

Our programs provide a wide range of relevant co-op opportunities in the renowned Boston-area biotechnology industry, hospitals, and research institutions, as well as across the country and at international sites.

There are a number of interdisciplinary opportunities involving biology: BS in biochemistry; BS in behavioral neuroscience; BS in computer science and biology; BS in biology and English; BS in biology and mathematics; BS in biology and political science; BS in data science and biology; BS in biology/MS in biotechnology; BS in biology/MS in bioinformatics; BS in cell and molecular biology/MS in biotechnology; BS in cell and molecular biology/MS in bioinformatics; BS/PhD in biology. Students interested in marine biology should investigate the degree programs offered by marine

and environmental science. Double majors involving any two of these biology programs are not available due to curricular overlap.

Our degree programs are designed to prepare students to enter the job market directly or to go on to graduate, medical, veterinary, dental, law, or business school. Our graduates are qualified for a wide array of career paths in industrial and clinical research in any of the life sciences, in teaching at all levels, in state or federal government agencies, in medicine and other healthcare-related professions. Premedical, pre dental, and other preprofessional students are urged to consult with the prehealth advising program early in their careers at Northeastern.

Programs

Bachelor of Science (BS)

- Biology (p. 541)
- Cell and Molecular Biology (p. 545)
- Biology and English (p. 548)
- Biology and Mathematics (p. 551)
- Biology and Political Science (p. 552)
- Computer Science and Biology (p. 306)
- Data Science and Biology (p. 370)

Minors

- Biology (p. 559)

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p. 701)

Biology, BS

The BS in biology curriculum lays the groundwork for strong scientific training with basic course work in mathematics, chemistry, and physics, relevant to biology. Students explore the organization and processes of life across broad areas of the field, from molecules and cells through organs and organ systems to populations, ecosystems, and evolution. Students can select advanced electives to specialize in a subdiscipline of biology such as developmental biology, stem cell biology, microbiology, or physiology.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Biology Major Requirements

Code	Title	Hours
Introduction to College		
BIOL 1000	Biology at Northeastern	1
Experiential Learning Introduction		
EESC 2000	Professional Development for Co-op	1

Required Biology

Foundations		
BIOL 1107 and BIOL 1108	Foundations of Biology and Lab for BIOL 1107	5
Inquiries		
BIOL 2299	Inquiries in Biological Sciences	4
Genetics		
BIOL 2301 and BIOL 2302	Genetics and Molecular Biology and Lab for BIOL 2301	5
Project Lab		
BIOL 2309	Biology Project Lab	4
Biochemistry		
BIOL 3611 and BIOL 3612	Biochemistry and Lab for BIOL 3611	5

Biology Capstone

Code	Title	Hours
BIOL 4701	Biology Capstone	4

Biology Major Electives

Code	Title	Hours
Organismal and Population Biology		
Complete one of the following:		4-5
BIOL 3421 and BIOL 3422	Microbiology and Lab for BIOL 3421	
BIOL 2327	Human Parasitology	
BIOL 3401	Comparative Vertebrate Anatomy	
BIOL 3403	Animal Behavior	
BIOL 3413	Current Topics in Organismal and Population Biology	
EEMB 2302 and EEMB 2303	Ecology and Lab for EEMB 2302	
EEMB 2400	Introduction to Evolution	
EEMB 2616 and EEMB 2617	Invertebrate Zoology and Lab for EEMB 2616	
EEMB 2700 and EEMB 2701	Marine Biology and Lab for EEMB 2700	
EEMB 3460	Conservation Biology	

Intermediate and Advanced Biology

Complete three additional 4- or 5-semester-hour courses from the following:		12-15
BIOL 2321 to BIOL 3999		
BIOL 4705	Neurobiology of Cognitive Decline	
BIOL 4707	Cell and Molecular Biology	
BIOL 5000 to BIOL 5999		
EEMB 2290 to EEMB 5515		
EEMB 5520 to EEMB 5534		
EEMB 5548 to EEMB 5569		
ENVR 5242	Ancient Marine Life	
One of the three intermediate/advanced electives can be a research course:		
BIOL 4991	Research	
BIOL 4994	Internship	
BIOL 4970	Junior/Senior Honors Project 1	
BIOL 4971	Junior/Senior Honors Project 2	

Supporting Courses

Code	Title	Hours
Mathematics		
MATH 1251	Calculus and Differential Equations for Biology 1	4
Statistics		
ENVR 2500 and ENVR 2501	Biostatistics and Lab for ENVR 2500	5
Chemistry		
<i>General Chemistry</i>		
CHEM 1161 and CHEM 1162 and CHEM 1163	General Chemistry for the Biological Sciences and Lab for CHEM 1161 and Recitation for CHEM 1161	5
<i>Organic Chemistry</i>		
CHEM 2311 and CHEM 2312	Organic Chemistry 1 and Lab for CHEM 2311	5
CHEM 2313 and CHEM 2314	Organic Chemistry 2 and Lab for CHEM 2313	5
Physics		
<i>Physics 1</i>		
Complete one of the following lecture/lab pairs. PHYS 1145/PHYS 1146 is recommended:		5
PHYS 1145 and PHYS 1146	Physics for Life Sciences 1 and Lab for PHYS 1145	
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	
PHYS 1161 and PHYS 1162	Physics 1 and Lab for PHYS 1161	
<i>Physics 2</i>		
Complete one of the following lecture/lab pairs. PHYS 1147/PHYS 1148 is recommended:		5
PHYS 1147 and PHYS 1148	Physics for Life Sciences 2 and Lab for PHYS 1147	
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	
PHYS 1165 and PHYS 1166	Physics 2 and Lab for PHYS 1165	
Intermediate or Advanced Science		
Complete one course from the following:		
BIOL 2301 to BIOL 5999		
CHEM 2311 to CHEM 5999		
EEMB 2290 to EEMB 5999		
ENVR 2310 to ENVR 5999		
MATH 2280 to MATH 5999		
PHYS 2303 to PHYS 5999		
PSYC 2290 to PSYC 5999		

Biology Major Credit/GPA Requirement

Complete 81 semester hours in the major with a cumulative GPA of 2.000.

Due to overlap in course content, double majoring in biology and cell and molecular biology, biology and biochemistry, biology and behavioral neuroscience, or biology and marine biology is not permitted.

Program Requirement

136 total semester hours required

Cell and Molecular Biology, BS

The BS in cell and molecular biology curriculum lays the groundwork for strong scientific training with basic course work in mathematics, chemistry, and physics, relevant to biology. Students pursue a focused program of study emphasizing processes operating at the cellular and molecular levels of biological systems, including specialty courses in molecular cell biology and advanced genomics. Students choose from a range of advanced electives that delve deeply into molecular aspects of biology.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Cell and Molecular Biology Major Requirements

BIOL 5591	Advanced Genomics	4

Intermediate/Advanced Cell and Molecular Biology Electives

Complete two of the following:

BIOL 3411	Current Topics in Cell and Molecular Biology
BIOL 3421 and BIOL 3422	Microbiology and Lab for BIOL 3421
BIOL 2329	Bioethics
BIOL 3601	Neural Systems and Behavior
BIOL 3603	Mammalian Systems Physiology
BIOL 3605	Developmental Neurobiology
BIOL 3609	Developmental Biology
BIOL 5306	Biological Clocks
BIOL 5307	Biological Electron Microscopy
BIOL 5499	Plant Biotechnology
BIOL 5541	Endocrinology
BIOL 5543	Stem Cells and Regeneration
BIOL 5549	Inventions in Microbial Biotechnology
BIOL 5569	Advanced Microbiology
BIOL 5573	Medical Microbiology
BIOL 5581	Biological Imaging
BIOL 5583	Immunology
BIOL 5585	Evolution
BIOL 5587	Comparative Neurobiology
BIOL 5593	Cell and Molecular Biology of Aging
BIOL 5597	Immunotherapies of Cancer and Infectious Disease

Research

One of the two Intermediate/Advanced Electives can be a research course:

BIOL 4991	Research
BIOL 4994	Internship
BIOL 4970	Junior/Senior Honors Project 1
BIOL 4971	Junior/Senior Honors Project 2

Biology Capstone

Biology and English, BS

In the BS, combined biology and English degree program, science courses lay the groundwork for strong basic training in mathematics, chemistry, and physics that are relevant to biology. In biology courses, students broadly explore the organization and processes of life—from molecules and cells through organs and organ systems to populations, ecosystems, and evolution. In English courses, students study the diverse historical, cultural, and aesthetic contexts of English, American, and other Anglophone literatures; analyze writing practices and related media; and practice a variety of approaches to the study of language, rhetoric, writing, and literature. The fields of biology and English are bridged with course work in different forms of science writing, as well as psychology and sociology courses exploring the acquisition of language and reading; the sociology of health and illness; and the environment, technology, and society.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Biology Requirements

Code	Title	Hours
Introduction to College		
BIOL 1000 or ENGL 1000	Biology at Northeastern English at Northeastern	1
Experiential Learning Introduction		
EESC 2000	Professional Development for Co-op	1
Required Biology		
<i>Foundations</i>		
BIOL 1107 and BIOL 1108	Foundations of Biology and Lab for BIOL 1107	5
<i>Inquiries</i>		
BIOL 2299	Inquiries in Biological Sciences	4
<i>Genetics</i>		

BIOL 2301 and BIOL 2302	Genetics and Molecular Biology and Lab for BIOL 2301	5
<i>Project Lab</i>		
BIOL 2309	Biology Project Lab	4
<i>Biochemistry</i>		
BIOL 3611 and BIOL 3612	Biochemistry and Lab for BIOL 3611	5

Biology Elective

Code	Title	Hours
Organismal and Population Biology		
Complete one of the following:		4-5
BIOL 2327	Human Parasitology	
BIOL 3401	Comparative Vertebrate Anatomy	
BIOL 3403	Animal Behavior	
BIOL 3413	Current Topics in Organismal and Population Biology	
BIOL 3421 and BIOL 3422	Microbiology and Lab for BIOL 3421	
EEMB 2302 and EEMB 2303	Ecology and Lab for EEMB 2302	
EEMB 2400	Introduction to Evolution	
EEMB 2616 and EEMB 2617	Invertebrate Zoology and Lab for EEMB 2616	
EEMB 2700 and EEMB 2701	Marine Biology and Lab for EEMB 2700	
EEMB 3460	Conservation Biology	

Supporting Courses for Biology

Code	Title	Hours
Mathematics		
MATH 1251	Calculus and Differential Equations for Biology 1	4
Statistics		
ENVR 2500 and ENVR 2501	Biostatistics and Lab for ENVR 2500	5
Chemistry		
<i>General Chemistry</i>		
CHEM 1161 and CHEM 1162 and CHEM 1163	General Chemistry for the Biological Sciences and Lab for CHEM 1161 and Recitation for CHEM 1161	5
<i>Organic Chemistry</i>		
CHEM 2311 and CHEM 2312	Organic Chemistry 1 and Lab for CHEM 2311	5
CHEM 2313 and CHEM 2314	Organic Chemistry 2 and Lab for CHEM 2313	5
Physics		
<i>Physics 1</i>		
Complete one of the following lecture/lab pairs. PHYS 1145/PHYS 1146 is recommended:		5
PHYS 1145 and PHYS 1146	Physics for Life Sciences 1 and Lab for PHYS 1145	
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	

PHYS 1161 and PHYS 1162	Physics 1 and Lab for PHYS 1161	
<i>Physics 2</i>		
Complete one of the following lecture/lab pairs. PHYS 1147/PHYS 1148 is recommended:		5
PHYS 1147 and PHYS 1148	Physics for Life Sciences 2 and Lab for PHYS 1147	
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	
PHYS 1165 and PHYS 1166	Physics 2 and Lab for PHYS 1165	
Intermediate or Advanced Science		
Complete one course from the following:		4
BIOL 2301 to BIOL 5999		
CHEM 2311 to CHEM 5999		
EEMB 2290 to EEMB 5999		
ENVR 2310 to ENVR 5999		
MATH 2280 to MATH 5999		
PHYS 2303 to PHYS 5999		
PSYC 2290 to PSYC 5999		

English Requirements

Code	Title	Hours
English Course-Level Requirement		
In addition to the capstone, two of the courses chosen from the lists below must be numbered 3000–4999.		
Introduction to College		
ENGL 1000	English at Northeastern	1
Foundational Courses		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160 or ENGL 1410	Introduction to Rhetoric Introduction to Writing Studies	4
Diversity		
Complete one of the following courses. This course may also be used to fulfill an additional English requirement below:		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2451	Postcolonial Women Writers	
ENGL 2455	American Women Writers Race	
ENGL 2460	Multiethnic Literatures of the U.S.	
ENGL 2760	Writing in Global Contexts	
ENGL 3663	The African-American Novel	
ENGL 3676	Representing Gender and Sexuality in Literature	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL/JWSS 3685	Modern and Contemporary Jewish Literature	
Pre-Nineteenth-Century Literature		
Complete one of the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 1700	Global Literature to 1500	

ENGL 2240	17th-Century British Literature
ENGL 2296	Early African-American Literature
ENGL/JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity
ENGL 4000	Topics in Early Literatures
ENGL 4020	Topics in 17th- and 18th-Century Literatures

Nineteenth-, Twentieth-, and Twenty-First-Century Literature

Complete one of the following: 4

ENGL 2330	The American Renaissance
ENGL 3720	19th-Century Major Figure
ENGL 4040	Topics in 19th-Century Literatures
ENGL 2301	The Graphic Novel
ENGL 2440	The Modern Bestseller
ENGL 2600	Irish Literary Culture (Abroad)
ENGL 2610	Contemporary Israeli Literature and Art (Abroad)
ENGL/JWSS 3685	Modern and Contemporary Jewish Literature
ENGL 3730	20th- and 21st-Century Major Figure

Theories and Methods

Complete one of the following: 4

ENGL 1140	Grammar: The Architecture of English
ENGL 1160	Introduction to Rhetoric
ENGL 1410	Introduction to Writing Studies
ENGL 2150	Literature and Digital Diversity
ENGL 3325	Rhetoric of Law
ENGL 3340	Technologies of Text
ENGL 3370	Writing Cultures
ENGL 3381	The Practice and Theory of Teaching Writing
ENGL 3700	Narrative Medicine
ENGL 4400	Opening the Archive
ENGL 4410	Research in Rhetoric and Writing
LING 1150	Introduction to Language and Linguistics
LING 2350	Linguistic Analysis
LING 3450	Syntax
LING 3452	Semantics
LING 3454	History of English
LING 3456	Language and Gender
LING 3458	Topics in Linguistics

Comparative Literature

Complete one of the following: 4

ENGL 1450	Reading and Writing in the Digital Age
ENGL 1502	American Literature to 1865
ENGL 1503	American Literature 1865 to Present
ENGL 2150	Literature and Digital Diversity
ENGL 2380	The Modern Novel
ENGL 2420	Contemporary Poetry
ENGL 2430	Contemporary Fiction
ENGL 2450	Postcolonial Literature
ENGL 2451	Postcolonial Women Writers
ENGL 2455	American Women Writers Race

ENGL 2460	Multiethnic Literatures of the U.S.
ENGL 2510	Horror Fiction
ENGL 2520	Science Fiction
ENGL 2600	Irish Literary Culture (Abroad)
ENGL 2620	What Is Nature? (Abroad)
ENGL 2690	Boston in Literature
ENGL 3487	Film and Text (Abroad)
ENGL 3582	Children's Literature
ENGL 3663	The African-American Novel
ENGL 3676	Representing Gender and Sexuality in Literature

Writing

Complete one of the following: 4

ENGL 2700	Creative Writing
ENGL 2710	Style and Editing
ENGL 2740	Writing and Community Engagement
ENGL 2760	Writing in Global Contexts
ENGL 2770	Writing to Heal
ENGL 2780	Visual Writing: Writing Visuals
ENGL 2850	Writing for Social Media: Theory and Practice
ENGL 3375	Writing Boston
ENGL 3376	Creative Nonfiction
ENGL 3377	Poetry Workshop
ENGL 3378	Fiction Workshop
ENGL 3380	Topics in Writing
ENGL 3382	Publishing in the 21st Century
ENGL 3384	The Writer's Marketplace

Capstone

ENGL 4710	Capstone Seminar	4
or ENGL 4720	Capstone Project	

English Electives

Complete two additional ENGL electives. 8

Integrative Courses

Code	Title	Hours
------	-------	-------

Biology and Political Science, BS

In the BS, combined biology and political science degree program, science courses lay the groundwork for strong basic training in mathematics, chemistry, and physics that are relevant to biology. In biology courses, students broadly explore the organization and processes of life—from molecules and cells through organs and organ systems to populations, ecosystems, and evolution. In political science courses,

students pursue core concepts of American government, comparative politics, international relations and political thought. Course work in quantitative techniques is also required. Students choose from a range of advanced subject electives. An appreciation of the intersection of biology and political science is provided through advanced courses in science, technology and public policy, and in environmental politics and policy.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Computer Science and Biology, BS

The computer science and biology combined major reflects how research in biology, especially genetics, has become a computational science. The program provides a strong foundation in biology, chemistry, and mathematics, as well as software development and algorithms.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development ¹	
CS 1210	Professional Development for Khoury Co-op ²	
Computer Science Fundamental Courses		
A grade of C– or higher is required in all computer science fundamental courses except CS 1802:		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
Computer Science Required Courses		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4

CS 3500	Object-Oriented Design	4
CS 3800	Theory of Computation (integrative course)	4
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective Courses

With advisor approval, a directed study, research, project study, or appropriate graduate-level course may also be taken as a computer science elective.

Complete 4 credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010

CY 2000 or higher, except CY 4930

DS 2000 or higher, except DS 4900

IS 2000 or higher, except IS 4900

¹ Students entering through the biology department may take Biology at Northeastern (BIOL 1000).

² Students entering through the biology department may take Professional Development for Co-op (EESC 2000).

Biology Courses

Code	Title	Hours
Foundations of Biology		
BIOL 1107 and BIOL 1108	Foundations of Biology and Lab for BIOL 1107	5
Inquiries		
BIOL 2299	Inquiries in Biological Sciences	4
Molecular Biology		
BIOL 2301 and BIOL 2302	Genetics and Molecular Biology and Lab for BIOL 2301	5
BIOL 3611 and BIOL 3612	Biochemistry and Lab for BIOL 3611	5
Techniques in Biology		
BIOL 2309	Biology Project Lab	4
Chemistry		
CHEM 1161 and CHEM 1162 and CHEM 1163	General Chemistry for the Biological Sciences and Lab for CHEM 1161 and Recitation for CHEM 1161	5
CHEM 2311 and CHEM 2312	Organic Chemistry 1 and Lab for CHEM 2311	5
CHEM 2313 and CHEM 2314	Organic Chemistry 2 and Lab for CHEM 2313	5
Biology Capstone		
BIOL 4701	Biology Capstone	4
Intermediate and Advanced Biology Electives		
Complete two biology courses (with corequisite labs if offered). Choose one of these two courses from the following list:		9-10
BIOL 2327	Human Parasitology	
BIOL 3401	Comparative Vertebrate Anatomy	
BIOL 3403	Animal Behavior	
BIOL 3413	Current Topics in Organismal and Population Biology	

BIOL 3421 and BIOL 3422	Microbiology and Lab for BIOL 3421
EEMB 2302 and EEMB 2303	Ecology and Lab for EEMB 2302
EEMB 2400	Introduction to Evolution
EEMB 2616 and EEMB 2617	Invertebrate Zoology and Lab for EEMB 2616
EEMB 2700 and EEMB 2701	Marine Biology and Lab for EEMB 2700
EEMB 3460	Conservation Biology

Choose the second elective from the following list: 4-5

BIOL 2311 to 4999, EEMB 2290 to 5515, EEMB 5520 to 5534, EEMB 5548 to 5569, EEMB 2400

Biology Integrative Course

Complete one of the following: 4-5

BIOL 5569	Advanced Microbiology
BINF 6308	Bioinformatics Computational Methods 1
BIOL 4707	Cell and Molecular Biology
BIOL 5581	Biological Imaging
BIOL 5587	Comparative Neurobiology
BIOL 5591	Advanced Genomics
EEMB 4548	Sociobiology

Supporting Courses

Code	Title	Hours
------	-------	-------

Calculus

Complete two calculus courses with a grade of C- or higher:

MATH 1251	Calculus and Differential Equations for Biology 1	4
MATH 1252	Calculus and Differential Equations for Biology 2	4

Probability and Statistics

Complete one of the following: 4-5

MATH 3081	Probability and Statistics
ENVR 2500 and ENVR 2501	Biostatistics and Lab for ENVR 2500

Computing and Social Issues

Complete one of the following: 4

ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics
ENGL 2150	Literature and Digital Diversity
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks
PHIL 1145	Technology and Human Values
SOCL 1280	The Twenty-First-Century Workplace
SOCL 3485	Environment, Technology, and Society
SOCL 4528	Computers and Society

Intermediate or Advanced Science

Complete one course from the following: 4

BIOL 2301 to BIOL 5999
CHEM 2311 to CHEM 5999
EEMB 2290 to EEMB 5999
ENVR 2310 to ENVR 5999

MATH 2280 to MATH 5999

PHYS 2303 to PHYS 5999

PSYC 2290 to PSYC 5999

Writing Requirements

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
Advanced Writing in the Disciplines		
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 16 credits of general electives		16

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Exploring Creative Expression and Innovation
- Analyzing and Using Data
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

Program Requirement

Data Science and Biology, BS

The data science and biology major provides a strong foundation in biology, chemistry, and mathematics, as well as software development and algorithms. Students study the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data from small to large volumes. Students also explore the organization and processes of life across broad areas of the field, from molecules and cells through organs and organ systems to populations, ecosystems, and evolution.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Data Science Requirements

Code	Title	Hours
------	-------	-------

Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Foundations
A grade of C- or higher is required in all computer science foundations courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses		
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4

Data Science Foundations		
DS 3000	Foundations of Data Science	4
DS 4200	Information Presentation and Visualization	4
DS 4300	Large-Scale Information Storage and Retrieval	4
DS 4400	Machine Learning and Data Mining 1	4

Khoury Elective
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete four credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:
CS 2500 or higher, except CS 5010

CY 2000 or higher, except CY 4930

DS 2000 or higher, except DS 4900

IS 2000 or higher, except IS 4900

Biology, Minor

The Department of Biology offers a minor in biology, which involves taking five biology courses, two of which must have a corequisite lab, and one science course chosen from a range of science departments.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Restrictions

This minor is not available for students who major in biology, biochemistry, behavioral neuroscience, cell and molecular biology, marine biology, or any combined major that involves biology.

Required Biology Courses

Complete five biology courses for a total of at least 22 semester hours. Three of the five courses must be at the 2000 level or above. Two of the five courses must contain a lab corequisite.

Options:

Code	Title	Hours
BIOL 2000 to BIOL 3999		
BIOL 5000 to BIOL 5999		
EEMB 2290 to EEMB 5515		
EEMB 5520 to EEMB 5534		
EEMB 5548 to EEMB 5569		

Science Course

Complete one course from the BIOL, CHEM, EEMB, ENVR, or PHYS subject areas.

GPA Requirement

2.000 GPA required in the minor

Chemistry and Chemical Biology

Website (<http://www.northeastern.edu/chemistry/>)

David Budil, PhD

Associate Professor and Interim Chair

102 Hurtig Hall

617.373.2822

The Department of Chemistry and Chemical Biology provides education in basic chemistry and modern chemistry-related disciplines. The department offers an American Chemical Society–certified program leading to a Bachelor of Science in Chemistry and also offers a Bachelor of Science in Biochemistry jointly with the Department of Biology. In conjunction with the Department of Marine and Environmental Sciences, the department offers a combined Bachelor of Science in Environmental Geology and Chemistry. The overall objective of the Bachelor of Science in Chemistry major program is to provide the fundamental scientific background and laboratory training for students as they prepare for chemically related careers or advanced study in fields including the traditional chemical specialties, as well as biochemistry, materials science, forensic science, medicine, education, law, and other endeavors that draw upon an understanding of the chemical basis of the world around us.

Key general objectives are the development of qualitative and quantitative problem-solving skills and effective communication skills. Specific learning objectives for the chemistry major include developing conceptual understanding and problem-solving abilities in the fundamental chemical subfields of analytical chemistry, biochemistry, inorganic chemistry, organic chemistry, and physical chemistry; gaining a foundation of physics and mathematics and integrating these areas with chemical principles; performing quantitative measurements and analyzing the resulting data; synthesizing and characterizing compounds; learning proper laboratory practices, including safety; developing proficiency with modern instruments and computers for data acquisition and analysis; and making meaning of research results and learning the relevance of chemistry to biology, pharmacology, medicine, manufactured and natural materials, and the environment.

Most of our chemistry majors participate in the cooperative education program and thereby gain invaluable professional experience to augment their classroom and laboratory work. Not only does this experience add immensely to the overall education received, it also has the potential to provide contacts and references for later employment or graduate school admissions. Chemistry majors also undertake a research project for at least one semester under the supervision of a faculty member. A sufficient number of elective courses are available in the program to allow a student to take more advanced courses or additional research in the department or to add courses in an area of special interest, such as criminal justice courses in the case of an interest in forensic science. Qualified students may also participate in a BS/MS program.

Programs

Bachelor of Science (BS)

- Chemistry (p. 560)
- Environmental Science and Chemistry (p. 562)

Minor

- Chemistry (p. 564)
- Environmental Chemistry (p. 425)

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p. 701)

Chemistry, BS

The Bachelor of Science in Chemistry is designed to give students both breadth and depth in chemistry fundamentals. During their course of study, students have an opportunity to develop qualitative and quantitative problem-solving skills as well as effective communication skills. The overall objective of the program is to provide scientific background and laboratory experience for students as they prepare for chemically related careers or advanced study in fields that include both the traditional chemical specialties and other endeavors that draw upon an understanding of the chemical basis of the world around us such as biochemistry, materials science, forensic science, medicine, education, or law.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Environmental Science and Chemistry, BS

Jonathan Grabowski, PhD

Associate Professor
Marine Science Center, Nahant
781.581.370 x337

David Budil, PhD

Associate Professor and Interim Chair
Department of Chemistry and Chemical Biology
102 Hurtig Hall
617.373.2822

Danielle Lynch, Undergraduate Administrative Officer,
dw.lynn@neu.edu, 617.373.3176

The Departments of Marine and Environmental Sciences and Chemistry provide education in basic environmental science and chemistry-related disciplines. The overall objective of this combined major is to provide the fundamental scientific background and practical training for students as they prepare for environmental and chemically related careers or advanced study in fields including the traditional specialties such as toxicology, pollution, bio-remediation, environmental protection, education, law, and other endeavors that may draw upon an

understanding of the chemical basis of the environment and the changes that will likely result from global warming.

Key general objectives are the development of qualitative and quantitative problem-solving skills and effective communication skills. Specific learning objectives for this combined major include the development of conceptual understanding and problem-solving abilities in the fundamental dynamics between the environment and its chemistry, be it analytical chemistry, biochemistry, inorganic chemistry, organic chemistry, and physical chemistry. Students will perform quantitative measurements; learn proper laboratory practices, including safety; develop proficiency with modern instruments and computers for data acquisition and analysis; and learn the relevance of chemistry within the context of the abiotic and biotic environments.

Most of our combined majors will participate in the cooperative education program and thereby gain invaluable professional experience to augment their classroom and laboratory work. Not only does that experience add immensely to the overall education received, it also has the potential to provide contacts and references for later employment or graduate school admissions. Students in this major may also undertake research projects for at least one semester under the supervision of a faculty member. Sufficient electives are available in the program either to take more advanced courses or research within the department or to add courses in an area of special interest.

Program Requirements**Environmental Science Major Requirements**

Code	Title	Hours
Earth Foundations		
ENVR 1200 and ENVR 1201	Dynamic Earth and Lab for ENVR 1200	5
ENVR 1202 and ENVR 1203	History of Earth and Life and Interpreting Earth History	5
ENVR 2310 and ENVR 2311	Earth Materials and Lab for ENVR 2310	5
Geomorphology		
ENVR 2340 and ENVR 2341	Earth Landforms and Processes and Lab for ENVR 2340	5
Environmental Geology Intermediate/Advanced Electives		
Complete two intermediate or advanced electives from ENVR 2300 to ENVR 5999.		8-10

Chemistry, Minor

The minor in chemistry is designed for the student who would like a sound foundation in the theory and laboratory practice of chemistry.

It requires six courses in chemistry with their prerequisites and corequisites.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Note: Engineering students may take General Chemistry for Engineers (CHEM 1151) in place of General Chemistry 1 (CHEM 1211) and two other chemistry courses in place of General Chemistry 2 (CHEM 1214) and Physical Chemistry (CHEM 3431).

Code	Title	Hours
General Chemistry		
CHEM 1211 and CHEM 1212	General Chemistry 1 and Lab for CHEM 1211	5
CHEM 1214 and CHEM 1215	General Chemistry 2 and Lab for CHEM 1214	5
Organic Chemistry		
CHEM 2311 and CHEM 2312	Organic Chemistry 1 and Lab for CHEM 2311	5
CHEM 2313 and CHEM 2314	Organic Chemistry 2 and Lab for CHEM 2313	5
Physical Chemistry		
CHEM 3431 and CHEM 3432	Physical Chemistry and Lab for CHEM 3431	5
Advanced Lab		
Complete one of the following:		5
CHEM 3403 and CHEM 3404	Quantum Chemistry and Spectroscopy and Lab for CHEM 3403	
CHEM 4456 and CHEM 4457	Organic Chemistry 3: Organic Chemistry of Drug Design and Development and Lab for CHEM 4456	

GPA Requirement

2.000 GPA required in the minor

Environmental Chemistry, Minor

The minor in environmental chemistry offers an opportunity for students of any background interested in environmental sciences to better understand the chemistry of the environment. Students completing the minor in environmental chemistry have an opportunity to learn about the chemical processes of natural systems and environmental pollutants, while earning a credential that highlights their interest and expertise. This can be a useful course of study whether their primary degree and career will be in one of the traditional chemical, environmental, or engineering programs, or another allied field. No more than two courses (totaling 8 SH to 10 SH) may double count with any major degree requirements.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: No more than two courses (totaling 8 SH to 10 SH) may double count with any major degree requirements.

Required Courses

Code	Title	Hours
Environmental Chemistry Core		
Complete one of the following:		4
ENVR 3410	Environmental Geochemistry	
CIVE 2335	Environmental Engineering Chemistry	
Chemistry Core		
Complete one of the following:		5
CHEM 2321 and CHEM 2322	Analytical Chemistry and Lab for CHEM 2321	
CHEM 2331 and CHEM 2322	Bioanalytical Chemistry and Lab for CHEM 2321	
CHEM 3521 and CHEM 3522	Instrumental Methods of Analysis and Instrumental Methods of Analysis Lab	
Research Experience		
Complete one of the following:		4
CHEM 4750	Senior Research	
CHEM 4770	Chemistry Capstone	
CHEM 4901	Undergraduate Research	
CHEM 4992	Directed Study	
ENVR 4900 or ENVR 4997	Earth and Environmental Science Capstone Senior Thesis	
ENVR 4992	Directed Study	
CIVE 4991	Research	
CIVE 4992	Directed Study	
Electives		
Complete two of the following:		8-9
CIVE 2335	Environmental Engineering Chemistry (If not used to satisfy Environmental Chemistry Core)	
CIVE 3435	Environmental Pollution Fate and Transport	
ENVR 4504	Environmental Pollution	
CIVE 5300	Environmental Engineering Laboratory	
ENVR 3125	Global Oceanic Change	
ENVR 3410	Environmental Geochemistry (If not used to satisfy Environmental Chemistry Core)	
ENVR 4500 and ENVR 4501	Applied Hydrogeology and Lab for ENVR 4500	
ENVR 4505	Wetlands	
ENVR 5190	Soil Science	

GPA Requirement

Minimum 2.000 GPA required in all major courses

Credit Requirement

Minimum of 21 hours required

Heather Littlefield, Associate Teaching Professor and Assistant Director,

h.littlefield@northeastern.edu

Linguistics is the scientific study of human language. A growing and exciting field, it has links to a diverse range of others, including psychology, philosophy, neuroscience, computer science, artificial intelligence, sociology, language teaching, anthropology, and education. Linguistics is a key component of the field of cognitive science, the study of the structure and functioning of human cognitive processes.

How do children learn to speak? How is language represented in the mind? What do all languages, including sign languages, have in common? How is language different from the communication systems used by whales, bees, and chimpanzees? What linguistic information do computers need in order for us to converse with them? What are the neurological tie-ins of language disorders such as aphasia or Williams Syndrome, and what can such impairments tell us about the brain mechanisms for language? These scientific and technological questions lead us to ask other questions about language and society. How might we think about linguistic controversies, including debates about official languages, Black English, gender bias, and bilingualism in education? Linguistics attempts to answer each of these questions and covers a surprisingly broad range of topics related to language and communication. Cutting-edge work in cognitive science investigates how natural languages are learned and processed. Grammar checkers and translation programs use language parsers; search engines, browsers, and editors apply the results of linguistic theory and computational linguistics. Linguistics is behind every application that recognizes or synthesizes speech. To work in a field that involves language in any way, you will need to know how language works, the core of the field of linguistics.

Linguistics at Northeastern offers courses in the theory and structure of language (such as phonetics, phonology, morphology, syntax, and semantics); the sociocultural nature of language (such as language and culture, language and gender, and sociolinguistics); the psychology of language (offered by the Department of Psychology); and applications to related domains (such as language acquisition, language change, and historical linguistics) that cross into the humanities and social sciences.

Students can pursue a major in linguistics as well as in one of the combined majors: linguistics and psychology, linguistics and cultural anthropology, linguistics and English, linguistics and communication studies, computer science and linguistics, data science and linguistics, and American Sign Language (ASL) and linguistics. A minor in linguistics is also available.

Linguistics offers a variety of co-ops, including positions at local and national companies involved in speech recognition and production,

as well as at Northeastern's own language processing and language acquisition labs in the Department of Psychology. Linguistics majors can also participate in international co-ops—for example, working with researchers at the University of Kaiserslautern in Germany.

Students with backgrounds in linguistics have pursued advanced degrees in fields including law, cognitive science, education, English, interpreting, business, speech pathology, computer science, developmental psychology, sociology, and linguistics itself. Other graduates have gone on to work in neurological research, computational linguistics, translation, language software, education, dictionary publishing, robotics, and criminal justice.

Programs

Bachelor of Science (BS)

- Linguistics (p. 565)
- American Sign Language and Linguistics (p. 567)
- Computer Science and Linguistics (p. 339)
- Data Science and Linguistics
- Linguistics and Cultural Anthropology (p. 570)
- Linguistics and Psychology (p. 572)

Bachelor of Arts (BA)

- Linguistics and Communication Studies (p. 142)
- Linguistics and English (p. 576)

Minor

- Linguistics (p. 578)

Linguistics, BS

The major in linguistics provides students with a strong foundation in the study of linguistics at both the structural and social levels. Course work on the structural side focuses on the internal structures that make up language and the methods and theories used to identify and understand these core structures (for example, in courses covering phonetics, phonology, morphology, syntax, and semantics), while course work on the social side emphasizes the methods and theories that are used to study and interpret patterns of social interaction at the linguistic level (for example, in courses covering language and culture, sociolinguistics, and language and gender). Additional course work draws from related fields to further develop students' understanding of the broad spectrum of language-related domains (for example, the psychology of language, language acquisition, and historical linguistics, among other topics).

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Linguistics Major Language Requirement

Complete two courses in the same language with a grade of C or higher. Proficiency at elementary level 2 or higher is required.

Linguistics Major Requirements

Code	Title	Hours
Required Courses		
LING 1150	Introduction to Language and Linguistics	4
LING 2350	Linguistic Analysis	4
LING 3412	Language and Culture	4
LING 3422	Phonology	4
LING 3424	Morphology	4
or LING 3452	Semantics

American Sign Language and Linguistics, BS

The American Sign Language (ASL) & Linguistics combined major is an intensive program of study dedicated to preparing students to interact in a positive and supportive manner with members of the American Deaf Community while simultaneously providing students with an understanding of the theoretical, cultural, and social components of all human language, including ASL, so that they can better understand how ASL is related to spoken languages and other signed languages. This curriculum is designed to assist students in acquiring competence in American Sign Language; and in developing an understanding of the American Deaf Community and its culture, the acquisition and analysis of human languages (signed and spoken), and how human languages work in everyday use (e.g., comprehension, generation, translation).

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Computer Science and Linguistics, BS

The computer science and linguistics combined major provides students with extensive background in the formal structures of natural (human) languages, as well as methods and applications of

linguistic and psycholinguistic analyses of human language data. This is combined with an emphasis in computer science on artificial intelligence and natural language processing techniques. The major provides excellent preparation for work or more advanced degrees focusing on computational linguistics, natural language processing, speech perception, spoken language interfaces, artificial intelligence, and a wide array of related fields.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3500	Object-Oriented Design	4
CS 3800	Theory of Computation (Integrative course)	4
CS 4100	Artificial Intelligence (Integrative course)	4
CS 4120	Natural Language Processing (Integrative course)	4
CS 4400	Programming Languages (Integrative course)	4
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective Courses

With advisor approval, directed study, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete 4 credits of CS, CY, DS, or IS courses that are not already required. Choose courses within the following range: 4

CS 2500 or higher, except CS 5010

CY 2000 or higher, except CY 4930

DS 2000 or higher, except DS 4900

IS 2000 or higher, except IS 4900

Linguistics Requirements

Code	Title	Hours
Introductory Linguistics

PSYC 4524	Cognitive Development	
PSYC 4610	Laboratory in Psycholinguistics	
PSYC 4658	Seminar in Psycholinguistics	
PSYC 4660	Seminar in Cognition	
PSYC 4674	Seminar in Cognitive Neuroscience	
With prior approval, directed study research, independent study, and Honors Project courses can also be counted:		
LING 4891	Research Seminar in Linguistics	

LING 4970 Junior/Senior Honors Project 1

LING 4971 Junior/Senior Honors Project 2

LING 4991 Directed Study Research

PSYC 4991 Directed Study Research

Supporting Courses

Code	Title	Hours
Mathematics Requirement		
MATH 1341	Calculus 1 for Science and Engineering	4
Computing and Social Issues		
Complete one of the following:		4
ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
ENGL 2150	Literature and Digital Diversity	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 3485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

Computer Science Writing Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
Advanced Writing in the Disciplines		
ENGW 3302 or ENGW 3315	Advanced Writing in the Technical Professions Interdisciplinary Advanced Writing in the Disciplines	4

Required General Electives

Code	Title	Hours
Complete 20 credits of general electives		20

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Interpreting Culture
- Conducting Formal and Quantitative Reasoning
- Understanding Societies and Institutions
- Analyzing and Using Data
- Engaging Difference and Diversity
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Linguistics and Cultural Anthropology, BS

The combined major in linguistics and cultural anthropology focuses on the relationship of culture to the institutions, interpersonal relations, and practices that make up their social structure while emphasizing the structure of human language and its involvement in social interaction and culture. Students examine how language both reflects and influences cultural phenomena and how it can be used as a tool to study those phenomena; and they apply their interests across a range of connected courses, co-op opportunities, and potential research projects.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond

specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Linguistics Major Language Requirement

Complete two courses in the same language with a grade of C or higher. Proficiency at elementary level 2 or higher is required.

Linguistics Requirements

Note: A grade of C or higher is required for all courses in this section.

Code	Title	Hours

Linguistics and Psychology, BS

This combined major educates students in psychology, linguistics, and the interface between the two disciplines, which are core areas within the field of cognitive science. Students study the formal structures of human language; sociocultural aspects of language use; and the cognitive aspects of language representations, language acquisition, and language processing. Students receive interdisciplinary training in the methods of experimental psychology, psycholinguistics, and linguistic analysis.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Linguistics Language Requirement

Complete two courses in the same language with a grade of C or higher. Proficiency at elementary level 2 or higher is required.

Linguistics and Communication Studies, BA

In the combined major in linguistics and communication studies, students learn about the formal structures and analysis of human languages across multiple levels (sounds, words, phrases and sentences, meaning) while simultaneously mastering the fundamentals of effective communication and of communication theory and practice. Students receive extensive training in writing and speaking, both for a technical audience and more generally; and they explore the role of language and communication in society, both from a broad theoretical perspective and in narrower, more focused and applied domains.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Linguistics Requirements

Linguistics and English, BA

In the combined major in linguistics and English, students learn about the structures and analysis of human languages across multiple levels (sounds, words, phrases and sentences, meaning) and apply this knowledge to understanding how the English language works, its rhetorical forms, how it has changed over time, and its cultural context. Students hone their writing skills, develop substantial language-analysis skills, and apply them particularly to English.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

English Requirements

Code	Title	Hours
English Course-Level Requirement		
At least two of the courses chosen from the English Requirements lists below must be numbered 3000–4999.		
Foundational Courses		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160	Introduction to Rhetoric	4
or ENGL 1410	Introduction to Writing Studies	
Diversity		
Complete one of the following courses:		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2451	Postcolonial Women Writers	
ENGL 2455	American Women Writers Race	
ENGL 2460	Multiethnic Literatures of the U.S.	
ENGL 2760	Writing in Global Contexts	
ENGL 3663	The African-American Novel	
ENGL 3676	Representing Gender and Sexuality in Literature	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL/JWSS 3685	Modern and Contemporary Jewish Literature	
Pre-Nineteenth-Century Literature		
Complete one of the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 1700	Global Literature to 1500	
ENGL 2240	17th-Century British Literature	
ENGL 2296	Early African-American Literature	
ENGL 3618	Milton	
ENGL/JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 4000	Topics in Early Literatures	
ENGL 4020	Topics in 17th- and 18th-Century Literatures	
Nineteenth-, Twentieth-, and Twenty-First-Century Literature		
Complete one of the following:		4
ENGL 2330	The American Renaissance	
ENGL 3619	Emerson and Thoreau	
ENGL 3720	19th-Century Major Figure	
ENGL 4040	Topics in 19th-Century Literatures	
ENGL 2301	The Graphic Novel	
ENGL 2440	The Modern Bestseller	
ENGL 2600	Irish Literary Culture (Abroad)	
ENGL 2610	Contemporary Israeli Literature and Art (Abroad)	
ENGL/JWSS 3685	Modern and Contemporary Jewish Literature	
ENGL 3730	20th- and 21st-Century Major Figure	
Theories and Methods		
Complete one of the following:		4

ENGL 1140	Grammar: The Architecture of English
ENGL 1160	Introduction to Rhetoric
ENGL 1410	Introduction to Writing Studies
ENGL 2150	Literature and Digital Diversity
ENGL 3325	Rhetoric of Law
ENGL 3340	Technologies of Text
ENGL 3370	Writing Cultures
ENGL 3381	The Practice and Theory of Teaching Writing
ENGL 3700	Narrative Medicine
ENGL 4400	Opening the Archive
ENGL 4410	Research in Rhetoric and Writing

Comparative Literature		4
Complete one of the following:		
ENGL 1120	Trouble in Utopia	
ENGL 1450	Reading and Writing in the Digital Age	
ENGL 1502	American Literature to 1865	
ENGL 1503	American Literature 1865 to Present	
ENGL 2150	Literature and Digital Diversity	
ENGL 2380	The Modern Novel	
ENGL 2420	Contemporary Poetry	
ENGL 2430	Contemporary Fiction	
ENGL 2450	Postcolonial Literature	
ENGL 2451	Postcolonial Women Writers	
ENGL 2455	American Women Writers Race	
ENGL 2460	Multiethnic Literatures of the U.S.	
ENGL 2510	Horror Fiction	
ENGL 2520	Science Fiction	
ENGL 2600	Irish Literary Culture (Abroad)	
ENGL 2620	What Is Nature? (Abroad)	
ENGL 2690	Boston in Literature	
ENGL 3487	Film and Text (Abroad)	
ENGL 3582	Children’s Literature	
ENGL 3663	The African-American Novel	
ENGL 3676	Representing Gender and Sexuality in Literature	

Writing		4
Complete one of the following:		
ENGL 2700	Creative Writing	
ENGL 2710	Style and Editing	
ENGL 2740	Writing and Community Engagement	
ENGL 2760	Writing in Global Contexts	
ENGL 2770	Writing to Heal	
ENGL 2780	Visual Writing: Writing Visuals	
ENGL 2850	Writing for Social Media: Theory and Practice	
ENGL 3375	Writing Boston	
ENGL 3376	Creative Nonfiction	
ENGL 3377	Poetry Workshop	
ENGL 3378	Fiction Workshop	
ENGL 3380	Topics in Writing	
ENGL 3382	Publishing in the 21st Century	
ENGL 3384	The Writer’s Marketplace

Linguistics, Minor

The minor in linguistics provides students with an overview of the field, including exposure to both the structural and sociocultural aspects of the study of language. Students have an opportunity to learn the methods of linguistic analysis as well as obtain more advanced exposure to multiple subdomains of linguistics.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
LING 1150	Introduction to Language and Linguistics	4
LING 2350	Linguistic Analysis	4

LING 3422	Phonology	4
or LING 3450	Syntax	

Elective Courses

Code	Title	Hours
Complete two additional courses from the following range:		8
LING 2000 to LING 4996		

GPA Requirement

2.000 GPA required in the minor

Marine and Environmental Sciences

Website (<http://www.northeastern.edu/mes/>)

Brian Helmuth, b.helmuth@northeastern.edu
Jenn Bowen, je.bowen@northeastern.edu
Steven Vollmer, S.Vollmer@northeastern.edu

The Department of Marine and Environmental Sciences' programs are designed to help students develop an in-depth understanding of the processes that affect the earth's surface and that have the greatest impacts on society. Graduates of such programs contribute to the solution of environmental problems such as soil or groundwater contamination, flooding, slope stability, shore erosion related to changing land use, or coping with the impact of sea-level rise or changing weather patterns related to global warming. Commonly, environmental professionals are expected to work effectively as part of a multidisciplinary team containing scientists, engineers, and professionals who can evaluate the legal, economic, political, and social ramifications of complex environmental problems. As part of their undergraduate program, Northeastern emphasizes experiential, off-campus learning in addition to classroom learning, which is designed to help our students to become well grounded in their field of study and to work effectively with others to study and address real problems.

Our Bachelor of Science in Environmental Science degree is organized for students who seek a comprehensive understanding of the scientific implications of environmental issues and the ways that environmental scientists from a range of disciplines can approach their solution. Every student has an opportunity to develop core knowledge in geology, biology, chemistry, and mathematics early in the program. Students then select one of three concentrations—marine science, conservation science, or geoscience—as a program focus for their upper-level course work. We also provide an independent track for students whose interests do not fall into one of these four areas. Students who elect this option work with a faculty advisor to identify a group of five mid- to upper-level science courses that are aligned with the student's career interests. (Students interested in studying environmental issues from a policy-

based perspective should consider the BA in environmental studies (p. 580).)

Our Bachelor of Science in Marine Biology degree is designed to provide a strong foundation in marine biology and related disciplines. This major is offered through Northeastern University's Marine Science Center in Nahant.

A number of combined-major programs are offered; these can help focus a student's course choices along avenues that faculty feel are particularly appropriate.

Fieldwork is a valued component of training in our programs, and many of our courses use field sites throughout New England to demonstrate environmental processes or problems in their full complexity. In addition to sponsoring local trips, we have taken students on one longer field excursion each year to Iceland, the Cascade Mountains of Washington, the island of San Salvador in the Bahamas, or the Grand Canyon. Students also have the option to complete undergraduate research experiences with a faculty member. Undergraduate research projects can involve fieldwork and/or lab work completed under the guidance of faculty.

Many of our recent graduates work for environmental or geotechnical firms or continue their studies in graduate school. Students who participate in the co-op program typically work with local engineering or environmental consulting companies or with government agencies. These jobs often involve assessing building sites, evaluating land use, and studying problems concerned with groundwater contamination and remediation.

Three Seas Program

The Three Seas Program allows advanced undergraduate and beginning graduate students in biology and related areas to spend a year of field study in three diverse marine environments.

The program begins in the spring semester at Northeastern University's Marine Science Center in Nahant, 12 miles north of the main campus. Courses the following fall are conducted at the University of Washington's Friday Harbor Laboratories on San Juan Island, which is 70 miles north of Seattle and part of an archipelago that lies between the mainland and Vancouver Island, and at the Smithsonian Tropical Research Institute in Bocas del Toro, Panama, where students engage in tropical biology research. For more information, contact Mark Patterson at 781.581.7370 (ext. 313), or visit the Three Seas Program website at www.northeastern.edu/threeseas (<http://www.northeastern.edu/threeseas/>).

Massachusetts Bay Marine Studies Consortium

Northeastern University students may take classes at the Massachusetts Bay Marine Studies Consortium. The consortium's course offerings are interdisciplinary and seek to bridge academic disciplines and current concerns in the marine world. For more information, contact the marine studies program director, Professor Rebeca Rosengaus at 617.373.7032 or at r.rosengaus@northeastern.edu.

Sea Education Association

SEA Semester is an interdisciplinary program focusing on the sea, in which students undertake course work ashore followed by a practical component at sea. The program combines intensive research in the areas of oceanography, maritime studies, and nautical science with hands-on experience aboard a traditional sailing ship. Piloting, celestial navigation, and practical seamanship are learned together with oceanographic sampling techniques and marine laboratory procedures during a six-week voyage on a ship sailing either on the Atlantic or Pacific oceans.

Critical thinking, problem solving, team building, and leadership skills are emphasized throughout the program. Some cruises focus on specialized topics including oceans and climate, Caribbean studies, or Polynesian studies. Through our affiliation with the Sea Education Association, SEA Semester courses earn Northeastern credit. The program is appropriate for students in biology, environmental and physical sciences, environmental studies, American studies, and most other areas within the liberal arts and sciences. For more information, contact the faculty advisor for marine biology, Professor Mark Patterson (Marine Science Center), at 781.581.7370, extension 313, or by email (m.patterson@northeastern.edu).

Marine Science Center Summer Program in Marine Biology

The summer program allows students to participate in intensive courses at the Marine Science Center (MSC). Students conduct independent research at the MSC laboratory throughout the year. Graduate students from other universities are encouraged to use the laboratory and field sites for thesis research.

Academic Progression Standards

Same as college standards.

Programs

Bachelor of Arts (BA)

- Environmental Studies (p. 580)
- Environmental Studies and History (p. 584)
- Environmental Studies and International Affairs (p. 586)

Environmental Studies, BA

Malcolm D. Hill, PhD

Associate Professor

Brian Helmuth, PhD

Professor

14 Holmes Hall
617.373.3176

617.373.4378 (fax)

Malcolm D. Hill, Associate Professor, m.hill@northeastern.edu

Brian Helmuth, Professor and Director of the Sustainable Science and Policy Initiative, b.helmuth@northeastern.edu

The Bachelor of Arts in Environmental Studies degree is designed to provide a flexible platform for students whose primary interest is in the area of environmental policy. In their first two years, all environmental studies majors complete introductory courses in the sciences (biology, chemistry, geology), as well as introductory-to intermediate-level course work in economics, political science, philosophy, and sociology. Students then work with a faculty advisor to select a cluster composed of intermediate- to upper-level courses in an area appropriate to the student's career objectives. These cluster areas include sustainability, urban environmental issues, water issues, international affairs, public policy, and marine studies. A senior thesis is required in the environmental studies major. (Students interested in studying environmental issues from a science-based perspective should consider the BS in environmental science (p. 594).)

A number of combined-major programs are offered; these can help focus a student's course choices along avenues that faculty feel are particularly appropriate.

Students in the environmental studies program are prepared to work in environmental planning, regulation, policy, or compliance. These broad-based programs also aim to prepare students to go into environmental education or law. Co-op experiences in environmental planning may include government internships or work in environmental compliance offices.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

EEMB 5522 and EEMB 5523	Experimental Design Marine Ecology and Lab for EEMB 5522
EEMB 5528	Marine Conservation Biology
EEMB 5532	Physiological and Molecular Marine Ecology
EEMB 5534 and EEMB 5535	Marine Invertebrate Zoology and Botany and Lab for EEMB 5534
EEMB 5536	Ocean and Coastal Sustainability
EEMB 5589	Diving Research Methods

Policy Cluster

Select six of the following: 23-24

CIVE 5270	
ECON 3423	Environmental Economics
ECON 3425	Energy Economics
ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300
HIST 2342	
HIST 4620	
PPUA 5260	Ecological Economics
PPUA 5270	Food Systems and Public Policy
SOCL 4522	Political Ecology and Environmental Justice

Sustainability Cluster

Select six of the following: 23-24

CIVE 2334	Environmental Engineering: Principles, Technology, and Sustainability
ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300
ENVR 4505	Wetlands
HIST 2342	
HIST 3412	
HIST 4620	
HIST 5295	
INTL 2240	Global Population and Development
LARC 5210	Landscape Ecology
<i>Marine Studies Consortium Courses (unrestricted)</i>	
MARS 3310	Water Resources Policy and Management

Urban Cluster

Select six of the following: 23-24

EEMB 4001	Landscape and Restoration Ecology
ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300
ECON 3420	Urban Economic Issues
ECON 3422	Economics of Transportation
ECON 3423	Environmental Economics

INTL 5400	Cities in a Global Context
LARC 5210	Landscape Ecology
POLS 2345	Urban Policies and Politics
POLS 2357	Growth and Decline of Cities and Suburbs
SOCL 3485	Environment, Technology, and Society
SOCL 4522	Political Ecology and Environmental Justice

Water Cluster

Select six of the following: 24-25

CIVE 2334	Environmental Engineering: Principles, Technology, and Sustainability
ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300
ENVR 4500 and ENVR 4501	Applied Hydrogeology and Lab for ENVR 4500
ENVR 4505 or MARS 3300	Wetlands
HIST 2342	
<i>Marine Studies Consortium Courses (unrestricted)</i>	
MARS 3310	Water Resources Policy and Management
MARS 3325	Coastal Zone Management

Interdisciplinary Cluster

Create a plan of six courses under the guidance of the program director. 23-27

Environmental Studies Major Credit Requirement

Complete 73 semester hours in the major.

Program Requirement

128 total semester hours required

Environmental Studies and History, BA

Through this combined major, successful undergraduates will develop an awareness of the scientific, cultural, and political aspects of the world's environmental problems through historical perspectives and backgrounds.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Environmental Studies Requirements

Code	Title	Hours
Science Requirements		
ENVR 1101	Environmental Science	4
ENVR 1202 and ENVR 1203	History of Earth and Life and Interpreting Earth History	5
ENVR 1445		4
Humanities Requirement		
PHIL 1180	Environmental Ethics	4
Social Science Requirements		
ECON 1116	Principles of Microeconomics	4
POLS 1150 and POLS 1151	American Government and Recitation for POLS 1150	4
SOCL 1246	Environment and Society	4
Environmental Studies Electives		
Complete two of the following:		8
ECON 3423	Environmental Economics	
PHIL 3480		
POLS 2395	Environmental Politics and Policy	

History Requirements

Code	Title	Hours
History Requirements		
HIST 1130	Introduction to the History of the United States	4
HIST 1170	Europe: Empires, Revolutions, Wars, and Their Aftermath	4
HIST 1201	First-Year Seminar	4
HIST 2342		4
History Seminar		
HIST 2301 and HIST 2302	The History Seminar and Historical Writing	5
History/Geographic-Area Electives		
Complete two of the following:		8

ASNS 1150	East Asian Studies
HIST 1180	African History
HIST 1185	Introduction to Middle Eastern History

History-Area Electives

Complete four HIST courses, approved by a faculty advisor, focused on an idea or geographic area. These courses must be numbered 2000 or higher. 16

Integrative Courses

Code	Title	Hours
Required Integrative Course		
ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300	5
Integrated Elective		
ENVR 5210	Environmental Planning	4

Experiential Learning and Capstone

Code	Title	Hours
Experiential Learning		
Complete an approved activity from either department, combined with reflection in capstone.		
Capstone Course		
Complete one of the following:		1-4
ENVR 4997 or ENVS 4997	Senior Thesis	
ENVR 4900	Earth and Environmental Science Capstone	
ENVR 4970	Junior/Senior Honors Project 1	
HIST 4701	Capstone Seminar	

Combined-Major Credit Requirement

Complete 91 semester hours in the major.

Program Requirement

128 total semester hours required

Plan of Study

Five Years, Three Co-ops in Summer 2/Fall

Year 1							
Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours

Environmental Studies and International Affairs, BA

Through this combined major, successful undergraduates will develop an awareness of the international issues that influence the scientific, cultural, societal, political, and economic aspects of the world's environmental problems and the ways in which such environmental challenges can be ameliorated and/or solved.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Environmental Studies Requirements

Code	Title	Hours
Social Science Component		
<i>Philosophy</i>		
PHIL 1180	Environmental Ethics	4
<i>Sociology</i>		
SOCL 1246	Environment and Society	4
<i>Political Science</i>		
POLS 2395	Environmental Politics and Policy	4

JRNL 5360	Global Reporting
MSCR 2325	Global Media

International Experiential Learning

Complete at least one “international semester” via study abroad, international internship, international co-op, or two short-term programs.

Regional Analysis Requirement

Code	Title	Hours
	Complete two regional analysis courses, both of which must be in one region, from the following lists. Select courses taken during a semester study abroad or specific Dialogue of Civilizations courses may count as regional analysis courses pending approval of the international affairs head faculty advisor. See department for additional courses.	8

Africa

AFRS 2307	Africa Today
AFRS 2465	The Scope and Dynamics of Conflicts in Africa
AFRS 2900	Swahili, Culture, and Politics in Kenya
AFRS 3460	Contemporary Government and Politics in Africa
AFRS 4939	Community Health, Culture, and Development in Kenya
ANTH 4510	Anthropology of Africa
ENTR 3308	Business Economic History of South Africa
HIST 1180	African History
HIST 2390	Africa and the World in Early Times

Asia

ASNS 1150	East Asian Studies
CLTR 1500	Modern Chinese History and Culture
CLTR 1506	Introduction to Chinese Popular Culture
CLTR 1700	Introduction to Japanese Pop Culture
HIST 1246	World War II in the Pacific
HIST 1252	Japanese Literature and Culture
HIST 1253	History of Vietnam Wars
HIST 1500	Modern Chinese History and Culture
HIST 2308	Law, Justice, and Society in Modern China
HIST 2351	Modern Japan
HIST 2360	History of Capitalism in East Asia
INTL 4350	Ethnography of Southeast Asia
PHIL 1275	Hinduism, Buddhism, and Beyond: Eastern Religions
PHIL 1290	Chinese Philosophy and Religion
PHIL 2395	Japanese Buddhism
PHIL 4545	Religion and Politics in South Asia

Europe

CLTR 1501	Introduction to French Culture
CLTR 1503	Introduction to Italian Culture
CLTR 1504	Cultural History of Spain
ECON 1293	European Economic History

HIST 1170	Europe: Empires, Revolutions, Wars, and Their Aftermath
HIST 2280	Hitler, Germany, and the Holocaust
HIST 2370	Renaissance to Enlightenment
HIST 2376	Britain and the British Empire
HIST 4946	Independent Field Research Abroad: Central Europe
POLS 3435	Politics and Governance of Europe and the European Union

Latin America

ANTH 4500	Latin American Society and Development
CLTR 1505	Latin American Culture, History, and Politics
CLTR 1240	Latin American Film
CLTR 4655	Latin American Literature
HIST 1187	Introduction to Latin American History
LACS 1220	Latino, Latin American, and Caribbean Studies

Middle East

INTL 1150	The Mediterranean World: An Overview
INTL 1160	Middle East Studies
INTL 2100	Modern Israel
INTL 2200	America and the Middle East
INTL 2400	Politics of Islam and Gender

Environmental Studies and Philosophy, BA

Through this combined major, successful undergraduates will develop an awareness of the scientific, cultural, and political aspects of the world's environmental problems while considering the philosophical, moral, and ethical impacts that such decisions have on human-environment interactions.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Environmental Studies Requirements

Note: Principles of Microeconomics (ECON 1116) is a recommended prerequisite for Environmental Economics (ECON 3423), and American Government (POLS 1150) is a recommended prerequisite for Environmental Politics and Policy (POLS 2395).

Code	Title	Hours
ECON 3423	Environmental Economics	4

POLS 2395	Environmental Politics and Policy	4
INTL 2240	Global Population and Development	4
SOCL 1246	Environment and Society	4

Science Component

Global Climate Change

ENVR 1110	Global Climate Change	4
-----------	-----------------------	---

Earth and Environmental Sciences

Complete one of the following: 4

ENVR 1112	Environmental Geology	
-----------	-----------------------	--

ENVR 1200	Dynamic Earth	
-----------	---------------	--

Environment

ENVR 1101	Environmental Science	4
-----------	-----------------------	---

Quantitative Methods

Complete one of the following: 4-5

ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300	
-------------------------	--	--

MATH 2280	Statistics and Software	
-----------	-------------------------	--

Sociology and Environmental Studies, BA

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Sociology Requirements

Code	Title	Hours
Required Sociology Courses		
SOCL 1101	Introduction to Sociology	4
SOCL 2300	Social Theory	4
SOCL 2321	Research Methods in Sociology	4
ANTH 2305	Global Markets and Local Culture	4
Statistics		
Complete one of the following:		4
SOCL 2320	Statistical Analysis in Sociology	
ENVR 2500	Biostatistics	
Capstone		
Complete one of the following:		
SOCL 4600	Senior Seminar	
ENVS 4997	Senior Thesis	
ENVR 4900	Earth and Environmental Science Capstone	
Sociology Elective A		
Please note that SOCL 1246 may not be used to fulfill this requirement as it is required in the major. Complete one course in the following range:		
SOCL 1000 to SOCL 2999		
Sociology Elective B		
Complete three additional sociology courses in the following range:		
SOCL 3000 to SOCL 5999		

Environmental Studies Requirements

Code	Title	Hours
Science Requirements		
ENVR 1101	Environmental Science	4
ENVR 1112	Environmental Geology	4
or ENVR 1200	Dynamic Earth	
or ENVR 3125	Global Oceanic Change	
ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300	5
EEMB 3460	Conservation Biology	4
Environmental Studies Elective A		
Complete one of the following:		4
PHIL 1180	Environmental Ethics	
PHIL 1185	The Ethics of Food	
POLS 1150	American Government	
POLS 2395	Environmental Politics and Policy	
ENVR 1110	Global Climate Change	

ENVR 2900	Special Topics in Environmental Studies
-----------	---

Environmental Studies Electives B

Complete three of the following:	12
ENVR 3000 to ENVR 5999	
EEMB 3000 to EEMB 5999	
PPUA 3000 to PPUA 5999	

Integrative Requirements

SOCL 1246	Environment and Society	4
ENVR 4515	Sustainable Development	4

Sociology Major Grade Requirement

A GPA of 2.000 for major courses is required.

Sociology and Environmental Studies Combined-Major Credit Requirement

Complete 81 semester hours in the major.

Program Requirements

128 total semester hours required

Environmental Science, BS

Our Bachelor of Science in Environmental Science degree is organized for students who seek a comprehensive understanding of the scientific implications of environmental issues and the ways that environmental scientists from a range of disciplines can approach their solution. Every student has an opportunity to develop core knowledge in geology, biology, chemistry, and mathematics early in the program. Students then select one of three concentrations—marine science, conservation science, or geoscience—as a program focus for their upper-level course work. We also provide an independent track for students whose interests do not fall into one of these three areas. Students who elect this option work with a faculty advisor to identify a group of five mid- to upper-level science courses that are aligned with the student's career interests. (Students interested in studying environmental issues from a policy-based perspective should consider the BA in environmental studies (p. 580).)

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

EEMB 2302 and EEMB 2303	Ecology and Lab for EEMB 2302	5
EEMB 3460	Conservation Biology	4
ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300	5
Complete one of the following:		3-4
ECON 3423	Environmental Economics	
POLS 2395	Environmental Politics and Policy	
SOCL 3485	Environment, Technology, and Society	
<i>Conservation Science Electives</i>		
Note: Additional upper-level electives (numbered 2000 and above) may also be acceptable with department advisor approval.		
Complete three of the following:		12-15
BIOL 3401	Comparative Vertebrate Anatomy	
BIOL 3403	Animal Behavior	
BIOL 5499	Plant Biotechnology	
CHEM 2313 and CHEM 2314	Organic Chemistry 2 and Lab for CHEM 2313	
CIVE 4778	Climate Adaptation and Policy Abroad	
CIVE 5271	Solid and Hazardous Waste Management	
EEMB 2290	Ecology and Evolution of Behavior	
EEMB 2400	Introduction to Evolution	
EEMB 2616 and EEMB 2617	Invertebrate Zoology and Lab for EEMB 2616	
EEMB 2700 and EEMB 2701	Marine Biology and Lab for EEMB 2700	
EEMB 3120	Physical Biology of Marine Organisms	
EEMB 3455	Ecosystems Ecology	

EEMB 3465	Ecological and Conservation Genomics
EEMB 3475	Wildlife Ecology
EEMB 4001	Landscape and Restoration Ecology
ENVR 2500 and ENVR 2501	Biostatistics and Lab for ENVR 2500
ENVR 3125	Global Oceanic Change
ENVR 3200	Water Resources
ENVR 4504	Environmental Pollution
ENVR 4515	Sustainable Development
ENVR 4563	Advanced Spatial Analysis
ENVR 5190	Soil Science
ENVR 5210	Environmental Planning
<i>Three Seas Restricted Courses</i>	
EEMB 5506	Biology and Ecology of Fishes
EEMB 5508 and EEMB 5509	Marine Birds and Mammals and Lab for EEMB 5508
EEMB 5512	Tropical Terrestrial Ecology
EEMB 5516 and EEMB 5517	Oceanography and Lab for EEMB 5516
EEMB 5520	Coral Reef Ecology

CONCENTRATION IN GEOSCIENCE

Code	Title	Hours
<i>Required Geoscience Courses</i>		
ENVR 2310 and ENVR 2311	Earth Materials and Lab for ENVR 2310	5
ENVR 2340 and ENVR 2341	Earth Landforms and Processes and Lab for ENVR 2340	5
ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300	5
ENVR 5210	Environmental Planning	4
<i>Physics 2</i>		
Complete one of the following:		5
PHYS 1147 and PHYS 1148	Physics for Life Sciences 2 and Lab for PHYS 1147	
PHYS 1155 and PHYS 1156	Physics for Engineering 2 and Lab for PHYS 1155	
and PHYS 1157	and Interactive Learning Seminar for PHYS 1155	
PHYS 1165 and PHYS 1166	Physics 2 and Lab for PHYS 1165	
and PHYS 1167	and Recitation for PHYS 1165	
PHYS 1175 and PHYS 1176	Physics 2 for Bioscience and Bioengineering	
and PHYS 1177	and Lab for PHYS 1175	
	and Interactive Learning Seminar for PHYS 1175	
<i>Geoscience Concentration Electives</i>		
Complete four of the following:		16-20
ENVR 3125	Global Oceanic Change	
ENVR 3418	Geophysics	
ENVR 4504	Environmental Pollution	
ENVR 4500 and ENVR 4501	Applied Hydrogeology and Lab for ENVR 4500	
ENVR 4563	Advanced Spatial Analysis	
ENVR 5190	Soil Science	
ENVR 5201	Geologic Field Seminar	

ENVR 5240 and ENVR 5241	Sedimentary Basin Analysis and Lab for ENVR 5240
ENVR 5242 and ENVR 5243	Ancient Marine Life and Lab for ENVR 5242
ENVR 5270 and ENVR 5271	Glacial and Quaternary History and Lab for ENVR 5270
<i>Dialogue of Civilizations restricted courses</i>	
ENVR 5202	Environmental Science Field Seminar Abroad

Environmental Science Major Credit Requirement

Complete 77 semester hours in the major.

Program Requirement

128 total semester hours required

Environmental Science and Landscape Architecture, BS

The Departments of Marine and Environmental Sciences and Landscape Architecture provide an education in basic environmental science and landscape architecture-related disciplines. This combined major provides students an opportunity to obtain the fundamental scientific background and practical training to tackle environmental and landscape-related issues. The program seeks to prepare students for advanced studies or careers in fields of urban planning, urban design, sustainable development, environmental consulting and/or other fields focusing on the interactions among landscapes, the built environment, human societies, and overall climatic impacts.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Environmental Science Requirements

Code	Title	Hours
Environmental Science Required Courses		
EEMB 2302 and EEMB 2303	Ecology and Lab for EEMB 2302	5
ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300	5
ENVR 4515	Sustainable Development	4
ENVR 3200	Water Resources	4
Complete one of the following:		4-5
ENVR 1101	Environmental Science	
ENVR 1200 and ENVR 1201	Dynamic Earth and Lab for ENVR 1200	

Environmental Science Electives

Code	Title	Hours
A total of four electives is required; complete at least one, and no more than two, from each of the following categories:		
Geological Sciences		
ENVR 2310	Earth Materials	
ENVR 3410	Environmental Geochemistry	
ENVR 5190	Soil Science	
Human-Coupled Systems		
ENVR 2340	Earth Landforms and Processes	
ENVR 5210	Environmental Planning	
EEMB 3460	Conservation Biology	
Biological Perspectives		
EEMB 4001	Landscape and Restoration Ecology	
ENVR 4505	Wetlands	

Landscape Architecture Requirements

Code	Title	Hours
ARCH 1110	Fundamental Architectural Representation	4
LARC 2130	Sustainable Urban Site Design	6
LARC 2230	Introduction to Sustainable Site Planning and Design	4
LARC 2330	Cities, Landscape, and Modern Culture	4
LARC 2340	Cities, Landscape, and Contemporary Culture	4
LARC 2430	Plants, People, and Landscape Change	4

Landscape Architecture Electives

Code	Title	Hours
Complete three of the following:		
ARCH 1120	Fundamental Architectural Design	
LARC 2240	Sustainable Site Construction and Detailing	
LARC 2440	Planting Design	
LARC 3170	Landscape Planning and Urbanism Studio	
ARCH 3370	Topics in Architectural History	
ARCH 3450	Advanced Architectural Communication	
LARC 5210	Landscape Ecology	
LARC 5220	Sustainable Landscape Practices	
LARC 5310	Urban Landscape Seminar	

SUEN 6210 Implementation and Visualization for Urban Environments 1

SUEN 6220 Implementation and Visualization for Urban Environments 2

Capstone/Integrative Course

Code	Title	Hours
Complete one of the following: 4		
ENVR 4997	Senior Thesis	
LARC 5120	Comprehensive Design Studio	
LARC 5210	Landscape Ecology	

Program Requirements

132 total semester hours required

Plan of Study

Five-Years, Two Co-ops

Year 1

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours

Ecology and Evolutionary Biology, BS

Faculty Advisors

Jennifer Bowen
Associate Professor
je.bowen@northeastern.edu

Steve Vollmer
Associate Professor
s.vollmer@northeastern.edu

The Bachelor of Science in Ecology and Evolutionary Biology (EEB) degree is designed to provide a strong foundation in the fundamentals of ecology and evolutionary biology, including focal points in population, community, and ecosystem ecology; evolutionary ecology and biology; conservation biology; population genetics; behavior; and ecological and evolutionary genomics. Our major provides unique experiential learning opportunities for students interested in the fundamentals of evolution; the ecology of terrestrial, marine, and freshwater systems; and the application of both of these in the pursuit of the conservation and restoration of natural systems. Further, students in our major have the opportunity to focus on cutting-edge techniques in the use of molecular tools to answer fundamental questions in ecology and evolution. The interdisciplinary nature of our major fosters critical thinking and creativity in scientific problem solving while instilling skills that will result in scientifically literate global citizens. The curriculum for this major also satisfies premed and prevet requirements. Courses offered by this major fulfill several core competencies required by the university: Engaging with the Natural and Designed World, Exploring Created Expression and Innovation, Conducting Formal and Quantitative Reasoning, Analyzing and Using Data, Employing Ethical Reasoning, writing-intensive courses, and capstone.

Fieldwork is a valued component of training in our programs, and several of our courses use field sites, resources, and facilities of the Marine Science Center and throughout the greater Boston area. Students interested in having a foundational education in ecology and evolutionary biology, and also participating in the Northeastern Three Seas Program, will be able to meet the requirements for both programs. All students will also have the option to complete undergraduate research experiences with faculty members in the Department of Marine and Environmental Sciences and can take advantage of our faculty networks of scientists and practitioners for additional co-op and research opportunities.

Students graduating with an EEB major will be prepared for success in pursuing graduate degrees, for working in multiple areas of science and technology—including data science and biotech sectors—and for positions with consulting companies, nonprofits, and government agencies.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Due to overlap in course content, double majoring in Ecology and Evolutionary Biology and Marine Biology is not permitted.

Ecology and Evolutionary Biology Major Requirements

Code	Title	Hours
Ecology and Evolutionary Biology		
EEMB 1101 and EEMB 1102	Foundations in Ecology and Evolutionary Biology and Lab for EEMB 1101	5
Ecology and Evolutionary Genomics		
EEMB 1105 and EEMB 1106	Foundations in Ecological and Evolutionary Genomics and Lab for EEMB 1105	5
Genetics		
BIOL 2301 and BIOL 2302	Genetics and Molecular Biology and Lab for BIOL 2301	5
Evolution		
EEMB 2400	Introduction to Evolution	4
Ecology		
EEMB 2302 and EEMB 2303	Ecology and Lab for EEMB 2302	5
Biostatistics		
ENVR 2500 and ENVR 2501	Biostatistics and Lab for ENVR 2500	5
Capstone		
ENVR 4997 or ENVR 4900	Senior Thesis or Earth and Environmental Science Capstone	4

Supporting Courses

Code	Title	Hours
Math		
Complete one of the following:		4
MATH 1241	Calculus 1	
MATH 1251	Calculus and Differential Equations for Biology 1	
Chemistry		
CHEM 1211 and CHEM 1212	General Chemistry 1 and Lab for CHEM 1211	5
CHEM 1214 and CHEM 1215	General Chemistry 2 and Lab for CHEM 1214	5
Physics 1		
Complete one of the following:		5
PHYS 1145 and PHYS 1146	Physics for Life Sciences 1 and Lab for PHYS 1145	
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	
PHYS 1161 and PHYS 1162	Physics 1 and Lab for PHYS 1161	
Physics 2		
Complete one of the following:		5

PHYS 1147 and PHYS 1148	Physics for Life Sciences 2 and Lab for PHYS 1147
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155
PHYS 1165 and PHYS 1166	Physics 2 and Lab for PHYS 1165

Ecology and Evolutionary Biology Topical Requirement

Code	Title	Hours
Complete seven of the following. At least one course must be taken from each list:		28

Evolution of Organisms

EEMB 2290	Ecology and Evolution of Behavior
EEMB 2616 and EEMB 2617	Invertebrate Zoology and Lab for EEMB 2616
EEMB 2700 and EEMB 2701	Marine Biology and Lab for EEMB 2700
EEMB 3450	Physiological Adaptations to the Environment
EEMB 4548	Sociobiology
EEMB 5504	Biology of Corals
EEMB 5506	Biology and Ecology of Fishes
EEMB 5534 and EEMB 5535	Marine Invertebrate Zoology and Botany and Lab for EEMB 5534
MARS 3210	Marine Mammals
MARS 3430	Biology of Whales

Ecology and Conservation Biology

EEMB 3460	Conservation Biology
EEMB 3475	Wildlife Ecology
EEMB 3465	Ecological and Conservation Genomics
EEMB 3470 and EEMB 3471	Coastal Ecology and Sustainability and Lab for EEMB 3470
EEMB 4001	Landscape and Restoration Ecology
EEMB 5536	Ocean and Coastal Sustainability
EEMB 5512	Tropical Terrestrial Ecology
EEMB 5518	Ocean and Coastal Processes
EEMB 5520	Coral Reef Ecology
EEMB 5528	Marine Conservation Biology
EEMB 5532	Physiological and Molecular Marine Ecology
ENVR 3125	Global Oceanic Change
ENVR 3150	Food Security and Sustainability
MARS 3315	Wetlands: Ecology and Hydrology

Analytical Skills

ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300
ENVR 4563	Advanced Spatial Analysis
EEMB 3465	Ecological and Conservation Genomics
EEMB 5522	Experimental Design Marine Ecology
CHEM 2311 and CHEM 2312	Organic Chemistry 1 and Lab for CHEM 2311

CHEM 2313 and CHEM 2314	Organic Chemistry 2 and Lab for CHEM 2313
EEMB 5130	Ecological Dynamics

Ecology and Evolutionary Biology Credit Requirement

Complete 81 semester hours in the major.

Ecology and Evolutionary Biology GPA Requirement

Complete all major courses with a cumulative GPA of 2.000.

Program Requirement

132 total semester hours required

Plan of Study

Marine Biology, BS

Our Bachelor of Science in Marine Biology degree is designed to provide a strong foundation in marine biology and related disciplines. This major is offered through Northeastern University's Marine Science Center in Nahant.

A number of combined-major programs are offered; these can help focus a student's course choices along avenues that faculty feel are particularly appropriate.

Fieldwork is a valued component of training in our programs, and many of our courses use field sites throughout New England to demonstrate environmental processes or problems in their full complexity. In addition to sponsoring local trips, we have taken students on one longer field excursion each year to Iceland, the Cascade Mountains of Washington, the island of San Salvador in the Bahamas, or the Grand Canyon. Students also have the option to complete undergraduate research

experiences with a faculty member. Undergraduate research projects can involve fieldwork and/or lab work completed under the guidance of faculty.

Many of our recent graduates work for environmental or geotechnical firms or continue their studies in graduate school. Students who participate in the co-op program typically work with local engineering or environmental consulting companies or with government agencies. These jobs often involve assessing building sites, evaluating land use, and studying problems concerned with groundwater contamination and remediation.

Three Seas Program

The Three Seas Program allows advanced undergraduate and beginning graduate students in biology and related areas to spend a year of field study in three diverse marine environments.

The program begins in the spring semester at Northeastern University's Marine Science Center in Nahant, 12 miles north of the main campus. Courses the following fall are conducted at the University of Washington's Friday Harbor Laboratories on San Juan Island, which is 70 miles north of Seattle and part of an archipelago that lies between the mainland and Vancouver Island, and at the Smithsonian Tropical Research Institute in Bocas del Toro, Panama, where students engage in tropical biology research. For more information, contact Mark Patterson at 781.581.7370 (ext. 313), or visit the Three Seas Program website at www.northeastern.edu/threeseas (<http://www.northeastern.edu/threeseas/>).

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Marine Biology Major Requirements

Code	Title	Hours
Introduction to College		
ENVR 1000	Marine and Environmental Sciences at Northeastern	1
Required Biology		
Complete one of the following:		5
BIOL 1107 and BIOL 1108	Foundations of Biology and Lab for BIOL 1107	
BIOL 1111 and BIOL 1112	General Biology 1 and Lab for BIOL 1111	
BIOL 1115 and BIOL 1116	General Biology 1 for Engineers and Lab for BIOL 1115	
Genetics		
BIOL 2301 and BIOL 2302	Genetics and Molecular Biology and Lab for BIOL 2301	5
Organismal and Population Biology		

EEMB 2302 and EEMB 2303	Ecology and Lab for EEMB 2302	5
Introduction to Evolution		
EEMB 2400	Introduction to Evolution	4
Marine Biology		
EEMB 2700 and EEMB 2701	Marine Biology and Lab for EEMB 2700	5
Marine Biology Electives		
Complete four of the following:		16-20
BIOL 5587	Comparative Neurobiology	
EEMB 2290	Ecology and Evolution of Behavior	
EEMB 2420	Fisheries Biology, Policy, and Conservation	
EEMB 2616 and EEMB 2617	Invertebrate Zoology and Lab for EEMB 2616	
EEMB 3120	Physical Biology of Marine Organisms	
EEMB 3450	Physiological Adaptations to the Environment	
EEMB 3460	Conservation Biology	
EEMB 3465	Ecological and Conservation Genomics	
EEMB 5130 and EEMB 5131	Ecological Dynamics and Lab for EEMB 5130	
ENVR 1101	Environmental Science	
ENVR 2900	Special Topics in Environmental Studies	
ENVR 3125	Global Oceanic Change	
ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300	
ENVR 4504	Environmental Pollution	
ENVR 5242 and ENVR 5243	Ancient Marine Life and Lab for ENVR 5242	
<i>Three Seas Restricted Courses</i>		
EEMB 5504	Biology of Corals	
EEMB 5506	Biology and Ecology of Fishes	
EEMB 5508 and EEMB 5509	Marine Birds and Mammals and Lab for EEMB 5508	
EEMB 5512	Tropical Terrestrial Ecology	
EEMB 5516 and EEMB 5517	Oceanography and Lab for EEMB 5516	
EEMB 5518	Ocean and Coastal Processes	
EEMB 5520	Coral Reef Ecology	
EEMB 5522 and EEMB 5523	Experimental Design Marine Ecology and Lab for EEMB 5522	
EEMB 5528	Marine Conservation Biology	
EEMB 5532	Physiological and Molecular Marine Ecology	
EEMB 5534 and EEMB 5535	Marine Invertebrate Zoology and Botany and Lab for EEMB 5534	
EEMB 5536	Ocean and Coastal Sustainability	
EEMB 5589	Diving Research Methods	
<i>Marine Studies Consortium Courses (Unrestricted)</i>		
MARS 3210	Marine Mammals	
MARS 3430	Biology of Whales	
Experiential Learning		

An activity related to marine biology and approved by the experiential learning advisor must be completed before the capstone. Among the possibilities are co-op experience, junior/senior honors thesis, research project in a faculty lab, volunteer work in a biology-related area, participation in the Three Seas Program with submission of a project paper, or other approved experiences.

Advanced Writing in the Disciplines

ENGW 3307	Advanced Writing in the Sciences	4
or ENGW 3303	Advanced Writing in the Environmental Professions	
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Biology Capstone

Complete one of the following:		1-4
BIOL 4701	Biology Capstone	
ENVR 4900	Earth and Environmental Science Capstone	
ENVR 4997	Senior Thesis	

Breadth Courses for Marine Biology

Code	Title	Hours
Mathematics		
MATH 1251	Calculus and Differential Equations for Biology 1	4
or MATH 1241	Calculus 1	
or MATH 1341	Calculus 1 for Science and Engineering	
Biostatistics		
ENVR 2500 and ENVR 2501	Biostatistics and Lab for ENVR 2500	5
General Chemistry 1		
CHEM 1101 and CHEM 1102 and CHEM 1103	General Chemistry for Health Sciences and Lab for CHEM 1101 and Recitation for CHEM 1101	5
or CHEM 1211 and CHEM 1212 and CHEM 1213	General Chemistry 1 and Lab for CHEM 1211 and Recitation for CHEM 1211	
General Chemistry 2		
CHEM 1214 and CHEM 1215 and CHEM 1216	General Chemistry 2 and Lab for CHEM 1214 and Recitation for CHEM 1214	5
Organic Chemistry 1		
CHEM 2311 and CHEM 2312	Organic Chemistry 1 and Lab for CHEM 2311	5
Physics		
Complete a lecture/lab set for Physics 1 and for Physics 2:		10
<i>Physics 1</i>		
PHYS 1145 and PHYS 1146	Physics for Life Sciences 1 and Lab for PHYS 1145 (recommended)	
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	
PHYS 1161 and PHYS 1162 and PHYS 1163	Physics 1 and Lab for PHYS 1161 and Recitation for PHYS 1161	

PHYS 1171 and PHYS 1172 and PHYS 1173	Physics 1 for Bioscience and Bioengineering and Lab for PHYS 1171 and Interactive Learning Seminar for PHYS 1171
---------------------------------------	--

Physics 2

PHYS 1147 and PHYS 1148	Physics for Life Sciences 2 and Lab for PHYS 1147 (recommended)
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155
PHYS 1165 and PHYS 1166 and PHYS 1167	Physics 2 and Lab for PHYS 1165 and Recitation for PHYS 1165

Marine Biology Major Credit/GPA Requirements

Complete 74 semester hours in the major with a cumulative GPA of 2.000.

Due to overlap in course content, double majoring in biology and biochemistry or biology and behavioral neuroscience is not permitted.

Program Requirement

136 total semester hours required

Computer Science and Environmental Science, BS

The computer science and environmental science combined major focuses on geological processes that greatly impact the earth, atmosphere, and water in oceans, lakes, and rivers. Understanding these processes requires acquisition and computational analysis of

large amounts of data—underscoring the natural relationship between computer science and environmental science.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
------	-------	-------

Computer Science Overview

CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
CS 3800	Theory of Computation	4
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective Courses

With advisor approval, a directed study, research, project study, or appropriate graduate-level course may also be taken as a computer science elective.

Complete 4 credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2000 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

Environmental Science Courses

Code	Title	Hours
------	-------	-------

Environmental Science Required Courses

ENVR 1101	Environmental Science	4
-----------	-----------------------	---

ENVR 1200 and ENVR 1201	Dynamic Earth and Lab for ENVR 1200	5
ENVR 5210	Environmental Planning	4
ENVR 4900	Earth and Environmental Science Capstone	1
or ENVR 4997	Senior Thesis	

Complete one of the following sequences: 5

ENVR 1202 and ENVR 1203	History of Earth and Life and Interpreting Earth History	
ENVR 2310 and ENVR 2311	Earth Materials and Lab for ENVR 2310	

Environmental Science Integrative Courses

Complete at least two of the following: 8-10

ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300	
ENVR 3418	Geophysics	
ENVR 4500 and ENVR 4501	Applied Hydrogeology and Lab for ENVR 4500	

Environmental Science Electives

If you complete more than two environmental science integrative courses (above), they will count as environmental science electives.

Complete four of the following: 16-20

ENVR 2340 and ENVR 2341	Earth Landforms and Processes and Lab for ENVR 2340	
ENVR 4504	Environmental Pollution	
ENVR 4563	Advanced Spatial Analysis	
ENVR 5190	Soil Science	
ENVR 5201	Geologic Field Seminar	
ENVR 5240 and ENVR 5241	Sedimentary Basin Analysis and Lab for ENVR 5240	
ENVR 5242 and ENVR 5243	Ancient Marine Life and Lab for ENVR 5242	
ENVR 5270 and ENVR 5271	Glacial and Quaternary History and Lab for ENVR 5270	

Supporting Courses

Code	Title	Hours
------	-------	-------

Calculus

MATH 1251	Calculus and Differential Equations for Biology 1	4
or MATH 1341	Calculus 1 for Science and Engineering	
MATH 1252	Calculus and Differential Equations for Biology 2	4
or MATH 1342	Calculus 2 for Science and Engineering	
MATH 3081	Probability and Statistics	4

Chemistry

CHEM 1211 and CHEM 1212 and CHEM 1213	General Chemistry 1 and Lab for CHEM 1211 and Recitation for CHEM 1211	5
CHEM 1214 and CHEM 1215 and CHEM 1216	General Chemistry 2 and Lab for CHEM 1214 and Recitation for CHEM 1214	5

Computing and Social Issues

Complete one of the following: 4

ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
-----------	---	--

ENGL 2150	Literature and Digital Diversity	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 3485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

Computer Science English Requirement

Code	Title	Hours
------	-------	-------

College Writing

ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	

Advanced Writing in the Disciplines

Complete one course from the following: 4

ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3307	Advanced Writing in the Sciences	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
------	-------	-------

Complete 20 credits of general electives. 20

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, DS, CY and IS courses

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Data Science and Ecology and Evolutionary Biology, BS

The combined major in data science and ecology and evolutionary biology provides a strong foundation in the fundamentals of ecology and evolutionary biology, including focal points in population, community, and ecosystem ecology; evolutionary ecology and biology; conservation biology; population genetics; behavior; and ecological and evolutionary genomics. Data science allows students to study the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data from small to large volumes. The interdisciplinary nature of the major fosters critical thinking and creativity in scientific problem solving.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

dw.lynn@neu.edu, 617.373.3176

The Departments of Marine and Environmental Sciences and Chemistry provide education in basic environmental science and chemistry-related disciplines. The overall objective of this combined major is to provide the fundamental scientific background and practical training for students as they prepare for environmental and chemically related careers or advanced study in fields including the traditional specialties such as toxicology, pollution, bio-remediation, environmental protection, education, law, and other endeavors that may draw upon an understanding of the chemical basis of the environment and the changes that will likely result from global warming.

Key general objectives are the development of qualitative and quantitative problem-solving skills and effective communication skills. Specific learning objectives for this combined major include the development of conceptual understanding and problem-solving abilities in the fundamental dynamics between the environment and its chemistry, be it analytical chemistry, biochemistry, inorganic chemistry, organic chemistry, and physical chemistry. Students will perform quantitative measurements; learn proper laboratory practices, including safety; develop proficiency with modern instruments and computers for data acquisition and analysis; and learn the relevance of chemistry within the context of the abiotic and biotic environments.

Most of our combined majors will participate in the cooperative education program and thereby gain invaluable professional experience to augment their classroom and laboratory work. Not only does that experience add immensely to the overall education received, it also has the potential to provide contacts and references for later employment or graduate school admissions. Students in this major may also undertake research projects for at least one semester under the supervision of a faculty member. Sufficient electives are available in the program either to take more advanced courses or research within the department or to add courses in an area of special interest.

Program Requirements**Environmental Science Major Requirements**

Code	Title	Hours

Environmental Studies and Economics, BS

Through this combined major, successful undergraduates will develop an awareness of the scientific, cultural, political, and economic aspects of the world's environmental problems and potential solutions.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Introduction to College

Code	Title	Hours
ECON 1000	Economics at Northeastern	1
or ENVR 1000	Marine and Environmental Sciences at Northeastern	

Economics Requirements

Code	Title	Hours
Calculus		
MATH 1231	Calculus for Business and Economics	4
Computer Science		
CS 1100	Computer Science and Its Applications	4
Required Economics Courses		
A minimum grade of C (2.000) must be earned in each of the following required courses:		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4

ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics	4
ECON 2560	Applied Econometrics	4
ECON 3423	Environmental Economics	4

Economics Electives

No more than one course may be at the introductory level (course number 1000–1999).

Complete two of the following:		7-8
ECON 3290	History of the Global Economy	
ECON 1291	Development Economics	
ECON 3404	International Food Policy	
ECON 3420	Urban Economic Issues	
ECON 3422	Economics of Transportation	
ECON 3424	Law and Economics	
ECON 3425	Energy Economics	
ECON 3440	Public Finance

ENVR 1101	Environmental Science	4
ENVR 1112 or ENVR 1200	Environmental Geology Dynamic Earth	4
ENVR 1450	Introduction to Sustainability Science	4
ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300	5

GPA Requirement

Students are required to earn a GPA of 2.000 in either PHIL 1180 or PHIL 3480 and in ENVR 1101.

Environmental Science Elective

Complete one environmental science elective in consultation with the environmental studies head advisor.

Integrative Requirements

Code	Title	Hours
Advanced Writing in the Disciplines		
Complete one of the following:		4
ENGW 3307	Advanced Writing in the Sciences	
ENGW 3308	Advanced Writing in the Social Sciences	

Integrative Course

Note: Your integrative course and your capstone course (below) must be from different departments.

Complete one of the following:		4
ECON 4692	Senior Economics Seminar	
ENVR 5210	Environmental Planning	

Capstone

Note: Your integrative course (above) and your capstone course must be from different departments.

ECON 4692	Senior Economics Seminar	4
or ENVR 4997	Senior Thesis	
or ENVS 4997	Senior Thesis	

Experiential Learning Requirement

Code	Title	Hours
Complete one of the following:		4
COOP 3945	Co-op Work Experience	
ECON 4992	Directed Study	
ENVR 4992	Directed Study	
ECON 4970	Junior/Senior Honors Project 1	
ENVR 4970	Junior/Senior Honors Project 1	

Major Credit Requirement

Complete 84 semester hours in the major.

Program Requirement

128 total semester hours required

Environmental Geology, Minor

The environmental geology minor provides an understanding of earth surface processes, such as rivers and flooding, groundwater and water supply, landform development, coastline evolution, and geological hazards. The impacts of man on the environment and various means of managing these impacts are among the central themes. The environmental geology program places strong emphasis on field studies.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
ENVR 1200 and ENVR 1201	Dynamic Earth and Lab for ENVR 1200	5
ENVR 1202 and ENVR 1203	History of Earth and Life and Interpreting Earth History	5
ENVR 2310 and ENVR 2311	Earth Materials and Lab for ENVR 2310	5
ENVR 5210	Environmental Planning	4

Geology Elective

Code	Title	Hours
Complete one ENVR course.		4

GPA Requirement

2.000 GPA required in the minor

Environmental Science, Minor

The environmental science minor provides undergraduates with a strong foundation on a variety of scientific, technical, institutional, economic,

behavioral, and conservation-oriented solutions to environmental problems caused by either natural phenomena and/or human activity.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Course Work

Code	Title	Hours
Introductory Course Work		
Complete one of the following:		4-5
BIOL 1121 and BIOL 1122	Basic Microbiology and Lab for BIOL 1121	
ENVR 1101	Environmental Science	

Science or Engineering

Complete one of the following courses based on your major. 4-5

Engineering Majors

CHEM 1214 and CHEM 1215	General Chemistry 2 and Lab for CHEM 1214
-------------------------	---

Other Majors

CHEM 2311 and CHEM 2312	Organic Chemistry 1 and Lab for CHEM 2311
CIVE 2334	Environmental Engineering: Principles, Technology, and Sustainability

Social Sciences

Complete one of the following: 4

ECON 3423	Environmental Economics
PHIL 1180	Environmental Ethics
POLS 2395	Environmental Politics and Policy
SOCL 1246	Environment and Society
SOCL 3485	Environment, Technology, and Society

Electives

Code	Title	Hours
Complete any two courses from the following. Only one of the courses may be in the 1000–1999 range. Only one course may be selected from a group:		8-10

Physics Group

For nonengineering/nonscience majors only:

PHYS 1132	Energy, Environment, and Society
-----------	----------------------------------

Biology Group

EEMB 2302	Ecology
-----------	---------

Environmental Planning Group

ENVR 5210	Environmental Planning
-----------	------------------------

Geology Group

ENVR 2340 and ENVR 2341	Earth Landforms and Processes and Lab for ENVR 2340
ENVR 4504	Environmental Pollution
ENVR 5190	Soil Science

Hydrogeology Group

ENVR 4500 and ENVR 4501	Applied Hydrogeology and Lab for ENVR 4500
-------------------------	--

Geographic Information Systems Group

ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300
-------------------------	--

Civil Engineering Group

CIVE 4534	Water Treatment Systems Design
CIVE 5536	Hydrologic and Hydraulic Design

Interdisciplinary Work

Code	Title	Hours
Complete the independent project, the applied experience, or the environmental safety program:		

Independent Project

See program advisor for approval before embarking on the project.

Applied Experience

See program advisor for details.

Environmental Safety Program

See program advisor for details.

GPA Requirement

2.000 GPA required in the minor

Environmental Studies, Minor

Students may choose to pursue a minor in environmental studies by completing a blend of science, social science, and interdisciplinary courses. A student may broaden his or her understanding of the science and policy of the Earth's environmental challenges through this program, which is designed to complement any undergraduate major.

The goals of the environmental studies minor are threefold,

- To help undergraduates develop an awareness of the scientific, cultural, and political aspects of the world's environmental problems
- To better prepare students for careers in the expanding field of environmental professions
- To prepare students for further study at the graduate or professional school level

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Course

Code	Title	Hours
ENVR 1101	Environmental Science	4

Science Course

Code	Title	Hours
Complete one of the following:		
CHEM 1211 and CHEM 1212	General Chemistry 1 and Lab for CHEM 1211	4-5
ENVR 1112	Environmental Geology	
ENVR 1200 and ENVR 1201	Dynamic Earth and Lab for ENVR 1200	

Social Science Courses

Code	Title	Hours
Complete two of the following:		
ECON 1116	Principles of Microeconomics	8
PHIL 1180	Environmental Ethics	

POLS 1150	American Government
SOCL 1246	Environment and Society

Interdisciplinary Courses

Code	Title	Hours
Complete two of the following:		
ENVR 4504	Environmental Pollution	8
ENVR 5210	Environmental Planning	
POLS 2395	Environmental Politics and Policy	

GPA Requirement

2.000 GPA required in the minor

Geology, Minor

The geology minor focuses on the history and development of the earth. The program places a strong emphasis on field studies as a means of appreciating the materials, landforms, and forces interacting throughout geological time.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
ENVR 1200 and ENVR 1201	Dynamic Earth and Lab for ENVR 1200	5
ENVR 1202 and ENVR 1203	History of Earth and Life and Interpreting Earth History	5
ENVR 2310 and ENVR 2311	Earth Materials and Lab for ENVR 2310	5
ENVR 3000 and ENVR 3001	and	5

Geology Elective

Code	Title	Hours
Complete one ENVR course.		4

GPA Requirement

2.000 GPA required in the minor

Marine Biology, Minor

The marine biology minor is designed to provide Northeastern undergraduates with a strong foundation in marine biology and related disciplines. The minor has a strong hands-on component involving course work, marine biology research projects, and marine-related co-ops.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Restrictions

This minor is not available for students who major in biology or any combined major that involves biology. Biology majors interested in marine biology should consider the major in marine biology.

Required Courses

Code	Title	Hours
BIOL 1111 and BIOL 1112 or BIOL 1107 and BIOL 1108	General Biology 1 and Lab for BIOL 1111 Foundations of Biology and Lab for BIOL 1107	5
BIOL 1113 and BIOL 1114	General Biology 2 and Lab for BIOL 1113	5

Elective Courses

Code	Title	Hours
Complete three of the following:		7-15
EEMB 2616 and EEMB 2617	Invertebrate Zoology and Lab for EEMB 2616	
EEMB 2700 and EEMB 2701	Marine Biology and Lab for EEMB 2700	
EEMB 5504	Biology of Corals	
EEMB 5506	Biology and Ecology of Fishes	
EEMB 5508 and EEMB 5509	Marine Birds and Mammals and Lab for EEMB 5508	
EEMB 5512	Tropical Terrestrial Ecology	
EEMB 5516 and EEMB 5517	Oceanography and Lab for EEMB 5516	
EEMB 5518	Ocean and Coastal Processes	
EEMB 5520	Coral Reef Ecology	
EEMB 5522 and EEMB 5523	Experimental Design Marine Ecology and Lab for EEMB 5522	
EEMB 5528	Marine Conservation Biology	
EEMB 5532	Physiological and Molecular Marine Ecology	
EEMB 5534 and EEMB 5535	Marine Invertebrate Zoology and Botany and Lab for EEMB 5534	
EEMB 5536	Ocean and Coastal Sustainability	
EEMB 5589	Diving Research Methods	

Supporting Courses

Code	Title	Hours
To provide breadth of knowledge, complete one additional science course in the BIOL, CHEM, ENVR, or PHYS subject areas or from the following:		4
PSYC 3458	Biological Psychology	
PSYC 4510	Psychopharmacology	

GPA Requirement

2.000 GPA required in the minor

Marine Studies, Minor

The marine studies minor is designed to provide a structured program on the Boston campus for students with an interest in the marine environment. The program allows a primary, but not exclusive, emphasis in either the scientific or the social science/humanistic study of the oceans. Some physical interaction with the sea through achievement in a specific marine-related skill and a project involving a degree of independent study is required. Students enrolled in any program at the university may complete the marine studies minor.

The program draws on courses throughout the university and is affiliated with several outstanding, specialized marine programs. These include the SEA Semester Program run by the Sea Education Association, which provides a rigorous program in marine sciences at Woods Hole, Massachusetts, and aboard one of its tall ships for training cruises in the Caribbean, Pacific, or Labrador Sea. In addition to the cruises designed to explore the broad range of aspects of marine science and culture, there are specialized cruises that add a focus on Caribbean studies, Pacific island culture, and marine environmental issues. Students may also take specialized courses in marine topics through the Marine Studies Consortium.

For more information, contact the director of marine studies, Professor Rebeca Rosengaus at 617.373.7032 or at r.rosengaus@northeastern.edu.

COURSE REQUIREMENTS

At least four marine-related courses totaling 16 semester hours are required, along with mastery of a marine skill and an independent study. Two courses must be beyond the introductory level. At least one course must be from the natural sciences and one from the social sciences/humanities. Other courses at the university may fulfill these requirements with the permission of the department.

Mastery of a marine-related skill can be achieved through satisfactory completion of course work or evidence of achievement through some form of approved outside certification. Course work in marine skills normally is limited to one of the six required courses.

The project requirement can be met by completion of an approved directed studies course in marine studies or in any department of the university. The project normally is limited to one of the six required courses. The project requirement can also be met, with prior approval, by completion of a major course-related project or other outside project in which a significant amount of independent study is involved.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
Complete four courses from the following lists. Two courses must be above the introductory level.		16
Humanities		
MARS 3310	Water Resources Policy and Management	
Sciences		
EEMB 1450	Introduction to Marine Biology	
EEMB 2616	Invertebrate Zoology	
EEMB 5504	Biology of Corals	
EEMB 5506	Biology and Ecology of Fishes	
EEMB 5508 and EEMB 5509	Marine Birds and Mammals and Lab for EEMB 5508	
EEMB 5512	Tropical Terrestrial Ecology	
EEMB 5516 and EEMB 5517	Oceanography and Lab for EEMB 5516	
EEMB 5518	Ocean and Coastal Processes	
EEMB 5520	Coral Reef Ecology	
EEMB 5522 and EEMB 5523	Experimental Design Marine Ecology and Lab for EEMB 5522	
EEMB 5528	Marine Conservation Biology	

EEMB 5532	Physiological and Molecular Marine Ecology
EEMB 5534 and EEMB 5535	Marine Invertebrate Zoology and Botany and Lab for EEMB 5534
EEMB 5536	Ocean and Coastal Sustainability
EEMB 5589	Diving Research Methods
ENVR 1120	Oceans and Coasts
ENVR 5210	Environmental Planning
ENVR 5242 and ENVR 5243	Ancient Marine Life and Lab for ENVR 5242
MARS 3210	Marine Mammals
MARS 3325	Coastal Zone Management
MARS 3430	Biology of Whales

Marine-Related Skill

Code	Title	Hours
Complete one of the following:		3
ENVR 3101	Certification in a skill such as scuba, by a Merchant Marine license, or by a comparable level of achievement determined by the marine studies advisor.	

Marine-Related Independent Study

Code	Title	Hours
	This requirement may be satisfied by producing a research project on a marine-related topic, either as part of another course or independently. Acceptance of the project is at the discretion of the marine studies advisor.	4

GPA Requirement

2.000 GPA required in the minor

Solomon M. Jekel, Associate Professor and Head Advisor,
s.jekel@northeastern.edu

Mathematics is of ever-increasing importance to our society and everyday life. It has long been the language of science and technology and provides a rich source of methods for analyzing and solving problems encountered in the physical world. Today, mathematics is essential in virtually all fields of human endeavor, including business, the arts, and the social sciences.

The Bachelor of Arts degree requires at least 11 mathematics courses and two physics courses, in addition to the study of a foreign language; this program is appropriate for students who wish a broader liberal arts education. The Bachelor of Science degree requires at least 14 mathematics courses and two physics courses but no foreign language study; it is more specialized, and it is recommended for those strongly

interested in mathematics and science. The department also offers a minor degree in mathematics.

The major programs provide flexibility with elective courses. Students may take advantage of a range of interdisciplinary programs and may join a major in mathematics with one in such fields as computer science, physics, and biology.

Exceptional students are accepted into the Honors Program and have the option to enroll in honors sections of several of their mathematics courses. All math majors may benefit from co-op opportunities in the scientific and business communities in Boston and elsewhere.

Many of the mathematics courses that we offer use computers for visualization, modeling, and numerical approximation.

Students planning to teach secondary-school mathematics must major in mathematics and take a specific minor in education, which includes course work and student teaching.

Mathematical training may lead to opportunities in applied research (natural sciences, engineering, economics, management, computer science) as well as in mathematical research, teaching, or industry.

Programs

Bachelor of Arts (BA)

- Mathematics (p. 624)

Bachelor of Science (BS)

- Mathematics (p. 626)
- Biology and Mathematics (p. 551)
- Computer Science and Mathematics (p. 342)
- Data Science and Mathematics (p. 386)
- Economics and Mathematics (p. 634)
- Graphic and Information Design and Mathematics (p. 104)
- Mathematics and Business Administration (p. 268)
- Mathematics and Cultural Anthropology (p. 639)
- Mathematics and Physics (p. 640)
- Mathematics and Political Science (p. 642)
- Mathematics and Psychology (p. 643)
- Mathematics and Sociology (p. 645)

Minor

- Mathematics (p. 646)

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p. 701)

Mathematics, BA

The Bachelor of Arts degree requires at least 11 mathematics courses and two physics courses, in addition to the study of a foreign language. This program is appropriate for students who wish a broader liberal arts education.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Mathematics Major Grade Requirement

A grade of C or higher is required in all mathematics courses numbered 3000 and below and in MATH 4000.

Mathematics Major Requirements

Code	Title	Hours
Problem Solving		
MATH 1365	Introduction to Mathematical Reasoning	4
History of Mathematics		
MATH 2201	History of Mathematics	4
Calculus		
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
Intermediate and Advanced Mathematics		
MATH 2331	Linear Algebra	4
MATH 3150	Real Analysis	4
or MATH 4565	Topology	
MATH 3175	Group Theory	4
MATH 3560	Geometry	4
or MATH 3527	Number Theory 1	
Co-op Reflections		
MATH 3000	Co-op and Experiential Learning Reflection Seminar 1	1
Mathematics Elective		
Complete one course in the following range:		4
MATH 3001 to MATH 4899		
Required Physics		
<i>Physics 1</i>		
Complete one of the following:		5
PHYS 1161 and PHYS 1162	Physics 1 and Lab for PHYS 1161	
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	
<i>Physics 2</i>		
Complete one of the following:		5
PHYS 1165 and PHYS 1166	Physics 2 and Lab for PHYS 1165	
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	

Capstone		Hours
Complete one of the following:		4
MATH 4025	Applied Mathematics Capstone	
MATH 5131	Introduction to Mathematical Methods and Modeling	
MATH 4020	Research Capstone	

Mathematics Major Credit Requirement

Complete 54 semester hours in the major.

Upper-Division Electives

Note: Courses used as upper-division electives do not count toward the major or NUpath.

Code	Title	Hours
Complete three general electives numbered 3000 or above.		12

Program Requirement

128 total semester hours required

Mathematics, BS

The Bachelor of Science degree requires 14 mathematics courses and 2 physics courses. It is the degree most commonly pursued by math majors and is the one recommended for those strongly interested in mathematics and science.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Mathematics Major Grade Requirement

A grade of C or higher is required in all mathematics courses numbered 3000 and below and in MATH 4000.

Mathematics Major Requirements

Code	Title	Hours
Problem Solving		
MATH 1365	Introduction to Mathematical Reasoning	4
Calculus		
A grade of C or higher is required:		
MATH 1341	Calculus 1 for Science and Engineering	4

MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
Intermediate and Advanced Mathematics

Biology and Mathematics, BS

In the BS, combined biology and mathematics degree program, science courses lay the groundwork for strong basic training in mathematics, chemistry, and physics that are relevant to biology. In biology courses, students broadly explore the organization and processes of life—from molecules and cells through organs and organ systems to populations, ecosystems, and evolution. In mathematics courses, students pursue mathematical reasoning, differential equations, and linear algebra, as well as statistics and probability. The fields of biology and mathematics are integrated in a range of course offerings including bioinformatics, applied statistics, advanced genomics, and biological imaging.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Biology Requirements

MATH 4581	Statistics and Stochastic Processes
MATH 7343	Applied Statistics
BINF 6308	Bioinformatics Computational Methods 1
BINF 6309	Bioinformatics Computational Methods 2

Intermediate or Advanced Science

Complete one course from the following: 4

BIOL 2301 to BIOL 5999
CHEM 2311 to CHEM 5999
EEMB 2290 to EEMB 5999
ENVR 2310 to ENVR 5999
MATH 2280 to MATH 5999
PHYS 2303 to PHYS 5999
PSYC 2290 to PSYC 5999

Writing Requirement

ENGW 3307	Advanced Writing in the Sciences	4
-----------	----------------------------------	---

Biology and Mathematics Combined-Major Credit/GPA Requirements

Complete 93 semester hours in the major with a cumulative GPA of 2.000.

Program Requirements

143 total semester hours required

Computer Science and Mathematics, BS

The computer science and mathematics combined major was the first dual major created by the college. The mathematics requirements focus on courses that have computing applications or form the basis for further studies in mathematical theory. The program emphasizes the strong ties between computer science and mathematics that date back to the origins of machine computation in the 1930s and 1940s—and persist to this day.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800 (Integrative course)	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
CS 2800 and CS 2801	Logic and Computation and Lab for CS 2800	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3500	Object-Oriented Design	4
CS 3800	Theory of Computation	4
CS 4300	Computer Graphics (Integrative course) ¹	4
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective Courses

With advisor approval, a directed study, research, project study, or appropriate graduate-level course may also be taken as a computer science elective.

Complete eight credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010

CY 2000 or higher, except CY 4930

DS 2000 or higher, except DS 4900

IS 2000 or higher, except IS 4900

¹ CS 4300 satisfies the capstone requirement.

Data Science and Mathematics, BS

The data science and mathematics combined major combines computer science, data science, and mathematics into an integrated curriculum. The program provides the rigorous theoretical background necessary for success in the data science field.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1

CS 1210	Professional Development for Khoury Co-op	1
---------	---	---

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800 (Integrative course)	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
CS 2810	Mathematics of Data Models	4

Computer Science Required Courses

CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Data Science Foundations

DS 3000	Foundations of Data Science	4
DS 4200	Information Presentation and Visualization	4
DS 4300	Large-Scale Information Storage and Retrieval	4
DS 4900	Data Science Senior Project	4

Khoury Elective Courses

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete four credits of CS,CY, DS, or IS classes that are not already required. Choose courses within the following ranges:	4
CS 2500 or higher, except CS 5010	
CY 2000 or higher, except CY 4930	
DS 2000 or higher, except DS 4900	
IS 2000 or higher, except IS 4900	

Mathematics Courses

Code	Title	Hours
Problem-Solving Requirement		
MATH 1365	Introduction to Mathematical Reasoning	4
Calculus Requirement		
MATH 1341	Calculus 1 for Science and Engineering (a grade of C– or higher is required)	4
MATH 1342	Calculus 2 for Science and Engineering (a grade of C– or higher is required)	4
MATH 2321	Calculus 3 for Science and Engineering	4
Intermediate and Advanced Math Requirement		
MATH 2331	Linear Algebra	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
MATH 3081	Probability and Statistics	4
MATH 3175	Group Theory	4
MATH 3527	Number Theory 1	4
Mathematics Elective Requirement		

Complete four courses in the following range:	16
MATH 3001 to MATH 4999 but not MATH 4000	

Integrative Requirement

Code	Title	Hours
Integrative Course		
DS 4400	Machine Learning and Data Mining 1	4

Computer Science Writing Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
Advanced Writing in the Disciplines		
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 20 credits of general electives.		20

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

133 total semester hours required

Economics and Mathematics, BS

Given the mathematical and graphical models used extensively in economics, economics and mathematics are natural partners. Our combined major with mathematics is designed for students who want to further develop their mathematics skills to enhance their understanding and interest in economics. This combined major is strongly recommended for students with an interest in pursuing graduate studies in economics.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Economics Requirements

Code	Title	Hours
Introduction to College		
ECON 1000	Economics at Northeastern	1
or MATH 1000	Mathematics at Northeastern	

Required Economics

A minimum grade of C (2.000) must be earned in each of the following required classes.

ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2560	Applied Econometrics	4

Economics Electives

Complete four economics electives with not more than two at the introductory level: 16

Introductory

ECON 1200 to ECON 1990

Intermediate/Advanced

ECON 2990 to ECON 3499

ECON 3915 Intermediate Selected Topics in Macroeconomics

ECON 3916 Intermediate Selected Topics in Microeconomics

ECON 3990 Elective

ECON 4600 to ECON 4681

ECON 4915 to ECON 4916

ECON 4965 Undergraduate Teaching Experience 1

ECON 4970 to ECON 4990

ECON 4992 Directed Study

ECON 4994 Internship

Mathematics Requirements

Code	Title	Hours
Required Mathematics		
MATH 1365	Introduction to Mathematical Reasoning	4
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
MATH 2331	Linear Algebra	4
MATH 3081	Probability and Statistics	4

Mathematics Electives

Complete two courses in the following range: 8

MATH 3001 to MATH 4999

The following courses are recommended:

MATH 3150 Real Analysis

MATH 4581 Statistics and Stochastic Processes

Breadth Course

Code	Title	Hours
Computer Science		
Choose one of the following: 4		
CS 1100	Computer Science and Its Applications	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	

Integrative Requirements

Code	Title	Hours
Advanced Writing in the Disciplines		
ENGW 3308	Advanced Writing in the Social Sciences	4
Integrative Course		
Complete one of the following:		4
ECON 4692	Senior Economics Seminar	
MATH 4025	Applied Mathematics Capstone	
MATH 5131	Introduction to Mathematical Methods and Modeling	

Combined-Major GPA/Credit Requirement

Code	Title	Hours
A minimum grade of C (2.000) must be earned in each of the following required courses.		
ECON 1115	Principles of Macroeconomics	
ECON 1116	Principles of Microeconomics	
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2560	Applied Econometrics	
MATH 3081	Probability and Statistics	

A cumulative GPA of 2.000 is required in all math courses.
A grade of C or higher is required in all math courses numbered MATH 2999 or below; grades below C will not count toward the degree.
Complete 76 semester hours in the major.

Program Requirement

128 total semester hours required

Graphic and Information Design and Mathematics, BS

The Department of Mathematics and the Department of Art + Design offer a combined major in mathematics and graphic and information design. Students interested in the combined major integrate the study of mathematical reasoning including methods for analyzing and solving problems encountered in the physical world with the design of message and meaning, integrating text and image to visualize concepts and data to enhance human understanding of complex and vital knowledge.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), Formal and Quantitative Reasoning (FQ), Analyzing and

Using Data (AD), and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Difference and Diversity (DD), and Ethical Reasoning (ER) must be met through electives.

Graphic and Information Design Requirements

Code	Title	Hours
Art and Design at Northeastern		
ARTF 1000 or MATH 1000	Art and Design at Northeastern Mathematics at Northeastern	1
Art and Design Fundamentals		
Complete one course in the following range. ARTF 1143 is recommended.		4
ARTF 1141 to ARTF 1149		
ARTF 1122	2D Fundamentals: Surface and Drawing (with optional ARTF 1123)	4
Art and Design History		
ARTH 2210	Modern Art and Design History	4
ARTH 2215	History of Graphic Design	4
Design		
ARTG 1250	Design Process Context and Systems	4
ARTG 2250	Typography 1 (with optional ARTG 2251)	4
ARTG 2252	Graphic Design 1	4
ARTG 3350	Typography 2	4
ARTG 3451	Information Design 1	4
Degree Project		
ARTG 4550	Design Degree Project 1	4
Art and Design Elective		
Complete one of the following:		4
ARTD 2360	Photo Basics (with optional ARTD 2361)	
ARTD 2380	Video Basics (with optional ARTD 2381)	
ARTG 2260	Programming Basics	
ARTF 1120	Observational Drawing	
ARTF 1121	Conceptual Drawing	
ARTF 1124 and ARTF 1125	3D Fundamentals: Structure and Drawing and 3D Tools	
ARTF 2223	5D Fundamentals: Experience and Drawing (with optional ARTF 2224)	
ARTG 2400	Interaction Design 1: Responsive (with optional ARTG 2401)	
ARTG 3351	Time-Based Design	
ARTG 3450	Graphic Design 2	
ARTG 3460	Identity and Brand Design	
ARTG 4552	Information Design 2	
ARTG 4553	Environmental Information Design	
ARTG 4554	Typography 3	

Mathematics Requirements

Code	Title	Hours
Math Reasoning		
MATH 1365	Introduction to Mathematical Reasoning	4

Calculus

A grade of C or higher is required:

MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4

Intermediate Math

MATH 2341	Differential Equations and Linear Algebra for Engineering	4
MATH 2331	Linear Algebra	4
MATH 3081	Probability and Statistics	4

Advanced Elective

Complete one of the following: 4

MATH 3150	Real Analysis	
MATH 3175	Group Theory	
MATH 3560	Geometry	

Mathematics Elective

MATH 4025 can count as an upper-level math elective as well as a capstone.

Complete one course in the following range: 4

MATH 3101 to MATH 4899		
------------------------	--	--

Integrative Requirement

Code	Title	Hours
ARTG 3451	Information Design 1	4

Combined-Major Credit Requirement

Complete 80 semester hours in the major.

Program Requirement

128 total semester hours required

Mathematics and Business Administration, BS

A combined major combines two majors in a way that allows a student to fulfill all requirements within the standard 128 credits. For details, see program requirements.

Current students can also find details about combined majors and minors by going to their audit, clicking on "explore options," and finding the appropriate program. Students will be able to see a list of required courses and will be able to track their progress toward fulfilling them.

In the BS combined mathematics and business administration degree program, business and mathematics courses lay the groundwork for strong basic training in finance.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Mathematics Requirements

Code	Title	Hours
Required Courses		
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4

MATH 1365	Introduction to Mathematical Reasoning	4
MATH 3081	Probability and Statistics	4
Calculus and Linear Algebra (Required) and Differential Equations (Recommended)		
Complete either Option 1 or Option 2 below:		8
<i>Option 1 (Recommended)</i>		
MATH 2321	Calculus 3 for Science and Engineering	
MATH 2341	Differential Equations and Linear Algebra for Engineering	
<i>Option 2</i>		
MATH 2321	Calculus 3 for Science and Engineering	
or MATH 2323	Calculus 3 for Business, Economics, and Mathematics	
MATH 2331	Linear Algebra	
Co-op Reflections		
MATH 3000	Co-op and Experiential Learning Reflection Seminar 1	1
Mathematics Electives		
Complete three courses in the range MATH 3001 to MATH 5999. The following courses are recommended:		12
MATH 4681	Probability and Risks	
MATH 4682	Theory of Interest and Basics of Life Insurance	
MATH 4581	Statistics and Stochastic Processes	

Business Requirements

Code	Title	Hours
Accounting		
ACCT 1201	Financial Accounting and Reporting	4
ACCT 2301	Managerial Accounting	4
Finance		
FINA 2201	Financial Management	4

ORGB 3201	Organizational Behavior	4
International Business/Social Responsibility		
INTB 1203	International Business and Global Social Responsibility	4
Strategy in Action		
STRT 4501	Strategy in Action	4

Integrative Course

Note: Financial Risk Management (FINA 4512) also counts toward the finance concentration.

Code	Title	Hours
FINA 4512	Financial Risk Management	4

Finance Concentration

Code	Title	Hours
Finance Requirements		
FINA 3301	Corporate Finance	4
FINA 3303	Investments	4
FINA 4512	Financial Risk Management	4

Finance Elective

Complete one of the following:		4
ENTR 3520	Impact Investing and Social Finance	
or FINA 2720	Sustainability in the Business Environment	
FINA 4604	Fixed-Income Securities (Recommended)	
FINA 4310	Working Capital Management	
FINA 4312	Issues in Corporate Governance	
FINA 4320	International Financial Management	
FINA 4410	Valuation and Value Creation	
FINA 4412	Personal Financial Planning	
FINA 4420	Mergers and Acquisitions	
FINA 4514	Investment Banking	
FINA 4516	Real Estate Finance	
FINA 4526	Core Topics in Alternative Investments	
FINA 4602	Turnaround Management	
FINA 4604	Fixed-Income Securities	
FINA 4608	Advanced Financial Strategy	
FINA 4610	Entrepreneurial Finance, Innovation Valuation, and Private Equity	
FINA 4983	Special Topics in Finance	

Second Business Concentration (Optional)

A second business concentration is optional and may be chosen from the following list. Requirements for the concentrations are listed below (p. 270).

- Accounting (p. 270)
- Business/Interdisciplinary (p. 270)
- Entrepreneurship and Innovation (p. 270)
- Healthcare Management and Consulting (p. 277) (available only as a second concentration)
- International Business (p. 278) (available only as a second concentration)
- Management (p. 270)
- Management Information Systems (p. 271)
- Marketing (p. 271)
- Marketing Analytics (p. 280) (available only as a second concentration)
- Supply Chain Management (p. 271)

Supplemental Courses

Code	Title	Hours
Economics		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
Co-op Preparation		
BUSN 1103	Professional Development for Business Co-op	1
or EESC 2000	Professional Development for Co-op	

Business Cooperative Education Requirement

Complete one six-month co-op experience.

Mathematics GPA Requirement

Minimum 2.000 GPA required in all mathematics courses

Business GPA Requirement

Minimum 2.000 GPA required in business courses

Program Requirement

128 total semester hours required

CONCENTRATION IN ACCOUNTING

Code	Title	Hours
Required Courses		
ACCT 3401	Financial Reporting and Analysis 1	4
ACCT 4501	Financial Reporting and Analysis 2	4
Electives		
Complete two of the following:		8
ACCT 3403	Advisory Services and Emerging Accounting Systems	
ACCT 3416	Strategic Cost Analysis for Decision Making	
ACCT 4412	Auditing and Other Assurance Services	
ACCT 4414	Income Tax Determination and Planning	

CONCENTRATION IN BUSINESS/INTERDISCIPLINARY

Code	Title	Hours
Complete four courses in consultation with approved D'Amore-McKim School of Business faculty member.		16

CONCENTRATION IN ENTREPRENEURSHIP AND INNOVATION

Code	Title	Hours
Note: The following courses do not count toward this concentration:		
ENTR 1201	The Entrepreneurial Universe	
ENTR 3308	Business Economic History of South Africa	
ENTR 3318		
ENTR 3328		
ENTR 3338	Field Research in Sustainable Energy in Iceland	
ENTR 3346		
ENTR 4510	Management Consulting Abroad	
ENTR 4514	Development Practice and Global Citizenship in India	

Introductory Course

ENTR 2301	Innovation!	4
or ENTR 2303	Entrepreneurial Marketing and Selling	

Capstone Course

Complete one of the following:		4
ENTR 4501	Business Planning for Technology Ventures	
ENTR 4503	Business Planning for Small and Medium Enterprises	
ENTR 4505	Entrepreneurial Growth Strategy for Technology Ventures	
ENTR 4506	Advanced Studies in Social Enterprise	

Electives

Note: Only one non-ENTR course may be used as an elective.

Complete two of the following:		8
ENTR 2206	Global Social Enterprise	
ENTR 2215	Understanding Family Enterprise	
ENTR 2414	Social Responsibility of Business in an Age of Inequality	
ENTR 2301	Innovation! (if not used as introductory course)	
ENTR 2303	Entrepreneurial Marketing and Selling (if not used for introductory course)	
ENTR 3212	Innovation for Social Change	
ENTR 3217	Global Family Business Leadership	
ENTR 3220	International Entrepreneurship and Innovation Consulting	
ENTR 3305	Entrepreneurial Strategy and Business Model Design	
ENTR 3306	Global Entrepreneurship	
ENTR 3330	Lean Design and Development for Entrepreneurs	
ENTR 3401	Management of Operations and Growth in Small- and Medium-Sized Enterprises	
ENTR 3403	Managing Operations in a Technology-Based Startup Firm	
ENTR 3520	Impact Investing and Social Finance	
ENTR 4225	Growth, Acquisitions, and Alliances	
ENTR 4512	Social Entrepreneurship and Sustainable Development in India	
FINA 4610	Entrepreneurial Finance, Innovation Valuation, and Private Equity	
MGMT 3302	Negotiating in Business	

CONCENTRATION IN MANAGEMENT

Code	Title	Hours
Required Course		
MGMT 4550	Management Consulting in Organizations	4
Electives		
Note: Only one non-MGMT course may be used as an elective.		
Complete three of the following:		12
MGMT 3302	Negotiating in Business	
MGMT 3315	Managing Organizational Change and Disruption	
MGMT 3340	Healthcare Management, Innovation, and Design	
MGMT 3350	Managing a Diverse Workforce	
MGMT 3360	Law and the Legal Process	
MGMT 3420	Managing Human Capital	
MGMT 3530	Project Management	
MGMT 4310	The Management Practices of Great Organizations	
MGMT 4410	Workforce Analytics	
ENTR 2215	Understanding Family Enterprise	
ENTR 2414	Social Responsibility of Business in an Age of Inequality	
ENTR 4225	Growth, Acquisitions, and Alliances	

CONCENTRATION IN MANAGEMENT INFORMATION SYSTEMS

Code	Title	Hours
Required Courses		
MISM 3403	Data Management in the Enterprise	4
MISM 4501	Business Systems Integration	4
Electives		
Note: Only one non-MISM course may be used as an elective.		
Complete two of the following:		8
MISM 2510	Fundamentals of Information Analytics	
MISM 3305	Information Resource Management	
MISM 3404	Data Communications	
MISM 3406		
MISM 3501	Information Visualization for Business	
MISM 3515	Data Mining for Business	
MKTG 4508	Digital Marketing	
SCHM 3301	Global Supply Chain Strategy	
SCHM 3305	Sourcing and Procurement	
SCHM 3308	Supply Chain Analytics	

CONCENTRATION IN MARKETING

Code	Title	Hours
Required Courses		
MKTG 3401	Marketing Research	4
MKTG 3301	Marketing Management	4
or MKTG 4506	Consumer Behavior	
Electives		
Complete two of the following:		8
MKTG 2301	Marketing and Society	
MKTG 3301	Marketing Management (if not selected as a required course)	
MKTG 3501	Marketing Analytics	
MKTG 4220	Marketing in Asia	
MKTG 4420	Sales Management	
MKTG 4502	Marketing in the Service Sector	
MKTG 4504	Advertising and Brand Promotion	
MKTG 4506	Consumer Behavior (if not selected as a required course)	
MKTG 4508	Digital Marketing	
MKTG 4510	New Product Development	
MKTG 4512	International Marketing	

CONCENTRATION IN SUPPLY CHAIN MANAGEMENT

Code	Title	Hours
Required Courses		
SCHM 3301	Global Supply Chain Strategy	4
SCHM 3305	Sourcing and Procurement	4
SCHM 3310	Logistics and Transportation Management	4
Elective		
Complete one of the following:		4
SCHM 3308	Supply Chain Analytics	
SCHM 3320	Demand Planning and Forecasting	
SCHM 4401	Advanced Problems in Supply Chain Management	

Mathematics and Cultural Anthropology, BS

In the BS combined mathematics and cultural anthropology degree program, anthropology and mathematics courses lay the groundwork for strong basic training that is designed to train the student to use mathematical models and methodologies for the study of problems in cultural anthropology.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Mathematics Requirements

Code	Title	Hours
Problem Solving		
MATH 1365	Introduction to Mathematical Reasoning	4
Calculus		
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
Intermediate and Advanced Mathematics		
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
MATH 2331	Linear Algebra	4
MATH 3081	Probability and Statistics	4
Math Electives		
Complete two courses in the following range that are not required in the requirements above:		8
MATH 3001 to MATH 5999		

Anthropology Requirements

Code	Title	Hours
Anthropology Required Courses		
ANTH 1101	Peoples and Cultures	4
ANTH 3410	Ethnographic Field Experience	4
ANTH 3421	Foundations of Anthropological Theory	4
ANTH 2305	Global Markets and Local Culture	4
Anthropology Area Courses		
Complete two of the following. Additional area courses may count as anthropology electives:		8
ANTH 4350	Ethnography of Southeast Asia	

ANTH 4500	Latin American Society and Development	
ANTH 4505	Native North Americans	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	

Anthropology Electives

Complete three 4-semester-hour courses in addition to the requirements stated above. One study-abroad course may count toward this requirement with prior permission from the department. 12

ANTH 2000 to ANTH 4990

Capstone Requirement

ANTH 4600	Senior Seminar	4
-----------	----------------	---

Integrative Requirement

Code	Title	Hours
------	-------	-------

Complete one of the following: 4

MATH 4025	Applied Mathematics Capstone	
MATH 5131	Introduction to Mathematical Methods and Modeling	

Complete the following: 4

ANTH 3120	Consumer Cultures	
-----------	-------------------	--

Total Hours 8

Mathematics and Anthropology Combined-Major Credit Requirement

Complete 80 semester hours in the major.

Program Requirement

Mathematics and Physics, BS

Mathematics and physics have been linked since antiquity. By combining physics and mathematics you can take closely related courses in each discipline, such as statistical mechanics and stochastic processes, mechanics and dynamical systems, thermodynamics and Fourier Series, and quantum mechanics and partial differential equations. The two departments jointly offer a course in mathematical methods in physics.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Mathematics Requirements

Code	Title	Hours
------	-------	-------

Calculus

A grade of C or higher is required:

MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4

Intermediate and Advanced Math

MATH 2341	Differential Equations and Linear Algebra for Engineering	4
-----------	---	---

MATH 2331	Linear Algebra	4
-----------	----------------	---

MATH 3081	Probability and Statistics	4
-----------	----------------------------	---

MATH 3150	Real Analysis	4
-----------	---------------	---

MATH 3175	Group Theory	4
-----------	--------------	---

Co-op Reflections

MATH 3000	Co-op and Experiential Learning Reflection Seminar 1	1
-----------	--	---

Mathematics Elective

Complete one course in the following range: 4

MATH 3101 to MATH 4899

Physics Requirements

Code	Title	Hours
------	-------	-------

Physics 1

Complete one of the following: 5

PHYS 1161 and PHYS 1162
Physics 1 and Lab for PHYS 1161

PHYS 1151 and PHYS 1152 and PHYS 1153
Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151

Physics 2

Complete one of the following: 5

PHYS 1165 and PHYS 1166
Physics 2 and Lab for PHYS 1165

PHYS 1155 and PHYS 1156 and PHYS 1157
Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155

Intermediate Physics

PHYS 2303	Modern Physics	4
-----------	----------------	---

PHYS 2305	Thermodynamics and Statistical Mechanics	4

CONCENTRATION IN AMERICAN POLITICAL INSTITUTIONS

Code	Title	Hours
Complete four of the following: 16		
POLS 2350	State and Local Politics	
POLS 3300	The U.S. Congress	
POLS 3302	Judicial Process and Behavior	
POLS 3307	Public Policy and Administration	
POLS 3310	Public Opinion, Voting, and Elections	
POLS 3160	Campaign Strategy	
POLS 3162	Local Campaigns and Elections	

CONCENTRATION IN CAMPAIGNS AND ELECTIONS

Code	Title	Hours
Required Courses		
POLS 3160	Campaign Strategy	4
POLS 3302	Judicial Process and Behavior	4
Campaigns and Elections Electives		
If POLS 4947 was replaced by a co-op or internship, an additional elective must be taken.		
Complete two of the following: 8		
POLS 2345	Urban Policies and Politics	
POLS 2350	State and Local Politics	
POLS 2355	Intergovernmental Relations	
POLS 3310	Public Opinion, Voting, and Elections	
POLS 3162	Local Campaigns and Elections	

POLS 3320	Politics and Mass Media
POLS 3304	

POLS 3435	Politics and Governance of Europe and the European Union
POLS 3470	Arab-Israeli Conflict

CONCENTRATION IN COMPARATIVE POLITICS

Code	Title	Hours
Theoretical Requirement		
Complete one of the following:		4
POLS 2370	Religion and Politics	
POLS 3418	Nationalism	
POLS 3430	Revolution, Civil War, and Insurrection	
POLS 3487	Politics of Developing Nations	
Regional Requirements		
Complete two of the following:		8
POLS 3435	Politics and Governance of Europe and the European Union	
POLS 3465	Government and Politics in the Middle East	
POLS 3470	Arab-Israeli Conflict	
Experiential/Practicum Requirement		
Complete one of the following:		4
POLS 4915	Model Arab League	
POLS 4918	Model NATO	
POLS 4937	Dialogue of Civilizations: Government and Politics Abroad	

CONCENTRATION IN IDENTITY, CULTURE, AND POLITICS

Code	Title	Hours
Core Course		
POLS 3418	Nationalism	4
Electives		
Complete three of the following:		12
POLS 2360	Politics of Poverty	
POLS 2368	Music and Politics in America and Abroad	
POLS 2370	Religion and Politics	
POLS 2375	Gender and Politics	
POLS 3309	Lesbian, Gay, Bisexual, and Transgender Issues in Public Policy	
POLS 3324	Law and Society	

CONCENTRATION IN INTERNATIONAL RELATIONS AND DIPLOMACY

Code	Title	Hours
Experiential/Practicum Requirement		
Complete one of the following:		4
POLS 4910	Model United Nations	
POLS 4915	Model Arab League	
POLS 4938	Dialogue of Civilizations: International Politics Abroad	
Core Courses		
Complete three of the following:		12
POLS 3405	International Political Economy	
POLS 3406	International Law	
POLS 3408	International Security	

CONCENTRATION IN LAW AND LEGAL STUDIES

Code	Title	Hours
Complete four of the following:		16
POLS 2330	American Political Thought	
POLS 3300	The U.S. Congress	
POLS 3302	Judicial Process and Behavior

In the mathematics and sociology combined-major BS program, sociology and mathematics courses help lay the groundwork for strong basic training that seeks to prepare students toward developing sociological models using mathematics.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Mathematics Requirements

Code	Title	Hours
Problem Solving		
MATH 1365	Introduction to Mathematical Reasoning	4

Calculus

MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4

Intermediate and Advanced Mathematics

MATH 2341	Differential Equations and Linear Algebra for Engineering	4
MATH 2331	Linear Algebra	4
MATH 3081	Probability and Statistics	4

Math Electives

Complete two courses in the following range that are not required in the requirements above:		8
MATH 30001 to MATH 5999		

Sociology Requirements

Code	Title	Hours
Sociology Required Courses		
SOCL 2300	Social Theory	4
SOCL 2320	Statistical Analysis in Sociology	4
SOCL 2321	Research Methods in Sociology	4
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4

Sociology Electives

Complete one course from each course range:		
<i>Introductory Elective</i>		4
SOCL 1101 to SOCL 1999		
<i>Intermediate Elective</i>		4
SOCL 2000 to SOCL 3999		
<i>Advanced Elective</i>		4
SOCL 4000 to SOCL 4999		
Capstone Requirement		
SOCL 4600	Senior Seminar	4

Integrative Requirement

Code	Title	Hours
Complete one of the following:		4
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 3485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	
ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
MATH 4025	Applied Mathematics Capstone	
MATH 5131	Introduction to Mathematical Methods and Modeling	

Mathematics and Sociology Combined-Major Credit Requirement

Complete 68 semester hours in the major.

Program Requirement

128 total semester hours required

Plan of Study

Year 1						
Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2
MATH 1341	4	MATH 1342	4	Vacation		Vacation

Total Hours: 128

Mathematics, Minor

A math minor can be combined with any other major at Northeastern and can be obtained by completing six math courses: two calculus courses, two intermediate courses, and two upper-level courses.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4

Biology majors may substitute the following two courses:

MATH 1251	Calculus and Differential Equations for Biology 1
MATH 1252	Calculus and Differential Equations for Biology 2

Intermediate-Level Courses

Code	Title	Hours
Complete two of the following:		8
MATH 2321	Calculus 3 for Science and Engineering	
MATH 2341	Differential Equations and Linear Algebra for Engineering	
MATH 2331	Linear Algebra	

Mathematics Electives

Code	Title	Hours
Complete two courses in the following range:		8
MATH 3001 to MATH 4699 ¹		

¹ MATH 4000 is excluded.

GPA Requirement

2.000 GPA required in the minor

Physics

Mark C. Williams, PhD

Professor and Chair

110 Dana Research Center
617.373.2902
617.373.2943 (fax)
physics@northeastern.edu

Physics examines the fundamental principles that govern natural phenomena, ranging in scale from collisions of subatomic particles; through the behavior of solids, liquids, and biomolecules; to exploding stars and colliding galaxies.

The program aims to help students experience the intellectual stimulation of studying physics and the excitement of frontline research, understand the basic principles and techniques of physics-related careers, and prepare for graduate study in physics or related fields.

Programs

The department offers several degree programs:

- BS in physics, applied physics, or biomedical physics
- BS in applied physics/MS in electrical engineering
- MS and PhD in physics

Four levels of courses are offered:

- Descriptive courses for nonscience majors with limited mathematical background
- General survey courses for students in scientific and engineering fields
- Advanced courses primarily intended for physics, biomedical physics, and applied physics majors

- Highly advanced courses primarily intended for prospective graduate students

A BS, MS, or a PhD degree in physics offers many career opportunities in industrial, government, and academic high-technology laboratories as scientists or engineers.

COMBINED MAJORS

Students also have the opportunity to combine physics with another discipline through a combined major. Current combined majors with physics include mathematics, computer science, music with concentration in music composition and technology, philosophy, chemical engineering, computer engineering, electrical engineering, and mechanical engineering.

Research Opportunities for Undergraduates

Students are encouraged to participate in the excitement of cutting-edge research in particle physics, biophysics, and nanotechnology with world-renowned faculty.

Programs

Bachelor of Science (BS)

- Physics (p. 647)
- Applied Physics (p. 651)
- Biomedical Physics (p. 656)
- Computer Science and Physics (p. 352)
- Mathematics and Physics (p. 640)
- Physics and Music with Concentration in Music Technology (p. 209)
- Physics and Philosophy (p. 667)

Bachelor of Science in Chemical Engineering (BSCHE)

- Chemical Engineering and Physics (p. 405)

Bachelor of Science in Computer Engineering (BSCompE)

- Computer Engineering and Physics (p. 431)

Bachelor of Science in Electrical Engineering (BSEE)

- Electrical Engineering and Physics (p. 440)

Bachelor of Science in Mechanical Engineering (BSME)

- Mechanical Engineering and Physics (p. 458)

Minor

- Physics (p. 677)

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p. 701)

Physics, BS

The physics program provides a strong foundation in classical and modern physics, including studies of the various physical phenomena such as electromagnetism, dynamics, building blocks of matter, energy, and radiation.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Physics Major Requirements

Code	Title	Hours
Introductory Physics		
<i>Physics 1</i>		
Complete one of the following:		5
PHYS 1161 and PHYS 1162	Physics 1 and Lab for PHYS 1161	
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	
<i>Physics 2</i>		
Complete one of the following:		5
PHYS 1165 and PHYS 1166	Physics 2 and Lab for PHYS 1165	
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	
Intermediate Physics		
PHYS 2303	Modern Physics	4
PHYS 2305	Thermodynamics and Statistical Mechanics	4
PHYS 2371 and PHYS 2372	Electronics and Lab for PHYS 2371	4
Advanced Physics		
PHYS 3600	Advanced Physics Laboratory	4
PHYS 3601	Classical Dynamics	4
PHYS 3602	Electricity and Magnetism	4
PHYS 3603	Electromagnetic Waves and Optics	4
PHYS 5115	Quantum Mechanics	4
Elective Course		
Complete one of the following:		4
MATH 4606	Mathematical and Computational Methods for Physics	
PHYS 3500 to PHYS 7999		
Experiential Learning		
Complete one course in experiential learning. See department for approved courses. Note: The experiential learning requirement is waived following a student presentation connected with a co-op and/or research experience. The requirement is often fulfilled by a talk at a Society of Physics Students meeting but can be fulfilled by an adequately documented presentation at a professional meeting or at an appropriate campus event. Contact your faculty advisor for additional information.		
Senior Capstone		
PHYS 5318	Principles of Experimental Physics	4

Supporting Courses

Code	Title	Hours
Mathematics		
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
MATH 2331	Linear Algebra	4
MATH 3081	Probability and Statistics	4
Computational Methods		
PHYS 1211	Computational Problem Solving in Physics	4
or PHYS 1130	Computing, Data, and Science	
or GE 1111	Engineering Problem Solving and Computation	
Chemistry		
CHEM 1211 and CHEM 1212	General Chemistry 1 and Lab for CHEM 1211	5
Technical Electives		
Complete 8 semester hours from the following:		8
MATH 2280	Statistics and Software	
MATH 2321 to MATH 5999		
PHYS 2303 to PHYS 7999		
CHEM 2311 to CHEM 5999		
BIOL 2301 to BIOL 5999		
ENVR 2300 to ENVR 5999		
CS 2990 to CS 4900		
CHME 2001 to CHME 4699		
CIVE 2001 to CIVE 4699		
EECE 2001 to EECE 5999		
ME 2001 to ME 4699		
IE 2001 to IE 4699		

Physics Major Credit Requirement

Complete 91 semester hours in the major.

Program Requirement

133 total semester hours required

Plan of Study

Note on Physics Plans of Study

Some required physics courses are offered in both fall and spring semesters, while other required courses are offered less frequently. Therefore, the suggested plan of study will vary from student to student, **depending on the year of entry for that student**. Thus, for example, a student who first enrolled in the fall of an even-numbered year should consult the plans of study listed below under Even-Numbered Year One. Those who enter in the fall of an odd-numbered year should consult the plans of study listed below under Odd-Numbered Year One.

Even-Numbered Year One

FIVE YEARS, THREE CO-OPS IN SUMMER 2/FALL

Year 1

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours

Applied Physics, BS

The applied physics BS degree is a flexible, interdisciplinary-oriented program designed to provide students with a solid background in basic physics, in conjunction with the opportunity to sample courses from a wide range of disciplines, including engineering, biology, chemistry, math, environmental studies, and computer science. This program seeks

to enable students to prepare for a variety of careers in, for example, nanotechnology, a medical field, environmental research, or even finance.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Applied Physics Major Requirements

Code	Title	Hours
Introductory Physics		
<i>Physics 1</i>		
Complete one of the following:		5
PHYS 1161 and PHYS 1162	Physics 1 and Lab for PHYS 1161	
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	
<i>Physics 2</i>		
Complete one of the following:		5
PHYS 1165 and PHYS 1166	Physics 2 and Lab for PHYS 1165	
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	
Intermediate Physics		
PHYS 2303	Modern Physics	4
PHYS 2305	Thermodynamics and Statistical Mechanics	4
PHYS 2371 and PHYS 2372	Electronics and Lab for PHYS 2371	4
Advanced Physics		
PHYS 3600	Advanced Physics Laboratory	4
PHYS 3602	Electricity and Magnetism	4
PHYS 3603	Electromagnetic Waves and Optics	4
Advanced Physics Electives		
Complete three of the following:		12
PHYS 3601	Classical Dynamics	
PHYS 5111	Astrophysics and Cosmology	
PHYS 5113	Introduction to Particle and Nuclear Physics	
PHYS 5115	Quantum Mechanics	
PHYS 5116	Complex Networks and Applications	
PHYS 4621	Biological Physics 1	
PHYS 4623	Medical Physics	
PHYS 4651	Medical Physics Seminar 1	

PHYS 4652	Medical Physics Seminar 2	
PHYS 5260	Introduction to Nanoscience and Nanotechnology	
MATH 4606	Mathematical and Computational Methods for Physics	

Experiential Learning

Note: The experiential learning requirement is waived following a student presentation connected with a co-op and/or research experience. The requirement is often fulfilled by a talk at a Society of Physics Students meeting but can be fulfilled by an adequately documented presentation at a professional meeting or at an appropriate campus event. Contact your faculty advisor for additional information.

133 total semester hours required

Plan of Study

Note on Applied Physics Plans of Study

Some required physics courses are offered in both fall and spring semesters, while other required courses are offered less frequently. Therefore, the suggested plan of study will vary from student to student, depending on the year of entry for that student. Thus, for example, a student who first enrolled in the fall of an even-numbered year should consult the plans of study listed below under Even-Numbered Year One. Those who enter in the fall of an odd-numbered year should consult the plans of study listed below under Odd-Numbered Year One.

Even-Numbered Year One

The biomedical physics program seeks to understand the role of physical processes occurring on molecular, cellular, or macroscopic scales; in vital biological functions, ranging from the interaction of chemicals with DNA, to the extraction of oxygen from red blood cells, to the generation of complex electrical signals in the brain and nervous system; and physical principles of medical devices. The biomedical physics program also offers a premed (prehealth) specialized track.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Mathematics and Physics, BS

Mathematics and physics have been linked since antiquity. By combining physics and mathematics you can take closely related courses in each discipline, such as statistical mechanics and stochastic processes, mechanics and dynamical systems, thermodynamics and Fourier Series,

and quantum mechanics and partial differential equations. The two departments jointly offer a course in mathematical methods in physics.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Mathematics Requirements

Code	Title	Hours
Calculus		
A grade of C or higher is required:		
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
Intermediate and Advanced Math		
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
MATH 2331	Linear Algebra	4
MATH 3081	Probability and Statistics	4
MATH 3150	Real Analysis	4
MATH 3175	Group Theory	4
Co-op Reflections		
MATH 3000	Co-op and Experiential Learning Reflection Seminar 1	1
Mathematics Elective		
Complete one course in the following range:		4
MATH 3101 to MATH 4899		

Physics Requirements

Code	Title	Hours
Physics 1		
Complete one of the following:		5
PHYS 1161 and PHYS 1162	Physics 1 and Lab for PHYS 1161	
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	
Physics 2		
Complete one of the following:		5
PHYS 1165 and PHYS 1166	Physics 2 and Lab for PHYS 1165	
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	

Intermediate Physics

PHYS 2303	Modern Physics	4
PHYS 2305	Thermodynamics and Statistical Mechanics	4
PHYS 2371 and PHYS 2372	Electronics and Lab for PHYS 2371	4
Advanced Physics		
PHYS 3600	Advanced Physics Laboratory	4
PHYS 3602	Electricity and Magnetism	4
Elective Courses		
Complete two courses in the following range:		8
PHYS 3000 to PHYS 7999		

Integrative Courses

Code	Title	Hours
PHYS 3601	Classical Dynamics	4
MATH 4545 or MATH 4525	Fourier Series and PDEs Applied Analysis	4

Combined-Major Credit Requirement

Complete 83 semester hours in the major.

Program Requirement

128 total semester hours required

Computer Science and Physics, BS

The computer science and physics combined major brings together three disciplines: computer science, physics, and mathematics. The mathematics requirements serve as a foundation for both computer science and physics. From hands-on experience with sophisticated physics instruments, to mathematical theory, to the latest computational innovations, our interdisciplinary approach will prepare students for the myriad challenges in today's rapidly changing world.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1
Computer Science Fundamental Courses		
A grade of C- or higher is required in all computer science fundamental courses except CS 1802:		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5

CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
CS 2800 and CS 2801	Logic and Computation and Lab for CS 2800	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3500	Object-Oriented Design	4
CS 3800	Theory of Computation	4
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	4

Computer Science Senior Seminar

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Physics Courses

Code	Title	Hours
------	-------	-------

Required Courses

PHYS 1161 and PHYS 1162	Physics 1 and Lab for PHYS 1161	5
PHYS 1165 and PHYS 1166	Physics 2 and Lab for PHYS 1165	5

Intermediate Physics

PHYS 2303	Modern Physics	4
PHYS 2305	Thermodynamics and Statistical Mechanics	4
PHYS 2371 and PHYS 2372	Electronics and Lab for PHYS 2371 (Integrative course)	4

Advanced Physics

PHYS 3600	Advanced Physics Laboratory	4
PHYS 3602	Electricity and Magnetism	4

Capstone and Electives

Code	Title	Hours
------	-------	-------

Capstone

Complete either one computer science capstone or the physics capstone:		4
---	--	---

Computer Science Capstone

CS 4100	Artificial Intelligence	
CS 4300	Computer Graphics	
CS 4410	Compilers	
CS 4150	Game Artificial Intelligence	
CS 4550	Web Development	

Physics Capstone

PHYS 5318	Principles of Experimental Physics	
-----------	------------------------------------	--

Khoury Elective

The computer science elective is not required if the student has completed the computer science capstone (above). With advisor approval, a directed study, research, project study, or appropriate graduate-level course may also be taken as a computer science elective.

Complete 4 credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:		4
---	--	---

CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2000 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

Physics Elective

Only one physics elective is required if the student has completed the physics capstone (above).

Complete two courses in the following range: PHYS 3000 to PHYS 5999		8
--	--	---

Integrative Courses

Code	Title	Hours
MATH 1341	Calculus 1 for Science and Engineering (a grade of C– or higher is required)	4
MATH 1342	Calculus 2 for Science and Engineering (a grade of C– or higher is required)	4
MATH 2321	Calculus 3 for Science and Engineering	4

Additional Mathematics Requirements

MATH 2341	Differential Equations and Linear Algebra for Engineering	4
MATH 4525	Applied Analysis	4

Supporting Course

Code	Title	Hours
Complete one of the following:		4
ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
ENGL 2150	Literature and Digital Diversity	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 3485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

Computer Science Writing Requirement

Code	Title	Hours
------	-------	-------

College Writing

ENGW 1111	First-Year Writing	4
-----------	--------------------	---

Advanced Writing in the Disciplines

ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 24 credits of general electives.		24

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Exploring Creative Expression and Innovation
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing in the First Year

- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

136 total semester hours required

Physics and Music with Concentration in Music Technology, BS

The combined major in physics and music provides a strong foundation in classical and modern physics, including studies of the various physical phenomena including electromagnetism, dynamics, building blocks of matter, energy, and radiation. It also provides students with a solid background in composition for acoustic and electronic instruments and for combined and/or interactive live and digital sources. The combined major allows students to learn how physical principles influence sound production and propagation.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Physics Major Requirements

Code	Title	Hours
Introductory Physics		
<i>Physics 1</i>		
PHYS 1161 and PHYS 1162	Physics 1 and Lab for PHYS 1161	5
<i>Physics 2</i>		
PHYS 1165 and PHYS 1166	Physics 2 and Lab for PHYS 1165	5
Intermediate Physics		
PHYS 2303	Modern Physics	4
PHYS 2305	Thermodynamics and Statistical Mechanics	4
PHYS 2371 and PHYS 2372	Electronics and Lab for PHYS 2371	4
Advanced Physics		
PHYS 3600	Advanced Physics Laboratory	4
PHYS 3602	Electricity and Magnetism	4

PHYS 5115	Quantum Mechanics	4
PHYS 5318	Principles of Experimental Physics	4

Supporting Courses

Code	Title	Hours
Mathematics		
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4

Music Requirements

Code	Title	Hours
Music Theory and Composition		
MUSC 1201	Music Theory 1	4
MUSC 1202	Music Theory 2	4
MUSC 3541	Music Analysis Seminar	4
MUST 1301	Introduction to Composition	4
Music in Context		
MUSC 1001	Music in Everyday Life	4
<i>Contemporary</i>		
Complete one course from the following:		4
MUSC 2101	Black Popular Music	
MUSC 2150	Making a Musical: Analysis, Craft, and Creation	
MUSC 2317	Punk Rock	
MUSC 2310	Popular Music Since 1945	
MUSC 2320	40,000 Years of Music Technology	
MUSC 2340	Divas, DJs, and Double Standards	
MUSC 2351	Music, Sound, and the Screen	
MUSC 3560	Topics in Music since 1900	
MUSI 3401	Hip Hop in the Music Industry	
Music Technology		
MUST 1220	Introduction to Music Technology	4
MUST 2431	Computer Music Fundamentals	4
Music Technology Electives		
Complete two of the following:		8
MUST 3540	Special Topics in Music Technology	
MUST 4610	Composition for Electronic Instruments	
Music Technology Capstone		
MUST 4611	Music Technology Capstone/Senior Recital	4

Physics/Music Integrative Requirements

Code	Title	Hours
Integrative Course Requirements		
MUSC 2350	Acoustics and Psychoacoustics of Music	4

Physics and Music Combined-Major Credit Requirement

Complete 94 semester hours in the major.

Music Technology Major Grade Requirement

Students must maintain at least a 2.667 GPA (B- average) in the requirements of the music half of the combined major and also complete

all required music courses with grades of at least C. Students who fail to meet the above standards will be placed on departmental probation; those who remain on probation for two consecutive semesters will be dropped from the major.

Program Requirement

128 total semester hours required

- ³ PHYS 2371/2372 offered every fall
- ⁴ PHYS 3600 offered every summer 1 and summer 2
- ⁶ PHYS 3602 offered every fall and spring
- ⁸ PHYS 5115 offered every fall and spring
- ⁹ PHYS 5318 offered every spring

Physics and Philosophy, BS

The combined major in physics and philosophy provides a strong foundation in classical and modern physics, including studies of the various physical phenomena including electromagnetism, dynamics, building blocks of matter, energy, and radiation. It also provides students with an understanding of the methods and traditions of philosophical thought, as well as with opportunities to critically and collaboratively reflect on the nature of the world and the human situation in it. Students

will be able to describe the method by which physical “law” is made manifest in the sciences, how this knowledge compares with other epistemological models studied in other contexts, and philosophical views on the status and source of physical “law.”

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Physics Major Requirements

Code	Title	Hours

¹ PHYS 3601 offered spring and fall (even years)**Chemical Engineering and Physics, BSCHE**

This intercollege combined major serves students who would like to explore their interest in physics while earning the benefit of a Bachelor of Science degree in chemical engineering. Upon completion, the successful student will understand the fundamental physics behind many chemical-based processes, resulting in the ability to design and practice in the field of engineering that deals with the movement of mass, heat transfer, and reactions involved in the processing of various materials.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond

specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Major GPA Requirement

2.000 minimum required in CHME courses

Mathematics/Science Requirement

Complete 47 semester hours in mathematics and science as indicated below.

Code	Title	Hours
Required Mathematics/Science		
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	5
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	5
PHYS 2371 and PHYS 2372	Electronics and Lab for PHYS 2371	4
PHYS 3601	Classical Dynamics	4
PHYS 3602	Electricity and Magnetism	4
PHYS 5318	Principles of Experimental Physics	4

Supplemental Credit

1 semester hour from the following course counts toward the mathematics/science requirement:	1
GE 1501	Cornerstone of Engineering 1

Advanced Science Requirement

Complete 18 semester hours in advanced chemistry as indicated below.

Code	Title	Hours
CHEM 2311 and CHEM 2312 and CHEM 2319	Organic Chemistry 1 and Lab for CHEM 2311 and Recitation for CHEM 2311	5
PHYS 2303	Modern Physics	4
PHYS 5115	Quantum Mechanics	4
Complete one of the following:		5
CHEM 2313 and CHEM 2314 and CHEM 2320	Organic Chemistry 2 and Lab for CHEM 2313 and Recitation for CHEM 2313	

CHEM 2317 and CHEM 2318 and CHEM 2325	Organic Chemistry 2 for Chemistry Majors and Lab for CHEM 2317 and Recitation for CHEM 2317
---	--

Engineering

Complete 53 semester hours in engineering as indicated below.

Code	Title	Hours
Required Engineering		
PHYS 3600	Advanced Physics Laboratory	4
CHME 2308	Conservation Principles in Chemical Engineering	4
CHME 2310	Transport Processes 1	4
CHME 2320	Chemical Engineering Thermodynamics 1	4
CHME 3312	Transport Processes 2 and Separations	4
CHME 3315	Chemical Engineering Experimental Design 1	4
CHME 3322	Chemical Engineering Thermodynamics 2	4
CHME 4315	Chemical Engineering Experimental Design 2	4
CHME 4510	Chemical Engineering Kinetics	4
CHME 4701	Capstone Design 1: Process Analysis	4
CHME 4703	Capstone Design 2: Chemical Process Design	4

Advanced Engineering Elective

Complete one course numbered between 4000 and 5999 in any of the following subject areas:

CHME, CIVE, EECE, ME, IE, MEIE, and ENGR

Supplemental Credit

2 semester hours from the following course count toward the engineering requirement:

GE 1501 Cornerstone of Engineering 1

3 semester hours from the following course count toward the engineering requirement:

GE 1502 Cornerstone of Engineering 2

Professional Development

Complete 5 semester hours in professional development as indicated below.

Code	Title	Hours
Professional Development		
GE 1000	Introduction to the Study of Engineering	1
CHME 2000	Introduction to Engineering Co-op Education	1
CHME 3000	Professional Issues in Engineering	1

Additional Required Courses

The remaining credit from the following course will apply to the professional development area:

GE 1501 Cornerstone of Engineering 1

The remaining credit from the following course will apply to the professional development area:

GE 1502 Cornerstone of Engineering 2

Writing Requirement and NUPath Courses

Code	Title	Hours
Writing		
A grade of C or higher is required:		
ENGW 1111	First-Year Writing	4
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

NUPath Requirements Through General Electives

NUPath requirements Interpreting Culture (IC), Societies and Institutions (SI), and Differences and Diversity (DD) are not explicitly satisfied by required engineering courses. Students are responsible for satisfying these requirements with general electives.

Required General Electives

Complete two academic, nonremedial, nonrepetitive courses, each equivalent to 4 semester hours.

Program Requirement

139 total semester hours required

Plan of Study

Computer Engineering and Physics, BSCompE

This intercollege dual major serves students who would like to explore their interest in physics while earning the benefit of an accredited Bachelor of Science degree in engineering. The dual major combines a major in physics from the Department of Physics in the College of Arts and Sciences with the Bachelor of Science in Computer Engineering degree from the Department of Electrical and Computer Engineering.

Because of the large body of shared knowledge between computer engineering and physics, an integrated dual major between these two disciplines is a logical course of study and can be accomplished within a student's usual five-year program (including three co-op placements) without requiring course overloading in any semester. A student graduating from this program will have studied both the physical fundamentals and computer systems.

Students interested in this program should contact the Department of Electrical and Computer Engineering or the Department of Physics as early as possible, preferably prior to registering for freshman courses.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Major GPA Requirement

2.000 minimum GPA required in EECE courses

Engineering

Complete 47 semester hours in engineering as indicated below.

Code	Title	Hours
Required Courses		
EECE 2150	Circuits and Signals: Biomedical Applications	5
EECE 2160	Embedded Design: Enabling Robotics	4
Computer Engineering Fundamentals		
EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322	5
EECE 2540	Fundamentals of Networks	4
EECE 2560	Fundamentals of Engineering Algorithms	4
Electrical Engineering Fundamentals		
If more than one electrical engineering fundamentals course is taken, it can count as a technical elective.		
Complete one of the following:		4
EECE 2412 and EECE 2413	Fundamentals of Electronics and Lab for EECE 2412	
EECE 2520	Fundamentals of Linear Systems	
EECE 2530 and EECE 2531	Fundamentals of Electromagnetics and Lab for EECE 2530	
Capstone Courses		
EECE 4790	Electrical and Computer Engineering Capstone 1	4
EECE 4792	Electrical and Computer Engineering Capstone 2	4
Technical Electives		
One CS course from the following approved list may be taken toward the EECE technical elective requirement:		8
EECE 2750	Enabling Engineering	
EECE 4991	Research	
EECE 4992	Directed Study	
EECE 4993	Independent Study	
EECE 2412 to EECE 2530		
EECE 3324 to EECE 4698		
EECE 5155 to EECE 5698		
ENGR 5670	Sustainable Energy: Materials, Conversion, Storage, and Usage	
GE 4608	Introduction to Nanotechnology in Engineering	
CY 2550	Foundations of Cybersecurity	
CS 3200	Database Design	
CS 3500	Object-Oriented Design	

CS 4850	Building Game Engines	
CS 3540 to CS 3800		
CS 4100 to CS 4770		
IS 4200 to IS 4700		

Supplemental Credit

2 semester hours from the following course count toward the engineering requirement: 2

GE 1501 Cornerstone of Engineering 1

3 semester hours from the following course count toward the engineering requirement: 3

GE 1502 Cornerstone of Engineering 2

Mathematics/Science

Complete 63 semester hours in mathematics and science as indicated below.

Code	Title	Hours
Required Mathematics/Science		
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
MATH 3081	Probability and Statistics	4
Complete one of the following:		5
PHYS 1161 and PHYS 1162	Physics 1 and Lab for PHYS 1161	
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	
Complete one of the following:		5
PHYS 1165 and PHYS 1166	Physics 2 and Lab for PHYS 1165	
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	
PHYS 2303	Modern Physics	4
PHYS 2305	Thermodynamics and Statistical Mechanics	4
PHYS 3600	Advanced Physics Laboratory	4
PHYS 3602	Electricity and Magnetism	4
PHYS 5115	Quantum Mechanics	4
Advanced Physics Elective		
Complete one of the following:		4
MATH 4606	Mathematical and Computational Methods for Physics	
PHYS 3600 to PHYS 7999		
Supplemental Credit		

1 semester hour from the following course counts toward the mathematics/science requirement: 1

GE 1501 Cornerstone of Engineering 1

Professional Development

Code	Title	Hours
------	-------	-------

Required Professional Development

GE 1000	Introduction to the Study of Engineering	1
---------	--	---

EECE 2000	Introduction to Engineering Co-op Education	1
-----------	---	---

EECE 3000	Professional Issues in Engineering	1
-----------	------------------------------------	---

Additional Required Courses

One credit hour from the following course counts toward the engineering requirement: 1

GE 1501 Cornerstone of Engineering 1

One credit hour from the following course counts toward the engineering requirement: 1

GE 1502 Cornerstone of Engineering 2

Integrative Requirement

The following course, which counts toward the engineering requirement above, is an integrative course:

Code	Title	Hours
EECE 4790	Electrical and Computer Engineering Capstone 1	4

Writing Requirement and NUPath Courses

Code	Title	Hours
------	-------	-------

Writing

A grade of C or higher is required:

ENGW 1111	First-Year Writing	4

Electrical Engineering and Physics, BSEE

This intercollege combined major serves students who would like to explore their interest in physics while earning the benefit of an accredited Bachelor of Science degree in engineering. The major combines a major in physics from the Department of Physics in the College of Science with the Bachelor of Science in Electrical Engineering degree from the Department of Electrical and Computer Engineering.

Because of the large body of shared knowledge between electrical engineering and physics, a combined major between these two disciplines is a logical course of study and can be accomplished within a student's usual five-year program (including three co-op placements) without requiring course overloading in any semester. A student graduating from this program will have studied both the physical fundamentals and the applications of electronic devices and systems. The program is a particularly appropriate course of study for students who wish to pursue a career in solid-state devices, microelectromechanical systems, or nanotechnology.

Students interested in this program should contact the Department of Electrical and Computer Engineering or the Department of Physics as early as possible, preferably prior to registering for freshman courses.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Major GPA Requirement

2.000 minimum GPA required in EECE courses

Engineering

Complete 50 semester hours in engineering as indicated below.

Code	Title	Hours
Required Courses		
EECE 2150	Circuits and Signals: Biomedical Applications	5
EECE 2160	Embedded Design: Enabling Robotics	4
Electrical Engineering Fundamentals		
EECE 2412 and EECE 2413	Fundamentals of Electronics and Lab for EECE 2412	5
EECE 2520	Fundamentals of Linear Systems	4

EECE 2530 and EECE 2531	Fundamentals of Electromagnetics and Lab for EECE 2530	5
----------------------------	---	---

Computer Engineering Fundamentals

If more than one computer engineering fundamentals course is taken, it can count as a technical elective.

Complete one of the following: 4-5

EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322	
EECE 2540	Fundamentals of Networks	
EECE 2560	Fundamentals of Engineering Algorithms	

Capstone Courses

EECE 4790	Electrical and Computer Engineering Capstone 1	4
EECE 4792	Electrical and Computer Engineering Capstone 2	4

EECE Technical Electives

Complete two of the following: 8-9

EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322	
EECE 4991	Research	
EECE 4992	Directed Study	
EECE 4993	Independent Study	
ENGR 5670	Sustainable Energy: Materials, Conversion, Storage, and Usage	
GE 4608	Introduction to Nanotechnology in Engineering	
EECE 2540 to EECE 2750		
EECE 3324 to EECE 3410		
EECE 4512 to EECE 4698		
EECE 5155 to EECE 5698		

Supplemental Credit

2 semester hours from the following course count toward the engineering requirement: 2

EECE 3468	Noise and Stochastic Processes	
-----------	--------------------------------	--

2 semester hours from the following course count toward the engineering requirement: 2

GE 1501	Cornerstone of Engineering 1	
---------	------------------------------	--

3 semester hours from the following course count toward the engineering requirement: 3

GE 1502	Cornerstone of Engineering 2	
---------	------------------------------	--

Professional Development

Code	Title	Hours
Required Professional Development		
GE 1000	Introduction to the Study of Engineering	1
EECE 2000	Introduction to Engineering Co-op Education	1
EECE 3000	Professional Issues in Engineering	1

Additional Required Courses

The remaining credit from the following course will apply to the professional development area: 1

GE 1501	Cornerstone of Engineering 1	
---------	------------------------------	--

The remaining credit from the following course will apply to the professional development area: 1

GE 1502	Cornerstone of Engineering 2	
---------	------------------------------	--

Mathematics/Science

Complete 57 semester hours in mathematics and science as indicated below.

Code	Title	Hours
Required Mathematics/Science		
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
MATH 1341	Calculus 1 for Science and Engineering	4

Mechanical Engineering and Physics, BSME

This undergraduate program takes advantage of the physical similarities between mechanical engineering and physics, providing students with the opportunity to pursue studies that explore both topics. The program culminates with mechanical engineering capstone design.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Major GPA Requirement

2.000 minimum GPA required in IE, ME, and MEIE courses

Engineering Requirement

Complete 59 semester hours in engineering as indicated below:

Code	Title	Hours
Required Engineering		
ME 2340 and ME 2341	Introduction to Material Science and Lab for ME 2340	5
ME 2350	Statics	4
ME 2355 and ME 2356	Mechanics of Materials and Lab for ME 2355	5
ME 2380	Thermodynamics	4
ME 3455 and ME 3456	Dynamics and Lab for ME 3455	5
ME 3475 or ME 3480	Fluid Mechanics International Applications of Fluid Mechanics	4
ME 4505 and ME 4506	Measurement and Analysis with Thermal Science Application and Lab for ME 4505	5
ME 4508	Mechanical Engineering Computation and Design	4
ME 4550	Mechanical Engineering Design	4
ME 4555	System Analysis and Control	4
ME 4570	Thermal Systems Analysis and Design	4
MEIE 4701	Capstone Design 1	1
MEIE 4702	Capstone Design 2	5

Supplemental Credit

2 semester hours from the following course counts toward the engineering requirement:

GE 1501 Cornerstone of Engineering 1

3 semester hours from the following course counts toward the engineering requirement:

GE 1502 Cornerstone of Engineering 2

Professional Development Requirement

Code	Title	Hours
Professional Development		
GE 1000	Introduction to the Study of Engineering	1
MEIE 2000	Introduction to Engineering Co-op Education	1
MEIE 3000	Professional Issues in Engineering	1

Additional Required Courses

The remaining credit from the following course will apply to the professional development area:

GE 1501 Cornerstone of Engineering 1

The remaining credit from the following course will apply to the professional development area:

GE 1502 Cornerstone of Engineering 2

Mathematics/Science Requirement

Complete 59 semester hours in mathematics and science as indicated below:

Code	Title	Hours
Required Mathematics/Science		
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4

MATH 2341	Differential Equations and Linear Algebra for Engineering	4
PHYS 1161 and PHYS 1162	Physics 1 and Lab for PHYS 1161	5
PHYS 1165 and PHYS 1166	Physics 2 and Lab for PHYS 1165	5
PHYS 2303	Modern Physics	4
PHYS 2371 and PHYS 2372	Electronics and Lab for PHYS 2371	4
PHYS 3602	Electricity and Magnetism	4
PHYS 3600	Advanced Physics Laboratory	4
PHYS 3601	Classical Dynamics	4
PHYS 5318	Principles of Experimental Physics	4

Advanced Physics Elective

Complete one 4-semester-hour course in the following range: PHYS 3600 to PHYS 5999

Supplemental Credit

1 semester hour from the following course counts toward the mathematics/science requirement:

GE 1501 Cornerstone of Engineering 1

Writing Requirement and NUPATH Courses

Code	Title	Hours
Writing		
ENGW 1111	First-Year Writing (a grade of C or higher is required)	4
ENGW 3302	Advanced Writing in the Technical Professions (a grade of C or higher is required)	4

 Maribel Pereira, Administrative Secretary, m.pereira@northeastern.edu

Studies in modern psychology focus on mind, brain, and behavior. Based on empirical research with both humans and animals, psychologists investigate and seek explanations for the behavior and mental life of individuals, develop assessment tools and treatment options for addressing clinical problems, and test applications of psychology in a broad range of contexts.

The psychology curriculum explores such topics as how brain function determines behavior; how we see, hear, and learn; what constitutes normal and abnormal personality; the nature of language and cognitive processing; how emotions affect behavior; how individuals work in groups; the efficacy of a range of therapeutic techniques; and how principles of psychology apply to educational, medical, and other settings. Through laboratory practice and experimentation, individual research projects, and small-group seminars, the program provides the opportunity for critical evaluation and in-depth exploration across the diverse topic areas that constitute modern psychology.

Students are eligible for directed study courses, which are individualized research experiences under the supervision of a faculty member. The department also offers honors sections of various courses. Co-op placements are varied and include both community (often mental health) and laboratory settings, depending on a student's interests.

A solid scientific background in psychology helps prepare students for academic careers in teaching and research, as well as professional careers in business, public and social services, education, mental health, law, and medicine. It also provides a strong foundation for graduate study in all areas of psychology, including clinical programs and programs in experimental and applied psychology.

Note: A double major in psychology and behavioral neuroscience is not offered due to the similarity in the course curricula of these majors.

Programs

Bachelor of Science (BS)

- Psychology (p. 678)
- American Sign Language and Psychology (p. 683)
- Business Administration and Psychology (p. 248)
- Computer Science and Cognitive Psychology (p. 313)
- Criminal Justice and Psychology (p. 690)
- Data Science and Psychology (p. 388)
- Health Science and Psychology (p. 492)
- Linguistics and Psychology (p. 572)
- Mathematics and Psychology (p. 643)

Minor

- Psychology (p. 699)

Psychology, BS

The Bachelor of Science degree program in psychology is designed to provide a research-based undergraduate education for students with a broad range of interests in basic and applied psychology. Psychology majors engage in academic course work and other experiences that span the breadth of psychology, as well as in-depth explorations that meet their own specific interests. Students have an opportunity to take fundamental and advanced courses spanning biological psychology, cognition, social psychology, personality psychology, sensation and perception, clinical psychology, applied psychology, learning and motivation, developmental psychology, and other subfields of psychology. By its very nature, psychology is a wide-ranging, cross-cutting field of study, and we

encourage and offer interdisciplinary explorations via a highly flexible interdisciplinary cluster of courses that counts toward the BS curriculum, strong ties to other departments and programs, and experiential education to enhance the learning process, including conducting research in faculty laboratories and participation in Northeastern's co-op program.

Academic Progression Standards

Students who fail to maintain a minimum grade-point average of 2.000 will be placed on probation. Three consecutive academic terms on probation will result in dismissal from the major.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Psychology Major Requirements

Code	Title	Hours
Introductory Course		
PSYC 1101	Foundations of Psychology	4
Personal/Social Bases of Behavior (Area A)		
Complete two of the following:		8
PSYC 3400	Personality	
PSYC 3402	Social Psychology	
PSYC 3404	Developmental Psychology	
PSYC 3406	Abnormal Psychology	
Biological/Cognitive Bases of Behavior (Area B)		
Complete two of the following:		8
PSYC 3450	Learning and Motivation	
	or PSYC 3451	Learning Principles and Behavior Analysis
PSYC 3452	Sensation and Perception	
PSYC 3458	Biological Psychology	
PSYC 3464	Psychology of Language	
PSYC 3466	Cognition	
Statistics		
PSYC 2320	Statistics in Psychological Research	4
Psychology Seminar		
Complete one of the following:		4
PSYC 4654	Seminar in Behavioral Modification	
PSYC 4656	Seminar in Biological Psychology	
PSYC 4658	Seminar in Psycholinguistics	
PSYC 4660	Seminar in Cognition	
PSYC 4662	Seminar in Personality	
PSYC 4664	Seminar in Social Psychology	
PSYC 4666	Seminar in Clinical Psychology	
PSYC 4668	Seminar in Sensation and Perception	
PSYC 4674	Seminar in Cognitive Neuroscience	

PSYC 4676	Seminar in Developmental Psychology
PSYC 4678	Seminar in Social and Affective Neuroscience

Lab Requirement

Complete two psychology lab courses OR one psychology lab course and one psychology directed study research or honors thesis: 8

Lab

PSYC 4600	Laboratory in Research Design
PSYC 4606	Laboratory in Biological Psychology
PSYC 4610	Laboratory in Psycholinguistics
PSYC 4612	Laboratory in Cognition
PSYC 4614	Laboratory in Social Psychology
PSYC 4616	Laboratory in Personality
PSYC 4622	Laboratory in Sensation and Perception
PSYC 4624	Laboratory in Affective Science
PSYC 4626	Laboratory in Life-Span Emotional Development
PSYC 4628	Laboratory in Developmental Psychology

Directed Study Research or Honors Thesis

PSYC 4991	Directed Study Research
or PSYC 4971	Junior/Senior Honors Project 2

Psychology Required Electives

Code	Title	Hours
Complete five PSYC courses.		20

Supporting Courses**INTERDISCIPLINARY CLUSTER**

Code	Title	Hours
Complete three of the following courses. Choose from one group only. Students may petition to create their own interdisciplinary cluster.		11-15

Educational Psychology

SOCL 1290	Juvenile Delinquency
EDUC 4530	Race and Urban Education
EDUC 5570	Inclusion, Equity, and Diversity
EDUC 1111	Education in the Community
EDUC 5503	Culture, Equity, Power, and Influence
EDUC 5504	Child and Adolescent Development, Learning, and Teaching

Society and Psychology

ANTH 1101	Peoples and Cultures
ANTH 2302	Gender and Sexuality: A Cross-Cultural Perspective
ANTH 2315	Religion and Modernity
LING 3412	Language and Culture
SOCL 1241	Violence and Society
SOCL 1255	Sociology of the Family
SOCL 1260	Gender in a Changing Society
SOCL 1290	Juvenile Delinquency
SOCL 1295	Drugs and Society

Forensic Psychology

CHEM 1107	Introduction to Forensic Science
CRIM 2200	Criminology

CRIM 4010	Gender, Crime, and Justice
CRIM 4020	Race, Crime, and Justice

Cross-Cultural Psychology

ANTH 1101	Peoples and Cultures
LING 3412	Language and Culture
LING 3442	Sociolinguistics

Expressive Therapy

MUSC 1118	Music Therapy 1
THTR 1130	Introduction to Acting
ARTF 1121	Conceptual Drawing

Counseling and Applied Psychology

CAEP 3480	Counseling Theories and Practice
CAEP 3485	Mental Health and Counseling
HUSV 2300	Counseling in Human Services
HUSV 3520	Child Intervention and Treatment

American Sign Language and Psychology, BS

This combined major educates students in cognitive psychology, psycholinguistics, and the structures of human languages in general and American Sign Language (ASL) in particular. Students have an opportunity to simultaneously gain proficiency in speaking and interpreting ASL, giving them access to the culture of Deaf Americans; insights into various features of spoken language; and firsthand experience of the principles underlying the spatial organization of discourse required by signed languages. This knowledge and the psychology background from the major provide a foundation for more advanced studies of ASL and interpreting.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Business Administration and Psychology, BS

This combined major educates students in business and psychology and the interface between the two disciplines. The scope and sequence of psychology courses provide students with a foundation in the interdisciplinary science of psychology, including statistics and research, social psychology, developmental psychology, cognition, and personality. Business courses provide a foundation in accounting, innovation, marketing, management, and organizational behavior, with the opportunity to concentrate in a specific area of business. Students completing this program should be able to understand the relationships between these fields that pertain to explaining and addressing human behavior and business practices.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Business Requirements

Code	Title	Hours
Required Courses		
ACCT 1201	Financial Accounting and Reporting	4
ACCT 2301	Managerial Accounting	4
ENTR 2301	Innovation!	4
FINA 2201	Financial Management	4
INTB 1203	International Business and Global Social Responsibility	4
MISM 2301	Management Information Systems	4
or SCHM 2301	Supply Chain and Operations Management	
MKTG 2201	Introduction to Marketing	4
ORGB 3201	Organizational Behavior	4
STRT 4501	Strategy in Action	4

Supporting Courses for Business

ECON 1115	Principles of Macroeconomics	4
or ECON 1116	Principles of Microeconomics	
MATH 1231	Calculus for Business and Economics	4

Business Concentration

Complete one of the following concentrations. Requirements for the concentrations are listed below (p. 249).

- Accounting (p. 249)
- Entrepreneurship and New Venture Management (p. 249)
- Healthcare Management and Consulting (p. 277)
- International Business (p. 278) (available only as a second concentration)
- Finance (p. 250)
- Management (p. 250)

- Management Information Systems (p. 250)
- Marketing (p. 250)
- Marketing Analytics (p. 280)
- Supply Chain Management (p. 251)

Psychology Requirements

Code	Title	Hours
Required Courses		
PSYC 1101	Foundations of Psychology	4
PSYC 2320	Statistics in Psychological Research	4
or MGSC 2301	Business Statistics	
PSYC 3402	Social Psychology	4
PSYC 3466	Cognition	4
PSYC 3400	Personality	4
PSYC 3404	Developmental Psychology	4
Required Seminar		
Complete one of the following:		4
PSYC 4654	Seminar in Behavioral Modification	
PSYC 4656	Seminar in Biological Psychology	
PSYC 4658	Seminar in Psycholinguistics	
PSYC 4660	Seminar in Cognition	
PSYC 4662	Seminar in Personality	
PSYC 4664	Seminar in Social Psychology	
PSYC 4666	Seminar in Clinical Psychology	
PSYC 4668	Seminar in Sensation and Perception	
PSYC 4674	Seminar in Cognitive Neuroscience	
PSYC 4676	Seminar in Developmental Psychology	
PSYC 4678	Seminar in Social and Affective Neuroscience	
Required Lab		
Complete one of the following:		4
PSYC 4600	Laboratory in Research Design	
PSYC 4606	Laboratory in Biological Psychology	
PSYC 4610	Laboratory in Psycholinguistics	
PSYC 4612	Laboratory in Cognition	
PSYC 4614	Laboratory in Social Psychology	
PSYC 4616	Laboratory in Personality	
PSYC 4622	Laboratory in Sensation and Perception	
PSYC 4624	Laboratory in Affective Science	
PSYC 4626	Laboratory in Life-Span Emotional Development	
PSYC 4628	Laboratory in Developmental Psychology	

Psychology Electives

Complete two PSYC courses not used to fulfill the requirements above:	8
PSYC 1001 to PSYC 5999	

Supporting Courses

Code	Title	Hours
Introduction to College		
BUSN 1102	Personal Skill Development for Business	1
or PSYC 1000	Psychology at Northeastern	

Co-op Preparation

Complete one of the following:		1
BUSN 1103	Professional Development for Business Co-op	
or EESC 2000	Professional Development for Co-op	

Integrative Course

Code	Title	Hours
ORGB 3201	Organizational Behavior	4

Business GPA Requirement

A minimum 2.000 GPA in business courses is required.

Psychology GPA Requirement

A minimum 2.000 GPA in psychology courses is required.

Business Cooperative Education Requirement

Complete one six-month co-op experience.

Program Requirement

128 total semester hours required

Business Concentration

CONCENTRATION IN ACCOUNTING

Code	Title	Hours
Required Courses		
ACCT 3401	Financial Reporting and Analysis 1	4
ACCT 4501	Financial Reporting and Analysis 2	4
Electives		
Complete two of the following:		8
ACCT 3403	Advisory Services and Emerging Accounting Systems	
ACCT 3416	Strategic Cost Analysis for Decision Making	
ACCT 4412	Auditing and Other Assurance Services	
ACCT 4414	Income Tax Determination and Planning	

CONCENTRATION IN ENTREPRENEURSHIP AND INNOVATION

Code	Title	Hours
Note: The following courses do not count toward this concentration:		
ENTR 1201	The Entrepreneurial Universe	
ENTR 3308	Business Economic History of South Africa	
ENTR 3318		
ENTR 3328		
ENTR 3338	Field Research in Sustainable Energy in Iceland	
ENTR 3346		
ENTR 4510	Management Consulting Abroad	
ENTR 4514	Development Practice and Global Citizenship in India	

Introductory Course

ENTR 2301	Innovation!	4
or ENTR 2303	Entrepreneurial Marketing and Selling	

Capstone Course

Complete one of the following: 4

ENTR 4501	Business Planning for Technology Ventures
ENTR 4503	Business Planning for Small and Medium Enterprises
ENTR 4505	Entrepreneurial Growth Strategy for Technology Ventures
ENTR 4506	Advanced Studies in Social Enterprise

Electives

Note: Only one non-ENTR course may be used as an elective.

Complete two of the following: 8

ENTR 2206	Global Social Enterprise
ENTR 2215	Understanding Family Enterprise
ENTR 2414	Social Responsibility of Business in an Age of Inequality
ENTR 2301	Innovation! (if not used as introductory course)
ENTR 2303	Entrepreneurial Marketing and Selling (if not used for introductory course)
ENTR 3212	Innovation for Social Change
ENTR 3217	Global Family Business Leadership
ENTR 3220	International Entrepreneurship and Innovation Consulting
ENTR 3305	Entrepreneurial Strategy and Business Model Design
ENTR 3306	Global Entrepreneurship
ENTR 3330	Lean Design and Development for Entrepreneurs
ENTR 3401	Management of Operations and Growth in Small- and Medium-Sized Enterprises
ENTR 3403	Managing Operations in a Technology-Based Startup Firm
ENTR 3520	Impact Investing and Social Finance
ENTR 4225	Growth, Acquisitions, and Alliances
ENTR 4512	Social Entrepreneurship and Sustainable Development in India
FINA 4610	Entrepreneurial Finance, Innovation Valuation, and Private Equity
MGMT 3302	Negotiating in Business

CONCENTRATION IN FINANCE

Code	Title	Hours
Required Course		
FINA 3301 or FINA 3303	Corporate Finance Investments	4

Electives

Complete three of the following: 12

ENTR 3520 or FINA 2720	Impact Investing and Social Finance Sustainability in the Business Environment
FINA 3301	Corporate Finance (if not selected as a required course)
FINA 3303	Investments (if not selected as a required course)
FINA 4219	Portfolio Management
FINA 4220	Behavioral Finance
FINA 4310	Working Capital Management

FINA 4312	Issues in Corporate Governance
FINA 4320	International Financial Management
FINA 4370	Financial Modeling
FINA 4380	Financial Data Analytics with Python
FINA 4410	Valuation and Value Creation
FINA 4412	Personal Financial Planning
FINA 4420	Mergers and Acquisitions
FINA 4512	Financial Risk Management
FINA 4514	Investment Banking
FINA 4516	Real Estate Finance
FINA 4524	Credit Analysis
FINA 4526	Core Topics in Alternative Investments
FINA 4983	Special Topics in Finance
FINA 4602	Turnaround Management
FINA 4604	Fixed-Income Securities
FINA 4608	Advanced Financial Strategy
FINA 4610	Entrepreneurial Finance, Innovation Valuation, and Private Equity

CONCENTRATION IN MANAGEMENT

Code	Title	Hours
Required Course		
MGMT 4550	Management Consulting in Organizations	4

Electives

Note: Only one non-MGMT course may be used as an elective.

Complete three of the following: 12

MGMT 3302	Negotiating in Business
MGMT 3315	Managing Organizational Change and Disruption
MGMT 3340	Healthcare Management, Innovation, and Design
MGMT 3350	Managing a Diverse Workforce
MGMT 3360	Law and the Legal Process
MGMT 3420	Managing Human Capital
MGMT 3530	Project Management
MGMT 4310	The Management Practices of Great Organizations
MGMT 4410	Workforce Analytics
ENTR 2215	Understanding Family Enterprise
ENTR 2414	Social Responsibility of Business in an Age of Inequality
ENTR 4225	Growth, Acquisitions, and Alliances

CONCENTRATION IN MANAGEMENT INFORMATION SYSTEMS

Code	Title	Hours
Required Courses		
MISM 3403	Data Management in the Enterprise	4
MISM 4501	Business Systems Integration	4

Electives

Note: Only one non-MISM course may be used as an elective.

Complete two of the following: 8

MISM 2510	Fundamentals of Information Analytics
MISM 3305	Information Resource Management

MISM 3404	Data Communications
MISM 3406	
MISM 3501	Information Visualization for Business
MISM 3515	Data Mining for Business
MKTG 4508	Digital Marketing
SCHM 3301	Global Supply Chain Strategy
SCHM 3305	Sourcing and Procurement
SCHM 3308	Supply Chain Analytics

CONCENTRATION IN MARKETING

Code	Title	Hours
Required Courses		
MKTG 3401	Marketing Research	4
MKTG 3301	Marketing Management	4
or MKTG 4506	Consumer Behavior	
Electives		
Complete two of the following:		8
MKTG 2301	Marketing and Society	
MKTG 3301	Marketing Management (if not selected as a required course)	
MKTG 3501	Marketing Analytics	
MKTG 4220	Marketing in Asia	
MKTG 4420	Sales Management	
MKTG 4502	Marketing in the Service Sector	
MKTG 4504	Advertising and Brand Promotion	
MKTG 4506	Consumer Behavior (if not selected as a required course)	
MKTG 4508	Digital Marketing	
MKTG 4510	New Product Development	
MKTG 4512	International Marketing	

CONCENTRATION IN SUPPLY CHAIN MANAGEMENT

Code	Title	Hours
Required Courses		
SCHM 3301	Global Supply Chain Strategy	4
SCHM 3305	Sourcing and Procurement	4
SCHM 3310	Logistics and Transportation Management	4
Elective		
Complete one of the following:		4
SCHM 3308	Supply Chain Analytics	
SCHM 3320	Demand Planning and Forecasting	
SCHM 4401	Advanced Problems in Supply Chain Management	

Computer Science and Cognitive Psychology, BS

The computer science and cognitive psychology combined major provides a foundation in general psychology, psychology of language, cognition, and statistics—all supplemented by an experimental laboratory course, seminar course, and psychology electives. Students who choose this program often have a general interest in human psychology or specific interests in artificial intelligence or human-computer interaction.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3500	Object-Oriented Design	4
CS 4100	Artificial Intelligence (Integrative course)	4
CS 4500 and CS 4501	Software Development and Recitation for CS 4500 (Integrative course)	4
IS 4300	Human Computer Interaction (Integrative course)	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective Courses

With advisor approval, a directed study, research, project study, or appropriate graduate-level course may also be taken as a computer science elective.

Complete twelve credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010

CY 2000 or higher, except CY 4930

DS 2000 or higher, except DS 4900

IS 2000 or higher, except IS 4900

Psychology Courses

Code	Title	Hours
Required Courses		
PSYC 1101	Foundations of Psychology	4

PSYC 2320	Statistics in Psychological Research	4
PSYC 3464	Psychology of Language	4
PSYC 3466	Cognition	4
Advanced Psychology		
PSYC 3452	Sensation and Perception	4
or PSYC 3458	Biological Psychology	
Laboratory in Psychology		
Complete one of the following: 4		
PSYC 4610	Laboratory in Psycholinguistics	
PSYC 4612	Laboratory in Cognition	
PSYC 4622	Laboratory in Sensation and Perception	
Seminar in Psychology		
Complete one of the following: 4		
PSYC 4658	Seminar in Psycholinguistics	
PSYC 4660	Seminar in Cognition	
PSYC 4668	Seminar in Sensation and Perception	
PSYC 4674	Seminar in Cognitive Neuroscience	
Psychology Electives		
Note: Courses satisfying the categories above cannot be reused.		
Complete two of the following: 8		
PSYC 3402	Social Psychology	
PSYC 3404	Developmental Psychology	
PSYC 3450	Learning and Motivation	
PSYC 3451	Learning Principles and Behavior Analysis	
PSYC 3452	Sensation and Perception	
PSYC 3458	Biological Psychology	
PSYC 4512	Neuropsychology	
PSYC 4520	Language and the Brain	
PSYC 4522	Psychology of Reading	
PSYC 4524	Cognitive Development	
PSYC 4610	Laboratory in Psycholinguistics	
PSYC 4612	Laboratory in Cognition	
PSYC 4622	Laboratory in Sensation and Perception	
PSYC 4628	Laboratory in Developmental Psychology	
PSYC 4658	Seminar in Psycholinguistics	
PSYC 4660	Seminar in Cognition	
PSYC 4668	Seminar in Sensation and Perception	
PSYC 4674	Seminar in Cognitive Neuroscience	
PSYC 4676	Seminar in Developmental Psychology	
With prior approval, directed study research and Honors Project courses can also be counted:		
PSYC 4970	Junior/Senior Honors Project 1	
PSYC 4971	Junior/Senior Honors Project 2	
PSYC 4991	Directed Study Research	

Supporting Courses

Code	Title	Hours
Calculus		
A grade of C– or higher is required:		
MATH 1341	Calculus 1 for Science and Engineering	4
Computing and Social Issues		

Complete one of the following:		4
ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
ENGL 2150	Literature and Digital Diversity	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 3485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

Computer Science Writing Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
Advanced Writing in the Disciplines		
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 32 credits of general electives.		32

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Understanding Societies and Institutions
- Analyzing and Using Data
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

133 total semester hours required

Criminal Justice and Psychology, BS

This combined major educates students in criminal justice and psychology and the interface between the two disciplines. The scope and sequence of psychology courses provide students with a foundation in the interdisciplinary science of psychology, including the biological and psychosocial bases of behavior, learning, personality, and cognition. Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. Students completing this program should be able to understand the relationships between the fields, as they relate to understanding and addressing criminal behavior.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Criminal Justice Requirements

Code	Title	Hours
Criminal Justice Core Requirements		
CRIM 1100	Introduction to Criminal Justice	4

Program Requirement

128 total semester hours required

Data Science and Psychology, BS

The psychology and data science combined major offers an integrative curriculum in the study of mind, brain, and behavior and in the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data from small to large volumes. The study of psychology draws upon empirical research with both humans and animals to investigate and seek explanations for the behavior and mental life of individuals and develop assessment tools and treatment options for addressing clinical problems. In this program, students have an opportunity to augment such knowledge with skills in big data analysis, data science, and data analytics.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Data Science Requirements

Health Science and Psychology, BS

The combined Bachelor of Science degree program in health science and psychology is designed to provide an interdisciplinary approach to public health and psychology. Through interdisciplinary explorations, students have the opportunity to develop knowledge in health promotion and illness prevention by way of understanding people's behaviors, perceptions, and emotions within the contexts of relationships and culture. This highly flexible curriculum is enhanced by experiential learning opportunities and prepares students to practice in interdisciplinary settings and be successful in sustaining and promoting health across populations.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Linguistics and Psychology, BS

This combined major educates students in psychology, linguistics, and the interface between the two disciplines, which are core areas within the field of cognitive science. Students study the formal structures of human language; sociocultural aspects of language use; and the cognitive aspects of language representations, language acquisition, and language processing. Students receive interdisciplinary training in the methods of experimental psychology, psycholinguistics, and linguistic analysis.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Linguistics Language Requirement

Complete two courses in the same language with a grade of C or higher. Proficiency at elementary level 2 or higher is required.

Linguistics Requirements

Code	Title	Hours
Introductory Linguistics		
LING 1150	Introduction to Language and Linguistics	4
Intermediate/Advanced Linguistics		
LING 2350	Linguistic Analysis	4
LING 3412	Language and Culture	4
LING 3422	Phonology	4
LING 3450	Syntax	4
Linguistics Electives		

Complete three of the following: 12

DEAF 2700	ASL Linguistics
LING 3420	Phonetics
LING 3424	Morphology
LING 3434	Bilingualism
LING 3442	Sociolinguistics
LING 3452	Semantics
LING 3454	History of English
LING 3456	Language and Gender
LING 3458	Topics in Linguistics
LING 3460	Historical Linguistics
LING 4654	Seminar in Linguistics

Psychology, Minor

The Department of Psychology offers a minor in psychology, which involves taking five psychology courses, some required and some elective, that focus on the multidisciplinary study of mind, brain, and behavior. The minor accommodates students with a broad range of interests in basic and applied psychology. Students can elect to take fundamental and advanced courses spanning biological psychology, cognition, social psychology, personality psychology, sensation and perception, clinical psychology, applied psychology, learning and

motivation, developmental psychology, or other subfields of psychology to craft a minor that reflects their interests within this wide-ranging field.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: A maximum of two courses (or 8 semester hours) of transfer credit may count toward the minor. This minor is not available to students majoring in behavioral neuroscience or in any combined major that involves psychology. Courses taken pass/fail and receiving an S grade may not be used toward the minor.

Code	Title	Hours
Required Course		
PSYC 1101	Foundations of Psychology	4
Personal/Social Bases of Behavior (Area A)		
Transfer courses are not permitted to fulfill the Area A requirement.		
Complete one of the following:		4
PSYC 3400	Personality	
PSYC 3402	Social Psychology	
PSYC 3404	Developmental Psychology	
PSYC 3406	Abnormal Psychology	
Biological/Cognitive Bases of Behavior (Area B)		
Transfer courses are not permitted to fulfill the Area B requirement.		
Complete one of the following:		4
PSYC 3450	Learning and Motivation	
PSYC 3452	Sensation and Perception	
PSYC 3458	Biological Psychology	
PSYC 3464	Psychology of Language	
PSYC 3466	Cognition	

Elective Courses

Code	Title	Hours
Complete two PSYC courses.		8

GPA Requirement

2.000 GPA required in the minor

Interdisciplinary

Programs

Minors

- Environmental Chemistry (p. 425)
- Scientific Commercialization (p. 701)

Environmental Chemistry, Minor

The minor in environmental chemistry offers an opportunity for students of any background interested in environmental sciences to better understand the chemistry of the environment. Students completing the minor in environmental chemistry have an opportunity to learn about the chemical processes of natural systems and environmental pollutants, while earning a credential that highlights their interest and expertise. This can be a useful course of study whether their primary degree and career

will be in one of the traditional chemical, environmental, or engineering programs, or another allied field. No more than two courses (totaling 8 SH to 10 SH) may double count with any major degree requirements.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: No more than two courses (totaling 8 SH to 10 SH) may double count with any major degree requirements.

Required Courses

Code	Title	Hours
Environmental Chemistry Core		
Complete one of the following:		4
ENVR 3410	Environmental Geochemistry	
CIVE 2335	Environmental Engineering Chemistry	
Chemistry Core		
Complete one of the following:		5
CHEM 2321 and CHEM 2322	Analytical Chemistry and Lab for CHEM 2321	
CHEM 2331 and CHEM 2322	Bioanalytical Chemistry and Lab for CHEM 2321	
CHEM 3521 and CHEM 3522	Instrumental Methods of Analysis and Instrumental Methods of Analysis Lab	
Research Experience		
Complete one of the following:		4
CHEM 4750	Senior Research	
CHEM 4770	Chemistry Capstone	
CHEM 4901	Undergraduate Research	
CHEM 4992	Directed Study	
ENVR 4900	Earth and Environmental Science Capstone	
or ENVR 4997	Senior Thesis	
ENVR 4992	Directed Study	
CIVE 4991	Research	
CIVE 4992	Directed Study	

Electives

Code	Title	Hours
Complete two of the following:		8-9
CIVE 2335	Environmental Engineering Chemistry (If not used to satisfy Environmental Chemistry Core)	
CIVE 3435	Environmental Pollution Fate and Transport	
ENVR 4504	Environmental Pollution	
CIVE 5300	Environmental Engineering Laboratory	
ENVR 3125	Global Oceanic Change	
ENVR 3410	Environmental Geochemistry (If not used to satisfy Environmental Chemistry Core)	
ENVR 4500 and ENVR 4501	Applied Hydrogeology and Lab for ENVR 4500	

ENVR 4505	Wetlands
ENVR 5190	Soil Science

GPA Requirement

Minimum 2.000 GPA required in all major courses

Credit Requirement

Minimum of 21 hours required

Scientific Commercialization, Minor

Science innovation—the creation of new scientific knowledge—and entrepreneurship—the translation and commercialization of such ideas into real-world solutions—each require distinctly different skills that are developed through years of experience. Though these undertakings are intimately linked, they are rarely taught together in an integrated academic setting. The minor in science commercialization brings these two sides together and is designed for students who are interested in ventures in science-related areas (the energy sector, biotech and pharmaceuticals, advanced materials, etc.).

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. DMSB students can double-count only one course toward both this minor and their concentration.

Required Courses

Code	Title	Hours
ENR 2301	Innovation!	4
INSC 3000	Science Behind Innovation and Entrepreneurship	4
INSC 4000	Bridging Scientific Discovery and Innovation	4

Electives

Code	Title	Hours
Complete two courses from the following:		8
ENR 4505	Entrepreneurial Growth Strategy for Technology Ventures	
FINA 4610	Entrepreneurial Finance, Innovation Valuation, and Private Equity	
INSC 5000	Translating Scientific Discoveries: From Lab to Fab and Beyond	

GPA Requirement

Minimum 2.000 GPA required in all major courses

Credit Requirement

20 hours required

Accelerated Bachelor/Graduate Degree Programs

Northeastern University offers a number of PlusOne bachelor's/master's degree programs that allow students to accelerate the completion of the bachelor's degree by applying graduate credits taken as an undergraduate toward both the undergraduate and graduate degrees. Generally, both degrees may be earned in one more year than is the normal time allotted for completion of the bachelor's degree. See

additional information on PlusOne Bachelor's/Master's programs (<http://www.northeastern.edu/plusone/>).

The College of Social Sciences and Humanities is a leader in the experiential liberal arts. Students deepen their understandings of culture, society, history, politics, language, and more through the integration of focused academic study and a wide range of experiential opportunities. They use familiar methods and new tools to hone their skills in close reading, interpretation, analysis, oral communication, and critical thinking.

By exploring society's most pressing challenges, students may gain a broad understanding of the relationships among peoples and nations; global economics and politics; the diversity of languages, literatures, religions, and cultures; and multiple perspectives in urban affairs, public policy, law, criminal justice, and the ethical dimensions of human behavior.

The college offers a wide variety of undergraduate programs, including 16 different majors as well as a diverse set of combined-major options, concentrations, minors, and five-year bachelor's/master's degree PlusOne programs. The college also offers students the opportunity to create an independent major in cases where their interests and goals are not met by existing majors. Students in the college take elective classes to complement their chosen area of study and earn either a Bachelor of Arts or a Bachelor of Science degree.

All students in the college integrate experiential learning into their education—many students pursue multiple opportunities. Students may choose to conduct original student research, either independently or with a faculty member; to immerse themselves in communities and cultures either locally or around the world; to enhance their classroom learning through the co-op experience in a variety of fields; or to build more flexibility into their academic path with a Dialogue of Civilizations trip with a faculty member over the summer.

Programs in the college offer the flexibility for students to customize their academic experience around their intellectual and professional interests. A support system of department advisors, college advisors, co-

op coordinators, and peer mentors helps students explore their options and shape their plan.

Academic Advising

The College of Social Sciences and Humanities has an academic advising system that consists of academic advisors located in the Office of Student Academic Affairs in 180 Renaissance Park and faculty advisors located in the college's departments and program offices. Detailed advising information is available on the college website (<https://www.northeastern.edu/cssh/undergraduate/academic-advising/>). Prelaw advising (<http://www.northeastern.edu/prelaw/>) and premedical/pre dental advising (<http://www.northeastern.edu/prehealth/>) are also available.

Academic Progression Standards

The College of Social Sciences and Humanities adheres to the university-wide academic progression standards described in the beginning of the catalog. Some majors have additional specific requirements in order to progress from year to year (see major requirements in departmental listings).

Graduation Clearance Process

Students in the College of Social Sciences and Humanities are required to meet with an academic advisor in the Office of Student Academic Affairs in 180 Renaissance Park to determine their remaining graduation requirements. Some departments also require a meeting with a faculty advisor in their major or program. This should be completed in the junior year to ensure ample time to complete any outstanding requirements.

College Requirements

All students in the College of Social Sciences and Humanities must successfully complete their major, college, and university requirements for their specific degree.

EXPERIENTIAL LIBERAL ARTS REQUIREMENT

The Experiential Liberal Arts course designation is part of a CSSH framework that emphasizes integration of experiential learning along with diversity and inclusion at key points in the curriculum. Students will ordinarily fulfill this requirement through any CSSH course on a Dialogue of Civilizations, any CSSH service-learning course, or an ELA-designated course:

Code	Title	Hours

Serena Parekh, Associate Professor and Program Director,
S.Parekh@northeastern.edu (r.sandler@northeastern.edu)

The PPE major at Northeastern University brings together three of the most important approaches to understanding the world around us: political science, philosophy, and economics. The PPE major is an interdisciplinary degree that not only provides students with the analytic tools from three different disciplines but also teaches students to make connections across disciplines and to keep multiple perspectives in mind when analyzing complex social phenomena. This interdisciplinary perspective and set of skills are indispensable in our increasingly

interconnected world and are essential in addressing the kinds of complex global problems future leaders will need to tackle.

There are a number of varieties of the PPE major that students may choose from in accordance with their own backgrounds and interests. These include:

- environment and energy policy
- international political economy
- law and justice
- logic and game theory
- political philosophy
- public and economic policy

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Computational Social Science, Minor

This minor introduces and develops the essential skills for employing mathematical, formal, and computational methods in the social sciences. Students completing this minor will have a grasp of the fundamentals necessary for pursuing more in-depth studies in the emerging fields of computational social science and big data. The foundational courses emphasize skills in probability, statistics, and introductory programming.

Other courses focus on the application of formal and computational methods in the social sciences including digital analysis of texts, maps, and networks. An additional elective provides breadth in social scientific studies of computation or the foundational principles of logic and computation.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Foundational Courses

Code	Title	Hours
MATH 2280	Statistics and Software	4
or ECON 2350	Statistics	
or CRIM 3700	Criminal Justice Statistics	
or SOCL 2320	Statistical Analysis in Sociology	
or POLS 2400	Quantitative Techniques	
or PSYC 2320	Statistics in Psychological Research	
INSH 1500	Digital Methods for Social Sciences and Humanities	4
or CS 2500	Fundamentals of Computer Science 1	
or DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	

Applications of Computational Approaches in the Social Sciences

Code	Title	Hours
Complete two courses from the following:		8
<i>(Students may complete a capstone project under the direction of a faculty member in lieu of an application course.)</i>		
COMM 2105	Social Networks	
DS 3000	Foundations of Data Science	
or DS 4200	Information Presentation and Visualization	
or DS 4300	Large-Scale Information Storage and Retrieval	
or DS 4400	Machine Learning and Data Mining 1	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
MISM 2301	Management Information Systems	
or MISM 2510	Fundamentals of Information Analytics	
PHIL 2001	Ethics and Evolutionary Games	
POLS 3310	Public Opinion, Voting, and Elections	
PPUA 5262	Big Data for Cities	

Elective in Social Inquiry, Computation, and Logic

Code	Title	Hours
Complete one course from the following:		4
ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
CS 2800	Logic and Computation	
ECON 4681	Information Economics and Game Theory	
IS 2000	Principles of Information Science	
PHIL 1115	Introduction to Logic	
or MATH 1215	Mathematical Thinking	
MATH 3081	Probability and Statistics	

PHIL 4515	Advanced Logic
SOCL 4528	Computers and Society

GPA Requirement

GPA Requirement

2.000 GPA required in the minor

Health, Humanities, and Society, Minor

The health, humanities, and society minor is designed for students who would like to learn how to think capaciously and creatively about health using the rigorous, precise, and flexible skills trained by the social sciences and the humanities. The social sciences teach students to think about the social, economic, and political factors that structure health conditions and outcomes in particular societies, while the humanities train students to navigate the complexities of interpersonal interaction and their ethical implications, to relate the micro to the macro and texts

to contexts, to historicize encounters, to communicate accurately and effectively across a variety of media, and to engage in creative analytical thinking about healthcare. The landscape of healthcare is quickly changing, and this training will equip students well not only for the diverse forms of health work that exist today, but for as yet unimaginable varieties of health-related work in the future.

This minor is structured around the particular competencies that the social sciences and humanities train. Those competencies are narrative and historical perspective, critical attention and observation, ethics and judgment, performance and creativity, and social and structural proficiency. Rather than adopting the more traditional approach of connecting particular skills to particular disciplines (say, narrative to literature and observation to art history), this minor builds from discipline-specific health knowledge while training students to think across disciplines. Thus, it will not be unusual for students to find a single course addressing multiple competencies or to take courses in different disciplines that address the same competency from distinct but complementary perspectives.

This minor is housed in the Humanities Center of the College of Social Sciences and Humanities in partnership with the Bouvé College of Health Sciences.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

No more than two courses, in addition to the introductory course, may be taken under the 2000 level.

Code	Title	Hours
Introductory Course		
INSH 1300	Introduction to Health and Humanities	4
Humanities Requirement		
Complete two of the following:		8
ENGL 2770	Writing to Heal	
ENGL 3700	Narrative Medicine	
ENGL 4710	Capstone Seminar	
ENGL 4040	Topics in 19th-Century Literatures	
HIST 3322	The History of Medicine in North America	
PHIL 1165	Moral and Social Problems in Healthcare	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 1295	Religious Perspectives on Health and Healing	
WMNS 1225	Gender, Race, and Medicine	
Social Sciences Requirement		
Complete two of the following:		8
AFRS 3424	Epidemiology of Pandemic Diseases and Health Disparities in the African Diaspora	
AFRS 4939	Community Health, Culture, and Development in Kenya	
ANTH 4580	Special Topics in Anthropology	
ECON 1230	Healthcare and Medical Economics	

HLTH 5280	The (in)Visibility of (dis)Ability in Society
PHTH/SOCL 1120	Society and Health
PHTH 1270	Introduction to Global Health
PHTH 2300	Communication Skills for the Health Professions
or PHTH 2301	Communication Skills for the Health Professions—Global
PHTH 4120	Global Perspectives on Discrimination and Health
PHTH 5202	Introduction to Epidemiology
PHTH 5234	Economic Perspectives on Health Policy
SOCL 1295	Drugs and Society
SOCL 2303	Gender and Reproductive Justice
SOCL 3441	Sociology of Health and Illness

GPA Requirement

2.000 GPA required in the minor

Food Systems Sustainability, Health, and Equity, Minor

The minor in food systems sustainability, health, and equity is an interdisciplinary exploration of the contemporary food system, with particular attention to how the system evolved; its diverse societal, health, and environmental impacts; and ideas for making the food system more sustainable, healthy, and equitable for all.

For more information, contact the program director, Professor Christopher Bosso, 360K Renaissance Park, c.bosso@northeastern.edu.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
Complete four courses from the list below. Two of the courses must be upper-level (numbered 3000 or higher). Only one course can be from the major.		16-17

Upper-Level Courses

ECON 3404	International Food Policy
ENR 4506	Advanced Studies in Social Enterprise
ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300
ENVR 3150	Food Security and Sustainability
ENVR 4515	Sustainable Development
PPUA 4701	Food Systems Sustainability, Health, and Equity Practicum
PPUA 5263	Geographic Information Systems for Urban and Regional Policy
PPUA 5270	Food Systems and Public Policy

Additional Courses

EEMB 2420	Fisheries Biology, Policy, and Conservation
ENR 2206	Global Social Enterprise
ENVR 1101	Environmental Science

HSCI 1106	Contemporary Issues in Nutrition
HUSV 2400	Food Justice and Community Development
INSH 1102	Food in Contemporary Context
PHIL 1185	The Ethics of Food

GPA Requirement

2.000 GPA required in the minor

Latino/a, Latin American and Caribbean Studies, Minor

Overview

The LLACS (Latino/a, Latin American, and Caribbean Studies) program offers an interdisciplinary minor. It explores the historical, cultural, social, political, and economic foundations of and linkages between U.S. Latino society, Latin America, and the Caribbean. It draws from the heritages of the Americas that are grounded in predominantly indigenous, African, and European cultures.

For information about the minor, contact CSGS Administrative Coordinator Stefanie Rich at s.rich@northeastern.edu.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: Proficiency in Spanish or Portuguese to course number 3101 or above is strongly encouraged.

Required Courses

Code	Title	Hours
LACS 1220	Latino, Latin American, and Caribbean Studies	4
Complete one of the following:		4
HIST 1187	Introduction to Latin American History	
CLTR 1505	Latin American Culture, History, and Politics	

Culture and Literature Electives

Code	Title	Hours
Complete two of the following:		8
CLTR 1240	Latin American Film	
CLTR 1504	Cultural History of Spain	
CLTR 1505	Latin American Culture, History, and Politics	
CLTR 2715	New Media Narratives in Latin America: Local and Global Dimensions	
CLTR 3715	New Narratives: Latin America after 1989	
CLTR 3725	Representing Violence and Human Rights in Latin America	
CLTR 4655	Latin American Literature	
ENGL 2460	Multiethnic Literatures of the U.S.	
MUSC 1131	Music of Latin America and the Caribbean	

History and Social Sciences Electives

Note: With the approval of the director of Latino/a, Latin American, and Caribbean Studies, up to four study-abroad or Dialogue of Civilization courses may be used toward the minor.

Code	Title	Hours
Complete two of the following:		
ANTH 2365	Sport, Culture, and Society	8
ANTH 4500	Latin American Society and Development	
HIST 1206	Drug Trade and Drug War: History, Security, Culture	
SOCL 2270	Race and Ethnic Relations	

GPA Requirement

2.000 GPA required in the minor

Law and Public Policy, Minor

Overview

The law and public policy minor offers students an opportunity to obtain a thorough understanding of the U.S. legal system and to use that knowledge to examine current law and policy debates. In the LPP minor core courses, students have the opportunity to watch a criminal and/or civil trial, participate in a moot court before a panel of "judges," and listen to speakers from both the public and private sector (for example, a superior court judge and assistant attorney general). While the minor is well-suited for students interested in pursuing a career in law and/or policy, it is invaluable for students in any field of practice, as law affects all professions and facets of everyday life.

For more information, contact the program director, Professor Dan Urman, 310 Renaissance Park, 617.373.6145, d.urman@northeastern.edu.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
A grade of B or higher is required in the following two courses:		
LPSC 1101	Introduction to Law	4
LPSC 2301	Introduction to Law, Policy, and Society	4

Law and Public Policy Course

Code	Title	Hours
Complete one of the following:		
LPSC 2302	Global Human Rights: A Social and Economic Perspective	4
LPSC 3303	Topics in Law and Public Policy	
LPSC 4304	Advanced Debates in Law and Public Policy	

Elective Courses

Code	Title	Hours
Complete two of the following courses not used to satisfy the requirements above:		
		8

AFAM 2360	Politics of Poverty
AFAM 2549	Public Policy and Black America
ANTH 4580	Special Topics in Anthropology
COMM 1331	Legal Argumentation, Advocacy, and Citizenship
COMM 2501	Communication Law
COMM 2551	Free Speech in Cyberspace
COMM 3501	Free Speech: Law and Practice
CRIM 1300	The Death Penalty
CRIM 1400	Human Trafficking
CRIM 2100	Criminal Due Process
CRIM 2200	Criminology
CRIM 3030	Global Criminology
CRIM 3040	Psychology of Crime
CRIM 3200	Youth Crime and Justice
CRIM 4010	Gender, Crime, and Justice
CRIM 4020	Race, Crime, and Justice
CRIM 4100	Juvenile Law
CRIM 4500	Police Strategy
CRIM 4630	Political Crime and Terrorism
CRIM 4900	Advanced Seminar in Criminology and Criminal Justice
ECON 1240	Economics of Crime
ECON 3404	International Food Policy
ECON 3423	Environmental Economics
ECON 3424	Law and Economics
ENGL 3325	Rhetoric of Law
ENGW 3311	Advanced Writing for Prelaw
ENVR 5210	Environmental Planning
FINA 4312	Issues in Corporate Governance (for business students only)
HIST 2303	Gender and Reproductive Justice
HIST 2308	Law, Justice, and Society in Modern China
HIST 2360	History of Capitalism in East Asia
HUSV 2800	Sexual Orientation and Gender Expression
INTL 3400	International Conflict and Negotiation
JRNL 3550	The First Amendment and the Media
LPSC 2302	Global Human Rights: A Social and Economic Perspective
LPSC 3303	Topics in Law and Public Policy
LPSC 3307	Understanding the Modern Supreme Court
LPSC 4304	Advanced Debates in Law and Public Policy
MUSI 3335	Copyright Law for Musicians
PHIL 1160	Introduction to Economic Justice
PHIL 2301	Philosophical Problems of Law and Justice
PHIL 2303	Social and Political Philosophy
POLS 3302	Judicial Process and Behavior
POLS 3307	Public Policy and Administration
POLS 3324	Law and Society
POLS 3406	International Law

POLS 4505	U.S. Civil Liberties
PPUA 5264	Energy Transitions and Climate Resilience: Technology, Policy, and Social Change
SOCL 1241	Violence and Society
SOCL 1260	Gender in a Changing Society
SOCL 2303	Gender and Reproductive Justice
SOCL 4514	"The Wire" and the Study of Urban Inequalities
SOCL 4518	Law and Society in a Digital World
WMNS 2303	Gender and Reproductive Justice
WMNS 3100	Gender, Social Justice, and Transnational Activism
WMNS 3500	Sexuality, Gender, and the Law

GPA Requirement

3.000 GPA required in the minor

Urban Studies, Minor

Overview

The urban studies minor offers students interested in cities an opportunity to take advantage of the resources of an urban university situated in a major metropolitan area. The minor seeks to equip students with an understanding of the dynamics of urban growth and development and includes the study of urban social and political institutions. Many courses cover climate change, sustainability, housing, and the urban economy. The minor complements many social science majors as well as architecture, business, and engineering. The minor is designed to provide a solid background for graduate study and professional careers in urban planning and policy, social work, and related fields.

For more information, contact the program director, Professor Gavin Shatkin, 310 Renaissance Park, 617.373.3074, g.shatkin@northeastern.edu.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
POLS 2357	Growth and Decline of Cities and Suburbs	4
SOCL 2358	Current Issues in Cities and Suburbs	4

Elective Courses

Code	Title	Hours
Complete two of the following:		
AFAM 2399	Black Community and Social Change	8
ANTH 2305	Global Markets and Local Culture	
ARCH 2330	Architecture, Modernity, and the City, 1800 to 1910	
ARCH 2340	Architecture, Modernity, and the City, 1910 to 1980	
ARCH 2550	Real Estate Development and Design	
ECON 1240	Economics of Crime	

ECON 3420	Urban Economic Issues
ECON 3422	Economics of Transportation
POLS 2345	Urban Policies and Politics
POLS 2350	State and Local Politics
POLS 2357	Growth and Decline of Cities and Suburbs

POLS 3309	Lesbian, Gay, Bisexual, and Transgender Issues in Public Policy
SOCL 2358	Current Issues in Cities and Suburbs
SOCL 4514	"The Wire" and the Study of Urban Inequalities

GPA Requirement

3.000 GPA required in the minor

Women's, Gender, and Sexuality Studies, Minor

Overview

Northeastern offers an interdisciplinary minor for undergraduate students who wish to explore gender and sexuality in relation to other axes of power and identity, including race, class, ethnicity, and dis/ability. Women's, gender, and sexuality studies (WGSS) covers a wide variety of theoretical and empirical scholarship both within traditional disciplines and in cutting-edge, interdisciplinary frames. WGSS students have an opportunity to:

- Learn about approaches to gender and sexuality in the social sciences and humanities and through frameworks that bridge traditional fields
- Explore gender and sexuality in the global community by dipping into disciplines ranging throughout the social sciences, arts, humanities, and physical sciences
- Study politics and pop culture, sociology and psychology, writing and religion, and much more
- Open up new ways of thinking, bringing gender and sexuality studies to bear on important social and intellectual questions

For more information, visit the WGSS website (<http://www.northeastern.edu/wgss/>), or contact the program coordinator, 263 Holmes Hall, 617.373.4984, wgss@northeastern.edu.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Please note that special topics courses in some areas may also count as electives toward a WGSS minor in certain semesters, pending approval of the syllabus by the WGSS program director. In the case of cross-listed courses, students may enroll under any of the departmental designations, regardless of major or minor affiliation.

Required Course

Code	Title	Hours
WMNS 1103	Introduction to Women's, Gender, and Sexuality Studies	4

Elective Courses

Code	Title	Hours
Complete three of the following:		12
At least one elective must be taken at the 2000 level or above and electives must be drawn from at least two different departments:		
WMNS 1101	Sex, Gender, and Popular Culture	
WMNS/AFAM/ HIST 1225	Gender, Race, and Medicine	
WMNS/HIST/ SOCL 1350	Feminist Resistance

Asian Studies

Website (<http://www.northeastern.edu/asianstudies/>)

Hua Dong, MA

Interim Director

H.Dong@northeastern.edu

201 Renaissance Park

The Asian Studies Program promotes a cosmopolitan understanding of the regional, national, and local cultures in the fastest-growing continent in the world. Our interdisciplinary program is based on an excellent core of faculty who are drawn from a range of departments (including languages, literatures, and cultures; English; history; music; political science; philosophy and religion; public policy; and sociology and anthropology) and the World Languages Center. Our students are strongly encouraged to accelerate their language acquisition process and gain firsthand knowledge of Asian cultures and societies through participation in a university-sponsored study-abroad program, an international co-op, a Dialogue of Civilizations program, or an experiential learning experience. Students can also take advantage of the outstanding Asian cultural resources available in the Boston metropolitan area, particularly at the Museum of Fine Arts and the Peabody Essex Museum in Salem.

Academic Progression Standards

Same as university-wide standards described under "Academic Status (p. 36)."

Preapproved Template Program in Asian Studies

Asian studies offers a preapproved template program that may be paired with another preapproved template program to create a combined major.

Programs

Bachelor of Arts (BA)

- Asian Studies (p. 712)
- History and Asian Studies (p. 713)

Minor

- East Asian Studies (p. 714)

Asian Studies, BA

The Bachelor of Arts in Asian Studies offers undergraduates a broad liberal arts education in the histories, politics, cultures, and societies of Asia. Asian studies majors complete at least two years of an Asian language in addition to pursuing a rigorous course of study covering a number of disciplines and national traditions. The core course work provides foundational knowledge in the history, politics, and societies of East Asian nations, Asia's place within a globalizing world, and skills in research and analysis. Majors are also required to develop expertise in one of the following focus areas: history; society and politics; language, literature, and culture; or religious studies. Finally, students are required to complete academic study or a professional experience abroad.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Asian Studies Requirements

Code	Title	Hours
Required Courses		
ASNS 1150	East Asian Studies	4
HIST 1215	Origins of Today: Historical Roots of Contemporary Issues	4
Asia in Global Context

Asian Studies Major Credit Requirement

Complete 56 semester hours in the major.

Program Requirements

128 total semester hours required

History and Asian Studies, BA

History and Asian studies offers an interdisciplinary combined major. Students interested in the combined major in history and Asian studies integrate the exploration of human history with the rigorous study of Asian cultures, societies, languages, and economies.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

History Requirements

Code	Title	Hours
History Colloquium		
HIST 1000	History at Northeastern	1
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
Introductory Level		
Choose one course from the 1000 level except HIST 1215, which is required by Asian studies.		4

History Seminar and Historical Writing

HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1

Pre-1800 History Elective

Choose one course from the following: 4

HIST 2390	Africa and the World in Early Times
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804
HIST 1252	Japanese Literature and Culture
HIST 1270	Ancient Greece
HIST 1271	Ancient Rome
HIST 1285	Introduction to Russian Civilization
HIST 2330	Colonial and Revolutionary America

Advanced History

Complete one history course 3000 level or above 4

History Cluster

In conjunction with your history advisor, define a history cluster by the first semester of your junior year of study. A cluster comprises four history courses with no more than two courses in the 1200–1299 range. These courses may double-count in the requirements above (except History Colloquium).

Asian Studies Requirements

Code	Title	Hours
Required Courses		
ASNS 1150	East Asian Studies	4
HIST 1215	Origins of Today: Historical Roots of Contemporary Issues	4
Asia in Global Context		
Complete one of the following:		4
ECON 3290	History of the Global Economy	
ENGL 2450	Postcolonial Literature	
INTL 2240	Global Population and Development	
POLS 3487	Politics of Developing Nations	
Complete a professional or academic experience abroad in consultation with your advisor.		

Language and Elective Requirements

Code	Title	Hours
Language Courses		
Complete the following courses in either Chinese or Japanese:		16
<i>Chinese</i>		
Select one of the following:		
CHNS 1101	Elementary Chinese 1	
CHNS 1301	Elementary Chinese Immersion 1	
Select one of the following:		
CHNS 1102	Elementary Chinese 2	
CHNS 1302	Elementary Chinese Immersion 2	
Select one of the following:		
CHNS 2101	Intermediate Chinese 1	
CHNS 2301	Intermediate Chinese Immersion 1	
Select one of the following:		
CHNS 2102	Intermediate Chinese 2	
CHNS 2302	Intermediate Chinese Immersion 2	

Japanese	
JPNS 1101	Elementary Japanese 1
JPNS 1102	Elementary Japanese 2
JPNS 2101	Intermediate Japanese 1
or JPNS 2301	Intermediate Japanese Immersion 1
JPNS 2102	Intermediate Japanese 2
or JPNS 2302	Intermediate Japanese Immersion 2

Asian Studies Electives

Complete three courses from the following focus areas. 12

Society and Politics Focus Area

ANTH 4350	Ethnography of Southeast Asia
ANTH 4515	Culture and Politics in Modern India
ASNS 2245	The Asian-American Experience
INTB 2501	Competing to Win in Emerging Markets
MKTG 4220	Marketing in Asia
PHIL 1130	Ethics: East and West
INTL 2240	Global Population and Development
POLS 3487	Politics of Developing Nations

Language, Literature, and Culture Focus Area

ARCH 1320	Architecture and Global Cultures, 1400 to Present
CLTR 1260	Japanese Film
CLTR 1700	Introduction to Japanese Pop Culture
ENGL 2450	Postcolonial Literature
MUSC 2130	Music of Asia
PHIL 1130	Ethics: East and West

Religious Studies Focus Area

PHIL 1231	
PHIL 1273	
PHIL 1275	Hinduism, Buddhism, and Beyond: Eastern Religions
PHIL 1276	
PHIL 1290	Chinese Philosophy and Religion
PHIL 2394	
PHIL 2395	Japanese Buddhism
PHIL 4393	Asian Religions in the United States
PHIL 4545	Religion and Politics in South Asia

Capstone

Code	Title	Hours
Complete one of the following:		4
HIST 4701	Capstone Seminar	
ASNS 4900	Asian Studies Capstone Directed Study	
ASNS 4920		

Integrative Requirement

Note: Public history concentrators satisfy this requirement within the concentration with Fieldwork in History 1 (HIST 4903) and (HIST 4904).

Code	Title	Hours
HIST 2351	Modern Japan	4
or ASNS 2245	The Asian-American Experience	

History and Asian Studies Major Credit Requirement

Complete 82 semester hours in the major.

Program Requirements

128 total semester hours required

East Asian Studies, Minor

East Asian studies minors can choose from either a nonlanguage or a language track. For the nonlanguage track, minors focus on gaining a broad interdisciplinary understanding of Asian societies, economies, politics, and cultures. The core course, East Asian studies, provides students with an understanding of the interlinkages in the historical, social, and political development of China, Korea, and Japan. Students can then choose from elective courses that represent a spectrum of disciplinary knowledge of Asian societies. For the language track, students are required to achieve at least first-year proficiency in an Asian language and also take East Asian studies and two elective courses of their choosing.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Complete either the nonlanguage track or the language track.

Nonlanguage Track

Code	Title	Hours
Core Course		
ASNS 1150	East Asian Studies	4
Elective Courses		
Complete four of the following. They may include up to two courses taken as part of an approved study-abroad program:		16
ASNS 2245	The Asian-American Experience	
HIST 1253	History of Vietnam Wars	
HIST 1500	Modern Chinese History and Culture	
HIST 1252	Japanese Literature and Culture	
HIST 2308	Law, Justice, and Society in Modern China	
HIST 2351	Modern Japan	
CHNS 1101	Elementary Chinese 1	
CHNS 1102	Elementary Chinese 2	
CHNS 2101	Intermediate Chinese 1	
CHNS 2301	Intermediate Chinese Immersion 1	
CLTR 1500	Modern Chinese History and Culture	
JPNS 1101	Elementary Japanese 1	
JPNS 1102	Elementary Japanese 2	
JPNS 2101	Intermediate Japanese 1	
CLTR 1700	Introduction to Japanese Pop Culture	
CLTR 1260	Japanese Film	
PHIL 1275	Hinduism, Buddhism, and Beyond: Eastern Religions	
PHIL 2395	Japanese Buddhism	
PHIL 4545	Religion and Politics in South Asia	

Language Track

Code	Title	Hours
Core Course		
ASNS 1150	East Asian Studies	4
Required Courses		

Complete the following two courses in either Chinese or Japanese: 8

Chinese

CHNS 1101 and CHNS 1102	Elementary Chinese 1 and Elementary Chinese 2
-------------------------	---

Japanese

JPNS 1101 and JPNS 1102	Elementary Japanese 1 and Elementary Japanese 2
-------------------------	---

Elective Courses

Complete two of the following. They may include up to two courses taken as part of an approved study-abroad program: 8

ASNS 2245	The Asian-American Experience
HIST 1253	History of Vietnam Wars
HIST 1252	Japanese Literature and Culture
HIST 2308	Law, Justice, and Society in Modern China
HIST 2351	Modern Japan
CLTR 1500	Modern Chinese History and Culture
CHNS 2101	Intermediate Chinese 1
CHNS 2301	Intermediate Chinese Immersion 1
CLTR 1700	Introduction to Japanese Pop Culture
CLTR 1260	Japanese Film
JPNS 2101	Intermediate Japanese 1
PHIL 1275	Hinduism, Buddhism, and Beyond: Eastern Religions
PHIL 2395	Japanese Buddhism
PHIL 4545	Religion and Politics in South Asia

GPA Requirement

2.000 GPA required in the minor

School of Criminology and Criminal Justice

Website (<http://www.northeastern.edu/sccj/>)

sccj@northeastern.edu

The School of Criminology and Criminal Justice was established in 1967 as one of the first schools of its kind devoted to matters of crime and justice. The school is a leading force in education, research, and policymaking in both the public and the private sectors of the criminal justice field.

The School of Criminology and Criminal Justice seeks to prepare students for professional and research careers in criminology, criminal justice, and related fields by applying multidisciplinary and comparative

social science to understand, predict, and explain crime as well as to contribute to the development of public policy on crime and justice issues. The school seeks to develop its students intellectually and ethically, while providing them with a keen appreciation of the complexities of crime and of the public and private efforts to make communities safer and to ensure justice.

The world of criminal justice is much more than police officers, corrections officials, criminal defense lawyers, or security and loss prevention personnel. At the School of Criminology and Criminal Justice, the boundaries of criminal justice have expanded beyond traditional views of the field to include emphases on law and justice, organizations and leadership, global criminology, and crime policy. Criminal justice education today is about more than the criminal; it involves understanding the victim and the community: repairing harm, reducing fear, rebuilding safe communities, and assuring justice in spirit and act.

The School of Criminology and Criminal Justice has had a long-standing attachment and commitment to improving a wide range of justice system agencies. The school actively engages external partners in an ongoing conversation about research, community service, and salient policy questions. Part of this dialogue is supported by an ongoing program of applied and social science research. Much of this research focuses on evaluating existing government crime-control programs and policies to determine whether they work, as well as inquiries about the etiology and prevention of crime. In addition, much of our research examines the unintended consequences of policy: institutionalized racism, differential impact of justice policy on certain groups, and the like. Research conducted at Northeastern on these topics is approached with ethical sensitivity and scientific rigor.

Criminology and criminal justice, as a social science, began in the early part of the 20th century. Nearly 100 years old, the field has blossomed in large part through the ingenuity of several notable scholars. The School of Criminology and Criminal Justice is pleased to be home to many of the country's preeminent contemporary scholars. School of Criminology and Criminal Justice faculty members regularly present at scholarly conferences, national and international seminars, and to policymakers worldwide.

Academic Progression Standards

Same as university-wide standards described under "Academic Status (p. 36)."

Programs

Bachelor of Science (BS)

- Criminal Justice (p. 716)
- Computer Science and Criminal Justice (p. 319)
- Criminal Justice and Journalism (p. 184)
- Criminal Justice and Philosophy (p. 722)
- Criminal Justice and Political Science (p. 723)
- Criminal Justice and Psychology (p. 690)
- Criminal Justice and Sociology (p. 726)
- Cybersecurity and Criminal Justice (p. 363)
- Human Services and Criminal Justice (p. 729)

Minor

- Criminal Justice (p. 731)

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p. 1065)

Criminal Justice, BS

The BS in criminal justice degree is designed to prepare students for professional and research careers in criminal justice, criminology, and related fields by applying multidisciplinary and comparative social science to understand, predict, and explain crime and contribute to the development of public policy within urban communities. Using an experiential learning approach, the criminal justice major seeks to develop its students intellectually and ethically, while providing them with a keen appreciation for the complexities of crime and public and private efforts to make communities safer and ensure justice.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Criminal Justice Major Requirements

Code	Title	Hours
Criminal Justice Core Requirements		
CRIM 1100	Introduction to Criminal Justice	4

Computer Science and Criminal Justice, BS

For students interested in criminal justice in an increasingly digital world, the computer science and criminal justice combined degree offers a strong programming foundation coupled with academic and experiential knowledge of the criminal justice system. Students will learn the principles, practices, and responsibilities of criminal justice professionals alongside the computer science skills necessary for practical applications in the field.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1
or CRIM 2000	Co-op Integration Seminar 1	

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
IS 2000	Principles of Information Science	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective Courses

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete 16 credits of upper-division CS, CY, DS, or IS courses that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010

CY 2000 or higher, except CY 4930

DS 2000 or higher, except DS 4900

IS 2000 or higher, except IS 4900

Criminal Justice and Journalism, BS

The School of Criminology and Criminal Justice and School of Journalism offer a combined major in criminal justice and journalism. Criminology and criminal justice courses provide a foundation for understanding crime and our criminal justice system. Journalism courses provide students with the skills and experience needed to succeed as a journalist. Together, the combined major prepares students to report important stories about crime and justice.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Criminal Justice Requirements

Code	Title	Hours
Criminal Justice Required Courses		
CRIM 1100	Introduction to Criminal Justice	4

Criminal Justice and Philosophy, BS

The School of Criminology and Criminal Justice and the Department of Philosophy and Religion offer a combined major in criminal justice and philosophy. This combined major educates students in criminal justice and philosophy and in the interface between the two disciplines. The scope and sequence of philosophy courses provide students with a foundation in topics such as social and political philosophy, philosophy of law, and moral philosophy, while also developing robust analytical and evaluative skills. Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. Students completing this program should have depth of knowledge with respect to analyzing and addressing criminal behavior, as well as with respect to the philosophical and ethical aspects of topics such as law, punishment, justice, and social institutions.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Criminal Justice Major Requirements

Code	Title	Hours
Criminal Justice Required Courses		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 2100	Criminal Due Process	4
CRIM 2200	Criminology	4
CRIM 3600	Criminal Justice Research Methods	4
CRIM 3700	Criminal Justice Statistics	4
Co-op Integration Seminars		
Co-op students should complete the seminars below. Non-co-op students should complete a 4-semester-hour CRIM elective.		
Complete two of the following courses. CRIM 2000 and CRIM 3000 are required for the first co-op. CRIM 4000 is required if a second co-op is taken.		2-4
CRIM 2000	Co-op Integration Seminar 1	
CRIM 3000	Co-op Integration Seminar 2	
CRIM 4000	Co-op Integration Seminar 3

Cybersecurity and Criminal Justice, BS

The cybersecurity and criminal justice combined degree applies a multidisciplinary approach to ensuring the reliability and security of cyberspace. The program will provide students with a strong programming foundation coupled with academic and experiential knowledge of the criminal justice system. Students learn how social behavior, policy, and legal rules can affect cybersecurity and utilize comparative social science to understand, predict, and explain crime.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Human Services and Criminal Justice, BS

A combined major in human services and criminal justice appeals to students interested in the intersection of social and legal issues and institutions. The human services major prepares students for careers in social change by providing students with the theoretical and skill-based background necessary for practice and research. Students with criminal justice course work gain a rigorous interdisciplinary and experiential education in the causes and consequences of crime and the responses of criminal justice. The addition of human services course work complements a criminal justice perspective and considers the role of social services and community-based organizations to prevent, intervene, and treat the causes and consequences of crime.

The degree allows students to combine interests in the justice system, political advocacy, and community development. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning, co-op, and internship opportunities.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Criminal Justice, Minor

Minors in the School of Criminology and Criminal Justice (SCCJ) take the foundational courses in criminology and criminal justice. Minors can also specialize further in their elective courses. These may include courses covering topics such as policing democratic societies, corporate security, punishment and mass incarceration, and juvenile justice. A minor in criminology and criminal justice in combination with a student's major can enhance the student's career possibilities and open new avenues for research experiences.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
CRIM 1100	Introduction to Criminal Justice	4
CRIM 2100	Criminal Due Process	4
CRIM 2200	Criminology	4

Criminal Justice Electives

Code	Title	Hours
Complete two of the following:		8
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime

CRIM 4100	Juvenile Law	
CRIM 4120	Courts and Sentencing	
CRIM 4500	Police Strategy	
CRIM 4630	Political Crime and Terrorism	

GPA Requirement

2.000 GPA required in the minor

Cultures, Societies, and Global Studies

The Department of Cultures, Societies, and Global Studies is an open and dynamic academic platform for interdisciplinary research and teaching on the transformative power of culture as an instrument for social change and innovation. We approach the challenges facing humanity through perspectives that are primarily, though not exclusively, informed by the experiences of the peoples from the Global South (Africa, Asia, the Caribbean, and Latin America) and its diasporas. As we search for the tools to foster sustainable economic growth and social well-being on a global scale, we aim to reevaluate and learn from the historical experiences, belief systems, intellectual traditions, and pressing concerns of the greater part of the world's population. This requires a critical reexamination of the persistence of Eurocentric postulates that were developed to support modern colonialism and nationalism with their variegated world of "otherness". As such, we adhere to the broadest and most inclusive definition of languages and cultures as we aim to understand, shape, and thrive in a global community characterized by increased social connectivity, economic integration, intellectual exchange, and cultural hybridity.

Africana Studies, BA

Africana studies is an interdisciplinary field of study devoted to the critical and systematic examination of the cultural, political, social, economic, and historical experiences of the African Diaspora across the globe. Students are able to focus on either African American or African Studies.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Concentrations

Complete one of the following:

- No concentration option (p. 733)
- African American studies (p. 733)
- African studies (p. 734)

Africana Studies Major Credit Requirements

Complete 48 semester hours in the major.

Program Requirements

128 total semester hours required

Religious Studies and Africana Studies, BA

The Department of Philosophy and Religion and the Program in Africana Studies offer an interdisciplinary combined major in religious studies and Africana studies. Students interested in the combined major integrate the study of religious traditions, religious praxis, and religious ethics with critical and systematic examination of the cultural, political, social, economic, and historical experiences of African Americans throughout the hemisphere and peoples of African descent around the world.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Religious Studies Major Requirements

Code	Title	Hours
Comparative Religion		
Complete two of the following:		8
PHIL 1111	Introduction to World Religions	
PHIL 1130	Ethics: East and West	
PHIL 1270	Judaism, Christianity, and Islam: Abrahamic Religions

Spanish, BA

Spanish is the second most spoken language in the world. It is used in more than twenty countries, including the United States. In fact, in terms of the number of speakers, the United States is the second largest Spanish-speaking country in the planet. Being a Spanish speaker is a major professional and cultural asset as it prepares you to be successful in any career path. Yet, in our society, knowing Spanish is not just an asset; it is increasingly a necessity. Not only does proficiency in Spanish prepare you to be a leader in a country where Hispanics are the fastest growing segment of the population and where Spanish-speakers are the vast majority of the population in the hemisphere. Knowing Spanish also makes you a truly global citizen. Our Spanish BA certifies that you have attained advanced levels of listening, speaking, reading and writing proficiency in the language. It also opens before you a fascinating cultural and intellectual world in and beyond the classroom with a myriad of opportunities to travel, live and work abroad.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Spanish and International Affairs, BA

Through this combined major, successful undergraduates will develop an awareness of global affairs and international issues since the 19th century through diverse and cross-disciplinary theories of: (1) Interstate relations: conflict, cooperation, hierarchies; (2) Civil society, transnational advocacy networks, global social movements; and (3) the politics of culture, linguistic and cultural diversity, religious and ideological divides; (4) State-society relations: democracy, authoritarianism, inequalities, citizenship.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Africana Studies, BS

Africana studies is an interdisciplinary field of study devoted to the critical and systematic examination of the cultural, political, social, economic, and historical experiences of Africans, African-Americans throughout the hemisphere, and peoples of African descent around the world. Students are able to choose focused concentrations in African American or African Studies.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Concentrations

Complete one of the following:

- No concentration option (p. 742)
- African American studies (p. 743)
- African studies (p. 743)

Africana Studies Major Credit Requirements

Complete 48 semester hours in the major.

Program Requirements

128 total semester hours required

American Sign Language, BS

The American Sign Language (ASL) Program curriculum is an intensive program of study dedicated to preparing individuals to interact in a positive and supportive manner with members of the American Deaf Community. This Program is designed to assist students in acquiring competence in American Sign Language, developing an understanding of the American Deaf Community and its culture, and applying their linguistic and cultural skills and knowledge to a particular academic area of study.

The ASL Program offers a wide array of courses as well as volunteer, internship, and practicum opportunities. For students wishing to pursue a degree in ASL/English Interpretation, the Program is committed to providing opportunities that will allow them to acquire the linguistic, cognitive, and ethical decision-making skills as well as the socio-cultural knowledge necessary to serve as professional ASL/English interpreters. Students pursuing a combined major in Psychology, Theater, or Human Services integrate their foundation in ASL and the Deaf Community with these academic disciplines.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

American Sign Language and Linguistics, BS

The American Sign Language (ASL) & Linguistics combined major is an intensive program of study dedicated to preparing students to interact in a positive and supportive manner with members of the American Deaf Community while simultaneously providing students with an understanding of the theoretical, cultural, and social components of all human language, including ASL, so that they can better understand how ASL is related to spoken languages and other signed languages. This curriculum is designed to assist students in acquiring competence in American Sign Language; and in developing an understanding of the American Deaf Community and its culture, the acquisition and analysis of human languages (signed and spoken), and how human languages work in everyday use (e.g., comprehension, generation, translation).

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

American Sign Language and Psychology, BS

This combined major educates students in cognitive psychology, psycholinguistics, and the structures of human languages in general and American Sign Language (ASL) in particular. Students have

an opportunity to simultaneously gain proficiency in speaking and interpreting ASL, giving them access to the culture of Deaf Americans; insights into various features of spoken language; and firsthand experience of the principles underlying the spatial organization of discourse required by signed languages. This knowledge and the psychology background from the major provide a foundation for more advanced studies of ASL and interpreting.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

American Sign Language and Theatre, BS

The American Sign Language (ASL) Program curriculum is an intensive program of study dedicated to preparing individuals to interact in a positive and supportive manner with members of the American Deaf Community. This Program is designed to assist students in acquiring competence in American Sign Language, developing an understanding of the American Deaf Community and its culture, and applying their linguistic and cultural skills and knowledge to a particular academic area of study.

This major is designed for students who want to combine an understanding of the American Deaf Community and its culture to the study and making of theatre, including performance, design, and production. It offers both classroom and experiential learning on the creative, social, and linguistic relationship between theatre and the American Deaf Community. Students may study acting, dramatic literature, and production design to develop the skills to be professional ASL/English interpreters and/or performers for theatrical productions.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

African Studies, Minor

The mission of the African and African-American Studies Program is to mentor intellectual leaders, to develop emerging scholars, and to train global citizens who are able to explore the world from diverse perspectives in an ever increasingly global and interdisciplinary world. In our experiential liberal arts education model, students study culture, history, politics, and society as they relate to African and African-American studies to cultivate their thinking, reading, and writing skills through interdisciplinary class-based and experiential learning opportunities. Some of the major areas of interest and research of our faculty include the public humanities and public policy, critical race theory and empire/colonialism, criminal justice and carceral state, global public health and neglected tropical diseases, gender, sexuality, and women's studies.

Through rigorous study, co-op, study abroad, Dialogue of Civilizations, and service-learning, students have an opportunity to acquire use-inspired knowledge and competencies that will equip them with endless possibilities to flexibly fit any profession and graduate studies they may pursue in the social sciences and humanities.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

American Sign Language, Minor

The American Sign Language (ASL) program curriculum is an intensive program of study dedicated to preparing individuals to interact in a positive and supportive manner with members of the American Deaf Community. This program is designed to assist students in acquiring competence in American Sign Language, developing an understanding of the American Deaf Community and its culture, and applying their linguistic and cultural skills and knowledge to a particular academic area of study.

The ASL program offers a wide array of courses as well as volunteer, internship, and practicum opportunities. For students wishing to pursue a minor in ASL, the program is committed to providing opportunities that will allow them to acquire the linguistic, cognitive, and ethical decision-making skills as well as the sociocultural knowledge necessary to work in positive and supportive ways with Deaf people.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Arabic, Minor

We live in a truly global world, where the leaders of tomorrow will dwell in, and negotiate all transactions in spaces not claimed in exclusivity by a single people, language or culture. Knowing Arabic, the fifth largest language in the world in terms of speakers, will help you become a truly global citizen. Successful completion of the minor demonstrates the attainment of intermediate to advanced proficiency in the language, as well as cultural understanding and agility. It also opens before you a fascinating cultural and intellectual world in and beyond the classroom with a myriad of opportunities to travel, live and work abroad.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students will be required to take a total of five classes. These classes may include courses and language classes at or above the intermediate level in Dialogues of Civilization at NU. A maximum of two courses of transfer credits, including transferable courses taken abroad, may count towards the five classes in the minor.

Required Culture Courses

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	4

Required Language Courses

Students may waive any of these courses by taking the language exam in the World Languages Center.

Film and International Cultures, Minor

The minor in Film and International Cultures allows students to study the rapidly expanding global visual culture. Students will explore the history, theory, aesthetics and criticism of film and other moving-image media on a global scale and in relation to culture, other arts, politics and propaganda. The minor also explores how the image and the film/propaganda industry shape the world we live in and the ways in which we conceive of ourselves and others.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: At least two of the courses taken for the minor must be at or above the 2000 level.

Required Culture Courses

Code	Title	Hours

Spanish, Minor

Spanish is the second most spoken language in the world. It is used in more than twenty countries, including the United States. In fact, in terms of the number of speakers, the United States is the second largest Spanish-speaking country in the planet. Being a Spanish speaker is a major professional and cultural asset as it prepares you to be successful in any career path. Yet, in our society, knowing Spanish is not just an asset; it is increasingly a necessity. Not only does proficiency in Spanish prepare you to be a leader in a country where Hispanics are the fastest growing segment of the population and where Spanish-speakers are the vast majority of the population in the hemisphere. Knowing Spanish also makes you a truly global citizen. Successful completion of the minor demonstrates the attainment of intermediate to advanced proficiency in the language, as well as cultural understanding and agility. It also opens before you a fascinating cultural and intellectual world in and beyond the classroom with a myriad of opportunities to travel, live and work abroad.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students will be required to take a total of five classes. These classes may include courses and language classes at or above the intermediate level in Dialogues of Civilization at NU. A maximum of two courses of

econ@northeastern.edu

Economics is the study of how societies produce and exchange goods and services to satisfy needs. Undergraduates may study economics to develop specialized analytical skills useful in today's complex labor market. Economics is distinguished among the social sciences by having a systematic normative as well as a positive framework for evaluating public policy. The major in economics is also a good foundation for graduate studies in advanced economics, public policy, law, or business.

Macroeconomics, which focuses on the overall economy, deals with such problems as inflation, unemployment, growth and instability, economic development, and governmental monetary and fiscal policies.

Microeconomics examines the economic behavior of individuals, households, firms, industries, and trade among countries. It seeks to assess the economic effects of market power and environmental damage and analyzes the economic aspects of natural resources, poverty, health, income distribution, trade unions, crime, and government regulation.

Courses in economics cover international trade; the behavior of families, firms, and industries in the market economy; the environmental costs of growth; and the economic aspects of natural resources, poverty, health, labor market discrimination, trade unions, crime, and governmental oversight. International and comparative perspectives are emphasized, most directly in courses in studies of the developing world and economic history.

Students may pursue a BA, a BS, or a minor in economics. Additionally, economics majors in their junior year may qualify for admission to the PlusOne program that combines the BA or BS with a MS in economics (requires an additional 16 semester hours of course work). The department also offers combined majors with business administration, cybersecurity, environmental studies, history, international affairs, mathematics, philosophy, computer science, and political science, as well as a combined major in politics, philosophy, and economics.

Graduates may find jobs in major corporations; financial institutions; nonprofits; NGOs; or federal, state, and local governments. Their work may involve planning and forecasting, assessing labor needs, and undertaking financial studies. They may estimate consumer demand for

new products, conduct research, teach, or provide specialized consulting services.

Academic Progression Standards

The following are the requirements to progress in the major:

Code	Title	Hours
The following three core courses should be completed first:		12
ECON 1115	Principles of Macroeconomics	
ECON 1116	Principles of Microeconomics	
MATH 1231	Calculus for Business and Economics	
The following four core courses should be completed by the end of sophomore year:		16
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics	
ECON 2560	Applied Econometrics	

A minimum grade of C (2.000) must be earned in each of the following required courses.

Code	Title	Hours
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics	4
ECON 2560	Applied Econometrics	4

PlusOne Program (MS) in Economics

The PlusOne program in economics offers an opportunity for the best of Northeastern's undergraduate economics majors to complete both the undergraduate degree program (BS or BA) and the professional program (MS) in economics in less time than if the programs were completed sequentially. Students apply no later than junior year, after all core economics classes have been completed, and begin taking master's coursework in their senior year. One additional year of graduate study is required to complete the master's program. Students interested in this option should consult with the departmental undergraduate and graduate directors.

Programs

Bachelor of Arts (BA)

- Economics (p. 758)
- History and Economics (p. 760)
- International Affairs and Economics (p. 760)
- Political Science and Economics (p. 764)

Bachelor of Science (BS)

- Economics (p. 766)
- Computer Science and Economics (p. 324)
- Cybersecurity and Economics (p. 365)
- History and Economics (p. 772)
- Economics and Business Administration (p. 262)
- Economics and Mathematics (p. 634)
- Economics and Philosophy (p. 777)
- Environmental Studies and Economics (p. 620)

- Political Science and Economics (p. 780)
- Politics, Philosophy, and Economics (p. 703)

Minor

- Economics (p. 785)

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p. 1065)

Economics, BA

The Bachelor of Arts degree in economics maintains the tradition of the liberal arts with the language and arts courses required to satisfy the university's BA degree requirements. Along with the six core courses in economics, students may choose from over 40 electives. Many of these electives continue this liberal arts tradition with courses that focus on economic literature, economic history, the history of economic thought, and political economy. Students considering future doctoral studies in economics are strongly encouraged to pursue a double major in economics (BS) and mathematics (BS) or choose our combined economics/mathematics major.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Economics Major Requirements for BA

Code	Title	Hours
Required Economics Courses		
A minimum grade of C (2.000) must be earned in each of the following required courses.		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4

History and Economics, BA

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

History Requirements

Code	Title	Hours
History Colloquium		
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
Introductory Level		
Complete one history course from the 1000 level.		4
History Seminar and Historical Writing		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
Pre-1800 History Elective		
Complete one course from the following:		4
HIST 2390	Africa and the World in Early Times	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1270	Ancient Greece	
HIST 1271	Ancient Rome	
HIST 1285	Introduction to Russian Civilization	
HIST 2222		
HIST 2330	Colonial and Revolutionary America	
Intermediate/Advanced History Cluster		
Complete three history courses numbered 2303 or above.		12
Advanced History		
Complete one history course at the 3000 level or above.		4

Economics Requirements

Code	Title	Hours
Introduction to College		
ECON 1000	Economics at Northeastern	1
or HIST 1000	History at Northeastern	

Required Economics Courses

ECON 2350	Statistics	4
ECON 2560	Applied Econometrics	4
ECON 3520	History of Economic Thought	4

Economics Electives

Complete two Economics electives excluding those already required in the major 8

Supplemental Courses

CS 1100	Computer Science and Its Applications	4
MATH 1231	Calculus for Business and Economics	4

Capstone Requirements

Code	Title	Hours
Complete one of the following options: (Public History concentrations complete HIST 4903 & HIST 4904)		4
ECON 4692	Senior Economics Seminar	
HIST 4701	Capstone Seminar	

Integrative Requirements

Code	Title	Hours
Complete one of the following:		4
ECON 3470	American Economic History	
ECON 1293	European Economic History	
HIST 2360	History of Capitalism in East Asia	
HIST 2011	Capitalism and Business: A Global History	

History and Economics Major Credit Requirement

Complete 92 semester hours in the major.

Program Requirement

128 total semester hours required

International Affairs and Economics, BA

Through this combined major, successful undergraduates will develop an awareness of global affairs and international economic issues since the early 20th century through diverse and cross-disciplinary theories of economic development and growth; states, societies, and markets (the intersection of politics and economics); and the role of states, civil societies, and social movements in crafting or addressing economic strategies, inequalities, and citizenship rights.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. Peoples and Cultures (ANTH 1101), The World Since 1945 (HIST 2211), and International Relations (POLS 1160) may not be used as global dynamics courses. See department for additional courses.

Code	Title	Hours
International Affairs/Economics at Northeastern		
INTL 1000 or ECON 1000	International Affairs at Northeastern Economics at Northeastern	1

Political Science and Economics, BA

The combined major in political science and economics offers students the opportunity to integrate the study of politics and government with the study of economics. Students complete the core courses in political science along with core courses in economics that cover both

macroeconomic and microeconomic perspectives. This combined major highlights the important role that the economy plays in shaping politics and government.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Political Science Requirements

Code	Title	Hours
Political Science Requirements		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
Political Theory		
Complete one of the following:		4
POLS 2330	American Political Thought	
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2332	Contemporary Political Thought	
Political Science Restricted Electives		
Complete two of the following:		8
POLS 3307	Public Policy and Administration	
POLS 2335	Budgeting and Taxation	
POLS 2340	Business and Government	
POLS 2345	Urban Policies and Politics	
POLS 2357	Growth and Decline of Cities and Suburbs	
POLS 2360	Politics of Poverty	
POLS 3405	International Political Economy	
POLS 3487	Politics of Developing Nations	

Political Science Electives

Complete two courses in the following range, or complete a concentration as outlined below: 8

POLS 3300 to POLS 5999

Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record. Requirements for the concentrations are listed below (p. 765).

- American Political Institutions (p. 765)
- Campaigns and Elections (p. 765)
- International Relations and Diplomacy (p. 765)
- Public Policy (p. 766)

Economics Requirements for BA

Code	Title	Hours
Breadth Courses		
MATH 1231	Calculus for Business and Economics	4
CS 1100	Computer Science and Its Applications	4
or DS 2000	Programming with Data	
and DS 2001	and Data Science Programming Practicum	
or MISM 2510	Fundamentals of Information Analytics	
Required Economics Courses		
Grades in the required economics courses and in Quantitative Techniques (POLS 2400) or Statistics (ECON 2350) must have a minimum grade of C:		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 3520	History of Economic Thought	4
Economics Electives		
Complete three economics electives with no more than one below 2990.		12

Supporting Courses

Complete either of the statistics and departmental elective combinations listed below:

COMBINATION A

Code	Title	Hours
Statistics		
POLS 2400	Quantitative Techniques	4
Economics		
Complete one of the following:		4
ECON 3404	International Food Policy	
ECON 3420	Urban Economic Issues	
ECON 3423	Environmental Economics	
ECON 3425	Energy Economics	
ECON 3440	Public Finance	
ECON 3490	Public Choice Economics	
ECON 4634	Comparative Economics	
ECON 4635	International Economics	

COMBINATION B

Code	Title	Hours
Statistics		
ECON 2350	Statistics	4
Political Science		
Complete one course in the following range:		4
POLS 2401 to POLS 5999		

Integrative Requirements

Code	Title	Hours
Senior Seminar/Capstone		
Complete one of the following:		4
ECON 4692	Senior Economics Seminar	
POLS 4701	Political Science Senior Capstone	
POLS 4703	Senior Thesis	

Program Requirement

128 total semester hours required

Concentrations

CONCENTRATION IN AMERICAN POLITICAL INSTITUTIONS

Code	Title	Hours
Complete four of the following:		16
POLS 2350	State and Local Politics	
POLS 3300	The U.S. Congress	
POLS 3302	Judicial Process and Behavior	
POLS 3307	Public Policy and Administration	
POLS 3310	Public Opinion, Voting, and Elections	
POLS 3160	Campaign Strategy	
POLS 3162	Local Campaigns and Elections	

CONCENTRATION IN CAMPAIGNS AND ELECTIONS

Code	Title	Hours
Required Courses		
POLS 3160	Campaign Strategy	4
POLS 3302	Judicial Process and Behavior	4
Campaigns and Elections Electives		
If POLS 4947 was replaced by a co-op or internship, an additional elective must be taken.		
Complete two of the following:		8
POLS 2345	Urban Policies and Politics	
POLS 2350	State and Local Politics	
POLS 2355	Intergovernmental Relations	
POLS 3310	Public Opinion, Voting, and Elections	
POLS 3162	Local Campaigns and Elections	
POLS 3320	Politics and Mass Media	
POLS 3304		

CONCENTRATION IN INTERNATIONAL RELATIONS AND DIPLOMACY

Code	Title	Hours
Experiential/Practicum Requirement		
Complete one of the following:		4
POLS 4910	Model United Nations	
POLS 4915	Model Arab League	
POLS 4938	Dialogue of Civilizations: International Politics Abroad	
Core Courses		
Complete three of the following:		12
POLS 3405	International Political Economy	
POLS 3406	International Law	
POLS 3408	International Security	

POLS 3435	Politics and Governance of Europe and the European Union
POLS 3470	Arab-Israeli Conflict

CONCENTRATION IN PUBLIC POLICY

Code	Title	Hours
Core Requirement		
POLS 3307	Public Policy and Administration	4
Electives		
Complete three of the following:		12
POLS 2334	Bureaucracy and Government Organizations	
POLS 2335	Budgeting and Taxation	
POLS 2340	Business and Government	
POLS 2345	Urban Policies and Politics	
POLS 2350	State and Local Politics	
POLS 2357	Growth and Decline of Cities and Suburbs	
POLS 2390	Science, Technology, and Public Policy	
POLS 2395	Environmental Politics and Policy	
POLS 3425	U.S. Foreign Policy

Economics, BS

The Bachelor of Science degree focuses attention on the use of mathematics in economic models in the six core courses and many of the required seven electives. The BS degree allows ample room to take courses such as economic development, game theory, and mathematical economics in addition to more supporting courses in the mathematics and computer science departments. Students considering future doctoral studies in economics are strongly encouraged to pursue a double major in economics (BS) and mathematics (BS) or to choose our combined economics/mathematics major.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Economics Major Requirements for BS

Code	Title	Hours
Required Economics Courses		
A minimum grade of C (2.000) must be earned in each of the following required courses.		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics	4

ECON 2560	Applied Econometrics	4
Senior Seminar		
ECON 4692	Senior Economics Seminar	4

Electives for BS in Economics

Code	Title	Hours
Complete seven of the following with no more than two at the introductory level:		28

Introductory

ECON 1200 to ECON 1990

Intermediate

ECON 2990 to ECON 3499

ECON 3915 Intermediate Selected Topics in Macroeconomics

ECON 3916 Intermediate Selected Topics in Microeconomics

Advanced

ECON 3520 History of Economic Thought

ECON 3990 Elective

ECON 4600 to ECON 4681

ECON 4915 Advanced Selected Topics in Macroeconomics

ECON 4970 to ECON 4990

ECON 4991 Research

ECON 4992 Directed Study

ECON 4994 Internship

ECON 4996 Experiential Education Directed Study

Breadth Courses for Economics Major

Code	Title	Hours
Calculus

Computer Science and Economics, BS

The combined major in computer science and economics integrates fundamental economics courses with a strong programming foundation. Studying both the behavior of individuals and the collective behavior of industries and governments, students will utilize computing skills to address complex issues within the field.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200 or ECON 1000	Leadership Skill Development Economics at Northeastern	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
CS 2800 and CS 2801	Logic and Computation and Lab for CS 2800	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
IS 2000	Principles of Information Science	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Comment: Complete 12 credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010	12
CY 2000 or higher, except CY 4930	
DS 2000 or higher, except DS 4900	
IS 2000 or higher, except IS 4900	

Economics Requirements

Code	Title	Hours
------	-------	-------

Required Economics Courses

A minimum grade of C (2.000) must be earned in each of the following required courses:

ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics	4
ECON 2560	Applied Econometrics	4

Economics Electives

Complete four economics electives with no more than two below 3000: 16

ECON 1230	Healthcare and Medical Economics	
ECON 1240	Economics of Crime	
ECON 3290	History of the Global Economy	
ECON 3420	Urban Economic Issues	
ECON 3423	Environmental Economics	
ECON 3424	Law and Economics	
ECON 3425	Energy Economics	
ECON 3440	Public Finance	
ECON 4635	International Economics	
ECON 4681	Information Economics and Game Theory	

Economics Capstone

ECON 4692	Senior Economics Seminar	4
-----------	--------------------------	---

Integrative Course Requirement

Code	Title	Hours
------	-------	-------

The following courses are used in other areas of the major:

IS 2000	Principles of Information Science	4
ECON 2560	Applied Econometrics	4

Supporting Courses

Code	Title	Hours
------	-------	-------

Mathematics

MATH 1231	Calculus for Business and Economics	4
or MATH 1341	Calculus 1 for Science and Engineering	

Computing and Social Issues

Complete one of the following: 4

ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
ENGL 2150	Literature and Digital Diversity	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	

PHIL 1145	Technology and Human Values
SOCL 1280	The Twenty-First-Century Workplace
SOCL 3485	Environment, Technology, and Society
SOCL 4528	Computers and Society

Computer Science English Requirement

Code	Title	Hours
------	-------	-------

College Writing

ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	

Advanced Writing in the Disciplines

Complete one course from the following:

ENGW 3302	Advanced Writing in the Technical Professions
ENGW 3308	Advanced Writing in the Social Sciences
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines

Required General Electives

Code	Title	Hours
Complete 24 credits of general electives.		24

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Exploring Creative Expression and Innovation
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

133 total semester hours required

Cybersecurity and Economics, BS

The cybersecurity and economics combined degree applies a multidisciplinary approach integrating fundamental economics courses with a strong programming foundation. Students will study both the behavior of individuals and the collective behavior of industries and governments, utilizing computing skills to ensure the reliability and security of cyberspace.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Cybersecurity Major Requirements

History and Economics, BS

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

History Requirements

Code	Title	Hours
History Colloquium		
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
Introductory Level		
Complete one history course from the 1000 level.		4
History Seminar and Historical Writing		
HIST 2301	The History Seminar	4

HIST 2302	Historical Writing	1
Pre-1800 History Elective		
Complete one course from the following:		4
HIST 2390	Africa and the World in Early Times	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1270	Ancient Greece	
HIST 1271	Ancient Rome	
HIST 1285	Introduction to Russian Civilization	
HIST 2222		
HIST 2330	Colonial and Revolutionary America	

Intermediate/Advanced History Cluster
 Complete three history courses numbered 2303 or above. 12

Advanced History
 Complete one history course at the 3000 level or above. 4

Supplemental Course for History - Research Methods
 Complete one of the following: 4

ECON 2350	Statistics	
ENVR 5260	Geographical Information Systems	
MATH 2280	Statistics and Software	
POLS 2400	Quantitative Techniques	
PSYC 2320	Statistics in Psychological Research	
SOCL 2320	Statistical Analysis in Sociology

Code	Title	Hours
Introduction to College		
ECON 1000 or HIST 1000	Economics at Northeastern History at Northeastern	1

Required Economics Courses

ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics	4
ECON 2560	Applied Econometrics	4

Economics Electives
 Complete four Economics electives excluding those already required in the major 16

Supplemental Courses

CS 1100	Computer Science and Its Applications	4
MATH 1231	Calculus for Business and Economics	4

Capstone Requirements

Code	Title	Hours
Complete one of the following options: (Public History concentrations complete HIST 4903 & HIST 4904)		4
ECON 4692	Senior Economics Seminar	
HIST 4701	Capstone Seminar	

Integrative Requirements

Code	Title	Hours
Complete one of the following:		4
ECON 3470	American Economic History	

ECON 1293	European Economic History
HIST 2360	History of Capitalism in East Asia
HIST 2011	Capitalism and Business: A Global History

History and Economics Major Credit Requirement

Complete 88 semester hours in the major.

Program Requirement

128 total semester hours required

Economics and Business Administration, BS

The combined major with business administration is our most popular combined major, combining the underlying economic theories and models and their business applications. After satisfying the core courses in economics, there are over 40 electives from which to choose to complete this combined major.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Economics Requirements

Code	Title	Hours
Introduction to College		
ECON 1000 or BUSN 1102	Economics at Northeastern Personal Skill Development for Business	1

Required Economics Courses
 A minimum grade of C (2.000) must be earned in each of the following required classes.

ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350 or MGSC 2301	Statistics Business Statistics	4
ECON 2560	Applied Econometrics	4

Economics Electives
 Complete four courses from the following lists with no more than one at the introductory level: 16

Introductory

ECON 1200 to ECON 1990

Intermediate/Advanced

ECON 2990 to ECON 3499	
ECON 3520	History of Economic Thought
ECON 3915	Intermediate Selected Topics in Macroeconomics
ECON 3916	Intermediate Selected Topics in Microeconomics
ECON 3990	Elective
ECON 4600 to ECON 4681	
ECON 4915 to ECON 4916	
ECON 4965	Undergraduate Teaching Experience 1
ECON 4970 to ECON 4990	
ECON 4992	Directed Study

Business Requirements

Code	Title	Hours
Accounting		
ACCT 1201	Financial Accounting and Reporting	4
ACCT 2301	Managerial Accounting	4
Finance		
FINA 2201	Financial Management	4
Marketing		
MKTG 2201	Introduction to Marketing	4
Organizational Behavior		
ORGB 3201	Organizational Behavior	4
International Business/Social Responsibility		
INTB 1203	International Business and Global Social Responsibility	4

Business Concentration

Complete one of the following business concentrations. Requirements for the concentrations are listed below (p.).

- Accounting (p. 263)
- Entrepreneurship and Innovation (p. 263)
- Finance (p. 263)
- Healthcare Management and Consulting (p. 277)
- International Business (p. 278) (available only as a second concentration)
- Management (p. 264)
- Management Information Systems (p. 264)
- Marketing (p. 264)
- Marketing Analytics (p. 280)
- Supply Chain Management (p. 264)

Business Cooperative Education Requirement

Complete one six-month co-op experience.

Supporting Courses

Code	Title	Hours
Mathematics		
MATH 1231	Calculus for Business and Economics	4
or MATH 1341	Calculus 1 for Science and Engineering	
Computer Science

Electives		
Complete two of the following:		8
ACCT 3403	Advisory Services and Emerging Accounting Systems	
ACCT 3416	Strategic Cost Analysis for Decision Making	
ACCT 4412	Auditing and Other Assurance Services	
ACCT 4414	Income Tax Determination and Planning	

CONCENTRATION IN ENTREPRENEURSHIP AND INNOVATION

Code	Title	Hours
Note: The following courses do not count toward this concentration:		
ENTR 1201	The Entrepreneurial Universe	
ENTR 3308	Business Economic History of South Africa	
ENTR 3318		
ENTR 3328		
ENTR 3338	Field Research in Sustainable Energy in Iceland	
ENTR 3346		
ENTR 4510	Management Consulting Abroad	
ENTR 4514	Development Practice and Global Citizenship in India	
Introductory Course		
ENTR 2301	Innovation!	4
or ENTR 2303	Entrepreneurial Marketing and Selling	

Capstone Course	
Complete one of the following:	4
ENTR 4501	Business Planning for Technology Ventures
ENTR 4503	Business Planning for Small and Medium Enterprises
ENTR 4505	Entrepreneurial Growth Strategy for Technology Ventures
ENTR 4506	Advanced Studies in Social Enterprise

Electives

Note: Only one non-ENTR course may be used as an elective.

Complete two of the following:	8
ENTR 2206	Global Social Enterprise
ENTR 2215	Understanding Family Enterprise
ENTR 2414	Social Responsibility of Business in an Age of Inequality
ENTR 2301	Innovation! (if not used as introductory course)
ENTR 2303	Entrepreneurial Marketing and Selling (if not used for introductory course)
ENTR 3212	Innovation for Social Change
ENTR 3217	Global Family Business Leadership
ENTR 3220	International Entrepreneurship and Innovation Consulting
ENTR 3305	Entrepreneurial Strategy and Business Model Design
ENTR 3306	Global Entrepreneurship
ENTR 3330	Lean Design and Development for Entrepreneurs
ENTR 3401	Management of Operations and Growth in Small- and Medium-Sized Enterprises
ENTR 3403	Managing Operations in a Technology-Based Startup Firm
ENTR 3520	Impact Investing and Social Finance
ENTR 4225	Growth, Acquisitions, and Alliances
ENTR 4512	Social Entrepreneurship and Sustainable Development in India
FINA 4610	Entrepreneurial Finance, Innovation Valuation, and Private Equity
MGMT 3302	Negotiating in Business

CONCENTRATION IN FINANCE

Code	Title	Hours
Required Course		
FINA 3301 or FINA 3303	Corporate Finance Investments	4

Electives

Complete three of the following:	12
ENTR 3520 or FINA 2720	Impact Investing and Social Finance Sustainability in the Business Environment
FINA 3301	Corporate Finance (if not selected as a required course)
FINA 3303	Investments (if not selected as a required course)
FINA 4219	Portfolio Management
FINA 4220	Behavioral Finance

FINA 4310	Working Capital Management
FINA 4312	Issues in Corporate Governance

Economics and Mathematics, BS

Given the mathematical and graphical models used extensively in economics, economics and mathematics are natural partners. Our combined major with mathematics is designed for students who want to further develop their mathematics skills to enhance their understanding and interest in economics. This combined major is strongly recommended for students with an interest in pursuing graduate studies in economics.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Economics Requirements

Code	Title	Hours
Introduction to College		
ECON 1000 or MATH 1000	Economics at Northeastern Mathematics at Northeastern	1

Required Economics

A minimum grade of C (2.000) must be earned in each of the following required classes.

ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2560	Applied Econometrics	4

Economics Electives

Complete four economics electives with not more than two at the introductory level: 16

Introductory

ECON 1200 to ECON 1990

Intermediate/Advanced

ECON 2990 to ECON 3499

ECON 3915 Intermediate Selected Topics in Macroeconomics

ECON 3916 Intermediate Selected Topics in Microeconomics

ECON 3990 Elective

ECON 4600 to ECON 4681

ECON 4915 to ECON 4916

ECON 4965 Undergraduate Teaching Experience 1

ECON 4970 to ECON 4990

ECON 4992 Directed Study

ECON 4994 Internship

Mathematics Requirements

Code	Title	Hours
Required Mathematics		
MATH 1365	Introduction to Mathematical Reasoning	4
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
MATH 2331	Linear Algebra	4
MATH 3081	Probability and Statistics	4

Mathematics Electives

Complete two courses in the following range: 8
MATH 3001 to MATH 4999

The following courses are recommended:

MATH 3150 Real Analysis

MATH 4581 Statistics and Stochastic Processes

Breadth Course

Code	Title	Hours
Computer Science		
Choose one of the following: 4		
CS 1100	Computer Science and Its Applications	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	

Integrative Requirements

Code	Title	Hours
Advanced Writing in the Disciplines		
ENGW 3308	Advanced Writing in the Social Sciences	4

Integrative Course

Complete one of the following: 4		
ECON 4692	Senior Economics Seminar	
MATH 4025	Applied Mathematics Capstone	
MATH 5131	Introduction to Mathematical Methods and Modeling	

Combined-Major GPA/Credit Requirement

A minimum grade of C (2.000) must be earned in each of the following required courses.

ECON 1115 Principles of Macroeconomics

ECON 1116 Principles of Microeconomics

ECON 2315 Macroeconomic Theory

ECON 2316 Microeconomic Theory

ECON 2560 Applied Econometrics

MATH 3081 Probability and Statistics

A cumulative GPA of 2.000 is required in all math courses.

A grade of C or higher is required in all math courses numbered MATH 2999 or below; grades below C will not count toward the degree.

Complete 76 semester hours in the major.

Program Requirement

128 total semester hours required

Economics and Philosophy, BS

Both philosophy and economics are the disciplines of critical thinking—thinking in concrete and abstract terms to help put the world in perspective. The combined economics and philosophy major provides students with training to critically evaluate and assess policies and issues on both economic and ethical grounds, including issues such as globalization, immigration, environmental protections, the minimum wage, a fair and just tax, just working environments, and many more.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Economics Requirements

Code	Title	Hours
Introduction to College		
Complete one of the following: 1		
ECON 1000	Economics at Northeastern	
PHIL 1000	Philosophy at Northeastern	

Required Economics Courses

A minimum grade of C (2.000) must be earned in each of the following core courses

ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics	4
ECON 2560	Applied Econometrics	4
ECON 3520	History of Economic Thought	4
MATH 1231	Calculus for Business and Economics	4

Economics Electives

Complete two economics electives with not more than one below the 3000 level. 8

Philosophy Requirements

Code	Title	Hours
Philosophy Required Courses		
PHIL 1115	Introduction to Logic	4
PHIL 2325	Ancient Philosophy and Political Thought	4
PHIL 2330	Modern Philosophy	4

Advanced Philosophy Elective

Complete one of the following: 4		
PHIL 3343	Existentialism	
PHIL 3435	Moral Philosophy	
PHIL 3460	Philosophy and Literature	
PHIL 4390	Cults and Sects	
PHIL 4500	Theory of Knowledge	
PHIL 4510	Philosophy of Science	
PHIL 4515	Advanced Logic	

PHIL 4535	Philosophy of Mind
PHIL 4547	Seminar: Apocalypticism
PHIL 4606	Seminar: Theories and Methods in Religious Studies
PHIL 4903	Seminar in Religion
PHIL 5001	Global Justice
PHIL 5002	Ethics and Public Policy

Additional Electives

Complete three additional electives in philosophy or religion. 12
At least one must be numbered 2000 or above.

Integrative Requirements

Code	Title	Hours
Complete PHIL 4550 and one of the other courses listed below that has not been used in above requirements: 8		
PHIL 4550	Philosophy of Economics	
PHIL 3435	Moral Philosophy	
PHIL 4500	Theory of Knowledge	
PHIL 4510	Philosophy of Science	
PHIL 5001	Global Justice	
PHIL 4992	Directed Study	

Major Credit Requirement

Complete 80 semester hours in the major.

Program Requirement

128 total semester hours required

Plan of Study

Environmental Studies and Economics, BS

Through this combined major, successful undergraduates will develop an awareness of the scientific, cultural, political, and economic aspects of the world's environmental problems and potential solutions.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Introduction to College

Code	Title	Hours
ECON 1000	Economics at Northeastern	1
or ENVR 1000	Marine and Environmental Sciences at Northeastern	

Economics Requirements

Code	Title	Hours
Calculus		
MATH 1231	Calculus for Business and Economics	4
Computer Science		
CS 1100	Computer Science and Its Applications	4
Required Economics Courses		
A minimum grade of C (2.000) must be earned in each of the following required courses:		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics	4
ECON 2560	Applied Econometrics	4
ECON 3423	Environmental Economics	4

Economics Electives

No more than one course may be at the introductory level (course number 1000–1999).

Complete two of the following:		7-8
ECON 3290	History of the Global Economy	
ECON 1291	Development Economics	
ECON 3404	International Food Policy	
ECON 3420	Urban Economic Issues	
ECON 3422	Economics of Transportation	
ECON 3424	Law and Economics	
ECON 3425	Energy Economics	
ECON 3440	Public Finance	
ECON 4635	International Economics	
PPUA 5260	Ecological Economics	

Environmental Studies Requirements

Code	Title	Hours
Social Science Component		
PHIL 1180	Environmental Ethics	4
POLS 1150 and POLS 1151	American Government and Recitation for POLS 1150	4
POLS 2395	Environmental Politics and Policy	4

Science Component		
ENVR 1101	Environmental Science	4
ENVR 1112 or ENVR 1200	Environmental Geology Dynamic Earth	4
ENVR 1450	Introduction to Sustainability Science	4
ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300	5

GPA Requirement

Students are required to earn a GPA of 2.000 in either PHIL 1180 or PHIL 3480 and in ENVR 1101.

Environmental Science Elective

Complete one environmental science elective in consultation with the environmental studies head advisor.

Integrative Requirements

Code	Title	Hours
Advanced Writing in the Disciplines		
Complete one of the following:		4
ENGW 3307	Advanced Writing in the Sciences	
ENGW 3308	Advanced Writing in the Social Sciences	

Integrative Course

Note: Your integrative course and your capstone course (below) must be from different departments.

Complete one of the following:		4
ECON 4692	Senior Economics Seminar	
ENVR 5210	Environmental Planning	

Capstone

Note: Your integrative course (above) and your capstone course must be from different departments.

ECON 4692	Senior Economics Seminar	4
or ENVR 4997	Senior Thesis	
or ENVS 4997	Senior Thesis

ECON 4992	Directed Study	
ENVR 4992	Directed Study	
ECON 4970	Junior/Senior Honors Project 1	
ENVR 4970	Junior/Senior Honors Project 1	

Major Credit Requirement

Complete 84 semester hours in the major.

Program Requirement

128 total semester hours required

Political Science and Economics, BS

The combined major in political science and economics offers students the opportunity to integrate the study of politics and government with the study of economics. Students complete the core courses in political science along with core courses in economics that cover both macroeconomic and microeconomic perspectives. This combined major highlights the important role that the economy plays in shaping politics and government.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Political Science Requirements

Code	Title	Hours
Political Science Requirements		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4

Political Theory

Complete one of the following:		4
POLS 2330	American Political Thought	
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2332	Contemporary Political Thought	

Political Science Restricted Electives

Complete two of the following:		8
POLS 3307	Public Policy and Administration	
POLS 2335	Budgeting and Taxation	
POLS 2340	Business and Government	
POLS 2345	Urban Policies and Politics	
POLS 2357	Growth and Decline of Cities and Suburbs	
POLS 2360	Politics of Poverty	
POLS 3405	International Political Economy	
POLS 3487	Politics of Developing Nations	

Political Science Electives

Complete two courses from the following range, or complete a concentration as outlined below:		8
POLS 2000 to POLS 5999		

Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record. Requirements for the concentrations are listed below (p. 781).

- American Political Institutions (p. 781)
- Campaigns and Elections (p. 781)
- International Relations and Diplomacy (p. 781)
- Public Policy (p. 781)

Economics Requirements for BS

Code	Title	Hours
Breadth Courses		
MATH 1231	Calculus for Business and Economics	4
CS 1100	Computer Science and Its Applications	4

or DS 2000 Programming with Data
 and DS 2001 and Data Science Programming Practicum
 or MISM 2510 Fundamentals of Information Analytics

Required Economics Courses		
Grades in the required economics courses and in Quantitative Techniques (POLS 2400) or Statistics (ECON 2350) must have a minimum grade of 2.000:		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2560	Applied Econometrics	4

Economics Electives
 Complete three economics electives with no more than one below 2990.

Supporting Courses
 Complete either of the statistics and departmental elective combinations listed below:

COMBINATION A		
Code	Title	Hours
Statistics		
POLS 2400	Quantitative Techniques	4
Economics		
Complete one of the following:		4
ECON 3404	International Food Policy	
ECON 3420	Urban Economic Issues	
ECON 3423	Environmental Economics	
ECON 3425	Energy Economics	
ECON 3440	Public Finance	
ECON 3490	Public Choice Economics	
ECON 4634	Comparative Economics	
ECON 4635	International Economics	

COMBINATION B		
Code	Title	Hours
Statistics		
ECON 2350	Statistics	4
Political Science		
Complete one course in the following range:		4
POLS 2401 to POLS 5999		

Integrative Requirements		
Code	Title	Hours
Senior Seminar/Capstone		
Complete one of the following:		4
ECON 4692	Senior Economics Seminar	
POLS 4701	Political Science Senior Capstone	
POLS 4703	Senior Thesis	

Program Requirement
 128 total semester hours required

Concentrations		
CONCENTRATION IN AMERICAN POLITICAL INSTITUTIONS		
Code	Title	Hours
Complete four of the following:		16
POLS 2350	State and Local Politics	
POLS 3300	The U.S. Congress	
POLS 3302	Judicial Process and Behavior	
POLS 3307	Public Policy and Administration

Politics, Philosophy, and Economics, BSWebsite (<https://www.northeastern.edu/cssh/ppe/>)**Serena Parekh**

Associate Professor and Program Director

371 Holmes Hall

617.373.3636

617.373.4359 (fax)

Serena Parekh, Associate Professor and Program Director, S.Parekh@northeastern.edu (r.sandler@northeastern.edu)

The PPE major at Northeastern University brings together three of the most important approaches to understanding the world around us: political science, philosophy, and economics. The PPE major is an interdisciplinary degree that not only provides students with the analytic tools from three different disciplines but also teaches students to make connections across disciplines and to keep multiple perspectives in mind when analyzing complex social phenomena. This interdisciplinary perspective and set of skills are indispensable in our increasingly interconnected world and are essential in addressing the kinds of complex global problems future leaders will need to tackle.

There are a number of varieties of the PPE major that students may choose from in accordance with their own backgrounds and interests. These include:

- environment and energy policy
- international political economy
- law and justice
- logic and game theory
- political philosophy
- public and economic policy

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Economics, Minor

The minor in economics is flexible enough to be a complement to a student's major field of study. There are six courses needed to complete the minor: three courses in the areas of macro- and microeconomics and three electives that may be chosen to support many different majors.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Calculus 1

Code	Title	Hours
If calculus is not required by your major, complete one of the following courses:		4
MATH 1231	Calculus for Business and Economics (preferred)	
MATH 1241	Calculus 1	
MATH 1251	Calculus and Differential Equations for Biology 1	
MATH 1242	Calculus 2	
MATH 1340	Intensive Calculus for Engineers	
MATH 1341	Calculus 1 for Science and Engineering	
MATH 1252	Calculus and Differential Equations for Biology 2	

Required Courses

Students in the macroeconomics track should complete Macroeconomic Theory (ECON 2315); students in the microeconomics track should complete Microeconomic Theory (ECON 2316):

Code	Title	Hours
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
or ECON 2316	Microeconomic Theory	

Elective Courses

Complete three of the following courses with no more than one at the introductory level: 12

Plan of Study

Year 1

Fall	Hours	Spring	Hours	Summer 1	Hours

617.373.2509 (fax)**Undergraduate Program Director****Professor Kathleen C. Kelly**, k.kelly@northeastern.eduJennifer Lobisser, Administrative Specialist, j.lobisser@northeastern.edu

Students in the English major study the diverse historical, cultural, and aesthetic contexts of English, American, and other Anglophone literatures. They analyze writing practices and related media from the Middle Ages through the present, from the quill pen to code. They practice a variety of theoretical and methodological approaches to the study of language, rhetoric, writing, and literature.

Students of English develop capacities for reading, analysis, and expression that are in great demand in the workplace and in graduate study, including the ability to interpret and evaluate a variety of texts, to evaluate and produce arguments, and to engage diverse audiences. The major and minors are particularly suitable for students preparing for graduate school or careers in any field that demands analytical ability and well-honed writing skills. For profiles of current students and recent alumni, see the English department (<http://www.northeastern.edu/cssh/english/>) website.

The English department at Northeastern engages students in the experiential liberal arts across four areas: critical literary studies; digital humanities; writing, rhetoric, and publication; and archival studies and histories of the book. The Department of English offers a major and three minors, as well as many combined majors.

Our minors offer concise engagements with several areas of English studies:

- English—introduces the materials and methods of the field as a whole
- Rhetoric—draws on courses in communication studies as well as English
- Writing—encourages students to develop expertise in creative, professional, and public writing, as well as rhetorical theory

Academic Progression Standards

Same as university-wide standards described under “Academic Status (p. 36).”

Preapproved Template Program in English

The Department of English offers a preapproved template program that may be paired with another preapproved template program to create a combined major.

Students may request admission to such a combined major via the appropriate form, which requires approval by both disciplines/colleges together with an approved curriculum. For additional information on preapproved template programs, see your advisor.

PlusOne Program (MA) in English

English majors at the end of their sophomore year or the beginning of their junior year may qualify for application to the PlusOne program that combines the BA with the master’s degree in English. Students interested in this option should consult with the undergraduate program director in English by the end of the sophomore year.

Programs**Bachelor of Arts (BA)**

- English (p. 786)
- English and Communication Studies (p. 138)
- English and Cultural Anthropology (p. 794)
- English and Graphic and Information Design (p. 99)
- English and Philosophy (p. 799)
- English and Theatre (p. 227)
- History and English (p. 803)
- Journalism and English (p. 176)
- Linguistics and English (p. 576)
- Media and Screen Studies and English (p. 146)

Bachelor of Science (BS)

- Architecture and English (p. 60)
- Biology and English (p. 548)
- Computer Science and English (p. 327)

Minor

- English (p. 817)
- Rhetoric (p. 173)
- Writing (p. 817)

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p. 1065)

English, BA

Students in the English major study the diverse historical, cultural, and aesthetic contexts of English, American, and other Anglophone literatures. They analyze writing practices and related media from the Middle Ages through the present, from the quill pen to code. They

practice a variety of theoretical and methodological approaches to the study of language, rhetoric, writing, and literature.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

English Major Requirements

Code	Title	Hours
Foundation Courses		
ENGL 1000	English at Northeastern	1
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160 or ENGL 1410	Introduction to Rhetoric Introduction to Writing Studies	4
ENGL 1700	Global Literature to 1500	4
Literary Periods		
<i>Early Literatures</i>		
Complete one of the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 3678 or JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 4000	Topics in Early Literatures	
<i>Seventeenth to Eighteenth Centuries</i>		
Complete one of the following:		4
ENGL 2240	17th-Century British Literature	
ENGL 2296	Early African-American Literature	
ENGL 4020	Topics in 17th- and 18th-Century Literatures	
<i>Nineteenth Century</i>		
Complete one of the following:		4
ENGL 2330	The American Renaissance	
ENGL 3720	19th-Century Major Figure	
ENGL 4040	Topics in 19th-Century Literatures	
<i>Twentieth to Twenty-First Centuries</i>		
Complete one of the following:		

ENGL 2301	The Graphic Novel	
ENGL 2440	The Modern Bestseller	
ENGL 2600	Irish Literary Culture (Abroad)	
ENGL 2610	Contemporary Israeli Literature and Art (Abroad)	
ENGL 3685 or JWSS 3685	Modern and Contemporary Jewish Literature Modern and Contemporary Jewish Literature	
ENGL 3730	20th- and 21st-Century Major Figure	
Comparative Literature		
Complete two of the following:		8
ENGL 1450	Reading and Writing in the Digital Age	
ENGL 1502	American Literature to 1865	
ENGL 1503	American Literature 1865 to Present	
ENGL 2380	The Modern Novel	
ENGL 2420	Contemporary Poetry	
ENGL 2430	Contemporary Fiction	
ENGL 2450	Postcolonial Literature

ENGL 2455	American Women Writers Race	
ENGL 2460	Multiethnic Literatures of the U.S.	
ENGL 2510	Horror Fiction	
ENGL 2520	Science Fiction	
ENGL 2620	What Is Nature? (Abroad)	
ENGL 2690	Boston in Literature	
ENGL 3487	Film and Text (Abroad)	
ENGL 3582	Children's Literature	
ENGL 3663	The African-American Novel	
ENGL 3676	Representing Gender and Sexuality in Literature	
Theories and Methods		
Complete one of the following:		4
ENGL 1140	Grammar: The Architecture of English	
ENGL 1160	Introduction to Rhetoric	
ENGL 1410	Introduction to Writing Studies	
ENGL 2150	Literature and Digital Diversity	
ENGL 2850	Writing for Social Media: Theory and Practice	
ENGL 3325	Rhetoric of Law	
ENGL 3340	Technologies of Text	
ENGL 3381	The Practice and Theory of Teaching Writing	
ENGL 3700	Narrative Medicine	
ENGL 4400	Opening the Archive	
ENGL 4410	Research in Rhetoric and Writing	
LING 1150	Introduction to Language and Linguistics	
LING 2350	Linguistic Analysis	
LING 3450	Syntax	
LING 3452	Semantics	
LING 3454	History of English	
LING 3456	Language and Gender	
LING 3458	Topics in Linguistics	
Advanced Writing in the Disciplines		

Complete one of the following: 4

ENGW 3310	Advanced Writing in Literature
ENGW 3311	Advanced Writing for Prelaw

Writing

Complete two of the following: 8

ENGL 2700	Creative Writing
ENGL 2710	Style and Editing
ENGL 2740	Writing and Community Engagement
ENGL 2760	Writing in Global Contexts
ENGL 2770	Writing to Heal
ENGL 2780	Visual Writing: Writing Visuals
ENGL 3370	Writing Cultures
ENGL 3375	Writing Boston
ENGL 3376	Creative Nonfiction
ENGL 3377	Poetry Workshop
ENGL 3378	Fiction Workshop
ENGL 3380	Topics in Writing
ENGL 3382	Publishing in the 21st Century
ENGL 3384	The Writer's Marketplace

Capstone

ENGL 4710	Capstone Seminar
or ENGL 4720	Capstone Project

Diversity

Complete one of the following courses, which can also count toward another requirement in the major: 4

ENGL 2150	Literature and Digital Diversity
ENGL 2296	Early African-American Literature
ENGL 2450	Postcolonial Literature
ENGL 2451	Postcolonial Women Writers
ENGL 2455	American Women Writers Race
ENGL 2460	Multiethnic Literatures of the U.S.
ENGL 2760	Writing in Global Contexts
ENGL 3663	The African-American Novel
ENGL 3676	Representing Gender and Sexuality in Literature
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity
ENGL 3685	Modern and Contemporary Jewish Literature
or JWSS 3685	Modern and Contemporary Jewish Literature

Electives

Complete any two ENGL courses, except for First-Year Writing and Advanced Writing in the Disciplines, that has not already been used to fulfill another requirement. The following courses may also be used as electives: 8

LING 1150	Introduction to Language and Linguistics
LING 2350	Linguistic Analysis
LING 3450	Syntax
LING 3452	Semantics
LING 3454	History of English
LING 3456	Language and Gender
LING 3458	Topics in Linguistics

Experiential Learning Requirement

Complete one course in experiential learning from the list below or any Dialogues of Civilization experience. (Other study-abroad programs may not be used.) This course can also count toward another requirement in the major.

Code	Title	Hours
Experiential Learning Course Work		
ENGL 2690	Boston in Literature	4
ENGL 2740	Writing and Community Engagement	4
ENGL 3340	Technologies of Text	4
ENGL 3370	Writing Cultures	4
ENGL 3375	Writing Boston	4
ENGL 3381	The Practice and Theory of Teaching Writing	4
ENGL 3382	Publishing in the 21st Century	4
ENGL 4400	Opening the Archive	4
Dialogues of Civilization		
Complete one Dialogues of Civilization experience, including but not limited to those offered by the department. (Other study-abroad programs may not be used.)		
ENGL 2600	Irish Literary Culture (Abroad)	4
ENGL 2610	Contemporary Israeli Literature and Art (Abroad)	4
ENGL 2620	What Is Nature? (Abroad)	4
ENGL 3487	Film and Text (Abroad)	4

English Major Credit Requirement

Complete 56 semester hours in the major.

Program Requirement

128 total semester hours required

Computer Science and English, BS

The computer science and English combined major focuses on the increasingly interdisciplinary processes of creating, interpreting, and analyzing texts and programs. Students will combine communication and critical judgment, gaining the creativity and adaptability necessary to utilize technology in literary studies, and apply humanities skills to solve programming problems.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Computer Science Courses

Code	Title	Hours
------	-------	-------

Computer Science Overview

CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Fundamental Courses

A grade of C- or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4

Computing Focus

Students are required to complete one of the following foci (two courses total):

Focus 1: Natural Language Processing

CS 3800	Theory of Computation	
CS 4120	Natural Language Processing	

Focus 2: Programming Languages

CS 3800	Theory of Computation	
CS 4400	Programming Languages	

Focus 3: Analytics

DS 3000	Foundations of Data Science	
DS 4200	Information Presentation and Visualization	

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Computer Science/Information Science Elective Course

IS 2000 or CS 4500	Principles of Information Science Software Development	4
--------------------	--	---

Khoury Elective Courses

With advisor approval, a directed study, project study, or appropriate graduate-level course may also be taken as an upper-division elective.

Complete 4 credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010

CY 2000 or higher, except CY 4930

DS 2000 or higher, except DS 4900

IS 2000 or higher, except IS 4900

English Requirements

Code	Title	Hours
English Course-Level Requirement		
In addition to the capstone, two of the courses chosen from the lists below must be numbered 3000–4999.		
Introduction to College		
ENGL 1000	English at Northeastern	1
Foundational Courses		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160	Introduction to Rhetoric	4
or ENGL 1410	Introduction to Writing Studies	
Diversity		
Complete one of the following courses. This course may also be used to fulfill an additional English requirement below:		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2451	Postcolonial Women Writers	
ENGL 2455	American Women Writers Race	
ENGL 2460	Multiethnic Literatures of the U.S.	
ENGL 2760	Writing in Global Contexts	
ENGL 3663	The African-American Novel	
ENGL 3676	Representing Gender and Sexuality in Literature	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL/JWSS 3685	Modern and Contemporary Jewish Literature	
Pre-Nineteenth-Century Literature		
Complete one of the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 1700	Global Literature to 1500	
ENGL 2240	17th-Century British Literature	
ENGL 2296	Early African-American Literature	
ENGL/JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 4000	Topics in Early Literatures	
ENGL 4020	Topics in 17th- and 18th-Century Literatures	
Nineteenth-, Twentieth-, and Twenty-First-Century Literature		
Complete one of the following:		4
ENGL 2330	The American Renaissance	
ENGL 3720	19th-Century Major Figure	
ENGL 4040	Topics in 19th-Century Literatures	
ENGL 2301	The Graphic Novel	
ENGL 2440	The Modern Bestseller	
ENGL 2600	Irish Literary Culture (Abroad)	
ENGL 2610	Contemporary Israeli Literature and Art (Abroad)	

ENGL/JWSS 3685 Modern and Contemporary Jewish Literature

ENGL 3730 20th- and 21st-Century Major Figure

Theories and Methods

Complete one of the following: 4

ENGL 1140 Grammar: The Architecture of English

ENGL 1160 Introduction to Rhetoric

ENGL 1410 Introduction to Writing Studies

ENGL 2150 Literature and Digital Diversity

ENGL 3325 Rhetoric of Law

ENGL 3340 Technologies of Text

ENGL 3370 Writing Cultures

ENGL 3381 The Practice and Theory of Teaching Writing

English and Communication Studies, BA

The English department and the communication studies department offer an interdisciplinary combined major in English and communication studies. Broadly speaking, students in the combined major in English and communication studies at Northeastern integrate the study of literature and writing with studies of media, social, corporate, and political communications.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

English Requirements

Code	Title	Hours
------	-------	-------

English Course-Level Requirement

In addition to the capstone, two of the courses chosen from the lists below must be numbered 3000–4999.

Introduction to College

ENGL 1000	English at Northeastern	1
-----------	-------------------------	---

Foundational Courses

ENGL 1400	Introduction to Literary Studies	4
ENGL 1160	Introduction to Rhetoric	4
or ENGL 1410	Introduction to Writing Studies	

Diversity

Complete one of the following courses. This course may also be used to fulfill an additional English requirement below.

ENGL 2150	Literature and Digital Diversity	4
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2451	Postcolonial Women Writers	
ENGL 2455	American Women Writers Race	
ENGL 2460	Multiethnic Literatures of the U.S.	
ENGL 2760	Writing in Global Contexts	
ENGL 3663	The African-American Novel	
ENGL 3676	Representing Gender and Sexuality in Literature	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL/JWSS 3685	Modern and Contemporary Jewish Literature	

Pre-Nineteenth-Century Literature

Complete one of the following: 4

ENGL 1600	Introduction to Shakespeare	
ENGL 1700	Global Literature to 1500	
ENGL 2240	17th-Century British Literature	
ENGL 2296	Early African-American Literature	
ENGL/JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 4000	Topics in Early Literatures	
ENGL 4020	Topics in 17th- and 18th-Century Literatures

Communication Studies Grade Requirements

No more than two grades below a C in communication studies courses may be used to satisfy degree requirements.

Program Requirement

128 total semester hours required

English and Cultural Anthropology, BA

The English department and the sociology/anthropology department offer an interdisciplinary combined major in English and cultural anthropology. Broadly speaking, students in the combined major in English and cultural anthropology at Northeastern integrate the study of literature, language, and writing with the study of human culture and its intersections with structures of inequality (e.g., race, class, and gender) and contemporary global issues.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

English Requirements

Code	Title	Hours
English Course-Level Requirement		
In addition to the capstone, two of the courses chosen from the lists below must be numbered 3000–4999.		
Introduction to College		
ENGL 1000	English at Northeastern	1
Foundational Courses		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160	Introduction to Rhetoric	4
or ENGL 1410	Introduction to Writing Studies	
Diversity		
Complete one of the following courses. This course may also be used to fulfill an additional English requirement below:		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2451	Postcolonial Women Writers	
ENGL 2455	American Women Writers Race	
ENGL 2460	Multiethnic Literatures of the U.S.	
ENGL 2760	Writing in Global Contexts	
ENGL 3663	The African-American Novel	
ENGL 3676	Representing Gender and Sexuality in Literature	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL/JWSS 3685	Modern and Contemporary Jewish Literature	
Pre-Nineteenth-Century Literature		
Complete one of the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 1700	Global Literature to 1500	
ENGL 2240	17th-Century British Literature	
ENGL 2296	Early African-American Literature	
ENGL/JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 4000	Topics in Early Literatures	
ENGL 4020	Topics in 17th- and 18th-Century Literatures	
Nineteenth-, Twentieth-, and Twenty-First-Century Literature		
Complete one of the following:		4
ENGL 2330	The American Renaissance	
ENGL 3720	19th-Century Major Figure	
ENGL 4040	Topics in 19th-Century Literatures

ENGL 2620	What Is Nature? (Abroad)	
ENGL 2690	Boston in Literature	
ENGL 3487	Film and Text (Abroad)	
ENGL 3582	Children's Literature	
ENGL 3663	The African-American Novel	
ENGL 3676	Representing Gender and Sexuality in Literature	
Writing		
Complete one of the following:		4
ENGL 2700	Creative Writing	
ENGL 2710	Style and Editing	
ENGL 2740	Writing and Community Engagement	
ENGL 2760	Writing in Global Contexts	
ENGL 2770	Writing to Heal	
ENGL 2780	Visual Writing: Writing Visuals	
ENGL 2850	Writing for Social Media: Theory and Practice	

ENGL 3375	Writing Boston
ENGL 3376	Creative Nonfiction
ENGL 3377	Poetry Workshop
ENGL 3378	Fiction Workshop
ENGL 3380	Topics in Writing
ENGL 3382	Publishing in the 21st Century
ENGL 3384	The Writer's Marketplace

Capstone

ENGL 4710	Capstone Seminar	4
or ENGL 4720	Capstone Project	

English Electives

Complete two additional ENGL electives.	8
---	---

Cultural Anthropology Requirements

Code	Title	Hours
------	-------	-------

Foundation Courses

ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
ANTH 3410	Ethnographic Field Experience	4
ANTH 3421	Foundations of Anthropological Theory	4

Area Courses

Additional "area courses" taken may count as anthropology electives.

Complete two of the following:	8
--------------------------------	---

ANTH 4350	Ethnography of Southeast Asia
ANTH 4500	Latin American Society and Development
ANTH 4505	Native North Americans
ANTH 4510	Anthropology of Africa
ANTH 4515	Culture and Politics in Modern India

Capstone

Students are expected to complete the following course in spring of their senior year.

ANTH 4600	Senior Seminar	4
-----------	----------------	---

Anthropology Electives

Complete three 4-semester-hour courses in addition to the above requirements. One study-abroad course may also count toward this requirement with prior permission from the department.	12
---	----

Integrative Requirements

Code	Title	Hours
------	-------	-------

One integrative course is required for each discipline. Courses taken as electives above may not be used as integrative courses.

English Integrative Course

ENGL 2450	Postcolonial Literature	4
-----------	-------------------------	---

Cultural Anthropology Integrative Courses

Complete one of the following:	4
--------------------------------	---

ANTH 2300	Reading Culture through Ethnography
ANTH 3421	Foundations of Anthropological Theory

Cultural Anthropology Major Grade Requirement

A GPA of 2.000 for major courses is required.

English and Cultural Anthropology Combined-Major Credit Requirement

Complete 88 semester hours in the major.

Program Requirement

128 total semester hours required

English and Graphic and Information Design, BA

The Department of English and the Department of Art + Design offer an interdisciplinary combined major in English and graphic and information design. Students interested in the combined major in English and graphic and information design integrate the study of literature and writing with the design of message and meaning, integrating text, image, and data.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

English Requirements

Code	Title	Hours
------	-------	-------

English and Theatre, BA

The Department of Theatre and Department of English offer an interdisciplinary combined major that integrates performance, design, production, and dramatic literature with literary studies, digital humanities, and creative writing. This combined major offers both classroom and experiential learning in making theatre, playwriting, and dramaturgy with the study of the diverse historical, cultural, and aesthetic contexts of literature. Students develop the capacity for interpreting a variety of texts through performance and writing to engage audiences.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

English Requirements

Code	Title	Hours
English Course-Level Requirement		
In addition to the capstone, two of the courses chosen from the lists below must be numbered 3000–4999.		
Introduction to College		
ENGL 1000	English at Northeastern	1
Foundational Courses		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160	Introduction to Rhetoric	4
or ENGL 1410	Introduction to Writing Studies	
Diversity		
Complete one of the following courses. This course may also be used to fulfill an additional English requirement below:		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature

Linguistics and English, BA

In the combined major in linguistics and English, students learn about the structures and analysis of human languages across multiple levels (sounds, words, phrases and sentences, meaning) and apply this knowledge to understanding how the English language works, its rhetorical forms, how it has changed over time, and its cultural context. Students hone their writing skills, develop substantial language-analysis skills, and apply them particularly to English.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Linguistics Requirements

Media and Screen Studies and English, BA

The media and screen studies program and the Department of English offer a combined major in media and screen studies and English. The combined major integrates the analysis, research, and production of traditional and emerging media along with the study of the diverse historical, cultural, and aesthetic contexts of English, American, and other Anglophone literatures. Majors become familiar with writing practices and media from the Middle Ages through the present, from the quill pen to computer code.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

NUpath requirements Interpreting Culture (IC) and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Creative Expression/Innovation (EI), Analyzing and Using Data (AD), Difference and Diversity (DD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

Media and Screen Studies Requirements

Code	Title	Hours
Media and Screen Studies Common Requirements		
MSCR 1220	Media, Culture, and Society	4
MSCR 1320 or MSCR 1420	Media and Social Change Media History	4

Program Requirement

128 total semester hours required

Biology and English, BS

In the BS, combined biology and English degree program, science courses lay the groundwork for strong basic training in mathematics, chemistry, and physics that are relevant to biology. In biology courses, students broadly explore the organization and processes of life—from molecules and cells through organs and organ systems to populations, ecosystems, and evolution. In English courses, students study the diverse historical, cultural, and aesthetic contexts of English, American, and other Anglophone literatures; analyze writing practices and related media; and practice a variety of approaches to the study of language, rhetoric, writing, and literature. The fields of biology and English are bridged with course work in different forms of science writing, as well as psychology and sociology courses exploring the acquisition of language and reading; the sociology of health and illness; and the environment, technology, and society.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Biology Requirements

Code	Title	Hours
Introduction to College

CHEM 2313 and CHEM 2314	Organic Chemistry 2 and Lab for CHEM 2313	5

Physics		
<i>Physics 1</i>		
Complete one of the following lecture/lab pairs. PHYS 1145/PHYS 1146 is recommended:		5

PHYS 1145 and PHYS 1146	Physics for Life Sciences 1 and Lab for PHYS 1145	
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	
PHYS 1161 and PHYS 1162	Physics 1 and Lab for PHYS 1161	

<i>Physics 2</i>		
Complete one of the following lecture/lab pairs. PHYS 1147/PHYS 1148 is recommended:		5

PHYS 1147 and PHYS 1148	Physics for Life Sciences 2 and Lab for PHYS 1147	
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	
PHYS 1165 and PHYS 1166	Physics 2 and Lab for PHYS 1165	

Intermediate or Advanced Science		
Complete one course from the following:		4
BIOL 2301 to BIOL 5999		
CHEM 2311 to CHEM 5999		
EEMB 2290 to EEMB 5999		
ENVR 2310 to ENVR 5999		
MATH 2280 to MATH 5999		
PHYS 2303 to PHYS 5999		
PSYC 2290 to PSYC 5999		

English Requirements

Code	Title	Hours
English Course-Level Requirement		
In addition to the capstone, two of the courses chosen from the lists below must be numbered 3000–4999.		

Introduction to College		
ENGL 1000	English at Northeastern	1

Foundational Courses		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160 or ENGL 1410	Introduction to Rhetoric or Introduction to Writing Studies	4

Diversity		
Complete one of the following courses. This course may also be used to fulfill an additional English requirement below:		4

ENGL 2150	Literature and Digital Diversity
ENGL 2296	Early African-American Literature
ENGL 2450	Postcolonial Literature
ENGL 2451	Postcolonial Women Writers
ENGL 2455	American Women Writers Race
ENGL 2460	Multiethnic Literatures of the U.S.
ENGL 2760	Writing in Global Contexts
ENGL 3663	The African-American Novel
ENGL 3676	Representing Gender and Sexuality in Literature
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity
ENGL/JWSS 3685	Modern and Contemporary Jewish Literature

Pre-Nineteenth-Century Literature

Complete one of the following: 4

ENGL 1600	Introduction to Shakespeare
ENGL 1700	Global Literature to 1500
ENGL 2240	17th-Century British Literature
ENGL 2296	Early African-American Literature
ENGL/JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity
ENGL 4000	Topics in Early Literatures
ENGL 4020	Topics in 17th- and 18th-Century Literatures

Nineteenth-, Twentieth-, and Twenty-First-Century Literature

Complete one of the following: 4

ENGL 2330	The American Renaissance
ENGL 3720	19th-Century Major Figure
ENGL 4040	Topics in 19th-Century Literatures
ENGL 2301	The Graphic Novel
ENGL 2440	The Modern Bestseller
ENGL 2600	Irish Literary Culture (Abroad)
ENGL 2610	Contemporary Israeli Literature and Art (Abroad)

Biology and English Combined-Major GPA Requirement

Minimum 2.000 GPA required in all BIOL courses
 Minimum 2.000 GPA required in all ENGL courses

Program Requirement

128 total semester hours required

English, Minor

The English minor offers students the opportunity to complement their major area with focused course work in any of the broad areas of English studies, such as writing practices, language, rhetoric, and literature.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Three of the four total courses must be taken at Northeastern.

Note: Courses taken to fulfill the first-year writing requirement and the Advanced Writing in the Disciplines requirements do not count toward this minor. A total of 16 semester hours is required for the English minor.

Requirements

Code	Title	Hours
Introductory Course		
Complete one course in the following range:		4
ENGL 1001 to ENGL 1999		
Electives		
Complete three ENGL courses, two of which must be in the range ENGL 2000 to ENGL 4999.		12

GPA Requirement

2.000 GPA required in the minor

Rhetoric, Minor

The rhetoric minor offers students the opportunity to acquire competence in the history, theory, and criticism of civic discourse and cultural practices. It brings together courses from both the communication studies and English departments, from which students may learn about the nature and function of rhetoric in politics, the professions, and the media.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: For communication studies students, only two courses from this minor also count toward communication studies major requirements. Additional courses taken for this minor do not count toward communication studies major requirements.

Required Elective

Code	Title	Hours
ENGL 1160	Introduction to Rhetoric	4
or COMM 1210	Persuasion and Rhetoric	

Electives

Code	Title	Hours
<i>Note:</i> For English majors, only one course from the major may also count toward this elective section of the minor.		
Complete four of the following:		16
COMM 1331	Legal Argumentation, Advocacy, and Citizenship	
COMM 3414	Great Speakers and Speeches	
COMM 3415	Communication Criticism	
COMM 3501	Free Speech: Law and Practice	
COMM 4602	Contemporary Rhetorical Theory	
ENGL 3325	Rhetoric of Law	
ENGL 3381	The Practice and Theory of Teaching Writing	

GPA Requirement

2.000 GPA required in the minor

Writing, Minor

Students in the writing minor integrate theory with writing practice. Courses on writing for social media, writing in global contexts, and writing in a variety of creative genres provide students with opportunities to explore writing in diverse contexts.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Three of the four total classes must be taken at Northeastern.

Writing Theories and Methods

Code	Title	Hours
Complete one of the following:		4
ENGL 1160	Introduction to Rhetoric	
ENGL 1410	Introduction to Writing Studies	
ENGL 3325	Rhetoric of Law	

ENGL 3381	The Practice and Theory of Teaching Writing
ENGL 4410	Research in Rhetoric and Writing

Writing Electives

Code	Title	Hours
Complete three of the following:		12
ENGL 1140	Grammar: The Architecture of English	
ENGL 1160	Introduction to Rhetoric	
ENGL 1410	Introduction to Writing Studies	
ENGL 1450	Reading and Writing in the Digital Age	
ENGL 2301	The Graphic Novel	
ENGL 2700	Creative Writing	
ENGL 2710	Style and Editing	
ENGL 2740	Writing and Community Engagement	
ENGL 2760	Writing in Global Contexts	
ENGL 2770	Writing to Heal	
ENGL 2780	Visual Writing: Writing Visuals	
ENGL 2850	Writing for Social Media: Theory and Practice	
ENGL 3325	Rhetoric of Law	
ENGL 3340	Technologies of Text	
ENGL 3370	Writing Cultures	
ENGL 3375	Writing Boston	
ENGL 3376	Creative Nonfiction	
ENGL 3377	Poetry Workshop	
ENGL 3378	Fiction Workshop	
ENGL 3380	Topics in Writing	
ENGL 3381	The Practice and Theory of Teaching Writing	
ENGL 3382	Publishing in the 21st Century	
ENGL 3384	The Writer's Marketplace	
ENGL 4410	Research in Rhetoric and Writing	

GPA Requirement

2.000 GPA required in the minor

History

Website (<http://www.northeastern.edu/history/>)

Timothy Brown, PhD
Professor and Chair

249 Meserve Hall
617.373.2660
617.373.2661 (fax)
Kirsten Bilas, Ed.D, Administrative Assistant, k.bilas@northeastern.edu

History at Northeastern emphasizes the study of local and regional histories as well as of the global exchanges between nations, regions, and cultures. Knowledge of the past is also about building the future. In a world marked by increasing exchange between peoples, cultures, and societies, history is key to understanding contemporary issues such as the future of democracy, the nature of citizenship and rights, the origins and conduct of war, the foundations of racial and ethnic conflict and tolerance, and poverty and prosperity. At the same time, history teaches

crucial skills in analytical thinking, research processes, writing, oral expression, and multimedia presentation.

History majors take three core seminars on historical research and choose from a broad range of courses in historical themes, periods, and regions. Students focus their studies by establishing a cluster of four courses in a particular geographical area, time period, or theme. The program emphasizes undergraduate research in the major and trains students to conduct research in archives and primary sources and to write research papers. Honors study is strongly encouraged for eligible students, and students are encouraged to take advantage of numerous options for study abroad. Advanced undergraduates have the opportunity to participate in individual directed study with members of the faculty on topics of mutual interest.

Cooperative education placements, fieldwork, internships, and other experiential learning activities are also available. History majors have worked on co-op in law firms, an art auction house, the State Department, the Massachusetts State House, Newton Public Schools, and the Massachusetts State Archives, among many other institutions.

Undergraduates who plan to teach in public schools may combine history with education courses that can lead to state certification in Massachusetts. History students are also encouraged to take Dialogue of Civilizations courses that engage students in short-term study abroad during the summer.

The Department of History offers a broad-based Bachelor of Arts major and two Bachelor of Science options. One BS option emphasizes training in disciplines outside history. It includes the study of research methods and a minor in fields such as English; economics; political science; sociology; cinema studies; East Asian studies; or women's, gender, and sexuality studies. The other BS option seeks to prepare students for public history fields such as museum administration, archival management, or historic preservation. The Department of History participates in numerous interdisciplinary programs, including East Asian studies; cinema studies; environmental studies; international affairs; Jewish studies; Latino/a, Latin American, and Caribbean studies; and women's, gender, and sexuality studies.

The Department of History offers qualified undergraduates the opportunity to pursue a BA/MA or BS/MA degree in five years, with the approval of the department. Students with a minimum 3.330 cumulative grade-point average (GPA) and minimum 3.500 GPA in required history courses may apply for admission to the PlusOne BA/MA or BS/MA program in history.

Academic Progression Standards

Same as university-wide standards described under "Academic Status (p. 36)."

Preapproved Template Program in History

The Department of History offers a preapproved template program that may be paired with another preapproved template program to create a combined major; to see a list of current preapproved template programs, visit the combined majors webpage (<http://www.northeastern.edu/registrar/major-2.html>).

Students may request admission to such a combined major via the Combined Major Approval form (<http://www.northeastern.edu/registrar/form-maj-comb.pdf>), which requires approval by both disciplines/colleges together with an approved curriculum. For additional information on preapproved template programs, see "Student-Requested Combined Major (p. 38)." For template program requirements, visit the

myNortheastern web portal (<http://www.myneu.neu.edu>), click on the "Self-Service" tab, then on "My Degree Audit."

PlusOne Program (MA) in History

History majors at the end of their sophomore year or the beginning of their junior year may qualify for application to the PlusOne program that combines the BA with the master's degree in history. Students interested in this option should consult with the departmental advisor, Marty Blatt (m.blatt@northeastern.edu), by the end of the sophomore year.

Programs

Bachelor of Arts (BA)

- History (p. 819)
- History and Asian Studies (p. 713)
- History and Cultural Anthropology (p. 824)
- History and Economics (p. 760)

- Computer Science and History (p. 335)
- History and Economics (p. 772)

Minor

- History (p. 844)

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p. 1065)

History, BA

The Bachelor of Arts (BA) is a broadly based liberal arts degree in history. Students who pursue the BA degree must satisfy general requirements and take courses to satisfy Northeastern's university-wide core curriculum (NuPath), in addition to required and elective history courses. These requirements help students develop their historical knowledge and skills within the contexts of the arts, humanities, social sciences, and sciences that together comprise the disciplinary sources of historical knowledge. They enable historical understanding to be culturally and linguistically sensitive to the subjects of historical inquiry.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

History Major Requirements

Code	Title	Hours
Introductory History		
HIST 1000	History at Northeastern	1
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
Complete two of the following:		8
HIST 1120	Public History, Public Memory	
HIST 1130	Introduction to the History of the United States	
HIST 1150	East Asian Studies	
HIST 1170	Europe: Empires, Revolutions, Wars, and Their Aftermath	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1187	Introduction to Latin American History	
HIST 1190	Picturing Modernity: The Photographic Image in Culture and Society	
HIST 1246	World War II in the Pacific	
WMNS 1103	Introduction to Women's, Gender, and Sexuality Studies	
History Seminar and Historical Writing		
HIST 2301 and HIST 2302	The History Seminar and Historical Writing	5

History Cluster

In conjunction with your history advisor, define a history cluster by the first semester of your junior year of study. A cluster comprises four history courses with no more than two courses in the 1200–1299 range.

Additional History Requirements

Code	Title	Hours
Pre-1800 Course		
This course may count toward the history cluster or history elective.		
Complete one of the following:		4
HIST 2390	Africa and the World in Early Times	
HIST 1252	Japanese Literature and Culture	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1270	Ancient Greece	
HIST 1271	Ancient Rome	
HIST 1285	Introduction to Russian Civilization	
HIST 2330	Colonial and Revolutionary America	
HIST 2370	Renaissance to Enlightenment	
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain	

History Outside the United States and Europe

Complete one of the following:		4
HIST 1150	East Asian Studies	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1187	Introduction to Latin American History	
HIST 1206	Drug Trade and Drug War. History, Security, Culture	
HIST 1246	World War II in the Pacific	
HIST 1252	Japanese Literature and Culture	
HIST 1253	History of Vietnam Wars	
HIST 1290	Modern Middle East	
HIST 1500	Modern Chinese History and Culture	
HIST 2211	The World Since 1945	
HIST 2214	War in the Modern World	
HIST 2311	Colonialism/Imperialism	
HIST 2351	Modern Japan	
HIST 2390	Africa and the World in Early Times	

Capstone or Project		
Complete one of the following:		4
HIST 4701	Capstone Seminar	

Intermediate/Advanced History Course Requirement

A minimum of three courses from the above requirements must be numbered 2303 or higher. These courses may count toward the history cluster.

Experiential Learning Requirement

The History Seminar (HIST 2301) fulfills the university's experiential learning requirement.

History Major Credit Requirement

Complete 46 semester hours in the major.

Program Requirements

128 total semester hours required

Environmental Studies and History, BA

Through this combined major, successful undergraduates will develop an awareness of the scientific, cultural, and political aspects of the world's environmental problems through historical perspectives and backgrounds.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Environmental Studies Requirements

Code	Title	Hours
Science Requirements		
ENVR 1101	Environmental Science	4
ENVR 1202 and ENVR 1203	History of Earth and Life and Interpreting Earth History	5

History and Asian Studies, BA

History and Asian studies offers an interdisciplinary combined major. Students interested in the combined major in history and Asian studies integrate the exploration of human history with the rigorous study of Asian cultures, societies, languages, and economies.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

History Requirements

Code	Title	Hours
History Colloquium		
HIST 1000	History at Northeastern	1
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
Introductory Level		
Choose one course from the 1000 level except HIST 1215, which is required by Asian studies.		4
History Seminar and Historical Writing		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
Pre-1800 History Elective		
Choose one course from the following:		4
HIST 2390	Africa and the World in Early Times	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1270	Ancient Greece	
HIST 1271	Ancient Rome	
HIST 1285	Introduction to Russian Civilization	
HIST 2330	Colonial and Revolutionary America	
Advanced History		
Complete one history course 3000 level or above		4

History Cluster

In conjunction with your history advisor, define a history cluster by the first semester of your junior year of study. A cluster comprises four history courses with no more than two courses in the 1200–1299 range. These courses may double-count in the requirements above (except History Colloquium).

Asian Studies Requirements

Code	Title	Hours
Required Courses		
ASNS 1150	East Asian Studies	4
HIST 1215	Origins of Today: Historical Roots of Contemporary Issues	4
Asia in Global Context		
Complete one of the following:		4

INTL 2240	Global Population and Development	
POLS 3487	Politics of Developing Nations	
<i>Language, Literature, and Culture Focus Area</i>		
ARCH 1320	Architecture and Global Cultures, 1400 to Present	

CLTR 1260	Japanese Film
CLTR 1700	Introduction to Japanese Pop Culture
ENGL 2450	Postcolonial Literature
MUSC 2130	Music of Asia
PHIL 1130	Ethics: East and West

Religious Studies Focus Area

PHIL 1231	
PHIL 1273	
PHIL 1275	Hinduism, Buddhism, and Beyond: Eastern Religions
PHIL 1276	
PHIL 1290	Chinese Philosophy and Religion
PHIL 2394	
PHIL 2395	Japanese Buddhism
PHIL 4393	Asian Religions in the United States
PHIL 4545	Religion and Politics in South Asia

Capstone

Code	Title	Hours
Complete one of the following:		4
HIST 4701	Capstone Seminar	
ASNS 4900	Asian Studies Capstone Directed Study	
ASNS 4920		

Integrative Requirement

Note: Public history concentrators satisfy this requirement within the concentration with Fieldwork in History 1 (HIST 4903) and (HIST 4904).

Code	Title	Hours
HIST 2351	Modern Japan	4
or ASNS 2245	The Asian-American Experience	

History and Asian Studies Major Credit Requirement

Complete 82 semester hours in the major.

Program Requirements

128 total semester hours required

History and Cultural Anthropology, BA

History and cultural anthropology offer an interdisciplinary combined major. Students interested in the combined major in history and cultural anthropology integrate the exploration of human history with the rigorous study of human cultures.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

History Requirements

Code	Title	Hours
History Colloquium		
HIST 1000	History at Northeastern	1
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
Introductory Level		
Complete one history course from the 1000 level.		4
History Seminar and Historical Writing		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
Pre-1800 History Elective		
Complete one course from the following:		4
HIST 2390	Africa and the World in Early Times	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1270	Ancient Greece	
HIST 1271	Ancient Rome	
HIST 1285	Introduction to Russian Civilization	
HIST 2330	Colonial and Revolutionary America	
Intermediate/Advanced History Cluster		
Complete three history courses numbered 2303 or above.		12
Advanced History		
Complete one history course at the 3000 level or above.		4

Cultural Anthropology Requirements

Code	Title	Hours
Foundation Courses		
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
ANTH 3421	Foundations of Anthropological Theory	4
ANTH 3410	Ethnographic Field Experience	4
Area Courses		
Complete two courses from the following:		8
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4500	Latin American Society and Development	
ANTH 4505	Native North Americans	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	

Anthropology Electives

Complete three courses in the following range. One study-abroad course may count toward this requirement.
 ANTH 2001 to ANTH 4599

Capstone Requirements

Code	Title	Hours
Complete one of the following: 4		
ANTH 4600	Senior Seminar	
HIST 4701	Capstone Seminar	

Integrative Requirements

ANTH courses below will double count as area courses.

Code	Title	Hours
ANTH 4350	Ethnography of Southeast Asia	4
ANTH 4510	Anthropology of Africa	4
HIST 2360	History of Capitalism in East Asia	4

Students taking Senior Seminar (ANTH 4600) must complete either a one-semester senior project, which they would do in the context of ANTH 4600, or a two-semester senior thesis, which would require them to also enroll in a fall-semester directed study.

Anthropology Major Grade Requirement

A GPA of 2.000 for major courses is required.

Program Requirement

128 total semester hours required

History, BS

The Bachelor of Science (BS) degree emphasizes greater specialization in history, either in public history or in a minor field outside of history, and a course in statistics. These programs are designed for students interested in either public history or in quantitative analysis and the mastery of social science models and methods. Students who plan to go to graduate school in history should consider the possibility of taking language courses as electives, since most graduate programs continue to require foreign language competence.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

History Major Requirements

Code	Title	Hours
Introductory History		
HIST 1000	History at Northeastern	1
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
Complete two of the following:		8
HIST 1120	Public History, Public Memory	
HIST 1130	Introduction to the History of the United States	
HIST 1150	East Asian Studies	
HIST 1170	Europe: Empires, Revolutions, Wars, and Their Aftermath	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1187	Introduction to Latin American History	
HIST 1190	Picturing Modernity: The Photographic Image in Culture and Society	
HIST 1228		
HIST 1246	World War II in the Pacific	
AFAM 1140		
WMNS 1103	Introduction to Women's, Gender, and Sexuality Studies	
History Seminar and Historical Writing		
HIST 2301 and HIST 2302	The History Seminar and Historical Writing	5

History Cluster

In conjunction with your history advisor, define a history cluster by the first semester of your junior year of study. A cluster comprises four history courses with no more than two courses in the 1200–1299 range.

Additional History Requirements

Code	Title	Hours
Pre-1800 Course		
This course may count toward the history cluster or history elective.		
Complete one of the following:		4

HIST 2390	Africa and the World in Early Times
HIST 1252	Japanese Literature and Culture
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804
HIST 1270	Ancient Greece
HIST 1271	Ancient Rome
HIST 1285	Introduction to Russian Civilization
HIST 2330	Colonial and Revolutionary America
HIST 2370	Renaissance to Enlightenment
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain

History Outside the United States and Europe

Complete one of the following:		4
HIST 1150	East Asian Studies	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1187	Introduction to Latin American History	
HIST 1206	Drug Trade and Drug War: History, Security, Culture	
HIST 1246	World War II in the Pacific	
HIST 1252	Japanese Literature and Culture	
HIST 1253	History of Vietnam Wars	
HIST 1290	Modern Middle East	
HIST 1500	Modern Chinese History and Culture	
HIST 2211	The World Since 1945	
HIST 2214	War in the Modern World	
HIST 2311	Colonialism/Imperialism	
HIST 2351	Modern Japan	
HIST 2390	Africa and the World in Early Times	
HIST 4691		

Capstone or Project

Requirement for Non–Public History Concentrators

HIST 4701	Capstone Seminar	4
-----------	------------------	---

Requirement for Public History Concentrators

Public history concentrators satisfy this requirement within the concentration.

Intermediate/Advanced History Course Requirement

A minimum of three courses from the above requirements must be numbered 2303 or higher. These courses may count toward the history cluster.

Optional Public History Concentration

Note: Public History, Public Memory (HIST 1120) is a prerequisite for Fieldwork in History 1 (HIST 4903) and (HIST 4904).

Code	Title	Hours
Public History Courses		
HIST 1120	Public History, Public Memory	4
HIST 4903	Fieldwork in History 1	4
HIST 4904		4
Graduate Public History Course		
Complete one graduate-level course in public history. See history faculty advisor for an approved list.		4

Supporting Course

Code	Title	Hours
Research Methods		
Complete one of the following:		4
CS 1100	Computer Science and Its Applications	
ECON 2350	Statistics	
ENVR 5260	Geographical Information Systems	
MATH 2280	Statistics and Software	
POLS 2400	Quantitative Techniques	
PSYC 2320	Statistics in Psychological Research	
SOCL 2320	Statistical Analysis in Sociology	

History Major Credit Requirement

Complete 46 semester hours for the major.

Computer Science and History, BS

The computer science and history combined major offers students the opportunity to gain both historical knowledge and a broad range of related analytical skills in both the humanities and computer science. You'll define a history course cluster according to a thematic principle,

with a focus on quantitative analysis in the field, complementing your foundation in programming.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
IS 2000	Principles of Information Science	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective Courses

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete 16 credits of upper-division CS, CY, DS, or IS courses that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010

CY 2000 or higher, except CY 4930

DS 2000 or higher, except DS 4900

IS 2000 or higher, except IS 4900

History Courses

Code	Title	Hours
History Required Courses		
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
History Electives		
Complete one introductory course from the following:		4
ASNS 1150	East Asian Studies	
HIST 1120	Public History, Public Memory	
HIST 1130	Introduction to the History of the United States	
HIST 1170	Europe: Empires, Revolutions, Wars, and Their Aftermath	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1187	Introduction to Latin American History	
HIST 1190	Picturing Modernity: The Photographic Image in Culture and Society	
WMNS 1103	Introduction to Women's, Gender, and Sexuality Studies	
Complete one course from the following:		4
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1270	Ancient Greece	
HIST 1271	Ancient Rome	
HIST 1285	Introduction to Russian Civilization	
HIST 1389	History of Espionage 1: Antiquity to World War II	
HIST 2330	Colonial and Revolutionary America	
Complete three intermediate/advanced-level courses:		12
Select from any HIST course numbered 2303 or above.		
Complete one advanced-level course:		4
Select from any HIST course numbered 3000 or above.		
History Capstone Seminar or Senior Project		
Complete one capstone experience from the following:		4
HIST 4701	Capstone Seminar	
Public history concentrators may also select from the following:		
HIST 4903	Fieldwork in History 1	

Integrative Course Requirement

Code	Title	Hours
HIST 2211	The World Since 1945	4

Supporting Courses

Code	Title	Hours
Research Methods		
Complete one course from the following:		4
ECON 2350	Statistics	
POLS 2400	Quantitative Techniques	
PSYC 2320	Statistics in Psychological Research	
SOCL 2320	Statistical Analysis in Sociology	

ENVR 3300	Geographic Information Systems	
ENVR 5260	Geographical Information Systems	
Computing and Social Issues		
Complete one of the following:		4
ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
ENGL 2150	Literature and Digital Diversity	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 3485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

Computer Science Writing Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	
Advanced Writing in the Disciplines		
This requirement is satisfied by HIST 2302 taken in conjunction with HIST 2301.		

Required General Electives

Code	Title	Hours
Complete 32 credits of general electives.		32

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

Computer Science and History GPA/Credit Requirement

Complete 98 semester hours in the major with a minimum 2.000 GPA

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing in the First Year
- Writing-Intensive in the Major
- Advanced Writing in the Disciplines
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

135 total semester hours required

ECON 2350	Statistics	4
ECON 2560	Applied Econometrics	4

Economics Electives

Complete four Economics electives excluding those already required in the major 16

Supplemental Courses

CS 1100	Computer Science and Its Applications	4
MATH 1231	Calculus for Business and Economics	4

Capstone Requirements

Code	Title	Hours
Complete one of the following options: (Public History concentrations complete HIST 4903 & HIST 4904)		4
ECON 4692	Senior Economics Seminar	
HIST 4701	Capstone Seminar	

Integrative Requirements

Code	Title	Hours
Complete one of the following:		4
ECON 3470	American Economic History	
ECON 1293	European Economic History	
HIST 2360	History of Capitalism in East Asia	
HIST 2011	Capitalism and Business: A Global History	

History and Economics Major Credit Requirement

Complete 88 semester hours in the major.

Program Requirement

128 total semester hours required

History, Minor

The history minor is designed to be flexible so that students may focus on a tailored course of study. There are no prerequisites: Complete five history courses (20 semester hours), of which at least two must be at or above the 2000 level and must be taken at Northeastern. Students are encouraged to choose a cluster of courses around a particular theme. Existing themes include global conflict and war, ancient and early modern worlds, global cultural history, public history, commodities and capitalism, and global security. Students may also focus on particular areas such as the Americas, Europe, East Asia, and Africa.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Complete five history courses, of which at least two must be taken at Northeastern and must be numbered HIST 2000 or higher. History minors must have a total of 20 semester hours in history.

GPA Requirement

2.000 GPA required in the minor

Human Services

Website (<http://www.northeastern.edu/humanservices/>)

Lori Gardinier, PhD

Director, Human Services Program

310 Renaissance Park

617.373.5918

617.373.7905 (fax)

Lori Gardinier, Director, l.gardinier@northeastern.edu

The human services major prepares students for careers in social change by providing the theoretical and skill-based background necessary for practice and research. Students will develop a holistic understanding of preventative and reactive responses to social inequality and an understanding of how to impact change at individual and structural levels. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning, co-op, and internship opportunities. Upon completion of the degree students apply professional skills in counseling roles, nonprofit management, political advocacy, or organizational and community development. All students declare a specialization within the major that reflects their particular focus in the field. Human services specializations include applied behavioral analysis, Deaf studies (BA only), family and children's services, identity and social change, psychology/counseling psychology, and social justice and social policy. Additionally, students may have a specific area of interest not currently reflected in the offered specialization. In such cases, students are invited to submit a customized specialization for approval by the program director.

Prepared Specializations

- Applied behavior analysis
- Deaf studies
- Family and children's services
- Identity and social change
- Psychology/counseling psychology

- Social justice and social policy
- Customized specialization

Academic Progression Standards

After four semesters, students must maintain a minimum 2.000 grade-point average (GPA), have earned at least 64 semester hours, and should have completed the following courses:

Code	Title	Hours
HUSV 1101	Social Change and Human Services	4
HUSV 2300	Counseling in Human Services	4
HUSV 2970	Research Methods for Human Services	4
HUSV 3900	Social Policy	4

An approved organizations course

At least one specialization course (see advisor)

In order to take Human Services Internship (HUSV 4994), students must have permission from the internship coordinator at least one semester *prior* to the semester they wish to take the internship course. Internship should be taken either the spring semester of a student's junior year or the fall semester of a student's senior year.

Programs

Bachelor of Arts (BA)

- Human Services (p. 844)
- Human Services and Communication Studies (p. 140)
- Human Services and International Affairs (p. 847)
- Human Services and Sociology (p. 853)
- Political Science and Human Services (p. 850)

Bachelor of Science (BS)

- Human Services (p. 855)
- Human Services and Criminal Justice (p. 729)
- Human Services and Sociology (p. 865)
- American Sign Language and Human Services (p. 745)
- Political Science and Human Services (p. 863)

Minor

- Human Services (p. 867)

Accelerated Programs

Human Services, BA

The human services major prepares students for careers in social change by providing the theoretical and skill-based background necessary for practice and research. Upon completion of the degree, students apply professional skills in counseling roles, nonprofit management, political advocacy, or organizational and community development. Students have an opportunity to develop a holistic understanding of preventative and reactive responses to social inequality and an understanding of how to impact change at individual and structural levels. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning, co-op, and internship opportunities. All students declare a specialization within the major that reflects their particular focus in the field. Human services specializations include applied behavioral analysis, Deaf studies (BA only), family and children's services, identity and social change, psychology/counseling psychology, and social justice and social policy. Additionally, students

may have a specific area of interest not currently reflected in the offered specialization. In such cases, students are invited to submit an independent specialization for approval by the program director.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Human Services Major Requirements

Code	Title	Hours
Human Services Overview		
HUSV 1101	Social Change and Human Services	4
HUSV 2300	Counseling in Human Services	4

Human Services and International Affairs, BA

The combined human services and international affairs degree offers students an understanding of geopolitical realities paired with the practical skills and theory necessary to work in social services and nongovernment organizations (NGOs) impacted by global issues. Students will have the opportunity to prepare for practice in international NGOs through co-ops and Dialogue of Civilization programs. This combined major will prepare students for positions within the nonprofit sector with an international focus.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Human Services Requirements

Code	Title	Hours
Required Courses		
HUSV 1101	Social Change and Human Services	4

International Affairs Foreign Language Requirement

Complete course work in a language through at least intermediate-level two. Note: Completing this requirement satisfies the language requirement for the BA degree.

Human Services/International Affairs Integrative Courses

Complete Senior Seminar in Human Services (HUSV 4700) or Senior Capstone Seminar in International Affairs (INTL 4700) or both. Note, however, that students wishing to take HUSV 4700 but not INTL 4700 must meet with an INTL advisor to obtain approval for a substitute INTL course. Similarly, students wishing to take INTL 4700 but not HUSV 4700 must meet with an HUSV advisor to obtain approval for a substitute HUSV course. Substitute courses (HUSV or INTL) must be upper-division courses and must relate to the combined major.

Political Science and Human Services, BA

The combined degree is designed to prepare students with skills and tools to advocate for social issues at all levels of society. Human services program students prepare for fields in the social change arena (nongovernment organizations [NGOs], counseling, and political

advocacy). Political science students prepare to change and shape the domestic and international political landscape in American politics, comparative politics, international relations, and public policy. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning, co-op, internship, and study-abroad opportunities. Upon completion of the degree, successful students apply professional skills in counseling roles, nonprofit management, political advocacy, or organizational and community development. Successful students are positioned to pursue law school, graduate school, careers in government and the nonprofit sector, as well as in teaching, journalism, legislative or lobbying positions, public relations activities, and work in international corporations and NGOs.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Human Services and Sociology, BA

Students pursuing a combined degree in human services and sociology will integrate the theoretical understandings of these two fields to better understand organizational and group behavior and their implications for individuals and communities utilizing human services. The human services major prepares students for careers in social change by providing students with the theoretical and skill-based background necessary for practice and research. The sociology major prepares students to rigorously analyze the social, political, and economic spheres of society at the local and global levels. Students will develop a holistic understanding of preventative and reactive responses to social inequality and an understanding of how to impact change at the individual and structural levels. The combined major provides students with the conceptual and practical tools to understand how various features of society affect its members as well as how people create social change.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Human Services Requirements

Code	Title	Hours
Required Human Services Courses		
HUSV 1101	Social Change and Human Services	4
HUSV 2300	Counseling in Human Services	4

Human Services, BS

The human services major prepares students for careers in social change by providing the theoretical and skill-based background necessary for practice and research. Upon completion of the degree, students apply professional skills in counseling roles, nonprofit management, political advocacy, or organizational and community development. Students have an opportunity to develop a holistic understanding of preventative and reactive responses to social inequality and an understanding of how to impact change at individual and structural levels. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning, co-op, and internship opportunities. All students declare a specialization within the major that reflects their particular focus in the field. Human services specializations include applied behavioral analysis, Deaf studies (BA only), family and children's services, identity and social change, psychology/counseling psychology, and social justice and social policy. Additionally, students may have a specific area of interest not currently reflected in the offered specialization. In such cases, students are invited to submit an independent specialization for approval by the program director.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

American Sign Language and Human Services, BS

The American Sign Language (ASL) Program curriculum is an intensive program of study dedicated to preparing individuals to interact in a positive and supportive manner with members of the American Deaf Community. This Program is designed to assist students in acquiring competence in American Sign Language, developing an understanding of the American Deaf Community and its culture, and applying their linguistic and cultural skills and knowledge to a particular academic area of study.

The ASL Program offers a wide array of courses as well as volunteer, internship, and practicum opportunities. Students pursuing a combined major in Human Services integrate their foundation in ASL and the Deaf Community with Human Service organizations.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Human Services and Communication Studies, BA

The intersection of communications studies and human services practices spans several domains. Nonprofit organizations depend on communications professionals to effectively represent their work to the community, partner organizations, and funders. Knowledge and skills developed in communications studies also service human services professionals working in the political realm as they seek to promote impactful social policies.

The human services major is designed to prepare students for careers in social change by providing them with the theoretical and skill-based background necessary for practice and research. Students will develop a holistic understanding of preventative and reactive responses to social inequality and an understanding of how to impact change at the individual and structural levels. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning, co-op, and internship opportunities.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Human Services Requirements

Code	Title	Hours
Human Services Overview		
HUSV 1101	Social Change and Human Services	4
HUSV 2300	Counseling in Human Services	4

Human Services and Criminal Justice, BS

A combined major in human services and criminal justice appeals to students interested in the intersection of social and legal issues and institutions. The human services major prepares students for careers in social change by providing students with the theoretical and skill-based background necessary for practice and research. Students with criminal justice course work gain a rigorous interdisciplinary and experiential education in the causes and consequences of crime and the responses of criminal justice. The addition of human services course work complements a criminal justice perspective and considers the role of social services and community-based organizations to prevent, intervene, and treat the causes and consequences of crime. The degree allows students to combine interests in the justice system, political advocacy, and community development. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning, co-op, and internship opportunities.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Political Science and Human Services, BS

The combined degree seeks to prepare students with skills and tools to advocate for social issues at all levels of society. Human services program students are well-positioned to pursue fields in the social change arena (nongovernment organizations, or NGOs; counseling; and political advocacy). Political science students are also well-positioned to change and shape the domestic and international political landscape in American politics, comparative politics, international relations, and public policy. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning, co-op, internship, and study-abroad opportunities. Upon completion of the degree, students can apply professional skills in counseling roles, nonprofit management, political advocacy, or organizational and community development. Successful students are poised to pursue law school, graduate school, careers in government and the nonprofit sector, as well as in teaching, journalism, legislative or lobbying positions, public relations activities, and work in international corporations and NGOs.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Political Science Requirements

Code	Title	Hours
Core Courses in Political Science		
POLS 1150	American Government	4

Human Services and Sociology, BS

Students pursuing a combined degree in human services and sociology will integrate the theoretical understandings of these two fields to better understand organizational and group behavior and their implications for individuals and communities utilizing human services. The human services major prepares students for careers in social change by providing students with the theoretical and skill-based background necessary for practice and research. The sociology major prepares students to rigorously analyze the social, political, and economic spheres of society at the local and global levels. Students will develop a holistic understanding of preventative and reactive responses to social inequality and an understanding of how to impact change at the individual and structural levels. The combined major provides students with the conceptual and practical tools to understand how various features of society affect its members as well as how people create social change.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Total Hours: 130

Human Services, Minor

The human services minor is designed to prepare students for careers in social change by providing the theoretical and skill-based background necessary for practice and research. Students have an opportunity to develop a holistic understanding of preventative and reactive responses to social inequality and an understanding of how to impact change at individual and structural levels. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning. The minor provides a nice complement to students who are interested in the role of social change through counseling, nonprofits interventions, or social policy as it relates to their major.

The minor in human services may help lead to careers in many diverse areas of social change or to graduate programs in social work, health, counseling, rehabilitation, and law. Human services professions are among the fastest-growing occupations in the nation. Society recognizes the necessity, value, and reward of dedicating time and energy to helping people and communities. Combining a human services minor with any major gives students the opportunity to learn about the individual, community, and political interventions for social change.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Course

Code	Title	Hours
HUSV 1101	Social Change and Human Services	4

Human Services Electives

Code	Title	Hours
Complete four HUSV courses.		16
HUSV 2300	Counseling in Human Services	
HUSV 2320	Techniques in Individual and Group Counseling	
HUSV 2350	Race, Identity, Social Change, and Empowerment	
HUSV 2400	Food Justice and Community Development

Julie Boudoukara, Administrative Coordinator,
j.boudoukara@northeastern.edu

International affairs is an interdisciplinary major in the College of Social Sciences and Humanities. The program is designed to prepare undergraduate students with the knowledge and skills needed to thrive and lead in a diverse world society while promoting global citizenship and social responsibility.

Academic Progression Standards

It is recommended that students majoring in international affairs maintain a minimum 3.000 grade-point average until the beginning of their international experience in order to be eligible for the majority of the study-abroad options.

Cooperative Education

Cooperative education is recommended for all students pursuing a major or combined major in international affairs.

Programs

Bachelor of Arts (BA)

- International Affairs (p. 868)
- International Affairs with African Studies Concentration (p. 872)
- International Affairs with Asian Studies Concentration (p. 874)
- International Affairs with European Studies Concentration (p. 876)
- International Affairs with Latin American Studies Concentration (p. 878)
- International Affairs with Middle East Studies Concentration (p. 881)
- Environmental Studies and International Affairs (p. 586)
- Human Services and International Affairs (p. 847)
- International Affairs and Cultural Anthropology (p. 890)
- International Affairs and Economics (p. 760)
- International Affairs and Religious Studies (p. 897)
- Political Science and International Affairs (p. 901)

- Sociology and International Affairs (p. 906)
- Spanish and International Affairs (p. 738)

Minors

- International Affairs (p. 912)
- Middle East Studies (p. 914)

International Affairs, BA

The international affairs program provides a rigorous inter- and multidisciplinary curriculum while also giving students flexibility to select the courses and disciplines that interest them most. Successful undergraduate students develop an awareness of global affairs and international issues since the early 20th century through diverse and cross-disciplinary theories of interstate relations: conflict, cooperation, hierarchies; civil society, transnational advocacy networks, global social movements; and state-society relations: democracy, authoritarianism, inequalities, citizenship.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

International Affairs Major Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. Peoples and Cultures (ANTH 1101), The World Since 1945 (HIST 2211), and International Relations (POLS 1160) may not be used as global dynamics courses. See department for additional courses.

Code	Title	Hours
Required Courses		
INTL 1101	Globalization and International Affairs	4
INTL 2718	Research Methods in International Affairs	4
INTL 3400	International Conflict and Negotiation	4
ANTH 1101	Peoples and Cultures	4
POLS 1160	International Relations	4
HIST 2211	The World Since 1945	4
ECON 1115 or ECON 1116	Principles of Macroeconomics Principles of Microeconomics	4

Global Dynamics

Complete three of the following courses. Courses are divided into thematic groups to aid students in deciding which courses to take and have no bearing on major requirements.

International Affairs with African Studies Concentration, BA

Through this concentrated major, successful undergraduates will develop an awareness of global affairs related to Africa since the early 20th century through diverse and cross-disciplinary theories of interstate relations: conflict, cooperation, hierarchies; civil society, transnational advocacy networks, global social movements; and state-society relations: democracy, authoritarianism, inequalities, citizenship.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Note: Students double majoring in international affairs and political science may only count two political science courses toward the international affairs major.

International Affairs Major Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. Peoples and Cultures (ANTH 1101), The World Since 1945 (HIST 2211), and International Relations (POLS 1160) may not be used as global dynamics courses. See department for additional courses.

International Experience in Africa

Complete at least one “international semester” via study abroad, international internship, two Dialogue of Civilizations programs, or international co-op. International students may be exempt from the semester abroad (subject to advisor approval). If they do not complete an international semester, they must participate in Model African Union.

Foreign Language Requirement

Complete language course work in Kiswahili, French, or Arabic through at least intermediate-level two. Note: Completing this requirement satisfies the language requirement for the BA degree.

International Affairs Major Credit/GPA Requirement

Complete 60 semester hours in the major with a 2.000 GPA.

Upper-Division Electives

Complete three general electives numbered 3000 or above.

Program Requirement

128 total semester hours required

International Affairs with Asian Studies Concentration, BA

Through this concentrated major, successful undergraduates will develop an awareness of global affairs related to Asia since the early 20th century through diverse and cross-disciplinary theories of interstate relations: conflict, cooperation, hierarchies; civil society, transnational advocacy networks, global social movements; and state-society relations: democracy, authoritarianism, inequalities, citizenship.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Note: Students double majoring in international affairs and political science may only count two political science courses toward the international affairs major.

International Affairs Major Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics or regional analysis requirements. Peoples and Cultures (ANTH 1101), The World Since 1945 (HIST 2211), and International Relations (POLS 1160) may not be used as global dynamics courses. See department for additional courses.

Code	Title	Hours
Required Courses		
ANTH 1101	Peoples and Cultures	4
ASNS 1150	East Asian Studies	4
or HIST 1150	East Asian Studies	
ECON 1115	Principles of Macroeconomics	4
or ECON 1116	Principles of Microeconomics	
HIST 2211	The World Since 1945	4
INTL 1101	Globalization and International Affairs	4
INTL 2718	Research Methods in International Affairs	4
INTL 3400	International Conflict and Negotiation	4
POLS 1155	Comparative Politics	4
Asian Studies Regional Analysis Courses		
Select courses taken during a study abroad or specific Dialogue of Civilizations courses may count as regional analysis courses pending approval of the international affairs head faculty advisor. See department for additional courses.		
Complete four of the following, at least two of which must be numbered 2000 or above:		16
ASNS 1150	East Asian Studies	
or HIST 1150	East Asian Studies	
CLTR 1500	Modern Chinese History and Culture	
CLTR 1506	Introduction to Chinese Popular Culture

International Affairs with Middle East Studies Concentration, BA

Through this concentrated major, successful undergraduates will develop an awareness of global affairs related to the Middle East and North Africa since the early 20th century and in the aftermath of the Arab Spring. This is accomplished through diverse and cross-disciplinary theories of interstate relations: conflict, cooperation, hierarchies; civil society, transnational advocacy networks, global social movements; and state-society relations: democracy, authoritarianism, inequalities, citizenship.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Note: Students double majoring in international affairs and political science may only count two political science courses toward the international affairs major.

International Affairs Major Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. Peoples and Cultures (ANTH 1101), The World Since 1945 (HIST 2211), and International Relations (POLS 1160) may not be used as global dynamics courses. See department for additional courses.

Code	Title	Hours
Required Courses		
INTL 1101	Globalization and International Affairs	4
INTL 1160	Middle East Studies	4
or HIST 1290	Modern Middle East	
INTL 2718	Research Methods in International Affairs	4
INTL 3400	International Conflict and Negotiation	4

Human Services and International Affairs, BA

The combined human services and international affairs degree offers students an understanding of geopolitical realities paired with the practical skills and theory necessary to work in social services and nongovernment organizations (NGOs) impacted by global issues. Students will have the opportunity to prepare for practice in international NGOs through co-ops and Dialogue of Civilization programs. This combined major will prepare students for positions within the nonprofit sector with an international focus.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Human Services Requirements

Code	Title	Hours

Russia

HIST 1285	Introduction to Russian Civilization
HIST 1286	History of the Soviet Union

International Affairs Foreign Language Requirement

Complete course work in a language through at least intermediate-level two. Note: Completing this requirement satisfies the language requirement for the BA degree.

Human Services/International Affairs Integrative Courses

Complete Senior Seminar in Human Services (HUSV 4700) or Senior Capstone Seminar in International Affairs (INTL 4700) or both. Note, however, that students wishing to take HUSV 4700 but not INTL 4700 must meet with an INTL advisor to obtain approval for a substitute INTL course. Similarly, students wishing to take INTL 4700 but not HUSV 4700 must meet with an HUSV advisor to obtain approval for a substitute HUSV course. Substitute courses (HUSV or INTL) must be upper-division courses and must relate to the combined major.

Code	Title	Hours
Human Services		
HUSV 4700	Senior Seminar in Human Services	4
International Affairs		
INTL 4700	Senior Capstone Seminar in International Affairs	4

Human Services and International Affairs Combined-Major Credit Requirement

Complete 90 semester hours in the major.

Program Requirement

128 total semester hours required

International Affairs and Cultural Anthropology, BA

Through this combined major, successful undergraduates will develop an awareness of contemporary cultures within their international, transnational, and global contexts since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; and state-society relations (democracy, authoritarianism, social justice and inequalities, citizenship).

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. Peoples and Cultures (ANTH 1101), The World Since 1945 (HIST 2211), and International Relations (POLS 1160) may not be used as global dynamics courses. See department for additional courses.

Code	Title	Hours
Required Courses		
INTL 1101	Globalization and International Affairs	4

INTL 3400	International Conflict and Negotiation	4
POLS 1160	International Relations	4
ECON 1115	Principles of Macroeconomics	4
or HIST 2211	The World Since 1945	

Global Dynamics

Complete two of the following. Courses are divided into thematic groups to aid students in deciding which courses to take and have no bearing on major requirements: 8

Environment

ENVR 1110	Global Climate Change
ENVR 4515	Sustainable Development
SOCL 1246	Environment and Society

Law, Diplomacy, and Global Governance

INTL 2480	Women and World Politics
or WMNS 2480	Women and World Politics

International Affairs Foreign Language Requirement

Complete course work in a language through at least intermediate-level two. *Note:* Completing this requirement satisfies the language requirement for the BA degree.

Anthropology Major Requirements

Note: At least nine anthropology courses must be taken to complete the International Affairs and Cultural Anthropology program.

Code	Title	Hours
Cultural Anthropology		
ANTH 1101	Peoples and Cultures	4
ANTH 3421	Foundations of Anthropological Theory	4

Anthropology Electives		12
Complete three courses in the following range, one of which must be numbered 4000 or above. One study-abroad course may also count toward this requirement with prior permission from the department:		
ANTH 2300 to ANTH 4999		

Advanced Area Courses

Complete two of the following:		8
ANTH 4500	Latin American Society and Development	
ANTH 4505	Native North Americans	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	

Integrative Requirements

Note: If International Affairs courses are taken in both the Research Methods and Capstone areas, then an additional Anthropology Elective is required.

Code	Title	Hours
Research Methods		
INTL 2718	Research Methods in International Affairs	4
or ANTH 3410	Ethnographic Field Experience	
Global Markets		
ANTH 2305	Global Markets and Local Culture	4
Capstone		
ANTH 4600	Senior Seminar	4
or INTL 4700	Senior Capstone Seminar in International Affairs	

Students taking Senior Seminar (ANTH 4600) must complete either a one-semester senior project, which they would do in the context of ANTH 4600, or a two-semester senior thesis, which would require them to also enroll in a fall-semester directed study.

Anthropology Major Grade Requirement

A GPA of 2.000 for major courses is required.

International Affairs and Anthropology Combined-Major Credit Requirement

Complete 76 semester hours in the major.

Program Requirement

128 total semester hours required

Total Hours: 129

International Affairs and Economics, BA

Through this combined major, successful undergraduates will develop an awareness of global affairs and international economic issues since the early 20th century through diverse and cross-disciplinary theories of economic development and growth; states, societies, and markets (the intersection of politics and economics); and the role of states, civil societies, and social movements in crafting or addressing economic strategies, inequalities, and citizenship rights.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. Peoples and Cultures

(ANTH 1101), The World Since 1945 (HIST 2211), and International Relations (POLS 1160) may not be used as global dynamics courses. See department for additional courses.

International Affairs and Religious Studies, BA

Through this combined major, successful undergraduates will develop an awareness of the interaction of religious views with institutions and cultures in national and international contexts since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social/religious movements; state-society relations (religion, democracy, authoritarianism, social justice and ethics, citizenship); comparative study of religious theology and praxis; and knowledge of particular religious traditions, including Buddhism, Christianity, Hinduism, Islam, and Judaism.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond

specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. Peoples and Cultures (ANTH 1101), The World Since 1945 (HIST 2211), and International Relations (POLS 1160) may not be used as global dynamics courses. See department for additional courses.

Political Science and International Affairs, BA

Through this combined major, successful undergraduates will develop an awareness of global affairs and international relations since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; political processes, institutions, and actors; and state-society relations (democracy, authoritarianism, inequalities, citizenship).

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Political Science Requirements

Code	Title	Hours
Political Science Requirements		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2400	Quantitative Techniques	4
Political Theory		
Complete one of the following:		4
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	

Political Science Electives/Concentration for BA

Complete four upper-division political science electives, or complete one of the following concentrations. If you are working toward a concentration, declare it with your advisor in order for it to be added to your record. Requirements for the concentrations are listed below (p. 904).

Code	Title	Hours
Political Science Electives		
Complete four political science courses at or above POLS 2300.		16

- Concentration in Campaigns and Elections (p. 904)
- Concentration in Comparative Politics (p. 904)
- Concentration in Identity, Culture, and Politics (p. 904)
- Concentration in International Relations and Diplomacy (p. 904)
- Concentration in Security Studies (p. 904)

International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. Peoples and Cultures (ANTH 1101), The World Since 1945 (HIST 2211), and International Relations (POLS 1160) may not be used as global dynamics courses. See department for additional courses.

Code	Title	Hours
Required Courses		
INTL 1101	Globalization and International Affairs	4
INTL 3400	International Conflict and Negotiation	4
HIST 2211	The World Since 1945	4

ECON 1115	Principles of Macroeconomics	4
or ECON 1116	Principles of Microeconomics	

Global Dynamics

Complete two of the following. Courses are divided into thematic groups to aid students in deciding which courses to take and have no bearing on major requirements. One course must be numbered 2000 or above:

Environment

ENVR 1110	Global Climate Change	
ENVR 4515	Sustainable Development	
SOCL 1246	Environment and Society	

Law, Diplomacy, and Global Governance

INTL 2480	Women and World Politics	
or WMNS 2480	Women and World Politics	
INTL 5200	Political Economy: Interdisciplinary Perspectives	
COMM 2303	Global and Intercultural Communication	
POLS 1155	Comparative Politics	
POLS 1160	International Relations	
POLS 2370	Religion and Politics	
POLS 3405	International Political Economy	
POLS 3406	International Law	
POLS 3409	Global Governance	
POLS 4910	Model United Nations	
POLS 4938	Dialogue of Civilizations: International Politics Abroad	

Human Rights and Social Justice

INTL 2400	Politics of Islam and Gender	
INTL 2480	Women and World Politics	
or WMNS 2480	Women and World Politics	
HIST 2373	Gender and Sexuality in World History	
LPSC 2302	Global Human Rights: A Social and Economic Perspective	
PHIL 5001	Global Justice	

Conflict and Security

CRIM 4630	Political Crime and Terrorism	
HIST 1206	Drug Trade and Drug War: History, Security, Culture	
HIST 3330	The Global Cold War	
JRNL 3300	Covering Conflicts: Peace, War, and the Media	
or INTL 3300	Covering Conflicts: Peace, War, and the Media	
PHIL 5001	Global Justice	
POLS 3408	International Security	
POLS 3420	U.S. National Security Policy	
POLS 3430	Revolution, Civil War, and Insurrection	

Globalization

INTL 2240	Global Population and Development	
INTL 2480	Women and World Politics	
or WMNS 2480	Women and World Politics	
INTL 5400	Cities in a Global Context	
INTL 5200	Political Economy: Interdisciplinary Perspectives	
ANTH 2305	Global Markets and Local Culture	
ANTH 2315	Religion and Modernity	

ECON 3290	History of the Global Economy	
ECON 4635	International Economics	
ENGL 2450	Postcolonial Literature	
HIST 2211	The World Since 1945	
HIST 2311	Colonialism/Imperialism	
INTB 3310	Cultural Aspects of International Business	
LPSC 2302	Global Human Rights: A Social and Economic Perspective	
POLS 1160	International Relations	
POLS 2370	Religion and Politics	
POLS 3405	International Political Economy	
POLS 3406	International Law	
SOCL 3465	Globalization and the Evolution of Human Societies	

Population, Migration, and Diaspora

INTL 2240	Global Population and Development	
INTL 2400	Politics of Islam and Gender	
INTL 5400	Cities in a Global Context	
AFRS 3424	Epidemiology of Pandemic Diseases and Health Disparities in the African Diaspora	
ANTH 1101	Peoples and Cultures	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
PHIL 1270	Judaism, Christianity, and Islam: Abrahamic Religions	
PHIL 1271	Sex in Judaism, Christianity, and Islam	

Development

INTL 2240	Global Population and Development	
INTL 5200	Political Economy: Interdisciplinary Perspectives	
ANTH 2305	Global Markets and Local Culture	
ECON 1291	Development Economics	
ECON 3404	International Food Policy	
ENVR 2206	Global Social Enterprise	
ENVR 4515	Sustainable Development	
INTB 1203	International Business and Global Social Responsibility	
or INTB 1209	International Business and Global Social Responsibility	
PHTH 5230	Global Health	
POLS 3487	Politics of Developing Nations	

Communication and Media

COMM 2303	Global and Intercultural Communication	
INTB 3310	Cultural Aspects of International Business	
JRNL 3300	Covering Conflicts: Peace, War, and the Media	
or INTL 3300	Covering Conflicts: Peace, War, and the Media	
JRNL 5360	Global Reporting	
MSCR 2325	Global Media	

International Experiential Learning

Complete at least one “international semester” via study abroad, international internship, international co-op, or two short-term programs.

Regional Analysis Requirement

Code	Title	Hours
Complete three of the following, two of which must be in one region. Select courses taken during a semester study abroad or specific Dialogue of Civilizations courses may count as regional analysis courses pending approval of the international affairs head faculty advisor. See department for additional courses:		

Africa

AFRS 2307	Africa Today	
AFRS 2465	The Scope and Dynamics of Conflicts in Africa	
AFRS 2900	Swahili, Culture, and Politics in Kenya	
AFRS 3460	Contemporary Government and Politics in Africa	
AFRS 4939	Community Health, Culture, and Development in Kenya	
ANTH 4510	Anthropology of Africa	
ENTR 3308	Business Economic History of South Africa	
HIST 1180	African History	
HIST 2390	Africa and the World in Early Times	

Asia

INTL 4350	Ethnography of Southeast Asia	
ASNS 1150 or HIST 1150	East Asian Studies

Sociology and International Affairs, BA

Through this combined major, successful undergraduates develop an awareness of societies within their international, transnational, and global contexts since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; and state-society relations (democracy, authoritarianism, social justice and inequalities, citizenship).

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Sociology Requirements

Code	Title	Hours
Sociology Required Courses

Spanish and International Affairs, BA

Through this combined major, successful undergraduates will develop an awareness of global affairs and international issues since the 19th century through diverse and cross-disciplinary theories of: (1) Interstate relations: conflict, cooperation, hierarchies; (2) Civil society, transnational advocacy networks, global social movements; and (3) the politics of culture, linguistic and cultural diversity, religious and ideological divides; (4) State-society relations: democracy, authoritarianism, inequalities, citizenship.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Spanish Language Requirements

Code	Title	Hours

International Affairs, Minor

The minor in international affairs is an interdisciplinary program that exposes students to a variety of different perspectives on the field, while providing the flexibility to select the courses in the disciplines that interest them most. The minor provides an international lens to students' primary degree, preparing them for our globalized world and workplaces.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Course

Code	Title	Hours
INTL 1101	Globalization and International Affairs	4

Regional Analysis Elective Courses

GPA Requirement

2.000 GPA required in the minor

Middle East and Mediterranean Studies, Minor

The minor in Middle East and Mediterranean studies is an inter- and cross-disciplinary program, drawing on courses from within the International Affairs Program as well as departments and units across the college. The program provides an in-depth study of the Middle East and North Africa (Arab world, Israel, Iran, and Turkey); its place within the broader Mediterranean region; and its relations with other world regions. As such, it seeks to enhance students' understanding of this culturally diverse and politically important region of the world. Students are encouraged to take advantage of the university's study-abroad and Dialogue of Civilizations programs (faculty-led summer programs) in Egypt, Morocco, Tunisia, Jordan, Turkey, Israel and Palestine, and other approved programs in the region.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
POLS 3465	Government and Politics in the Middle East	4
or POLS 3470	Arab-Israeli Conflict	

or INTL 3250	Democracy and Development in North Africa and the Mediterranean	
INTL 1160	Middle East Studies	4
or HIST 1290	Modern Middle East	
INTL 1150	The Mediterranean World: An Overview	4

Elective Courses

Elective courses may include courses taken as part of an approved study-abroad program. *Note: Courses used as required courses (above) may not be used as elective courses.*

Code	Title	Hours
Complete two of the following:		
ARAB 1301	Elementary Arabic Immersion 1	8
ARAB 1302	Elementary Arabic Immersion 2	
ARAB 2301	Intermediate Arabic Immersion 1	
ARAB 2302	Intermediate Arabic Immersion 2	
ARAB 3301	Advanced Arabic Immersion 1	
ARAB 3302	Advanced Arabic Immersion 2	
CLTR 1502	Introduction to Arabic Culture	
ECON 3292	Economic History of the Middle East	
HIST 1185	Introduction to Middle Eastern History	
HIST 1290	Modern Middle East	
INTL 2100	Modern Israel	
INTL 2200	America and the Middle East	
INTL 2400	Politics of Islam and Gender

2.000 GPA required in the minor

Jewish Studies

Website (<http://www.northeastern.edu/jewishstudies/>)

Lori H. Lefkowitz, PhD

Ruderman Professor and Director, Jewish Studies Program

450 Renaissance Park
617.373.8437
617.373.2942 (fax)

Jewish studies offers the opportunity to explore Jewish history, religion, and cultures. Because of the geographic, ethnic, racial, and cultural diversity of the Jewish people, as well as the long timeline of Jewish history, Jewish studies provides students with rich possibilities for cross-cultural and comparative study. Jewish studies is an interdisciplinary program embracing history, music, literature, political science, international affairs, sociology, gender studies, religion, philosophy,

Hebrew, and more. The program also explores the evolving interactions between Judaism and other religions and offers exciting courses in both Israel studies and the history and cultures of Diaspora Jewish communities around the world.

The Jewish studies program offers both a minor and a preapproved template for a combined major. A unique feature of the minor is the Jewish studies module, in which students create an original project that brings an aspect of Jewish studies together with an aspect of their major field.

Jewish studies classes seek to help students develop a more critical and analytical understanding of the religious and secular world around them. They are designed to prepare students for any field that requires critical thinking and cross-cultural understanding, including careers in education, social services, politics, museums and archives, and Jewish communal organizations, as well as for graduate and professional studies.

Study abroad, either through the Dialogues of Civilization program in Israel, Germany, and/or Poland or through traditional study-abroad programs, is a significant aspect of Jewish studies. Experiential learning in the Jewish studies program includes these study-abroad opportunities, as well as internships or co-ops at organizations such as the Jewish Community Relations Council, Facing History and Ourselves, the Jewish Women’s Archive, and the Israeli Consulate. The Ruderman merit-based scholarship supports selected Jewish studies majors and minors; the Gideon Klein award supports a student in research on the arts and the Holocaust.

For more information, visit the department website (<http://www.northeastern.edu/jewishstudies/>).

Academic Progression Standards

Same as university-wide standards described under “Academic Status (p. 36).”

Pre-approved Template Program in Jewish Studies

Jewish studies offers a preapproved template program that may be paired with another preapproved template program to create a combined major; to see a list of current preapproved template programs, visit the combined majors webpage. (<https://registrar.northeastern.edu/article/combined-majors/>)

Students may request admission to such a combined major via the Combined Major Approval form, which requires approval by both disciplines/colleges together with an approved curriculum. For additional information on preapproved template programs, see “Student-Requested Combined Major (p. 38).” For template program requirements, visit the myNortheastern web portal (<http://www.myneu.neu.edu>), click on the “Self-Service” tab, then on “My Degree Audit.”

Programs

Bachelor of Arts

- Jewish Studies and Religion (p. 915)

Minor

- Jewish Studies (p. 919)

Jewish Studies and Religion, BA

The combined major in Jewish studies and religion offers students an integrated program of study of two naturally complementary fields. Study of Judaism as a religion is greatly enhanced by broad familiarity with the world’s religious traditions; conversely, in-depth knowledge of Jewish

history, identity, and cultures provides students of religion with valuable insight into the ways in which religion interacts with a wide variety of forces to shape the experiences of the adherents of a particular faith. The combined major is designed to enable students to understand the history, cultures, and religion of the Jewish people; analyze and apply theoretical understanding to the interaction between religious, social, and historical factors that have shaped the experiences of the Jewish people; and demonstrate fluency in understanding the major religious traditions of the world. The combined major in Jewish studies and religion is designed to prepare students for graduate work in Jewish studies, religion, or many of the other disciplines that make up Jewish studies or for work within the Jewish community or in communal organizations associated with other religions.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Jewish Studies, Minor

The Jewish studies minor provides an excellent broad-based introduction to the history, religion, and cultures of the Jewish people while also offering a unique opportunity to bring students' major fields of study to bear on Jewish studies topics. In our innovative 1-credit capstone Jewish studies module, minors integrate their work in Jewish studies into their major field—for example, bringing together Jewish studies and psychology through a service-learning project with Gateways, a nonprofit that offers Jewish educational resources for children with special needs, or combining Jewish studies and history through a research project on the role of Jewish women in the women's health movement.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
PHIL 1285	Jewish Religion and Culture	4
or JWSS 1285	Jewish Religion and Culture	
JWSS 4660	Jewish Studies Module	1

Philosophy and Religion

Website (<http://www.northeastern.edu/cssh/philosophy/>)

Ronald Sandler

Professor and Chair

371 Holmes Hall
617.373.3636
617.373.4359 (fax)

Ronald Sandler, Professor and Chair, r.sandler@northeastern.edu
John Basl, Assistant Professor and Academic Advisor, j.basl@northeastern.edu
Diana Webster, Department Administrative Officer, d.webster@northeastern.edu

Philosophy addresses questions and theories related to morality, society, religion, and the natural and social sciences. Course work in philosophy provides students with an understanding of the methods and traditions of philosophical thought, as well as with opportunities to critically and collaboratively reflect on the nature of the world and the human situation in it. Through readings, discussion, and writing, students examine questions concerning the validity of moral judgments, political ideas, and scientific theories, as well as questions about values and social policy in such areas as law, medicine, environment, and technology. Course work in philosophy significantly strengthens study in other areas.

Religious studies offers students the opportunity to acquire an understanding of religious experience within its social, historical, literary, and political context. Courses in religious studies examine specific religious traditions such as Judaism, Islam, and Hinduism, and using a comparative approach they explore themes across faith traditions.

Through the major, students have the opportunity to study a range of religions and a variety of methods of understanding the key dimensions of religious life.

Information on experiential learning opportunities, student life, and department faculty can be found at the department website (<http://www.northeastern.edu/cssh/philosophy/>).

Academic Progression Standards

A minimum cumulative grade-point average of 2.000 is required to remain in good standing in the major.

The Philosophy Major

Philosophy majors enter diverse careers, ranging from college-level teaching to law, medicine, and business. The program strives to help students sharpen their critical abilities. The department offers four ways to major in philosophy: the standard major, the concentration in law and ethics, the concentration in ethics, and the concentration in religious studies.

Major in Religious Studies

The religious studies major is designed to introduce students to a wide variety of religious experience and expression in the world. Through this major, students are exposed to the basic features of the world's religions and the ethical systems that accompany them. They also have an opportunity to explore diverse methodological approaches to the study of religions in general. This major is designed to give students the expertise to prepare them for graduate school in religious studies or to enhance their abilities in any career that requires a liberal arts education.

Combined Majors

The analytical and critical skills gained from the study of philosophy are a valuable complement to any other area of study. So, too, is having an understanding of the history of ideas and of alternative world views and value systems. For this reason, the department offers combined majors with political science, economics, physics, international affairs, environmental studies, history, English, computer science, behavioral neuroscience, criminal justice, and media and screen studies. Details regarding these majors can be found on the program pages.

The combined majors in religious studies bring together knowledge of religious traditions, theology, and practice; awareness of religious experience within its social, historical, literary, and political contexts; and methods of understanding the key dimensions of religious life with other areas of study in which religion plays a large role. Current combined majors include history and religious studies, international affairs and religious studies, religious studies and African- American studies, and Jewish studies and religion. More information on these majors can be found on the program pages.

Preapproved Template Programs in Philosophy and in Religious Studies

The Department of Philosophy and Religion offers preapproved combined major templates in philosophy and religious studies. Each template may be paired with another preapproved template to create a combined major. To see a list of current preapproved templates, visit the combined majors webpage (<https://registrar.northeastern.edu/article/combined-majors/>).

Students may request such a combined major via the Combined Major Approval form (<https://registrar.northeastern.edu/article/combined-majors/>), which requires approval by both disciplines/colleges together with an approved curriculum. For additional information on the preapproved template program, see "Student-Requested Combined Major (<https://registrar.northeastern.edu/article/combined-majors/>)."

For template program requirements, visit the myNortheastern web portal (<https://my.northeastern.edu/>), click on the "Self-Service" tab, then on "My Degree Audit."

Minors

The Department of Philosophy and Religion offers philosophy and religious studies minors, as well as a popular ethics minor. Each of these minors is structured to be highly flexible and to complement study in other majors, while also providing depth of knowledge in philosophy, religion, and ethics. Information on these minors can be found on the program pages.

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p. 1065)

Philosophy, BA

Philosophy is a basic field of inquiry. Its range encompasses ideas and issues in every domain of human experience, and its methods apply to problems of an unlimited variety. The major in philosophy can develop not only philosophical skill and sophistication but also critical thinking and writing abilities that are readily applicable to pursuits in other academic areas, useful in careers far removed from philosophy, and valuable in everyday social and personal life. The study of philosophy can profoundly affect both the thinking one does and the kind of person one is.

There are varieties of concentrations of the philosophy major that students may choose from in accordance with their own backgrounds and interests. These include:

- **Philosophy generalist**
Offers students a maximum number of electives so they may choose in accordance with their own backgrounds and interests
- **Concentration in law and ethics**
Focuses elective course work in the areas of law, social and political philosophy, and applied ethics
- **Concentration in ethics**
Focuses elective course work in the areas of ethical theory, applied ethics, and social and political philosophy
- **Concentration in religious studies**
Uses electives to explore a variety of both religious expressions and methods of inquiry
- **Combined majors** in media and screen studies and philosophy, economics and philosophy, environmental studies and philosophy, political science and philosophy, English and philosophy, history and philosophy, computer science and philosophy, criminal justice and philosophy, and physics and philosophy
- **The half major template** in philosophy can be used by students to create their own combined majors.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

Concentrations

Complete one of the following concentrations:

- Philosophy Generalist requirements (p. 921)
- Concentration in Law and Ethics (p. 921)
- Concentration in Ethics (p. 922)
- Concentration in Religious Studies (p. 923)

Philosophy Major Credit Requirement

Complete 36 semester hours in the major.

Upper-Division Electives

Complete three general electives at 3000 level or above that do not double-count with the major or NUPath.

General Electives

Additional courses taken beyond college and major course requirements to satisfy graduation credit requirements.

Program Requirements

128 total semester hours required

Religious Studies, BA

The program in religion offers students the opportunity to acquire an understanding of religious experience within its social, historical, literary, and political context. Students study specific religious traditions such as Judaism, Islam, and Hinduism. Using a comparative approach, they explore themes across faith traditions. Through the major, a student will have the opportunity to study a range of religions and a variety of methods of understanding the key dimensions of religious life.

The religious studies major is designed to provide students with an introduction to a variety of religious traditions along with the analytical tools necessary to explore religious theology and praxis across five categories: comparative religion, traditions that emerge from the ancient Mediterranean and African worlds, traditions that emerge from Asia, religion and culture, and texts. The religious studies major is offered as both a stand-alone major and in combination with other majors.

- **The standard religion major** offers students a maximum number of electives so they may choose in accordance with their own backgrounds and interests.
- **Combined majors** are offered in Jewish studies and religion, history and religious studies, religious studies and African-American studies, and international affairs and religious studies.
- **The half major template** in religious studies can be used by students to create their own combined majors.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Religious Studies Major Requirements

Code	Title	Hours
Religious Areas		
Complete one course from each of the following five religious areas. Note: A course cannot be used to meet the requirement for more than one area.		20
<i>Comparative Religion</i>		
PHIL 1111	Introduction to World Religions

In addition to the capstone, two of the courses chosen from the lists below must be numbered 3000–4999.		
Introduction to College		
ENGL 1000	English at Northeastern	1
Foundational Courses		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160	Introduction to Rhetoric	4
or ENGL 1410	Introduction to Writing Studies	
Diversity		
Complete one of the following courses. This course may also be used to fulfill an additional English requirement below:		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2451	Postcolonial Women Writers	
ENGL 2455	American Women Writers Race	
ENGL 2460	Multiethnic Literatures of the U.S.	
ENGL 2760	Writing in Global Contexts	
ENGL 3663	The African-American Novel	
ENGL 3676	Representing Gender and Sexuality in Literature	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL/JWSS 3685	Modern and Contemporary Jewish Literature	
Pre-Nineteenth-Century Literature		
Complete one of the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 1700	Global Literature to 1500	
ENGL 2240	17th-Century British Literature	
ENGL 2296	Early African-American Literature	
ENGL/JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 4000	Topics in Early Literatures	
ENGL 4020	Topics in 17th- and 18th-Century Literatures	
Nineteenth-, Twentieth-, and Twenty-First-Century Literature		
Complete one of the following:		4
ENGL 2330	The American Renaissance	
ENGL 3720	19th-Century Major Figure	
ENGL 4040	Topics in 19th-Century Literatures	
ENGL 2301	The Graphic Novel	
ENGL 2440	The Modern Bestseller	
ENGL 2600	Irish Literary Culture (Abroad)	
ENGL 2610	Contemporary Israeli Literature and Art (Abroad)	

ENGL/JWSS 3685	Modern and Contemporary Jewish Literature
ENGL 3730	20th- and 21st-Century Major Figure

Theories and Methods

Complete one of the following:		4
ENGL 1140	Grammar: The Architecture of English	
ENGL 1160	Introduction to Rhetoric	
ENGL 1410	Introduction to Writing Studies	
ENGL 2150	Literature and Digital Diversity	
ENGL 3325	Rhetoric of Law	
ENGL 3340	Technologies of Text	
ENGL 3370	Writing Cultures	
ENGL 3381	The Practice and Theory of Teaching Writing	
ENGL 3700	Narrative Medicine	
ENGL 4400	Opening the Archive	
ENGL 4410	Research in Rhetoric and Writing	
LING 1150	Introduction to Language and Linguistics	
LING 2350	Linguistic Analysis	
LING 3450	Syntax	
LING 3452	Semantics	
LING 3454	History of English	
LING 3456	Language and Gender	
LING 3458	Topics in Linguistics	

Comparative Literature

Complete one of the following:		4
ENGL 1450	Reading and Writing in the Digital Age	
ENGL 1502	American Literature to 1865	
ENGL 1503	American Literature 1865 to Present	
ENGL 2150	Literature and Digital Diversity	
ENGL 2380	The Modern Novel	
ENGL 2420	Contemporary Poetry	
ENGL 2430	Contemporary Fiction	
ENGL 2450	Postcolonial Literature	
ENGL 2451	Postcolonial Women Writers	
ENGL 2455	American Women Writers Race	
ENGL 2460	Multiethnic Literatures of the U.S.	
ENGL 2510	Horror Fiction	
ENGL 2520	Science Fiction	
ENGL 2600	Irish Literary Culture (Abroad)	
ENGL 2620	What Is Nature? (Abroad)	
ENGL 2690	Boston in Literature	
ENGL 3487	Film and Text (Abroad)	
ENGL 3582	Children's Literature	
ENGL 3663	The African-American Novel	
ENGL 3676	Representing Gender and Sexuality in Literature	

Writing

Complete one of the following:		4
ENGL 2700	Creative Writing	
ENGL 2710	Style and Editing	
ENGL 2740	Writing and Community Engagement	
ENGL 2760	Writing in Global Contexts	

ENGL 2770	Writing to Heal
ENGL 2780	Visual Writing: Writing Visuals
ENGL 2850	Writing for Social Media: Theory and Practice
ENGL 3375	Writing Boston
ENGL 3376	Creative Nonfiction
ENGL 3377	Poetry Workshop
ENGL 3378	Fiction Workshop
ENGL 3380	Topics in Writing
ENGL 3382	Publishing in the 21st Century
ENGL 3384	The Writer's Marketplace

Capstone

ENGL 4710	Capstone Seminar	4
or ENGL 4720	Capstone Project	

English Electives

Complete two additional ENGL electives.	8
---	---

Philosophy Requirements

Code	Title	Hours
Philosophy Required Courses		
PHIL 1115	Introduction to Logic	4
PHIL 2325	Ancient Philosophy and Political Thought	4
or POLS 2325	Ancient Philosophy and Political Thought	
PHIL 2330	Modern Philosophy	4

Restricted Electives

Take three of the following with at least one at the 4000 or 5000 level: 12

PHIL 3343	Existentialism
PHIL 3435	Moral Philosophy
PHIL 3460	Philosophy and Literature
PHIL 4390	Cults and Sects
PHIL 4500	Theory of Knowledge
PHIL 4510	Philosophy of Science
PHIL 4515	Advanced Logic
PHIL 4535	Philosophy of Mind
PHIL 4547	Seminar: Apocalypticism
PHIL 4550	Philosophy of Economics
PHIL 4606	Seminar: Theories and Methods in Religious Studies
PHIL 4903	Seminar in Religion
PHIL 5001	Global Justice
PHIL 5002	Ethics and Public Policy

Philosophy Electives

Complete three additional electives from the philosophy department. 12

Integrative Requirement

Code	Title	Hours
PHIL 3435	Moral Philosophy	4
ENGL 3619	Emerson and Thoreau	4

English and Philosophy Combined-Major Credit Requirement

Complete 88 semester hours in the major.

Program Requirement

128 total semester hours required

Environmental Studies and Philosophy, BA

Through this combined major, successful undergraduates will develop an awareness of the scientific, cultural, and political aspects of the world's environmental problems while considering the philosophical, moral, and ethical impacts that such decisions have on human-environment interactions.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Environmental Studies Requirements

Note: Principles of Microeconomics (ECON 1116) is a recommended prerequisite for Environmental Economics (ECON 3423), and American Government (POLS 1150) is a recommended prerequisite for Environmental Politics and Policy (POLS 2395).

Code	Title	Hours
Social Science Component		
ECON 3423	Environmental Economics	4
POLS 2395	Environmental Politics and Policy	4

International Affairs and Religious Studies, BA

Through this combined major, successful undergraduates will develop an awareness of the interaction of religious views with institutions and cultures in national and international contexts since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social/religious movements; state-society relations (religion, democracy, authoritarianism, social justice and ethics, citizenship); comparative study of religious theology and praxis; and knowledge of particular religious traditions, including Buddhism, Christianity, Hinduism, Islam, and Judaism.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. Peoples and Cultures (ANTH 1101), The World Since 1945 (HIST 2211), and International

Relations (POLS 1160) may not be used as global dynamics courses. See department for additional courses.

Code	Title	Hours
Required Courses		
INTL 1101	Globalization and International Affairs	4
INTL 3400	International Conflict and Negotiation	4
POLS 1160	International Relations	4
Complete one of the following:		4

Jewish Studies and Religion, BA

The combined major in Jewish studies and religion offers students an integrated program of study of two naturally complementary fields. Study of Judaism as a religion is greatly enhanced by broad familiarity with the world's religious traditions; conversely, in-depth knowledge of Jewish history, identity, and cultures provides students of religion with valuable insight into the ways in which religion interacts with a wide variety of forces to shape the experiences of the adherents of a particular faith. The combined major is designed to enable students to understand the history, cultures, and religion of the Jewish people; analyze and apply theoretical understanding to the interaction between religious, social, and historical factors that have shaped the experiences of the Jewish people; and demonstrate fluency in understanding the major religious traditions of the world. The combined major in Jewish studies and religion is designed to prepare students for graduate work in Jewish studies, religion, or many of the other disciplines that make up Jewish studies or for work within the Jewish community or in communal organizations associated with other religions.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Media and Screen Studies and Philosophy, BA

The Media and Screen Studies Program and the Department of Philosophy and Religion offer a combined major in media and screen studies and philosophy. The combined major integrates the analysis, research, and production of traditional and emerging media along with the study of questions and theories related to morality, society, religion, and the natural and social sciences.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

NUPath requirements Interpreting Culture (IC), Formal and Quantitative Reasoning (FQ), Societies and Institutions (SI), Analyzing and Using Data (AD), and Ethical Reasoning (ER) are met through the major course requirements.

NUPath requirements Natural and Designed World (ND), Creative Expression/Innovation (EI), and Difference and Diversity (DD) may be met through electives in the major.

Media and Screen Studies Requirements

Code	Title	Hours
Media and Screen Studies Common Requirements		
MSCR 1220	Media, Culture, and Society	4
MSCR 1320	Media and Social Change	4
or MSCR 1420	Media History	
Foundation Course		
Complete one of the following:		4
MSCR 1230	Introduction to Film Production	
MSCR 2220	Understanding Media	
Diversity or Globalization Course		
Complete one of the following:		4
MSCR 3392	Gender and Film	
MSCR 2325	Global Media	
MSCR 2505	Digital Feminisms	
MSCR 3437	Media and Identity	
Writing-Intensive

Political Science and Philosophy, BA

The combined major in political science and philosophy enables students to develop an integrated understanding of politics, political theory, ethical theory, and theories of justice. Successful students who complete the major will have the training to critically evaluate and assess public policies and social issues on both political and ethical grounds, including issues such as tax policy, immigration, environmental protection, trade policy, healthcare, education, defense policy, and much more.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Religious Studies and Africana Studies, BA

The Department of Philosophy and Religion and the Program in Africana Studies offer an interdisciplinary combined major in religious studies and Africana studies. Students interested in the combined major integrate the study of religious traditions, religious praxis, and religious ethics with critical and systematic examination of the cultural, political, social, economic, and historical experiences of African Americans throughout the hemisphere and peoples of African descent around the world.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Religious Studies Major Requirements

Code	Title	Hours
Comparative Religion		
Complete two of the following:		8
PHIL 1111	Introduction to World Religions

Philosophy, BS

Philosophy is a basic field of inquiry. Its range encompasses ideas and issues in every domain of human experience, and its methods apply to problems of an unlimited variety. The major in philosophy can develop not only philosophical skill and sophistication but also critical thinking and writing abilities that are readily applicable to pursuits in other academic areas, useful in careers far removed from philosophy, and valuable in everyday social and personal life. The study of philosophy can profoundly affect both the thinking one does and the kind of person one is.

There are a variety of ways to major in philosophy that students may choose from in accordance with their own backgrounds and interests. These include:

- **Philosophy generalist**

Offers students a maximum number of electives so they may choose in accordance with their own backgrounds and interests

- **Concentration in law and ethics**

Focuses elective course work in the areas of law, social and political philosophy, and applied ethics

- **Concentration in ethics**

Focuses elective course work in the areas of ethical theory, applied ethics, and social and political philosophy

- **Concentration in religious studies**

Uses electives to explore a variety of both religious expressions and methods of inquiry

- **Combined majors** in media and screen studies and philosophy, economics and philosophy, environmental studies and philosophy, political science and philosophy, English and philosophy, history and philosophy, criminal justice and philosophy, computer science and philosophy, and physics and philosophy

- **The half major template** in philosophy can be used by students to create their own combined majors.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond

specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Concentration

Complete one of the following concentrations:

- Philosophy Generalist requirements (p. 948)
- Concentration in Law and Ethics (p. 949)
- Concentration in Ethics (p. 949)
- Concentration in Religious Studies (p. 950)

Philosophy Major Credit Requirement

Complete 36 semester hours in the major.

Upper-Division Electives

Complete three general electives at 3000 level or above that do not double-count with the major or NUpath.

General Electives

Additional courses taken beyond college and major course requirements to satisfy graduation credit requirements.

Program Requirements

128 total semester hours required

Behavioral Neuroscience and Philosophy, BS

The behavioral neuroscience and philosophy combined degree program engages students in the interdisciplinary study across the biology, psychology, and philosophy departments. The major provides rigorous training in both disciplines with a specific focus on understanding seminal questions concerning human nature and the mind. Courses in the basic sciences will lay a strong foundation in biology, chemistry, and data analytics that are relevant to neuroscience. In behavioral neuroscience core courses, students will examine the structure and function of the human nervous system in order to explore brain mechanisms that give rise to behavioral functions, including cognitive processes, as well as pathological states. In philosophy courses, successful students will develop core analytics skills, including ethical reasoning; learn to recognize and question deep theoretical assumptions at the heart of scientific theories and practice; and explore the social and ethical dimensions of neuroscience and scientific practice more broadly. The fields of behavioral neuroscience and philosophy are further bridged with course work that is designed to enable students to apply neuroscientific concepts to philosophical, moral, and ethical questions.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Behavioral Neuroscience Foundation Courses

Code	Title	Hours
Required Courses		
BNSC 1000	Behavioral Neuroscience at Northeastern	1
PSYC 3200	Clinical Neuroanatomy	4
PSYC 3458	Biological Psychology	4
Psychology Elective		
Complete one of the following:		4
PSYC 1214	The Moral Mind: The Science Underlying Ethical Decision-Making and Virtuous Character	
PSYC 3404	Developmental Psychology	
PSYC 3406	Abnormal Psychology	
PSYC 3450	Learning and Motivation	
PSYC 3451	Learning Principles and Behavior Analysis	
PSYC 3452	Sensation and Perception	
PSYC 3464	Psychology of Language	
PSYC 3466	Cognition	

Behavioral Neuroscience Core Courses

Code	Title	Hours
Complete two of the following:		
BIOL 3403	Animal Behavior	8
BIOL 3415	Current Topics in Behavioral Neuroscience	
BIOL 3601	Neural Systems and Behavior	
BIOL 3605	Developmental Neurobiology	
BIOL 4705	Neurobiology of Cognitive Decline	
BIOL 5595	Cell and Molecular Neuroscience	
BIOL 5601	Multidisciplinary Approaches in Motor Control	
PSYC 3506	Neuropsychology of Fear	
PSYC 3508	Behavioral Endocrinology	
PSYC 3510	Brain, Behavior, and Immunity	
PSYC 4510	Psychopharmacology	
PSYC 4512	Neuropsychology	
PSYC 4514	Clinical Neuroscience	
PSYC 4570	Behavioral Genetics	

Behavioral Neuroscience Upper-Level Elective

Code	Title	Hours
Complete one of the following:		
BNSC 4970 or higher		4
BIOL 4701 or higher		
PSYC 4520 or higher		
Or complete an additional BNS core course not taken above or the BIOL integrative course not taken below.		

Behavioral Neuroscience Supporting Courses

Code	Title	Hours
Foundation Courses		
EESC 2000	Professional Development for Co-op	1
PSYC 1101	Foundations of Psychology	4
BIOL 1107 and BIOL 1108	Foundations of Biology and Lab for BIOL 1107	5
BIOL 2299	Inquiries in Biological Sciences	4
BIOL 2301 and BIOL 2302	Genetics and Molecular Biology and Lab for BIOL 2301	5
CHEM 1161 and CHEM 1162 and CHEM 1163	General Chemistry for the Biological Sciences and Lab for CHEM 1161 and Recitation for CHEM 1161	5
CHEM 2311 and CHEM 2312	Organic Chemistry 1 and Lab for CHEM 2311	5
MATH 1241	Calculus 1	4
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1341	Calculus 1 for Science and Engineering	
Statistics		
Complete one of the following:		4-5
ENVR 2500 and ENVR 2501	Biostatistics and Lab for ENVR 2500	
PSYC 2320	Statistics in Psychological Research	

Philosophy Foundation Courses

Code	Title	Hours
PHIL 1105	Science and Pseudoscience	4
PHIL 1115	Introduction to Logic	4
PHIL 1145	Technology and Human Values	4
PHIL 2325	Ancient Philosophy and Political Thought	4
or POLS 2325	Ancient Philosophy and Political Thought	
PHIL 2330	Modern Philosophy	4

Philosophy Elective Courses

Code	Title	Hours
Restricted Electives		
Complete two of the following:		8
PHIL 3435	Moral Philosophy	
PHIL 4500	Theory of Knowledge	
PHIL 4510	Philosophy of Science	
PHIL 3360		
PHIL 4555		

Philosophy Electives

Complete two additional PHIL courses not taken above. 8

Integrative/Capstone Courses

Code	Title	Hours
BIOL 4709	Neurobiology of Learning and Memory	4
or BIOL 5587	Comparative Neurobiology	
PHIL 4535	Philosophy of Mind	4

Writing Courses

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	
Advanced Writing in the Disciplines		
ENGW 3307	Advanced Writing in the Sciences	4
or ENGW 3308	Advanced Writing in the Social Sciences	
or ENGW 3309	Advanced Writing in the Humanities	
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

General Electives

Code	Title	Hours
Complete four general electives.		16

Combined-Major GPA Requirement

Minimum 2.000 GPA required in all major courses

Major Credit Requirement

90 semester hours in the major

Program Requirements

131 total semester hours required

Computer Science and Philosophy, BS

The computer science and philosophy combined major offers an opportunity to obtain a fluency in formal logic, including logical proofs and the ability to represent arguments clearly and evaluate them for cogency. Students will find that logic plays a fundamental role in computer science as they experience an in-depth programming foundation. The philosophy curriculum also focuses on oral and written communication, as well as ethical and social issues related to computing and information technologies.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1
Computer Science Fundamental Courses		
A grade of C– or higher is required in all computer science fundamental courses except CS 1802:		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
Computer Science Required Courses		
CS 2800 and CS 2801	Logic and Computation and Lab for CS 2800	5
CS 3000	Algorithms and Data	4
CS 3500	Object-Oriented Design	4
CS 3800	Theory of Computation	4
CS 4500 and CS 4501	Software Development and Recitation for CS 4500	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken for upper-division electives.

Complete 8 credits of upper-division CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2000 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

Philosophy Courses

Code	Title	Hours
Philosophy Required Courses		
PHIL 1115	Introduction to Logic	4
PHIL 2325	Ancient Philosophy and Political Thought	4
or POLS 2325	Ancient Philosophy and Political Thought	
or PHIL 2330	Modern Philosophy	
PHIL 1145	Technology and Human Values	4
PHIL 4515	Advanced Logic	4

Philosophy Restricted Electives

Take two courses, at least one of which is at the 4000 or 5000 level, from the following:

PHIL 3343	Existentialism	
PHIL 3435	Moral Philosophy	
PHIL 3460	Philosophy and Literature	
PHIL 4390	Cults and Sects	
PHIL 4500	Theory of Knowledge	
PHIL 4510	Philosophy of Science	
PHIL 4535	Philosophy of Mind	
PHIL 4547	Seminar: Apocalypticism	
PHIL 4550	Philosophy of Economics	
PHIL 4606	Seminar: Theories and Methods in Religious Studies	
PHIL 4903	Seminar in Religion	
PHIL 5002	Ethics and Public Policy	
PHIL 5001	Global Justice	

Electives

Take three PHIL courses. 12

Integrative Course Requirement

Code	Title	Hours
These courses will double count in other areas of your major:		
CS 3800	Theory of Computation	
PHIL 4515	Advanced Logic	

Computer Science English Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	

Advanced Writing in the Disciplines

Complete one course from the following: 4		
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3309	Advanced Writing in the Humanities	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 44 credits of general electives.		44

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing-Intensive in the Major
- Interpreting Culture
- Understanding Societies and Institutions
- Employing Ethical Reasoning
- Writing in the First Year
- Advanced Writing in the Disciplines
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

133 total semester hours required

Criminal Justice and Philosophy, BS

The School of Criminology and Criminal Justice and the Department of Philosophy and Religion offer a combined major in criminal justice and philosophy. This combined major educates students in criminal justice and philosophy and in the interface between the two disciplines. The scope and sequence of philosophy courses provide students with a foundation in topics such as social and political philosophy, philosophy of law, and moral philosophy, while also developing robust analytical and evaluative skills. Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. Students completing this program should have depth of knowledge with respect to analyzing and addressing criminal behavior, as well as with respect to the philosophical and ethical aspects of topics such as law, punishment, justice, and social institutions.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Criminal Justice Major Requirements

Code	Title	Hours
Criminal Justice Required Courses		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 2100	Criminal Due Process	4
CRIM 2200	Criminology	4
CRIM 3600	Criminal Justice Research Methods	4
CRIM 3700	Criminal Justice Statistics	4

Co-op Integration Seminars

Co-op students should complete the seminars below. Non-co-op students should complete a 4-semester-hour CRIM elective.

Complete two of the following courses. CRIM 2000 and CRIM 3000 are required for the first co-op. CRIM 4000 is required if a second co-op is taken.

CRIM 2000	Co-op Integration Seminar 1	2-4
CRIM 3000	Co-op Integration Seminar 2	
CRIM 4000	Co-op Integration Seminar 3	

Capstone

CRIM 4949	Senior Capstone Seminar	4
-----------	-------------------------	---

Major Electives

Thematic Elective

Complete one of the following: 4

CRIM 1300	The Death Penalty
CRIM 1400	Human Trafficking
CRIM 1500	Corruption, Integrity, and Accountability

Survey Elective

Complete one of the following: 4

CRIM 3010	Criminal Violence
CRIM 3030	Global Criminology
CRIM 3040	Psychology of Crime
CRIM 3050	Organized Crime
CRIM 3200	Youth Crime and Justice
CRIM 3300	Punishment in the Age of Mass Incarceration
CRIM 3400	Corporate Security: Securing the Private Sector
CRIM 3500	Policing a Democratic Society

System-Wide Electives

CRIM 4010	Gender, Crime, and Justice
CRIM 4020	Race, Crime, and Justice

Criminal Justice Elective

Complete one additional CRIM course. 4

Philosophy Requirements

Code	Title	Hours
Required Courses		
PHIL 1115	Introduction to Logic	4
PHIL/POLS 2325	Ancient Philosophy and Political Thought	4
PHIL 2303	Social and Political Philosophy	4

PHIL 2330	Modern Philosophy	4
-----------	-------------------	---

Intermediate/Advanced Electives

Complete two of the following:

PHIL 3343	Existentialism
PHIL 3435	Moral Philosophy
PHIL 3460	Philosophy and Literature
PHIL 4390	Cults and Sects
PHIL 4500	Theory of Knowledge
PHIL 4510	Philosophy of Science
PHIL 4515	Advanced Logic
PHIL 4535	Philosophy of Mind
PHIL 4547	Seminar: Apocalypticism
PHIL 4550	Philosophy of Economics
PHIL 4606	Seminar: Theories and Methods in Religious Studies
PHIL 4903	Seminar in Religion
PHIL 5001	Global Justice
PHIL 5002	Ethics and Public Policy

Philosophy 4000/5000 Elective

Complete one of the following not used to satisfy previous requirements: 4

PHIL 4500	Theory of Knowledge
PHIL 4510	Philosophy of Science
PHIL 4515	Advanced Logic
PHIL 4535	Philosophy of Mind
PHIL 4547	Seminar: Apocalypticism
PHIL 4550	Philosophy of Economics
PHIL 4606	Seminar: Theories and Methods in Religious Studies
PHIL 4903	Seminar in Religion
PHIL 5001	Global Justice
PHIL 5002	Ethics and Public Policy

Philosophy Electives

Complete two additional PHIL courses. 8

Integrative Requirement

Philosophy Integrative Course		
PHIL 2301	Philosophical Problems of Law and Justice	4

Criminal Justice Integrative Course

CRIM 1400	Human Trafficking	4
-----------	-------------------	---

Criminal Justice and Philosophy Major Credit Requirement

Complete 80 semester hours in the major.

Program Requirement

128 total semester hours required

Economics and Philosophy, BS

Both philosophy and economics are the disciplines of critical thinking —thinking in concrete and abstract terms to help put the world in perspective. The combined economics and philosophy major provides students with training to critically evaluate and assess policies and issues on both economic and ethical grounds, including issues such

as globalization, immigration, environmental protections, the minimum wage, a fair and just tax, just working environments, and many more.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Economics Requirements

Code	Title	Hours
Introduction to College		
Complete one of the following:		1
ECON 1000	Economics at Northeastern	
PHIL 1000	Philosophy at Northeastern	

Required Economics Courses

A minimum grade of C (2.000) must be earned in each of the following core courses

ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics	4
ECON 2560	Applied Econometrics	4
ECON 3520	History of Economic Thought	4
MATH 1231	Calculus for Business and Economics	4

Economics Electives

Complete two economics electives with not more than one below the 3000 level. 8

Philosophy Requirements

Code	Title	Hours
Philosophy Required Courses		
PHIL 1115	Introduction to Logic	4
PHIL 2325	Ancient Philosophy and Political Thought	4
PHIL 2330	Modern Philosophy	4
Advanced Philosophy Elective		
Complete one of the following:		4
PHIL 3343	Existentialism	
PHIL 3435	Moral Philosophy	
PHIL 3460	Philosophy and Literature	
PHIL 4390	Cults and Sects	
PHIL 4500	Theory of Knowledge	

PHIL 4510	Philosophy of Science
PHIL 4515	Advanced Logic
PHIL 4535	Philosophy of Mind
PHIL 4547	Seminar: Apocalypticism
PHIL 4606	Seminar: Theories and Methods in Religious Studies
PHIL 4903	Seminar in Religion
PHIL 5001	Global Justice
PHIL 5002	Ethics and Public Policy

Additional Electives

Complete three additional electives in philosophy or religion. 12
At least one must be numbered 2000 or above.

Integrative Requirements

Code	Title	Hours
Complete PHIL 4550 and one of the other courses listed below that has not been used in above requirements:		8
PHIL 4550	Philosophy of Economics	
PHIL 3435	Moral Philosophy	
PHIL 4500	Theory of Knowledge	
PHIL 4510	Philosophy of Science	
PHIL 5001	Global Justice	
PHIL 4992	Directed Study

Physics and Philosophy, BS

The combined major in physics and philosophy provides a strong foundation in classical and modern physics, including studies of the various physical phenomena including electromagnetism, dynamics, building blocks of matter, energy, and radiation. It also provides students with an understanding of the methods and traditions of philosophical thought, as well as with opportunities to critically and collaboratively reflect on the nature of the world and the human situation in it. Students will be able to describe the method by which physical “law” is made manifest in the sciences, how this knowledge compares with other epistemological models studied in other contexts, and philosophical views on the status and source of physical “law.”

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Serena Parekh, Associate Professor and Program Director,
S.Parekh@northeastern.edu (r.sandler@northeastern.edu)

The PPE major at Northeastern University brings together three of the most important approaches to understanding the world around us: political science, philosophy, and economics. The PPE major is an interdisciplinary degree that not only provides students with the analytic

tools from three different disciplines but also teaches students to make connections across disciplines and to keep multiple perspectives in mind when analyzing complex social phenomena. This interdisciplinary perspective and set of skills are indispensable in our increasingly interconnected world and are essential in addressing the kinds of complex global problems future leaders will need to tackle.

There are a number of varieties of the PPE major that students may choose from in accordance with their own backgrounds and interests. These include:

- environment and energy policy
- international political economy
- law and justice
- logic and game theory
- political philosophy
- public and economic policy

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Politics, Philosophy, and Economics Major Requirements

Code	Title	Hours
Foundation Course		
PHIL 1160	Introduction to Economic Justice	4
Core Courses		
<i>Philosophy</i>		
PHIL 2303	Social and Political Philosophy	4

Information Ethics, Minor

This minor aims to help students: (1) develop in-depth knowledge of issues and topics in computing, data, and AI ethics; (2) build robust skills in ethical analysis, reasoning and evaluation. The minor is open to students from all majors.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

A minimum of three of the courses to fulfill the minor must carry the PHIL prefix. At least two courses must be at or above the 2000-level.

Code	Title	Hours
Foundational Course		
Complete one of the following:		4
PHIL 1145	Technology and Human Values	
PHIL 2145		
Information Ethics Electives		
Complete two courses from the following, not used above, one of which must be at or above the 4000 level:		8
PHIL 1145	Technology and Human Values	
PHIL 2145		
PHIL 5005		
PHIL 5010		
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
Ethics Electives		
Complete one of the following courses not used above.		4
CHME 5185	Design of Experiments and Ethical Research (DOEER)	
PHIL 1102	Introduction to Contemporary Moral Issues	
PHIL 1112	Debating Ethical Controversies	
PHIL 1130	Ethics: East and West	
PHIL 1145	Technology and Human Values	
PHIL 1160	Introduction to Economic Justice	
PHIL 1162	Ethics and Philosophy through Sport	
PHIL 1165	Moral and Social Problems in Healthcare

PHIL 5001	Global Justice	
PHIL 5002	Ethics and Public Policy	
PHIL 5005		

PHIL 5010

PHIL 5011

Philosophy, Minor

Philosophy addresses questions and theories related to morality, society, religion, and the natural and social sciences. Course work in philosophy provides students with an understanding of the methods and traditions of philosophical thought, as well as opportunities to critically and collaboratively reflect on the nature of the world and the human situation in it. Through readings, discussion, and writing, students examine questions concerning the validity of moral judgments, political ideas, and scientific theories, as well as questions about values and social policy in such areas as law, medicine, and technology.

Course work in philosophy significantly strengthens study in other areas. Many students find that their studies in their major can be beneficially supplemented by pursuing studies in philosophy. Declaring a minor in philosophy will allow you to continue your philosophical studies throughout your time at Northeastern University.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
PHIL 2325	Ancient Philosophy and Political Thought	4
or POLS 2325	Ancient Philosophy and Political Thought	
PHIL 2330	Modern Philosophy	4

Elective Courses

Code	Title	Hours
Complete three courses in philosophy and religion.		12

GPA Requirement

2.000 GPA required in the minor

Religious Studies, Minor

The religious studies minor provides a short form of the religious studies major that can be tailored to the needs of the student's major.

The program in religion offers students the opportunity to acquire an understanding of religious experience within its social, historical, literary, and political context. Students study specific religious traditions such as Judaism, Islam, and Hinduism, and using a comparative approach they explore themes across faith traditions. Through the minor, a student will have the opportunity to study a range of religions and a variety of methods of understanding the key dimensions of religious life.

The religious studies minor is designed to provide the student with an introduction to a variety of religious traditions along with the analytical tools necessary to explore religious theology and praxis across five categories: comparative religion, traditions that emerge from the ancient Mediterranean and African worlds, traditions that emerge from Asia, religion and culture, and texts. Through this minor, students are exposed to the basic features of the world's religions and the ethical systems that accompany them. They also have an opportunity to explore diverse methodological approaches to the study of religions in general. This

minor is designed to help students enhance their abilities in any career that requires a liberal arts education.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
Complete four of the following:		16
PHIL 1111	Introduction to World Religions	
PHIL 1120	Understanding the Bible	
PHIL 1220	The Meaning of Death	
PHIL 1260	Apocalypticism in Film	
PHIL 1275	Hinduism, Buddhism, and Beyond: Eastern Religions	
PHIL 1280	Encountering Islam: Traditions, Debates, and Crosscultural Diversity	
PHIL 2100	The Religious Worlds of Boston: Faith and Devotion in Urban Life	
PHIL 2395	Japanese Buddhism	
PHIL 4390	Cults and Sects	

Elective Course

Code	Title	Hours
Complete one of the following:		4
PHIL 1104	Goddesses, Witches, Saints, and Sinners: Women in Western Religions	
PHIL 1110	Introduction to Religion	
PHIL 1111	Introduction to World Religions

PHIL 4903	Seminar in Religion
PHIL 4992	Directed Study

GPA Requirement

2.000 GPA required in the minor

Ethics, Minor

The Department of Philosophy and Religion offers a minor in ethics for students who are interested in exploring the ethical dimensions of contemporary issues. From medicine and the environment to business and religion, the minor provides a range of courses that speak to issues you care about and provides you with the tools to explore them. The minor includes courses in ethical theory (e.g., moral philosophy, social and political philosophy, and philosophical problems of law and justice); applied ethics (e.g., environmental ethics, business ethics, moral and social problems in healthcare, and technology and human values); and religious ethics (e.g., ethics east and west and cults and sects). It emphasizes developing critical analytical and evaluative skills.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Political science teaches the art and science of politics in the United States and throughout the world. Study leadership with a former U.S. presidential candidate. Spend seven weeks visiting the United Nations and other organizations in Geneva, Switzerland. Apply for the White House internship program or to the British Parliament. Develop aid programs in a Saharan village in Niger. Write opinion pieces for an outstanding student political journal. Compete to represent an Arab country as part of one of the top Model Arab League teams in the United States. Political science is a discipline and a subject of study that has worldwide applications and exciting and experiential job opportunities. Politics matter wherever there are groups of people trying to get things done.

Political science majors start their journey with core courses on American government, comparative politics, international relations, and research methods. After that, students choose from a wealth of courses on specific topics from international security to legal studies to public policy.

Political science co-ops include responsible positions in local, state, and federal government agencies; law firms; nonprofit institutions; and corporations. Many students complete either a co-op position or an internship with a congressional representative, a senator, a governor or other elected public officials, or at an international organization or nonprofit.

Political science students are among the most active on campus through extracurricular programs designed to expand their leadership ability, including the Political Science Student Association, International Relations Council, Pi Sigma Alpha honor society, Model United Nations, Model Arab League, Model NATO, student government, College Democrats and Republicans, and other student groups. Students also may qualify for the University Honors Program. With these experiences on their resumés, students are prepared to succeed in law school, graduate school, careers in government and the nonprofit sector, as well as in teaching, journalism, legislative or lobbying positions,

public relations activities, and work in international corporations and nongovernmental organizations (NGOs).

Academic Progression Standards

Same as university-wide standards described under “Academic Status (p. 36).”

PlusOne Program (MA) in Political Science

Political science majors at the end of their sophomore year or the beginning of their junior year may qualify for application to the PlusOne program that combines the BA with the master’s degree in political science. Students interested in this option should consult with the departmental graduate coordinator.

Programs

Bachelor of Arts (BA)

- Political Science (p. 971)
- Environmental Studies and Political Science (p. 591)
- History and Political Science (p. 830)

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p. 1065)

Political Science, BA

The Bachelor of Arts in Political Science provides a set of introductory courses to the discipline, followed by methodology courses, electives, and a capstone course. Students explore and analyze the many facets of American government, comparative politics, international relations, and political philosophy. With elective courses, students may choose from among a number of concentrations or follow their own curricular

path. At the college level the Bachelor of Arts includes a foreign language requirement.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Environmental Studies and Political Science, BA

In this combined major, successful undergraduates will develop an awareness of the scientific, cultural, societal, and political aspects of the world's environmental problems through the lens of geopolitical decisions, public policy, and environmental regulations.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Environmental Studies Requirements

Code	Title	Hours
Social Science Component		
<i>Philosophy</i>		
PHIL 1180	Environmental Ethics	4
<i>Sociology</i>		
SOCL 1246	Environment and Society	4
<i>Economics</i>		
ECON 1116	Principles of Microeconomics	4
ECON 3423	Environmental Economics	4
Science Component		
Complete one course in each of the following four subject areas:		
<i>Biology</i>		
ENVR 1445		4
<i>Earth and Environmental Sciences</i>		
Complete one of the following:		
ENVR 1112	Environmental Geology	4
ENVR 1200	Dynamic Earth	4
<i>Environment</i>		
ENVR 1101	Environmental Science	4
<i>Quantitative Methods</i>		
Complete one of the following:		
ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300	4-5
MATH 2280	Statistics and Software	4

Political Science Requirements

Code	Title	Hours

History and Political Science, BA

The Department of History and the Department of Political Science offer an interdisciplinary combined major in history and political science. Students interested in the combined major integrate the study of political systems and theories with the study and analysis of human history.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

History Major Requirements

Code	Title	Hours
History Colloquium		
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
Introductory Level Course		
Complete one course from HIST 1001 to HIST 1999		4
History Seminar and Historical Writing		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
Pre-1800 History Elective		
Complete one of the following:		4
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804

Political Science and Human Services, BA

The combined degree is designed to prepare students with skills and tools to advocate for social issues at all levels of society. Human services program students prepare for fields in the social change arena (nongovernment organizations [NGOs], counseling, and political advocacy). Political science students prepare to change and shape the domestic and international political landscape in American politics, comparative politics, international relations, and public policy. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning, co-op, internship, and study-abroad opportunities. Upon completion of the degree, successful students apply professional skills in counseling roles, nonprofit management, political advocacy, or organizational and community development. Successful students are positioned to pursue law school, graduate school, careers in government and the nonprofit sector, as well as in teaching, journalism, legislative or lobbying positions,

public relations activities, and work in international corporations and NGOs.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Political Science Requirements

Code	Title	Hours
Core Courses in Political Science		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2400	Quantitative Techniques	4
Political Thought		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
Political Science Electives		
Complete three courses in the following range:		12
POLS 2330 to POLS 5999		

Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record. Requirements for the concentrations are listed below (p. 852).

- Campaigns and elections (p. 852)
- Comparative politics (p. 852)
- Identity, culture, and politics (p. 852)
- International relations and diplomacy (p. 852)
- Law and legal studies (p. 852)
- Public policy (p. 852)
- Security studies (p. 853)

Supporting Course for Political Science

Code	Title	Hours
Mathematics		
Complete one of the following to fulfill the prerequisite for POLS 2400:		4
MATH 1213	Interactive Mathematics	
MATH 1215	Mathematical Thinking	
MATH 1231	Calculus for Business and Economics	
MATH 1241	Calculus 1	

Human Services Requirements

Code	Title	Hours
Required Courses		
HUSV 1101	Social Change and Human Services	4

Political Science and International Affairs, BA

Through this combined major, successful undergraduates will develop an awareness of global affairs and international relations since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; political processes, institutions, and actors; and state-society relations (democracy, authoritarianism, inequalities, citizenship).

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Political Science Requirements

Code	Title	Hours
Political Science Requirements		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2400	Quantitative Techniques	4
Political Theory		
Complete one of the following:		4
POLS 2328	Modern Political Thought	

POLS 2330	American Political Thought
POLS 2332	Contemporary Political Thought

Political Science Electives/Concentration for BA

Complete four upper-division political science electives, or complete one of the following concentrations. If you are working toward a concentration, declare it with your advisor in order for it to be added to your record. Requirements for the concentrations are listed below (p. 904).

Code	Title	Hours
Political Science Electives		
Complete four political science courses at or above POLS 2300.		16

- Concentration in Campaigns and Elections (p. 904)
- Concentration in Comparative Politics (p. 904)
- Concentration in Identity, Culture, and Politics (p. 904)
- Concentration in International Relations and Diplomacy (p. 904)
- Concentration in Security Studies (p. 904)

International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. Peoples and Cultures (ANTH 1101), The World Since 1945 (HIST 2211), and International Relations (POLS 1160) may not be used as global dynamics courses. See department for additional courses.

Code	Title	Hours
Required Courses		
INTL 1101	Globalization and International Affairs	4
INTL 3400	International Conflict and Negotiation	4
HIST 2211	The World Since 1945	4
ECON 1115	Principles of Macroeconomics	4
or ECON 1116	Principles of Microeconomics	

Global Dynamics		
Complete two of the following. Courses are divided into thematic groups to aid students in deciding which courses to take and have no bearing on major requirements. One course must be numbered 2000 or above:		8

Environment

ENVR 1110	Global Climate Change
ENVR 4515	Sustainable Development

Political Science and Philosophy, BA

The combined major in political science and philosophy enables students to develop an integrated understanding of politics, political theory, ethical theory, and theories of justice. Successful students who complete the major will have the training to critically evaluate and assess public policies and social issues on both political and ethical grounds, including issues such as tax policy, immigration, environmental protection, trade policy, healthcare, education, defense policy, and much more.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Political Science Requirements

Sociology and Political Science, BA

The combined major in sociology and political science offers students the opportunity to integrate the study of politics and government with an analysis of social systems. Students complete core courses in political science along with core courses in sociology that include social theory

and an introduction to social systems. This combined major highlights the important intersection between social norms and organizations with the evolution of politics and government.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Sociology Requirements

Code	Title	Hours
Sociology Required Courses		
SOCL 1101	Introduction to Sociology	4

Political Science, BS

The Bachelor of Science in Political Science provides a set of introductory courses to the discipline, followed by methodology courses, electives, and a capstone course. Students explore and analyze the many facets of American government, comparative politics, international relations, and political philosophy. With elective courses, students may choose from among a number of concentrations or follow their own curricular path.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Introduction to College

Complete "Introduction to College" for your major.

Political Science Major Requirements

Code	Title	Hours

Biology and Political Science, BS

In the BS, combined biology and political science degree program, science courses lay the groundwork for strong basic training in mathematics, chemistry, and physics that are relevant to biology. In biology courses, students broadly explore the organization and processes of life—from molecules and cells through organs and organ systems to populations, ecosystems, and evolution. In political science courses, students pursue core concepts of American government, comparative politics, international relations and political thought. Course work in quantitative techniques is also required. Students choose from a range of advanced subject electives. An appreciation of the intersection of biology and political science is provided through advanced courses in science, technology and public policy, and in environmental politics and policy.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Biology Requirements

Code	Title	Hours
Introduction to College		
BIOL 1000 or POLS 1000	Biology at Northeastern Political Science at Northeastern	1

Biology

Foundations

BIOL 1107 and BIOL 1108	Foundations of Biology and Lab for BIOL 1107	5
<i>Inquiries</i>		
BIOL 2299	Inquiries in Biological Sciences	4
<i>Genetics</i>		
BIOL 2301 and BIOL 2302	Genetics and Molecular Biology and Lab for BIOL 2301	5
<i>Project Lab</i>		
BIOL 2309	Biology Project Lab	4
<i>Biochemistry</i>		
BIOL 3611 and BIOL 3612	Biochemistry and Lab for BIOL 3611	5
<i>Organismal and Population Biology Elective</i>		
Complete one of the following:		4-5
BIOL 2327	Human Parasitology	
BIOL 3401	Comparative Vertebrate Anatomy	
BIOL 3403	Animal Behavior	
BIOL 3413	Current Topics in Organismal and Population Biology	
BIOL 3421 and BIOL 3422	Microbiology and Lab for BIOL 3421	
EEMB 2302 and EEMB 2303	Ecology and Lab for EEMB 2302	
EEMB 2400	Introduction to Evolution	
EEMB 2616 and EEMB 2617	Invertebrate Zoology and Lab for EEMB 2616	
EEMB 2700 and EEMB 2701	Marine Biology and Lab for EEMB 2700

Complete four of the following:		16
POLS 3408	International Security	
POLS 3420	U.S. National Security Policy	
POLS 3423	Terrorism and Counterterrorism	
POLS 3425	U.S. Foreign Policy	
POLS 3430	Revolution, Civil War, and Insurrection	
POLS 3470	Arab-Israeli Conflict	
POLS 3487	Politics of Developing Nations	

Computer Science and Political Science, BS

The computer science and political science combined major offers both a strong computer science foundation and a deep understanding of global and societal needs. You will become an engaged citizen of the world, participating in interdisciplinary scholarship and translational research to address regional and global issues.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond

specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Computer Science Courses

Code	Title	Hours
------	-------	-------

Computer Science Overview

CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
IS 2000	Principles of Information Science	4

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective Courses

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete 12 credits of upper-division CS, CY, DS, or IS courses that are not already required. Choose courses within the following ranges:	12
--	----

CS 2500 or higher, except CS 5010

CY 2000 or higher, except CY 4930

DS 2000 or higher, except DS 4900

IS 2000 or higher, except IS 4900

Political Science Courses

Code	Title	Hours
------	-------	-------

Political Science Requirements

POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2399	Research Methods in Political Science	4
POLS 2400	Quantitative Techniques	4

Political Theory

Complete one of the following:	4	
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	

Political Science Capstone

POLS 4701	Political Science Senior Capstone	4
-----------	-----------------------------------	---

Political Science Electives

Complete four courses in the following range:	16
POLS 2000 to POLS 5999	

Integrative Requirement

Code	Title	Hours
------	-------	-------

Integrative Requirement

Complete one of the following:	4	
POLS 2390	Science, Technology, and Public Policy	
POLS 3405	International Political Economy	
POLS 3406	International Law	
POLS 3408	International Security	

Supporting Course

Code	Title	Hours
------	-------	-------

Complete one of the following:	4	
ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	
ENGL 2150	Literature and Digital Diversity	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
PHIL 1145	Technology and Human Values	
SOCL 3485	Environment, Technology, and Society	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 4528	Computers and Society	

Computer Science Writing Requirement

Code	Title	Hours
------	-------	-------

College Writing

ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	

Advanced Writing in the Disciplines

Complete one of the following:	4	
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3308	Advanced Writing in the Social Sciences	
ENGW 3311	Advanced Writing for Prelaw	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
------	-------	-------

Complete 28 credits of general electives.	28
---	----

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

Computer Science and Political Science Major Credit Requirement

100 semester hours required in the major

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing in the First Year
- Writing-Intensive in the Major
- Advanced Writing in the Disciplines
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

Criminal Justice and Political Science, BS

This combined major educates students in criminal justice and political science and in the interface between the two disciplines. The scope and sequence of political science courses provide students with a foundation in topics such as American government, comparative politics, international relations, and security and resilience. Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. Students completing this program should be able to understand the relationships between the fields as they relate to understanding and addressing criminal behavior.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Criminal Justice Requirements

Code	Title	Hours
Criminal Justice Core Requirements		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 2100	Criminal Due Process	4

Political Science and Business Administration, BS

The combined major in political science and business administration offers students the opportunity to integrate the study of politics and government with an analysis of business practices and organizations. Students complete core courses in political science along with core courses in business administration that cover accounting, finance, marketing, and organizational behavior. This combined major highlights the important intersection between business practices and the evolution of politics and government.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Political Science Requirements

Political Science and Economics, BS

The combined major in political science and economics offers students the opportunity to integrate the study of politics and government with the study of economics. Students complete the core courses in political science along with core courses in economics that cover both macroeconomic and microeconomic perspectives. This combined major highlights the important role that the economy plays in shaping politics and government.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Political Science Requirements

Code	Title	Hours
Political Science Requirements		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
Political Theory		
Complete one of the following:		4
POLS 2330	American Political Thought	
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2332	Contemporary Political Thought	
Political Science Restricted Electives		
Complete two of the following:		8
POLS 3307	Public Policy and Administration	
POLS 2335	Budgeting and Taxation	
POLS 2340	Business and Government	
POLS 2345	Urban Policies and Politics	
POLS 2357	Growth and Decline of Cities and Suburbs	
POLS 2360	Politics of Poverty	
POLS 3405	International Political Economy	
POLS 3487	Politics of Developing Nations	
Political Science Electives		
Complete two courses from the following range, or complete a concentration as outlined below:		8
POLS 2000 to POLS 5999		

Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record. Requirements for the concentrations are listed below (p. 781).

- American Political Institutions (p. 781)
- Campaigns and Elections (p. 781)
- International Relations and Diplomacy (p. 781)
- Public Policy (p. 781)

Economics Requirements for BS

Code	Title	Hours
Breadth Courses		
MATH 1231	Calculus for Business and Economics	4
CS 1100	Computer Science and Its Applications	4
or DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
or MISM 2510	Fundamentals of Information Analytics	
Required Economics Courses		
Grades in the required economics courses and in Quantitative Techniques (POLS 2400) or Statistics (ECON 2350) must have a minimum grade of 2.000:		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2560	Applied Econometrics	4
Economics Electives		
Complete three economics electives with no more than one below 2990.		

Supporting Courses

Complete either of the statistics and departmental elective combinations listed below:

COMBINATION A

Code	Title	Hours
Statistics		
POLS 2400	Quantitative Techniques	4
Economics		
Complete one of the following:		4
ECON 3404	International Food Policy	
ECON 3420	Urban Economic Issues

Political Science and Human Services, BS

The combined degree seeks to prepare students with skills and tools to advocate for social issues at all levels of society. Human services program students are well-positioned to pursue fields in the social change arena (nongovernment organizations, or NGOs; counseling; and political advocacy). Political science students are also well-positioned to change and shape the domestic and international political landscape in American politics, comparative politics, international relations, and public policy. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning, co-op, internship, and study-abroad opportunities. Upon completion of the degree, students can apply professional skills in counseling roles, nonprofit management, political advocacy, or organizational and community development. Successful students are poised to pursue law school, graduate school, careers in government and the nonprofit sector, as well as in teaching, journalism, legislative or lobbying positions, public relations activities, and work in international corporations and NGOs.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Political Science Requirements

Political Science and Philosophy, BS

The combined major in political science and philosophy enables students to develop an integrated understanding of politics, political theory, ethical theory, and theories of justice. Students who complete the major will have the training to critically evaluate and assess public policies and social issues on both political and ethical grounds, including issues such as tax policy, immigration, environmental protection, trade policy, healthcare, education, defense policy, and much more.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Political Science, Minor

The political science minor introduces students to key concepts, practices, and perspectives in the study of politics and government. Students complete at least two of the three introductory courses—American government, comparative politics, and international relations—as well as three other courses in political science.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
Complete two of the following:		8
POLS 1150	American Government	
POLS 1155	Comparative Politics	
POLS 1160	International Relations	

Elective Courses

Code	Title	Hours
Complete three political science courses.		12

GPA Requirement

2.000 GPA required in the minor

American Political Institutions, Minor

The American political institutions minor introduces students to key concepts, practices, and perspectives in the study of American politics and government. Students complete the introductory American government course as well as four other courses that focus on various aspects of American politics and government at the national, state, and local levels.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: This minor is restricted to students who are not enrolled in the political science major or in any political science combined major.

International Security Studies, Minor

The international security studies minor introduces students to key concepts, practices, and perspectives in the study of international security. Students complete the introductory course in international relations as well as four other courses in political science that focus on various aspects of international security, including international law, international organizations, and U.S. security policy.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: Political science majors and combined majors may not pursue the minor in international security studies.

Required Core Courses

Code	Title	Hours
POLS 1160	International Relations	4
POLS 3408	International Security	4
POLS 3420	U.S. National Security Policy	4

Elective Courses

Code	Title	Hours
Students may not count any of the courses toward more than one requirement.		
Complete two of the following:		8
ARMY 3503	American Military History	
POLS 3406	International Law	
POLS 3408	International Security	
POLS 3420	U.S. National Security Policy	
POLS 3425	U.S. Foreign Policy	
POLS 3430	Revolution, Civil War, and Insurrection	
POLS 3470	Arab-Israeli Conflict	
POLS 3487	Politics of Developing Nations	
POLS 4910	Model United Nations	

GPA Requirement

2.000 GPA required in the minor

617.373.2688 (fax)

Sociology and cultural anthropology provide the critical perspective needed for studying the social and cultural arrangements in which people live, for understanding how societies function, for investigating the conditions under which people change their institutions, and for describing the modes and conditions of cooperation that make social life possible.

Courses in the program examine such areas as urbanization, the environment, health, globalization and human rights, gender and sexuality, social movements, the cultural underpinnings of science and technology, new media, and the comparative analysis of advanced capitalist societies. Many courses are directly relevant to majors in other fields, including economics, political science, philosophy, literature, criminal justice, and business.

The major in sociology or cultural anthropology seeks to prepare students for careers in public or private service, including such fields as law, teaching, social work, administration or management, and research.

Academic Progression Standards

Same as university-wide standards described under "Academic Status (p. 36)."

Preapproved Template Program in Cultural Anthropology

The Department of Sociology and Anthropology offers a preapproved template program in cultural anthropology. The template program may be paired with another preapproved template program to create a combined major; to see a list of current preapproved template programs, visit the combined majors webpage (<http://www.northeastern.edu/registrar/major-2.html>).

Students may request admission to such a combined major via the Combined Major Approval form (<https://registrar.northeastern.edu/article/combined-majors/>), which requires approval by both disciplines/colleges together with an approved curriculum. For additional information on preapproved template programs, see "Student-Requested Combined Major (p. 38)." For template program requirements, visit the myNortheastern web portal (<http://www.myneu.neu.edu>), click on the "Self-Service" tab, then on "My Degree Audit."

PlusOne Program (MA) in Sociology

Sociology majors at the end of their sophomore year or the beginning of their junior year may qualify for application to the PlusOne program that combines the BA with the master's degree in sociology. Students interested in this option should consult with the departmental advisor by the end of the sophomore year.

Programs

Bachelor of Arts (BA)

- Sociology (p. 1024)
- Cultural Anthropology (p. 1026)
- Sociology and Cultural Anthropology (p. 1028)
- Communication Studies and Sociology (p. 131)
- Cultural Anthropology and Theatre (p. 226)
- English and Cultural Anthropology (p. 794)
- History and Cultural Anthropology (p. 824)
- Human Services and Sociology (p. 853)
- International Affairs and Cultural Anthropology (p. 890)
- Media and Screen Studies and Sociology (p. 157)
- Sociology and Environmental Studies (p. 593)

- Sociology and International Affairs (p. 906)
- Sociology and Political Science (p. 997)

Bachelor of Science (BS)

- Sociology (p. 1048)
- Cultural Anthropology (p. 1056)
- Sociology and Cultural Anthropology (p. 1057)
- Criminal Justice and Sociology (p. 726)
- Computer Science and Sociology (p. 357)
- Health Science and Sociology (p. 474)

Sociology, BA

Sociology is the scientific study of society. It begins with the premise that individuals are affected by the social structures, institutions, and cultural milieus surrounding them. Sociology provides students with the conceptual tools to understand how various features of society affect its members as well as how people create and maintain those same features.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Sociology Major Requirements

Cultural Anthropology, BA

Anthropology is the holistic, cross-cultural study of humanity that explores the multiple ways humans live and create meaning in the world. At Northeastern University, the sociology and anthropology department specializes in **cultural anthropology** and **social anthropology**—the relationship of culture to the institutions, relationships, and practices of everyday life that make up social structures.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Cultural Anthropology Major Requirements

Code	Title	Hours
Cultural Anthropology		
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
ANTH 3421	Foundations of Anthropological Theory	4
ANTH 3410	Ethnographic Field Experience	4
ANTH 4600	Senior Seminar	4
SOCL 1101	Introduction to Sociology	4

Advanced Area Courses

Additional courses taken in this section may be used as electives.

Complete two of the following:	8
ANTH 4350 Ethnography of Southeast Asia	
ANTH 4500 Latin American Society and Development	
ANTH 4505 Native North Americans	
ANTH 4510 Anthropology of Africa	
ANTH 4515 Culture and Politics in Modern India	

Anthropology Electives

Complete six ANTH courses. Two study- abroad courses may count toward this requirement with prior permission from the department. 24

Social Science Electives

Complete three social science courses from the following subject areas. Social science electives may not include music or art: AFRS, AFAM, CRIM, ECON, HUSV, HIST, INTL, LING, LPSC, POLS, PSYC, or SOCL. 12

¹ Students must choose between a one-semester senior project, which they would complete in the context of Senior Seminar (ANTH 4600), or a two-semester senior thesis, which would require them to also enroll in a fall-semester directed study.

Cultural Anthropology Major Grade Requirement

A GPA of 2.000 across all major courses is required.

Cultural Anthropology Major Credit Requirement

Complete 68 semester hours in the major.

Sociology and Cultural Anthropology, BA

The sociology/anthropology department at Northeastern University offers a combined major in sociology and anthropology. Students learn the disciplinary histories, practices, and methods of sociology and sociocultural anthropology, identify foundational and contemporary debates within and across these two disciplines, and evaluate their contributions to our understanding of local and global societies and cultures. The combined major offers students various opportunities for community engagement, experiential learning, and for gaining research skills using quantitative and qualitative methods.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Cultural Anthropology and Theatre, BA

This major is designed for students who want to combine a knowledge of the art of theatre, including performance, design, and production, with sociocultural theories and conceptual frameworks for understanding human behavior. It offers both classroom and experiential learning in the practice of making theatre and performance theories with cross-cultural approaches. Successful students develop an understanding of theatre's impact on past and present cultures, as well as a deeper awareness of the world in which they live.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Anthropology Requirements

Code	Title	Hours
Foundation Courses		
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
ANTH 3421	Foundations of Anthropological Theory	4
ANTH 3410	Ethnographic Field Experience	4
Advanced Area Courses		
Complete two of the following:		
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4500	Latin American Society and Development	
ANTH 4505	Native North Americans	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	

Anthropology Electives

Complete three courses in the following range. Two study-abroad courses may count toward this requirement with prior permission from the department: 12

ANTH 2300 to ANTH 4999

Social Science Electives

Complete three social science courses from the following subject areas: 12

AFRS, AFAM, CRIM, ECON, HUSV, HIST, INTL, LING, LPSC, POLS, PSYC, SOCL

Theatre Requirements

A minimum grade of C is required in all theatre courses.

Program Requirement

128 total semester hours required

English and Cultural Anthropology, BA

The English department and the sociology/anthropology department offer an interdisciplinary combined major in English and cultural anthropology. Broadly speaking, students in the combined major in English and cultural anthropology at Northeastern integrate the study of literature, language, and writing with the study of human culture and its intersections with structures of inequality (e.g., race, class, and gender) and contemporary global issues.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

English Requirements

Code	Title	Hours
English Course-Level Requirement		
In addition to the capstone, two of the courses chosen from the lists below must be numbered 3000–4999.		
Introduction to College		
ENGL 1000	English at Northeastern	1
Foundational Courses		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160	Introduction to Rhetoric	4
or ENGL 1410	Introduction to Writing Studies	
Diversity		
Complete one of the following courses. This course may also be used to fulfill an additional English requirement below:		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2451	Postcolonial Women Writers	
ENGL 2455	American Women Writers Race	
ENGL 2460	Multiethnic Literatures of the U.S.	
ENGL 2760	Writing in Global Contexts	
ENGL 3663	The African-American Novel	
ENGL 3676	Representing Gender and Sexuality in Literature	

ENGL 3678 Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity

ENGL/JWSS 3685 Modern and Contemporary Jewish Literature

Pre-Nineteenth-Century Literature

Complete one of the following: 4

ENGL 1600 Introduction to Shakespeare

ENGL 1700 Global Literature to 1500

ENGL 2240 17th-Century British Literature

ENGL 2296 Early African-American Literature

ENGL/JWSS 3678 Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity

ENGL 4000 Topics in Early Literatures

ENGL 4020 Topics in 17th- and 18th-Century Literatures

Nineteenth-, Twentieth-, and Twenty-First-Century Literature

Complete one of the following: 4

ENGL 2330 The American Renaissance

ENGL 3720 19th-Century Major Figure

ENGL 4040 Topics in 19th-Century Literatures

ENGL 2301 The Graphic Novel

ENGL 2440 The Modern Bestseller

ENGL 2600 Irish Literary Culture (Abroad)

ENGL 2610 Contemporary Israeli Literature and Art (Abroad)

ENGL/JWSS 3685 Modern and Contemporary Jewish Literature

ENGL 3730 20th- and 21st-Century Major Figure

Theories and Methods

Complete one of the following: 4

ENGL 1140 Grammar: The Architecture of English

ENGL 1160 Introduction to Rhetoric

ENGL 1410 Introduction to Writing Studies

ENGL 2150 Literature and Digital Diversity

ENGL 3325 Rhetoric of Law

ENGL 3340 Technologies of Text

ENGL 3370 Writing Cultures

ENGL 3381 The Practice and Theory of Teaching Writing

ENGL 3700 Narrative Medicine

Foundation Courses		
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
ANTH 3410	Ethnographic Field Experience	4
ANTH 3421	Foundations of Anthropological Theory	4

Area Courses

Additional "area courses" taken may count as anthropology electives.

Complete two of the following:	8
--------------------------------	---

ANTH 4350	Ethnography of Southeast Asia
ANTH 4500	Latin American Society and Development
ANTH 4505	Native North Americans
ANTH 4510	Anthropology of Africa
ANTH 4515	Culture and Politics in Modern India

Capstone

Students are expected to complete the following course in spring of their senior year.

ANTH 4600	Senior Seminar	4
-----------	----------------	---

Anthropology Electives

Complete three 4-semester-hour courses in addition to the above requirements. One study-abroad course may also count toward this requirement with prior permission from the department. 12

Integrative Requirements

Code	Title	Hours
One integrative course is required for each discipline. Courses taken as electives above may not be used as integrative courses.		

English Integrative Course

ENGL 2450	Postcolonial Literature	4
-----------	-------------------------	---

Cultural Anthropology Integrative Courses

Complete one of the following:	4
ANTH 2300	Reading Culture through Ethnography
ANTH 3421	Foundations of Anthropological Theory

Cultural Anthropology Major Grade Requirement

A GPA of 2.000 for major courses is required.

English and Cultural Anthropology Combined-Major Credit Requirement

Complete 88 semester hours in the major.

Program Requirement

128 total semester hours required

History and Cultural Anthropology, BA

History and cultural anthropology offer an interdisciplinary combined major. Students interested in the combined major in history and cultural anthropology integrate the exploration of human history with the rigorous study of human cultures.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

History Requirements

Code	Title	Hours
History Colloquium		
HIST 1000	History at Northeastern	1
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
Introductory Level		
Complete one history course from the 1000 level.		4
History Seminar and Historical Writing		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
Pre-1800 History Elective		
Complete one course from the following:		4
HIST 2390	Africa and the World in Early Times	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1270	Ancient Greece	
HIST 1271	Ancient Rome	
HIST 1285	Introduction to Russian Civilization	
HIST 2330	Colonial and Revolutionary America	
Intermediate/Advanced History Cluster		
Complete three history courses numbered 2303 or above.		12

Human Services and Sociology, BA

Students pursuing a combined degree in human services and sociology will integrate the theoretical understandings of these two fields to better understand organizational and group behavior and their implications for individuals and communities utilizing human services. The human services major prepares students for careers in social change by providing students with the theoretical and skill-based background necessary for practice and research. The sociology major prepares students to rigorously analyze the social, political, and economic spheres of society at the local and global levels. Students will develop a holistic understanding of preventative and reactive responses to social inequality and an understanding of how to impact change at the individual and structural levels. The combined major provides students with the conceptual and practical tools to understand how various features of society affect its members as well as how people create social change.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

International Affairs and Cultural Anthropology, BA

Through this combined major, successful undergraduates will develop an awareness of contemporary cultures within their international, transnational, and global contexts since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; and state-society relations (democracy, authoritarianism, social justice and inequalities, citizenship).

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. Peoples and Cultures (ANTH 1101), The World Since 1945 (HIST 2211), and International Relations (POLS 1160) may not be used as global dynamics courses. See department for additional courses.

Code	Title	Hours
Required Courses		
INTL 1101	Globalization and International Affairs	4
INTL 3400	International Conflict and Negotiation	4
POLS 1160	International Relations	4
ECON 1115	Principles of Macroeconomics	4
or HIST 2211	The World Since 1945	

Global Dynamics

Complete two of the following. Courses are divided into thematic groups to aid students in deciding which courses to take and have no bearing on major requirements: 8

Environment

ENVR 1110	Global Climate Change
ENVR 4515	Sustainable Development
SOCL 1246	Environment and Society
<i>Law, Diplomacy, and Global Governance</i>	
INTL 2480	Women and World Politics
or WMNS 2480	Women and World Politics
INTL 5200	Political Economy: Interdisciplinary Perspectives
COMM 2303	Global and Intercultural Communication
POLS 1155	Comparative Politics
POLS 1160	International Relations
POLS 2370	Religion and Politics
POLS 3405	International Political Economy
POLS 3406	International Law
POLS 3409	Global Governance
POLS 4910	Model United Nations
POLS 4938	Dialogue of Civilizations: International Politics Abroad
<i>Human Rights and Social Justice</i>	
INTL 2400	Politics of Islam and Gender
INTL 2480	Women and World Politics
or WMNS 2480	Women and World Politics
HIST 2373	Gender and Sexuality in World History

International Affairs Foreign Language Requirement

Complete course work in a language through at least intermediate-level two. *Note:* Completing this requirement satisfies the language requirement for the BA degree.

Anthropology Major Requirements

Note: At least nine anthropology courses must be taken to complete the International Affairs and Cultural Anthropology program.

Code	Title	Hours
Cultural Anthropology		
ANTH 1101	Peoples and Cultures	4
ANTH 3421	Foundations of Anthropological Theory	4
Anthropology Electives		
Complete three courses in the following range, one of which must be numbered 4000 or above. One study-abroad course may also count toward this requirement with prior permission from the department:		12
ANTH 2300 to ANTH 4999		
Advanced Area Courses		
Complete two of the following:		8

ANTH 4500	Latin American Society and Development
ANTH 4505	Native North Americans
ANTH 4510	Anthropology of Africa
ANTH 4515	Culture and Politics in Modern India

Integrative Requirements

Note: If International Affairs courses are taken in both the Research Methods and Capstone areas, then an additional Anthropology Elective is required.

Code	Title	Hours
Research Methods		
INTL 2718	Research Methods in International Affairs	4
or ANTH 3410	Ethnographic Field Experience	
Global Markets		
ANTH 2305	Global Markets and Local Culture	4
Capstone		
ANTH 4600	Senior Seminar	4
or INTL 4700	Senior Capstone Seminar in International Affairs	

Students taking Senior Seminar (ANTH 4600) must complete either a one-semester senior project, which they would do in the context of ANTH 4600, or a two-semester senior thesis, which would require them to also enroll in a fall-semester directed study.

Anthropology Major Grade Requirement

A GPA of 2.000 for major courses is required.

International Affairs and Anthropology Combined-Major Credit Requirement

Complete 76 semester hours in the major.

Program Requirement

128 total semester hours required

Media and Screen Studies and Sociology, BA

The Media and Screen Studies Program and the Department of Sociology and Anthropology offer a combined major in media and screen studies and sociology. The combined major integrates the analysis, research, and production of traditional and emerging media along with the critical perspective needed for studying the social and cultural arrangements in which people live, for understanding how societies function, for investigating the conditions under which people change their institutions, and for describing the modes and conditions of cooperation that make social life possible.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

NUpath requirements Interpreting Culture (IC), Societies and Institutions (SI), and Difference and Diversity (DD) are met through the major course requirements.

NUpath requirements Creative Expression/Innovation (EI), Analyzing and Using Data (AD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

Media and Screen Studies Requirements

Code	Title	Hours
Media and Screen Studies Common Requirements		
MSCR 1220	Media, Culture, and Society	4
MSCR 1320	Media and Social Change	4
or MSCR 1420	Media History	
Foundation Course		
Complete one of the following:		4
MSCR 1230	Introduction to Film Production	
MSCR 2220	Understanding Media	
Diversity or Globalization Course		
Complete one of the following:		4
MSCR 3392	Gender and Film	
MSCR 2325	Global Media	
MSCR 2505	Digital Feminisms	
MSCR 3437	Media and Identity	
Writing-Intensive		
Complete two of the following:		8
MSCR 2505	Digital Feminisms	
MSCR 3600	Film Theory	
MSCR 3420	Digital Media Culture	
MSCR 3422	Media Audiences	
MSCR 4208	TV History	

Media and Screen Studies Electives

Code	Title	Hours
Complete three courses from MSCR or from the following:		12
ARTD 2380	Video Basics	
ARTD 3480	Video: Sound and Image	
ARTD 3485	Experimental Video	
COMM 1450	Sound Production for Digital Media	
COMM 2550	Television Field Production	
COMM 2655	Television Studio Production	
COMM 3655	Digital Editing for TV	
COMM 3750	Special Effects and Postproduction for Television

Sociology Major Grade Requirement

A GPA of 2.000 for major courses is required.

Sociology and Environmental Studies Combined-Major Credit Requirement

Complete 81 semester hours in the major.

Program Requirements

128 total semester hours required

Sociology and International Affairs, BA

Through this combined major, successful undergraduates develop an awareness of societies within their international, transnational, and global contexts since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; and state-society relations (democracy, authoritarianism, social justice and inequalities, citizenship).

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Sociology Requirements

Code	Title	Hours

Sociology and Political Science, BA

The combined major in sociology and political science offers students the opportunity to integrate the study of politics and government with an analysis of social systems. Students complete core courses in political science along with core courses in sociology that include social theory and an introduction to social systems. This combined major highlights the important intersection between social norms and organizations with the evolution of politics and government.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

BA Language Requirements

All BA students are required to complete the BA language requirements (p. 45).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Sociology Requirements

Code	Title	Hours
Sociology Required Courses		
SOCL 1101	Introduction to Sociology	4
SOCL 2300	Social Theory	4
Sociology Introductory Electives		
Complete two courses in the following range:		8
SOCL 1200 to SOCL 1999		
Sociology Intermediate Elective		
Complete one course in the following range:		4
SOCL 2000 to SOCL 3999		
Sociology Advanced Elective		
Complete one course in the following range:		4
SOCL 4000 to SOCL 5999		
Statistics and Methods		
Complete one of the following sets:		8
SOCL 2320 and SOCL 2321	Statistical Analysis in Sociology and Research Methods in Sociology	
POLS 2400 and POLS 2399	Quantitative Techniques and Research Methods in Political Science	

Political Science Requirements

Code	Title	Hours

POLS 3425	U.S. Foreign Policy	

Sociology, BS

Sociology is the scientific study of society. It begins with the premise that individuals are affected by the social structures, institutions, and cultural milieus surrounding them. Sociology provides students with the conceptual tools to understand how various features of society affect its members as well as how people create and maintain those same features.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Sociology Major Requirements

Code	Title	Hours
Required Sociology		
SOCL 1101	Introduction to Sociology	4
SOCL 2300	Social Theory	4

Computer Science and Sociology, BS

The social aspects to computing continue to grow, primarily with respect to communication and the internet. The computer science and sociology combined major examines this significant impact on society and how people communicate and share culture. Students will have an opportunity to gain a solid programming foundation, as well as the practical and theoretical skills needed to address the complex social and cultural issues in a period of far-reaching social change.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	Leadership Skill Development	1
CS 1210	Professional Development for Khoury Co-op	1

Computer Science Fundamental Courses

A grade of C– or higher is required in all computer science fundamental courses except CS 1802:

CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

Computer Science Required Courses

CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
IS 2000	Principles of Information Science	4

Computer Science Writing-Intensive Requirement

Complete one of the following: 4

CS 4500	Software Development	
IS 3500	Information System Design and Development	
DS 4200	Information Presentation and Visualization (Take DS 3000 either as a prerequisite of or concurrently with DS 4200.)	

