NU-RES Admin Updates

NIST Launches New iEdison System for Reporting Federally Funded Inventions:

- NIH system shut down on Aug. 2, 2022.
- The updated iEdison system includes a modernized user interface.
- New messaging features make it easier to communicate with funding agencies.
- Expanded application programming interface (API) that will allow organizations to automate some reporting tasks.
- Integrated with information systems at the U.S. Patent and Trademark Office for easier updating of patent information.

NU-RES Admin Updates

Ensuring Free, Immediate, & Equitable Access to Federally Funded Research:

- Federal agencies must update their public access policies ASAP, and no later than December 31, 2025, to make publications and their supporting data resulting from federally funded research publicly accessible without an embargo on their free and public release
- Inside Higher Ed article:
"Who'll Pay for Public Access to Federally Funded Research?"

NU-RES Admin Updates

Department of Energy Update:

- Beginning in FY 2023, all DOE Office of Science FOAs and DOE National Lab Announcements and other funding solicitations will require applicants to submit a Promoting Inclusive and Equitable Research (PIER) Plan as an appendix to their proposal narrative.
- PIER Plans should describe the activities and strategies applicants will incorporate to promote diversity, equity, inclusion, and accessibility in their research projects.
- PIER Plans will be evaluated as part of the merit review process and will be used to inform funding decisions.
- Read full article at [GRANTS Promoting Inclusive and E... | U.S. DOE Office of Science\(SC\) \(osti.gov\)](#)
- FAQ's on [DOE website](#).

NU-RES Admin Updates

EHS is now OARS and ECOS <https://oars.northeastern.edu/home/oars-transition/>

What is the role of each group?

- The Office of Academic Research (OARS) is primarily responsible for laboratory safety, both research and academic, including oversight and training related to the University's chemical, biological, and radiation safety programs.
- The Environmental Compliance and Occupational Safety (ECOS) office, embedded with Facilities, is responsible for occupational safety and environmental compliance associated with campus building operations/maintenance, grounds management, construction, and renovation.
- The Safety Leadership Council (SLC) is a representative governing body providing informed guidance, advice, and recommendations on policy, program and compliance matters related to safety to university leadership and the campus community at large.
