

**New College of the Humanities**  
**Curriculum for the College of Engineering**

This course map outlines the academic program of study, per college and major, for students attending the Global Quest Program. Students will register for Spring classes in November 2022. All students will be enrolled in a full course load. *Please note, all courses may be subject to change.*

**Resources**

- **NUpath.** For more information on Northeastern's Core Curriculum, please refer to the NUpath website: <https://www.northeastern.edu/core/>
- **Course descriptions.** Please refer to the guide on our website: <https://geo.northeastern.edu/programs/global-quest/>
- **Academic Advising.** Your course selections are designed to match the curriculum for your chosen college and major. Students should consult their NU academic advising office in October/November regarding their Spring classes.
- **Add/drop.** Once class begins, students may request a course change with their host institution during the add/drop period. However, students are discouraged from adding or dropping courses once they arrive on site because you've already discussed and confirmed spring classes with your NU academic advising office. Any changes to course registration after arrival may negatively impact academic progress, so it is not recommended.

**Majors: All Majors**

| GLOBAL LEARNING COURSE                                                                                                                                                                                                                                                   | NU COURSE EQUIVALENTS                                                 | NUPATH | NU CREDITS     |

\* If selected as the culture course, students must select an alternative from the elective courses.

◊ Course has a prerequisite. See Course Description Guide for more details.

† CHEM 1162 (lab) is required only for pre-health College of Engineering students. All other Engineering students do not need to take CHEM 1162.