Presentation Requirement

THTR 1170	The Eloquent Presenter	1
-----------	------------------------	---

Khoury Elective Courses

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete 12 credits of upper-division CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges: 12

CS 2500 or higher, except CS 5010	
CY 2000 or higher, except CY 4930	
DS 2000 or higher, except DS 4900	
IS 2000 or higher, except IS 4900

Complete one of the following: 4		
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 3485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	
ANTH 3418	Wired/Unwired: Cybercultures and Technopolitics	

Computer Science Writing Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	

Advanced Writing in the Disciplines

Complete one of the following: 4		
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3308	Advanced Writing in the Social Sciences	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 32 credits of general electives.		32

Khoury College GPA Requirements

Minimum 2.000 GPA required in all CS, CY, DS and IS courses

Sociology GPA Requirements

2.000 average GPA requirement across all sociology classes

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing-Intensive in the Major
- Writing in the First Year
- Advanced Writing in the Disciplines
- Interpreting Culture
- Understanding Societies and Institutions
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

Criminal Justice and Sociology, BS

This combined major educates students in criminal justice and sociology and in the interface between the two disciplines. The scope and sequence of sociology courses provide students with a foundation in social theory and social systems. Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. Students successfully completing this program should be able to understand the ways that crime and the justice system are situated in larger social systems and structures.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Criminal Justice Requirements

Health Science and Sociology, BS

The combined Bachelor of Science in Health Science and Sociology integrates social scientific perspectives to the study of health, illness, and healthcare. Students explore basic sociological concepts relevant for the study of health and healthcare, such as social construction and medicalization. Students explore why, for instance, despite having the most expensive healthcare system, the United States ranks comparatively low in life expectancy and health and well-being outcomes. Provides students with an opportunity to explore the ways that societal factors such as race, class, and gender interplay with health, healthcare, and health disparities.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 42).

Cultural Anthropology, BS

Anthropology is the holistic, cross-cultural study of humanity that explores the multiple ways humans live and create meaning in the world. The anthropology major at Northeastern exposes students to diverse cultural perspectives from past and present societies; fosters student engagement with key contemporary issues such as global inequality, development, urbanization, and cultural change; and provides greater appreciation for the complexities of the world in which they live.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Cultural Anthropology Major Requirements

Code	Title	Hours
Cultural Anthropology		
SOCL 1101	Introduction to Sociology	4
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
ANTH 3421	Foundations of Anthropological Theory	4
ANTH 3410	Ethnographic Field Experience	4
ANTH 4600	Senior Seminar	4

Advanced Area Courses

Complete two of the following. Additional courses taken in this section may be used as electives. 8

ANTH 4350	Ethnography of Southeast Asia	
ANTH 4500	Latin American Society and Development	
ANTH 4505	Native North Americans	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	

Anthropology Electives

Complete eight ANTH courses. Two study-abroad courses may count toward this requirement with prior permission from the department. 32

Social Science Electives

Complete three social science courses from the following subject areas. Social science electives may not include music or art: AFRS, AFAM, CRIM, ECON, HUSV, HIST, INTL, LING, LPSC, POLS, PSYC, or SOCL. 12

¹ Students must choose between a one-semester senior project, which they would complete in the context of Senior Seminar (ANTH 4600), or a two-semester senior thesis, which would require them to also enroll in a fall-semester directed study.

Cultural Anthropology Major Grade Requirement

A cumulative GPA of 2.000 for all major courses is required.

Cultural Anthropology Major Credit Requirement

Complete 76 semester hours in the major.

Program Requirement

128 total semester hours required

Sociology and Cultural Anthropology, BS

The sociology/anthropology department at Northeastern University offers a combined major in sociology and anthropology. Students learn the disciplinary histories, practices, and methods of sociology and sociocultural anthropology, identify foundational and contemporary debates within and across these two disciplines, and evaluate their contributions to our understanding of local and global societies and cultures. The combined major offers students various opportunities for community engagement, experiential learning, and for gaining research skills using quantitative and qualitative methods.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Human Services and Sociology, BS

Students pursuing a combined degree in human services and sociology will integrate the theoretical understandings of these two fields to better understand organizational and group behavior and their implications for individuals and communities utilizing human services. The human services major prepares students for careers in social change by providing students with the theoretical and skill-based background necessary for practice and research. The sociology major prepares students to rigorously analyze the social, political, and economic spheres of society at the local and global levels. Students will develop a holistic understanding of preventative and reactive responses to social inequality and an understanding of how to impact change at the individual and structural levels. The combined major provides students with the conceptual and practical tools to understand how various features of society affect its members as well as how people create social change.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Linguistics and Cultural Anthropology, BS

The combined major in linguistics and cultural anthropology focuses on the relationship of culture to the institutions, interpersonal relations, and practices that make up their social structure while emphasizing the structure of human language and its involvement in social interaction and culture. Students examine how language both reflects and influences cultural phenomena and how it can be used as a tool to study those phenomena; and they apply their interests across a range of connected courses, co-op opportunities, and potential research projects.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Linguistics Major Language Requirement

Complete two courses in the same language with a grade of C or higher. Proficiency at elementary level 2 or higher is required.

Linguistics Requirements

Note: A grade of C or higher is required for all courses in this section.

Mathematics and Cultural Anthropology, BS

In the BS combined mathematics and cultural anthropology degree program, anthropology and mathematics courses lay the groundwork for strong basic training that is designed to train the student to use mathematical models and methodologies for the study of problems in cultural anthropology.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

University-Wide Requirements

All undergraduate students are required to complete the University-Wide Requirements (p. 46).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 42).

Experiential Liberal Arts

All undergraduate students in the College of Social Sciences and Humanities are required to complete the Experiential Liberal Arts Requirement (p. 702).

Mathematics Requirements

Code	Title	Hours
Problem Solving		
MATH 1365	Introduction to Mathematical Reasoning	4
Calculus		
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
Intermediate and Advanced Mathematics		
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
MATH 2331	Linear Algebra	4
MATH 3081	Probability and Statistics	4

Math Electives

Complete two courses in the following range that are not required in the requirements above: 8

MATH 3001 to MATH 5999

Anthropology Requirements

Code	Title	Hours
------	-------	-------

Anthropology Required Courses

ANTH 1101	Peoples and Cultures	4
ANTH 3410	Ethnographic Field Experience	4
ANTH 3421	Foundations of Anthropological Theory	4
ANTH 2305	Global Markets and Local Culture	4

Anthropology Area Courses

Complete two of the following. Additional area courses may count as anthropology electives: 8

ANTH 4350	Ethnography of Southeast Asia	
ANTH 4500	Latin American Society and Development	
ANTH 4505	Native North Americans	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	

Anthropology Electives

Complete three 4-semester-hour courses in addition to the requirements stated above. One study-abroad course may count toward this requirement with prior permission from the department. 12

ANTH 2000 to ANTH 4990

Capstone Requirement

ANTH 4600	Senior Seminar	4

Sociology, Minor

The sociology minor at Northeastern helps students to understand how to apply empirical evidence to address a wide range of social problems. Sociology minors can take courses in quantitative and qualitative research methods and theoretical and empirical reasoning. Elective courses draw on our faculty's expertise in violence, family life, health and illness, the environment, technology, gender and sexuality, occupations and professions, social movements, the law, and social inequality. This minor can complement a wide range of majors throughout the university, providing students with a range of skills to better understand their place in complex social environments.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Introduction to Sociology

Code	Title	Hours
SOCL 1101	Introduction to Sociology	4

Research Methods

An intermediate- or advanced-level SOCL elective may be substituted for Research Methods in Sociology (SOCL 2321) with departmental approval.

Code	Title	Hours
SOCL 2300	Social Theory	4
or SOCL 2321	Research Methods in Sociology	

Introductory-Level Required Electives

Code	Title	Hours
Complete two courses in the following range:		8
SOCL 1100 to SOCL 1299		

Intermediate-/Advanced-Level Required Elective

Code	Title	Hours
Complete one course in the following range:		4
SOCL 3400 to SOCL 4599		

GPA Requirement

2.000 GPA required in the minor

Cultural Anthropology, Minor

The cultural anthropology minor at Northeastern focuses on the study of culture as it is located in issues of race, ethnicity, class, gender, history, and globalization. Students develop proficiencies in widely applicable skills and frameworks, such as cultural relativism, comparative analysis, cross-cultural communication, research design, and ethnographic field research. Students have the opportunity to work with faculty members with regional expertise in Latin America, Europe, Asia, Africa, and North America and who teach courses on contemporary issues such as globalization, digital technologies, consumerism, sports, gender and

sexuality, tourism, and social movements. This minor can complement a wide range of majors throughout the university, providing students with regional expertise and a depth of cultural understanding.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
ANTH 1101	Peoples and Cultures	4
ANTH 3421	Foundations of Anthropological Theory	4
or ANTH 3410	Ethnographic Field Experience	

Advanced Area Courses

Code	Title	Hours
Complete one of the following:		4
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4500	Latin American Society and Development	
ANTH 4505	Native North Americans	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	

Anthropology Electives

Code	Title	Hours
Complete two ANTH courses.		8

GPA Requirement

2.000 GPA required in the minor

Accelerated Bachelor/Graduate Degree Programs

Northeastern University offers a number of PlusOne bachelor's/master's degree programs that allow students to accelerate the completion of the bachelor's degree by applying graduate credits taken as an undergraduate toward both the undergraduate and graduate degrees. Generally, both degrees may be earned in one more year than is required for completion of the bachelor's degree. See additional information on PlusOne Bachelor's/Master's programs (<http://www.northeastern.edu/plusone/>).

While a number of PlusOne bachelor's/master's degree programs have been predefined, students may propose to combine other CSSH undergraduate and graduate programs. For more information on the formal process of proposing student-initiated PlusOne programs, please visit the CSSH graduate programs website (<https://www.northeastern.edu/cssh/graduate/programs/plusone-programs/>).

Students from the College of Social Sciences and Humanities who meet the criteria for admission can apply to the Northeastern University School of Law 3+3 program. Students who are admitted to the 3+3 program can begin taking their first year of law school courses in their final year of undergraduate study and count those courses toward completion of the undergraduate degree. Further information is available on the 3+3 website (<http://www.northeastern.edu/threeplusthree/>).

Christopher Bolick

Assistant Academic Specialist, College of Professional Studies; Western Carolina University, MS

Tamara Bonaci

Lecturer, Computer Sciences; University of Washington, PhD

Andrea Bonezzi

Assistant Professor, Marketing; Northwestern University, PhD

Lorraine A. Book

Assistant Clinical Professor, Communication Sciences and Disorders; Florida State University, PhD

Raymond G. Booth

Professor, Pharmaceutical Sciences and Chemistry and Chemical Biology; University of California, San Francisco, PhD

Monica Borgida

Assistant Teaching Professor, College of Professional Studies; University of Pisa and Bologna (Italy), PhD

Michelle Borkin

Assistant Professor, Computer Sciences; Harvard University, PhD

Natalie Bormann

Teaching Professor, Political Science; University of Newcastle upon Tyne (United Kingdom), PhD

Jeffery A. Born

Professor, Finance; University of North Carolina, Chapel Hill, PhD

Christopher Bosso

Professor, Public Policy and Urban Affairs; University of Pittsburgh, PhD

Ekaterina Botchkovar

Associate Professor, Criminology and Criminal Justice; North Carolina State University, PhD

Kevin Boudreau

Associate Professor, Entrepreneurship and Innovation; Massachusetts Institute of Technology, PhD

Alma Bournazian

Associate Academic Specialist, American Sign Language; Western Maryland College, MS

Stacey Bourns

Professor, World Languages Center; University of Texas, Austin, PhD

Carla Bouwmeester

Associate Clinical Professor, Pharmacy and Health Systems Sciences; Massachusetts College of Pharmacy, PharmD

Jennifer L. Bowen

Associate Professor, Marine and Environmental Sciences; Boston University, PhD

James Boyer

Assistant Academic Specialist, Accounting; Northeastern University, MBA

Nicole M. Boyson

Professor, Finance; Ohio State University, PhD

Anthony Braga

Distinguished Professor, Criminology and Criminal Justice; Rutgers University, PhD

Steven Braun

Visiting Assistant Professor, Art + Design; Yale University, MS

Maxim Braverman

Professor, Mathematics; Tel Aviv University (Israel), PhD

Heather C. Brenhouse

Associate Professor, Psychology; Northeastern University, PhD

Becky A. Briesacher

Associate Professor, Pharmacy and Health Systems Sciences; University of Maryland, Baltimore, PhD

Amy M. Briesch

Associate Professor, Applied Psychology; University of Connecticut, PhD

Elizabeth Britt

Associate Professor, English; Rensselaer Polytechnic Institute, PhD

Kevin Broadbelt

Associate Teaching Professor, Biotechnology; City University of New York, PhD

Mary E. Bronski

Assistant Clinical Professor, Nursing; Northeastern University, PhD

Oscar Brookins

Associate Professor, Economics; State University of New York, Buffalo, PhD

Dana H. Brooks

Research Professor, Electrical and Computer Engineering; Northeastern University, PhD

Cammy Brothers

Associate Professor, Architecture and Art + Design; Harvard University, PhD

Colin Brown

Assistant Teaching Professor, Political Science; Harvard University, PhD

Nicholas Brown

Assistant Teaching Professor, Graduate School of Engineering; University of California, Los Angeles, PhD

Nicholas Brown

Associate Teaching Professor, Architecture and History; University of Illinois, Urbana-Champaign, PhD

Philip M. Brown

University Distinguished Professor, Sociology and Anthropology and Health Sciences; Brandeis University, PhD

Timothy Brown

Professor, History; University of California, Berkeley, PhD

Todd A. Brown

Clinical Instructor, Pharmacy and Health Systems Sciences; Northeastern University, MHP

Maria Brucato

Assistant Teaching Professor, World Languages Center; University of Texas, PhD

Rodney Brunson

Thomas P. O'Neill Jr. Chair of Public Life, Criminology and Criminal Justice and Political Science; University of Illinois, Chicago, PhD

Elizabeth Bucar

Associate Professor, Philosophy and Religion; University of Chicago, PhD

David E. Budil

Associate Professor, Chemistry and Chemical Biology; University of Chicago, PhD

Jamie G. Bunce

Assistant Teaching Professor, Behavioral Neuroscience; University of Connecticut, PhD

Lucy Bunning

Assistant Teaching Professor, College of Professional Studies; Lesley University, PhD

Jeffrey Burds

Associate Professor, History; Yale University, PhD

Cheryl A. Burke

Assistant Clinical Professor, Nursing; Massachusetts General Hospital Institute of Health Professions, PhD

Lynn H. Burke

Senior Cooperative Education Coordinator, College of Arts, Media and Design; University of Massachusetts, Amherst, MEd

Jose Buscaglia

Professor, Cultures, Societies, and Global Studies; University of Buffalo, PhD

Jeremy Bushnell

Associate Teaching Professor, Writing Program; University of Arizona, Tucson, MFA

Ahmed A. Busnaina

University Distinguished Professor, William Lincoln Smith Professor of Mechanical Engineering, Mechanical and Industrial Engineering; Oklahoma State University, PhD

Bobette Buster

Professor of the Practice, Journalism; Northwestern University, MFA

Michael Butera

Clinical Instructor, Nursing; Northeastern University, MS

Qinghong Cai

Assistant Teaching Professor, World Languages Center; University of Kansas, MS

Victoria Cain

Assistant Professor, History; Columbia University, PhD

Paula Caligiuri

Distinguished Professor of Global Leadership, International Business and Strategy; Pennsylvania State University, PhD

Lisa M. Campagnoni

Associate Cooperative Education Coordinator, College of Science; Northeastern University, MA

Octavia Camps

Professor, Electrical and Computer Engineering; University of Washington, PhD

Yanet Canavan

Associate Academic Specialist, World Languages Center; Salem State College, MA

Kristopher Cannon

Associate Teaching Professor, Media and Screen Studies; Georgia State University, PhD

Mira Cantor

Professor, Art + Design; University of Illinois, Urbana-Champaign, MFA

Luca Caracoglia

Associate Professor, Civil and Environmental Engineering; University of Trieste (Italy), PhD

Benjamin Caras

Lecturer, Art + Design; University of Massachusetts, Amherst, MFA

Peter Cardillo

Assistant Cooperative Education Coordinator, Graduate School of Engineering; Boston College, MS

Alexa A. Carlson

Associate Clinical Professor, Pharmacy and Health Systems Sciences; Butler University, PharmD

Mary Carney

Associate Cooperative Education Coordinator, Bouvé College of Health Sciences; Boston College, MSN

Heather Carpenter-Oliveira

Associate Cooperative Education Coordinator, College of Engineering; Northeastern University, MS

Jonathan Carr

Associate Teaching Professor, Theatre; Columbia University, MFA

Michelle Carr

Senior Lecturer, Communication Studies; Kingston University (United Kingdom), MA

Sara Carr

Assistant Professor, Architecture; University of California, Berkeley, PhD

Rebecca L. Carrier

Professor, Chemical Engineering; Massachusetts Institute of Technology, PhD

Matthew Carroll

Professor of the Practice, Journalism; Northeastern University, BS

Patricia Case

Assistant Teaching Professor, Health Sciences; Harvard University, PhD

Bonnie Jo Casey

Assistant Clinical Professor, Physician Assistant Program; University of New England, MS

Cristian Cassella

Assistant Professor, Electrical and Computer Engineering; Carnegie Mellon University, PhD

N. Fadeke Castor

Assistant Professor, Philosophy and Religion and African and African-American Studies; University of Chicago, PhD

Smajl Cenjic

Assistant Cooperative Education Coordinator, Khoury College of Computer Sciences; Cambridge College, MA

Jana Cephas

Assistant Professor, Architecture; Harvard University, PhD

Robert J. Cersosimo

Associate Professor, Pharmacy and Health Systems Sciences; University of Utah, PharmD

Christopher Cesario

Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

Yunrong Chai

Associate Professor, Biology; Cornell University, PhD

Paul M. Champion

Professor, Physics; University of Illinois, Urbana-Champaign, PhD

Chee Chan

Associate Academic Specialist, Marketing; Michigan State University, PhD

Katherine Chan

Assistant Teaching Professor, Music; University of Minnesota, PhD

Chiu Chang

Associate Teaching Professor, Marketing; Indiana University, PhD

Hsiang Chang

Zelevinsky Research Instructor, Mathematics; Northwestern University, PhD

Changyan Chen

Research Professor, Center for Drug Discovery; Columbia University, PhD

Qin Chen

Professor, Civil and Environmental Engineering and Marine and Environmental Sciences; Old Dominion University, PhD

Yi-Da Chen

Assistant Professor, Supply Chain and Information Management; University of Arizona, PhD

Esther Chewning

Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; Suffolk University, MS

Cherese Childers-McKee

Assistant Teaching Professor, College of Professional Studies; University of North Carolina, Greensboro, PhD

Elizabeth A. Chilvers

Associate Professor, Cooperative Education, D'Amore-McKim School of Business; Northeastern University, MEd

W. Paul Chiou

Assistant Teaching Professor, Finance; Rutgers University, PhD

David R. Choffnes

Assistant Professor, Computer Sciences; Northwestern University, PhD

Sunho Choi

Assistant Professor, Chemical Engineering; University of Minnesota, PhD

Chun-An Chou

Assistant Professor, Mechanical and Industrial Engineering; Rutgers University, PhD

Kaushik Roy Chowdhury

Associate Professor, Electrical and Computer Engineering; University of Cincinnati, MS

Ken Y. Chung

Assistant Teaching Professor, Chemistry and Chemical Biology; Michigan State University, PhD

Myojung Chung

Assistant Professor, Journalism; Syracuse University, PhD

Samuel Chung

Assistant Professor, Bioengineering; Harvard University, PhD

Hillary Chute

Distinguished Professor, English and Art + Design; Rutgers University, PhD

Dawn M. Cisewski

Associate Teaching Professor, Psychology; Indiana University of Pennsylvania, PsyD

Paolo Ciuccarelli

Professor, Art + Design; Politecnico de Milano (Italy), MArch

Bruce H. Clark

Associate Professor, Marketing; Stanford University, PhD

Edmund L. Clark

Associate Academic Specialist, Entrepreneurship and Innovation; Clark University, MBA

Heather Clark

Professor, Bioengineering and Chemistry and Chemical Biology; University of Michigan, PhD

Stephen B. Clark

Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

Alan Clayton-Matthews

Associate Professor, Public Policy and Urban Affairs and Economics; Boston College, PhD

Sandra S. Cleveland

Associate Clinical Professor, Communication Sciences and Disorders; Pennsylvania College of Optometry, AuD

William D. Clinger

Associate Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

Paul Closas

Assistant Professor, Electrical and Computer Engineering; Universitat Politècnica de Catalunya (Spain), PhD

Emily Clough

Assistant Professor, Political Science and International Affairs; Harvard University, PhD

John D. Coley

Associate Professor, Psychology; University of Michigan, PhD

Greg Collier

Professor of the Practice, Entrepreneurship and Innovation; Eastern Michigan University, MBA

Randall C. Colvin

Associate Professor, Psychology; University of Illinois, Urbana-Champaign, PhD

Sally Conant

Assistant Cooperative Education Coordinator, College of Engineering; Salve Regina University, MA

Michael Conley

Assistant Clinical Professor, Pharmacy and Health Systems Sciences; Northeastern University, PharmD

Richard Conley

Associate Cooperative Education Coordinator, College of Social Sciences and Humanities; Boston University, JD

Kelly Conn

Associate Teaching Professor, College of Professional Studies; Boston University, PhD

Adam I. Cooper

Associate Teaching Professor, Linguistics; Cornell University, PhD

Seth Cooper

Assistant Professor, Computer Sciences; University of Washington, PhD

Gene D. Cooperman

Professor, Computer Sciences; Brown University, PhD

Ryan Cordell

Associate Professor, English; University of Virginia, PhD

Marie B. Corkery

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

Patricia Corrigan

Assistant Cooperative Education Coordinator, College of Science; Suffolk University, MA

Felipe Cortes

Assistant Professor, Finance; Washington University, St. Louis, PhD

Ahmet Coskun

Associate Teaching Professor, Mechanical and Industrial Engineering; Middle East Technical University (Turkey), PhD

Xavier Costa

Professor, Architecture; University of Pennsylvania, PhD

Hugh G. Courtney

Professor, International Business and Strategy; Massachusetts Institute of Technology, PhD

Arthur J. Coury

University Distinguished Professor, Chemical Engineering; University of Minnesota, PhD

Erin J. Cram

Professor, Biology; University of California, Berkeley, PhD

Frederick Crane

Senior Academic Specialist, Entrepreneurship and Innovation; Bradford University, PhD

Justin D. Crane

Assistant Professor, Biology; McMaster University (Canada), PhD

Fiona Creed

Associate Teaching Professor, College of Professional Studies; University College, Cork (United Kingdom), PhD

William F. Crittenden

Professor, International Business and Strategy; University of Arkansas, PhD

Maia Cross

Associate Professor, Political Science and International Affairs; Princeton University, PhD

Robert Cross

Assistant Teaching Professor, History; Princeton University, PhD

Pedro Miguel Cruz

Assistant Professor, Art + Design; Universidade de Coimbra (Portugal), PhD

Daniel Cuenca

Assistant Academic Specialist, World Languages Center; Boston College, MA

Alvaro Cuervo-Cazurra

Professor and Lloyd Mullen Research Fellow, International Business and Strategy; Massachusetts Institute of Technology, PhD

Carlos Cuevas

Associate Professor, Criminology and Criminal Justice; Alliant International University, PhD

Meng Cui

Research Associate Professor, Pharmaceutical Sciences; Jilin University (China), PhD

Thomas P. Cullinane

Professor, Mechanical and Industrial Engineering; Virginia Polytechnic Institute and State University, PhD

Derek Curry

Assistant Professor, Art + Design; University of California, Los Angeles, MFA

Mary Ellen Cushman

Professor, English; Rensselaer Polytechnic Institute, PhD

Kamran Dadkhah

Associate Professor, Economics; Indiana University, PhD

Guohao Dai

Associate Professor, Bioengineering; Massachusetts Institute of Technology, PhD

Elise J. Dallimore

Associate Professor, Communication Studies; University of Washington, PhD

James Dana Jr.

Professor, Economics and International Business and Strategy; Massachusetts Institute of Technology, PhD

Luis Dau

Associate Professor and Robert and Denise DiCenso Endowed Professor, International Business and Strategy; University of South Carolina, PhD

Juliet Davidow

Assistant Professor, Psychology; Columbia University, PhD

Duncan Davis

Assistant Teaching Professor, Engineering; North Carolina State University, PhD

Frederick C. Davis

Professor, Biology; University of Texas, Austin, PhD

Nicole Davis

Assistant Clinical Professor, Applied Psychology; Simmons College, MS

Patricia Davis

Associate Professor, Communication Studies; University of California, San Diego, PhD

Theo Davis

Professor, English; Johns Hopkins University, PhD

Leslie Day

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, PhD

Anthony P. De Ritis

Professor, Music; University of California, Berkeley, PhD

Michael Dean

Assistant Teaching Professor, College of Professional Studies; Columbia University, PhD

Adenekan (Nick) Dedeke

Lecturer, Supply Chain and Information Management; Technische Universität Kaiserslautern (Germany), PhD

Melissa DeGrandis

Assistant Cooperative Education Coordinator, College of Engineering; Ball State University, MA

Mohammad Dehghanimohammadabadi

Assistant Teaching Professor, Mechanical and Industrial Engineering; Western New England University, PhD

Amy Delaney

Visiting Clinical Instructor, Nursing; Catholic University of America, MS

Candice Delmas

Assistant Professor, Philosophy and Religion and Political Science; Boston University, PhD

Emrecan Demirors

Research Assistant Professor, Electrical and Computer Engineering; Northeastern University, PhD

John Dencker

Professor, Management and Organizational Development; Harvard University, PhD

Jack Dennerlein

Professor, Physical Therapy, Movement, and Rehabilitation Sciences; University of California, PhD

Megan Denver

Assistant Professor, Criminology and Criminal Justice; University at Albany, PhD

Joseph DePasquale

Associate Teaching Professor, Chemistry and Chemical Biology; Drexel University, PhD

Jacob Depue

Assistant Teaching Professor, Communication Studies; University of Minnesota, PhD

Leila F. Deravi

Assistant Professor, Chemistry and Chemical Biology; Vanderbilt University, PhD

Nate Derbinsky

Associate Teaching Professor, Computer Sciences; University of Michigan, Ann Arbor, PhD

Nishil Desai

Associate Teaching Professor, Pharmaceutical Sciences; Mercer University, PhD

Marco Deseriis

Associate Professor, Media and Screen Studies; New York University, PhD

Peter J. Desnoyers

Associate Professor, Computer Sciences; University of Massachusetts, Amherst, PhD

David A. DeSteno

Professor, Psychology; Yale University, PhD

H. William Detrich

Professor, Marine and Environmental Sciences; Yale University, PhD

Darin Detwiler

Assistant Teaching Professor, College of Professional Studies; Northeastern University, PhD

John W. Devlin

Professor, Pharmacy and Health Systems Sciences; University of Toronto (Canada), PharmD

James Dew

Visiting Lecturer, Economics; Texas AM University, PhD

Janet Dewan

Assistant Clinical Professor, Nursing; Northeastern University, PhD

Alessandra Di Credico

Assistant Teaching Professor, Physics; University of Rome (Italy), PhD

Panagoula Diamanti-Karanou

Assistant Teaching Professor, Political Science and International Affairs; Northeastern University, PhD

Jacqueline Diani

Senior Cooperative Education Coordinator, Bouvé College of Health Sciences; University of Virginia, MEd

Martin Dias

Associate Teaching Professor, Supply Chain and Information Management; Bentley University, PhD

Amy DiBattista

Assistant Teaching Professor, Psychology; Northeastern University, PhD

William Dickens

Professor, Economics and Public Policy and Urban Affairs; Massachusetts Institute of Technology, PhD

Elizabeth Dillon

Professor, English; University of California, Berkeley, PhD

Charles DiMarzio

Associate Professor, Electrical and Computer Engineering; Northeastern University, PhD

Aidong A. Ding

Associate Professor, Mathematics; Cornell University, PhD

Kathleen C. Dioli

Associate Cooperative Education Coordinator, Chemistry and Chemical Biology; Bowling Green State University, MA

Brandon Dionne

Assistant Clinical Professor, Pharmacy and Health Systems Sciences; University of New England, PharmD

Daniel L. Distel

Research Professor, Marine and Environmental Sciences; University of California, San Diego, PhD

Margarita V. DiVall

Clinical Professor, Pharmacy and Health Systems Sciences; Northeastern University, PharmD

Mary Kate Dodgson

Assistant Professor, Accounting; University of Massachusetts, Amherst, PhD

Lisa Cantwell Doherty

Associate Cooperative Education Coordinator, College of Social Sciences and Humanities; Northeastern University, MA

Silvia Dominguez

Associate Professor, Sociology and Anthropology; Boston University, PhD

Jason Donati

Visiting Associate Teaching Professor, Art + Design; Rochester Institute of Technology, MFA

Hua Dong

Senior Academic Specialist, World Languages Center; Emerson College, MA

Pamela Donlan

Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, PhD

Larisa Doroshenko

Postdoctoral Teaching Associate, Communication Studies; University of Wisconsin, Madison, PhD

Brenda Douglas

Associate Clinical Professor, Nursing; Northeastern University, DNP

Daniel C. Douglass

Assistant Teaching Professor, Marine and Environmental Sciences; University of Wisconsin, PhD

Mark Douglass

Associate Clinical Professor, Pharmacy and Health Systems Sciences; University of Michigan, PharmD

Kevin Drakulich

Associate Professor, Criminology and Criminal Justice; University of Washington, PhD

Andrea Dropkin

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Bentley University, MBA

Laura Dudley

Assistant Clinical Professor, Applied Psychology; Northeastern University, PhD

Lisa Duffy

Assistant Professor, Nursing; Boston College, DNP

Tara Duffy

Assistant Teaching Professor, Marine and Environmental Sciences; Stony Brook University, PhD

Molly Dugan

Assistant Teaching Professor, College of Professional Studies; Boston College, PhD

Michael Dukakis

Distinguished Professor, Political Science; Harvard University, JD

Daniel M. Dulaski

Teaching Professor, Civil and Environmental Engineering; University of Massachusetts, Amherst, PhD

Catherine Dunand

Assistant Academic Specialist, World Languages Center; Boston University, MA

Jill Dupree

Assistant Teaching Professor, Economics; University of Colorado, Boulder, PhD

Joanne Dupuis

Assistant Clinical Professor, Nursing; Massachusetts School of Law, PhD

Kathleen Durant

Assistant Teaching Professor, Computer Sciences; Harvard University, PhD

Jennifer G. Dy

Professor, Electrical and Computer Engineering; Purdue University, PhD

Eno Ebong

Assistant Professor, Chemical Engineering; Rensselaer Polytechnic Institute, PhD

Stephanie Eby

Assistant Teaching Professor, Marine and Environmental Sciences; Syracuse University, PhD

Rajagopal Echambadi

Professor, Entrepreneurship and Innovation; University of Houston, PhD

Matthew Eckelman

Associate Professor, Civil and Environmental Engineering; Yale University, PhD

Kimberly Eddleston

Professor and Daniel and Dorothy Grady Faculty Fellow, Entrepreneurship and Innovation; University of Connecticut, PhD

Scott Edmiston

Professor of the Practice, Theatre; Boston University, MFA

Laurie Edwards

Associate Teaching Professor, Writing Program; Emerson College, MFA

Jessica Edwards George

Associate Clinical Professor, Applied Psychology; Northeastern University, PhD

Christopher L. Egan

Assistant Cooperative Education Coordinator, College of Science; Boston University, MA

Robert C. Eidson

Assistant Teaching Professor, Psychology; Northeastern University, PhD

Stanley J. Eigen

Professor, Mathematics; McGill University (Canada), PhD

Adam Ekenseair

Assistant Professor, Chemical Engineering; University of Texas, Austin, PhD

Dina El-Zanfaly

Visiting Assistant Teaching Professor, Art + Design; Massachusetts Institute of Technology, PhD

Ehsan Elhamifar

Assistant Professor, Computer Sciences; Johns Hopkins University, PhD

Tina Eliassi-Rad

Associate Professor, Computer Sciences; University of Wisconsin, Madison, PhD

B. Parker Ellen

Assistant Professor, Management and Organizational Development; Florida State University, PhD

Ryan Ellis

Assistant Professor, Communication Studies; University of California, San Diego, PhD

Constance Emerson

Assistant Academic Specialist, College of Professional Studies; Purdue University, West Lafayette, MS

John R. Engen

Distinguished Professor, Chemistry and Chemical Biology and Barnett Institute; University of Nebraska, Lincoln, PhD

Christen Enos

Associate Teaching Professor, Writing Program; Emerson College, MFA

Slava S. Epstein

Professor, Biology; Moscow State University (Russia), PhD

Randall Erb

Assistant Professor, Mechanical and Industrial Engineering; Duke University, PhD

Deniz Erdogmus

Professor, Electrical and Computer Engineering; University of Florida, PhD

Ozlem Ergun

Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

Cuneyt Eroglu

Associate Professor, Supply Chain and Information Management; Ohio State University, PhD

Bilge Erten

Assistant Professor, International Affairs and Economics; University of Massachusetts, Amherst, PhD

Rhea T. Eskew

Professor, Psychology; Georgia Institute of Technology, PhD

Jonathan Esole

Assistant Professor, Mathematics; Leiden University (Netherlands), PhD

Abigail Evans

Lecturer, Computer Sciences; University of Washington, PhD

Sara Ewell

Teaching Professor, College of Professional Studies; University of North Carolina, Chapel Hill, PhD

William Ewell

Associate Teaching Professor, College of Professional Studies; University of North Carolina, Chapel Hill, PhD

Daniel Faber

Professor, Sociology and Anthropology; University of California, Santa Cruz, PhD

Mary Lynn Fahey

Clinical Instructor, Nursing; Simmons College, MS

Olubunmi Faleye

Professor and Donald F. Harding Professor of Finance and Insurance, Finance; University of Alberta (Canada), PhD

Don Fallis

Professor, Philosophy and Religion and Computer Sciences; University of California, Irvine, PhD

Hui Fang

Assistant Professor, Electrical and Computer Engineering; University of California, Berkeley, PhD

Qianqian Fang

Assistant Professor, Bioengineering; Dartmouth College, PhD

David Fannon

Assistant Professor, Architecture and Civil and Environmental Engineering; University of California, Berkeley, MS

Nasser S. Fard

Associate Professor, Mechanical and Industrial Engineering; University of Arizona, PhD

Amir Farhat

Associate Teaching Professor, Electrical and Computer Engineering; University of Pennsylvania, PhD

Johanna E. Farkas

Assistant Teaching Professor, Biology; Northeastern University, PhD

Amy Farrell

Associate Professor, Criminology and Criminal Justice; Northeastern University, PhD

Yunsi Fei

Professor, Electrical and Computer Engineering; Princeton University, PhD

Adrian E. Feiguin

Associate Professor, Physics; Universidad Nacional de Rosario (Argentina), PhD

Allen G. Feinstein

Teaching Professor, Music; New England Conservatory of Music, MM

Nathan I. Felde

Professor, Art + Design; Massachusetts Institute of Technology, MS

Matthias Felleisen

Trustee Professor, Computer Sciences; Indiana University, PhD

Samuel Felton

Assistant Professor, Mechanical and Industrial Engineering; Harvard University, PhD

Carol Femia

Clinical Instructor, Nursing; Massachusetts General Hospital Institute of Health Professions, MS

Hicham Fenniri

Professor, Chemical Engineering; Université de Strasbourg (France), PhD

Loretta A. Fernandez

Assistant Professor, Civil and Environmental Engineering and Marine and Environmental Sciences; Massachusetts Institute of Technology, PhD

Waththage N. Fernando

Assistant Teaching Professor, Mathematics; University of South Florida, PhD

Lori Ferrins

Research Assistant Professor, Chemistry and Chemical Biology; Monash University (Australia), PhD

Craig F. Ferris

Professor, Psychology and Pharmaceutical Sciences; New York Medical College, PhD

Kirsten Fertuck

Associate Teaching Professor, Biochemistry; Michigan State University, PhD

Gregory A. Fiete

Professor, Physics; Harvard University, PhD

Susan F. Fine

Clinical Instructor, Communication Sciences and Disorders; New York University, MA

Sarah Finn

Associate Teaching Professor, Writing Program; University of Massachusetts, Amherst, PhD

Jessica Fisher

Assistant Cooperative Education Coordinator, College of Engineering;
Bridgewater State University, MEd

Branden Fitelson

Distinguished Professor, Philosophy and Religion; California Institute of
Technology, PhD

Brian Fitzgerald

Assistant Professor, Accounting; Texas AM University, PhD

Joan Fitzgerald

Professor, Public Policy and Urban Affairs; Pennsylvania State University,
PhD

Diane F. Fitzpatrick

Clinical Professor, Physical Therapy, Movement, and Rehabilitation
Sciences; Northeastern University, DPT

Josephine Flanagan

Assistant Cooperative Education Coordinator, College of Engineering;
Suffolk University, JD

Julia Flanders

Professor of the Practice, English and Library Systems; Brown University,
PhD

Eric Folmar

Assistant Clinical Professor, Physical Therapy, Movement, and
Rehabilitation Sciences; Quinnipiac University, MS

Paul Fombelle

Associate Professor and Thomas E. Moore Faculty Fellow, Marketing;
Arizona State University, PhD

Murray Forman

Professor, Media and Screen Studies; McGill University (Canada), PhD

Lisa M. Foster

Assistant Cooperative Education Coordinator, Bouvé College of Health
Sciences; Northeastern University, MS

Dimitrios Fotiadis

Lecturer, Supply Chain and Information Management; Northeastern
University, MS

Charles F. Fountain

Professor, Journalism; Columbia University, MS

James Fox

Lipman Family Professor of Criminology, Law, and Public Policy,
Criminology and Criminal Justice and Law and Public Policy; University of
Pennsylvania, PhD

Laura Frader

Professor, History; University of Rochester, PhD

Erica P. Frank

Assistant Teaching Professor, Biology; Baylor College of Medicine, PhD

Debra L. Franko

Professor, Applied Psychology; McGill University (Canada), PhD

Peter Fraunholtz

Assistant Teaching Professor, History and International Affairs; Boston
College, PhD

Susan Freeman

Teaching Professor, Engineering; Northeastern University, PhD

Clark Freifeld

Lecturer, Computer Sciences; Boston University, PhD

Michael Frengel

Associate Academic Specialist, Music; City University London (United
Kingdom), PhD

John H. Friar

Senior Academic Specialist, Entrepreneurship and Innovation;
Massachusetts Institute of Technology, PhD

Natasha Frost

Professor, Criminology and Criminal Justice; City University of New York,
PhD

Yun (Raymond) Fu

Associate Professor, Electrical and Computer Engineering and Computer
Sciences; University of Illinois, Urbana-Champaign, PhD

Carolyn Fuchs

Teaching Professor, World Languages Center; Justus-Liebig Universität
Gießen (Germany), PhD

Brian Fulton

Assistant Teaching Professor, Chemistry and Chemical Biology; Iowa
State University, PhD

Peter G. Furth

Professor, Civil and Environmental Engineering; Massachusetts Institute
of Technology, PhD

Timothy Gagnon

Associate Academic Specialist, Accounting; Sacred Heart University, MBA

Sean Gallagher

Assistant Clinical Professor, College of Professional Studies;
Northeastern University, EdD

Susan Gallagher

Clinical Instructor, Nursing; Massachusetts General Hospital Institute of
Health Professions, MS

Joshua Galloway

William O. DiPietro Assistant Professor, Chemical Engineering; Columbia
University, PhD

Auroop Ganguly

Professor, Civil and Environmental Engineering; Massachusetts Institute
of Technology, PhD

Denise Garcia

Associate Professor, Political Science and International Affairs; University
of Geneva (Switzerland), PhD

Lori Gardinier

Teaching Professor, Human Services; Northeastern University, PhD

Julie Garey

Assistant Teaching Professor, Political Science; Northeastern University,
PhD

Karen Garneau

Associate Teaching Professor, Writing Program; Northeastern University,
PhD

Shytierra Gaston

Assistant Professor, Criminology and Criminal Justice; University of Missouri, St. Louis, PhD

Wolfgang Gatterbauer

Associate Professor, Computer Sciences; Vienna University of Technology (Austria), PhD

Edward Geisinger

Assistant Professor, Biology; New York University, MD, PhD

Prasanth George

Associate Teaching Professor, Mathematics; State University of New York, Buffalo, PhD

Francis Georges

Assistant Teaching Professor, Economics; Boston College, PhD

Joan Giblin

Assistant Teaching Professor, College of Professional Studies; Old Dominion University, PhD

Roger W. Giese

Professor, Pharmaceutical Sciences; Massachusetts Institute of Technology, PhD

Joseph M. Giglio

Senior Academic Specialist, International Business and Strategy; Northeastern University, PhD

Thomas R. Gilbert

Associate Professor, Chemistry and Chemical Biology; Massachusetts Institute of Technology, PhD

Laurance Ginsberg

Assistant Academic Specialist, Accounting; Bentley University, MST

Karen Giuliano

Associate Professor, Nursing; Boston College, PhD

Leonard J. Glick

Senior Academic Specialist, Management and Organizational Development; Harvard University, EdD

Elizabeth Glowacki

Postdoctoral Teaching Associate, Communication Studies; University of Texas, Austin, PhD

Zoltan Gluck

Assistant Professor, Sociology and Anthropology and International Affairs; Central European University (Hungary), MA

Daniel Godfrey

Professor, Music; University of Iowa, PhD

Veronica S. Godoy-Carter

Associate Professor, Biology; Tufts University, PhD

Kevin Gold

Assistant Teaching Professor, Computer Sciences; Yale University, PhD

Natalia Gold

Assistant Teaching Professor, International Business and Strategy; Saint Petersburg State University of Engineering (Russia), PhD

Stephen Golden

Lecturer, Entrepreneurship and Innovation; Suffolk University, MBA

William Goldman

Lecturer, Accounting; Northeastern University, MBA

Ann C. Golub-Victor

Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

Edgar D. Goluch

Associate Professor, Chemical Engineering; University of Illinois, Urbana-Champaign, PhD

Kathleen Gonso

Associate Teaching Professor, Writing Program; Emerson College, MFA

Michael J. Gonyeau

Clinical Professor, Pharmacy and Health Systems Sciences; Albany College of Pharmacy, PharmD

Frankie Gonzalez

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, BS

Gregory Goodale

Associate Professor, Communication Studies; University of Illinois, Urbana-Champaign, PhD

Teresa Goode

Associate Teaching Professor, College of Professional Studies; Columbia University, EdD

Patricia Goodman

Assistant Teaching Professor, College of Professional Studies; George Washington University, EdD

Matthew Goodwin

Associate Professor, Health Sciences and Computer Sciences; University of Rhode Island, PhD

Mark Gooley

Lecturer, Finance; Northeastern University, PhD

Ian Gorton

Professor of the Practice, Computer Sciences; Sheffield Hallam University (United Kingdom), PhD

Gary Goshgarian

Professor, English; University of Wisconsin, Madison, PhD

Tarik C. Gouhier

Associate Professor, Marine and Environmental Sciences; McGill University (Canada), PhD

Thomas Goulding

Professor of the Practice, College of Professional Studies; University of Florida, PhD

Andrew Gouldstone

Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

Jonathan H. Grabowski

Professor, Marine and Environmental Sciences; University of North Carolina, Chapel Hill, PhD

Jennifer Gradecki

Assistant Professor, Art + Design; University of California, Los Angeles, MFA

Anthony P. Graffeo

Professor of the Practice, Biotechnology; Northeastern University, PhD

Justin Grandinetti

Postdoctoral Teaching Associate, Communication Studies; North Carolina State University, Raleigh, PhD

Steven Granelli

Assistant Teaching Professor, Communication Studies; Ohio University, PhD

Laura Green

Professor, English; University of California, Berkeley, PhD

Kristin Curry Greenwood

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, EdD, DPT

Brent Griffin

Assistant Teaching Professor, College of Professional Studies; Northeastern University, PhD

Jacqueline Griffin

Assistant Professor, Mechanical and Industrial Engineering; Georgia Institute of Technology, PhD

Mary J. Griffin

Associate Clinical Professor, Nursing; University of North Carolina, PhD

John Griffith

Clinical Professor, Health Sciences; Boston University, PhD

Amir Grinstein

Associate Professor and Thomas E. Moore Faculty Fellow, Marketing; Hebrew University of Jerusalem (Israel), PhD

Francesca Grippa

Teaching Professor, College of Professional Studies; University of Salento (Italy), PhD

Tiantian Gu

Associate Professor, Finance; University of Wisconsin, Madison, PhD

Jason J. Guo

Research Associate Professor, Barnett Institute; University of Connecticut, PhD

Surendra M. Gupta

Professor, Mechanical and Industrial Engineering; Purdue University, PhD

Andrei Guschin

Assistant Teaching Professor, Graduate School of Engineering; Russian Academy of Sciences (Russian Federation), PhD

Philip Gust

Clinical Instructor, Computer Sciences; University of Arizona, MS

Barbara Guthrie

Professor, Nursing; New York University, PhD

Mohamed Habibullah

Assistant Teaching Professor, Supply Chain and Information Management; University of Missouri, Columbia, PhD

David Hagen

Assistant Teaching Professor, College of Professional Studies; New England School of Law, JD

Michelle Hagopian

Assistant Cooperative Education Coordinator, College of Arts, Media and Design; University of Illinois, MS

Jerome F. Hajjar

CDM Smith Professor in Civil Engineering, Civil and Environmental Engineering; Cornell University, PhD

Golnoosh Hakimdavar

Associate Teaching Professor, College of Professional Studies; University of Turin (Italy), PhD

Mary Hale

Assistant Teaching Professor, Architecture; Massachusetts Institute of Technology, MArch

Danielle Haley

Assistant Professor, Health Sciences; Emory University, PhD

Judith A. Hall

University Distinguished Professor, Psychology; Harvard University, PhD

James Halverson

Assistant Professor, Physics; University of Pennsylvania, PhD

Paul Hand

Assistant Professor, Mathematics and Computer Sciences; New York University, PhD

Michael Handel

Associate Professor, Sociology and Anthropology; Harvard University, PhD

Robert N. Hanson

Matthews Distinguished University Professor, Chemistry and Chemical Biology; University of California, Berkeley, PhD

Sharon Harlan

Professor, Health Sciences and Sociology and Anthropology; Cornell University, PhD

Kelly Harrington

Associate Cooperative Education Coordinator, D'Amore-McKim School of Business; Suffolk University, MBA

Shaunna Harrington

Associate Academic Specialist, College of Professional Studies; Boston University, MA

Vincent Harris

University Distinguished Professor, William Lincoln Smith Professor of Electrical and Computer Engineering, Electrical and Computer Engineering; Northeastern University, PhD

Vanecia Harrison

Associate Cooperative Education Coordinator, College of Science; Emmanuel College, MA

Casper Hartevelt

Associate Professor, Game Design; Delft University of Technology (Netherlands), PhD

Woodrow Hartzog

Professor, Law and Computer Sciences; University of North Carolina, Chapel Hill, PhD

Christopher Hasson

Assistant Professor, Physical Therapy, Movement, and Rehabilitation Sciences; University of Massachusetts, Amherst, PhD

Heather Hauck

Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MS

Claudia Haupt

Associate Professor, Law and Political Science; Columbia University, JSD; University of Cologne (Germany), PhD

Thomas Havens

Professor, History; University of California, Berkeley, PhD

Lorna Hayward

Associate Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Boston University, EdD

Julia Hechtman

Assistant Teaching Professor, Art + Design; University of Illinois, Chicago, MFA

Meghan Heckman

Assistant Professor, Journalism; Northeastern University, MA

Gretchen Heefner

Associate Professor, History; Yale University, PhD

Donald E. Heiman

Professor, Physics; University of California, Irvine, PhD

Amy Helburn

Lorraine C. Snell Visiting Professor, Health Sciences; University of Massachusetts, PhD

Brian Helmuth

Professor, Marine and Environmental Sciences and Public Policy and Urban Affairs; University of Washington, PhD

Jason Hemann

Lecturer, Computer Sciences; Indiana University, PhD

Carlene Hempel

Associate Teaching Professor, Journalism; University of North Carolina, Chapel Hill, MA

Jamie G. Henzy

Associate Teaching Professor, Biology; Tufts University School of Medicine, PhD

Dale Herbeck

Professor, Communication Studies; University of Iowa, PhD

Angela Herbert

Assistant Academic Specialist, American Sign Language; Northeastern University, BS

David A. Herlihy

Teaching Professor, Music; Boston College, JD

Catalina Herrera Almanza

Assistant Professor, Economics and International Affairs; Cornell University, PhD

Carie Hersh

Associate Teaching Professor, Sociology and Anthropology; Duke University, JD

Kelsey Hersh

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MS

Joshua Hertz

Associate Teaching Professor, Engineering; Massachusetts Institute of Technology, PhD

Benjamin Hescott

Teaching Professor, Computer Sciences; Boston University, PhD

Kamber Hetrick

Assistant Professor, Accounting; University of Illinois, Urbana-Champaign, PhD

Babak Heydari

Associate Professor, Mechanical and Industrial Engineering; University of California, Berkeley, PhD

Mary J. Hickey

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

Carlos Hidrovo Chavez

Assistant Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

Malcolm D. Hill

Associate Professor, Marine and Environmental Sciences; University of California, Santa Cruz, PhD

Charles H. Hillman

Professor, Psychology and Health Sciences; University of Maryland, College Park, PhD

Robin Hillyard

Associate Teaching Professor, Graduate School of Engineering; Cambridge University (United Kingdom), PhD

John Hinson

Assistant Teaching Professor, Theatre; Brandeis University, MFA

Tad Hirsch

Professor, Art + Design; Massachusetts Institute of Technology, PhD

Hubert Ho

Assistant Teaching Professor, Music; University of California, Berkeley, PhD

Lynda Hodgson

Associate Teaching Professor, College of Professional Studies; Virginia Commonwealth University, PhD

Timothy Hoff

Professor, Management and Organizational Development and Public Policy and Urban Affairs; State University of New York, Albany, PhD

Jessica Hoffman

Associate Professor, Applied Psychology; Lehigh University, PhD

Matthew Hogencamp

Assistant Professor, Mathematics; University of Virginia, PhD

Uwe Hohgrawe

Assistant Teaching Professor, College of Professional Studies; University of Wuppertal (Germany), PhD

Udi Hoitash

Associate Professor and Lillian L. and Harry A. Cowan Research Professor, Accounting; Rutgers University, PhD

Michael J. Hoppmann

Associate Teaching Professor, Communication Studies; University of Tübingen (Germany), PhD

Adam Hosein

Associate Professor, Philosophy and Religion; Massachusetts Institute of Technology, PhD

Jeffrey P. Howe

Assistant Professor, Journalism; Boston University, MFA

Anne R. Hughes

Associate Professor, Marine and Environmental Sciences; University of California, Davis, PhD

Francisco Hung

Associate Professor, Chemical Engineering; North Carolina State University, PhD

Matthew Hunt

Professor, Sociology and Anthropology; Indiana University, PhD

Patrick Hurley

Assistant Professor, Accounting; University of Wisconsin, Madison, PhD

Mark Huselid

Distinguished Professor of Workforce Analytics, International Business and Strategy; State University of New York, Buffalo, PhD

Roxana E. Iacob

Research Associate Professor, Chemistry and Chemical Biology; Konstanz University (Germany), PhD

Anthony Iarrobino

Professor, Mathematics; Massachusetts Institute of Technology, PhD

Patricia Illingworth

Professor, Philosophy and Religion; University of California, San Diego, PhD; Boston University, JD

Jennifer Ingemi

Assistant Teaching Professor, Behavioral Neuroscience; University of Massachusetts, PhD

Vinay K. Ingle

Associate Professor, Electrical and Computer Engineering; Rensselaer Polytechnic Institute, PhD

Francesca Inglese

Assistant Professor, Music; Brown University, PhD

Rei Inouye

Teaching Professor, World Languages Center; Temple University, PhD

Stephen S. Intille

Associate Professor, Computer Sciences and Health Sciences; Massachusetts Institute of Technology, PhD

Efstratios Ioannidis

Assistant Professor, Electrical and Computer Engineering; University of Toronto (Canada), PhD

Roderick Ireland

Distinguished Professor, Criminology and Criminal Justice; Harvard University, LLM; Northeastern University, PhD

Derek M. Isaacowitz

Professor, Psychology; University of Pennsylvania, PhD

Jacqueline A. Isaacs

Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

Michelle L. Israel

Senior Cooperative Education Coordinator, College of Science; Northeastern University, MS

Nathan E. Israeloff

Associate Professor, Physics; University of Illinois, Urbana-Champaign, PhD

Alexander R. Ivanov

Associate Professor, Chemistry and Chemical Biology; Russian Academy of Science, Institute of Bioorganic Chemistry (Moscow), PhD

Maura Daly Iversen

Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Harvard University, SD; Massachusetts General Hospital Institute of Health Professions, DPT

Julia Ivy

Associate Teaching Professor, International Business and Strategy; Lancaster University (United Kingdom), PhD

Aldan Jackson

Associate Clinical Professor, Computer Sciences; University of Delaware, PhD

Denise Jackson

Associate Professor, Psychology; University of Pittsburgh, PhD

Ellen Jackson

Assistant Teaching Professor, Writing Program; Stanford University, MFA

William J. Jackson

Senior Cooperative Education Coordinator, College of Arts, Media and Design; University of Massachusetts, Boston, MEd

Michelle Jacobs

Assistant Clinical Professor, Pharmacy and Health Systems Sciences; University of California, San Francisco, PharmD

Beverly Jaeger-Helton

Teaching Professor, Mechanical and Industrial Engineering; Northeastern University, PhD

Michael Jaeggli

Assistant Teaching Professor, Bioengineering; Clemson University, PhD

Safa Jamali

Assistant Professor, Mechanical and Industrial Engineering; Case Western Reserve University, PhD

Solomon M. Jekel

Associate Professor, Mathematics; Dartmouth College, PhD

Qingying Jia

Research Assistant Professor, Chemistry and Chemical Biology; Illinois Institute of Technology, PhD

Holly Jimison

Professor of the Practice, Computer Sciences and Nursing; Stanford University, PhD

Xiaoning Jin

Assistant Professor, Mechanical and Industrial Engineering; University of Michigan, PhD

Xuemin Jin

Associate Teaching Professor, Mechanical and Industrial Engineering; University of Maryland, PhD

Donghee Jo

Assistant Professor, Economics; Duke University, MA

Dinesh John

Assistant Professor, Health Sciences; University of Tennessee, PhD

Brooke Johnson

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Boston College, MEd

Steven Johnson

Assistant Cooperative Education Coordinator, College of Engineering; Suffolk University, MS

Vanessa D. Johnson

Associate Professor, Applied Psychology; Western Michigan University, PhD

Rachel Jones

Associate Professor, Nursing; New York University, PhD

Thomas Jones

Associate Professor, Sociology and Anthropology and Sociology and Anthropology; Princeton University, PhD

Dierdre Jordan

Associate Cooperative Education Coordinator, Bouvé College of Health Sciences; Northeastern University, MS

Josep Jornet

Associate Professor, Electrical and Computer Engineering; Georgia Institute of Technology, PhD

Tiffany Joseph

Associate Professor, Sociology and Anthropology and International Affairs; University of Michigan, PhD

Neel Joshi

Associate Professor, Chemistry and Chemical Biology; University of California, Berkeley, PhD

Alison Joyce

Assistant Cooperative Education Coordinator, College of Engineering; Ohio University, MEd

Maria Jump

Associate Teaching Professor, Computer Sciences; University of Texas, Austin, PhD

Yung Joon Jung

Professor, Mechanical and Industrial Engineering; Rensselaer Polytechnic Institute, PhD

Jeffrey Juris

Associate Professor, Sociology and Anthropology; University of California, Berkeley, PhD

David R. Kaeli

College of Engineering Distinguished Professor, Electrical and Computer Engineering; Rutgers University, PhD

Sallyann Kakas

Assistant Cooperative Education Coordinator, Finance; Northeastern University, BS

Jayant Kale

Professor and Philip R. McDonald Chair, Finance; University of Texas, Austin, PhD

Sagar V. Kamarthi

Professor, Mechanical and Industrial Engineering; Pennsylvania State University, PhD

John Kane

Lecturer, Art + Design; Yale University, BA

Mary M. Kane

Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; University of Massachusetts, Boston, MEd

Michael Kane

Assistant Professor, Civil and Environmental Engineering; University of Michigan, PhD

Sarah Kanouse

Associate Professor, Art + Design; University of Illinois, Urbana-Champaign, MFA

Carla Kaplan

Davis Distinguished Professor in American Literature, English and Women's, Gender, and Sexuality Studies; Northwestern University, PhD

Swastik Kar

Associate Professor, Physics; Indian Institute of Physics (India), PhD

Samina Karim

Professor, Entrepreneurship and Innovation; University of Michigan, PhD

Yael Karlinsky Shichor

Assistant Professor, Marketing; Columbia University, PhD

Alain S. Karma

College of Arts and Sciences Distinguished Professor, Physics; University of California, Santa Barbara, PhD

Edward Katz

Associate Teaching Professor, Computer Sciences; University of Louisiana, Lafayette, PhD

Ralph Katz

Professor, Entrepreneurship and Innovation; University of Pennsylvania, PhD

Jonathan Kaufman

Professor, Journalism; Harvard University, MA

Kelsey Kaul

Assistant Cooperative Education Coordinator, College of Engineering; Harvard Graduate School of Education, MEd

William Kay

Associate Professor, Political Science; Indiana University, PhD

Bret Keeling

Associate Teaching Professor, Writing Program; University of Washington, PhD

Maureen Kelleher

Associate Professor, Sociology and Anthropology; University of Missouri, Columbia, PhD

Karen P. Kelley

Senior Cooperative Education Coordinator, College of Engineering; Northeastern University, MEd

Thomas M. Kelley

Lecturer, Physics; University of Minnesota, PhD

Kathleen Kelly

Professor, English; University of North Carolina, Chapel Hill, PhD

Mary Kelting

Associate Professor, Philosophy and Religion; University of Wisconsin, Madison, PhD

Daniel D. Kennedy

Associate Professor, Journalism; Boston University, MLA

Aileen Kent Yates

Assistant Cooperative Education Coordinator, Computer Sciences; University of Massachusetts, Amherst, BA

Heidi Kevoe Feldman

Associate Professor, Communication Studies; Rutgers University, PhD

Leila Keyvani Someh

Assistant Teaching Professor, Engineering; Northeastern University, PhD

Ban-An Khaw

Professor, Pharmaceutical Sciences; Boston College, PhD

Konstantin Khrapko

Professor, Biology and Pharmaceutical Sciences; Engelhardt Institute of Molecular Biology, Moscow (Russia), PhD

Ilham Khuri-Makdisi

Associate Professor, History; Harvard University, PhD

Sheri Kiami

Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Simmons College, DPT

Angela Kilby

Assistant Professor, Economics; Massachusetts Institute of Technology, PhD

Daniel Kim

Associate Professor, Health Sciences; University of Toronto (Canada), MD; Harvard University, PhD

Eunsong Kim

Assistant Professor, English; University of Texas, Austin, PhD

Jonghan Kim

Assistant Professor, Pharmaceutical Sciences; Ohio State University, PhD

Miso Kim

Assistant Professor, Art + Design; Carnegie Mellon University, PhD

Nancy S. Kim

Associate Professor, Psychology; Yale University, PhD

Somy Kim

Associate Teaching Professor, Writing Program; University of California, San Diego, PhD

Tiffany Kim

Assistant Clinical Professor, Nursing; University of Pennsylvania, PhD

Yong-Bin Kim

Professor, Electrical and Computer Engineering; Colorado State University, PhD

John Kimani

Assistant Teaching Professor, Electrical and Computer Engineering; University of Wisconsin, Milwaukee, PhD

David L. Kimbro

Assistant Professor, Marine and Environmental Sciences; University of California, Davis, PhD

Nancy Kimelman

Associate Teaching Professor, Economics; Brown University, PhD

Nancy Kindelan

Professor, Theatre; University of Wisconsin, Madison, PhD

Christopher K. King

Professor, Mathematics; Harvard University, PhD

Margaret Kirchoff

Associate Teaching Professor, College of Professional Studies; George Washington University, EdD

Engin Kirda

Professor, Computer Sciences and Electrical and Computer Engineering; Technical University of Vienna (Austria), PhD

Rein U. Kirss

Associate Professor, Chemistry and Chemical Biology; University of Wisconsin, Madison, PhD

Jennifer L. Kirwin

Clinical Professor, Pharmacy and Health Systems Sciences; Northeastern University, PharmD

Risa Kitagawa

Assistant Professor, Political Science and International Affairs; Stanford University, PhD

Carrie Klaphake

Assistant Cooperative Education Coordinator, College of Engineering; Eastern Illinois University, MS

Alan Klein

Professor, Sociology and Anthropology; State University of New York, Buffalo, PhD

Sarah Klionsky

Associate Cooperative Education Coordinator, College of Science; University of Wisconsin, Madison, MA

Kristian Kloeckl

Associate Professor, Art + Design and Architecture; University of Venice (Italy), PhD

Adriana Knouf

Assistant Professor, Art + Design; Cornell University, PhD

Ben Knudsen

Assistant Professor, Mathematics; Northwestern University, PhD

Thomas Koenig

Professor, Sociology and Anthropology; University of California, Santa Barbara, PhD

Mieczyslaw M. Kokar

Professor, Electrical and Computer Engineering; University of Wroclaw (Poland), PhD

Tali Konry

Assistant Professor, Pharmaceutical Sciences; Ben Gurion University (Israel), PhD

Constantin Konstantopoulos

Associate Teaching Professor, Graduate School of Engineering; Boston University, PhD

Abigail N. Koppes

Assistant Professor, Chemical Engineering; Rensselaer Polytechnic Institute, PhD

Ryan Koppes

Assistant Professor, Chemical Engineering; Rensselaer Polytechnic Institute, PhD

Sarah Kostanski

Assistant Cooperative Education Coordinator, College of Engineering; Framingham State University, MS

Ilka Kostka

Associate Teaching Professor, College of Professional Studies; New York University, PhD

Harilaos Koutsopoulos

Professor, Civil and Environmental Engineering; Massachusetts Institute of Technology, PhD

Linda Kowalcky

Professor of the Practice, Public Policy and Urban Affairs; Johns Hopkins University, PhD

Gregory J. Kowalski

Associate Professor, Mechanical and Industrial Engineering; University of Wisconsin, Madison, PhD

Arthur F. Kramer

Professor, Psychology; University of Illinois, PhD

Sergey Kravchenko

Professor, Physics; Institute of Solid State Physics (Russia), PhD

Dmitri Krioukov

Associate Professor, Physics; Old Dominion University, PhD

Ganesh Krishnamoorthy

Professor, Accounting; University of Southern California, PhD

Karthik Krishnan

Associate Professor, Finance; Boston College, PhD

Louis J. Kruger

Associate Professor, Applied Psychology; Rutgers University, PsyD

Laura Kuhl

Assistant Professor, Public Policy and Urban Affairs and International Affairs; Tufts University, PhD

Abhishek Kumar

Assistant Teaching Professor, Mechanical and Industrial Engineering; University of Michigan, PhD

Venkat Kuppuswamy

Assistant Professor, Entrepreneurship and Innovation; Harvard Business School, DBA

Jessica Kurr

Postdoctoral Teaching Associate, Communication Studies; Pennsylvania State University, PhD

Steven R. Kursh

Associate Academic Specialist, Finance; University of Pennsylvania, PhD

John Kwoka

Neal F. Finnegan Distinguished Professor, Economics; University of Pennsylvania, PhD

Michelle Laboy

Assistant Professor, Architecture; University of Michigan, MArch

Jamie Ladge

Associate Professor, Management and Organizational Development; Boston College, PhD

Jay Laird

Assistant Teaching Professor, College of Professional Studies; Lesley University, MFA

Venkatraman Lakshmbai

Professor, Mathematics; Tata University (India), PhD

Charlotte Lam

Assistant Cooperative Education Coordinator, College of Science; California State University, Sacramento, MA

Joan LaMachia

Associate Cooperative Education Coordinator, College of Social Sciences and Humanities; Boston College, MEd

Anna Lamin

Associate Professor and Matthew Eagan Faculty Fellow, International Business and Strategy; University of Minnesota, PhD

Jason Lancaster

Associate Clinical Professor, Pharmacy and Health Systems Sciences; Massachusetts College of Pharmacy, PharmD

William Lancaster

Senior Lecturer, Communication Studies; Michigan State University, MA

Lucas J. Landherr

Associate Teaching Professor, Chemical Engineering; Cornell University, PhD

Macayla Landi

Assistant Clinical Professor, Pharmacy and Health Systems Sciences; University of Rhode Island, PhD

Theodore Landsmark

Distinguished Professor, Public Policy and Urban Affairs; Boston University, PhD

Henry W. Lane

Professor, International Business and Strategy; Harvard University, DBA

David Lang

Assistant Teaching Professor, Mathematics; Boston College, PhD;
Northeastern University, PhD

Timothy Lannin

Assistant Teaching Professor, Bioengineering; Cornell University, PhD

Amy Lantinga

Associate Teaching Professor, College of Professional Studies; University
of Tennessee, EdD

Philip Larese-Casanova

Associate Professor, Civil and Environmental Engineering; University of
Iowa, PhD

Sonya L. Larrieux

Associate Clinical Professor, Physical Therapy, Movement, and
Rehabilitation Sciences; Northeastern University, PhD

Barbara Larson

Associate Academic Specialist, Management and Organizational
Development; Harvard Business School, DBA

Elizabeth Larson

Assistant Cooperative Education Coordinator, D'Amore-McKim School of
Business; Northeastern University, MBA

Kimberly Larson

Associate Teaching Professor, College of Professional Studies; Drexel
University, PhD

Felicia G. Lassk

Associate Professor, Marketing; University of South Florida, PhD

Amanda Reeser Lawrence

Associate Professor, Architecture; Harvard University, PhD

David M. Lazer

University Distinguished Professor, Political Science and Computer
Sciences; University of Michigan, Ann Arbor, PhD

Christina Lee

Assistant Professor, Applied Psychology; New York University, PhD

Cynthia Lee

Professor, Management and Organizational Development; University of
Maryland, PhD

Doreen Lee

Associate Professor, Sociology and Anthropology; Cornell University, PhD

Jung Lee

Associate Professor, Philosophy and Religion; Brown University, PhD

Kristen Lee

Associate Teaching Professor, College of Professional Studies;
Northeastern University, EdD

Lee-Peng Lee

Assistant Teaching Professor, Mathematics; Massachusetts Institute of
Technology, PhD

Matt Lee

Teaching Professor, Human Services; University of Illinois, Urbana-
Champaign, PhD

Yang W. Lee

Associate Professor, Supply Chain and Information Management;
Massachusetts Institute of Technology, PhD

Carolyn W. T. Lee-Parsons

Associate Professor, Chemical Engineering and Chemistry and Chemical
Biology; Cornell University, PhD

Miriam E. Leeser

Professor, Electrical and Computer Engineering; Cambridge University
(United Kingdom), PhD

Laurel Leff

Associate Professor, Journalism; Yale University, MA

Lori Lefkowitz

Ruderman Professor of Jewish Studies, Jewish Studies and English;
Brown University, PhD

Patrick Legros

Distinguished Professor, Economics; California Institute of Technology,
PhD

Bradley M. Lehman

Professor, Electrical and Computer Engineering; Georgia Institute of
Technology, PhD

Robert Lentz

Associate Academic Specialist, Entrepreneurship and Innovation; Babson
College, MBA

Benjamin Lerner

Assistant Teaching Professor, Computer Sciences; University of
Washington, PhD

Neal Lerner

Professor, English; Boston University, EdD

Marina Leslie

Associate Professor, English; Yale University, PhD

Hanoch Lev-Ari

Professor, Electrical and Computer Engineering; Stanford University, PhD

Danielle Levac

Assistant Professor, Physical Therapy, Movement, and Rehabilitation
Sciences; McMaster University (Canada), PhD

Tatyana Levchenko

Research Assistant Professor, Pharmaceutical Sciences; Academy of
Medical Sciences Moscow (Russia), PhD

Yiannis A. Levendis

College of Engineering Distinguished Professor, Mechanical and Industrial
Engineering; California Institute of Technology, PhD

Elinor Levine

Assistant Cooperative Education Coordinator, D'Amore-McKim School of
Business; University of Massachusetts, Amherst, MEd

Erel Levine

Associate Professor, Bioengineering; Weizmann Institute of Science
(Israel), PhD

Herbert Levine

Professor, Physics and Bioengineering; Princeton University, PhD

Kim Lewis

University Distinguished Professor, Biology; Moscow University (Russia), PhD

Laura H. Lewis

Cabot Professor, Chemical Engineering and Mechanical and Industrial Engineering; University of Texas, Austin, PhD

David J. Lewkowicz

Professor, Communication Sciences and Disorders; City University of New York, Hunter College, PhD

Ang Li

Assistant Professor, Architecture; Princeton University, MArch

Chieh Li

Associate Professor, Applied Psychology; University of Massachusetts, Amherst, EdD

Jiahe Li

Assistant Professor, Bioengineering; Cornell University, PhD

Rui Li

Associate Clinical Professor, Health Sciences; Baylor University, PhD

Zhenyu Liao

Assistant Professor, Management and Organizational Development; National University of Singapore (Singapore), PhD

Robert Lieb

Professor, Supply Chain and Information Management; University of Maryland, DBA

Karl J. Lieberherr

Professor, Computer Sciences; Eidgenössische Technische Hochschule Zürich (Switzerland), PhD

Karin N. Lifter

Professor, Applied Psychology; Columbia University, PhD

Xue Lin

Assistant Professor, Electrical and Computer Engineering; University of Southern California, PhD

Yingzi Lin

Associate Professor, Mechanical and Industrial Engineering; University of Saskatchewan (Canada), PhD

Alisa K. Lincoln

Professor, Sociology and Anthropology and Health Sciences; Columbia University, PhD

Katherine Lind

Postdoctoral Teaching Associate, Communication Studies; Indiana University, PhD

John J. Lindhe

Associate Teaching Professor, Mathematics; Northeastern University, MA

Gabor P. Lippner

Assistant Professor, Mathematics; Eotvos University (Hungary), PhD

James Lipsky

Associate Academic Specialist, American Sign Language; Boston University, MA

Heather A. Littlefield

Associate Teaching Professor, Linguistics; Boston University, PhD

Kelvin Liu

Associate Professor, Accounting; University of South Carolina, PhD

Weiling Liu

Assistant Professor, Finance; Harvard University, PhD

Xiaoping Liu

Visiting Assistant Professor, Supply Chain and Information Management; University of Massachusetts, Lowell, PhD

Yang Liu

Assistant Professor, Mechanical and Industrial Engineering; Columbia University, PhD

Yongmin Liu

Associate Professor, Mechanical and Industrial Engineering and Electrical and Computer Engineering; University of California, Berkeley, PhD

Ioannis Livanis

Associate Teaching Professor, International Affairs and Political Science; University of Florida, PhD

Carol Livermore

Associate Professor, Mechanical and Industrial Engineering; Harvard University, PhD

Martha Loftus

Assistant Teaching Professor, College of Professional Studies; Harvard University, EdD

Diomedes E. Logothetis

Professor, Pharmaceutical Sciences; Harvard University, PhD

Fabrizio Lombardi

International Test Conference Professor, Electrical and Computer Engineering; University of London (United Kingdom), PhD

Georgia Looney

Assistant Cooperative Education Coordinator, College of Engineering; Boston College, MBA

Guido Lopez

Associate Teaching Professor, College of Professional Studies; Northeastern University, PhD

Steven A. Lopez

Assistant Professor, Chemistry and Chemical Biology; University of California, Los Angeles, PhD

Sara Lopez-Pintado

Professor, Health Sciences; Universidad Carlos III de Madrid (Spain), PhD

Connie Lorette

Assistant Clinical Professor, Nursing; Boston College, PhD

Ralph H. Loring

Associate Professor, Pharmaceutical Sciences; Cornell University, PhD

Daniel Lothian

Visiting Scholar, Journalism; American University, MA

Kathleen E. Lotterhos

Assistant Professor, Marine and Environmental Sciences; Florida State University, PhD

Salim A. Lotuff III

Teaching Professor, Communication Studies; Northeastern University, MA

Deirdre Loughridge

Assistant Professor, Music; University of Pennsylvania, PhD

Psyche Loui

Assistant Professor, Music; University of California, Berkeley, PhD

Jennifer O. Love

Associate Academic Specialist, Engineering; University of Iowa, MS

Timothy Love

Associate Professor, Architecture; Harvard University, MArch

William Lovely

Assistant Academic Specialist, International Business and Strategy; Northeastern University, DLP

Amy Shirong Lu

Assistant Professor, Communication Studies and Health Sciences; University of North Carolina, Chapel Hill, PhD

Long Lu

Assistant Professor, Computer Sciences; Georgia Institute of Technology, PhD

Lucy Siying Lu

Assistant Cooperative Education Coordinator, College of Engineering; Harvard Graduate School of Education, MEd

Mary Ludden

Assistant Teaching Professor, College of Professional Studies; Walden University, PhD

Razvan Lungeanu

Assistant Professor, Entrepreneurship and Innovation; Northwestern University, PhD

Katherine Luongo

Associate Professor, History; University of Michigan, Ann Arbor, PhD

Steven Lustig

Associate Professor, Chemical Engineering; Purdue University, PhD

David E. Luzzi

Professor, Mechanical and Industrial Engineering; Northwestern University, PhD

Vasiliki Lykourinou

Assistant Teaching Professor, Chemistry and Chemical Biology; University of South Florida, PhD

Jun Ma

Associate Professor, Economics; University of Washington, PhD

Kayse Maass

Assistant Professor, Mechanical and Industrial Engineering; University of Michigan, PhD

Patricia A. Mabrouk

Professor, Chemistry and Chemical Biology; Massachusetts Institute of Technology, PhD

Robin MacIlroy

Assistant Cooperative Education Coordinator, College of Engineering; Harvard Graduate School of Education, MEd

Esther MacKenzie

Visiting Clinical Instructor, Nursing; Boston University, MA

Andrew Mackie

Assistant Clinical Professor, Physician Assistant Program; University of Nebraska, MS

Jeanne Madden

Associate Professor, Pharmacy and Health Systems Sciences; Harvard University, PhD

Kristin Madison

Professor, Health Sciences and Law; Stanford University, PhD

Bala Maheswaran

Teaching Professor, Engineering; Northeastern University, PhD

Debra Mahfouz

Associate Clinical Professor, Pharmacy and Health Systems Sciences; University of Rhode Island, PharmD

Elizabeth Mahler

Associate Teaching Professor, College of Professional Studies; George Washington University, EdD

Luigia Maiellaro

Teaching Professor, World Languages Center; Russian State University for the Humanities (Russia), PhD

Jean-Claude Makolo

Assistant Teaching Professor, Finance; Brandeis University, PhD

Lee Makowski

Professor, Bioengineering and Chemistry and Chemical Biology; Massachusetts Institute of Technology, PhD

Purnima Makris

Associate Professor, Electrical and Computer Engineering; Massachusetts Institute of Technology, PhD

Alexandros Makriyannis

George D. Behrakis Chair and Professor, Center for Drug Discovery and Chemistry and Chemical Biology; University of Kansas, PhD

Michael Malamas

Research Associate Professor, Center for Drug Discovery and Chemistry and Chemical Biology; University of Pennsylvania, PhD

Mario Maletta

Professor, Accounting; University of Massachusetts, Amherst, PhD

Veronika Maliborska

Assistant Teaching Professor, College of Professional Studies; Purdue University, PhD

Mikhail B. Malioutov

Professor, Mathematics; Moscow State University (Russia), PhD

Andrew Mall

Assistant Professor, Music; University of Chicago, PhD

Craig E. Maloney

Associate Professor, Mechanical and Industrial Engineering; University of California, Santa Barbara, PhD

Roman Manetsch

Associate Professor, Chemistry and Chemical Biology and Pharmaceutical Sciences; University of Basel (Switzerland), PhD

John Manfredelli

Professor of the Practice, Computer Sciences; University of California, Berkeley, PhD

Swapnil Maniar

Professor of the Practice, Health Sciences; Johns Hopkins University, PhD

Justin Manjourides

Assistant Professor, Health Sciences; Harvard University, PhD

Emily Mann

Teaching Professor, Human Services; University of Wisconsin, Madison, PhD

James M. Manning

Professor, Biology; Tufts University, PhD

Moira Mannix Votel

Associate Cooperative Education Coordinator, Bouvé College of Health Sciences; Columbia University, MA

Peter Manolios

Professor, Computer Sciences; University of Texas, Austin, PhD

Valentina Marano

Assistant Professor, International Business and Strategy; University of South Carolina, PhD

Janice Maras

Assistant Teaching Professor, Health Sciences; Northeastern University, EdD

Krassimir Marchev

Professor of the Practice, College of Professional Studies; Northeastern University, PhD

Edwin Marengo Fuentes

Associate Professor, Electrical and Computer Engineering; Northeastern University, PhD

Donald G. Margotta

Associate Professor, Finance; University of North Carolina, Chapel Hill, PhD

Alina Marian

Professor, Mathematics; Harvard University, PhD

Tucker Marion

Associate Professor, Entrepreneurship and Innovation; Pennsylvania State University, PhD

Robert S. Markiewicz

Professor, Physics; University of California, Berkeley, PhD

Alycia Markowski

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

Joseph Marks

Associate Teaching Professor, Finance; University of Illinois, Urbana-Champaign, PhD

Mindy Marks

Associate Professor, Economics; Washington University, PhD

Julius Marpaung

Associate Teaching Professor, Electrical and Computer Engineering; Oklahoma State University, PhD

Stacy Marsella

Professor, Computer Sciences and Psychology; Rutgers University, PhD

Ineke Marshall

Professor, Sociology and Anthropology and Criminology and Criminal Justice; Bowling Green State University, PhD

Dayna L. Martinez

Assistant Teaching Professor, Mechanical and Industrial Engineering; University of South Florida, Tampa, PhD

Ramiro Martinez

Professor, Criminology and Criminal Justice and Sociology and Anthropology; Ohio State University, PhD

José Angel Martínez-Lorenzo

Assistant Professor, Mechanical and Industrial Engineering and Electrical and Computer Engineering; Universidad de Vigo (Spain), PhD

Alexander Martsinkovsky

Associate Professor, Mathematics; Brandeis University, PhD

David Massey

Professor, Mathematics; Duke University, PhD

Jude E. Mathews

Associate Teaching Professor, Chemistry and Chemical Biology; Clemson University, PhD

Kay Mathiesen

Associate Professor, Philosophy and Religion; University of California, Irvine, PhD

Kristen Mathieu Gonzalez

Clinical Instructor, Nursing; University of Phoenix, MS

Daniele Mathras

Assistant Professor, Marketing; Arizona State University, PhD

Thomas M. Matta

Assistant Clinical Professor, Pharmacy and Health Systems Sciences; Xavier University of Louisiana, PharmD

Jonathan Matthis

Assistant Professor, Biology; Rensselaer Polytechnical University, PhD

Carla Mattos

Professor, Chemistry and Chemical Biology; Massachusetts Institute of Technology, PhD

Lucy Maulsby

Associate Professor, Architecture; Columbia University, PhD

Ernest Mauristhene

Associate Cooperative Education Coordinator, D'Amore-McKim School of Business; Hardin-Simmons University, MBA

Karin Maxey

Assistant Teaching Professor, World Languages Center and English; University of Texas, Austin, PhD

Jessica Maxwell

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Boston University, PhD; Massachusetts General Hospital Institute of Health Professions, DPT

William Mayer

Professor, Political Science; Harvard University, PhD

Mary Mayville

Assistant Clinical Professor, Nursing; Northeastern University, DNP

Dori P. Mazor

Associate Cooperative Education Coordinator, College of Arts, Media and Design; Brandeis University, MBA

Charn McAllister

Assistant Professor, Management and Organizational Development; Florida State University, PhD

Laurie McCadden

Clinical Instructor, Nursing; University of Massachusetts, Lowell, MSN

Paulette McCarty

Assistant Academic Specialist, Management and Organizational Development; University of Tennessee, PhD

Jane McCool

Assistant Clinical Professor, Nursing; University of Rhode Island, PhD

Eileen McDonagh

Professor, Political Science; Harvard University, PhD

Ann McDonald

Associate Professor, Art + Design; Yale University, MFA

Matthew McDonald

Associate Professor, Music; Yale University, PhD

Brianne McDonough

Assistant Cooperative Education Coordinator, Khoury College of Computer Sciences; Salem State University, MS

Melissa McElligott

Associate Teaching Professor, Biology; Northeastern University, PhD

Kayla McEwen

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MS

Nicol E. McGruer

Professor, Electrical and Computer Engineering; Michigan State University, PhD

Jean McGuire

Professor of the Practice, Health Sciences; Brandeis University, PhD

Hugh McManus

Associate Teaching Professor, Mechanical and Industrial Engineering; Stanford University, PhD

Cristine McMartin-Miller

Associate Teaching Professor, College of Professional Studies; Purdue University, PhD

Joseph McNabb

Professor of the Practice, College of Professional Studies; Northeastern University, PhD

Robert C. McOwen

Professor, Mathematics; University of California, Berkeley, PhD

Frances Nelson McSherry

Teaching Professor, Theatre; New York University, MFA

Iraz Mehdi

Assistant Cooperative Education Coordinator, College of Engineering; California State University, Long Beach, MS

Emanuel S. Melachrinoudis

Professor, Mechanical and Industrial Engineering; University of Massachusetts, Amherst, PhD

Waleed Meleis

Associate Professor, Electrical and Computer Engineering; University of Michigan, PhD

Alice Mello

Assistant Teaching Professor, College of Professional Studies; Tufts University, PhD

Susan L. Mello

Assistant Professor, Communication Studies; University of Pennsylvania, PhD

Tina J. Mello

Associate Cooperative Education Coordinator, College of Science; Boston College, MA

Richard H. Melloni Jr.

Professor, Psychology; University of Massachusetts, PhD

Tommaso Melodia

William Lincoln Smith Professor of Electrical and Computer Engineering, Electrical and Computer Engineering; Georgia Institute of Technology, PhD

Latika Menon

Associate Professor, Physics; Tata Institute of Fundamental Research, Bombay (India), PhD

Francisco Mesch

Assistant Cooperative Education Coordinator, Khoury College of Computer Sciences; Washington State University, MS

Hameed Metghalchi

Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, ScD

Laura Meyer

Assistant Cooperative Education Coordinator, Graduate School of Engineering; Cleveland State University, MEd

Marc H. Meyer

Robert J. Shillman Professor of Entrepreneurship and Matthews Distinguished University Professor, Entrepreneurship and Innovation; Massachusetts Institute of Technology, PhD

Amy Meyers

Assistant Cooperative Education Coordinator, Computer Sciences; Salem State University, MS

Ningfang Mi

Associate Professor, Electrical and Computer Engineering; University of Texas, Dallas, MS

Vidoje Mihajlovikj

Lecturer, Computer Sciences; Clarkson University, PhD

Lara Milane

Assistant Teaching Professor, Pharmaceutical Sciences; Northeastern University, PhD

Loiza Miles

Assistant Academic Specialist, World Languages Center; Sorbonne University (France), MA

William Miles

Professor, Political Science; Tufts University, PhD

Danielle M. Miller

Assistant Clinical Professor, Pharmacy and Health Systems Sciences; Northeastern University, PharmD

Edward Miller

Associate Teaching Professor, College of Professional Studies; Boston College, PhD

Gregory Miller

Associate Professor, Pharmaceutical Sciences; University of New York, PhD

Joanne L. Miller

Matthews Distinguished University Professor, Psychology; University of Minnesota, PhD

Matthew Miller

Professor, Health Sciences; Yale University, MD; Harvard University, ScD

Maura Miller

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Providence College, BS

Renee Miller

Distinguished Professor, Computer Sciences; University of Wisconsin, Madison, PhD

Ennio Mingolla

Professor, Communication Sciences and Disorders; University of Connecticut, PhD

Marilyn L. Minus

Associate Professor, Mechanical and Industrial Engineering; Georgia Institute of Technology, PhD

Alan Mislove

Associate Professor, Computer Sciences; Rice University, PhD

Cheryl Mitteness

Academic Specialist, Entrepreneurship and Innovation; University of Louisville, PhD

Nancy Mizzoni

Clinical Instructor, Nursing; Northeastern University, MS

Anahit Mkrtchyan

Assistant Professor, Finance; Pennsylvania State University, PhD

Sarah Mockler

Assistant Cooperative Education Coordinator, College of Engineering; Boston College, MA

Alicia Modestino

Associate Professor, Public Policy and Urban Affairs and Economics; Harvard University, PhD

Valentine Moghadam

Professor, International Affairs; American University, PhD

Mohsen Moghaddam

Assistant Professor, Mechanical and Industrial Engineering; Purdue University, PhD

Shan Mohammed

Associate Clinical Professor, Health Sciences; Case Western Reserve University, MD

Alexander C. Moll

Zelevinsky Research Instructor, Mathematics; Massachusetts Institute of Technology, PhD

Beth Molnar

Associate Professor, Health Sciences; Harvard University, ScD

James Monaghan

Associate Professor, Biology; University of Kentucky, PhD

Yasmil Montes

Assistant Cooperative Education Coordinator, Khoury College of Computer Sciences; Cambridge College, MS

Susan F. Montgomery

Senior Academic Specialist, Entrepreneurship and Innovation and Law; Northeastern University, JD

Robert M. Mooradian

Professor and Harding Research Professor, Finance; University of Pennsylvania, PhD

Elizabeth Moore

Visiting Assistant Professor, International Business and Strategy; Northeastern University, PhD

Rebekah Moore

Visiting Assistant Professor, Music; Indiana University, PhD

Enrique F. Moreno

Associate Teaching Professor, Physics; Universidad Nacional de La Plata (Argentina), PhD

Kimberly Moreno

Professor, Accounting; University of Massachusetts, Amherst, PhD

Joanne Morreale

Associate Professor, Media and Screen Studies; Temple University, PhD

Mounira Morris

Assistant Teaching Professor, College of Professional Studies; University of Massachusetts, Amherst, EdD

Kristen Morse

Assistant Cooperative Education Coordinator, Bouvé College of Health Sciences; Ithaca College, DPT

Hossein Mosallaei

Professor, Electrical and Computer Engineering; University of California, Los Angeles, PhD

Rashid Mosley

Assistant Teaching Professor, College of Professional Studies; George Washington University, PhD

Edward Moss

Associate Teaching Professor, Writing Program; Emerson College, MFA

Lorraine Ann Mountain

Senior Cooperative Education Coordinator, College of Engineering; Tufts University, MS

Amy Mueller

Assistant Professor, Civil and Environmental Engineering and Marine and Environmental Sciences; Massachusetts Institute of Technology, PhD

Sinan Muftu

Professor, Mechanical and Industrial Engineering; University of Rochester, PhD

Tania Muino

Assistant Academic Specialist, World Languages Center; University of Barcelona (Spain), MA

Constantine Mukasa

Assistant Teaching Professor, Engineering; Florida Atlantic University, PhD

Sanjeev Mukerjee

Professor, Chemistry and Chemical Biology; Texas AM University, PhD

Saptarshi Mukherjee

Visiting Assistant Professor, Finance; New York University, PhD

Jay Mulki

Associate Professor, Marketing; University of South Florida, PhD

Anthony Mullen

Associate Teaching Professor, Computer Sciences; University of Groningen (Netherlands), PhD

Patrick Mullen

Associate Professor, English; University of Pittsburgh, PhD

Seth Mulliken

Assistant Teaching Professor, Media and Screen Studies; North Carolina State University, PhD

Samuel E. Munoz

Assistant Professor, Marine and Environmental Sciences and Civil and Environmental Engineering; University of Wisconsin, Madison, PhD

Kellianne Murphy

Senior Cooperative Education Coordinator, College of Arts, Media and Design; Northeastern University, MA

Lauren A. Murphy

Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Portland State University, PhD

Robert Murray

Assistant Academic Specialist, Supply Chain and Information Management; Harvard Business School, MBA

Shashi K. Murthy

Professor, Chemical Engineering; Massachusetts Institute of Technology, PhD

Vincent Muscolino

Lecturer, Finance; Babson College, MBA

Hande Musdal Ondemir

Assistant Teaching Professor, Mechanical and Industrial Engineering; Northeastern University, PhD

Cecelia Musselman

Associate Teaching Professor, Writing Program; Columbia University, PhD

Shakir Mustafa

Teaching Professor, World Languages Center; Boston University, PhD

Andrew Myers

Associate Professor, Civil and Environmental Engineering; Stanford University, PhD

David Myers

Associate Teaching Professor, Finance; University of Washington, PhD

Laura Mylott

Clinical Professor, Nursing; Boston College, PhD

Thomas K. Nakayama

Professor, Communication Studies; University of Iowa, PhD

Laurie Nardone

Associate Teaching Professor, English; Emory University, PhD

Pran Nath

Matthews Distinguished University Professor, Physics; Stanford University, PhD

Hamid Nayeb-Hashemi

Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

Collette Ncube

Assistant Professor, Health Sciences; University of Pittsburgh, PhD

Brent Nelson

Associate Professor, Physics; University of California, Berkeley, PhD

Carl W. Nelson

Associate Professor, International Business and Strategy; University of Manchester (United Kingdom), PhD

Laura Nelson

Assistant Professor, Sociology and Anthropology; University of California, Berkeley, PhD

Huy Nguyen

Assistant Professor, Computer Sciences; Princeton University, PhD

Julie Nguyen

Assistant Cooperative Education Coordinator, College of Engineering; Columbia University, MA

Jennifer Nichol

Assistant Professor, Accounting; University of Illinois, Urbana-Champaign, PhD

Sandy Nickel

Assistant Teaching Professor, College of Professional Studies; University of Iowa, PhD

Mark J. Niedre

Associate Professor, Bioengineering; University of Toronto (Canada), PhD

Spyridon Nikas

Research Associate Professor, Center for Drug Discovery; Aristotle University (Greece), PhD

Matthew Nippins

Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Massachusetts General Hospital Institute of Health Professions, DPT

Matthew C. Nisbet

Professor, Communication Studies; Cornell University, PhD

Cristina Nita-Rotaru

Professor, Computer Sciences; Johns Hopkins University, PhD

Daniel Noemi Voionmaa

Associate Professor, Cultures, Societies, and Global Studies; Yale University, PhD

Alison Nogueira

Associate Cooperative Education Coordinator, College of Engineering; Suffolk University, MEd

David Nolan

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Massachusetts General Hospital Institute of Health Professions, DPT

Kimberly Nolan

Assistant Teaching Professor, College of Professional Studies; University of Vermont, EdD

Carey Noland

Associate Professor, Communication Studies; Ohio University, PhD

Ellen Noonan

Associate Teaching Professor, Writing Program; Emerson College, MFA

Matthew Noonan

Associate Teaching Professor, Writing Program; Massachusetts College of Art, MFA

Farzard Noubary

Associate Clinical Professor, Health Sciences; Harvard University, PhD

Guevara Noubir

Professor, Computer Sciences; Swiss Federal Institute of Technology, Lausanne (Switzerland), PhD

Gilbert Nyaga

Associate Professor and Joe Dichiacchio Faculty Fellow, Supply Chain and Information Management; Michigan State University, PhD

Jessica Oakes

Assistant Professor, Bioengineering; University of California, San Diego, PhD

Antonio Ocampo-Guzman

Associate Professor, Theatre; York University (Canada), MFA

Curtis Odom

Assistant Teaching Professor, Management and Organizational Development; Pepperdine University, EdD

Dietmar Offenhuber

Associate Professor, Art + Design and Public Policy and Urban Affairs; Massachusetts Institute of Technology, PhD

Marvin Onabajo

Associate Professor, Electrical and Computer Engineering; Texas AM University, PhD

Mary Jo Ondrechen

Professor, Chemistry and Chemical Biology; Northwestern University, PhD

Annalisa Onnis-Hayden

Associate Teaching Professor, Civil and Environmental Engineering; University of Cagliari (Italy), PhD

Alina Oprea

Associate Professor, Computer Sciences; Carnegie Mellon University, PhD

Toyoko J. Orimoto

Assistant Professor, Physics; University of California, Berkeley, PhD

Jessica Ormsby

Assistant Cooperative Education Coordinator, College of Engineering; University of Massachusetts, Boston, MEd

Andrew Orr-Skirvin

Associate Clinical Professor, Pharmacy and Health Systems Sciences; University of Texas, Austin, PharmD

Sarah Ostadabbas

Assistant Professor, Electrical and Computer Engineering; University of Texas, Dallas, PhD

Timothy Ouillette

Associate Teaching Professor, Communication Studies; Art Institute of Boston, MFA

Jane Owens

Associate Professor, Pharmacy and Health Systems Sciences; Pennsylvania State University, PhD

Oyindasola O. Oyelaran

Teaching Professor, Chemistry and Chemical Biology; Harvard University, PhD

Yusuf Ozbek

Associate Teaching Professor, Graduate School of Engineering; Northeastern University, PhD

Daniel O'Brien

Associate Professor, Public Policy and Urban Affairs and Criminology and Criminal Justice; Binghamton University, PhD

Brian O'Connell

Assistant Teaching Professor, Engineering; Tufts University, PhD

Sean O'Connell

Assistant Academic Specialist, College of Professional Studies; University of Massachusetts, MA

Catherine O'Connor

Clinical Instructor, Nursing; Boston College, MS

George A. O'Doherty

Professor, Chemistry and Chemical Biology; Ohio State University, PhD

Russ O'Haver

Senior Academic Specialist, Accounting; University of New York, PhD

Peggy L. O'Kelly

Principal Lecturer, Accounting; University of Michigan, MBA

Donald M. O'Malley

Associate Professor, Biology; Harvard University, PhD

Donica O'Malley

Postdoctoral Teaching Associate, Communication Studies; University of Pittsburgh, PhD

Therese M. O'Neil-Pirozzi

Associate Professor, Communication Sciences and Disorders; Boston University, ScD

Taskin Padir

Associate Professor, Electrical and Computer Engineering; Purdue University, PhD

Robert K. Painter

Associate Teaching Professor, Linguistics; State University of New York, Buffalo, PhD

Himlona Palikhe

Assistant Teaching Professor, Graduate School of Engineering; Texas Tech University, PhD

Costas Panagopoulos

Professor, Political Science; New York University, PhD

Kwamina Panford

Associate Professor, Cultures, Societies, and Global Studies; Northeastern University, PhD

Themis Papageorge

Associate Clinical Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

Demetra Paparounas

Visiting Lecturer, Supply Chain and Information Management; Northeastern University, PhD

Harikrishnan Parameswaran

Assistant Professor, Bioengineering; Boston University, PhD

Serena Parekh McGushin

Associate Professor, Philosophy and Religion; Boston College, PhD

Jason Parente

Assistant Clinical Professor, Physician Assistant Program; Northeastern University, MS

Melissa Parenti

Assistant Teaching Professor, College of Professional Studies; University of Southern California, EdD

Chanhyun Park

Assistant Professor, Pharmacy and Health Systems Sciences; University of Texas, Austin, PhD

John Park

Clinical Instructor, Computer Sciences; Stanford University, MS

Andrea Parker

Assistant Professor, Computer Sciences and Health Sciences; Georgia Institute of Technology, PhD

Quannah Parker-McGowan

Assistant Teaching Professor, College of Professional Studies; University of Minnesota, PhD

Christopher Parsons

Assistant Professor, History; University of Toronto (Canada), PhD

Nikos Passas

Professor, Criminology and Criminal Justice; University of Edinburgh (Scotland), PhD

Rupal Patel

Professor, Communication Sciences and Disorders and Computer Sciences; University of Toronto (Canada), PhD

Dipu Patel-Junankar

Assistant Clinical Professor, Physician Assistant Program; University of Nebraska, MPAS

Mark R. Patterson

Professor, Marine and Environmental Sciences and Civil and Environmental Engineering; Harvard University, PhD

Koen Pauwels

Distinguished Professor, Marketing; University of California, Los Angeles, PhD

Michael Pavel

Professor of the Practice, Computer Sciences and Health Sciences; New York University, PhD

Spiro Pavlopoulos

Research Associate Professor, Center for Drug Discovery; Victorian College of Pharmacy, Melbourne (Australia), PhD

Virgiliu Pavlu

Associate Teaching Professor, Computer Sciences; Northeastern University, PhD

Nancy Pawlyshyn

Associate Teaching Professor, College of Professional Studies; Capella University, PhD

Celia Pearce

Associate Professor, Game Design; University of the Arts London (United Kingdom), PhD

Neal J. Pearlmutter

Associate Professor, Psychology; Massachusetts Institute of Technology, PhD

Melissa Pearson

Assistant Teaching Professor, Writing Program; University of South Carolina, PhD

Melissa Peiken

Associate Cooperative Education Coordinator, Khoury College of Computer Sciences; Emerson College, MEd

Matej Penciak

Zelevinsky Research Instructor, Mathematics; University of Illinois, Urbana-Champaign, PhD

Russell Pensyl

Professor, Art + Design; Western Michigan University, MFA

Diane Perez

Assistant Academic Specialist, College of Professional Studies; Salem State University, MEd

Ivan Petkov

Assistant Professor, Economics; Boston College, PhD

Courtney Pfluger

Assistant Teaching Professor, Chemical Engineering; Northeastern University, PhD

Susan E. Picillo

Senior Lecturer, Communication Studies; Cambridge College, MEd

Kelsey Pieper

Assistant Professor, Civil and Environmental Engineering; Virginia Polytechnic Institute and State University, PhD

Sara Pintado-Lopez

Associate Professor, Health Sciences; Universidad Carlos III de Madrid (Spain), PhD

Ameet Pinto

Assistant Professor, Civil and Environmental Engineering; Virginia Polytechnic Institute and State University, PhD

Maricla Pirozzi

Assistant Cooperative Education Coordinator, Graduate School of Engineering; European School of Economics (Italy), MBA

Leigh Plant

Research Associate Professor, Pharmaceutical Sciences; University of Leeds (United Kingdom), PhD

Harlan D. Platt

Professor, Finance; University of Michigan, PhD

Marjorie Platt

Professor, Accounting; University of Michigan, PhD

Robert Platt Jr.

Assistant Professor, Computer Sciences; University of Massachusetts, Amherst, PhD

Mya Poe

Associate Professor, English; University of Massachusetts, Amherst, PhD

Hermine Poghosyan

Assistant Professor, Nursing; University of Massachusetts, Boston, PhD

Ann Polcari

Associate Clinical Professor, Nursing; Boston College, PhD

Stephanie Pollack

Professor of the Practice, Public Policy and Urban Affairs; Harvard Law School, JD

Michael P. Pollastri

Professor, Chemistry and Chemical Biology; Brown University, PhD

Marius Popescu

Visiting Assistant Professor, Finance; Virginia Polytechnic Institute and State University, PhD

Hilary Poriss

Associate Professor, Music; University of Chicago, PhD

Gary Porter

Assistant Teaching Professor, Finance; University of South Carolina, PhD

Richard D. Porter

Professor, Mathematics; Yale University, PhD

Veronica L. Porter

Associate Professor, Cooperative Education, College of Science; Northeastern University, MEd

John Portz

Professor, Political Science; University of Wisconsin, Madison, PhD

Mary-Susan Potts-Santone

Teaching Professor, Biology; University of New Hampshire, PhD

Karen Pounds

Assistant Clinical Professor, Nursing; University of Rhode Island, PhD

Michael J. Power

Lecturer, Supply Chain and Information Management; Northeastern University, MBA

Edward Powers

Professor of the Practice, College of Professional Studies; Northeastern University, EdD

Susan G. Powers-Lee

Professor, Biology; University of California, Berkeley, PhD

Silvia Prina

Associate Professor, Economics; Boston University, PhD

Robert Prior

Associate Teaching Professor, College of Professional Studies; Nova Southeastern University, EdD

Robert Pritchard

Associate Teaching Professor, Economics; Northeastern University, PhD

Mark Prokosch

Associate Teaching Professor, Psychology; University of California, Davis, PhD

Sheila M. Puffer

Professor and University Distinguished Professor, International Business and Strategy; University of California, Berkeley, PhD

Zhenyun Qian

Research Assistant Professor, Electrical and Computer Engineering; Northeastern University, PhD

Simon Rabinovitch

Associate Professor, History and Jewish Studies; Brandeis University, PhD

Gordana Rabrenovic

Associate Professor, Sociology and Anthropology; State University of New York, Albany, PhD

John Rachlin

Assistant Teaching Professor, Computer Sciences; Boston University, PhD

Predrag Radivojac

Professor, Computer Sciences; Temple University, PhD

Rajmohan Rajaraman

Professor, Computer Sciences; University of Texas, Austin, PhD

Ravi Ramamurti

University Distinguished Chair Professor, International Business and Strategy; Harvard University, DBA

Valeria Ramdin

Assistant Clinical Professor, Nursing; Northeastern University, DNSc

Alireza Ramezani

Assistant Professor, Electrical and Computer Engineering; University of Michigan, PhD

Janet Randall

Professor, English; University of Massachusetts, Amherst, PhD

Aanjhan Ranganathan

Assistant Professor, Computer Sciences; ETH Zurich (Switzerland), PhD

Manish Ranjit

Assistant Teaching Professor, Mechanical and Industrial Engineering; Texas Tech University, PhD

Carey M. Rappaport

College of Engineering Distinguished Professor, Electrical and Computer Engineering; Massachusetts Institute of Technology, ScD

Ruth Raubitschek

Assistant Teaching Professor, Entrepreneurship and Innovation; Harvard University, PhD

Andrea Raynor

Teaching Professor, Art + Design; School of Visual Arts, MFA

Desislava Raytcheva

Assistant Teaching Professor, Biology; Northeastern University, PhD

Leena Razzaq

Assistant Teaching Professor, Computer Sciences; Worcester Polytechnic Institute, PhD

Joseph Reagle

Associate Professor, Communication Studies; New York University, PhD

Debra J. Reid

Associate Clinical Professor, Pharmacy and Health Systems Sciences; Northeastern University, PharmD

Imke Reimers

Assistant Professor, Economics; University of Minnesota, PhD

Karen Reiss Medwed

Associate Teaching Professor, College of Professional Studies; New York University, PhD

Marketa Rejtar

Assistant Clinical Professor, Nursing; Massachusetts General Hospital Institute of Health Professions, PhD

John R. Reynolds

Professor, Pharmacy and Health Systems Sciences; Duquesne University, PharmD

Karl Reynolds

Associate Teaching Professor, College of Professional Studies; University of Washington, PhD

Mahtab Rezvani

Assistant Academic Specialist, College of Professional Studies; California State University, Los Angeles, MA

Lesley A. Ricci

Associate Teaching Professor, Psychology; Northeastern University, PhD

Christopher Richardson

Assistant Teaching Professor, Biology; Boston University, PhD

Milda Richardson

Assistant Teaching Professor, Art + Design; Boston University, PhD

Megan Richmond

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Boston College, MEd

Janet S. Rico

Associate Clinical Professor, Nursing; Northeastern University, PhD

Mirek Riedewald

Associate Professor, Computer Sciences; University of California, Santa Barbara, PhD

Christoph Riedl

Assistant Professor, Supply Chain and Information Management and Computer Sciences; Technische Universität München (Germany), PhD

Justin B. Ries

Associate Professor, Marine and Environmental Sciences; Johns Hopkins University, PhD

Matteo Rinaldi

Associate Professor, Electrical and Computer Engineering; University of Pennsylvania, PhD

Christie Rizzo

Assistant Professor, Applied Psychology; University of Southern California, Los Angeles, PhD

Christina Roberts

Associate Cooperative Education Coordinator, D'Amore-McKim School of Business; Simmons College, MBA

Christopher J. Robertson

Professor, International Business and Strategy; Florida State University, PhD

Craig M. Robertson

Associate Professor, Media and Screen Studies; University of Illinois, Urbana-Champaign, PhD

William Robertson

Associate Professor, Computer Sciences and Electrical and Computer Engineering; University of California, Santa Barbara, PhD

Cordula Robinson

Teaching Professor, College of Professional Studies; University College London (United Kingdom), PhD

Hillary Robinson

Associate Professor, Law and Sociology and Anthropology; Massachusetts Institute of Technology, PhD; Harvard University, JD

Tracy L. Robinson Wood

Professor, Applied Psychology; Harvard University, EdD

Brian Robison

Assistant Teaching Professor, Music; Cornell University, DMA

David Rochefort

Distinguished Professor, Political Science; Brown University, PhD

Rachel Rodgers

Associate Professor, Applied Psychology; Université de Toulouse-Le Mirail (France), PhD

Kirsten Rodine Hardy

Associate Professor, Political Science; University of California, Berkeley, PhD

Rudy Rodsphon

Zelevinsky Research Instructor, Mathematics; Université Lyon 1 (France), PhD

Bruce Ronkin

Professor, Music; University of Maryland, DMA

Tayla Rose

Assistant Clinical Professor, Pharmacy and Health Systems Sciences; University of Connecticut, PharmD

Rebeca B. Rosengaus

Associate Professor, Marine and Environmental Sciences; Boston University, PhD

James R. Ross

Associate Professor, Journalism; American University, MA

Alexandra Roth

Associate Academic Specialist, International Business and Strategy; University of Frankfurt (Germany), PhD

Sara Rouhanifard

Assistant Professor, Bioengineering; Yeshiva University, PhD

Deya Roy

Postdoctoral Teaching Associate, Communication Studies; State University of New York, Amherst, MA

Jeffrey W. Ruberti

Professor, Bioengineering; Tulane University, PhD

Michael Ruff

Assistant Teaching Professor, Accounting; Bentley University, PhD

Timothy J. Rupert

Professor, Accounting; Pennsylvania State University, PhD

Ivan Rupnik

Associate Professor, Architecture; Harvard University, PhD

Bruce Russell

Associate Academic Specialist, Supply Chain and Information Management; National University of Ireland (Ireland), PhD

Hanai Sadaka

Associate Teaching Professor, Mathematics; Northeastern University, PhD

J. Timothy Sage

Associate Professor, Physics; University of Illinois, Urbana-Champaign, PhD

Vinod Sahney

University Distinguished Professor, Mechanical and Industrial Engineering; University of Wisconsin, Madison, PhD

Masoud Salehi

Associate Professor, Electrical and Computer Engineering; Stanford University, PhD

Carmel Salhi

Assistant Professor, Health Sciences; Harvard University, PhD

William Sanchez

Associate Professor, Applied Psychology; Boston University, PhD

Nada Sanders

Distinguished Professor of Supply Chain Management, Supply Chain and Information Management; Ohio State University, PhD

Tova Sanders

Associate Teaching Professor, College of Professional Studies; George Washington University, EdD

Ronald Sandler

Professor, Philosophy and Religion; University of Wisconsin, Madison, PhD

Erica Sands

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MS

John Sangster

Assistant Teaching Professor, Engineering; Virginia Polytechnic Institute and State University, PhD

Billye Sankofa Waters

Associate Teaching Professor, College of Professional Studies; University of North Carolina, Chapel Hill, PhD

Ravi Sarathy

Professor, International Business and Strategy; University of Michigan, PhD

Linda Sarkisian

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Lynn University, MBA

Mehrdad Sasani

Professor, Civil and Environmental Engineering; University of California, Berkeley, PhD

Ajay B. Satpute

Assistant Professor, Psychology; University of California, Los Angeles, PhD

Behrooz (Barry) Satvat

Associate Teaching Professor, Chemical Engineering; Massachusetts Institute of Technology, ScD

Stephen S. Savitsky

Assistant Cooperative Education Coordinator, College of Science; Marquette University, MA

Kevin Scanlon

Professor of the Practice, Entrepreneurship and Innovation; University of London (United Kingdom), PhD

Samuel V. Scarpino

Assistant Professor, Marine and Environmental Sciences and Physics; University of Texas, Austin, PhD

Carmen Sceppa

Professor, Health Sciences; Francisco Marroquin University (Guatemala), MD; Tufts University, PhD

Martin Schedlbauer

Associate Clinical Professor, Computer Sciences; University of Massachusetts, PhD

Gunar Schirmer

Associate Professor, Electrical and Computer Engineering; University of California, Irvine, PhD

Ralf W. Schlosser

Professor, Communication Sciences and Disorders; Purdue University, PhD

Walter Schnyder

Associate Teaching Professor, Computer Sciences; Swiss Federal Institute of Technology (Switzerland), PhD

Egon Schulte

Professor, Mathematics; University of Dortmund (Germany), PhD

Kathryn Schulte Grahame

Associate Teaching Professor, Engineering; Columbia University, PhD

Joseph Schwartz

Associate Teaching Professor, Communication Studies; University of Iowa, PhD

Martin Schwarz Jr.

Associate Professor, Mathematics; Courant Institute, PhD

Cody Scott

Assistant Professor, Computer Sciences; University of Maryland, PhD

Douglass Scott

Associate Teaching Professor, Art + Design; Yale University, MFA

Steven Scyphers

Assistant Professor, Marine and Environmental Sciences; University of South Alabama, PhD

Darcey Searles

Postdoctoral Teaching Associate, Communication Studies; Rutgers University, PhD

Max Sederer

Assistant Cooperative Education Coordinator, College of Engineering; Tufts University, MEd

Magy Seif El-Nasr

Associate Professor, Computer Sciences and Art + Design; Northeastern University, PhD

Ethan Selinger

Assistant Cooperative Education Coordinator, Khoury College of Computer Sciences; University of Massachusetts, Lowell, MS

Laura Senier

Assistant Professor, Sociology and Anthropology and Health Sciences; Brown University, PhD

Sumi Seo

Assistant Teaching Professor, Mathematics; University of Missouri, Columbia, PhD

Bahram Shafai

Professor, Electrical and Computer Engineering; George Washington University, ScD

Michael Shah

Lecturer, Computer Sciences; Tufts University, PhD

Rebecca M. Shansky

Assistant Professor, Psychology; Yale University, PhD

Harvey Shapiro

Clinical Professor, College of Professional Studies; Hebrew Union College, PhD

Ali Sharifkhani

Assistant Professor, Finance; University of Toronto (Canada), PhD

William T. Sharp

Assistant Teaching Professor, Psychology; Boston Graduate School of Psychoanalysis, PhD

Gavin M. Shatkin

Associate Professor, Public Policy and Urban Affairs and Architecture; Rutgers University, PhD

Dennis R. Shaughnessy

Senior Academic Specialist, Entrepreneurship and Innovation; University of Maryland, JD

Margaret Shea

Associate Cooperative Education Coordinator, D'Amore-McKim School of Business; Boston University, BLS

Thomas C. Sheahan

Professor, Civil and Environmental Engineering; Massachusetts Institute of Technology, ScD

Sandra Shefelbine

Associate Professor, Mechanical and Industrial Engineering and Bioengineering; Stanford University, PhD

Abhi Shelat

Associate Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

Paxton Sheldahl

Assistant Teaching Professor, Architecture; Harvard University, MArch

Eliot Sherman

Senior Lecturer, Finance; Bentley College, MST

H. David Sherman

Professor, Accounting; Harvard University, DBA

Amit Shesh

Associate Teaching Professor, Computer Sciences; University of Minnesota, Twin Cities, PhD

Shiaoming Shi

Assistant Teaching Professor, Bioengineering; University of Pittsburgh, PhD

Craig Shillaber

Assistant Teaching Professor, Civil and Environmental Engineering; Virginia Polytechnic Institute and State University, MS

Jennifer Shire

Assistant Cooperative Education Coordinator, Khoury College of Computer Sciences; Columbia University, MBA

Olin Shivers

Professor, Computer Sciences; Carnegie Mellon University, PhD

Mariya Shiyko

Associate Professor, Applied Psychology; City University of New York, PhD

Katy Shorey

Assistant Teaching Professor, Philosophy and Religion; University of Missouri, PhD

Catherine Showalter

Assistant Teaching Professor, College of Professional Studies; University of Utah, PhD

Aatmesh Shrivastava

Assistant Professor, Electrical and Computer Engineering; University of Virginia, Charlottesville, PhD

Milad Siami

Assistant Professor, Electrical and Computer Engineering; Lehigh University, PhD

Stephanie Sibicky

Assistant Clinical Professor, Pharmacy and Health Systems Sciences; University of Rhode Island, PhD

Brandon Sichling

Assistant Teaching Professor, Art + Design; Emerson College, MFA

Jose Sierra

Associate Teaching Professor, Computer Sciences; Universidad Carlos III de Madrid (Spain), PhD

Robert Sikes

Associate Professor, Physical Therapy, Movement, and Rehabilitation Sciences; University of Texas, Houston, PhD

Michael B. Silevitch

Robert Black Professor of Engineering and College of Engineering Distinguished Professor, Electrical and Computer Engineering; Northeastern University, PhD

Robert A. Silversmith

Zelevinsky Research Instructor, Mathematics; University of Michigan, PhD

Peter Simon

Teaching Professor, Economics; Northern Illinois University, PhD

Simon Singer

Professor, Criminology and Criminal Justice; University of Pennsylvania, PhD

Hanumant Singh

Professor, Electrical and Computer Engineering and Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

Rifat Sipahi

Professor, Mechanical and Industrial Engineering; University of Connecticut, PhD

Michail V. Sitkovsky

Eleanor W. Black Chair in Immunophysiology and Pharmaceutical Biotechnology and Professor, Institute for Tissue Damage and Biology; Moscow State University (Russia), PhD

Mark Sivak

Associate Teaching Professor, Art + Design and Engineering; Northeastern University, PhD

Louise A. Skinnari

Assistant Professor, Physics; University of California, Berkeley, PhD

Adrienne Slaughter

Lecturer, Computer Sciences; University of Washington, PhD

Nikolai Slavov

Assistant Professor, Bioengineering; Princeton University, PhD

Rory Smead

Ronald L. and Linda A. Rossetti Professor for the Humanities, Philosophy and Religion; University of California, Irvine, PhD

Emily Smedick

Assistant Cooperative Education Coordinator, College of Arts, Media and Design; Bowling Green State University, MA

Daryl Smith

Visiting Assistant Teaching Professor, Art + Design; Rhode Island School of Design, MFA

David A. Smith

Assistant Professor, Computer Sciences; Johns Hopkins University, PhD

Henry Smith

Assistant Teaching Professor, Physics; Northeastern University, PhD

Keith Smith

Assistant Professor, Marketing; University of Georgia, PhD

Matthew Smith

Associate Professor, Philosophy and Religion; University of North Carolina, Chapel Hill, PhD

Ronald Bruce Smith

Associate Professor, Music; University of California, Berkeley, PhD

Wendy A. Smith

College of Arts and Sciences Distinguished Associate Professor, Biology; Duke University, PhD

Eugene S. Smotkin

Professor, Chemistry and Chemical Biology; University of Texas, Austin, PhD

Bridget Smyser

Associate Teaching Professor, Mechanical and Industrial Engineering; Worcester Polytechnic Institute, PhD

Nancy P. Snyder

Associate Teaching Professor, Psychology; Harvard University, EdD

Dani Snyder-Young

Assistant Professor, Theatre; New State University, PhD

Claudia Sokol

Associate Teaching Professor, World Languages Center; University of Buenos Aires (Argentina), MD

Eduardo Sontag

University Distinguished Professor, Electrical and Computer Engineering and Bioengineering; University of Florida, PhD

Maria Sorenson

Visiting Clinical Instructor, Nursing; Northeastern University, MSN

Susan Soroka

Assistant Teaching Professor, Writing Program; Drew University, PhD

Nikolaos S. Soukos

Assistant Teaching Professor, Physics and Biology; University of Munich (Germany), PhD

Bert A. Spector

Associate Professor, International Business and Strategy; University of Missouri, PhD

Denise Spencer

Senior Lecturer, Supply Chain and Information Management; Boston College, PhD

Karen M. Spikes

Assistant Teaching Professor, Psychology; Cornell University, PhD

David Sprague

Lecturer, Computer Sciences; University of Victoria (Canada), PhD

Bryan Q. Spring

Assistant Professor, Physics; University of Illinois, Urbana-Champaign, PhD

Shelia Springer

Postdoctoral Teaching Associate, Communication Studies; University of Arizona, PhD

Srinivas Sridhar

University Distinguished Professor, Physics; California Institute of Technology, PhD

Kandarp Srinivasan

Assistant Professor, Finance; Washington University, St. Louis, PhD

Thomas Starr

Professor, Art + Design; Yale University, MFA

Joshua Stefanik

Assistant Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Boston University, PhD

Mary Steffel

Assistant Professor, Marketing; Princeton University, PhD; University of Florida, PhD

Leslie Stein

Assistant Teaching Professor, College of Professional Studies; United States International University, EdD

Armen B. Stepanyants

Associate Professor, Physics; University of Rhode Island, PhD

Jennie Stephens

Professor, Public Policy and Urban Affairs; California Institute of Technology, PhD

Dagmar Sternad

University Distinguished Professor, Biology and Electrical and Computer Engineering; University of Connecticut, PhD

Sebastian Stockman

Associate Teaching Professor, Writing Program; Emerson College, MFA

Milica Stojanovic

Professor, Electrical and Computer Engineering; Northeastern University, PhD

Michael Stone

Associate Teaching Professor, Economics; University of Connecticut, PhD

Jacob Stowell

Associate Professor, Criminology and Criminal Justice; State University of New York, Albany, PhD

Laney Strange

Associate Teaching Professor, Computer Sciences; Dartmouth College, PhD

Amy Stratman

Assistant Academic Specialist, College of Professional Studies; Simmons College, MA

Heather Streets-Salter

Professor, History; Duke University, PhD

Aron P. Stubbins

Associate Professor, Marine and Environmental Sciences and Civil and Environmental Engineering and Chemistry and Chemical Biology; Newcastle University (United Kingdom), PhD

Jacob Stump

Assistant Teaching Professor, Philosophy and Religion; University of Toronto (Canada), PhD

Ming Su

Professor, Chemical Engineering; Northwestern University, PhD

Fernando Suarez

Jean C. Tempel Professor, Entrepreneurship and Innovation; Massachusetts Institute of Technology, PhD

Alexandru I. Suci

Professor, Mathematics; Columbia University, PhD

Annemarie C. Sullivan

Clinical Instructor, Health Sciences; Northeastern University, MS

Denis Sullivan

Professor, Political Science and International Affairs; University of Michigan, PhD

Fareena Sultan

Professor, Marketing; Columbia University, PhD

Hao Sun

Assistant Professor, Civil and Environmental Engineering; Columbia University, PhD

Nian-Xiang Sun

Professor, Electrical and Computer Engineering; Stanford University, PhD

Ravi Sundaram

Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

Gloria Sutton

Associate Professor, Art + Design; University of California, Los Angeles, PhD

John D. Swain

Associate Professor, Physics; University of Toronto (Canada), PhD

Richard S. Swasey Jr.

Principal Lecturer, Finance; University of Virginia, MBA

Jacqueline F. Sweeney

Senior Cooperative Education Coordinator, College of Arts, Media and Design; Northeastern University, MS

Meredith O. Sweeney

Assistant Teaching Professor, Biology; Brandeis University, PhD

Nina Sylvanus

Associate Professor, Sociology and Anthropology; Ecole des Hautes Etudes en Sciences Sociales, Paris (France), PhD

Balazs Szelenyi

Associate Teaching Professor, College of Professional Studies; University of California, Los Angeles, PhD

Mario Szaier

Dennis Picard Trustee Professor, Electrical and Computer Engineering; University of Washington, PhD

Srinivas Tadigadapa

Professor, Electrical and Computer Engineering; Cambridge University (United Kingdom), PhD

Gilead Tadmor

Professor, Electrical and Computer Engineering; Weizmann Institute of Science (Israel), PhD

Paul Tagliamonte

Visiting Lecturer, Supply Chain and Information Management; Boston College, MS

David Tamés

Assistant Teaching Professor, Art + Design; Massachusetts College of Art and Design, MFA

Aysen Tanyeri-Abur

Associate Teaching Professor, Economics; Texas AM University, PhD

Peter Tarasewich

Assistant Teaching Professor, Supply Chain and Information Management; University of Connecticut, PhD

Mohammad E. Taslim

Professor, Mechanical and Industrial Engineering; University of Arizona, PhD

Tomasz R. Taylor

Professor, Physics; University of Warsaw (Poland), PhD

Kate Terrado

Visiting Assistant Teaching Professor, Art + Design; Northeastern University, MFA

Philip Thai

Assistant Professor, History; Stanford University, PhD

Ganesh Thakur

Associate Professor, Pharmaceutical Sciences; Institute of Chemical Technology (India), PhD

Corliss Thompson

Associate Teaching Professor, College of Professional Studies; University of North Carolina, Chapel Hill, PhD

Jamal Thorne

Assistant Teaching Professor, Art + Design; Northeastern University, MFA

George Thrush

Professor, Architecture; Harvard University, MArch

Jonathan L. Tilly

University Distinguished Professor, Biology; Rutgers University, PhD

Jodi Tims

Professor of the Practice, Computer Sciences; University of Pittsburgh, PhD

Frank Tip

Professor, Computer Sciences; University of Amsterdam (Netherlands), PhD

Lisa J. Tison-Thomas

Assistant Cooperative Education Coordinator, College of Science; Emmanuel College, MA

Devesh Tiwari

Assistant Professor, Electrical and Computer Engineering; North Carolina State University, PhD

Yustianto Tjiptowidjojo

Assistant Teaching Professor, Mechanical and Industrial Engineering; Mississippi State University, PhD

Gordana G. Todorov

Professor, Mathematics; Brandeis University, PhD

Alessio Tognetti

Assistant Academic Specialist, World Languages Center; University of Washington, MA

Valerio Toledano Laredo

Professor, Mathematics; University of Cambridge (United Kingdom), PhD

Michael Tolley

Associate Professor, Political Science; Johns Hopkins University, PhD

Peter Y. Topalov

Professor, Mathematics; Moscow State University (Russia), PhD

Vladimir P. Torchilin

University Distinguished Professor, Pharmaceutical Sciences; Moscow State University (Russia), PhD, DSc

Ali Touran

Professor, Civil and Environmental Engineering; Stanford University, PhD

Emery A. Trahan

Professor, Finance; State University of New York, Albany, PhD

Robert Triest

Professor, Economics; University of Wisconsin, Madison, PhD

Stavros Tripakis

Associate Professor, Computer Sciences; Joseph Fourier University (France), PhD

Andrew Trotman

Assistant Professor, Accounting; Bond University (Australia), PhD

Geoffrey C. Trussell

Professor, Marine and Environmental Sciences; College of William and Mary, PhD

Kumiko Tsuji

Associate Teaching Professor, World Languages Center; Georgetown University, PhD

Nathaniel Tuck

Lecturer, Computer Sciences; University of Massachusetts, Lowell, PhD

Eugene Tunik

Associate Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Rutgers University, PhD

Berna Turam

Professor, International Affairs and Sociology and Anthropology; McGill University (Canada), PhD

Esther Tutella-Chen

Assistant Academic Specialist, College of Professional Studies; Vanderbilt University, MEd

Rafael Ubal Tena

Assistant Teaching Professor, Electrical and Computer Engineering; Universidad Politecnica de Valencia (Spain), PhD

Jonathan Ullman

Assistant Professor, Computer Sciences; Harvard University, PhD

Annique Un

Associate Professor, International Business and Strategy; Massachusetts Institute of Technology, PhD

Christopher Unger

Associate Teaching Professor, College of Professional Studies; Harvard University, EdD

Mariko Uno

Assistant Teaching Professor, World Languages Center; Georgetown University, PhD

Steven R. Untersee

Assistant Teaching Professor, Biology; Tufts University, PhD

Moneesh Upmanyu

Professor, Mechanical and Industrial Engineering; University of Michigan, PhD

Steven Vallas

Professor, Sociology and Anthropology; Rutgers University, PhD

Jenny A. Van Amburgh

Clinical Professor, Pharmacy and Health Systems Sciences; Albany College of Pharmacy, PharmD

Jan-Willem Van De Meent

Assistant Professor, Computer Sciences; Leiden University (Netherlands), PhD

Anne L. Van De Ven-Moloney

Research Assistant Professor, Physics; Rice University, PhD

Maria Van Pelt

Associate Clinical Professor, Nursing; Villanova University, DNSc

Kathleen Vander Laan

Associate Cooperative Education Coordinator, Khoury College of Computer Sciences; Salem State University, MBA

Ashkan Vaziri

Professor, Mechanical and Industrial Engineering; Northeastern University, PhD

Elaine Vejar

Assistant Academic Specialist, College of Professional Studies; University of Massachusetts, Lowell, MS

Oana Veliche

Assistant Teaching Professor, Mathematics; Purdue University, PhD

Venkata Vemuri

Research Assistant Professor, Pharmaceutical Sciences; Osmania University (India), PhD

Vivek Venkatachalam

Assistant Professor, Physics; Harvard University, PhD

Madhavi Venkatesan

Assistant Teaching Professor, Economics; Vanderbilt University, PhD

Anand Venkateswaran

Associate Professor, Finance; Georgia State University, PhD

Ferdinand Vesely

Lecturer, Computer Sciences; Swansea University (United Kingdom), PhD

Alessandro Vespignani

Sternberg Family Distinguished University Professor, Physics and Health Sciences and Computer Sciences; University of Rome La Sapienza (Italy), PhD

Gustavo Vicentini

Associate Teaching Professor, Economics; Boston University, PhD

Thomas Vicino

Professor, Political Science and Public Policy and Urban Affairs; University of Maryland, PhD

Emanuele Viola

Associate Professor, Computer Sciences; Harvard University, PhD

Jan Vitek

Professor, Computer Sciences; University of Geneva (Switzerland), PhD

Olga Vitek

Sy and Laurie Sternberg Interdisciplinary Associate Professor, Computer Sciences and Chemistry and Chemical Biology; Purdue University, PhD

Triet Vo Huu

Research Assistant Professor, Computer Sciences; Northeastern University, PhD

Steven V. Vollmer

Associate Professor, Marine and Environmental Sciences; Harvard University, PhD

Robert J. Volpe

Associate Professor, Applied Psychology; Lehigh University, PhD

Erik Voss

Associate Teaching Professor, College of Professional Studies; Iowa State University, PhD

Sara Wadia-Fascetti

Professor, Civil and Environmental Engineering; Stanford University, PhD

Nancy Waggoner

Associate Cooperative Education Coordinator, Pharmaceutical Sciences; Suffolk University, JD

Thomas Wahl

Associate Professor, Computer Sciences; University of Texas, Austin, PhD

Thomas E. Wales

Research Associate Professor, Chemistry and Chemical Biology; Duke University, PhD

Cheryl Walker

Professor of the Practice, College of Professional Studies; George Washington University, PhD

Jacob Walker

Assistant Cooperative Education Coordinator, College of Engineering; Northeastern University, MS

Louise Walker

Associate Professor, History; Yale University, PhD

Byron Wallace

Assistant Professor, Computer Sciences; Tufts University, PhD

Rachel Walsh

Assistant Cooperative Education Coordinator, College of Engineering; Suffolk University, MS

Robin Walters

Zelevinsky Research Instructor, Psychology; University of Chicago, PhD

Suzanna Walters

Professor, Women's, Gender, and Sexuality Studies and Sociology and Anthropology; City University of New York, PhD

Richard Wamai

Associate Professor, Cultures, Societies, and Global Studies; University of Helsinki (Finland), PhD

Kai-tak Wan

Professor, Mechanical and Industrial Engineering; University of Maryland, College Park, PhD

Lu Wang

Assistant Professor, Computer Sciences; Cornell University, PhD

Ming Wang

College of Engineering Distinguished Professor, Civil and Environmental Engineering; University of New Mexico, PhD

Qi Wang

Assistant Professor, Civil and Environmental Engineering; Virginia Polytechnic Institute and State University, PhD

Yanzhi Wang

Assistant Professor, Electrical and Computer Engineering; University of Southern California, PhD

Meni Wanunu

Associate Professor, Physics; Weizmann Institute of Science (Israel), PhD

Robert J. Ward

Lecturer, Music; University of California, San Diego, MA

Oliver Wason

Visiting Assistant Teaching Professor, Theatre; Yale University, MFA

Gregory Wassall

Associate Professor, Economics; Rutgers University, PhD

Barbara L. Waszczak

Professor, Pharmaceutical Sciences; University of Michigan, PhD

Maureen Watkins

Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

Natalya Watson

Associate Teaching Professor, College of Professional Studies; University of Colorado, Denver, PhD

Dov Waxman

Professor, Political Science and International Affairs and Jewish Studies; Johns Hopkins University, PhD

Rebecca Webb

Assistant Cooperative Education Coordinator, College of Engineering; Boston College, MA

Thomas J. Webster

Arthur W. Zafiropoulos Professor, Chemical Engineering; Rensselaer Polytechnic Institute, PhD

Vanessa Wei

Assistant Teaching Professor, World Languages Center; University of Iowa, MA

Liza Weinstein

Associate Professor, Sociology and Anthropology; University of Chicago, PhD

Michael Weintraub

Associate Clinical Professor, Computer Sciences; Ohio State University, PhD

Jonathan Weitsman

Robert G. Stone Professor, Mathematics; Harvard University, PhD

Brooke Welles

Associate Professor, Communication Studies; Northwestern University, PhD

Mark Wells

Visiting Lecturer, Philosophy and Religion; Bowling Green State University, PhD

Brandon Welsh

Professor, Criminology and Criminal Justice; University of Cambridge (United Kingdom), PhD

Edward G. Wertheim

Associate Professor, Management and Organizational Development; Yeshiva University, PhD

Richard West

Associate Professor, Chemical Engineering; University of Cambridge (United Kingdom), PhD

Alan West-Durán

Associate Professor, Cultures, Societies, and Global Studies; New York University, PhD

Rebecca Westerling

Assistant Cooperative Education Coordinator, College of Social Sciences and Humanities; Boston College, MA

Richard Whalen

Teaching Professor, Engineering; Northeastern University, PhD

Maggie Whitehead

Assistant Cooperative Education Coordinator, Computer Sciences; Boston University, MEd

Susan Whitfield-Gabrieli

Professor, Psychology; University of California, Berkeley, PhD

Paul C. Whitford

Associate Professor, Physics; University of California, San Diego, PhD

John Whitney

Assistant Professor, Mechanical and Industrial Engineering; Harvard University, PhD

Daniel Wicks

Assistant Professor, Computer Sciences; New York University, PhD

Peter H. Wiederspahn

Associate Professor, Architecture; Harvard University, MArch

John Wihbey

Assistant Professor, Journalism; Columbia University, MS

Ronald J. Willey

Professor, Chemical Engineering; University of Massachusetts, Amherst, PhD

Brian R. Williams

Zelevinsky Research Instructor, Mathematics; Northwestern University, PhD

Kristy H. Williams

Assistant Clinical Professor, Nursing; Gardner-Webb University, PhD

Mark C. Williams

Professor, Physics; University of Minnesota, PhD

Stephen Williams

Associate Cooperative Education Coordinator, College of Social Sciences and Humanities; Suffolk University, JD

Tiffani Williams

Professor of the Practice, Computer Sciences; University of Central Florida, PhD

Christo Wilson

Assistant Professor, Computer Sciences; University of California, Santa Barbara, PhD

Sheila Winborne

Assistant Teaching Professor, Philosophy and Religion; Harvard University, PhD

Eric Winter

Assistant Cooperative Education Coordinator, College of Social Sciences and Humanities; Northeastern University, MS

Frederick Wiseman

Professor, Supply Chain and Information Management; Cornell University, PhD

Pamela Wojnar

Assistant Teaching Professor, College of Professional Studies; University of Sports Academy, EdD

John Wolfe

Associate Teaching Professor, College of Professional Studies; Columbia University, EdD

Lok Sang (Lawson) Wong

Assistant Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

Darien Wood

Professor, Physics; University of California, Berkeley, PhD

Dori C. Woods

Assistant Professor, Biology; University of Notre Dame, PhD

Adam Woolley

Associate Clinical Professor, Pharmacy and Health Systems Sciences; Massachusetts College of Pharmacy, PharmD

Benjamin Woolston

Assistant Professor, Chemical Engineering; Massachusetts Institute of Technology, PhD

Lisa Worsh

Senior Cooperative Education Coordinator, College of Social Sciences and Humanities; Bridgewater State College, MEd

Shu-Shih Y. Wu

Assistant Teaching Professor, Mathematics; Northeastern University, PhD

Sara A. Wylie

Assistant Professor, Sociology and Anthropology and Health Sciences; Massachusetts Institute of Technology, PhD

Xia Xiao

Assistant Professor, Accounting; University of Arizona, PhD

Wei Xie

Assistant Professor, Mechanical and Industrial Engineering; Northwestern University, PhD

Mofei Xu

Assistant Cooperative Education Coordinator, College of Engineering; Northeastern University, MA

Shiawee X. Yang

Associate Professor, Finance; Pennsylvania State University, PhD

Lichuan Ye

Associate Professor, Nursing; University of Pennsylvania, DNSc

Mishac K. Yegjian

College of Engineering Distinguished Professor, Civil and Environmental Engineering; Massachusetts Institute of Technology, PhD

Edmund Yeh

Professor, Electrical and Computer Engineering; Massachusetts Institute of Technology, PhD

Boris Yelin

Assistant Teaching Professor, World Languages Center; Purdue University, PhD

Benjamin Yelle

Assistant Teaching Professor, Philosophy and Religion; University of Miami, PhD

Sheng-Che Yen

Assistant Professor, Physical Therapy, Movement, and Rehabilitation Sciences; New York University, PhD

Caglar Yildirim

Assistant Teaching Professor, Computer Sciences; Iowa State University, PhD

Mark L. Yorra

Senior Cooperative Education Coordinator, Pharmacy and Health Systems Sciences; Northeastern University, EdD

Gary Young

Professor, International Business and Strategy and Health Sciences; State University of New York, Buffalo, PhD

Lydia Young

Associate Teaching Professor, College of Professional Studies; Boston College, PhD

Neal Young

Teaching Professor, Computer Sciences; Princeton University, PhD

Sara C. Young-Hong

Clinical Instructor, Communication Sciences and Disorders; University of Pittsburgh, MA

Qi (Rose) Yu

Assistant Professor, Computer Sciences; University of Southern California, Los Angeles, PhD

Shuishan Yu

Associate Professor, Architecture; University of Washington, PhD

Jennifer Yule

Associate Academic Specialist, Marketing; Glasgow Caledonian University (Scotland), PhD

Nizar Zaarour

Assistant Teaching Professor, Supply Chain and Information Management; Northeastern University, PhD

Michelle Zaff

Associate Cooperative Education Coordinator, College of Social Sciences and Humanities; Suffolk University, JD

Christos Zahopoulos

Associate Professor, College of Professional Studies; Northeastern University, PhD

Carl Zangerl

Associate Teaching Professor, College of Professional Studies; University of Illinois, PhD

Victor Zappi

Assistant Professor, Music; Istituto Italiano di Tecnologia, Università degli studi di Genova (Italy), PhD

Alan J. Zaremba

Associate Professor, Communication Studies; State University of New York, Buffalo, PhD

Daniel Zedek

Professor of the Practice, Journalism; Columbia University, BA

Michele C. Zee

Assistant Teaching Professor, Behavioral Neuroscience; University of Oregon, PhD

Ibrahim Zeid

Professor, Mechanical and Industrial Engineering; University of Akron, PhD

David P. Zgarrick

Professor, Pharmacy and Health Systems Sciences; Ohio State University, PhD

Ke Zhang

Associate Professor, Chemistry and Chemical Biology; Washington University, St. Louis, PhD

Yang Zhang

Professor, Civil and Environmental Engineering; University of Iowa, PhD

Yue May Zhang

Associate Professor, Accounting; University of Pittsburgh, PhD

Kungcheng Zheng

Assistant Professor, Finance; University of Michigan, PhD

Yi Zheng

Associate Professor, Mechanical and Industrial Engineering; Columbia University, PhD

Ting Zhou

Associate Professor, Mathematics; University of Washington, PhD

Xiaomu Zhou

Assistant Teaching Professor, College of Professional Studies; University of Michigan, PhD

Zhaohui S. Zhou

Professor, Chemistry and Chemical Biology; Scripps Research Institute, PhD

Hongli Zhu

Assistant Professor, Mechanical and Industrial Engineering; South China University of Technology (China), PhD

Sali Ziane

Associate Teaching Professor, World Languages Center; University of Paris XIII (France), PhD

Nathaniel Ziegler

Assistant Cooperative Education Coordinator, College of Engineering; Indiana University of Pennsylvania, MEd

Katherine S. Ziemer

Professor, Chemical Engineering; West Virginia University, PhD

Emily Zimmerman

Assistant Professor, Communication Sciences and Disorders; University of Kansas, PhD

Gregory Zimmerman

Associate Professor, Criminology and Criminal Justice; State University of New York, Albany, PhD

Kathrin Zippel

Professor, Sociology and Anthropology; University of Wisconsin, Madison, PhD

Steven Zoloth

Professor, Health Sciences; University of Pennsylvania, PhD

Elizabeth Zulick

Assistant Teaching Professor, College of Professional Studies; Boston University, PhD

Ronald Zullo

Senior Lecturer, Accounting; Bentley University, MS

Günther K. H. Zupanc

Professor, Biology; University of California, San Diego, PhD; University of Tübingen (Germany), Dr. rer. nat. habil.

Statements of Accreditation and State Authorization

Accreditation

Northeastern University has maintained its status as a member in good standing of the New England Commission of Higher Education, Inc. (NECHE), previously New England Association of Schools and Colleges (NEASC), since it was awarded its initial accreditation in 1940. The university was last reviewed by NECHE in 2018 and will be reviewed again in fall 2028.

Northeastern University possesses degree-granting authority in Massachusetts, under the auspices of the Massachusetts Board of Higher Education.

Program	Accrediting Agency
Northeastern University	New England Commission of Higher Education, Inc. (NECHE)
Bouvé College of Health Sciences	
BS Health Science	Council on Education for Public Health
MS Speech-Language Pathology and Audiology	Council on Academic Accreditation in Audiology and Speech-Language Pathology (CAA) of the American Speech-Language-Hearing Association (ASHA), Massachusetts Board of Elementary and Secondary Education ¹
BSN	Commission on Collegiate Nursing Education (CCNE) and Massachusetts Board of Registration in Nursing ²
BSN, Accelerated Program for Second Degree Students	Commission on Collegiate Nursing Education (CCNE) and Massachusetts Board of Registration in Nursing ²
BSN, Accelerated Program for Second Degree Students	Commission on Collegiate Nursing Education (CCNE) and North Carolina Board of Nursing ³

School of Law

JD	American Bar Association; Association of American Law Schools ⁵
----	--

- ¹ The Massachusetts Board of Education approves (not accredits) programs.
- ² The Massachusetts Board of Registration in Nursing approves (not accredits) programs.
- ³ The North Carolina Board of Nursing approves (not accredits) programs.
- ⁴ Accredited under the aegis of the “sponsoring” full-time college.
- ⁵ The Association of American Law Schools is an elected membership organization, not an accrediting body.

State Approvals, Authorizations, and Exemptions

Some states require that universities authorized to operate in their state make public disclosures. See the corresponding addendum on the Online and Graduate Professional Degree Programs website (<http://www.northeastern.edu/online/about-northeastern-online/state-agreements.php>) for up-to-date, state-prescribed regulatory information applicable to all degree levels.

General Information

The *Northeastern University Catalog* contains the university's primary statements about approved academic programs and degree requirements, as authorized by the president or the Board of Trustees.

The *Northeastern University Catalog* contains current information about the university calendar, admissions, degree requirements, fees, and regulations; however, such information is not intended and should not be regarded to be contractual.

Accreditation. Northeastern University is accredited (by the New England Commission of Higher Education, Inc.

Delivery of Services. Northeastern University assumes no liability for delay or failure to provide educational or other services or facilities due to causes beyond its reasonable control. Causes include, without limitation,

power failure, fire, strikes by university employees or others, damage by natural elements, and acts of public authorities. The university will, however, exert reasonable efforts, when it judges them to be appropriate, to provide comparable services, facilities, or performance; but its inability or failure to do so shall not subject the university to liability.

Northeastern University reserves the sole right to promulgate and change rules and regulations and to make changes of any nature in its program; calendar; admissions policies, procedures, and standards; degree requirements; fees; and academic schedule whenever necessary or desirable, including, without limitation, changes in course content and class schedule, the cancellation of scheduled classes and other academic activities, and the substitution of alternatives for scheduled classes and other academic activities. In any such case, the university will give whatever notice is reasonably practical.

Northeastern University will endeavor to make available to its students a fine education and a stimulating and congenial environment. However, the quality and rate of progress of an individual's academic career and professional advancement upon completion of a degree or program are largely dependent on his or her own abilities, commitment, and effort. In many professions and occupations, there are also requirements imposed by federal and state statutes and regulatory agencies for certification or entry into a particular field. These requirements may change while a student is enrolled in a program and may vary from state to state or country to country. Although the university stands ready to help its students find out about requirements and changes in them, it is the student's responsibility to initiate the inquiry.

Tuition Default Policy. In cases where the student defaults on his or her tuition, the student shall be liable for the outstanding tuition and all reasonable associated collection costs incurred by the university, including attorneys' fees.

Emergency Closing of the University. Northeastern University posts emergency announcements, including news of weather-related closings, on its homepage (<http://www.northeastern.edu>) and notifies members of the community individually through the NU ALERT system. In addition, the university has made arrangements to notify students, faculty, and staff by radio and television when it becomes necessary to cancel classes because of extremely inclement weather. AM stations WBZ (1030), WILD (1090), and WRKO (680), and FM station WBUR (90.9), are the radio stations authorized to announce the university's decision to close. Television stations WBZ-TV4, WCVB-TV5, and WHDH-TV7 will also report cancellations. Since instructional television courses originate from live or broadcast facilities at the university, neither the classes nor the courier service operates when the university is closed. Please listen to the radio or television to determine whether the university will be closed.

If a storm occurs at night, the announcement of university closing is given to the radio stations at approximately 6 a.m. Classes are generally canceled for that entire day and evening at all campus locations unless stated otherwise. When a storm begins late in the day, cancellations of evening classes may be announced. This announcement is usually made between 2 and 3 p.m.

Equal Opportunity Policy. Northeastern University does not discriminate on the basis of race, color, religion, sex, sexual orientation, age, national origin, disability, or veteran status in admission to, access to, treatment in, or employment in its programs and activities. In addition, Northeastern University will not condone any form of sexual harassment. Handbooks containing the university's nondiscrimination policies and its grievance procedures are available in the Office of Institutional Diversity and

Inclusion, 125 Richards Hall. Inquiries regarding the university's nondiscrimination policies may be directed to:

Office of Institutional Diversity and Inclusion
125 Richards Hall
Northeastern University
Boston, Massachusetts 02115
617.373.2133

Inquiries concerning the application of nondiscrimination policies may also be referred to the:

Regional Director
Office for Civil Rights
U.S. Department of Education
8th Floor
5 Post Office Square
Boston, MA 02109-3921

Disability Resource Center. The Disability Resource Center provides a variety of disability-related services and accommodations to Northeastern University's students and employees with disabilities.

Northeastern University's compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 are coordinated by the senior director of the Disability Resource Center. Persons requiring information regarding the Disability Resource Center should contact the center at 617.373.2675 or, if using TTY, via Relay 711.

Family Educational Rights and Privacy Act. In accordance with the Family Educational Rights and Privacy Act of 1974, Northeastern University permits its students to inspect their records wherever appropriate and to challenge specific parts of them when they feel it is necessary to do so. Specific details of the law as it applies to Northeastern are printed in the *Undergraduate Student Handbook* and *Graduate Student Handbook* and are distributed annually at registration for the university's colleges and graduate schools.

Cleary Act. Northeastern is committed to assisting all members of the university community in providing for their own safety and security. Information regarding campus security and personal safety, including topics such as crime prevention, university police law enforcement authority, crime reporting policies, crime statistics for the most recent three-year period, and disciplinary procedures, is available upon request from the Northeastern University Director of Public Safety, 360 Huntington Avenue, Boston, MA 02115, or by calling 617.373.2696.

Persistence Rates under the Student Right-to-Know Act. In the fall of 2018, the persistence rate for undergraduate students who entered in the fall 2017 cohort was 96.6% percent.

Mission Statement:

To educate students for a life of fulfillment and accomplishment.
To create and translate knowledge to meet global and societal needs.

About Sample Curricula	52	Architectural Studies, BS	57
Academic Honors	35	Architecture and English, BS	60
Academic Integrity Policy	29	Architecture and English, BS	60
Academic Policies and Procedures	29	Architecture and Graphic and Information Design, BS	62
Academic Progression Standards	36	Architecture and Graphic and Information Design, BS	62
Accelerated Bachelor/Graduate Degree Programs	285	Architecture, BS	55
Accelerated Bachelor/Graduate Degree Programs	390	Argumentation and Law, Minor	169
Accelerated Bachelor/Graduate Degree Programs	462	Army, Air Force, and Navy Reserve Officers' Training Corps (ROTC) Programs	51
Accelerated Bachelor/Graduate Degree Programs	520	Art + Design	72
Accelerated Bachelor/Graduate Degree Programs	701	Art, BA	73
Accelerated Bachelor/Graduate Degree Programs	1065	Art History, Minor	116
Accommodations for Students with Disabilities	20	Art, Minor	115
Accommodations for Students with Disabilities	29	Asian Studies	711
Accounting	275	Asian Studies, BA	712
Additional Requirements for BA Students	45	Attendance Requirements	29
Admission	12	Bachelor of Science in Business Administration, BSBA	241
Admission Policy and Entrance Requirements	12	Bachelor of Science in International Business, BSIB	243
African Studies, Minor	750	Behavioral Neuroscience	523
Africana Studies, BA	732	Behavioral Neuroscience and Philosophy, BS	526
Africana Studies, BS	742	Behavioral Neuroscience and Philosophy, BS	526
