Establishing a New Club Sport

In order to propose a new Club Sports at Northeastern University, four main criteria must be met:

1. Local Competition- Local defined as Universities/Colleges within New England with Club Sports Departments comparable in scope to Northeastern University.
2. Student Interest- At least 1 and a half of a competitive lineup must be on the roster (i.e. Basketball= 8)
3. Financial Feasibility- Club must be able to maintain a proper amount of funding throughout the year so that costs of operation do not exceed a feasible amount of income to the team
4. National Governing Body- Organization that oversees rules and regulations and has a national championship event.

In addition to meeting all four of the above, a new Club Sport must also submit a Team Constitution describing Club policies and procedures. This is the document that will provide direction and structure to your Club. The Club Sports Office has sample constitutions if one is required.

The Club Sports Office has the right to deny any proposal based on department budget, safety concern, and staffing/resource restraints.

Coaches Procedures

Coaches are not authorized to participate in any Club Sport activities and are not hired until approved by the Club Sports Office. Executives and potential coaches will be notified of an official decision upon completion of reference checks and background checks.

Club Coaches

It is not required that a Club has a coach, but it is highly recommended. The purpose of this position is to provide support to Club Sports officers and participants. Primary/Basic responsibilities include promoting a healthy atmosphere for the entire club, providing leadership and guidance specific to the individual sport, communicating with the Club Sports Office of any travel, conduct, equipment or injury concerns, and abiding by all University/Club Sports rules and regulations. The Club Sports Office reserves the right to remove a coach if a coach's conduct and behavior are not consistent with Northeastern University code of conduct and expectations.

Hiring Procedure

The Club Sports Administrators will be the ones to officially approve and hire coaches. ***No team or member can approve and hire a coach. Executives will send their recommendations; however, candidates will not be approved until proper vetting of the Club Sport Office.*** Send Club Sports the resume and 3 references with phone and email of the potential coach.

The Executive Board must schedule a meeting with the Club Sports Office to discuss the candidates and what classification of coach they hope this individual will be (volunteer or part-time hourly employee). They must also provide the Club Sports office with a resume, references, and desired compensation (optional). The *Club Sports Office* reserves the right to require an interview (phone, skype, in-person) before hiring a part-time employee of the University or approving a volunteer.

After careful discussion between the Club Sports Office and the Student Executives and considering the sentiment of the coach himself/herself, each coach will be classified as either (1) a part-time employee of the University or (2) a volunteer.

- 1. Part-time Coaches must complete the onboarding process and be approved through Human Resources prior to participating in any organized team activity.**
 - a. The *Club Sports Office* will reach out and begin the official onboarding process.**
 - b. Once the Club Sport Office approves the Coaching applicant, they will need to submit a formal application and complete all necessary forms in order to be approved as an official Northeastern Employee.
 - c. Once the paperwork is completed, the coach must schedule a meeting with the *Assistant Director* to complete Section 2 of the I9 verification. This meeting must take place within three days of the official start date.

- 2. Volunteer coaches will receive a volunteer agreement after approval from Club Sports, which needs to be signed before participating in any organized team activity.**

All coaches are subject to a background check prior to employment. (Part Time & Volunteers)

Payment/Benefits

1. All compensation plans must be approved by the Club Sport Office.
2. Part-time, hourly (TNS) coaches **must** submit weekly timesheets (electronically) through the Northeastern Time-Tracking system.
3. The *Club Sports Office* reviews and approves these timesheets each week.
4. **Executives are responsible for checking in with coaches each week for proper submission of hours (can check in with CS on what was submitted if issues arise)**
5. For a step-by-step guide to submitting hours electronically and an explanation of benefits (only applicable to Temporary Non-Students, NOT Volunteers) please review the following documents.
 - a. https://service.northeastern.edu/tech?id=kb_article&sys_id=71cda0fbdb54b7c0fc4ed2c75e9619d2
 - b. https://assets.hrm.northeastern.edu/pdfs/TimeTracking/TT_TNS_Employee.pdf

All Coaches are Part-Time hourly employees and must submit hours **worked. There will be an overall total amount discussed with the executive board, however all hours must be recorded properly. Part-time employees are “at-will” employees and can be terminated at any time.*

**Please remember the maximum number of hours per week for any part-time (TNS) employee is 20 hours per week. Any exception must be approved by the Club Sport Office prior to the hours being worked.*

***If Clubs are looking to provide a raise in payment or a new compensation plan has been discussed, a proposal *must* be submitted to the Club Sports Office. Executives cannot approve changes in payment without approval from the Club Sports Administrators.**

For more information and resources, please refer to the Human Resources Website [Here](#).

If a Club loses its van privileges, that Club will be charged for any necessary transportation costs that are necessary to substitute van usage. ***The safety of our student-athletes, the coaches and the staff are our highest priority. Any Club found in violation of these rules will be subject to further disciplinary action by Club Sports and/or other necessary departments (OSCCR, Risk, Athletics, etc.).*

Facility Policies

- The Club Sports Office must work with varsity athletics, intramurals, recreation,

community groups, athletic facilities, athletic operations, external vendors, Boston Parks, NUPD and many other units in order to secure these facilities. Each field and facility have a different protocol and procedure for securing times throughout the year. The Club Sports Office works to try and accommodate each Club's facility request.

- While following these procedures is required in order to reserve a field/facility, it is not a guarantee that your Club will get the requested field/time.
- It is in the interest of each Club's executive board to offer multiple fields and times where they can both practice and hold competitions.
- Facility Requests do not mean they are approved. Executives will receive direct communication from Club Sports Office with approved schedules.

Request Forms (Practice, Games, Tournaments, Special Events)

These different request forms must be submitted by a Club's executive board in order to secure field and facility times for practices or game/event requests throughout the semester.

***Marino Center requests must be sent directly to the Club Sports Office*

Practice Requests

A [Practice Request Form](#) must be submitted by a Club's executive board in order to secure field and facility times. It must be submitted to the Club Sports Office prior to each team's season, ensuring enough time to make necessary accommodations.

All practice facility request forms are due the previous semester i.e. Spring 2018 is due Fall 2017 and Fall 2018 is due Spring 2018. For the purpose of scheduling and contracts, the earlier a team submits their request, the more likely they are to receive their preferred venue(s) and time(s).

Game, Tournament & Special Event Requests

A [Game, Tournament, & Special Event form](#) must be submitted by a Club's Eboard member for each event in order to possibly secure field/facility times for the desired event requested. It must be submitted to the Club Sports Office before the necessary dates and times included in the Club Sports handbook or requested events may not be accommodated. Your request must include all details about the event to be considered for approval.

This form should be submitted for each of the following:

- Desired game event
- Desired tournament event
- Special events (i.e. alumni game/hosting of a tournament)

Please note that the Club Sports Office does its best to try and accommodate each Club's event request. It is in the best interest of each Club to offer multiple fields and times where they can hold the desired event.

- **Home Events** - Clubs must submit requests at least one month prior to the scheduled event.
- **Away Events** - Clubs must submit requests at least 3 weeks prior to the scheduled event.

- If a Club is not a “high risk” program that requires an athletic trainer to be present at games and events, a request for an athletic trainer can be made through the CS Office and they must submitted at least one month prior to the event.

Financial Operations

Student Activities Business Office (SABO)

SABO is the financial center for all Club Sports and Student Groups. The office provides accounting and banking services, fee free accounts, monthly financial statements, and financial training. For the convenience and protection of each club, all team finances must be handled through the Student Activities Business Office. ***No team is allowed to hold a bank account or manage any Club accounting outside of the University.***

Location & Hours

Location:

434 Curry Student Center

Hours:

Monday - Friday: 8:30am to 4:30pm

Team Accounts

- The Club Sports Office must approve all Clubs before they have a valid index number to conduct financial transactions or compete.
- Following this recognition process, SABO will then create a new cash index for the Clubs (or activate the existing cash index for existing Clubs).

Financial Advisor

- The Club Sports Office FTE are considered a Club's financial advisors and work in tandem with a Club's executive board on managing Club finances.
- The Club Sports Office will ensure that all expenses are legitimate organization expenditures and within University and Student Activities Business Office guidelines.
- All transactions require the approval of the Club Sports Office.
- The Financial Advisor will review the monthly financial statement with the Clubs to ensure the integrity of transactions against the index.
- Cash Index
- All Club Sports have a specific cash index that acts as the Club operating account.
 - Account is made up of self-generated funds, outside funding, university allocations, etc.
- Club index number – can be looked up [here](#)
- All expenses require the approval of the Club Sports Office and the signature of either the *Assistant Director, Coordinator or Assistant Athletic Director*.
- Funds in a cash index may be spent at the discretion of a Club's executive board, with the exception of drugs, alcohol, tobacco, and personal products.
- Any deposits made to a club will be placed in the cash index. At the end of the fiscal year any remaining balance will be carried forward to the next year.

Budgeting

*****It should be a goal of every Club to function financially independent of Northeastern***

University.

- Every Club is responsible for their respective Club accounts.
- The Club Sports Office is considered the financial advisors and will need to officially approve all transactions through the Club accounts.
- The Club Sports Office can be used to assist with budgeting and financial planning.
- SABO is used as a resource for budget histories, transaction histories, balances, budget inquiries, etc.
- The financial success of the Club and responsibilities of running a successful Club rely solely upon the Club's executive board.

It is the designated e-board member's responsibility to follow the rules and regulations and to relay financial information to Club members, which is usually a Club Treasurer. Treasurers must obtain their Club's Banner Transaction Report from the Club Sports Office, who review the Club's overall budget.

Club Index Transaction Statement

Obtain an updated balance or the monthly transaction reports by emailing a request to the Club Sports Office or visiting the SABO [inquiry tracker](#). Be careful as this amount may not be a real time estimate of balance. It takes a few weeks at minimum for purchases made with the Club Sports credit card to hit a Club's account.

Treasurer's Ledger

An ongoing and independent accounting of debits and credits is *required*. The Club Sports office has provided a treasurer's ledger for **ALL** to use in order to remain consistent.

- All treasurers will submit an electronic up to date copy of their club ledger *by the 12th of every month*.

How to download the ledger:

- Click on header's hyperlink -> Scroll Down to Ledger Template -> Download -> start filling out the form
- Read the instructions at the top of the ledger!
- Your "rollover balance" is the number in your account at the start of the new year (entered in the first line)
 - If you need this number, contact the Club Sports Office and we will help get that for you!

*****For more information on financial policies and procedures, visit the Student Activities Business Office Website.***

Funding

The standard sources of funds for recognized Clubs include:

- **Club Sports Office Allocations** - Each year Clubs will be allocated funds by the Club Sports Office to assist with financial demands. Clubs must be 100% compliant in order to receive their full allocations.
- **Proposals for Discretionary Capital Funds** – Should be submitted to the Club Sports

Office, and are funds beyond Club allocations and for the purposes of i.e. - capital needs, startup funds, unusual administrative or operational costs written with a concise narrative and supported by spreadsheets, cost estimates, tables or informational materials.

- **Nationals Proposal** - All Clubs intending on participating in a national tournament (qualifying or invite) must write a proposal to the Club Sports Office in order to receive additional funding. Additional funding will be determined at the discretion of the Club Sports Office but is granted on a per person basis.
 - Clubs that can participate in more than one nationals, will be awarded only one nationals allocation.
 - The form can be found in this handbook and on the Club Sports website.
- **Administrative Excellence Bonus** - Will be awarded to Clubs that demonstrate exceptional leadership, organization, and administration throughout the academic year. Clubs must be compliant with all listed items on the Administrative Excellence checklist and ensure open communication with the CS Office to qualify for this bonus.
- **Donations through Campaign** - Friends/Family solicitations, Husky Starters, Giving Day, etc.
- **Fundraising** - Fundraising is a vital tool for all Club Sports in assisting with operational and team expenses. Each team is expected to consistently evaluate their financial needs and identify the most effective way of fulfilling them. (i.e. restaurant fundraisers, on-campus events, trivia nights, apparel store, etc.)
 - *Lack of fundraising will be taken into consideration when applying for additional funding.*
- **Clubs Membership Dues** - Individual dues vary depending upon each club's executive board decision taking into account travel, competition/league fees, coaching salary, equipment, facility expenses, and sport specific requirements necessary in the funding of their Club
- **Volunteer Employment** - Ex. Working Campus Events, Athletic Event Coverage, Athletic Ticketing opportunities, Athletic Marketing opportunities, etc.
- While there isn't a specific "travel allocation" we prefer to have each Club address their needs that are unique to their success. Clubs should not rely on the privilege of utilizing University Vans and gas. Rather, should budget for gas, van rentals, etc. while keeping in mind that much of these allocations are meant to fund your transportation.

Financial Procedures and Resources

***Any Club member found violating these policies and regulations or processing financial transactions without the authorization of their Financial Advisor (CS Office), may be subject to disciplinary action. They may also be personally liable for financial obligations incurred. Clubs that violate these policies are subject to suspension, probation, and/or the loss of University recognition. Do not make travel arrangements through the SABO help guide. Contact the club sports office first for all travel arrangements.*

SABO Quick Help Guide

Advisor Approval

Must have approval from Club Sport Office (financial advisors) before making any purchases.

Procedure for Purchases

- If a Club wishes to purchase items using their cash index, they should contact the Club Sports Office to receive approval.
- The Club Sports Office will make the purchase of products/services only if adequate funds exist in the Club's account.
 - There will be no purchases made for potential or anticipated funding.

Signature Authorization

All purchases require the approval from the Club Sports Office (Financial Advisor). This includes but is not limited to: apparel, league registrations, equipment, and travel expenses.

Tax-Exempt

- The university is tax-exempt, provide this [tax-exempt](#) form to the vendor prior to purchase.
- All items are tax exempt **except for** hotels, flights, prepared meals, and car rentals (including uber, lyft, taxi's, etc.)
 - third party sites may also restrict tax-exempt purchases (i.e. Amazon)
- Policy and procedures may also vary depending on the state of the vendor
 - Contact the vendor before making a purchase to see how they handle tax exempt purchases and what forms they would need

Direct Pay (Check Requests)

Keep in mind the following information when using this form:

- Amounts over \$1,000 require a longer time to process because the signatures of additional University officials are required.
- An **Invoice** is required with all Dpay requests regardless of company or individual payment
- A W9 is needed if the company/individual has not been paid by a Northeastern group before

[There is a new way to submit DPay Requests:](#)

Instructions linked [HERE](#).

*** The Student Activities Business Office reserves the right to deny payment for goods/services that are not clearly identified by official documentation.*

Checks

The Accounts Payable Office will mail checks out directly to the address listed on the Expense Reimbursement Voucher & Direct Pay forms.

Contracts (excluding external facilities)

- To pay a performer, speaker, or other individual or group who has provided a service for your team, an approved University contract is required in advance. See the Club Sports Office to initiate a contract.
- Once both the University and service provider have signed the contract, submit one original version of the contract along with a Direct Pay form to get a check for payment.
- A check will not be processed unless SABO has the contract with both the signatures of the service provider and the University.

