Getting Started

The Coeus database contains records of submitted proposals and awards, along with related attachments from each module. ePaws attachments are sent to the Coeus Institute Proposal Module, and award attachments are saved in the Coeus Awards Module. For users familiar with Coeus Development Proposal Module, the precursor to ePaws, attachments saved in that module still exist in the database.

The Coeus Awards Module in Coeus Lite is available for users to see a summary of the Award information, and to have access to attachments from all modules.

To view the Awards Module summary and related attachments, log into <u>Coeus Lite</u> using your MyNortheastern username and password and click on 'My Awards' on the top toolbar:

Using the Coeus Lite Award Module

1. The list of awards presented are only those related to the logged in user; Export the dashboard result to Excel to easily search/sort your summary list of awards:
