

N.U.in at the University of Glasgow

Visa Guide 2022 *(for programmes less than 6 months in duration)*

Non-Visa Nationals Guide

This information is for U.S. citizens and other non-visa national students who do not require a visa, if their course of study is up to six months in duration. **IF YOU REQUIRE A VISA**, please refer to our Visa-Required Nationals Guide.

Do I need a visa for N.U.in at the U of Glasgow?

If you are a U.S. citizen or have a passport issued by a **non-visa national country** and plan to study on a programme (such as The N.U.in at the U of Glasgow program) for up to six months, then you can request entry to the UK as [a Standard Visitor](#) on arrival in the UK and you do not need to apply for a visa. However, there are still some requirements that you will need to meet.

How can I check if I require a visa?

All students should check to see if they need to obtain a UK visa prior to travelling to the UK or if they can obtain the appropriate permission at the UK border. You can check [here](#) if you require a visa to enter the UK as a study abroad student for up to six months. This tool also provides an overview of the applicable visa process and details about supporting documentation requirements.

Can I work or extend my visitor permissions in the UK?

Students entering the UK as Standard Visitors will not be allowed to work. They cannot claim benefits or have recourse to public funds and cannot extend their stay beyond six months from within the UK. You must leave the UK upon completion of your course and will likely need to apply for a visa from your country of nationality for any further studies.

What if I hold a European Union (EU) / European Economic Area (EEA) / Swiss passport?

Post Brexit and under the new immigration rules, all EU, EEA and Swiss nationals are considered non-visa nationals for a visit to the UK for up to six months. Therefore, the same non-visa national immigration rules apply to the EU, EEA or Swiss nationals. This means they do not need to apply for a visa from their home country if they are coming to the UK to study on a course for up to six months. EU, EEA and Swiss nationals can also apply to enter as [a Standard Visitor](#) on arrival to the UK to study a course for up to six months.

COVID-19 related requirements

These requirements are changing regularly so please ensure that you are aware of the prevailing requirements prior to travel. Current Covid-19 related travel regulations and requirements can be found [here](#). The Scottish Government often has differing regulations and guidance, particularly around Covid-19, you can check the website [here](#).

Entry to the UK

If you plan to enter the UK as a Standard Visitor, which allows you to study with a program for up to six months, then you can obtain the appropriate permissions on arrival in the UK. You can use the e-gates if you are eligible – further information can be found [here](#), however you may still be directed to see an Immigration Officer.

These documents should be carried with you on entry to the UK, in order to satisfy the immigration requirements at the point of entry and if requested by an Immigration Officer. **Please note that the below list is not exhaustive.** All students should confirm supporting documentation requirements directly with the British consular authority responsible for their country of residence.

Genuine Visitor Requirements

All visitors to the UK must satisfy the genuine visitor requirements. This means that:

- You will leave the UK at the end of your visit;
- You must not intend to live in the UK for extended periods through frequent or successive visits. You must also not intend to make the UK your main home. The [visitor guidance](#) lists factors such as the number of visits that you have made over the last twelve months, including the length of stay on each occasion in assessing whether or not your visits to the UK are frequent and successive;
- You must be genuinely seeking to enter the UK for a purpose and activity permitted as a visitor;
- You must not undertake any of the prohibited activities for a visitor. See [Prohibited activities](#);
- You must have enough money to support yourself whilst you are in the UK. This includes the cost of your return or onward journey and any permitted activities that you have planned. You will not be able to work or access public funds in order to support yourself. In assessing this requirement, the [visitor guidance](#) states that your income and savings will be looked at minus any financial commitments that you have. The remaining sum must be sufficient to meet the likely costs that you will incur in the UK and also your reasonable expenditure. Please see [Prohibited activities](#) for further details. You can rely on another person to help you demonstrate that you have sufficient funds to cover your travel, maintenance and accommodation whilst in the UK. You must have a genuine professional or personal relationship with this person however, and they cannot be in breach of any immigration laws at the time the decision on your application is made or by the time you wish to enter the UK as a visitor. This person must also be able to support you for the duration of your visit;
- Any funds that you wish to rely upon must be held in a financial institution permitted under [FIN 2.1 in Appendix Finance](#)