Official/Referee Payments

Clubs may email the Club Sports Office for assistance with official/referee payments. Payments may take up to three weeks. Executives must complete the following information in order to receive assistance:

- Date of event
- Event details (i.e. lacrosse game)
- Individual's contact information
 - Full name, address, contact number
- W9 from each individual
- Upload invoice/W9 (if needed) with the new DPay process

Stop Payments

On rare occasions, a check may be lost or stolen and a cancellation of payment (stop payment) is necessary. Should your Club find itself in this position, send an email to Club Sports and the Student Activities Business Office stating:

- Who the check was made payable to
- The amount of the check
- The invoice number
- The date the request was submitted to the Student Activities Business Office
- The reason for stop payment:
 - If the check is to be voided or reissued
 - Voided Check – the check is no longer required. Cancel the check and return the funds to the originating index. If the student group still has possession of the original check, then they need to return it to the Student Activities Business Office and ask them to void it. Do not destroy the check.

- Reissued Check – the check in current form contains faulty payment information. A new check with the correct payment information is required.

Confirmation from the bank takes approximately ten working days. Once the Student Activities Business Office receives the confirmation a check can be reissued.

****NEW** Food Policy**

Each Club is allowed to use their team funds for ONE team event each semester. Your team MUST gain approval from the Club Sports Office before submitting a reimbursement request. All food reimbursements that are sent through without prior approval from the Club Sports Office will be DENIED.

Purchase Orders

- Purchase orders are a promise of payment to an outside vendor in exchange for merchandise.
- A purchase order encumbers money from a group's index so that once the merchandise has been received, the money has already been reserved for that purchase.
- Once the merchandise has been received and your group is satisfied with the contents, then a Direct Pay form must be processed in order to pay the vendor.

○

How to Obtain a Purchase Order (PO):

- Request an itemized quote from the vendor. The quote should provide the vendor's name, address, and phone number, as well as an itemized list of what is being purchased, the unit cost of each item, any tax and/or shipping, the total cost of the order, and any special arrangements.
- Have the Club's Financial Advisor (CS Office) approve the quote.
- Present the approved quote to the Student Activities Business Office. SABO will create the purchase order and the money will be encumbered provided that the Club has sufficient funds to cover the estimated cost.

*****Do not pay a vendor before receiving the merchandise. If the merchandise is not received, or is received in unsatisfactory condition, the student group may lose leverage to negotiate a resolution and the funds used for payment may not be returned.***

Club Sport Credit Card

The Club Sports Office may be able to assist with purchases via the use of a credit/procurement card (procard). A procard may be used to expedite payments under \$5,000 (i.e. equipment, apparel, travel expenses, etc.). Contact the CS Office to inquire about Credit Card Payments

*****Only the Club Sports Office is permitted to utilize the Club Sports credit card***

Procurement Card Procedures:

- 1) **For travel related purchases** - Once the reservation forms have been completed and approved by a *Club Sports full-time staff member*, the travel can be purchased with the procard. *The Club should then submit all receipts and paperwork associated with the*

travel back to the Club Sports Office immediately for reconciliation.

- 2) **For non-travel related purchases** - The Club must obtain a written, itemized quote from the vendor. The quote needs to show the items being purchased with their corresponding dollar amounts, including any other applicable cost, such as taxes and/or shipping and handling costs or specific terms. Additionally, the quote needs to include the vendor's name, address, and telephone number. Northeastern University is [tax exempt](#), so tax should not be charged to the procard for items other than meals and lodging.
- 3) **Reconciliations** - When the procard is used on behalf of a club by the Club Sports Office, the team that incurred the expense will be charged directly through our reconciliation software. This can take up to 2 months to be reflected on the team account.

*****Improper use of procard by Clubs can result in Club account suspensions, freezes, and other restrictions.***

Reimbursements

The Club Sports Office prefers if no individuals make payments with their own personal accounts. It is understood that circumstances arise where personal accounts must be used, and individuals can be reimbursed for incidental expenses incurred while traveling providing the expenses are approved by the Club Sports Office and fall within University guidelines.

- Remember to request and save all **itemized** receipts while traveling.
- Before anything is purchased on personal cards, check in with the Club Sport staff to ensure it is reimbursable.

Receipts

It is the role of Club executives to save all receipts from purchases that warrant reconciliation from their club account (procard transactions, transportation, reimbursements, etc.). Executives must email the Club Sports Office with the attached receipt within two weeks of the transaction. Failure to do so may result in an infraction.

- Agreements between Clubs to split financial costs (i.e. hotels, airfare, meals, equipment purchases, etc.) is strictly prohibited without the pre-approval of the Club Sports Office.
 - This is a serious matter, and the failure to seek approval could lead to a major infraction.
 - All penalties associated with this sort of infraction are up to the discretion of the Club Sports Office.

PayPal/Venmo

The use of money transferring websites and apps such as PayPal, Venmo, etc. are strictly prohibited for any Club Sports financial transactions.

Campus Partners

If the check bounces, it can be tracked if a name, student ID number, permanent address, and phone number are known.
 - Any check not honored by the bank will not be credited to the Club's index. The Student Activities Business Office will notify the group in writing, as well as attach a copy of the returned check, for the club's records. *It is the Club's responsibility to collect any bad debt.*
- Put the total of currency and check in the "Total" box.

Branding

All apparel, uniforms, and branding must be approved by the Club Sports Office. Reference the [Branding Guide](#) for all branding policies and procedures.

All Club Sports are included in the Athletics partnership with Under Armour, which includes discounts and updated university-wide branding. Clubs will be able to use Northeastern's 45% discount on Under Armour products listed in the [UA Catalogs](#).

- After selecting UA Catalogs, please select FW21 from the dropdown menu for this academic year

Branding policies:

- All designs need to be approved by the Club Sports Office prior to ANY order, regardless of vendor
- All branding needs to adhere to the Athletics branding guidelines
 - Secondary logos will be the only exception – still needs to be approved by Club Sports Office
- Sports that do not have a Varsity designated team at Northeastern are not required to include the "Club" moniker on apparel, but may choose to do so
- The "Club" moniker is *required* for all apparel for sports that have a *varsity designated team* at Northeastern (regardless of gender)
 - Ex. Volleyball – Both Men's and Women's Club teams need the "Club" moniker due to varsity Volleyball
- Clubs that choose to use a secondary logo on any apparel, must include the "Club" moniker on that apparel
 - Primary Athletics marks are still required (ex. Husky head with Northeastern arched overhead)
 - Cannot manipulate university logos for the secondary logo
 - Allows for personalization of gear with secondary logos (team specific logos) – ex. Valkyries
 - Secondary logos must be approved by the Club Sports Office
- When the "Club" moniker is used, it may appear before or after the Sport – "Club Volleyball" or "Volleyball Club"
- Sport designations are not required on *uniforms only*
 - Ex. Hockey jerseys do not need Club Hockey
 - Jerseys can have just the Northeastern logos paired with "Northeastern"
- All gear and apparel orders **must** be made through Under Armour **after** a gear/apparel request has been submitted and approved by the Club Sports Office.

- *If Under Armour does not make a specific item, current policies are still in effect, a request must be made to the Club Sports Administrators in which they will assist and approve an alternative.*
 - *No major competitors will be approved (i.e. Nike, Adidas, Warrior, etc.)*
 - *Just because it is not shown in the catalogs, does not mean they do not make it! If you are looking for something specific, whether it be apparel or gear, contact Club Sports and we will assist in finding out!*
- *There will be significant ramifications if any gear/apparel order is completed without approval from Club Sport Administrators first!*

Before purchasing executives must:

- Request a “Mock Up” from the vendor for branding approval
- Forward the “Mock Up” to the Club Sports Office for approval
- Once approved, complete the order by submitting the Direct Pay request to Club Sports or email the Office for potential use of the Club Sports procard.

University Branding Guidelines

- **ANY company that uses the Northeastern Brand/logos is required to have an approved licensing agreement with the University**
- There is an [approved licensed vendors list](#) that you can look at to see if there is a company you would like to use that is already licensed.
- **If the company is not already licensed:**
 - **They must** complete the application process through [IMG College Licensing](#).
 - This process will take approximately 4 weeks for approval.

Estimating Cost

Catalog

- For all products in the [UA catalog](#), take the retail cost (cost listed in catalog) and multiply it by .55, and this will give you the cost per item.
 - For example, let's say you order 40 pieces at 20 dollars each, your total will be \$800.00.
- To estimate shipping, take this total and multiply by .06, and this will give you an approximate shipping cost.

Custom

- Some items must be purchased through the [UA uniform builder](#), or you can use this tool if you would like to create custom uniforms for your team different from available stock options.
 - For example, track singlets that are stock items have to be done through the uniform builder. These singlets can also be used for other sports where a specific UA item may not exist (e.g. using them for rowing tanks).

Screen Printing is as follows:

- 1 color - \$1.50
- 2 colors - \$2.50
- 3 colors - \$3.50

Embroidery:

- Less than 10,000 stitches - \$6
- Greater than 10,000 stitches - \$9

Under Armour online team stores

Steps for creating your online store:

1. Contact the Club Sports Office to get contact information for the Under Armour/3Step Representative
2. Provide the rep with the following information:
 - a. Style number and color of the item
 - b. Logo and placement for the item
3. How long would you like for the store to stay open?
 - a. All orders are placed on the same day in bulk
4. If you would like to fundraise:
 - a. Complete the Fundraising Request Form (link to form in Fundraising section) to provide proof of approval to the rep

- b. Inform the UA representative your Club would like a check back to the program

Team Store Guidelines:

- 10 items Maximum
- Logos must be the same on all items of similar style
- Two logo options
- Logos cannot be changed once store is live

- ⊘ A text message and/or email will be sent directly to the Club Sport executives and Carter Field staff with cancellation/delay details for home events and practices.
- If a dangerous condition with potential safety concerns are present (or notified by Club/Facility Staff), the playing area should be vacated by ***all*** participants.
- Resumption of activities may occur when the “all clear” designation has been given by the staff on duty at their discretion.
- All participants on the field should find safe shelter when an unsafe lightning situation has been determined.
- The Club Sports Office has the autonomy to cancel any travel or programming if the weather is deemed unsafe/extreme, which would be a non-negotiable decision for all Clubs impacted.

Weather Checks

Club Executives should conduct weather checks weekly for all upcoming event locations. Any concerns/potential issues found by Club Executives should be discussed with the Club Sports Office in order to collaborate on the safest approach.

From time to time the Club Sports Office, in partnership with Varsity Athletics and Northeastern University, may cancel all travel/events/programming when dangerous weather conditions come up. The Club Sports Office will notify executives as soon as the official call is made.

Travel Emergency Procedures

- Fully stocked First Aid kits (Med Kits) and ice bags are available at the Club Sports Office.
 - Med Kits can be checked out from the Club Sports Office using the [Med Kit Sign Out Form](#) and picked up from the Office during normal business hours.
- Players with head injuries should seek necessary medical attention.
- In preparation for a serious injury or emergency during the game/match, keep cell phones on and accessible.
- The Injury Report Forms must be submitted to the Club Sports Office within 24 hours.

Head Injury Policies and Procedures

Baseline Testing

Reach out for inquiries on baseline testing to explore all potential options.

Management

Unconscious athletes must be treated as if a cervical spine injury is present. The Emergency Action Plan (EAP) for the site of competition or practice will be activated at the discretion of the attending sports medicine staff or person with the highest medical credentialing attending. If the athlete is conscious, they will be removed from the playing area and evaluated by the person attending with the highest level of medical/first responder training (EMS may need to be called if no athletic trainer is present).

Athletes who display or report ANY signs and/or symptoms of a head injury at the practice or contest will be removed from participation immediately and evaluated by attendant athletic trainer/first responder, qualified medical personnel at Northeastern University Health and Counseling, or a local hospital emergency room. If an athlete demonstrates evidence of a head injury, they cannot return to play for the remainder of that day. Emergent referral to a local hospital or team physician will be made at the discretion of qualified medical personnel present.

Executive Board/Safety Officer Guidelines

- If there are no medical personnel present, it is the responsibility of the executive board's Safety Officer or Club's coaching staff to contact the event sports medicine staff, or host institution, to guide management.
 - If unsure, coaches and athletic staff are encouraged to act conservatively and activate the facility's EAP.
- All occurrences of possible head injuries must be reported to Club Sports and the UHCS

staff as soon as possible and each student-athlete should follow up at UHCS at the earliest possible time.

Follow-Up Care & Management

- Athletes suspected of a concussion will initially be referred to Northeastern University's ATC physician extender or head team physician in UHCS (or designee), and if deemed necessary, referred to Children's Hospital Boston (CHB) for treatment.
- Management and follow-up testing will be guided by CHB Physician recommendations, to include recommended academic accommodations.
- Following treatment, student-athletes must be referred back to the head team physician for final medical clearance and vetting of prior clearance.

Return to Play

Athletes will only return to full participation once they have been medically cleared by a licensed primary care physician. This includes being symptom free and completing the CHB gradual return-to-play progression that has been monitored by qualified medical personnel. Baseline and post injury scores (IMPACT) will be used as tools in clinical decision making when assessing the athlete's progress. In the event an athlete seeks a second opinion, Northeastern University's head team physician has the final say regarding their participation with Northeastern University Club Sports.

Guidelines for Determining a University Affiliated/Collegiate Esports Event vs. Individual Event

- A collegiate event in nature - marketed for college teams
- Required to be part of sanctioned Club or team at a university
- Required to be enrolled in a university
- Mandatory use of student email address to provide proof of enrollment

University Wide Guidelines for Esports

Esports Tournament Registration – Overarching University Policy

If a Northeastern student would like to participate in an Esports event, including competitions and tournaments, and the event requires participants to be associated with a college or university as a condition of participation, then the student must (1) be an approved member of one of the sanctioned Esports organizations on campus (through CSI or Club Sports) and (2) abide by the policies and procedures of that organization.

These requirements also apply if the participant intends to use any name, logo, font/color scheme, image and/or likeness associated with the university in connection with an Esports event, or if any of the eligibility requirements listed below is a condition of registering for an Esports event:

- *Required to be enrolled in a college or university*
- *Required to use a student email address (i.e., @husky.neu.edu) to provide proof of enrollment*
- *Required to be part of a sanctioned club or team at a college or university*
- *Prize earnings required to be filtered through the university*

If none of the conditions described above applies, the student will be considered to be participating as an individual and this policy will not apply to such participation.

If a student, faculty, or staff member becomes aware of an unsanctioned University-affiliated team, they must notify the Club Sport Office immediately.

Crossover Participation

If a student is removed, banned, or suspended from CSI or Club Sport Esports participation due to conduct violations or policy infractions, the same penalty will be upheld for both organizations. *This means that if a student is removed from Club Sport participation, they are no longer eligible to participate in CSI Esports, and vice-versa.*

Esports Priority Registrations

The following terms apply to participation in collegiate Esports events and determine the prioritization of Northeastern affiliated organizations where required due to tournament registration rules. This protocol only applies when there are limits on the number of teams that can enter a tournament from one school.

1. Northeastern Varsity Esports will have first priority for registration and roster spots. If only one team is allowed to enter the collegiate sanctioned event per institution, that spot will be allotted to the varsity program.
2. Club Sport Teams can register for all collegiate Esports events and competitions but must yield to the varsity program if there are a limited number of openings for teams from the same institution.
3. CSI organizations can register for all collegiate Esports events and competitions but must yield to Varsity and Club Sport teams if there are a limited number of openings for teams from the same institution.

Official Constitutions to be submitted every 2 years to the Club Sports Office, starting in Fall 2023, or when major changes are made to existing constitutions.

APPENDIX A - CONSTITUTION TEMPLATE FOR CLUB SPORTS

All new constitutions need to follow the format of the sample constitution below. All numbered articles and sub-sections below should be duplicated in your own document. Do not leave any article or sub-section out of your document; do not add in subsections where they are not called for.

All existing constitutions need to have all mandatory articles addressed below, but the format can remain as is, if necessary.

Specific places have been identified in this document for you to include Club-specific rules. If you have something that you would like to include in this document and you are unsure of where to put that information, see the Club Sports Office for assistance. Please read each section carefully and ensure that your constitution meets the stated guidelines prior to submission.

Please note the following:

- Writing in *italics* and within “quotes” are examples of what could potentially be considered acceptable statements to address a particular article and/or sub-section. Clubs may choose to include these statements verbatim in their own documents. However, these statements must be evaluated by each individual Club and should be written to meet the specific needs of the Club.
- Writing that is in bold is required for inclusion in the constitution and may not be altered.

Constitution _____
(Club Name) (Date of Re-adoption)

ARTICLE I – NAME (MANDATORY)

- A. State the official name of the club sport.

ARTICLE II – PURPOSE/MISSION (MANDATORY)

- A. State the reason for the formation of the club and the club’s objectives.
B. Use as many sub-sections as necessary to accurately state the specific objectives of the club.

ARTICLE III – MEMBERSHIP (MANDATORY)

- A. State which people are qualified for membership, assuring that no discrimination shall take place. The following statement is an example of an acceptable opening statement:
“Membership is open to all full-time students.”
- B. State what an individual must do to be a recognized as a full member. Examples
- C. of items to consider might include: requirements for attendance at practices/games, minimum GPA requirement, individual registration with a national governing body, playing experience, etc. Any requirements for attending large-scale trips, tournaments, or postseason events should also be included, along with any potential consequences for members who elect not to participate.
- D. State what rights and privileges a full member has. For example, the right to attend all practices/games/club events and the right to vote and run for club office may be included here.

ARTICLE IV – MEETINGS – (OPTIONAL)

- A. State whether or not any meetings of the membership are to be held during the academic year and when they are to be held. If no meetings are to be held, please state that as well. To be clear, these are not practices, but any scheduled business/organizational meetings that your club may choose to hold. For example, you may wish to schedule a day for your club members to return any borrowed club equipment. At a minimum, a date for holding annual club elections must be set in this subsection. If officers are to be replaced at the conclusion of the fall semester, a fall election date must also be set.
- B. State procedures for calling regular and/or special meetings. Be specific, and include information such as: how members will be notified (email, text message, in a designated group chat, etc.); how much notification club members must receive for attendance to be considered mandatory (at least 1 full business day is required); penalties for missing mandatory meetings; and any exceptions that would excuse a member from penalties (i.e., academic conflict, work conflict, etc.).

ARTICLE V – EXECUTIVE BOARD (MANDATORY)

- A. For sub-sections A through D, list the title of each club officer and outline the specific duties that the officer will be primarily responsible for. If your club elects to have more than four officers, additional sub-sections should be used and subsections E and F should be adjusted accordingly (i.e., they would become sub-sections G and H, respectively, if your club had one additional officer who is described in sub- section E). It may be helpful to refer to the sections in this handbook that outline the role of each mandatory club officer (President, Treasurer, 2 Safety Officers, Vice President (for teams w/ rosters over 15)). It is recommended that the officers of the club meet to discuss and delegate these responsibilities so that each person in a leadership position knows what is expected of them.
- E. State procedures for handling mid-semester or mid-year vacancies within the Executive Board. *Please note:* The procedure for elections is different and will be addressed under Article VI. For example, a club may elect to fill mid-semester or mid-year vacancies by “executive appointment”; however, annual elections must be held to determine leadership within the club.
- F. The following statement must be included verbatim for this section: **“Officers must be actively participating members of the club sport and have been in the club for at least 1 year for required positions and 1 semester for option positions.”**

ARTICLE VII – ELECTIONS (MANDATORY)

- A. Describe the elections procedure, when it will take place, and how nominees will present their qualifications. Items to address in this section would be: specifically, detail who may nominate and who may be nominated; minimum qualifications a candidate must possess in order to be

eligible for office; a specific date when nominations and elections will take place. It is recommended that elections are held in February/March for the following academic year, so the newly elected officers have time to learn their duties from the current officers. However, elections may be held before the end of the academic year, and the end of the fall semester if officers will be replaced at the conclusion of the fall semester.

- B. State how long the terms of office is and how many times a person may hold the same office.
- C. State that all voting shall be done by secret ballot. State specifically what is required for a winner to be declared (a simple majority, a 2/3 vote, etc.) and what the procedure would be in the event of a tie. Address whether or not absentee ballots will be accepted from members who are not present at the election meeting, and how/when those ballots will be submitted/accepted.

ARTICLE VI – TRYOUTS (MANDATORY)

- A. *(If applicable)* Describe the tryout procedure, when it will take place, how members will be informed, requirements, etc.

ARTICLE VIII – FUNDS (MANDATORY)

- A. State the semester and yearly club sport membership dues and when they are due. If different options are available, please state what that will consist of as well. For example, full members will pay \$100 per semester, practice players will pay \$50 per semester, etc. OR A Team will pay \$150 a year, B Team will pay \$100 per year, etc. Club dues must be submitted no more than 5 business days after a member is officially listed on the club roster. Club officers CANNOT have their club dues waived.
- B. State the procedure for dues assistance for individuals if necessary. For example, “A contingency pay plan will be available for members who cannot make the initial payment. Provide dates, amounts, etc. for when dues will be paid on this plan”
- C. State the requirement for taking part in fundraising activities. If your club has already planned fundraising activities, include them here.

ARTICLE IX – AFFILIATIONS (MANDATORY) (Include all that apply)

- A. State any affiliations with local, state, regional, or national organizations. If applicable, include conference affiliations as well.
- B. State that your club will adhere to the rules set forth by the National Governing Body that correlates to your sport. An example of an appropriate statement for this section would be: *“The _____ club agrees to adhere to all rules, policies, and bylaws set forth by...”*

ARTICLE X – ADVISOR (MANDATORY)

- A. Club Sport Administrators are every club's advisor. Please make note of that here.

ARTICLE XI – COACH (MANDATORY FOR TEAMS WITH A COACH)

- A. State procedures for the qualifications and selection of a club coach and the function(s) and duties of said person(s). If your club does not utilize the services of a coach/instructor, the following statement may be used: *“The _____ club does not currently have a coach.”*

ARTICLE XII – AMENDMENTS (MANDATORY)

- A. State how amendments to this constitution shall be made. The following statement is an example of an acceptable procedure that may be used to make amendments to your club’s constitution: *“Amendments may be proposed from the floor during any club business meeting. A*

two-thirds vote of the members present is required to pass such motions.” If this example does not sound like something your club would reasonably do, that is fine. Instead, describe a procedure you believe is reasonable and feasible for your club to use (contingent on Club Sport approval). Regardless of the exact procedures you decide to use, and in order to avoid confusion, all proposed amendments should be received in writing prior to a vote. There is not an incorrect way of setting this up! The important thing is that you have a procedure that your club will use and that you are able to use it! It is important to remember that non-officers should have the ability to suggest amendments to the constitution, but the executive board of each club should have rules in place that will determine whether or not the proposed amendments are brought to the membership for a vote. For example, must all officers agree to bring a proposed amendment to a vote? Three-quarters of all officers? To be clear, club officers may NOT unilaterally make any changes to a club constitution once the document has been ratified and distributed to the membership each academic year.

ARTICLE XIII – CLUB SPORT POLICIES AND PROCEDURES (MANDATORY)

- A. **The following statement must be included verbatim for this section: *“All policies and procedures outlined in the Northeastern Club Sport Handbook, Northeastern Student Handbook, and Northeastern Student Code of Conduct shall be adhered to by this organization. All violations and subsequent disciplinary actions shall be determined and enforced by the Club Sport Administration according to the policies and procedures outlined in the Northeastern Club Sport Handbook.”***
- B. Use as many sub-sections as necessary to state and describe all specific Club Sport team rules that shall be implemented and enforced by the club officers, captains and/or members. Be specific. Examples of a rule that clubs may choose to include in their constitutions might regard a requirement to attend a certain number of practices in order to be eligible to play in contests or to be reimbursed for player registration/insurance fees. Each club MUST have at least one team rule to address a restriction on all club members from wearing club-specific apparel in bars, at parties, etc.
- C. State and describe all specific sanctions that shall be enforced should club members violate any of the aforementioned club rules. The Club Sport Administration understands that each situation is unique, and it may be difficult to come up with an appropriate sanction that would apply to all violations. Therefore, it is recommended that a statement similar to the following statement is included: *“In conjunction with the Club Sport Administration, the officers of the club reserve the right to enact disciplinary measures upon any club member who is found to have violated a policy of the club, or whose actions have negatively affected the reputation of the club. Disciplinary actions may include, but are not limited to, probationary sanctions, temporary suspension, or permanent suspension from all club activities.”* If your club has a number of team-specific rules in this article, adjust this subsection to the appropriate letter.

Signatures and Distribution

The club constitution is not considered to be finalized or accepted until:

- A. An initial draft of the constitution is submitted to Club Sports by 6/1. This draft does not need to be signed by anyone.
- B. E-board signs and submit a revised document to Club Sports by the announced deadline.
